Annual Meeting Admission

Edgar Filing: PFIZER INC - Form DEF 14A

An admission ticket is attached to your proxy card if you hold shares directly in your name as a shareholder of record. If you plan to attend the Annual Meeting, please vote your proxy but keep the admission ticket and bring it with you to the Annual Meeting.

If your shares are held in the name of a bank, broker or other holder of record and you plan to attend the Meeting, you must present proof of your ownership of Pfizer stock, such as a bank or brokerage account statement, to be admitted to the Meeting. If you would rather have an admission ticket, you can obtain one in advance by mailing a written request, along with proof of your ownership of Pfizer stock, to:

Pfizer Shareholder Services
235 East 42nd Street, 7th Floor
New York, NY 10017

Shareholders also must present a form of personal identification in order to be admitted to the Meeting.

No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the Meeting.

Webcast of the Annual Meeting

Our Annual Meeting also will be webcast on April 24, 2003. You are invited to visit www.pfizer.com at 10:00 a.m. on April 24, 2003 to view the webcast of the Meeting. An archived copy of the webcast also will be available on our web site through the end of April.

Shareholders Entitled to Vote

Holders of Pfizer common stock at the close of business on February 28, 2003, are entitled to receive this notice and to vote their shares at the Annual Meeting. As of that date, there were 6,159,949,780 shares of common stock outstanding. Each share of common stock is entitled to one vote on each matter properly brought before the Meeting.

Revocation of Proxies

You can revoke your proxy at any time before it is exercised by:

written notice to the Secretary of the Company;

timely delivery of a valid, later-dated proxy or a later-dated vote by telephone or on the Internet; or

voting by ballot at the Annual Meeting.

1

HOW TO VOTE IF YOU ARE A SHAREHOLDER OF RECORD

Your vote is important. You can save us the expense of a second mailing by voting promptly. Shareholders of record can vote by telephone, on the Internet, by mail or by attending the Meeting and voting by ballot as described below. (Please note: If you are a beneficial owner, please refer to your proxy card or the information forwarded by your bank, broker or other holder of record to see which options are available to you.)

The Internet and telephone voting procedures are designed to authenticate shareholders by use of a control number and to allow you to confirm that your instructions have been properly recorded. If you vote by telephone or on the Internet you do not need to return your proxy card. Telephone and Internet voting facilities for shareholders of record will be available 24 hours a day, and will close at 11:59 p.m. on April 23, 2003.

Vote by Telephone

You can vote by calling the toll-free telephone number on your proxy card. Easy-to-follow voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded. **If you are located outside the U.S., Puerto Rico and Canada, see your proxy card for additional instructions.**

Vote on the Internet

Edgar Filing: PFIZER INC - Form DEF 14A

You also can choose to vote on the Internet. The web site for Internet voting is www.eproxyvote.com/pfe. As with telephone voting, you can confirm that your instructions have been properly recorded. If you vote on the Internet, you also can request electronic delivery of future proxy materials.

Vote by Mail

If you choose to vote by mail, simply mark your proxy, date and sign it, and return it to EquiServe Trust Company, N.A. in the postage-paid envelope provided. If the envelope is missing, please mail your completed proxy card to Pfizer Inc., c/o EquiServe Trust Company N.A., P.O. Box 8923, Edison, New Jersey 08818-9266.

Voting at the Annual Meeting

The method by which you vote will not limit your right to vote at the Annual Meeting if you decide to attend in person. If your shares are held in the name of a bank, broker or other holder of record, you must obtain a proxy, executed in your favor, from the holder of record to be able to vote at the Meeting.

All shares that have been properly voted and not revoked will be voted at the Annual Meeting. If you sign and return your proxy card but do not give voting instructions, the shares represented by that proxy will be voted as recommended by the Board of Directors.

2

Consolidation of Your Vote

You will receive only one proxy card for all the shares you hold:

In your own name;

In the Pfizer Inc. Shareholder Investment Program;

or if you are a Pfizer employee,

In the Pfizer Savings Plan; or

In the Warner-Lambert Savings and Stock Plans for the U.S. or Puerto Rico (the Warner-Lambert Plans).

If you are a U.S. Pfizer employee who currently has outstanding stock options, you are entitled to give voting instructions on a portion of the shares held in the Pfizer Inc. Employee Benefit Trust (the Trust). Your proxy card will serve as a voting instruction card for the trustee.

If you do not vote your shares or specify your voting instructions on your proxy card, the administrators of the Pfizer Savings Plan and of the Warner-Lambert Plans (collectively, the Plans) or the trustee of the Trust will vote your shares in the same proportion as the shares for which voting instructions have been received. **To allow sufficient time for voting by the trustee of the Trust and the administrators of the Plans, your voting instructions must be received by April 21, 2003.**

If you hold Pfizer shares through any other Company plan, you will receive voting instructions from that plan's administrator.

Householding Information

We have adopted a procedure approved by the SEC called "householding." Under this procedure, shareholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of our Annual Report and Proxy Statement unless one or more of these shareholders notifies us that they wish to continue receiving individual copies. This procedure will reduce our printing costs and postage fees.

Shareholders who participate in householding will continue to receive separate proxy cards. Also, householding will not in any way affect dividend check mailings.

If you are eligible for householding, but you and other shareholders of record with whom you share an address currently receive multiple copies of Annual Reports and/or Proxy Statements, or if you hold stock in more than one account, and in either case you wish to receive only a single

Edgar Filing: PFIZER INC - Form DEF 14A

copy of the Annual Report or Proxy Statement for your household, please contact our transfer agent, EquiServe Trust Company, N.A. (in writing: P.O. Box 43069, Providence, Rhode Island 02940-3069; by telephone: in the U.S., 1-800-733-9393; outside the U.S., Puerto Rico and Canada 1-781-575-4591.)

If you participate in householding and wish to receive a separate copy of the 2002 Annual Report or this Proxy Statement, or if you do not wish to participate in householding and prefer to receive separate copies of future Annual Reports and/or Proxy Statements, please contact EquiServe as indicated above.

Beneficial shareholders can request information about householding from their banks, brokers or other holders of record.

List of Shareholders

The names of shareholders of record entitled to vote at the Annual Meeting will be available at the Annual Meeting and for ten days prior to the Meeting for any purpose germane to the meeting, between the hours of 8:45 a.m. and 4:30 p.m., at our principal executive offices at 235 East 42nd Street, New York, New York, by contacting the Secretary of the Company.

Required Vote

The presence of the holders of a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting, present in person or represented by proxy, is necessary to constitute a quorum. Abstentions are counted as present and entitled to vote for purposes of determining a quorum.

If you are a beneficial owner and your broker holds your shares in its name, the broker is permitted to vote your shares on the election of Directors, the approval of KPMG LLP

3

as our independent auditor and the proposal to eliminate the classification of the Board of Directors and related amendments to the Certificate of Incorporation even if the broker does not receive voting instructions from you.

A plurality of the votes cast is required for the election of Directors. This means that the Director nominee with the most votes for a particular slot is elected for that slot. Only votes "for" or "against" affect the outcome. Abstentions are not counted for purposes of the election of Directors.

Under the Company's By-laws, the votes cast "for" must exceed the votes cast "against" to approve the appointment of KPMG LLP as our independent auditor. Abstentions are not counted as votes "for" or "against" this proposal.

Under our Certificate of Incorporation, the affirmative vote of the holders of at least 80% of the outstanding common stock of the Company is required to approve the proposal to eliminate the classification of the Board of Directors and the related amendments to the Certificate of Incorporation. Abstentions will have the effect of votes against this proposal.

Voting on Other Matters

If other matters are properly presented at the Annual Meeting for consideration, the persons named in the proxy will have the discretion to vote on those matters for you. At the date this Proxy Statement went to press, we did not know of any other matters to be raised at the Annual Meeting.

Electronic Delivery of Proxy Materials and Annual Report

The notice of Annual Meeting and Proxy Statement and the 2002 Annual Report are available on our web site at www.pfizer.com. Instead of receiving future copies of the Annual Report and Proxy Statement by mail, shareholders can elect to receive an e-mail which will provide electronic links to these documents. Opting to receive your proxy materials online will save us the cost of producing and mailing documents to your home or business, and also will give you an electronic link to the proxy voting site.

