CUSIP No. 358010106

Item 1. Security and Issuer.

This statement on Schedule 13D (the "Schedule 13D") relates to the Common Stock, par value \$1.00 (the "Common Stock"), of Frequency Electronics, Inc. (the "Issuer"). The address of the principal executive offices of the Issuer is 55 Charles Lindbergh Blvd., Mitchel Field, New York, 11553.

Item 2. Identity and Background.

This Schedule 13D is being filed jointly by (i) Edenbrook Capital, LLC ("Edenbrook"), a New York limited liability company, as the investment manager to certain private investment funds, with respect to Common Stock owned by such private investment funds, and (ii) Jonathan Brolin ("Mr. Brolin"), a United States citizen and the principal of Edenbrook with respect to the Common Stock owned by such private investment funds (collectively, the "Reporting Persons").

(a)-(c)

Mr. Brolin's present principal occupation or employment is acting as a private investor. The principal business address of Mr. Brolin and Edenbrook is 2 Depot Plaza, Bedford Hills, New York 10507. Mr. Brolin is the Managing Member of Edenbrook and, as such, is in the position to determine the investment and voting decisions made by Edenbrook.

(d) None of the Reporting Persons has, during the last five years, been convicted in a criminal proceeding (excluding traffic violations or similar misdemeanors).

(e) None of the Reporting Persons has, during the last five years, been a party to a civil proceeding of a judicial or administrative body of competent jurisdiction and as a result of such proceeding was or is subject to a judgment, decree or final order enjoining future violations of, or prohibiting or mandating activities subject to, Federal or state securities laws or finding any violation with respect to such laws.

Item 3. Source and Amount of Funds or Other Consideration.

The net investment costs (including commissions, if any) of the Common Stock directly owned by the private investment funds advised by Edenbrook is approximately \$4,570,192. The Common Stock was purchased with the investment capital of the private investment funds advised by Edenbrook.

---

Item 4. Purpose of Transaction.

The Reporting Persons acquired the Common Stock to which this Schedule 13D relates for investment purposes in the ordinary course of business. The Reporting Persons acquired the Common Stock because they believed that the Common Stock reported herein, when purchased, represented an attractive investment opportunity.

Specifically, the Reporting Persons acquired the Common Stock at a price per share below the Issuer's book value per share, which the Reporting Persons considered an asymmetric risk-reward given, in their opinion, the limited downside afforded by the valuation and significant upside potential from increased sales of the Issuer's satellite payload

and secure communications products. As of the date of this filing, the Issuer's Common Stock continues to trade at a price per share below the Issuer's book value per share, despite a continued compounding of that book value for the past seven years, and despite in the Reporting Persons' opinion the Issuer's demonstrated ability to generate positive operating cash flow even during periods of declining revenue, higher levels of R & D investment and expansion of throughput capacity, while the Issuer prepares for new contracts to be awarded to it.

The Reporting Persons believe that the Issuer is uniquely qualified to win meaningful additional contracts for its satellite payload and secure communication products, both

from government and commercial customers, and that should these contracts be awarded in the coming quarters and years, that the Issuer could see substantial increases in revenue. Further, because the Issuer has already made the operating cost investments and capital expenditures required to participate in growing space and communication programs, the Reporting Persons believe that the Issuer could also see meaningful increases in margins, profitability and free cash flow generation. In the interim, further profitability enhancements and cash generation may be achieved through enhanced efficiency efforts in the Issuer's commercial network equipment and infrastructure business.

The Reporting persons believe that should the Issuer demonstrate meaningful contract wins on long-term programs, numerous larger strategic acquirors with higher levels of capacity may be interested in acquiring the Issuer's business. With the prospect of such contract wins beginning this year, the Reporting Persons recommend that the Issuer's board of directors form a Special Committee to begin the process of reviewing strategic alternatives in the interest of maximizing long-term shareholder value.

The Reporting Persons and their representatives have, from time to time, engaged in, and expect to continue to engage in, discussions with members of management and the board of

directors of the Issuer, other current or prospective shareholders, industry analysts, existing or potential strategic partners or competitors, investment and financing professionals, sources of credit and other third parties regarding a variety of matters relating to the Issuer, which may include, among other things, the Issuer's business, management, capital structure and allocation, corporate governance, composition of the Issuer's board of directors and strategic alternatives and direction, and may take other steps seeking to bring about changes to increase shareholder value.

The Reporting Persons continually evaluate their investment in the Common Stock and may in the future seek to acquire

additional Shares or to dispose of all or a portion of the Common Stock beneficially owned by them. Any such acquisition or disposition may be effected through privately negotiated transactions, in the open market, in block transactions or otherwise. In addition, the Reporting Persons may enter into hedging or derivative transactions with respect to the securities of the Issuer, including Common Stock beneficially owned by them. Any determination to acquire or dispose of securities of the Issuer will depend on a number of factors, including the Issuer's business and financial position and prospects, other developments concerning the Issuer, the price levels of the Common Stock, general market

and economic conditions, the availability of financing and other opportunities available to the Reporting Persons.

---

- (a)-(c) Mr. Brolin has the sole power to vote or direct the vote of 0 shares of Common Stock; has the shared power to vote or direct the vote of 456,660 shares of Common Stock; has the sole power to dispose or direct the disposition of 0 shares of Common Stock; and has the shared power to dispose or direct the disposition of 456,660 shares of Common Stock.
