PROPOSAL ONE

ELECTION OF TWO DIRECTORS

The Board of Directors of each Company unanimously nominated Terry C. Matlack and Charles E. Heath, following a recommendation by the Nominating and Governance Committee of each Company, for election as directors at the combined annual meeting of stockholders of the Companies. Mr. Matlack and Mr. Heath are currently directors of each Company, have consented to be named in this proxy statement and have agreed to serve if elected. The Companies have no reason to believe that either Mr. Matlack or Mr. Heath will be unavailable to serve.

The persons named on the accompanying proxy card intend to vote at the meeting (unless otherwise directed) “FOR” the election of Mr. Matlack and Mr. Heath as directors of each Company. Currently, each Company has five directors. In accordance with each Company’s Articles of Incorporation, its Board of Directors is divided into three classes of approximately equal size. The terms of the directors of the different classes are staggered. The terms of H. Kevin Birzer and John R. Graham expire on the date of the 2010 annual meeting of stockholders and the term of Mr. Ciccotello expires on the date of the 2011 annual meeting of stockholders of that Company. Pursuant to the terms of each of TYG’s and TYY’s preferred shares, the preferred stockholders of that Company have the exclusive right to elect two directors to the Company’s Board. The Board of each of TYG and TYY has designated Mr. Matlack and Mr. Graham as the directors the preferred stockholders of that Company shall have the right to elect.

On this proposal, for each of TYG and TYY, holders of preferred shares will have the exclusive right, voting as a class, to vote on the election of Mr. Matlack as director of that Company, and holders of preferred shares and common shares will vote together as a single class on the election of Mr. Heath as director of that Company. For TYN, holders of common shares will vote as a class on the election of Mr. Matlack and Mr. Heath as directors of that Company. Stockholders do not have cumulative voting rights.

With respect to each Company, if elected, Mr. Matlack and Mr. Heath will hold office until the 2012 annual meeting of stockholders of that Company and until their successors are duly elected and qualified. If either Mr. Matlack or Mr. Heath is unable to serve because of an event not now anticipated, the persons named as proxies may vote for another person designated by the Company’s Board of Directors.

The following table sets forth each Board member’s name and age; position(s) with the Companies and length of time served; principal occupation during the past five years; the number of portfolios in the Fund Complex that each Board member oversees; and other public company directorships held by each Board member. Unless otherwise indicated, the address of each Director is 11550 Ash Street, Suite 300, Leawood, Kansas 66211. The Investment Company Act of 1940, as amended (the “1940 Act”), requires the term “Fund Complex” to be defined to include registered investment companies advised by the Company’s investment advisor, Tortoise Capital Advisors, L.L.C. (the “Adviser”), and, as a result, as of March 31, 2009, the Fund Complex included TYG, TYY, TYN, Tortoise Capital Resources Corporation (“TTO”), Tortoise Total Return Fund, LLC (“TTRF”), and Tortoise Gas and Oil Corporation (“TGOC”).

Committees of the Board of Directors. Each Company’s Board of Directors currently has four standing committees: the Executive Committee, the Audit Committee, the Nominating and Governance Committee and the Compliance Committee. Currently, all of the non-interested directors, Messrs. Ciccotello, Graham and Heath, are the only members of each Company’s Audit Committee, Nominating and Governance Committee and Compliance Committee. Each Company’s Executive Committee currently consists of Mr. Birzer and Mr. Matlack.

- **Executive Committee.** Each Company’s Executive Committee has authority to exercise the powers of the Board (i) where assembling the full Board in a timely manner is impracticable, (ii) to address emergency matters, or (iii) to address matters of an administrative or ministerial nature. Messrs. Birzer and Matlack are “interested persons” of each Company as defined by Section 2(a)(19) of the 1940 Act.
- **Audit Committee.** Each Company’s Audit Committee was established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and operates under a written charter adopted and approved by the Board, a current copy of which is available at the Company’s link on the Adviser’s website (www.tortoiseadvisors.com). The Audit Committee approves and recommends to the Board the selection, retention or termination of the independent registered public accounting firm (“auditors”); approves services to be rendered by the auditors; monitors the auditors’ performance; reviews the results of the Company’s audit; determines whether to recommend to the Board that the Company’s audited financial statements be included in the Company’s Annual Report; and responds to other matters as outlined in the Audit Committee Charter. Each Audit Committee member is “independent” as defined under the applicable New York Stock Exchange listing standards, and none are “interested persons” of the Company as defined in the 1940 Act.

