DIRECTOR NOMINATION PROCESS

The Governance and Nominating Committee of the Board of Directors is responsible for identifying, evaluating, and recommending to the Board nominees for election as Directors of the Corporation.

The Governance and Nominating Committee seeks to nominate persons for election to the Board of Directors who have experience, backgrounds, and skills appropriate for the current needs of the Corporation. In carrying out the nomination process, the Committee works to identify potential candidates and welcomes recommendations from other members of the Board, members of management, shareholders, and other interested persons. From time to time, the Committee also may retain a professional search firm to assist in identifying and evaluating candidates. In this connection, Margarita K. Dilley, who was recently elected as a Director of the Corporation and who is standing for election as a Class II Director at this Annual Meeting, was recommended to the Governance and Nominating Committee by the professional search firm of Russell Reynolds Associates, Inc. as a potential candidate for election to the Board.

On an annual basis, the Governance and Nominating Committee reviews the current size, composition, and organization of the Board and of its Committees, determines future needs, and makes recommendations to the Board as appropriate. The Committee evaluates Director candidates, including incumbent Directors, and seeks to recommend nominees who would strengthen the Board and fill needs for particular skills or attributes among the Directors. This evaluation is performed in the context of Board-approved "Criteria for Selecting New Directors" and of Sections 2, 3, 4, and 5 of the Corporation's Governance Guidelines. These Sections of the Governance Guidelines relate to the functions of the Board, the responsibilities and duties of Directors, the desired qualifications of Directors, and the requirement that a majority of Directors be independent in accordance with the Listed Company Manual of the New York Stock Exchange. The Corporation's "Criteria for Selecting New Directors" and its Governance Guidelines are available on the Corporation's Internet site at

Edgar Filing: CH ENERGY GROUP INC - Form DEF 14A

www.chenergygroup.com. All potential candidates, including persons recommended by security holders, are evaluated in the same manner and according to the same standards.

When the Governance and Nominating Committee identifies a candidate that merits in-depth consideration, the Committee invites the Chairman of the Board, President and Chief Executive Officer to assess the person's qualifications and to discuss his views about the person with the Committee; this assessment may involve the Chairman of the Board, President and Chief Executive Officer meeting with the person.

When a candidate is identified by the Governance and Nominating Committee as a potential nominee for election as a new Director of the Corporation, at least two members of the Governance and Nominating Committee meet with the person in face-to-face interviews. Subsequently, the Committee meets to discuss and consider candidates' qualifications and then chooses, by majority vote of the Committee members, the persons it wishes to recommend to the Board as nominees for election as Directors of the Corporation.

A shareholder wishing to recommend a person for consideration as a potential candidate for election to the Board of Directors may do so by sending a written communication to the Governance and Nominating Committee in care of the Corporate Secretary at 284 South Avenue, Poughkeepsie, New York 12601-4879. The submission to the Governance and Nominating Committee must include (a) a written statement signed by the potential candidate confirming that he or she wishes to be considered as a candidate and would be willing and able to serve as a Director if elected and (b) a writing signed by the shareholder that includes sufficient information and specificity to (i) enable the Committee to confirm the writer's status as a shareholder of the Corporation and (ii) allow the Committee to evaluate the potential candidate in the context of the Corporation's "Criteria for Selecting New Directors" and its Governance Guidelines.

COMPENSATION OF DIRECTORS OF THE BOARD

In May 2004, the Compensation Committee recommended, and the Board approved, a new compensation program for non-employee Directors. This new program was made effective as of June 1, 2004, with respect to annual cash retainer compensation, and as of January 1, 2004, with respect to equity compensation.

Under the program that was in effect prior to June 1, 2004, each non-employee Director received an annual retainer of \$22,000 and \$1,250 for attendance at each meeting of the Board and each meeting of any Committee of the Board of which the Director was a member or an invitee. In addition, 600 phantom shares of the Corporation's Common Stock were credited each year to each non-employee Director's account under the Directors and Executives Deferred Compensation Plan.

The new program is designed to enhance the Corporation's ability to attract and retain highly qualified Directors and to align their interests with the long-term interests of the Corporation's shareholders. In this regard, the Compensation Committee recommended that the new program consist of both a cash component,

designed to compensate non-employee Directors for their service on the Board and its Committees, and an equity component, designed to align the interests of

Edgar Filing: CH ENERGY GROUP INC - Form DEF 14A

non-employee Directors and shareholders. The Corporation eliminated the per-meeting fee component of the program. As in the past, Directors who are employees of the Corporation receive no compensation for their services on the Board.

CASH COMPENSATION. Under the new program, each non-employee Director is entitled to receive an annual cash retainer of \$50,000. Effective as of January 1, 2005, this cash retainer will be paid quarterly in advance in four equal installments to each person serving as a non-employee Director at the time when the particular quarterly payment is made.

For 2004, the five persons who served as non-employee Directors during the entire year (i.e., all non-employee Directors other than Messrs. Ganci and Tranen) received their annual cash retainer compensation for the first five months of the year under the prior program and their annual cash retainer compensation for the remainder of the year under the new program. As a result, each of these Directors received a total of \$38,338 as their annual cash retainer compensation with respect to 2004.