Shareholders of Record: If you vote on the Internet at www.eproxyvote.com/pfe, simply follow the prompts for enrolling in the electronic proxy delivery service. You also may enroll in the electronic proxy delivery service at any time in the future by going directly to www.econsent.com/pfe and following the Vote By Net instructions.

Beneficial Shareholders: If you hold your shares in a brokerage account, you also may have the opportunity to receive copies of the Annual Report and Proxy Statement electronically. Please check the information provided in the proxy materials mailed to you by your bank or broker regarding the availability of this service.

Cost of Proxy Solicitation

We will pay the cost of soliciting proxies. Proxies may be solicited on our behalf by Directors, officers or employees in person or by telephone, electronic transmission and facsimile transmission. We have hired Morrow & Co. to distribute and solicit proxies. We will pay Morrow & Co. a fee of \$35,000, plus reasonable expenses, for these services.

4

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our Directors and executive officers to file reports of holdings and transactions in Pfizer shares with the SEC and the New York Stock Exchange. Based on our records and other information, we believe that in 2002 our Directors and executive officers met all applicable SEC filing requirements, except as described below:

In July 2002, Loretta Cangialosi, our Controller, exercised options for 3,600 shares of Pfizer common stock. As a consequence of an administrative error, the Form 4 reporting this exercise was filed late.

In February 2003, Charles Hardwick, our Senior Vice President, learned that without his prior knowledge in August, September and October 2002, his portfolio manager had made three small purchases of Pfizer common stock totaling 91 shares, and in December 2002, had sold 30 shares of Pfizer stock for his account. Since Mr. Hardwick was unaware of these transactions, the Form 4 reporting the purchases and sale was filed late.

5

GOVERNANCE OF THE COMPANY

Our Corporate Governance Principles

Role and Composition of the Board of Directors

1. The Board of Directors, which is elected by the shareholders, is the ultimate decision-making body of the Company except with respect to those matters reserved to the shareholders. It selects the senior management team, which is charged with the conduct of the Company's business. Having selected the senior management team, the Board acts as an advisor and counselor to senior management and ultimately monitors its performance.
2. The Board also plans for succession to the position of Chairman of the Board and Chief Executive Officer as well as certain other senior management positions. To assist the Board, the Chairman and CEO annually provides the Board with an assessment of senior managers and of their potential to succeed him or her. He or she also provides the Board with an assessment of persons considered potential successors to certain senior management positions.
3. It is the policy of the Company that the positions of Chairman of the Board and Chief Executive Officer be held by the same person, except in unusual circumstances. This combination has served the Company well over a great many years. The function of the Board in monitoring the performance of the senior management of the Company is fulfilled by the presence of outside Directors of stature who have a substantive knowledge of the business.
4. It is the policy of the Company that the Board consist of a majority of independent Directors as defined under the New York Stock Exchange rules, and as further determined under Director Qualifications Standards recommended by the Corporate Governance Committee. It is the policy of the Company that the number of Directors not exceed a number that can function efficiently as a body. The Corporate Governance Committee considers and makes recommendations to the Board concerning the appropriate size and needs of the Board. The Corporate Governance Committee considers candidates to fill new positions created by expansion and vacancies that occur by resignation, by retirement or for any other reason. Ordinarily, Directors should not serve on more than four other boards of public companies in addition to the Company

Board. Current positions in excess of these limits may be maintained unless the Board of Directors determines that doing so would impair the Director's service on the Company's Board. Commencing with the current CEO, upon retirement from the Company, the former CEO will not retain Board membership. When a Director's principal occupation or business association changes substantially during his or her tenure as a Director, that Director shall tender his or her resignation for consideration by the Corporate Governance Committee. The Corporate Governance Committee will recommend to the Board the action, if any, to be taken with respect to the resignation. Candidates are selected for their character, judgment, diversity of experience, acumen and their ability to act on behalf of shareholders. Scientific expertise, prior government service and familiarity with national and international issues affecting business are among the relevant criteria. Final approval of a candidate is determined by the full Board. The Corporate Governance Committee annually reviews the compensation of Directors. All Directors are expected to own stock in the Company in an amount that is appropriate for them. All Directors will receive a part of their compensation in Stock Units which they are required to hold the entire time they serve on the Board. Directors are required to retire from the Board when they reach the age of 70. The Board, and each committee, is required to conduct a self-evaluation of its performance at least annually.

6

5. It is the general policy of the Company that all major decisions be considered by the Board as a whole. As a consequence, the committee structure of the Board is limited to those committees considered to be basic to, or required for, the operation of a publicly owned company. Currently these committees are the Executive Committee, Audit Committee, Compensation Committee, Corporate Governance Committee and Science and Technology Committee. The members and chairs of these committees are recommended to the Board by the Corporate Governance Committee. The Audit Committee, Compensation Committee and Corporate Governance Committee are made up of only independent Directors. The membership of these committees is rotated from time to time.

6. In furtherance of its policy of having major decisions made by the Board as a whole, the Company has a full orientation and continuing education process for Board members that includes extensive materials, meetings with key management and visits to Company facilities.

7. The Compensation Committee is responsible for setting annual and long-term performance goals for the Chairman and CEO and for evaluating his or her performance against such goals. The Committee meets annually with the Chairman and CEO to receive his or her recommendations concerning such goals. Both the goals and the evaluation are then submitted for consideration by the outside Directors of the Board at a meeting or executive session of that group. The Committee then meets with the Chairman and CEO to evaluate his or her performance against such goals. The Compensation Committee also is responsible for setting annual and long-term performance goals and compensation for the direct reports to the Chairman and CEO. These decisions are approved or ratified by action of the outside Directors of the Board at a meeting or executive session of that group.

8. The Chairman and CEO is responsible for establishing effective communications with the Company's stakeholder groups, i.e., shareholders, customers, company associates, communities, suppliers, creditors, governments and corporate partners. It is the policy of the Company that management speaks for the Company. This policy does not preclude outside Directors from meeting with shareholders, but it is suggested that any such meetings be held with management present.

Functioning of the Board

1. The Chairman of the Board and Chief Executive Officer sets the agenda for Board meetings with the understanding that certain items pertinent to the advisory and monitoring functions of the Board be brought to it periodically by the Chairman and CEO for review and/or decision. For example, the annual corporate budget is reviewed by the Board. Agenda items that fall within the scope of responsibilities of a Board committee are reviewed with the chair of that committee. Any member of the Board may request that an item be included on the agenda.

2. Board materials related to agenda items are provided to Board members sufficiently in advance of Board meetings to allow the Directors to prepare for discussion of the items at the meeting.

3. At the invitation of the Board, members of senior management recommended by the Chairman and CEO attend Board meetings or portions thereof for the purpose of participating in discussions. Generally, presentations of matters to be considered by the Board are made by the manager responsible for that area of the Company's operations. In addition, Board members have free access to all other members of management and employees of the Company and, as necessary and appropriate, Board members may consult with independent legal, financial and accounting advisors to assist in their duties to the Company and its shareholders.

4. Executive sessions or meetings of outside Directors without management present are held regularly (at least three times a year) to review the report of the outside auditors, the

7

Edgar Filing: PFIZER INC - Form DEF 14A

criteria upon which the performance of the Chairman and CEO and other senior managers is based, the performance of the Chairman and CEO against such criteria, the compensation of the Chairman and CEO and other senior managers, and any other relevant matter. Meetings are held from time to time with the Chairman and CEO for a general discussion of relevant subjects.

5. It is the policy of the Company that the chairs of the Audit, Compensation and Corporate Governance committees of the Board each preside as the chair at meetings or executive sessions of the outside Directors at which the principal items to be considered are within the scope of the authority of his or her committee. Experience has indicated that this practice, which has been in place on an informal basis for several decades, provides for leadership at all of the meetings or executive sessions of outside Directors without the need to designate a lead Director.
6. The Board, under the direction of the Corporate Governance Committee, will prepare an annual performance self-evaluation.

Functioning of Committees

1. The Audit, Compensation and Corporate Governance committees consist only of independent Directors.
2. The frequency, length and agenda of meetings of each of the committees are determined by the chair of the committee. Sufficient time to consider the agenda items is provided. Materials related to agenda items are provided to the committee members sufficiently in advance of the meeting where necessary to allow the members to prepare for discussion of the items at the meeting.
3. The responsibilities of each of the committees are determined by the Board from time to time.
4. Each committee is responsible for preparing an annual performance self-evaluation.

