Each director who served as a director in 2006 attended at least 75% of the aggregate of (i) the total number of meetings of the Board of Directors held (during the 2006 period for which the director served) and (ii) the total number of meetings held during 2006 by each committee of the Board of Directors on which such director served (during the period for which such director served), except for Elihu Levine, who attended five (63%) of eight meetings of the Board of Directors held during his term as director.

Audit Committee

Between September 2006 and October 2007, our entire Board of Directors performed the functions of an audit committee as permitted by SEC rules. In October 2007, the Audit Committee was reestablished. Mr. Giacco, Mr. Musanti, and Dr. Zentman currently serve on the Audit Committee. Mr. Musanti acts as Chairman of the Audit Committee. The Audit Committee oversees our accounting and financial reporting processes and audits of our financial statements by our independent auditors. Our Audit Committee's charter is available on our website at www.acornfactor.com, where it may be found by under the "Investor Relations" tab. All three members of our Audit Committee are "independent" under Rule 10A-3 of the Securities Exchange Act of 1934 as well as the Nasdaq Marketplace Rules. Prior to the Board assuming the Audit Committee function in September, 2006, during 2006 our Audit Committee met four times.

Audit Committee Financial Expert

Nominating Committee

We have adopted procedures for ensuring independent director oversight of the process for nominating directors. As permitted by the Nasdaq Marketplace Rules, we have not established a separate nominating committee but have established procedures whereby nominations to the Board must be approved by a majority of the Board's independent directors. We believe that not using a separate nominations committee reduces resource burdens and fosters fuller active participation by all our directors in the process, while ensuring that the independent directors approve all nominations.

The Board uses established policies and procedures for director nominations. The Board identifies potential director candidates from a variety of sources, including recommendations from current directors or management, recommendations of security holders, or any other source that the Board has deemed appropriate. In considering candidates for the Board of Directors, the Board evaluates the entirety of each candidate's credentials, such as (i) business or other relevant experience; (ii) expertise, skills and knowledge; (iii) integrity and reputation; (iv) the extent to which the candidate will enhance the objective of having directors with diverse viewpoints and backgrounds, (v) willingness and ability to commit sufficient time to Board responsibilities; and (vi) qualification to serve on specialized board committees. Both Scott B. Ungerer and Joseph Musanti were appointed to the Board in October 2007 in accordance with the procedures described above.

Our stockholders may recommend potential director candidates by contacting the Secretary of the Company to receive a copy of the procedure to recommend a potential director candidate for consideration by the independent directors, who will evaluate recommendations from stockholders in the same manner that they evaluates recommendations from other sources.

Compensation Committee

The Company does not currently have a compensation committee. The entire Board of Directors establishes the general compensation policies of the Company, the specific compensation levels for each executive officer, and administers the Company's equity compensation plans and practices. In accordance with the Nasdaq Marketplace Rules we have established procedures whereby compensation to executive directors must be approved by a majority of the Board's independent directors. Under these procedures executive officers are precluded from being present during voting or deliberations related to their own compensation.

We believe that not using a compensation committee reduces resource burdens and fosters fuller active participation by all our directors in the compensation process, while ensuring that the independent directors approve all executive compensation.

Policy Regarding Director Attendance at Annual Stockholders Meetings

The Board of Directors encourages directors to attend the Company's Annual Meeting of Stockholders, whether or not a meeting of the Board of Directors is scheduled for the same date of the Annual Meeting. As an incentive to attend annual meetings, the Board of Directors pays the standard attendance fee to directors who attend the Annual Meeting, whether or not there is a meeting of the Board of Directors held afterwards. Three of our then five directors (including all directors standing for reelection) attended last year's Annual Meeting of Stockholders.

Stockholder Communication with Board Members

The Board has adopted a procedure to enable our stockholders to contact directors. Any director may be contacted by mail addressed to such director, in care of the Secretary of the Company at the address on the first page of this proxy statement. All such correspondence should be addressed to the director and marked "Confidential" Stockholder Communication.