Mr. Tranen was elected as a non-employee Director in February 2004. He received annual cash retainer compensation for four months under the prior program and for seven months under the new program. As a result, he received a total of \$36,500 as his annual cash retainer compensation with respect to 2004.

Mr. Ganci retired from his employment with the Corporation effective May 1, 2004. He continued to serve on the Board as a non-employee Director through December 31, 2004. He received annual cash retainer compensation for one month under the prior program and annual cash retainer compensation for seven months under the new program. As a result, he received a total of \$31,000 as his annual cash retainer compensation with respect to 2004.

The amounts of the additional annual retainers paid in 2004 to non-employee Directors for service as a Committee Chair or as Vice Chairman of the Board were not changed by the new compensation program. Mr. Fridrich received an annual retainer in the amount of \$7,500 for his service as Vice Chairman of the Board and an annual retainer of \$7,500 for his service as Chairman of the Governance and Nominating Committee. Mr. Grubel received an annual retainer of \$7,500 for his service as Chairman of the Compensation Committee. Mr. Fetter received an annual retainer of \$10,000 for his service as Chairman of the Audit Committee. Mr. Kruse received an annual retainer of \$7,500 for his service as Chairman of the Strategy and Finance Committee.

EQUITY COMPENSATION. As noted above, under the prior program, each non-employee Director received annual equity compensation consisting of 600 phantom shares of the Corporation's Common Stock. These shares were credited to each Director's account under the Directors and Executives Deferred Compensation Plan. The program required that the credit remain invested in phantom shares until the termination of the Director's service on the Board and be paid only in cash after termination of Board service.

Under the new program, effective as of January 1, 2004, the equity component of annual compensation for each non-employee Director is fixed at a number of phantom shares of the Corporation's Common Stock having an aggregate value approximately equal to \$50,000. These shares are credited to each Director's account under the Directors and Executive Deferred Compensation Plan. The program requires this credit to remain invested in phantom shares until the termination of the Director's service on the Board and to be paid only in cash after termination of Board service. Effective as of January 1, 2005, the number of phantom shares to be credited to each Director's account will be calculated on the basis of the closing price of the Corporation's Common Stock on the first Tuesday following the first Monday of January in each year. The phantom shares will be credited in four equal installments to the account of each person

Edgar Filing: CH ENERGY GROUP INC - Form DEF 14A

serving as a non-employee Director at the time when the particular quarterly installment is credited.

For 2004, each non-employee Director serving on the Board on January 1, 2004, received a credit under the prior program of 600 phantom shares. Mr. Tranen received a credit of 550 phantom shares. Mr. Ganci received a credit of 400 phantom shares.

11

For purposes of the new program, the 600 phantom shares awarded under the prior program to non-employee Directors other than Mr. Tranen and Mr. Ganci were valued on the basis of the closing price of the Corporation's Common Stock on January 5, 2005. Mr. Tranen's and Mr. Ganci's phantom shares were valued on the basis of the closing price of the Corporation's Common Stock on the first business day following the respective dates on which they became non-employee Directors.

Taking into account the value of the phantom shares that had already been awarded, additional phantom shares were credited to the account of each non-employee Director, other than Mr. Tranen and Mr. Ganci, in order to provide the Director with a total value of approximately \$50,000 in equity compensation for the year. Mr. Tranen and Mr. Ganci received credits for additional phantom shares in order to provide them with total equity compensation for the year of \$45,833 and \$33,330, respectively. The additional phantom shares were all valued on the basis of the closing price of the Corporation's Common Stock on May 21, 2004, which was the date of the regularly scheduled Board meeting at which the Board adopted the new compensation program for non-employee Directors. In aggregate, each non-employee Director other than Mr. Tranen and Mr. Ganci received 1,107 phantom shares as equity compensation for 2004. Mr. Tranen and Mr. Ganci received aggregate amounts of 992 phantom shares and 730 phantom shares, respectively. For additional information regarding the Directors and Executives Deferred Compensation Plan, please see the subcaption "Directors and Executives Deferred Compensation Plan" at page 23 of this proxy statement.

STOCK PLAN FOR OUTSIDE DIRECTORS

In 2003, the Corporation amended the Stock Plan for Outside Directors ("Stock Plan") to provide that no further benefits would be earned under the Stock Plan for service as a non-employee Director following July 1, 2003. In addition, the Stock Plan was amended to provide each current non-employee Director with a one-time opportunity to elect to receive, in lieu of receiving any benefits under the Stock Plan, a credit of phantom shares of Common Stock to his or her account under the Directors and Executives Deferred Compensation Plan, which credit was in an amount equal to the actuarial equivalent of the benefits he or she had earned under the Stock Plan. All of the then-current non-employee Directors elected to receive the phantom shares of Common Stock. Therefore, the Stock Plan currently is maintained solely for the benefit of non-employee Directors who retired from the Board prior to July 1, 2003. The Stock Plan was also amended to provide that all distributions to those retired non-employee Directors will be made in cash rather than in shares of Common Stock.