- Nominating and Governance Committee. Each Nominating and Governance Committee member is “independent” as defined under the New York Stock Exchange listing standards, and none are “interested persons” of the Company as defined in the 1940 Act.

Each Company's Nominating and Governance Committee operates under a written charter adopted and approved by the Board, a current copy of which is available at the Company's link on the Adviser's website (www.tortoiseadvisors.com). The Nominating and Governance Committee: (i) identifies individuals qualified to become Board members and recommends to the Board the director nominees for the next annual meeting of stockholders and to fill any vacancies; (ii) monitors the structure and membership of Board committees and recommends to the Board director nominees for each committee; (iii) reviews issues and developments related to corporate governance issues and develops and recommends to the Board corporate governance guidelines and procedures, to the extent necessary or desirable; (iv) has the sole authority to retain and terminate any search firm used to identify director candidates and to approve the search firm's fees and other retention terms, though it has yet to exercise such authority; and (v) may not delegate its authority. The Nominating and Governance Committee will consider stockholder recommendations for nominees for membership to the Board so long as such recommendations are made in accordance with the Company's Bylaws. Nominees recommended by stockholders in compliance with the Bylaws of the Company will be evaluated on the same basis as other nominees considered by the Nominating and Governance Committee. Stockholders should see "Stockholder Proposals and Nominations for the 2010 Annual Meeting" below for information relating to the submission by stockholders of nominees and matters for consideration at a meeting of the Company's stockholders. Each Company's Bylaws require all directors and nominees for directors (1) to be at least 21 years of age and have substantial expertise, experience or relationships relevant to the business of the Company and (2) to have a master's degree in economics, finance, business administration or accounting, to have a graduate professional degree in law from an accredited university or college in the United States or the equivalent degree from an equivalent institution of higher learning in another country, or to have a certification as a public accountant in the United States, or be deemed an "audit committee financial expert" as such term is defined in Item 401 of Regulation S-K as promulgated by the SEC, or to be a current director of the Company. The Nominating and Governance Committee has the sole discretion to determine if an individual satisfies the foregoing qualifications.

- **Compliance Committee.** Each Company formed this committee in December 2005. Each committee member is "independent" as defined under the New York Stock Exchange listing standards, and none are "interested persons" of the Company as defined in the 1940 Act. Each Company's Compliance Committee operates under a written charter adopted and approved by the Board. The committee reviews and assesses management's compliance with applicable securities laws, rules and regulations; monitors compliance with the Company's Code of Ethics; and handles other matters as the Board or committee chair deems appropriate.

None of the Companies currently has a standing compensation committee. None of the Companies have any employees and the New York Stock Exchange does not require boards of directors of registered closed-end funds to have a standing compensation committee.

The following table shows the number of Board and committee meetings held during the fiscal year ended November 30, 2008 for each Company:

	TYG	TYY	TYN
Board of Directors	11	11	11
Executive Committee	3	0	0
Audit Committee	2	2	2
Nominating and Governance Committee	1	1	1
Compliance Committee	1	1	1

During the 2008 fiscal year, for each Company, all directors attended at least 75% of the aggregate of (1) the total number of meetings of the Board and (2) the total number of meetings held by all committees of the Board on which they served. None of the Companies has a policy with respect to Board member attendance at annual meetings. All of the directors of each Company attended the Company's 2008 annual meeting.

Director and Officer Compensation. None of the Companies compensates any of its directors who are interested persons nor any of its officers. The following table sets forth certain information with respect to the compensation paid by each Company and the Fund Complex for fiscal 2008 to each of the current directors for their services as a director. None of the Companies has any retirement or pension plans.

Name of Person, Position	Agregate Compensation from Company (1)			Pension or Retirement Benefits Accrued as Part of Company Expenses	Estimated Annual Benefits Upon Retirement	Total Compensation from Company and Fund Complex Paid to Directors (2)

Charles E. Heath	\$47,667	\$43,667	\$26,667	\$0	\$0	\$171,000

(1) No amounts have been deferred for any of the persons listed in the table.