Periodic Review

These principles are reviewed by the Board from time to time.

From time to time we revise our Corporate Governance Principles in response to changing regulatory requirements, evolving best practices, and the concerns of our shareholders and other constituents. Our Corporate Governance Principles are published on our web site at www.pfizer.com, under the Who We Are For Investors Corporate Governance captions.

Other Governance Information

Presiding Director

The Chairs of our Audit, Compensation and Corporate Governance committees of the Board each preside as the chair at meetings or executive sessions of outside directors at which the principal items to be considered are within the scope of the authority of his or her committee. Our experience has indicated that this practice provides leadership at all of the meetings or executive sessions of outside directors without the need to designate a lead director.

Communications with Directors

As noted above, the Chairs of our Audit, Compensation and Corporate Governance Committees rotate responsibility for chairing the executive sessions of our outside (non-management) directors. You may communicate with the Chair of any of these committees by sending an e-mail to auditchair@pfizer.com, compchair@pfizer.com, or corpgovchair@pfizer.com, or with our outside directors as a group by sending an e-mail to non-managementdirectors@pfizer.com.

Director Qualification Standards

Pursuant to the recently proposed New York Stock Exchange listing standards, our Board of Directors has adopted a formal set of Director Qualification Standards with respect to the determination of director independence. In accordance with these Standards, a Director must be determined to have no material relationship with the Company other than as a Director. The Standards specify the criteria by which the independence of our Directors will be determined, including strict guidelines for Directors and their immediate families with respect to past employment or affiliation with the Company or its independent auditor. The Standards also prohibit Audit Committee members from any direct or indirect financial relationship with the Company, and restrict both commercial and not-for-profit relationships of all Directors with the

Edgar Filing: PFIZER INC - Form DEF 14A

Company. Directors may not be given personal loans or extensions of credit by the Company, and all Directors are required to deal at arm's length with the Company and its subsidiaries, and to disclose any circumstance that might be perceived as a conflict of interest.

The Board of Directors has determined that every Director, with the exceptions of Dr. McKinnell and Mr. Steere, is independent under these Standards.

The full text of our Director Qualification Standards is attached as Annex 5 to this Proxy Statement. These Standards also are published on our web site at www.pfizer.com, under the "Who We Are For Investors Corporate Governance Principles" captions.

Audit Committee Financial Experts

All of our current Audit Committee members Mr. Burt, Mr. Cornwell, Mr. Howell, Mr. Kamen and Dr. Vallès are audit committee financial experts.

Pfizer Policies on Business Ethics and Conduct

All our employees, including our Chief Executive Officer, Chief Financial Officer and Principal Accounting Officer, ("Officers") are required to abide by our long-standing Standards of Business Ethics and Conduct to insure that our business is conducted in a consistently legal and ethical manner. These Standards form the foundation of a comprehensive process that includes compliance with all corporate policies and procedures, an open relationship among colleagues that contributes to good business conduct, and an abiding belief in the integrity of our employees. Our policies and procedures cover all areas of professional conduct, including employment policies, conflicts of interest, intellectual property and the protection of confidential information, as well as strict adherence to all laws and regulations applicable to the conduct of our business.

Employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of the Standards of Business Ethics and Conduct. The Sarbanes-Oxley Act of 2002 requires companies to have procedures to receive, retain and treat complaints received regarding accounting, internal accounting controls or auditing matters and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters. We currently have such procedures in place, and we will monitor any rules adopted by the SEC to determine whether we need to modify our processes.

The full text of our Summary of Pfizer Policies on Business Conduct that includes the Standards is published on our web site, at www.pfizer.com, under the "Who We Are For Investors Corporate Governance" captions. We intend to disclose future amendments to, or waivers from, certain provisions of these Standards for Officers on our web site within two business days following the date of such amendment or waiver.

9

Board and Committee Membership

Our business, property and affairs are managed under the direction of our Board of Directors. Members of our Board are kept informed of our business through discussions with our Chairman and Chief Executive Officer and other officers, by reviewing materials provided to them, by visiting our offices and plants and by participating in meetings of the Board and its committees.

During 2002, the Board of Directors met ten times and had four committees. Those committees consisted of an Audit Committee, a Corporate Governance Committee, a Compensation Committee, and an Executive Committee. All of our incumbent Directors attended at least 89 percent of the regularly scheduled and special meetings of the Board and Board committees on which they served in 2002, and the average attendance of these Directors at all meetings during the year was 99 percent. In 2003, the Board established an additional committee, the Science and Technology Committee.

The table below provides 2002 membership and meeting information for each of the Board committees.

2002 Compensation of Non-Employee Directors

2002 Cash Retainer and Meeting Fees

* Mr. Steere resigned as a member of the Corporate Governance Committee in June 2002

Fees and Benefit Plans for Non-Employee Directors

Annual Cash Retainer Fees. As of January 1, 2003, non-employee Directors receive an annual cash retainer fee of \$26,000 per year. Non-employee Directors who serve on one or more Board committees (other than the Executive Committee and the new Science and Technology Committee) receive an additional annual fee of \$4,000. In addition, the Chair of a Board committee (other than the Executive Committee and the Science and Technology Committee) receives an additional \$6,000 per year, per committee.

The committee membership fee for each member of the Science and Technology Committee is \$8,000. The Chair of that committee receives an additional \$16,000 per year.

Meeting Fees. Non-employee Directors also receive a fee of \$1,500 for attending each Board meeting, committee meeting, the Annual Meeting of Shareholders, each day of a visit to a plant or office and for attending any other business meeting to which the Director is invited as a representative of the Company.

Unit Awards and Deferred Compensation. Under the Pfizer Inc. Nonfunded Deferred Compensation and Unit Award Plan for Non-Employee Directors (the Unit Award Plan), a non-employee Director is granted an initial award of 3,600 units when he or she becomes a Director. Afterwards, each non-employee Director is granted an annual award of 3,600 units (Annual Unit Award) on the day of our Annual Meeting, provided the Director continues to serve as a Director following the Meeting. The awards under the Unit Award Plan are made in addition to the Directors' annual cash retainers and meeting attendance fees. Such units are not payable until the recipient ceases to be a Director.

On the day of the 2002 Annual Meeting of Shareholders, all of our non-employee Directors who continued as Directors were awarded 3,600 units under the Unit Award Plan.

Non-employee Directors may defer all or a part of their annual cash retainers and meeting fees under the Unit Award Plan until they cease to be Directors. At a Director's election, the fees held in the Director's account may be credited either with interest at the rate of return of the Intermediate Treasury Index Fund of the Pfizer Savings Plan, or with units. The units are calculated by dividing the amount of the fee by the closing price of our common stock on the last business day of the fiscal quarter. The number of units in a Director's account is increased by the value of any distributions on the common stock. When an individual ceases to be a Director, the amount held in the Director's account is paid in cash. The amount paid is determined by multiplying the number of units in the account by the closing price of the common stock on the last business day before the payment date.

Retainer Unit Awards. Under the Pfizer Inc. Annual Retainer Unit Award Plan, each year, on the day of the Annual Meeting, every non-employee Director who continues to serve as a Director following the Meeting receives the equivalent of the value of his or her annual Board retainer fee in units. These awards are in addition to the Annual Unit Awards, the Directors' annual cash retainer and meeting attendance fees. The number of units awarded to the non-employee Director is based upon the five-day average of the closing trading price of our common stock on the New York Stock Exchange for the first five trading days after April 1 of each year (rounded up to the nearest unit). On the day of the 2002 Annual Meeting, all of our non-employee Directors who continued as Directors were awarded 666 units under this Plan.

Trusts. In certain circumstances, we fund trusts established to secure our obligations to make payments to our Directors under the above benefit plans, programs or agreements in advance of the date that payment is due.

Related Party Transactions

From time to time in 2002, we asked Dr. Brown to provide consulting services in connection with our business. He received a total of \$6,000 for those services. We do not anticipate that Dr. Brown will provide consulting services to us in the future.