For additional information, see the subcaption "Directors and Executives Deferred Compensation Plan" at page 23 of this proxy statement.

LONG-TERM PERFORMANCE-BASED INCENTIVE PLAN

Edgar Filing: CH ENERGY GROUP INC - Form DEF 14A

The Corporation's Long-Term Performance-Based Incentive Plan, approved by shareholders at the 2000 Annual Meeting of Shareholders and subsequently amended, became effective January 1, 2000 (as amended, the "Incentive Plan"). The purposes of the Incentive Plan are to provide key executives with long-term compensation incentives that are tied to performance and to create increased shareholder value, and for non-employee Directors, to provide additional equity compensation. With respect to non-employee Directors, the Incentive Plan permits, upon authorization of the Compensation Committee, an annual grant of a non-qualified stock option for the purchase of 1,000 shares of Common Stock to each non-employee Director. If such grant were made, the option would have an exercise price equal to the fair market value of Common Stock on the date of grant, would have a term of ten years, and would have been exercisable on and after the date of grant. The Compensation Committee has determined that, consistent with the Corporation's goals and objectives, it will likely be more appropriate in the future for non-employee Directors to receive phantom shares of Common Stock under the Directors and Executives Deferred Compensation Plan rather than stock options pursuant to the Incentive Plan. For additional information, see the subcaption "Compensation of Directors of the Board" on page 10 of this proxy statement and the subcaption "Directors and Executives Deferred Compensation Plan" at page 23 of this proxy statement.

The Chief Executive Officer and the Chief Financial Officer certifications required by Section 302 of the Sarbanes-Oxley Act of 2002 were filed as exhibits to the Corporation's Annual Report on Form 10-K for the year ended December 31, 2004.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors is comprised of Directors who meet the New York Stock Exchange categorical standards for independence. The Audit Committee operates under a written Charter adopted by the Board of Directors, which is available at the Corporation's Internet site at www.chenergygroup.com.

The members of the Audit Committee are Margarita K. Dilley, Steven M. Fetter, Heinz K. Fridrich, Edward F. X. Gallagher, and E. Michel Kruse. Mr. Fetter is the Chairman of the Audit Committee. The Audit Committee had nine meetings during 2004.

In performing its duties, the Audit Committee (i) reviews the scope of the audit by the Corporation's independent accountants, PricewaterhouseCoopers LLP, and related matters pertaining to the examination of the financial statements; (ii) reviews and evaluates, at least once a year, the qualifications, independence and performance of the independent accountants (which includes an evaluation of the lead partner of the independent accountants); (iii) examines

Edgar Filing: CH ENERGY GROUP INC - Form DEF 14A

the adequacy of the Corporation's internal control over financial reporting and the Corporation's and its subsidiary companies' internal audit activities; (iv) reviews the nature and extent of audit and non-audit services and pre-approves such services provided by the Corporation's independent accountants; (v) consults at least three times a year with the independent accountants regarding financial issues; (vi) makes recommendations to the Board of Directors on the foregoing matters as well as on the appointment of the Corporation's independent accountants; (vii) meets regularly with the Corporation's Internal Auditing Manager and Controller; and (viii) reviews quarterly and annual financial statements filed with the Securities and Exchange Commission.

In 2004, the Audit Committee met with management periodically during the year to consider the adequacy of the Corporation's internal control over financial reporting and the objectivity of its financial reporting. The Audit Committee discussed these matters with the Corporation's independent accountants and with appropriate Corporation financial personnel and internal auditors. The Audit Committee also discussed with the Corporation's senior management and independent accountants the process used for certifications by the Corporation's Chief Executive Officer and the Chief Financial Officer, which certifications are required for certain of the Corporation's filings with the Securities and Exchange Commission.

The Audit Committee also met privately at its regular meetings with both the independent accountants and the Internal Auditing Manager, as well as with the Controller.

For 2004, the Audit Committee has:

1. reviewed and discussed the audited financial statements with management;
2. discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards), as may be modified or supplemented;
3. received the written disclosures and the letter from the independent accountants required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as may be modified or supplemented, and has discussed with and affirmed the independence of PricewaterhouseCoopers LLP from the management of the Corporation and its subsidiary companies; and
4. received the reports of the Chief Executive Officer and the Chief Financial Officer relating to their evaluation of the Corporation's internal control over financial reporting.

Based on the review and discussions referred to above and additional matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to the Corporation's Board of Directors that the audited financial statements be included in the Corporation's Annual Report on Form 10-K for the fiscal year ended December 31, 2004, for filing with the Securities and Exchange Commission.

PricewaterhouseCoopers LLP.

In April 2000, the appointment of PricewaterhouseCoopers LLP to examine the Corporation's financial statements for the five-year period beginning in 2000 was ratified by the shareholders of the Corporation. Representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting. The PricewaterhouseCoopers representa-

tives will be given the opportunity to make a statement if desired and will be available to respond to appropriate questions from shareholders.