(2) Fund Complex includes the six companies - TYG, TYY, TYN, TTO, TTRF and TGOC.

Required Vote. With respect to each of TYG and TYY, Mr. Heath will each be elected by the vote of a plurality of all shares of common stock and preferred stock of the Company present at the meeting, in person or by proxy, and Mr. Matlack will be elected by the vote of a plurality of all shares of preferred stock of the Company present at the meeting, in person or by proxy. With respect to TYN, Mr. Matlack and Mr. Heath will each be elected by the vote of a plurality of all shares of common stock of the Company present at the meeting, in person or by proxy. When there are two vacancies for director, as is the case here, a vote by plurality means the two nominees with the highest number of affirmative votes, regardless of the votes withheld for the candidates, will be elected. Therefore, with respect to

each Company, withheld votes and broker non votes, if any, will not be counted towards a nominee's achievement of a plurality. With respect to each of TYG and TYY, each common share and each preferred share is entitled to one vote in the election of Mr. Heath, and each preferred share is entitled to one vote in the election of Mr. Matlack. With respect to TYN, each common share is entitled to one vote in the election of Mr. Heath and one vote in the election of Mr. Matlack.

BOARD RECOMMENDATION

The Board of Directors of each of TYG and TYY unanimously recommends that the common and preferred stockholders of that Company vote “for” Mr. Heath as a director and that the preferred stockholders of that Company vote “for” Mr. Matlack as a director. The Board of Directors of TYN unanimously recommends that the common stockholders of that Company vote “for” Mr. Heath as a director and “for” Mr. Matlack as a director.

PROPOSAL TWO

APPROVAL TO SELL COMMON SHARES BELOW NET ASSET VALUE

Each Company is a closed-end management investment company under the 1940 Act and is generally prohibited from issuing its common shares at a price below the net asset value per share ("NAV"), subject to certain exceptions. One of these exceptions would allow each Company to sell its common shares below NAV if they obtain stockholder approval.

Each Company is seeking approval of this proposal so that it may, in one or more public or private offerings of its common stock, sell or otherwise issue shares of its common stock, not exceeding 25% of its then outstanding common stock, at a price below its then current NAV, subject to certain conditions discussed below. If approved for a Company, the authorization would be effective for that Company for a period of one year or until the date of the 2010 annual meeting of stockholders for that Company, whichever is earlier.

Each Company's Board of Directors, including a majority of each Company's independent directors, has approved this proposal as in the best interests of the Company and its stockholders and recommends it to the stockholders for their approval.

Reasons to Offer Common Stock Below NAV

The global financial crisis has impacted each Company's ability to access the debt and equity capital markets to fund these investment opportunities. The amount the Companies may borrow or finance through the issuance of preferred stock is also limited under the 1940 Act. Each of the Company's credit facilities with U.S. Bank, N.A. as lender, agent and lead arranger also requires that it abide by the leverage limitations of the 1940 Act.

Current global economic conditions have created, and the Companies believe will continue to create, favorable opportunities to invest at attractive risk-adjusted returns, including opportunities that, all else being equal, could prove to be accretive to the Companies total return over the long term. In addition, each of the Companies also believes situations may arise in which it is in the best interests of the Company and its stockholders to issue its common shares below NAV to retire outstanding leverage. Because each of the Companies generally attempts to remain fully invested and does not maintain cash for purposes of making investments or retiring leverage, each Company needs to be able to maintain consistent access to equity capital. Stockholder approval of this proposal for a Company to sell its common shares below NAV, subject to the conditions set forth herein, is expected to provide that Company such access.

The following table lists the high and low sales prices for each Company's common stock, as reported on the New York Stock Exchange, and the closing sales price as a percentage of NAV for its two previous fiscal years. On April 13, 2009, the closing sales price of each Company's common stock on the New York Stock Exchange was \$21.44 per share for TYG, \$15.88 per share for TYY, and \$13.51 per share for TYN.

(1)NAV is determined as of the last day in the relevant quarter and therefore may not reflect the net asset value per share on the date of the high and low sales prices. The net asset values shown are based on outstanding shares at the end of each period.

(2)Calculated as the respective high or low sales price divided by NAV.

