As strong performance on fundamentals deposit growth, reducing non-interest expenses, cross-selling of services and diversification and growth of revenues continues to drive improvement in key financial metrics like ROE, ROA, and efficiency ratio, it becomes more difficult to credit the remaining dissident charge: that improvement is not coming quickly enough, and the company should consider strategic alternatives.

With regard to PL Capital, the dissident shareholder that is attempting to win seats on the BancorpRI Board, PROXY Governance has recommended that BancorpRI shareholders DO NOT VOTE for PL Capital's candidates. The Board of BancorpRI continues to believe that PL Capital's candidates, if elected, would advocate only for PL Capital's self-serving interests, including an immediate sale of BancorpRI, and lack the objectivity to adequately represent the interests of all shareholders.