Information on fees billed by PricewaterhouseCoopers LLP during 2004 and 2003 is provided below:

The Audit Committee has adopted guidelines regarding pre-approval of the services to be provided by the Corporation's independent accountants. These guidelines require that the Audit Committee review and approve, prior to the start of the fiscal year, (i) an engagement letter for audit services from the independent accountants, outlining the scope of the audit services to be provided during the next fiscal year and including a fee proposal for such services, and (ii) a list of and a budget for non-audit services that management recommends be provided by the independent accountants during the next fiscal year.

Management and the independent accountants will confirm that the recommended non-audit services are permissible under all applicable requirements. The Corporation has adopted a list of specific audit and non-audit services that may be provided by the independent accountants.

If the scope or cost of the audit or non-audit services requires changes during the fiscal year, the Audit Committee's procedures enable the Chairman of the Audit Committee to approve such changes, up to certain dollar limits, and to report on any such changes at the next Audit Committee meeting. The Corporation's Vice President of Accounting and Controller is responsible for tracking all independent accountant fees against the budgets for audit and non-audit services and reporting on such budget issues at least annually to the Audit Committee.

In 2004, the Audit Committee approved all of the fees set forth in the table above under the captions "Audit-Related Fees," "Tax Fees," and "All Other Fees."

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors is composed entirely of persons determined by the Corporation's Board of Directors to be independent directors under the applicable categorical standards of the New York Stock Exchange. Each member of the Committee also qualifies as (i) a non-employee director under Rule 16b-3 promulgated under Section 16 of the Securities Exchange Act of 1934, as amended and (ii) as an outside director for purposes of Section 162(m) of the Internal Revenue Code. The Committee submits this report to summarize the policies that the Compensation Committee applied in making executive compensation decisions with respect to 2004.

16

COMPENSATION OBJECTIVES AND METHODOLOGY

The Compensation Committee seeks to achieve an executive compensation program that attracts, retains, and motivates executive officers to create long-term shareholder value. The design of the executive compensation program is intended to incorporate base salary, annual short-term incentives, long-term incentives, and retirement benefits which, in aggregate, result in total remuneration that is approximately at the median for persons with similar responsibilities in the relevant competitive marketplace.

In consultation with an independent compensation consulting firm, the Compensation Committee annually reviews data from proxy statements and the consulting firm's independent database to assess the Corporation's relative competitive position on the following components of executive compensation:

- o base salary;
- o annual short-term incentives; and
- o long-term incentives.

In making this assessment of relative compensation levels in the marketplace, the Committee recognizes that job responsibilities of persons with particular titles may vary substantially from company to company, and that a person's title is not necessarily descriptive of a person's duties. In this regard, and to provide an appropriate breadth of information on compensation levels and types of job responsibilities, the Committee's independent consultant uses its own proprietary database to assess the compensation practices of 37 electric and natural gas utilities and energy services companies in the United States (the "Comparator Group") to identify for the Committee the compensation levels being paid in the relevant competitive marketplace to persons with responsibilities that are similar in scope to the responsibilities of the Corporation's executive officers.

With respect to the compensation of each executive officer, the Committee considers the person's level and complexity of responsibility, experience and skills, and over-all performance in his or her position. In this connection, Steven V. Lant, as Chairman of the Board, President and Chief Executive Officer, provides the Compensation Committee with an annual evaluation of the performance

Edgar Filing: CH ENERGY GROUP INC - Form DEF 14A

of each executive officer. After reviewing these evaluations, and after making its own assessment of the performance of each such executive officer, the Compensation Committee recommends to the independent directors on the Board, and the independent directors approve, the compensation level for each such executive officer of the Corporation. In 2004, the independent directors of the Board did not reject, or modify in any material way, any recommendation made to them by the Compensation Committee.

COMPONENTS OF COMPENSATION

BASE SALARIES AND SHORT-TERM INCENTIVES

Base salaries for executives are determined on the basis of each person's performance, job responsibilities, level of experience and skill, and information received from the Corporation's independent consulting firm regarding salaries paid to persons with comparable responsibilities at companies in the Comparator Group. The Compensation Committee also gives attention to maintaining appropriate internal salary relationships among the Corporation's executive officers.

Short-term incentives are developed to reward achievement of each year's business plan objectives and to promote achievement of the Corporation's strategy of achieving long-term shareholder value. The intent is to offer senior executives the opportunity to earn targeted incentive cash payments that are calculated as a percentage of each person's annual base salary. These percentages are determined by the Compensation Committee according to each person's position and level of responsibility. In 2004, the targeted percentages were set by the Compensation Committee in the range of 20% to 30% of the applicable base salary for individual executive officers other than Mr. Lant. These percentages of base salary can be earned as incentive cash payments if incentive performance targets for the year are achieved. Performance is measured according to target measures established each year for thresh-

17

old performance, targeted performance, and superior performance. The incentive compensation opportunity will vary, from zero to 150% of the targeted percentage of base salary, according to the level of overall performance achieved for the year relative to the established measures of performance. Each individual's short-term incentive compensation amount is based on overall achievement of the annual incentive performance targets, but it may be adjusted upwards or downwards by up to 50% based upon an assessment of the individual's performance.