In connection with his retirement, we entered into a consulting agreement with Mr. Steere in 2000. The agreement provides that Mr. Steere serve as Chairman Emeritus of the Company and, when and as requested by the Chief Executive Officer, provide consulting services and advice to the Company and participate in various external activities and events for the benefit of the Company. The initial term of the agreement is for five years and automatically extends for successive five-year terms unless Mr. Steere or the Company terminates the agreement at the end of its then current term. Mr. Steere may provide up to 30 days per year to the Company, subject to his reasonable availability, for his consulting services or his participation as a Company representative in external activities and events. He must obtain the approval of the Board of Directors before providing any consulting services, advice or service of any kind to any other company or organization that competes with us. For his services and commitments, the Company pays Mr. Steere (i) an annual retainer of \$50,000 (subject to his ability to continue to provide the contemplated services), and (ii) a fee of \$5,000 for each day he renders services. We also reimburse him for reasonable travel and living expenses that he incurs in providing these services for us. In addition, we provide him continued lifetime access to Company facilities and services comparable to those that were made available to him by the Company prior to his retirement.

We paid Mr. Steere \$50,000 in 2002 under the terms of this consulting agreement. Mr. Steere has voluntarily reimbursed the Company for all personal use of any Company services during 2002.

We incurred expenses in the following amounts in 2002 in connection with our payment of premiums for transitional coverage under Warner-Lambert's life and AD&D insurance policies for certain of the former Warner-Lambert Directors who joined our Board after our merger with Warner-Lambert:

\$5,100 for Mr. Howell, and \$3,180 for Mr. Lorch. These policies have been terminated.

We have business arrangements with organizations with which certain of our Directors are affiliated. However, none of these arrangements is material to either us or any of those organizations.

Independence

Under our new Director Qualification Standards, the Board of Directors has determined that every Director, with the exceptions of Dr. McKinnell and Mr. Steere, is independent.

Indemnification

We indemnify our Directors and officers to the fullest extent permitted by law so that they will be free from undue concern about personal liability in connection with their service to the Company. This is required under our By-laws, and we have also signed agreements with each of those individuals contractually obligating us to provide this indemnification to them.

ITEM 1 ELECTION OF DIRECTORS

The Board of Directors is divided into three classes, with one class currently consisting of four, one class currently consisting of five, and one class currently consisting of six Directors whose terms expire at successive Annual Meetings. Four Directors will be elected at the Annual Meeting to serve for a three-year term expiring at our Annual Meeting in 2006. However, if you approve our proposal to eliminate the classification of the Board of Directors, as more fully described in Item 3 of this Proxy Statement, then the term of all Directors, including those elected at the 2003 Annual Meeting, will end at the 2004 Annual Meeting of Shareholders, and all Directors will thereafter be elected for one-year terms.

The persons named in the enclosed proxy intend to vote the proxy for the election of each of the four nominees, unless you indicate on the proxy card that your vote should be withheld from any or all of the nominees.

The Board of Directors has proposed the following nominees for election as Directors with terms expiring in 2006 at the Annual Meeting (or in 2004 at the Annual Meeting if our proposal to eliminate the classification of the Board of Directors and to make related amendments to the Certificate of Incorporation is approved): M. Anthony Burns, William H. Gray III, William R. Howell and Stanley O. Ikenberry.

Each nominee elected as a Director will continue in office until his successor has been elected and qualified, or until his earlier death, resignation or retirement.

The Board of Directors unanimously recommends a vote FOR the election of these nominees as Directors.

We expect each nominee for election as a Director to be able to serve if elected. If any nominee is not able to serve, proxies will be voted in favor of the remainder of those nominated and may be voted for substitute nominees, unless the Board chooses to reduce the number of Directors serving on the Board.

The principal occupation and certain other information about the nominees and other Directors whose terms of office continue after the Annual Meeting are set forth on the following pages.

ITEM 2 APPROVAL OF AUDITOR

The Board of Directors, upon the recommendation of its Audit Committee, has ratified the selection of KPMG LLP to serve as our independent auditor for 2003, subject to the approval by our shareholders.

Representatives of KPMG LLP will be present at the Annual Meeting to answer questions. They also will have the opportunity to make a statement if they desire to do so.

The Board of Directors unanimously recommends a vote FOR the approval of KPMG LLP as our independent auditor for 2003.

Audit and Non-Audit Fees

The following table presents fees for professional audit services rendered by KPMG LLP for the audit of the Company's annual financial statements for the years ended December 31, 2002, and December 31, 2001, and fees billed for other services rendered by KPMG LLP during those periods: Certain amounts for 2001 have been reclassified to conform to the 2002 presentation.

	2001	2002
Audit fees:(1)	\$10,042,000	\$13,807,000
Audit related fees:(2)	695,000	1,768,000
Tax fees:(3)	20,885,000	10,944,000
All other fees:(4)	2,237,000	0
Total	\$33,859,000	\$26,519,000

(1) Audit fees consisted of audit work performed in the preparation of financial statements, as well as work generally only the independent auditor can reasonably be expected to provide, such as statutory audits.

(2) Audit related fees consisted principally of audits of employee benefit plans and special procedures related to regulatory filings in 2002.

(3) Tax fees consisted principally of assistance with matters related to the merger of various Pfizer and Warner-Lambert corporate entities throughout the world as well as tax compliance and reporting.

(4) All other fees in 2001 consisted principally of project management assistance, development of a supplier catalog and year-end closing support for subsidiaries.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditor

Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent auditor. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor.

Prior to engagement of the independent auditor for the next year's audit, management will submit an aggregate of services expected to be rendered during that year for each of four categories of services to the Audit Committee for approval.

1. **Audit** services include audit work performed in the preparation of financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, including comfort letters, statutory audits, and attest services and consultation regarding financial

accounting and/or reporting standards.

2. **Audit-Related** services are for assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.

3. **Tax** services include all services performed by the independent auditor's tax personnel except those services specifically related to the audit of the financial statements, and includes fees in the areas of tax compliance, tax planning, and tax advice.

4. **Other Fees** are those associated with services not captured in the other categories. The Company generally doesn't request such services from the independent auditor.

27

Prior to engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent auditor and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

Audit Committee Report

The Audit Committee reviews the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls.

In this context, the Committee has met and held discussions with management and the independent auditor regarding the fair and complete presentation of the Company's results. The Committee has discussed significant accounting policies applied by the Company in its financial statements, as well as alternative treatments. Management represented to the Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the consolidated financial statements with management and the independent auditor. The Committee discussed with the independent auditor matters required to be discussed by Statement on Auditing Standards No. 61 (Communication With Audit Committees).

In addition, the Committee has discussed with the independent auditor the auditor's independence from the Company and its management, including the matters in the written disclosures required by the Independence Standards Board Standard No. 1 (Independence Discussions With Audit Committees). The Committee also has considered whether the independent auditor's provision of non-audit services to the Company is compatible with the auditor's independence. The Committee has concluded that the independent auditor is independent from the Company and its management.

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the internal and independent auditors, with and without management present to discuss the results of their examinations, the evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002, for filing with the Securities and Exchange Commission. The Committee has selected and the Board of Directors has ratified, subject to shareholder approval, the selection of the Company's independent auditor.

**ITEM 3 AMENDMENT TO CERTIFICATE OF INCORPORATION
ELIMINATING THE CLASSIFICATION OF THE BOARD OF DIRECTORS**

Article Seventh of the Company's Certificate of Incorporation provides for the classification of the Board of Directors into three classes, with each class being elected every three years, and contains provisions relating to such classification concerning the filling of Director vacancies and the removal of Directors. The Board of Directors has determined that the Certificate of Incorporation should be amended to repeal these provisions of Article Seventh and to make certain conforming changes as appropriate, and has unanimously adopted a resolution approving the amendment, declaring its advisability and recommending such amendment to our shareholders.

If the proposed amendment is approved by our shareholders, the classified Board will be eliminated, the current term of office of each Director will end at the 2004 Annual Meeting of Shareholders, and Directors will thereafter be elected for one-year terms at each Annual Meeting of Shareholders. Furthermore, any Director chosen as a result of the newly created directorship or to fill a vacancy on the Board of Directors will hold office until the next Annual Meeting of Shareholders.