Director Independence

We currently have five independent directors as determined by our Board of Directors, and two non-independent directors. In assessing director independence, we follow the criteria of the Nasdaq Stock Market (Marketplace Rule 4200). Our current independent directors are Richard J. Giacco, Joseph Musanti, Richard Rimer, Scott B. Ungerer and Samuel M. Zentman.

EXECUTIVE AND DIRECTOR COMPENSATION

Executive Compensation

Compensation Discussion and Analysis

The entire Board of Directors establishes the general compensation policies of the Company, the specific compensation levels for each executive officer, and administers the Company's equity compensation plans and practices. The Company does not currently have a compensation committee.

The main objectives of the Company's compensation structure include rewarding individuals for their respective contributions to the Company's performance, establishing executive officers with a stake in the long-term success of the Company and providing compensation policies that will attract and retain qualified executive personnel.

Compensation of our executives has three primary components: (1) salary; (2) in certain cases a yearly cash incentive bonus; and (3) in almost all cases stock option awards. In addition, we provide our executives with benefits that are generally available to our salaried employees.

The Board of Directors determines the appropriate level of total compensation and, of each component of compensation, based on its determination in part as to the amount and type of

compensation necessary to attract and retain the executive, overall company performance, individual performance and other considerations we deem relevant. Except as described below, our board of directors have not adopted any formal or informal policies, set formulas, or guidelines for setting total compensation for each executive or allocating compensation between cash and other currently paid-out compensation and other long-term forms of compensation. This is due to the small size of our executive team and the need to tailor each executive's award to attract and retain that executive. With respect to the periods covered by this discussion and analysis, the Board of Directors has also not utilized the services of compensation consultants or other experts.

For compensation decisions, including decisions regarding the grant of equity compensation relating to executive officers (other than our President and Chief Executive Officer), the Board of Directors typically considers the recommendations of our President and Chief Executive Officer.

The current intent of the Board of Directors is to perform a periodic review of the total compensation and the components thereof of its executive officers relative to the compensation paid by companies with whom we compete for executives.

We account for the equity compensation expense for our employees under the rules of SFAS No. 123R, which requires us to estimate and record an expense for each award of equity compensation over the service period of the award. We also record cash compensation as an expense at the time the obligation is accrued. Until we achieve sustained profitability, the availability to us of a tax deduction for compensation expense is not material to our financial position. We structure cash incentive bonus compensation so that it is taxable to our employees at the time it becomes available to them. It is not anticipated that any executive officer's annual cash compensation will exceed \$1 million, and we have accordingly not made any plans to qualify for any compensation deductions under Section 162(m) of the Internal Revenue Code.

Base Compensation

We fix the base salary of each of our executives at a level we believe enables us to hire and retain individuals in a competitive environment and reward satisfactory individual performance and a satisfactory level of contribution to our overall business goals.

Cash Incentive Bonuses

Yearly cash incentive bonuses for our executive officers are established as part of their respective individual employment agreements to focus them on achieving key operational and financial objectives within a yearly time horizon. Jacob Neuwirth, who was the President and Chief Executive Officer of our dsIT subsidiary until June 30, 2007, had an employment agreement which provided for cash incentive bonuses. Mr. Neuwirth was entitled to a performance bonus of 5% of dsIT's net income (as defined) before tax as well as a salary increase if dsIT achieved certain performance targets. Mr. Neuwirth did not earn any performance bonus in 2006 (\$11,000 performance bonus was earned in 2005). Mr. Neuwirth did not attain the performance targets in 2006 (or 2005) to attain a salary increase.

Stock Options and Equity Awards

We utilize stock options to reward long-term performance and to ensure that our executive officers have a continuing stake in our long-term success. These options are intended to produce significant value for each executive if our performance is outstanding and if the executive has an extended tenure. Because, going forward, our executive officers are awarded stock options with an exercise price equal to the fair market value of our Common Stock on the date of grant, the determination of which is discussed below, these options will have value to our executive officers only if the market price of our Common Stock increases after the date of grant.

Authority to make stock option grants to executive officers rests with our Board of Directors. In determining the size of stock option grants to executive officers, our Board of Directors considers individual performance against the individual's objectives, the extent to which shares subject to previously granted options are vested and the recommendations of our Chief Executive Officer and other members of management.