Examples of Dilutive Effect of the Issuance of Shares Below NAV

The following table illustrates the reduction to NAV and dilution that would be experienced by a nonparticipating stockholder in three different hypothetical offerings of different sizes and levels of discount to NAV, although it is not possible to predict the level of market price decline that may occur. Actual sales prices and discounts may differ from

the presentation below; provided the Company will not issue common shares at a price that, after deducting offering expenses and commissions, reflects a discount to NAV of more than 10%.

The examples assume that Company XYZ has 1,000,000 common shares outstanding, \$15,000,000 in total assets and \$5,000,000 in total liabilities. The current net asset value and NAV are thus \$10,000,000 and \$10.00. The table illustrates the dilutive effect on nonparticipating Stockholder A of (1) an offering of 50,000 shares (5% of the outstanding shares) at \$9.50 per share after offering expenses and commission (a 5% discount to NAV), (2) an offering of 100,000 shares (10% of the

outstanding shares) at \$9.00 per share after offering expenses and commissions (a 10% discount to NAV) and (3) an offering of 200,000 shares (20% of the outstanding shares) at \$9.00 per share after offering expenses and commissions (a 10% discount to NAV). The table assumes offering expenses and commissions of 5%.

Conditions to Sale Below NAV

If stockholders approve this proposal, each Company will only issue shares of its common stock at a price below NAV pursuant to this stockholder proposal if the following conditions are met:

- a majority of the Company's directors who have no financial interest in the transaction and a majority of the Company's independent directors have determined that any such sale would be in the best interests of the Company and its stockholders; and
- a majority of the Company's directors who have no financial interest in the transaction and a majority of the Company's independent directors, in consultation with the underwriter or underwriters of the offering if it is to be underwritten, have determined in good faith, and as of a time immediately prior to the first solicitation by or on behalf of the Company of firm commitments to purchase such common stock or immediately prior to the issuance of such common stock, that the price at which such shares of common stock are to be sold is not less than a price which closely approximates the market value of those shares of common stock, less any distributing commission or discount.
- if the net proceeds of any such sale are to be used to make investments, a majority of the Company's directors who have no financial interest in the transaction and a majority of the Company's independent directors, has made a determination, based on information and a recommendation from the Adviser, that they reasonably expect that the investment(s) to be made will lead to a long-term increase in distribution growth.

- the price per common share in any such sale, after deducting offering expenses and commissions, reflects a discount to NAV, as determined at any time within two business days prior to the pricing of the common stock to be sold, of no more than 10%.

For these purposes, directors will not be deemed to have a financial interest solely by reason of their ownership of the Company's common stock.

As discussed below under the caption “More Information About the Meeting – Investment Advisory Agreement,” with respect to each Company, the Adviser is paid a fee based upon the Company’s average monthly Managed Assets (as defined below). Therefore, the Adviser’s interest in determining whether to recommend that a Company issue common shares below NAV may conflict with the interests of the Company and its stockholders, as such an issuance will result in an increase in a Company’s Managed Assets and ultimately in the fee paid to the Adviser. The Adviser is controlled directly or indirectly by officers and the two interested directors of each Company, among others. For that reason, any issuance of shares at a price below NAV must be approved by a majority of the disinterested directors.

Key Stockholder Considerations

Before voting on this proposal or giving proxies with regard to this matter, each Company’s common stockholders should consider the dilutive effect of the issuance of shares of the Company’s common stock at less than NAV per share on the NAV per outstanding share of common stock. Any sale of common stock at a price below NAV would result in an immediate dilution of the NAV per outstanding share to existing common stockholders. There is a connection between the common share sale price and NAV because when stock is sold at a sale price below NAV per share, the resulting increase in the number of outstanding shares is not accompanied by a proportionate increase in the net assets of the Company. As discussed above, it should be noted that the maximum number of common shares issuable below NAV that could result in such dilution is limited to 25% of the Company’s then outstanding common stock.

Common stockholders of a Company should also consider that holders of the Company’s common stock have no subscription, preferential or preemptive rights to acquire additional shares of the common stock proposed to be authorized for issuance, and thus any future issuance of common stock will dilute such stockholders’ holdings of common stock as a percentage of shares outstanding to the extent stockholders do not purchase sufficient shares in the offering to maintain their percentage interest. Further, if current stockholders of a Company either do not purchase any shares in an offering conducted by the Company or do not purchase sufficient shares in the offering to maintain their percentage interest, regardless of whether such offering is above or below the then current NAV, their percentage of the Company’s distributions and their voting power will be diluted.