A classified board of directors has the effect of making it more difficult for a substantial shareholder to gain control of a board of directors without the approval or cooperation of incumbent directors and therefore may deter unfriendly and unsolicited takeover proposals and proxy contests. A classified board of directors also makes it more difficult for shareholders to change a majority of directors even where a majority of shareholders are dissatisfied with the performance of incumbent directors. Many institutional investors believe that the election of directors is the primary means for shareholders to influence corporate governance policies and to hold management accountable for implementing these policies.

The Board of Directors examined the arguments for and against continuation of the classified Board, in light of the size and financial strength of the Company, listened to the views of a number of its shareholders, and determined that the classified Board should be eliminated. The Board believes that all Directors should be equally accountable at all times for the Company's performance and that the will of the majority of shareholders should not be impeded by a classified board.

The proposed amendment will allow shareholders to review and express their opinions on the performance of all Directors each year. Because there is no limit to the number of terms an individual may serve, the continuity and stability of the Board's membership and our policies and long-term strategic planning should not be affected.

The text of the proposed amendment and related amendments to the Certificate of Incorporation is attached as Annex 6 to this Proxy Statement.

The Board of Directors unanimously recommends a vote FOR the approval of the proposal to eliminate the classification of the Board of Directors and the related amendments to the Certificate of Incorporation.

Long-Term Incentive Plan Awards in 2002

This table gives information concerning the participation of the Named Executive Officers in a long-term compensation plan called the 2001 Performance-Contingent Share Award Plan. Under this plan, they were awarded the right to earn shares of our common stock (Performance-Contingent Shares). Actual payouts of these Performance-Contingent Shares, if any, will be determined by a non-discretionary formula, which measures our performance over a five-year period using total shareholder return (including reinvestment of dividends) and growth in diluted earnings per share, measured over the performance period relative to the industry Peer Group. If our minimum performance in both measures is below the threshold level relative to the Peer Group, then no Performance Contingent Shares will be earned. To the extent the Company's performance on either or both measures exceeds the threshold performance level relative to the Peer Group, a varying amount of shares of common stock up to the maximum will be earned. These awards are also discussed in the Compensation Committee Report.

(1) The actual number of Performance-Contingent Shares that will be paid out at the end of the applicable period, if any, cannot be determined because the shares earned by the Named Executive Officers will be based upon our future performance compared to the future performance of the Peer Group.

(2) If our minimum performance in both measures is below the threshold level relative to the Peer Group, then no Performance Contingent Shares will be earned. To the extent the Company's performance on either or both measures exceeds the threshold performance level relative to the Peer Group, a varying amount of shares of common stock up to the maximum will be earned.

Compensation Committee Report

Overview of Compensation Philosophy and Program

The Compensation Committee establishes the salaries and other compensation of the executive officers of the Company, including its Chairman and CEO and other executive officers named in the Compensation Table (the "Named Executive Officers"). The Committee consists entirely of independent Directors who are not officers or employees of the Company.

The Company's executive compensation program consists of salaries, Executive Annual Incentive Awards and long-term incentive compensation and is designed to:

- retain executive officers by paying them competitively, motivate them to contribute to the Company's success and reward them for their performance;

- link a substantial part of each executive officer's compensation to the performance of both the Company and the individual executive officer; and

- encourage significant ownership of Company common stock by executive officers.

The Committee also intends that all incentive compensation paid to the Named Executive Officers will be deductible for federal income tax purposes.

Evaluation of Executive Performance in 2002

The Committee does not rely solely on predetermined formulas or a limited set of criteria when it evaluates the performance of the Chairman and CEO and the Company's other executive officers.

In 2002, the Committee considered management's continuing achievement of its short and long-term goals, including:

- the financial, operational and strategic merits of business development, notably the acquisition of Pharmacia;

- improving operating margins;

- revenue growth versus industry;

- earnings-per-share growth;

- exceeding the merger-related synergy/cost savings targets relating to the Warner-Lambert merger;

- continued optimization of organizational effectiveness and productivity;

- the breadth of the current product portfolio, and the acceptance of those products in the marketplace, which drove considerable sales growth, resulting in furthering the Company's position as the number one pharmaceutical company;

- the number of promising product candidates under development by the Company; and

- the development of talent and leadership throughout the Company.

The Committee also considers management's responses to the changes occurring within the global marketplace for health-care products and services. The unprecedented discovery by the pharmaceutical industry of innovative medicines that effectively treat chronic as well as acute health problems has focused attention on the issues of access and adequate third-party coverage for prescription drugs, particularly for

low-income individuals and the elderly. It is the Committee's opinion that management continues to effectively develop and implement strategies within the marketplace and at the local and federal levels of government to address these issues, enabling the Company to remain a leader in the health-care industry. In December 2002 Pfizer announced new and expanded initiatives designed to address the growing threat to human health posed by the HIV/AIDS pandemic. The success of these efforts and their benefits to the Company cannot, of course, be quantifiably measured, but the Committee believes they are vital to the Company's continuing success.

Total Compensation

To establish target total compensation levels of Company executives, the Committee considers total compensation in the

33

competitive market. The total compensation package for each executive is then broken down into the three basic components indicated above, as discussed in more detail below. No executive officer of the Company is receiving compensation from any subsidiary or affiliated organization of the Company. The Committee intends to continue its strategy to compensate its executives by maintaining its emphasis on performance-based incentive compensation. While target salary and bonus levels are set at the median of the Peer Group and a select group of large global companies, based on available public data and the analysis of its outside compensation advisors, the total compensation of Dr. McKinnell and the other Named Executive Officers apart from Dr. Niblack generally fell in the upper quartile of total compensation paid to executives holding equivalent positions in these companies. The Committee believes that this position was consistent with the outstanding performance of the Company compared to these companies.

Salaries

The 2002 salaries of the Named Executive Officers are shown in the "Salary" column of the Summary Compensation Table. Dr. McKinnell, received a salary of \$1,809,900 for 2002. For 2003, it has been set at \$2,042,700.

Executive Annual Incentive Awards

In 1997, the Board of Directors adopted and the shareholders approved the Pfizer Inc. Executive Annual Incentive Plan. Under the terms of this Plan a maximum award of 0.3% of Adjusted Net Income as defined in the Plan was established for each employee participating in the Plan. This maximum exceeds the current level of Annual Incentive Awards made by the Committee and the Committee will continue to base the awards on Company and individual performance criteria within the established maximum.

For 2002, an Annual Incentive Award of \$3,499,300 for Dr. McKinnell was approved by the Committee and confirmed by the Board. The Annual Incentive Awards for 2002 paid to each of the Named Executive Officers are shown in the "Bonus" column of the Summary Compensation Table.

Long-Term Incentive Compensation

In 2002, Dr. McKinnell and the other executive officers participated in the Company's long-term incentive compensation program consisting of stock options and Performance-Contingent Share Awards.

Stock options granted to Dr. McKinnell and the other Named Executive Officers, when combined with the value of the Performance-Contingent Shares that these officers may potentially earn, are targeted to fall at the 75th percentile of the value of long-term incentives granted by the Peer Group to executive officers holding comparable positions. This targeted positioning is intended to support sustained exceptional performance, given the long-term, high-risk nature of our core business.

(a) Stock Options

The Committee granted stock options to each executive officer in February 2002 under the Company's 2001 Stock and Incentive Plan.

The Named Executive Officers apart from Dr. Niblack were awarded the number of stock options shown in the table headed "Option Grants in 2002." As shown in the table, the stock option grants vest ratably on the third, fourth and fifth anniversary of the stock option grant. Dr. McKinnell was awarded 900,000 stock options in 2002.

(b) Performance-Contingent Share Awards

Edgar Filing: PFIZER INC - Form DEF 14A

The Committee established awards for Dr. McKinnell and other executive officers, apart from Dr. Niblack, including the other Named Executive Officers, for the 2003-2007 performance period under the 2001 Performance-Contingent Share Award Plan. Payments pursuant to the awards are determined by using a non-discretionary formula comprised of the following two performance criteria measured over the applicable performance period relative to the performance of the Peer Group:

total shareholder return; and

diluted earnings per share growth.

The performance formula weighs each criterion equally. If our performance in both

34

measures is below the threshold level relative to the Peer Group, then no Performance-Contingent Shares will be earned. To the extent that the Company's performance on either or both measures exceeds the threshold performance level relative to the Peer Group, a varying amount of shares of common stock up to the maximum will be earned.

