CUSIP NO. 676220106

The Shares held by T-S Capital were purchased with working capital (which may, at any given time, include margin loans made by brokerage firms in the ordinary course of business) in open market purchases, except as otherwise noted, as set forth in Schedule B, which is incorporated by reference herein. The aggregate purchase price of the 100,000 Shares beneficially owned by T-S Capital is \$422,253, excluding brokerage commissions.

Item 4. Purpose of Transaction.

The Reporting Persons purchased the Shares based on the Reporting Persons' belief that the Shares, when purchased, were undervalued and represented an attractive investment opportunity. Depending upon overall market conditions, other investment opportunities available to the Reporting Persons, and the availability of Shares at prices that would make the purchase or sale of Shares desirable, the Reporting Persons may endeavor to increase or decrease their position in the Issuer through, among other things, the purchase or sale of Shares on the open market or in private transactions or otherwise, on such terms and at such times as the Reporting Persons may deem advisable.

On September 17, 2012, Starboard Value delivered a letter to the Issuer's Chairman and CEO, Neil Austrian, and the Issuer's Board of Directors (the "Board"). In the letter, Starboard Value expressed that based on its detailed research and analysis, the Issuer is deeply undervalued and a substantial opportunity exists to improve its performance and valuation based on actions that are within the control of the Board and management team.

In the letter, Starboard Value outlined a number of opportunities to meaningfully improve operating performance and dramatically increase EBITDA. Further, in the letter, Starboard Value stated that the Issuer can achieve substantial margin improvement by, among other things: (i) meaningfully reducing general and administrative ("G&A") expenses to historical G&A expense-to-sales and G&A expense per store ratios; (ii) significantly lowering advertising expenses, which are substantially higher than peer levels and do not appear to be generating an adequate return on advertising dollars invested; (iii) increasing the mix of higher-margin services in its North American Retail Division, which carry gross margins two times greater than its average store gross margin; (iv) increasing private label direct sourced penetration of stock-keeping units (SKUs), which carries significantly higher gross margins than sourcing through an agent; (v) reducing the number of SKUs in order to lower procurement expense; (vi) downsizing to smaller store formats to drive substantially higher operating margins; and (vii) increasing the mix of significantly higher-margin small-to medium-sized business customers in the Issuer's North American Business Solutions Division. Starboard Value further estimated that Office Depot de Mexico, a non-core and highly profitable 50/50 joint venture between the Issuer and Grupo Gigante, which is not consolidated in the Issuer's financial statements, could be worth more than 50% of the Issuer's entire enterprise value. Starboard Value stressed that management must act with a renewed sense of urgency and discipline to reduce expenses and execute on strategic initiatives and expressed its hope of continuing a constructive dialogue with the Issuer's Board and senior management to address the challenges and opportunities facing the Issuer, and to ensure that it is run with the best interests of all shareholders as the primary objective. The full text of the letter is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

No Reporting Person has any present plan or proposal which would relate to or result in any of the matters set forth in subparagraphs (a) - (j) of Item 4 of Schedule 13D except as set forth herein or such as would occur upon or in connection with completion of, or following, any of the actions discussed herein. The Reporting Persons intend to review their investment in the Issuer on a continuing basis. Depending on various factors including, without limitation, the Issuer's financial position and investment strategy, the price levels of the Shares, conditions in the securities markets and general economic and industry conditions, the Reporting Persons may in the future take such actions with respect to their investment in the Issuer as they deem appropriate including, without limitation, continuing to engage in communications with management and the Board of the Issuer, engaging in discussions with stockholders of the Issuer and others about the Issuer and the Reporting Persons' investment, making recommendations or proposals to the Issuer concerning changes to the capitalization, ownership structure, board structure (including

board composition) or operations of the Issuer, purchasing additional Shares, selling some or all of their Shares, engaging in short selling of or any hedging or similar transaction with respect to the Shares, or changing their intention with respect to any and all matters referred to in Item 4.