The Compensation Committee establishes annual incentive performance targets which are primarily quantitative and financial in nature. For 2004, the targets related to earnings per share and, at the subsidiary level, to the achievement of specified operational milestones. The aggregate annual cash compensation, consisting of salary and short-term incentive awards, for executive officers other than Mr. Lant is targeted at approximately the median level of the cash compensation paid to persons with similar responsibilities within the Comparator Group.

LONG-TERM INCENTIVES

Long-term incentives have included two components in recent years: (i)

Edgar Filing: CH ENERGY GROUP INC - Form DEF 14A

options to purchase the Corporation's Common Stock, and (ii) performance shares that vest depending upon the Corporation's performance over a three-year performance period.

For 2004, the Compensation Committee recommended to the independent directors on the Board, and the independent directors agreed, that the long-term incentives would consist solely of performance shares and that no stock options would be issued. The number of performance shares granted to an executive officer is based on a percentage of the individual's base salary that was in effect at the beginning of the fiscal year. The percentages ranged, in 2004, from 15% to 35% of the base salary for executive officers other than Mr. Lant. These percentages are determined for each officer by the Committee according to the person's position and level of responsibility, and are targeted at the median amount of long-term incentive compensation that is available to persons with similar responsibilities within the Comparator Group.

The performance shares vest after completion of a three-year performance cycle. The number of performance shares is subject to being increased or decreased depending on the performance of Corporation during the three-year performance cycle; this performance is measured by comparing the annualized total shareholder return of the Corporation with the aggregate total shareholder return of the companies in the Edison Electric Institute Index of combination natural gas and electric investor-owned utilities (the "EEI Index") over the relevant three-year performance cycle.

Performance shares may be granted on a year-to-year basis, with the result that there are normally over-lapping three-year performance cycles in effect on a concurrent basis.

Increases or decreases in the number of performance shares to be delivered at the end of a performance cycle depend on the quintile ranking of the Corporation's total shareholder return relative to the total shareholder return of the companies in the EEI Index. This comparison of performance with the EEI Index results in executive officers receiving percentages of awarded performance shares at the end of performance cycles as follows:

CORPORATION'S QUINTILE RANKING	% OF PERFORMANCE SHARES
5	150%
4	125%
3	100%
2	50%
1	0%

Additional information concerning these performance shares is set forth on page 23 herein.

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER

Mr. Lant became the President and Chief Executive Officer of the Corporation on July 1, 2003. He became Chairman of the Board of Directors and the Corporation's principal executive officer on April 27, 2004, following the Annual Meeting of Shareholders. Mr. Lant's predecessor, Paul J. Ganci, stepped down from his position as Executive Chairman of the Board at the conclusion of the Annual Meeting of Shareholders on April 27, 2004.

The Compensation Committee evaluated the performance of Mr. Lant during 2004 and made recommendations to the independent directors of the Board

Edgar Filing: CH ENERGY GROUP INC - Form DEF 14A

regarding Mr. Lant's compensation for 2004. These recommendations were approved by the independent directors of the Board without material modification.

The Compensation Committee's analysis took into consideration the salary, short-term incentives, and long-term incentives provided to the chief executive officers of companies in a peer group of 12 utility and energy companies operating within the United States. The criteria for inclusion of companies in this custom peer group were that a company have between 50% and 175% of this Corporation's annual revenues and have at least 5% of its assets invested in non-regulated businesses. This peer group was formed on the basis of advice and information provided to the Committee by its independent compensation consulting firm.

The Comparator Group used for other executive officers was not used for Mr. Lant because (i) the Committee believed his responsibilities in the position of Chief Executive Officer match-up well with the responsibilities of chief executive officers of other public companies, and (ii) the Committee believed it more effective to develop a custom peer group of companies, based on size of revenues and diversification of business activities, that more closely corresponds to the market for executive talent perceived as relevant to Mr. Lant's compensation.

The Comparator Group and the custom peer group are not the same as the group of companies used in the EEI Index for comparing the Corporation's five-year cumulative return (See page 27 herein). While the Committee believes the EEI Index is appropriate for comparing shareholder returns, the Committee believes the Comparator Group and the custom peer group are more appropriate sources for information relevant to the competitive marketplace facing the Corporation with respect to executive talent.

As Chief Executive Officer, Mr. Lant participates in the same programs and receives compensation based on the same criteria as the other executive officers of the Corporation. In addition, Mr. Lant's compensation also reflects the greater policy and decision making of the Chief Executive Officer position, and the higher level of responsibility that he bears with respect to the strategic direction and the financial and operating results of the Corporation. In setting Mr. Lant's compensation for 2004, the Compensation Committee also took into consideration the relative size of the Corporation in relation to the other companies in the custom peer group and the fact that Mr. Lant is just beginning his service as Chief Executive Officer.

BASE SALARY

Mr. Lant's base salary was \$350,000 as of January 1, 2004. This salary was increased to \$435,000 on May 1, 2004, to reflect Mr. Lant's assumption of duties as the Chairman of the Board and the Corporation's principal executive officer.

