QUINTEK TECHNOLOGIES, INC.
AND SUBSIDIARY
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

1. DESCRIPTION OF BUSINESS

Quintek Technologies, Inc. and Subsidiary (referred to herein as the "Company", "Quintek", "Our", or "We") is a California corporation.

The Company was originally incorporated under the laws of the State of California on April 16, 1993, as Quintek Electronics, Inc. On January 14, 1999, the Company merged with Pacific Diagnostic Technologies, Inc. in a business combination accounted for as a purchase. The acquisition took place under a plan of reorganization. Quintek Electronics, Inc. ("QEI") became public when it was acquired by Pacific Diagnostic Technologies, Inc. ("PDX") through a reverse merger and Chapter 11 Plan of Reorganization. Under the plan, all assets of QEI were sold to PDX, all PDX management resigned once the Plan was confirmed, and QEI's management and operating plan were adopted by the new operating entity. Shortly after the confirmation of the plan, the name of the reorganized debtor was changed to Quintek Technologies, Inc. ("QTI"). QTI assumed the assets, liabilities, technology and public position of both QEI and PDX.

On February 24, 2000, the Company acquired all of the outstanding common stock of Juniper Acquisition Corporation ("Juniper"). For accounting purposes, the acquisition has been treated as a capitalization of the Company with the Company as the acquirer (reverse acquisition).

On May 5, 2005, the Company formed Sapphire Consulting Services to focus its efforts on the Supply Chain Services market. Sapphire provides back office services and solutions to improve efficiencies within organizations. The Company accomplishes this through out-sourcing/in-sourcing services, consulting services and solution sales.

Quintek provides business process outsourcing services to Fortune 500, Russell 2000 companies and public sector organizations. The Company's business process outsourcing services range from the digitizing, indexing, and uploading of source documents through simple customer-specific, rules-based decision making. The Company sells hardware, software and services for printing large-format drawings such as blueprints and computer-aided design (CAD) files directly to the microfilm format off aperture cards. The Company is the only manufacturer of a patented, chemical-free desktop microfilm printer for aperture cards.

2. BASIS OF PRESENTATION

The accompanying unaudited consolidated financial statements of Quintek have been prepared in accordance with the rules and regulations of the Securities and Exchange Commission for the presentation of interim financial information, but do not include all the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, the accompanying unaudited financial statements of the Company include all adjustments (consisting only of normal recurring adjustments) considered necessary to present fairly its financial position as of March 31, 2006, the results of operations for the three months and nine months ended March 31, 2006 and 2005, and cash flows for the nine months ended March 31, 2006 and 2005. The operating results for the three month and nine month period ended March 31, 2006 are not necessarily indicative of the results that may be expected for the year ending June 30, 2006. The audited financial statements for the year ended June 30, 2005 were filed on October 13, 2005 with the Securities and Exchange Commission and is hereby referenced. The information included in this Form 10-QSB should be read in conjunction with Management's Discussion and Analysis and financial statements and notes thereto included in the Company's 2005 Form 10-KSB.

QUINTEK TECHNOLOGIES, INC.
AND SUBSIDIARY
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Use of Estimates

The preparation of consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Research and development

Research and development costs are charged to operations when incurred and are included in operating expenses. The amount charged to operations for the three months and nine months ended March 31, 2006 was $0 as compared to $73 and

$52,694 for the same periods in 2005, respectively.

Marketable securities and realized loss due to decline in market value

On July 29, 2004, the Company entered into an Agreement with Langley Park Investments Plc, a London Investment Company to issue 14,000,000 shares of the Company's common stock to Langley in return for 1,145,595 shares of Langley. Fifty percent of Langley shares issued to the Company under this agreement is to be held in escrow for two years. At the end of two years if the market price for the Company's common stock is at or greater than the Initial Closing Price, the escrow agent will release the full amount. In the event that the market price for the Company's common stock is less than the Initial Closing Price the amount released will be adjusted. For the nine months ended March 31, 2006, the Company recorded an unrealized loss of $79,741 for the potential adjustment relating to the decline in the value of the Company's common stocks.

Langley attained listing with the United Kingdom Listing Authority. The Company's shares are to be held by Langley for a period of at least two years. Langley shares issued to the Company are to be free trading.

The Company's marketable securities (Langley's shares) are classified as available-for-sale and, as such, are carried at fair value. Securities classified as available-for-sale may be sold in response to changes in interest rates, liquidity needs, and for other purposes. The investment in marketable securities represents less than twenty percent (20%) of the outstanding common stock and stock equivalents of the investee. As such, the investment is accounted for in accordance with the provisions of SFAS No. 115.

Unrealized holding gains and losses for marketable securities are excluded from earnings and reported as a separate component of stockholder's equity. Realized gains and losses for securities classified as available-for-sale are reported in earnings based upon the adjusted cost of the specific security sold. On March 31, 2006, the investments have been recorded as shown below based upon the fair value of the marketable securities.