In 2006, prior to the adoption of the 2006 Stock Option Plan for Non-Employee Directors and the 2006 Stock Incentive Plan, we issued a total of 1,035,000 non-plan options to certain of our directors and executive officers, the founder and director of our Paketeria affiliate, and our investor relations advisor.

In addition, during 2006, we modified the terms of previously awarded stock options. The terms of a total of 392,500 options were modified as a result of the agreement to sell our former Databit subsidiary to Shlomie Morgenstern (the President of Databit). The modifications involved the adjustment of the expiration date of options granted to Databit employees and to Shlomie Morgenstern to be 18 months from the date of the transaction. Certain options granted to Shlomie Morgenstern also had their vesting period accelerated. In addition, the terms of 260,000 options previously granted to George Morgenstern (our former CEO and current Chairman of the Board) were modified in connection with the contract settlement agreement. Of those options, 200,000 had their expiration date extended to December 31, 2009 and 60,000 received accelerated vesting. Furthermore, 515,000 options which had been granted at a below market price in 2006 to our CEO, CFO and an investor relations advisor were modified so that the exercise price of those options were equal to the market price of our stock of the date of the original grant. In addition, the expiration date for 116,000 other options for employees and former employees were extended and 15,000 options for a former director had a price modification and extension of an expiration date.

Going forward, we expect that all equity awards to our directors, executive officers and employees at our Acorn Factor, Inc. parent company will be made under our 2006 Stock Option Plan for Non-Employee Directors and 2006 Stock Incentive Plan.

In November 2006, we adopted a Key Employee Stock Option Plan for our dsIT Solutions Ltd. subsidiary. Under the plan, a committee of board members of dsIT, to initially be comprised of the entire board of directors of dsIT, was to be created for its administration.

On December 31, 2006, dsIT granted options to purchase 3,914 of its ordinary shares, to senior management and employees of dsIT (including an option to purchase 569 ordinary shares that was granted to Michael Barth, our CFO as well as the CFO of dsIT) under the plan. The options were granted with an exercise price of NIS 1.00 per share and are exercisable for a period of seven years. The options were fully vested and exercisable at the date of grant. The options were exercised in February 2007 and resulted in the reduction of our equity interest in dsIT from 80% to 58%.

On the same date, dsIT granted options to purchase 2,260 of its ordinary shares to senior management and employees of dsIT (including an option to purchase 190 ordinary shares granted to Michael Barth with an exercise price of \$105.26) at exercise prices ranging from NIS 1.00 to \$126.05 per share and exercisable for a period of seven years. These options vest and become exercisable only upon the occurrence of either an initial public offering of dsIT or a merger, acquisition, reorganization, consolidation or similar transaction involving dsIT. If and when these options become exercisable and are exercised, our equity interest in dsIT will be reduced from 58% to approximately 50%.

The purpose of the Key Employee Stock Option Plan for our dsIT Solutions Ltd. subsidiary and corresponding grants is to provide incentives to key employees of dsIT to further the growth, development and financial success of dsIT.

Severance and Change in Control Benefits

The President and Chief Executive Officer of dsIT and our CFO each has a provision in his employment agreement providing for certain severance benefits in the event of termination without cause. Compensation Committee Interlocks and Insider Participation

All matters related to the compensation of executive officers, including the Chief Executive Officer, are acted upon by the full Board of Directors.

In 2006, George Morgenstern served as the President and Chief Executive Officer until March 2006 and was Chairman of our Board for the entire year. In March 2006, John Moore became our President and Chief Executive Officer. No member of the Board of Directors who was also one of our officers participated in any deliberations of the Board of Directors or any committee thereof relating to his own compensation or to the compensation of any person to whom he is related. Except as described in the preceding sentence, each member of the Board of Directors participated in the deliberations of the Board of Directors concerning executive officer compensation in 2006. During 2006, George Morgenstern engaged in transactions with us in which he was deemed to have an interest. For further information regarding these transactions please see [Item 13. Certain Relationships, Related Transactions and Director Independence] below.