Based on the Company's performance during the performance periods ending December 31, 2002, Dr. McKinnell and the other Named Executive Officers earned 367,920 Performance-Contingent Shares under the Program award formula described above.

The total number of shares earned by each of the Named Executive Officers for the 1998-2002 Program is shown in footnote 4 to the "LTIP Payouts" column of the Summary Compensation Table. The number of Performance-Contingent Shares that the Named Executive Officers may earn at the end of the five-year performance period 1/1/2003-12/31/2007 is shown in the table headed "Long-Term Incentive Plan Awards in 2002." Dr. McKinnell earned 169,920 shares for the 1998-2002 performance period, and the number of Performance-Contingent Shares that Dr. McKinnell may earn at the end of the five-year performance period (1/1/2003-12/31/2007) will range from 0 to 330,000.

Stock Ownership Program

The Company maintains stock ownership requirements for its executive and other officers. "Stock ownership" is defined as stock owned by the executive officer directly or through the Company's Savings Plan, or awarded pursuant to the 2001 Performance-Contingent Share Award Plan or its predecessor Performance-Contingent Share Award Program, and subsequently deferred. Under the current guidelines of the program established by the Committee, employee Directors (currently Dr. McKinnell) are required to own Company common stock equal in value to at least five times their annual salaries. The program also extends to the other Named Executive Officers and other members of the Pfizer Leadership Team, who are required to own Company common stock equal in value to at least four times their annual salaries. All other elected corporate officers are required to own Company stock with a value equivalent to three times their annual salaries, and all other participants in the 2001 Performance-Contingent Share Award Plan are required to own an amount equal in value to their annual salaries. The Committee has determined that, as of February 28, 2003, all employees covered by these guidelines met their ownership targets.

Employee Benefit and Long-Term Compensation Plans

Retirement Annuity Plan

The Retirement Annuity Plan (the Retirement Plan) is a funded, tax-qualified, noncontributory defined-benefit pension plan that covers certain employees, including the Named Executive Officers. Benefits under the Retirement Plan are based upon the employee's years of service and the employee's highest average earnings for a five calendar-year period with us and/or our "Associate Companies," and are payable after retirement in the form of an annuity or a lump sum. Earnings covered by the Retirement Plan are base pay, bonus, and restricted stock awards granted under the Company's previous Stock and Incentive Plan, and Performance-Contingent Share awards granted for performance periods beginning prior to January 1, 2001. Any restricted stock awards granted after April 26, 2001, and any Performance-Contingent Share awards for periods beginning on January 1, 2001 and later, are not counted as earnings covered by the Retirement Plan. The amount of annual earnings that may be considered in calculating benefits under the Retirement Plan is limited by law. For 2003, the annual limitation is \$200,000.

Benefits under our Retirement Plan are calculated as an annuity equal to the greater of:

1.4 percent of the participant's highest final average earnings multiplied by years of service; or

1.75 percent of such earnings less 1.5 percent of Primary Social Security benefits multiplied by years of service.

Years of service under these formulas cannot exceed 35. Contributions to the Retirement Plan are made entirely by us and are paid into a trust fund from which the benefits of participants will be paid.

The Retirement Plan currently limits pensions paid under the Plan to an annual maximum of \$160,000, payable at age 65. We also have an unfunded supplemental plan that provides out of our general assets an amount substantially equal to the difference between the amount that would have been payable under the Retirement Plan, in the absence of legislation limiting pension benefits and earnings that may be considered in calculating pension benefits, and the amount actually payable under the Retirement Plan. In certain circumstances, we fund trusts established to secure obligations to make payments under the supplemental plan.

Pension Plan Table

The following table shows, for the final compensation and years of service indicated, the annual pension benefit payable commencing upon retirement at age 65 under the present benefit formula of the Retirement Plan and its related supplemental plan. The estimated retirement benefits have been computed on the assumptions that:

payments will be made in the form of a 50 percent joint and survivor annuity (and both the Retirement Plan member and spouse are age 65);

during the period of employment the employee received annual compensation increases of six percent; and

the employee retired as of December 31, 2002.

Edgar Filing: PFIZER INC - Form DEF 14A

As of September 1, 2002, the date of his retirement, Dr. Niblack had 35 years; and as of December 31, 2002, Dr. McKinnell had 32 years; Ms. Katen had 28 years; Mr. Shedlarz had 26 years; and Mr. Kindler had one year under the Retirement Plan and the related supplemental plan.

Compensation covered by the Retirement Plan and its related supplemental plan for the Named Executive Officers equals the amounts set forth in the 2002 "Salary," "Bonus" and "LTIP Payouts" columns of the Summary Compensation Table, as well as restricted stock awards granted prior to April 26, 2001.

Dr. Corr is participating in the Warner-Lambert Retirement Plan. This Plan is a defined benefit, career average plan which was last updated effective December 31, 1999. The Plan provides that annual creditable earnings are determined by an employee's January 1st base salary plus overtime and annual incentive awards. Benefits under this plan are generally calculated as an annuity equal to 1.5 percent of the participant's creditable earnings.

Dr. Corr is also participating in the Warner-Lambert Supplemental Pension Income Plan (the "Warner-Lambert Supplemental Plan"). The benefits under this plan are based upon average final compensation (the total amount of an employee's compensation for the three calendar years during which such employee's compensation was the highest of the five-year period of service ending with the employee's early or normal retirement date, divided by three). Compensation for this purpose is the sum of the employee's January 1st base salary plus annual incentive awards. The benefit under the Warner-Lambert Supplemental Plan would be reduced by the benefit payable under the Warner-Lambert Retirement Plan and certain other retirement benefits including Social Security. The Warner-Lambert Supplemental Plan also provides for payment to eligible employees of amounts they would have received under the Warner-Lambert Retirement Plan in the absence of legislation limiting pension benefits and earnings that may be considered in calculating pension benefits. Dr. Corr's accrued benefit under this plan, disregarding the offsetting benefits as of December 31, 2002 is about \$145,000 payable annually in a joint and 50% survivor annuity at age 65. As of December 31, 2002, Dr. Corr had four years of service under the Warner-Lambert Retirement Plan and the Warner-Lambert Supplemental Plan.

2001 Performance-Contingent Share Award Plan

Under the 2001 Performance-Contingent Share Award Plan, participating employees may be granted an opportunity by our Compensation Committee to earn shares of common stock, provided certain performance criteria are met. The performance formula is nondiscretionary and is comprised of two performance criteria:

total shareholder return (including reinvestment of dividends); and

growth in diluted earnings per share;

measured over the applicable performance period relative to the performance of the Peer Group. Our 100 highest-ranking employees are eligible to participate. All awards granted under the Plan are based upon a five-year performance period.

Awards under our previous Performance-Contingent Share Award Program were based on the same criteria. While no further awards may be granted under that Program, outstanding awards will continue to vest.

Awards earned by the Named Executive Officers under the previous Performance-Contingent Share Award Program for the performance period ended December 31, 2002, are shown in the "LTIP Payouts" column of the Summary Compensation Table. Receipt of shares awarded under the current Plan and the previous Program may be deferred.

Executive Annual Incentive Plan

The Named Executive Officers and other senior employees participate in the Executive Annual Incentive Plan. The purpose of this Plan is to ensure the tax deductibility of the bonus for the Company. The maximum individual annual bonus under this plan is 0.3% (three tenths of one percent) of Adjusted Net Income. The Annual Incentive Plan defines "Adjusted Net Income" to mean income before cumulative effect of accounting changes as shown on the audited Consolidated Statement of Income of the Company. If income before cumulative effect of accounting changes is not shown on the Statement, then Adjusted Net Income will mean net income as shown on the Statement. Receipt of bonuses paid from this Plan can be deferred until a later date or retirement. Such deferred bonuses may be invested under the Pfizer Inc. Deferred Compensation Plan in either a Pfizer unit fund or an interest-bearing fund.

38

2001 Stock and Incentive Plan

Under the 2001 Stock and Incentive Plan, our employees may be granted stock options, stock awards (including restricted stock awards) or performance-based stock awards, either as a result of a general grant or as a result of an award based on having met certain performance criteria. Where an employee also is an elected corporate officer, the performance criteria are determined by the Compensation Committee. Our non-employee Directors are not eligible to participate in this Plan.