Common stockholders should also consider the impact that issuances of shares of common stock below NAV have on each Company’s expense ratio. In general, assuming that a fund’s expenses consist of both fixed and variable costs, any time the fund issues shares the expense ratio should decrease because the fixed costs are spread over a larger amount of assets. If a Company issues shares of common stock below NAV, assuming its expenses consist of both fixed and variable costs, the Company’s expense ratio will decrease; however, it will not decrease as much as it would have had the shares been issued at NAV.

Finally, any sale of substantial amounts of a Company's common stock in the open market may adversely affect the market price of its common stock. In addition, future sales of a Company's common stock to the public may create a potential market overhang, which is the existence of a large block of shares readily available for sale that could lead the market to discount the value of shares held by other investors.

Required Vote

For each Company, the proposal must be approved by both (a) the affirmative vote of a majority of all common stockholders of record, as of the record date, and (b) the affirmative vote of a majority of the votes cast, in person or by proxy, at the meeting by the holders of common stock and the holders of preferred stock (if any), voting together as a single class. If both approvals are not obtained, the proposal will not pass.

Solely for the purpose of determining whether a majority of the number of common stockholders of record of a Company approved the proposal as required in (a) above, the number of common shares held by any single stockholder will not be relevant. For the purpose of determining whether a majority of the number of common stockholders of record of a Company approved the proposal, abstentions and broker non-votes, if any, recorded by record owners will have the effect of a vote against the proposal.

With respect to each Company, solely for the purposes of determining whether a majority of the votes cast by the stockholders entitled to vote approved this proposal as required in (b) above, each common share, and in the case of TYG and TYY, each preferred share, is entitled to one vote, and abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote.

BOARD RECOMMENDATION

The Board of Directors of each Company unanimously recommends that stockholders of the Company vote “for” the proposal to allow the Company to sell its common shares below net asset value.

PROPOSAL THREE

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors of each Company recommends that the stockholders of the Company ratify the selection of Ernst & Young LLP (“E&Y”) as the independent registered certified public accountants (“independent auditors”), to audit the accounts of the Company for the fiscal year ending November 30, 2009. E&Y’s selection was approved by each Company’s Audit Committee at a meeting held on January 20, 2009. Their selection also was ratified and approved by the Board of Directors of each Company, including a majority of the directors who are not “interested persons” of the Company within the meaning of the 1940 Act, and who are “independent” as defined in the New York Stock Exchange listing standards, at a meeting held on January 20, 2009.

E&Y has audited the financial statements of each Company since prior to each Company’s commencement of business (TYG in February 2004; TYY in May 2005; and TYN in October 2005) and does not have any direct financial interest or any material indirect financial interest in any of the Companies. A representative of E&Y is expected to be available at the meeting and to have the opportunity to make a statement and respond to appropriate questions from the stockholders. Each Company’s Audit Committee meets twice each year with representatives of E&Y to discuss the scope of their engagement, review the financial statements of the Company and the results of their examination.

Required Vote

E&Y will be ratified as a Company’s independent registered public accounting firm by the affirmative vote of a majority of the votes cast, in person or by proxy, at the meeting by the holders of common stock and the holders of preferred stock (if any), voting together as a single class. With respect to each of TYG and TYY, each common share

and each preferred share is entitled to one vote on this proposal. With respect

to TYN, each common share is entitled to one vote on this proposal. For the purposes of the vote on this proposal for each Company, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote.

BOARD RECOMMENDATION

The Board of Directors of each Company unanimously recommends that stockholders of the Company vote “for” the ratification of Ernst & Young LLP as the Company’s Independent Public Accounting Firm.

AUDIT COMMITTEE REPORT

The Audit Committee of each Company reviews the Company’s annual financial statements with both management and the independent auditors.

The Audit Committee of each Company, in discharging its duties, has met with and has held discussions with management and the Company’s independent auditors. Each Company’s Audit Committee has reviewed and discussed the Company’s audited financial statements for the fiscal year ended November 30, 2008 with management. Management of each Company has represented to the independent auditors that the Company’s financial statements were prepared in accordance with U.S. generally accepted accounting principles.