Employment Arrangements

John A. Moore became our President and Chief Executive Officer in March 2006. During the period from March until October 2006, he did not have a formal employment contract and was being

compensated at the rate of \$120,000 per annum as approved by the Board of Directors. Effective October 2006, the Board approved annual compensation for Mr. Moore of \$275,000 with standard benefits. The Board also approved in principle to provide Mr. Moore with a year-end performance bonus to commence in 2007 with performance targets to be established by the Board. To date, no performance targets have been set by the Board.

In March 2006, the Board also approved grants to Mr. Moore of an option to purchase 200,000 shares of our Common Stock at an exercise price of \$2.00 per share, vesting on September 30, 2006 and expiring on March 31, 2011, and an option to purchase 200,000 shares of our Common Stock at an exercise price of \$2.25 per share, vesting on March 30, 2009 and expiring on March 31, 2011; both subject to certain accelerated vesting provisions. The exercise price of both option grants was subsequently modified to \$2.60, that being the market price of our shares on the date of the grant.

Through March 2006, George Morgenstern served as our Chairman, President and Chief Executive Officer pursuant to an employment agreement dated as of January 1, 1997, as amended by the First Amendment to Employment Agreement dated as of May 17, 2001, the Second Amendment to Employment Agreement dated as of March 13, 2002, the Third Amendment to Employment Agreement dated as of December 30, 2004 and a Letter Agreement dated as of March 16, 2005 (collectively, the "GM Employment Agreement").

On March 10, 2006, Mr. Morgenstern entered into an Amendment and Assignment of Employment Agreement with us in connection with the sale of our Databit subsidiary pursuant to which Databit assumed all remaining obligations under the GM Employment Agreement, subject to a lump sum payment by us of \$600,000 to Mr. Morgenstern. In connection with the Amendment and Assignment, Mr. Morgenstern releases us from any further obligations under the GM Employment Agreement. Mr. Morgenstern has been retained as a consultant, presently engaged as Chairman of our Board, by way of a Consulting Agreement between himself and the Company dated March 10, 2006. Such agreement provides for the payment of an annual consulting payment of \$1.00, the assumption by Databit of the remainder of the payments due under an auto loan after the one-time payment of \$25,000 by the Company towards such loan, and a non-accountable expense allowance of \$65,000 per year. For further information, see "Item 13. Certain Relationships and Related Transactions" below.

Jacob Neuwirth served as President and Chief Executive Officer of dsIT through June 30, 2007, pursuant to an employment agreement dated as of December 16, 2001. Mr. Neuwirth's employment agreement provided for a base salary which is denominated in Israeli Consumer Price Index linked NIS, currently equivalent to approximately \$195,000 per annum. Mr. Neuwirth would have been entitled to a salary increase if dsIT had achieved certain performance targets. In addition to his base salary, Mr. Neuwirth was entitled to receive a bonus payment equal to 5% of dsIT's net profit before tax.

Under the terms of the employment agreement with Mr. Neuwirth, we were obligated to make certain payments upon termination or change in control. See "Estimated Payments and Benefits Upon Termination or Change in Control" below for details.

Under his employment agreement, Mr. Neuwirth was entitled to a loan of up to \$100,000 from dsIT. As of December 31, 2006, the loan balance plus accrued interest which is denominated in linked NIS, bears interest at 4% and has no fixed maturity date, had an outstanding balance of \$104,000.

Michael Barth has served as Chief Financial Officer of the Company and Chief Financial Officer of dsIT beginning December 1, 2006. In July 2006, the Board approved an annual salary of \$100,000 for Mr. Barth retroactive to March 1, 2006. In July 2006, the Board also approved grants to Mr. Barth of an option to purchase 50,000 shares of our Common Stock at an exercise price of \$2.65 per share, vesting one-third each on December 31, 2006, 2007 and 2008 and expiring on July 31, 2011. The exercise price of both option grants was subsequently modified to \$3.00, that being the market price of our shares on the date of the grant. In September 2007, the Board approved a cash bonus to Mr. Barth of \$20,000 and a grant to Mr. Barth of an option to purchase 30,000 shares of our Common Stock at an exercise price of \$3.90 per share, vesting one-third each on September 20, 2008, 2009 and 2010, and expiring on September 19, 2014.