ANNUAL INCENTIVE COMPENSATION

For 2004, the percentage of Mr. Lant's base salary used in determining his annual short-term incentive award was 45%. This percentage was applied on a pro-rata basis to Mr. Lant's salary of \$350,000 for the period from January 1, 2004, to April 30, 2004, and to his increased salary of \$435,000 from May 1, 2004, to December 31, 2004. The annual incentive award to Mr. Lant for 2004 is shown as his bonus amount in the Summary Compensation Table. In addition to the factors discussed above, this bonus amount was based on the Corporation's performance with respect to an earnings per share target and on the Committee's assessment of Mr. Lant's responsiveness to problems and opportunities, and Mr.

Edgar Filing: CH ENERGY GROUP INC - Form DEF 14A

Lant's performance with regard to the successful transitioning of executive responsibilities from Mr. Ganci to himself during 2004.

LONG-TERM INCENTIVE COMPENSATION

For 2004, the percentage of Mr. Lant's base salary used in determining his long-term incentive award was 40% of his salary on January 1, 2004, I.E., \$350,000. On this basis, Mr. Lant was granted 6,500 performance shares in 2004. Additional details concerning these performance shares are set forth on page 23 herein.

SECTION 162(M) OF THE INTERNAL REVENUE CODE ("TAX CODE")

The Compensation Committee and the Board of Directors have considered the federal income tax deduction limitations established under Section 162(m) of the Tax Code, which provide that, unless an appropriate exemption applies, a federal income tax deduction for the Corporation for remuneration of any officer named in the caption "Executive Compensation" (See page 21 herein) will not be allowed to the extent this remuneration in any taxable year exceeds \$1 million. To the extent Tax Code Section 162(m) would limit the Corporation's federal income tax deductions, the Compensation Committee intends to qualify the performance-based compensation of the Executive Officers for full deductibility whenever possible and consistent with the goals of the Compensation Committee's policies.

 (1) This base salary amount reflects salary earned by the named executives for the applicable fiscal year and includes amounts deferred under (i) Central Hudson's Flexible Benefits Plan, which Plan is established pursuant to Section #

125 of the Tax Code, which permits those electing to participate to defer salary, within specified limits, to be applied to qualified medical and/or child care benefit payments, (ii) Central Hudson's Savings Incentive Plan ("SIP"), a "defined contribution" plan which meets the requirements of the Tax Code, including Tax Code Section 401(k), which, among other things, permits, within limits, participants to tax-defer base salary, and, within limits, provides for Central Hudson contributions to participants, and (iii) the Corporation's Directors and Executives Deferred Compensation Plan (more fully described herein under the sub-caption "Directors and Executives Deferred Compensation Plan").

Edgar Filing: CH ENERGY GROUP INC - Form DEF 14A

- (2) The bonus amounts include amounts deferred under the Corporation's Directors and Executives Deferred Compensation Plan (more fully described herein under the sub-caption "Directors and Executives Deferred Compensation Plan"). The Compensation Committee determined that bonus amounts earned in 2002 would be equal to twice the annual incentive opportunity in light of the fact that the Corporation did not make long-term incentive plan grants in 2002.
- (3) Indicates the number of shares of Common Stock underlying stock options granted during the year.
- (4) In 2004, no payouts were made pursuant to the Corporation's Long-Term Performance-Based Incentive Plan as no awards under said plan were made in 2002 other than with respect to Mr. Ganci upon his retirement from employment. See footnote (2) to the table entitled "Long-Term Incentive Plan--Awards in Fiscal Year 2004." The LTIP Payout column indicates the dollar value of performance shares awarded, based on achievement versus a defined index multiplied by the closing price of Common Stock on December 31 of the year in which a performance period concludes, plus accrued dividends over the three-year performance period then concluded.
- (5) These are amounts contributed by Central Hudson under the SIP for the benefit of the named individual.
- (6) Mr. Ganci served as the Corporation's Executive Chairman of the Board through April 27, 2004, when Mr. Lant was appointed Chairman of the Board in addition to his positions as President and Chief Executive Officer.
- (7) Mr. Lant became Chairman of the Board on April 27, 2004, following the Annual Meeting of Shareholders. He became Chairman and Chief Executive Officer of Central Hudson on May 5, 2004, and Chairman, President and Chief Executive Officer of CHEC on May 10, 2004.

PENSIONS/DEFERRED COMPENSATION PLANS

DIRECTORS AND EXECUTIVES DEFERRED COMPENSATION PLAN

The Directors and Executives Deferred Compensation Plan applies to Directors, officers, and other executives of the Corporation and of its subsidiary companies. It permits the participants to elect to defer a percentage of their compensation for services rendered to the Corporation and/or its subsidiary companies. Under the Directors and Executives Deferred Compensation Plan, compensation is defined to include (a) base salary, (b) certain bonuses and performance shares, (c) payments from (i) the Supplementary Retirement Plan

Edgar Filing: CH ENERGY GROUP INC - Form DEF 14A

described herein and (ii) Change of Control agreements described herein, and (d) Directors' fees for services rendered as a member of the Board of Directors and any Committee of the Board. The Corporation can make discretionary contributions to the Directors and Executives Deferred Compensation Plan. Compensation deferred in accordance with the Directors and Executives Deferred Compensation Plan is paid to Directors and officers (adjusted to reflect investment earnings and losses) at the time the Director or officer ceases being a member of the Board of Directors or an officer of the Corporation or its subsidiary companies, or prior to such time under certain circumstances, either in a lump sum or over a period of time depending on the circumstances of cessation and/or distribution elections.