Awards and options granted under our previous Stock and Incentive Plan will continue to vest and the options may be exercised in the future.

Warner-Lambert Incentive Compensation Plan

The Warner-Lambert Incentive Compensation Plan provides for, among other things, deferral of annual incentive awards for certain executives of the former Warner-Lambert Company. The deferral amounts earn interest at the prime rate plus 2% annually. This deferral opportunity has been continued for a period of time following the merger with the Warner-Lambert Company as a result of contractual obligations.

Warner-Lambert Company 1996 Stock Plan

Under the Warner-Lambert 1996 Stock Plan, as a result of our merger with Warner-Lambert, all stock options and restricted stock awards outstanding as of June 19, 2000, became immediately exercisable or vested.

Under this Plan, the Directors of Warner-Lambert could elect to defer any or all of the compensation they received for their services. These deferred amounts could have been credited to a Warner-Lambert Common Stock Equivalent Account (the Equivalent Account). That Equivalent Account was credited, as of the day the fees would have been payable, with stock credits equal to the number of shares of Warner-Lambert common stock that could have been purchased with the dollar amount of such deferred fees. The former Warner-Lambert Directors, Messrs. Burt, Gray, Howell, and Lorch, who joined our Board after the merger, had deferred compensation and were entitled to Warner-Lambert stock credits in the Equivalent Account under this Plan. Upon the closing of the merger, these Warner-Lambert stock credits were converted into Pfizer stock units. These units will be payable in Pfizer common stock at various times in accordance with the individual's election. These units are described in footnote 1 to the table entitled "Securities Ownership of Officers and Directors."

Pfizer Savings Plan

After our merger with Warner-Lambert on June 19, 2000, Pfizer maintained three savings plans for eligible U.S. employees—the Pfizer Savings and Investment Plan, the U.S. Warner-Lambert Savings and Stock Plan, and the Agouron 401(k) Plan. In February 2002, we combined the plans into the Pfizer Savings Plan (although the U.S. Warner-Lambert Plan will continue for a time to cover certain U.S. employees under the terms of a collective bargaining agreement).

Under the Pfizer Savings Plan (the Savings Plan), a tax-qualified retirement savings plan, participating employees may contribute up to 20 percent of compensation on a before-tax basis, or 15 percent of compensation on an after-tax basis, into their Savings Plan accounts. In addition, under the Savings Plan, we match an amount equal to one dollar for each dollar contributed by participating employees on the first three percent

of their regular earnings and fifty cents for each additional dollar contributed on the next three percent of their regular earnings. Our matching contributions are invested solely in our common stock.

Effective for 2003, the Savings Plan limits the additions that can be made to a participating employee's account to \$40,000 per year. "Additions" include our matching contributions, before-tax contributions made by us at the request of the participating employee under Section 401(k) of the Internal Revenue Code, and employee after-tax contributions.

Of those additions, the current maximum before-tax contribution is \$12,000 per year (or \$14,000 per year for certain participants age 50 and over). In addition, no more than \$200,000 of annual compensation may be taken into account in computing benefits under the Savings Plan.

39

We have a Supplemental Savings Plan to pay out of general assets an amount substantially equal to the difference between the amount that, in the absence of legislation limiting such additions and the \$200,000 limitation on earnings, would have been allocated to an employee's account as before-tax contributions, our matching contributions and the amount actually allocated under the Savings Plan.

In certain circumstances, we fund trusts established to secure obligations to make payments under the Supplemental Plan.

Amounts deferred, if any, under the previous Pfizer Savings and Investment Plan and the related Supplemental Plan by the Named Executive Officers are included in the "Salary" and "Bonus" columns of the Summary Compensation Table. Our matching contributions allocated to the Named Executive Officers under the Pfizer Savings and Investment Plan and the related Supplemental Plan are shown in the "All Other Compensation" column of the Summary Compensation Table.

Employment and Severance Agreements

Employment Agreements

Chief Executive Officer

In 2001, we entered into an employment agreement with Dr. McKinnell that provides for his employment as Chief Executive Officer of the Company through February 29, 2008. Dr. McKinnell's agreement provides that he will receive an annual base salary of at least \$1,350,000, and will be eligible to receive an incentive bonus in accordance with the guidelines established by the Compensation Committee, as well as to participate in our executive benefit and incentive plans (including stock-based plans).

Under the terms of the agreement, if Dr. McKinnell's employment is terminated by reason of death, disability or retirement, he is entitled to receive (a) a payment equal to his base salary through the date of termination to the extent not already paid, (b) a prorated portion of his incentive bonus based on his prior year's incentive bonus, (c) his actual earned incentive bonus for any period not already paid, (d) amounts to which he is entitled under our benefit plans, (e) vesting of outstanding unvested stock options and other equity-based awards, and (f) continued coverage in our health benefit plans. If Dr. McKinnell's employment is terminated by the Company without cause or by Dr. McKinnell for good reason (as defined in the agreement), he is entitled to receive (a) a payment equal to his base salary earned but unpaid through the date of termination, a prorated portion of his incentive bonus based on the prior year's incentive bonus, and any incentive bonus amount earned but not yet paid, (b) a payment equal to his annual base salary plus the most recent year's incentive bonus multiplied by the greater of (i) two or (ii) the number of years remaining on the contract, (c) vesting of outstanding stock options and equity-based awards, (d) benefits under all plans for a period of two years following termination, as well as vesting of all awards under the plans, and (e) continued coverage in the Company's health benefit plans.

If any payment or distribution by the Company to Dr. McKinnell is determined to be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, he is entitled to receive from the Company a payment on an after-tax basis equal to the federal, state and local income and excise taxes imposed, and any penalties and interest. The agreement also contains provisions that restrict Dr. McKinnell's ability to engage in any business which is competitive with the Company's business for a period of one year following his retirement or termination for cause or without good reason or to solicit Company employees for a period of two years following such retirement or termination.

General Counsel

In 2002, we entered into an agreement with Mr. Kindler in connection with his employment as our General Counsel.

Under the terms of the agreement, if at any time before January 1, 2005, Mr. Kindler's employment is terminated by the Company without cause or by Mr. Kindler for good reason (as those terms are defined in the agreement), Mr. Kindler will be entitled to receive a lump sum payment equal to the sum of: (a) his base salary, earned but unpaid, through the date of termination; and (b) a prorated portion of his Annual Incentive Compensation. Annual Incentive Compensation is defined to mean the greater of (x) the amount of the annual incentive award, if any, paid to Mr. Kindler for the year immediately preceding the year in which the termination occurs or (y) the target amount of his annual incentive award for the year in which termination occurs. In addition, he will be entitled to receive a lump sum amount equal to (a) one full year's base salary, plus (b) his Annual Incentive Compensation, as previously defined.

The benefits provided under this agreement will be reduced by any benefits payable to Mr. Kindler as a result of termination of his employment following a change in control of the Company that occurs during the term of this agreement.

Senior Vice President, Science and Technology

In 2001, we entered into an agreement with Dr. Corr in connection with his acceptance of employment with Pfizer following our merger with Warner-Lambert.

Under the terms of the agreement, Dr. Corr receives a base salary of no less than \$600,000 per year and an annual incentive target award of a minimum of 50% of base salary, ranging up to a maximum of 100% of base salary depending upon his performance. For the three years following the merger, (i.e. - until May 2003), assuming acceptable performance and continued employment, Dr. Corr's combined annual salary and incentive award will not be less than \$980,600, which represents the total of Dr. Corr's annual salary and incentive award with Warner-Lambert immediately preceding the merger.

Severance Agreements

We have entered into severance agreements with our elected corporate officers, including each of the Named Executive Officers. The agreements continue through September 30 of each year, and provide that they are to be automatically extended in one-year increments unless we give prior notice of termination.

These agreements are intended to provide for continuity of management in the event of a change in control. The agreements provide that covered executive officers could be entitled to certain severance benefits following a change in control of the Company. If, following such a change in control, the executive officer is terminated for any reason, other than for disability or for cause, or if such executive officer terminates his or her employment for good reason (as defined in the agreements), then the executive officer is entitled to a severance payment that will be 2.99 times the greater of (i) the executive officer's base amount, as defined in the agreements or (ii) the sum of the executive officer's (a) base salary in effect at the time of termination and (b) the higher of the (x) last full-year annual incentive payment or (y) target annual incentive payment for the year in which termination occurs. The severance payment generally would be made in the form of a lump sum.