The Audit Committee of each Company has also discussed with the independent auditors the matters required to be discussed by the Statement on Auditing Standards No. 114 (The Auditor’s Communication With Those Charged With Governance). The independent auditors provided to each Company’s Audit Committee the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditors’ communications with the Audit Committee concerning independence, and each Company’s Audit Committee discussed with representatives of the independent auditors their firm’s independence with respect to that Company.

With respect to each Company, based on the Audit Committee’s review and discussions with management and the independent auditors, the representations of management and the reports of the independent auditors to the committee, the Audit Committee recommended that the Board include the audited financial statements in the Company’s Annual Report for filing with the SEC.

1. For professional services rendered with respect to the audit of each Company's financial statements and the review of each Company's statutory and regulatory filings with the SEC.
2. For professional services rendered with respect to assurance related services in connection with each Company's compliance with its rating agency guidelines.
3. For professional services for tax compliance, tax advice and tax planning.

The Audit Committee of each Company adopted pre-approval policies and procedures (TYG on July 15, 2004; TY Y on April 15, 2005; and TYN on January 19, 2005). Under these policies and procedures, the Audit Committee of each Company pre-approves (i) the selection of the Company's independent registered public accounting firm, (ii) the engagement of the independent registered public accounting firm to provide any non-audit services to the Company, (iii) the engagement of the independent registered public accounting firm to provide any non-audit services to the Adviser or any entity controlling, controlled by, or under common control with the Adviser that provides ongoing services to the Company, if the engagement relates directly to the operations and financial reporting of the Company, and (iv) the fees and other compensation to be paid to the independent registered public accounting firm. With respect to each Company, the Chairman of the Audit Committee of the Company may grant the pre-approval of any engagement of the independent registered public accounting firm for non-audit services of less than \$10,000, and such delegated pre-approvals will be presented to the full Audit Committee at its next meeting for ratification. Under certain limited circumstances, pre-approvals are not required under securities law regulations for certain non-audit services below certain de minimus thresholds. Since each Company's respective adoption of these policies and procedures, the Audit Committee of the Company has pre-approved all audit and non-audit services provided to the Company by E&Y. None of these services provided by E&Y were approved by the Audit Committee pursuant to the de minimus exception under Rule 2.01(c)(7)(i)(C) or Rule 2.01(c)(7)(ii) of Regulation S-X. All of E&Y's hours spent on auditing each Company's financial statements were attributed to work performed by full-time permanent employees of E&Y.

In each Company's fiscal years ended November 30, 2008 and 2007, the Adviser incurred approximately \$13,610 and \$10,000 in fees, respectively, payable to E&Y in connection with determining the Adviser's compliance with GIPS® standards in 2006. Additionally, the Adviser paid \$2,315 in 2008 and \$12,000 in 2007 for general tax consulting services delivered in 2008 and 2006, respectively. These non-audit services were not required to be preapproved by each Company's Audit Committee. No entity controlling, controlled by, or under common control with the Adviser

that provides ongoing services to any of the Companies, has paid to, or been billed for fees by, E&Y for non-audit services rendered to the Adviser or such entity during the Companies last two fiscal years.

The Audit Committee of each Company has considered whether E&Y's provision of services (other than audit services) to the Company, the Adviser or any entity controlling, controlled by, or under

common control with the Adviser that provides services to the Company is compatible with maintaining E&Y's independence in performing audit services.

OTHER MATTERS

The Board of Directors of each Company knows of no other matters that are intended to be brought before the meeting. If other matters are presented for action, the proxies named in the enclosed form of proxy will vote on those matters in their sole discretion.

FCM Tortoise, L.L.C. and KCEP control the Adviser through their equity ownership and management rights in the Adviser. FCM Tortoise, L.L.C. is an affiliate of Fountain Capital, with the same principals as Fountain Capital, to which Fountain Capital's ownership interest in the Adviser has been transferred. This transfer did not result in a change in control of the Adviser. As of February 28, 2009, the Adviser had approximately \$1.7 billion of client assets under management. The Adviser may be contacted at the address listed on the first page of this proxy statement.