Effective as of January 1, 2004, the equity component of annual compensation for each non-employee Director is fixed at a number of phantom shares of the Corporation's Common Stock having an aggregate value approximately equal to \$50,000, which phantom shares are credited to each Director's account under the Directors and Executive Deferred Compensation Plan. The program requires this credit to remain invested in phantom shares until the termination of the Director's service on the Board and to be paid only in cash after termination of Board service. In aggregate, each non-employee Director other than Mr. Tranen and Mr. Ganci received 1,107 phantom shares as equity compensation for 2004. Mr. Tranen and Mr. Ganci received aggregate amounts of 992 phantom shares and 730 phantom shares, respectively. For additional information regarding Director compensation, please see the subcaption "Compensation of Directors of the Board" at page 10 of this proxy statement.

CENTRAL HUDSON RETIREMENT INCOME PLAN

The Retirement Income Plan of Central Hudson Gas & Electric Corporation (the "Retirement Plan") is a "defined benefit" plan which is intended to meet the qualification requirements of the Tax Code and generally covers all employees of Central Hudson and those subsidiary companies that have adopted the Retirement Plan, including the named executive officers.

There are several components to the benefit provided under the Retirement Plan. First, the Retirement Plan provides retirement benefits generally related to a participant's annual base salary for each year of eligible employment. These benefits depend upon length of service, age at retirement, and eligible earnings during years of participation in the Retirement Plan and any predecessor plans. This portion of a participant's benefit is determined based on the accumulation over that participant's career of a percentage of each year's eligible earnings. For periods on and after October 1, 1989, the percentage is 2% of eligible earnings, except that for years in which the participant is over 50 years of age, the percentage is increased to 2.5%. Second, the Retirement Plan provides a benefit for service prior to October 1, 2003, based on a percentage of a participant's average earnings at October 1, 2003 (being 50% of each of the base salaries at October 1, 2000, and 2003 and 100% of each of the base salaries at October 1, 2001, and 2002), and the number of years of service while a member of the Retirement Plan prior to October 1, 2003, all subject to certain limitations. Finally, a cash balance account benefit is also available upon retirement under the Retirement Plan, and provides for a credit to those participants in the Retirement Plan on January 1, 1987, of 10% of their base salary on that date, a credit to those participants in the Retirement Plan on September 30, 1991, of 5% of their base salary as of that date, a credit to those participants in the Retirement Plan on September 30, 1997, of 5% of their base salary as of that date and a further credit to those participants in the Retirement Plan on September 30, 1999, of 5% of their base salary as of that date with, in all four cases, annual interest earned

thereon.

While the amount of the accrual with respect to a specified person is not and cannot readily be separately or individually calculated by the actuaries for the Retirement Plan, estimated annual benefits under the Retirement Plan upon retirement at age 65 for the named executive officers, assuming continuation of current annual salary levels and giving effect to applicable benefit limitations in the Tax Code, are as follows: Mr. Lant - \$170,000; Mr. DeVirgilio - \$170,000; Ms. Doyle - \$111,409; Mr. Meyer - \$168,550; and Mr. Upright - \$152,463. In 2004, Mr. Ganci received monthly payments totalling \$84,892 under the Retirement Plan and a one-time, lump sum payment of \$76,318 from the Retirement Plan's cash balance account, in each case following his May 1, 2004, retirement from employment.

CENTRAL HUDSON RETIREMENT BENEFIT RESTORATION PLAN

The Central Hudson Retirement Benefit Restoration Plan ("RBRP") is an unfunded, unsecured pension benefit plan for a select group of highly compensated employees. The RBRP provides an annual retirement benefit to those participants in the Retirement Plan who hold the following offices with the Corporation and Central Hudson: Chairman of the Board, Chief Executive Officer, President, Vice President (including all levels thereof), Corporate Secretary, Chief Financial Officer, Treasurer, Controller, and Assistant Treasurer. This benefit is equal to the difference between (i) that received under the Retirement Plan, giving effect to applicable salary and benefit limitations under the Tax Code, and (ii) that which would have been received under the Retirement Plan, without giving effect to the limitations under the Tax Code. Enhanced benefits are payable under certain circumstances following a Change of Control. Mr. Ganci was paid \$115,732 under the RBRP in 2004. The named executive officers have a current salary level which, if continued to retirement at age 65, would provide a benefit under the RBRP. The estimated annual benefits under the RBRP upon retirement at age 65 for those individuals, assuming the continuation of current annual salary levels, are as follows: Mr. Lant - \$137,692; Mr. DeVirgilio - \$17,469; Ms. Doyle - \$0; Mr. Meyer - \$54,231; and Mr. Upright - \$1,365.

