TOP TANKERS ANNOUNCES SALE AND LEASEBACK OF THIRTEEN  
VESSELS AND DISTRIBUTION OF \$7.50 PER SHARE SPECIAL DIVIDEND

## Edgar Filing: TOP TANKERS INC. - Form 6-K

ATHENS, GREECE (March 13, 2006) ... TOP Tankers Inc (Nasdaq NM:TOPT) announced today the sale of thirteen vessels and the immediate leaseback to the Company for a period of five to seven years. The lease is a bareboat charter, with TOP Tankers continuing to operate and commercially manage the vessels. The table below described the vessels involved and the length of the relevant leases:

	Vessel Name -----	Dwt ---	Type ----	Built -----	Period -----
1	Timeless	154,970	Suezmax	1991	5 years
2	Flawless	154,970	Suezmax	1991	5 years
3	Priceless	154,970	Suezmax	1991	5 years
4	Stopless	154,970	Suezmax	1991	5 years
5	Faultless	154,970	Suezmax	1992	7 years
6	Noiseless	149,554	Suezmax	1992	7 years

The aggregate sale price of the thirteen vessels is approximately \$550 million, and the net cash proceeds from this transaction (after repayment of corresponding vessel loans and other expenses) are expected to be approximately \$240 million. The Company expects to generate a book gain of approximately \$90 million, which will be amortized over the respective lease period. The leases of the vessels following their sale are expected to qualify as operating leases under U.S. GAAP.

"Evangelos J. Pistiolis, President and CEO of TOP Tankers Inc., commented: "Since our IPO in July 2004, we have committed to grow our company and create significant value for our shareholders. By entering into this transaction, we capitalize on prevailing high second hand tanker values, while maintaining full commercial and operational control of all our vessels.

"In addition, by distributing the majority of the net cash generated by this transaction in the form of a special dividend, we are generating a substantial return for our shareholders. We intend to continue to pursue similar transactions, whether involving acquisitions, redeployments of existing assets or dispositions, that increase shareholder value.

"After completion of the sale, TOP tankers will remain one of the largest double-hull Suezmax and Handymax operators in the world, with 27 vessels under management. Nine vessels will be fully owned, with an additional 18 tankers chartered-in and fully controlled."

### Distribution of Special Dividend

The Company has declared a special dividend of \$5.00 per share, payable on March 27, 2006 to shareholders of record as of March 22, 2006. The Company expects to declare an additional special dividend in the amount of \$2.50. The declaration of that dividend is expected to be announced towards the end of March 2006.

### Forward-Looking Statements

Matters discussed in this release may constitute forward-looking statements. Forward-looking statements reflect our current views with respect to future events and financial performance and may include statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions and other statements, which are other than statements of historical facts.

The forward-looking statements in this release are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, management's examination of historical operating trends, data contained in our records and other data available from third parties. Although TOP Tankers believes that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond our control, TOP Tankers cannot assure you that it will achieve or accomplish these expectations, beliefs or projections.

Important factors that, in our view, could cause actual results to differ materially from those discussed in the forward-looking statements include the strength of world economies and currencies, general market conditions, including changes in charterhire rates and vessel values, failure of a seller to deliver one or more vessels, failure of a buyer to accept delivery of a vessel, inability to procure acquisition financing, changes in demand for oil and petroleum products, the effect of changes in OPEC's petroleum production levels and worldwide oil consumption and storage, changes in demand that may affect attitudes of time charterers, scheduled and unscheduled drydocking, changes in our voyage and operating expenses, including bunker prices, dry-docking and insurance costs, changes in governmental rules and regulations including requirements for double-hull tankers or actions taken by regulatory authorities, potential liability from pending or future litigation, domestic and international political conditions, potential disruption of shipping routes due to accidents and political events or acts by terrorists.

Risks and uncertainties are further described in reports filed by TOP Tankers with the US Securities and Exchange Commission.