Under the terms of the employment agreement with Mr. Barth, we are obligated to make certain payments upon termination or change in control. See [Estimated Payments and Benefits Upon Termination or Change in Control] below for details.

Pension Benefits

We do not sponsor any qualified or non-qualified defined benefit plans.

Nonqualified Deferred Compensation

We do not maintain any nonqualified defined contribution or deferred compensation plans. The Board of Directors may elect to provide our officers and employees with non-qualified defined contribution or deferred compensation benefits if it determines that doing so is in our best interests.

Michael Barth

Under the terms of the employment agreement with Mr. Barth, we are obligated to make certain payments to fund in part our severance obligations to him. We were required to pay Mr. Barth an amount equal to 120% of his last month's salary multiplied by the number of years (including partial years) that Mr. Barth worked for us. This severance obligation, which is customary for executives of Israeli companies, was to be reduced by the amount contributed by us to certain Israeli pension and severance funds pursuant to Mr. Barth's employment agreement. In addition, the agreement with Mr. Barth provided for an additional payment equal to six times his last month's total compensation, payable at the end of his employment with us. As of December 31, 2006, the unfunded portion of these payments was \$108,000.

The following table describes the potential payments and benefits upon termination of employment for Mr. Barth, our Chief Financial Officer, as if his employment terminated as of December 31, 2006, the last day of our last fiscal year.

 - (4) Includes \$71,175 of severance pay in accordance with Israeli labor law calculated based on his last month's salary multiplied by the number of years (including partial years) that Mr. Barth worked for us multiplied by 120% in accordance with his contract, which calls for increased severance upon termination without cause. Of the \$71,175 due Mr. Barth, we have funded \$28,690 in an insurance fund. Also includes accumulated, but unpaid, vacation days (\$13,978), car benefits (\$5,250) and payments for pension and education funds (\$10,750).

Jacob Neuwirth

Under the terms of the employment agreement with Mr. Neuwirth, we are obligated to make certain payments to fund in part our severance obligations to him. We are required to pay Mr. Neuwirth an amount equal to his last month's salary multiplied by the number of years (including partial years) that Mr. Neuwirth worked for us. This severance obligation, which is customary for executives of Israeli companies, will be reduced by the amount contributed by us to certain Israeli pension and severance funds pursuant to Mr. Neuwirth's employment agreement. In addition, the agreement with Mr. Neuwirth provided for an additional payment equal to six times his last month's total compensation, payable at the end of his employment with us, subject to offset for certain obligations of Mr. Neuwirth to us. As of December 31, 2006, the unfunded portion of these payments was \$214,000. If there is a change of control in dsIT or Acorn, Mr. Neuwirth is entitled to severance obligations equal to 150% of his last month's salary multiplied by the number of years (including partial years) that Mr. Neuwirth worked for us and an additional payment equal to six times his last month's total compensation (a total of 12 months total compensation).

Tax Fees	--	--
Other Fees	67,000	36,000
Total	\$ 208,000	\$ 159,000

Audit Fees were for professional services rendered for the audits of the consolidated financial statements of the Company, statutory and subsidiary audits, assistance with review of documents filed with the SEC, consents, and other assistance required to be performed by our independent accountants.

Audit Related Fees were for assurance and related services.

Other Fees were for services related to a response letter to the SEC and for reviewing registration statements. Other fees in 2005 were for services related to the sale of our dsIT Technologies Ltd. subsidiary and services related to response letters to the SEC.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee's current policy is to pre-approve all audit and non-audit services that are to be performed and fees to be charged by our independent auditor to ensure that the provision of these services does not impair the independence of the auditor. The Audit Committee was in compliance with the requirements of the Sarbanes-Oxley Act of 2002 regarding the pre-approval of all audit and non-audit services and fees by the mandated effective date of May 6, 2003. The Audit Committee (or the entire Board of Directors performing the equivalent functions of an audit committee) pre-approved all audit and non-audit services rendered by our principal accountant in 2006 and 2005.