24

SUPPLEMENTARY RETIREMENT PLAN

The Corporation's Supplementary Retirement Plan ("SRP") covers a select group of highly compensated employees as an incentive for them to remain with the Corporation or its subsidiary companies. Under the SRP, an annual benefit is payable for 10 years, commencing on retirement, to eligible participants (generally those who retire at age 60 or older and with 10 or more years of service) of the following percentage of annual base compensation at retirement: 60 to 63 - 10%; 63 to 65 - 15%; 65 or over - 20%. Mr. Upright is fully vested in the SRP. Enhanced benefits are payable under certain circumstances following a Change of Control (as described below). Estimated annual benefits under the SRP upon retirement at age 65 for the named individuals, assuming continuation of current annual salary levels, are as follows: Mr. Lant - \$70,000; Mr. DeVirgilio - \$48,400; Ms. Doyle - \$40,000; Mr. Meyer - \$56,400; and Mr. Upright - \$43,800. Mr. Ganci was paid \$72,000 under the SRP for the year 2004.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

EMPLOYMENT CONTRACTS AND TERMINATION OF EMPLOYMENT AND CHANGE OF CONTROL

Edgar Filing: CH ENERGY GROUP INC - Form DEF 14A

ARRANGEMENTS

The Corporation has an Employment Agreement ("Agreement") with each of the named executive officers. Until a Change of Control (as defined in the Agreement) occurs, each Agreement is automatically renewed for one year on each July 31, unless a notice not to extend is given.

If a Change of Control occurs during the term of an Agreement, then the Agreement becomes operative for a fixed three-year period. Upon a Change of Control, each Agreement provides generally that such officers' terms and conditions of employment then in effect (including position, location, base salary, bonus, and benefits) will not be adversely changed during the three-year period after a Change of Control. If such officer's employment is terminated (i) by the Corporation or a subsidiary for reasons other than death, cause, or disability (as those terms are defined in each Agreement), (ii) by such officer for good reason (as that term is defined in each Agreement), (iii) by such officer regardless of reason during the thirty-day period beginning on the first anniversary of the Change of Control, (iv) upon certain terminations prior to a Change of Control, or (v) in connection with or in anticipation of a Change of Control, such officer, in addition to all amounts accrued to the date of termination, will receive a lump-sum payment equal to the sum of (a) the officer's base salary through the date of termination to the extent not previously paid, (b) a proportionate bonus based on the higher of the officer's most recent annual bonus and the officer's annual bonus for the last fiscal year ("Highest Annual Bonus"), (c) accrued vacation, (d) outplacement services, and (e) three times the sum of the officer's base salary and the officer's Highest Annual Bonus. In addition, such officer would be entitled to continued employee welfare benefits and to a credit for pension purposes for the three years from the date of the termination.

In the event any payments made to any such officers as a result of a Change of Control, whether under an Agreement or otherwise, would subject such officer to the excise tax on certain "excess parachute payments" payable under Tax Code Section 4999, or interest or penalties with respect to this tax, the officer generally will be entitled to be made whole for the payment of any taxes, interest, or penalties. Each such officer, while covered by an Agreement, is not entitled to participate in the Corporation's Change of Control Severance Policy. In the event of a Change of Control, the Agreements will supersede any individual employment and/or severance agreements entered into by the Corporation with such officers, except in certain instances.

25

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Corporation's officers and Directors, and any person who owns more than 10% of a registered class of the Corporation's equity securities (collectively "Reporting Persons"), to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission. These Reporting Persons are required by Securities and Exchange Commission regulations to furnish the Corporation with copies of all Section 16(a) forms they file. Based solely on a review of the copies of these forms furnished to the Corporation and written representations from the Corporation's officers and Directors, Messrs. Fetter, Fridrich, Gallagher, and Kruse and retired Director Jack Efron filed one late Form 4 (each reporting a grant of 600 deferred fee phantom stock units). Mr. Tranen filed one late Form 4 (reporting a grant of 550 deferred fee phantom stock units). All of these Form 4 filings have since been made.

PROPOSAL NO. 2 - RATIFICATION OF
APPOINTMENT OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed PricewaterhouseCoopers LLP, an independent registered public accounting firm, as the Corporation's independent public accountants for 2005. Although shareholder approval of the Audit Committee's appointment is not required by law, the Board of Directors believes that it is good corporate governance to give shareholders an opportunity to ratify this selection. If this proposal is not approved at the Annual Meeting, the Audit Committee may reconsider its selection.

Even if the appointment is ratified, the Audit Committee may, in its discretion, change the appointment at any time during the year if it determines that such a change would be in the best interests of the Corporation and its shareholders.

Approval of this Proposal No. 2 requires the affirmative of a majority of the votes cast in person or by proxy.

Representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting and will have an opportunity to make a statement if they desire to do so. They will be available to respond to appropriate questions.