Pursuant to the terms of an Advisory Agreement between TYG and the Adviser, dated February 23, 2004 (the "TYG Advisory Agreement"), TYG pays to the Adviser quarterly, as compensation for the services rendered by the Adviser, a fee equal on an annual basis to 0.95% of the Company's average monthly Managed Assets. The Adviser contractually agreed to waive or reimburse TYG for fees and expenses, including the investment advisory fee and other expenses in the amount of 0.23% of the average monthly Managed Assets through February 28, 2006 and 0.10% of the average monthly Managed Assets through February 28, 2009. Pursuant to the terms of an Advisory Agreement between TYY and the Adviser, dated May 1, 2005 (the "TYY Advisory Agreement"), TYY paid to the Adviser quarterly, as compensation for the services rendered by the Adviser, a fee equal on an annual basis to 0.90% of the Company's average monthly Managed Assets until May 31, 2006. Since June 1, 2006, TYY pays to the Adviser a fee equal on an annual basis to 0.95% annually of TYY's average monthly Managed Assets for such services. Pursuant to the terms of an Advisory Agreement between TYN and the Adviser, dated October 31, 2005 (the “TYN Advisory Agreement”), TYN pays to the Adviser quarterly, as compensation for the services rendered by the Adviser, a fee equal on an annual basis to 1.00% of TYN’s average monthly Managed Assets. The Adviser contractually agreed to waive or reimburse TYN for fees and expenses, including the investment advisory fee and expenses in an amount equal on an annual basis to 0.25% of the

average monthly Managed Assets through October 31, 2006. For the period from November 1, 2006 through December 31, 2007, the Adviser contractually agreed to waive a portion of the fee equal to 0.20% of the average monthly Managed Assets. For the period from January 1, 2008 through December 31, 2008, the Adviser contractually agreed to waive a portion of the fee equal to 0.15% of the average monthly Managed Assets. For the period from January 1, 2009 through December 31, 2009, the Adviser contractually agreed to waive a portion of the fee equal to 0.10% of the average monthly Managed Assets. With respect to each Company, “Managed Assets” means the total assets of the Company (including any assets attributable to leverage and excluding any net deferred tax asset) minus accrued liabilities other than (1) net deferred tax liability or debt entered into for the purpose of leverage and (2) the aggregate liquidation preference of any outstanding preferred shares.

The Adviser is controlled directly or indirectly by David J. Schulte, Chief Executive Officer and President of TYG and TYY and Chief Executive Officer of TYN; Terry Matlack, a director and the Chief Financial Officer of each Company; H. Kevin Birzer, director and Chairman of the Board of each Company, Zachary A. Hamel, Senior Vice President of each Company, and Kenneth P. Malvey, Senior Vice President and Treasurer of each Company, among others.

How Proxies Will Be Voted. All proxies solicited by the Board of Directors of each Company that are properly executed and received prior to the meeting, and that are not revoked, will be voted at the meeting. Shares represented by those proxies will be voted in accordance with the instructions marked on the proxy. If no instructions are specified, shares will be counted as a vote FOR the proposals described in this proxy statement.

How To Vote. Complete, sign and date the enclosed proxy card and return it in the enclosed envelope or attend the Annual Meeting and vote in person.

Expenses and Solicitation of Proxies. The expenses of preparing, printing and mailing the enclosed proxy card, the accompanying notice and this proxy statement and all other costs, in connection with the solicitation of proxies will be borne by the Companies on a pro rata basis. Each Company may also reimburse banks, brokers and others for their reasonable expenses in forwarding proxy solicitation material to the beneficial owners of shares of the Company. In order to obtain the necessary quorum for a Company at the meeting, additional solicitation may be made by mail, telephone, telegraph, facsimile or personal interview by representatives of the Company, the Adviser, the Company’s transfer agent, or by brokers or their representatives or by a solicitation firm that may be engaged by the Company to assist in proxy solicitations. If a proxy solicitor is retained by any Company, the costs associated with all proxy solicitation are not anticipated to exceed \$35,000. None of the Companies will pay any representatives of the Company or the Adviser any additional compensation for their efforts to supplement proxy solicitation.

Revoking a Proxy. With respect to each Company, at any time before it has been voted, you may revoke your proxy by: (1) sending a letter stating that you are revoking your proxy to the Secretary of the Company at the Company’s offices located at 11550 Ash Street, Suite 300, Leawood, Kansas 66211; (2) properly executing and sending a later-dated proxy; or (3) attending the meeting, requesting return of any previously delivered proxy, and voting in person.