In addition, in the event of such a termination following a change in control, under the agreements each executive officer would receive a payout of all outstanding Performance-Contingent Share Awards that had been granted prior to the date of termination at the maximum amounts that could have been earned pursuant to the awards, along with all shares earned but deferred in accordance with the deferral feature of the Performance-Contingent Share Award Plan and its predecessor Program. The executive officer also would receive a benefit payable from our general funds calculated using the benefit calculation provisions of our Retirement Annuity Plan and our unfunded Supplemental Retirement Plan with the following additional features:

the executive officer would receive credit for an additional three years of service and compensation for purposes of calculating such benefit;

the benefit would commence at age 55 (or upon the date of termination, if the executive officer is then over age 55) and for this purpose, three years would be added to the executive officer's age;

such benefit would be further determined without any reduction on account of its receipt prior to age 65; and

such benefit would be offset by any amounts otherwise payable under our Retirement Annuity Plan and unfunded Supplemental Retirement Plan.

The executive officer would also become vested in all other benefits available to our retirees. All restrictions on restricted stock awarded to such executive officer would lapse and all unvested options granted to such executive officer would vest and become exercisable for the remainder of the term of the option.

If a change in control occurs, the agreements are effective for a period of four years from the end of the then existing term. Under the severance agreements, a change in control would include any of the following events:

42

-
- any "person," as defined in the Securities Exchange Act of 1934, as amended, acquires 20 percent or more of our voting securities;
 - a majority of our Directors are replaced during a two-year period; or
 - shareholders approve certain mergers, or a liquidation or sale of our assets.

In the event that any payments made in connection with a change in control would be subjected to the excise tax imposed by Section 4999 of the Code, we will "gross up" the executive officer's compensation for all federal, state and local income and excise taxes and any penalties and interest.

In certain circumstances, we fund trusts established to secure our obligations to make payments under the severance agreements in advance of the time payment is due.

43

REQUIREMENTS, INCLUDING DEADLINES, FOR SUBMISSION OF PROXY PROPOSALS, NOMINATION OF DIRECTORS AND OTHER BUSINESS OF SHAREHOLDERS

Under the rules of the SEC, if a shareholder wants us to include a proposal in our Proxy Statement and form of proxy for presentation at our 2004 Annual Meeting of Shareholders, the proposal must be received by us at our principal executive offices at 235 East 42nd Street, New York, NY 10017-5755 by November 17, 2003. The proposal should be sent to the attention of the Secretary of the Company.

Under our By-laws, and as permitted by the rules of the SEC, certain procedures are provided which a shareholder must follow to nominate persons for election as Directors or to introduce an item of business at an Annual Meeting of Shareholders. These procedures provide that nominations for Director nominees and/or an item of business to be introduced at an Annual Meeting of Shareholders must be submitted in writing to the Secretary of the Company at our principal executive offices. We must receive the notice of your intention to introduce a nomination or to propose an item of business at our 2004 Annual Meeting no later than:

v

Charter Science and Technology Committee

Status

The Science and Technology Committee is a committee of the Board of Directors.

Purpose

The Science and Technology Committee shall periodically examine management's direction and investment in the Company's pharmaceutical research and development and technology initiatives. The Committee will function as a broadly knowledgeable and objective group of scientists and non-scientists to consider and report periodically to the Board on matters relating to the investment in the Company's research and development and technology initiatives.

Membership

The Science and Technology Committee shall consist of three or more directors. At least one member of the Committee shall, in the judgment of the Board of Directors, have scientific research expertise. The Committee may engage external consultants, providing a broad range of expertise in both basic and clinical sciences, as well as technologies. Their individual service will extend for a one-year term, renewable at the discretion of the Science and Technology Committee of the Board.

The Science and Technology Committee may meet privately with independent consultants and be free to speak directly and independently with any members of management in discharging its responsibilities.

The Committee shall meet at such times as it deems to be necessary or appropriate, but not less than twice each year, and shall report at the next Board meeting following each such committee meeting.

- evaluate the soundness/risks associated with the technology in which the Company is investing its research and development efforts.

- periodically review the Company's overall patent strategies.

Director Qualification Standards

Determination of Independence.

To be considered "independent" for purposes of these standards, a director must be determined, by resolution of the Board as a whole, after due deliberation, to have no material relationship with the Company other than as a director. In each case, the Board shall broadly consider all relevant facts and circumstances and shall apply the following standards:

1. In no event will a director be considered "independent" if, within the preceding five years: (i) the director was employed by the Company or any of its direct or indirect subsidiaries; (ii) an immediate family member of the director was employed by the Company as an officer; (iii) the director was employed by or affiliated with the Company's independent auditor; (iv) an immediate family member of the director was employed by the Company's independent auditor as a partner, principal or manager; or (v) an executive officer of the Company was on the board of directors of a company that employed either the director or an immediate family member of the director as an officer.
2. Audit Committee members may not have any direct or indirect financial relationship whatsoever with the Company other than as directors. Audit committee members may receive directors' fees, in the form of cash, stock, stock units, stock options or other in-kind consideration ordinarily available to directors, as well as regular benefits that other directors receive.
3. The following commercial or not for profit relationships will not be considered to be material relationships that would impair a director's independence: (i) if a director of the Company is an executive officer of another company that does business with the Company and the annual sales to, or purchases from, the Company are less than one percent of the annual revenues of the company he or she serves as an executive officer; (ii) if a director of the Company is an executive officer of another company which is indebted to the Company, or to which the Company is indebted, and the total amount of either company's indebtedness to the other is less than one percent of the total consolidated assets of the company he or she serves as an executive officer; and (iii) if a director of the Company serves as an officer, director or trustee of a not for profit organization, and the Company's, or the Pfizer Foundation's discretionary charitable contributions to the organization, in the aggregate, are less than one percent (or \$50,000, whichever is greater) of that organization's latest publicly available operating budget. Annually, the board will review all commercial and charitable relationships of directors. Whether directors meet these categorical independence tests will be reviewed and will be made public annually prior to their standing for re-election to the board.
4. For relationships not covered by the guidelines in paragraph 3, above, the determination of whether the relationship is material or not, and therefore whether the director would be independent or not, shall be made by the directors who satisfy the independence guidelines set forth in paragraphs 1 and 3, above. The Company would explain in the next proxy statement the basis for any board determination that a relationship is immaterial despite the fact that it does not meet the categorical standards of immateriality set forth in paragraph 3, above.
5. The Company will not make any personal loans or extensions of credit to directors or executive officers.
6. To help maintain the independence of the Board, all directors are required to deal at arm's length with the Company and its subsidiaries and to disclose circumstances material to the director that might be perceived as a conflict of interest.

vii

Proposed Amendments to the Company's Certificate of Incorporation

Paragraphs (2), (3), (4) and (13) of Article SEVENTH of Pfizer's Certificate of Incorporation are amended to read as follows:

- (2) Election of directors need not be by ballot unless the By-laws so provide.
- (3) Subject to the rights of the holders of any one or more series of Preferred Stock then outstanding, newly created directorships resulting from any increase in the authorized number of directors or any vacancies in the Board of Directors resulting from death, resignation, retirement, disqualification, removal from office or other cause shall be filled solely by the Board of Directors, acting by not less than a majority of the Directors then in office, although less than a quorum. Any director so chosen shall hold office until his successor shall be elected and qualified. No decrease in the number of directors shall shorten the term of any incumbent director.

(4) Deleted.

(13) Notwithstanding any other provision of law which might otherwise permit a lesser vote or no vote, but in addition to any affirmative vote of the holders of any particular class of capital stock of the Corporation as are entitled to vote generally in the election of directors ("Voting Stock") required by law or this Certificate of Incorporation, the affirmative vote of the holders of at least 80% of all of the then outstanding shares of Voting Stock, voting together as a single class, shall be required to alter, amend or repeal paragraphs (1),(3),(5), (8), (10) or this paragraph (13) of this Article SEVENTH.