Quorum. With respect to each Company, the presence, in person or by proxy, of holders of shares entitled to cast a majority of the votes entitled to be cast (without regard to class) constitutes a quorum. For purposes of determining the presence or absence of a quorum, shares present at the annual meeting that are not voted, or abstentions, and broker non-votes (which occur when a broker has not received directions from customers and does not have discretionary authority to vote the customers' shares) will be treated as shares that are present at the meeting but have

not been voted.

26

With respect to each Company, if a quorum is not present in person or by proxy at the meeting, the chairman of the meeting or the stockholders entitled to vote at such meeting, present in person or by proxy, have the power to adjourn the meeting to a date not more than 120 days after the original record date without notice other than announcement at the meeting.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 30(h) of the 1940 Act and Section 16(a) of the Exchange Act require each Company's directors and officers, the Adviser, affiliated persons of the Adviser and persons who own more than 10% of a registered class of the Company's equity securities to file forms reporting their affiliation with the Company and reports of ownership and changes in ownership of the Company's shares with the SEC and the New York Stock Exchange. Those persons and entities are required by SEC regulations to furnish the applicable Company with copies of all Section 16(a) forms they file. Based on a review of those forms furnished to the Company, each Company believes that its directors and officers, the Adviser and affiliated persons of the Adviser have complied with all applicable Section 16(a) filing requirements during the last fiscal year. To the knowledge of management of each Company, no person is the beneficial owner (as defined in Rule 16a-1 under the Exchange Act) of more than 10% of a class of such Company's equity securities.

The Secretary will forward any communications received directly to the Board of Directors.

STOCKHOLDER PROPOSALS AND NOMINATIONS FOR THE 2010 ANNUAL MEETING

Method for Including Proposals in a Company's Proxy Statement. Under the rules of the SEC, if you want to have a proposal included in a Company's proxy statement for its next annual meeting of stockholders, that proposal must be received by the Secretary of the Company at 11550 Ash Street, Suite 300, Leawood, Kansas 66211, not later than 5:00 p.m., Central Time on December 22, 2009. Such proposal must comply with all applicable requirements of Rule 14a-8 of the Exchange Act. Timely submission of a proposal does not mean the proposal will be included in the proxy material sent to stockholders.

Other Proposals and Nominations. If you want to nominate a director or have other business considered at a Company's next annual meeting of stockholders but do not want those items included in our proxy statement, you must comply with the advance notice provision of the Company's Bylaws. Under each Company's Bylaws, nominations for director or other business proposals to be addressed at the Company's next annual meeting may be made by a stockholder who has delivered a notice to the Secretary of the Company at 11550 Ash Street, Suite 300, Leawood, Kansas 66211, no earlier than December 22, 2009 nor later than 5:00 p.m. Central Time on January 21, 2010. The stockholder must satisfy certain requirements set forth in the Company's Bylaws and the notice must contain specific information required by the Company's Bylaws. With respect to nominees for director, the notice must include,

among other things, the name, age, business address and residence address of any nominee for

director, certain information regarding such person's ownership of Company shares, and all other information relating to the nominee as is required to be disclosed in solicitations of proxies in an election contest or as otherwise required by Regulation 14A under the Exchange Act. With respect to other business to be brought before the meeting, a notice must include, among other things, a description of the business and any material interest in such business by the stockholder and certain associated persons proposing the business. Any stockholder wishing to make a proposal should carefully read and review the applicable Company's Bylaws. A copy of each Company's Bylaws may be obtained by contacting the Secretary of the Company at 1-866-362-9331 or by writing the Secretary of the Company at 11550 Ash Street, Suite 300, Leawood, Kansas 66211. Timely submission of a proposal does not mean the proposal will be allowed to be brought before the meeting.

These advance notice provisions are in addition to, and separate from, the requirements that a stockholder must meet in order to have a proposal included in any Company's proxy statement under the rules of the SEC.

A proxy granted by a stockholder will give discretionary authority to the proxies to vote on any matters introduced pursuant to the above advance notice Bylaw provisions, subject to applicable rules of the SEC.