Marketable securities consisted of the following:

Investee Name (Symbol)	Cost	Market Value at March 31, 2006	Accum. Unrealized Gain	Number of Shares Held March 31, 20

QUINTEK TECHNOLOGIES, INC.
AND SUBSIDIARY
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

For the nine months ended March 31, 2006, the Company sold 544,158 marketable securities in Langley Park investment for $147,017, realizing a gain of $24,300.

The Company sold 1,750,000 shares held in PanaMed for $89,400, which had been impaired in a previous period for a realized gain of $89,400.

Stock-based compensation

SFAS No. 123 prescribes accounting and reporting standards for all stock-based compensation plans, including employee stock options, restricted stock, employee stock purchase plans and stock appreciation rights. SFAS No. 123 requires compensation expense to be recorded (i) using the new fair value method or (ii) using the existing accounting rules prescribed by Accounting Principles Board Opinion No. 25, "Accounting for stock issued to employees" (APB 25) and related interpretations with pro-forma disclosure of what net income and earnings per share would have been had the Company adopted the new fair value method. The Company has chosen to account for stock-based compensation using Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees" and has adopted the disclosure only provisions of SFAS 123. Accordingly, compensation cost for stock options is measured as the excess, if any, of the quoted market price of the Company's stock at the date of the grant over the amount an employee is required to pay for the stock.

The Company's board of directors authorized a stock award and long-term incentive plan which includes stock appreciation rights and certain stock incentive awards. The plan was approved by the shareholders as of June 30, 2004.

Basic and diluted net loss per share

Net loss per share is calculated in accordance with the Statement of financial accounting standards No. 128 (SFAS No. 128), "Earnings per share". SFAS No. 128 superseded Accounting Principles Board Opinion No.15 (APB 15). Net loss per share for all periods presented has been restated to reflect the adoption of SFAS No. 128. Basic net loss per share is based upon the weighted average number of common shares outstanding. Diluted net loss per share is based on the assumption that all dilutive convertible shares and stock options were converted or exercised. Dilution is computed by applying the treasury stock method. Under this method, options and warrants are assumed to be exercised at the beginning of the period (or at the time of issuance, if later), and as if funds obtained thereby were used to purchase common stock at the average market price during the period.

Deferred revenue

Deferred revenue represents amounts received from the customers against future sales of goods or services. Deferred revenue amounted to $13,421 as of March 31, 2006.

Issuance of shares for service

The Company accounts for the issuance of equity instruments to acquire goods and services based on the fair value of the goods and services or the fair value of the equity instrument at the time of issuance, whichever is more reliably measurable.

Reporting segments

Statement of financial accounting standards No. 131, Disclosures about segments of an enterprise and related information (SFAS No. 131), which superseded statement of financial accounting standards No. 14, Financial reporting for segments of a business enterprise, establishes standards for the way that public enterprises report information about operating segments in annual financial statements and requires reporting of selected information about operating segments in interim financial statements regarding products and services, geographic areas and major customers. SFAS No. 131 defines operating segments as components of an enterprise about which separate financial information is available that is evaluated regularly by the chief operating decision maker in deciding how to allocate resources and in assessing performances. Currently, SFAS 131 has no effect on the Company's financial statements as substantially all of the Company's operations are conducted in one industry segment.

Reclassifications

Certain comparative amounts have been reclassified to conform to the current period presentation.

Recent Pronouncements

Recently Issued Accounting Pronouncements

In February 2006, FASB issued SFAS No. 155, "Accounting for Certain Hybrid Financial Instruments". SFAS No. 155 amends SFAS No 133, "Accounting for Derivative Instruments and Hedging Activities", and SFAF No. 140, "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities". SFAS No. 155, permits fair value remeasurement for any hybrid financial instrument that contains an embedded derivative that otherwise would require bifurcation, clarifies which interest-only strips and principal-only strips are not subject to the requirements of SFAS No. 133, establishes a requirement to evaluate interest in securitized financial assets to identify interests that are freestanding derivatives or that are hybrid financial instruments that contain an embedded derivative requiring bifurcation, clarifies that concentrations of credit risk in the form of subordination are not embedded derivatives, and amends SFAS No. 140 to eliminate the prohibition on the qualifying special-purpose entity from holding a derivative financial instrument that pertains to a beneficial interest other than another derivative financial instrument. This statement is effective for all financial instruments acquired or issued after the beginning of the Company's first fiscal year that begins after September 15, 2006. The Company has not evaluated the impact of this pronouncement its financial statements. In March 2006 FASB issued SFAS 156 `Accounting for Servicing of Financial Assets' this Statement amends FASB Statement No. 140, Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities, with respect to the accounting for separately recognized servicing assets and servicing liabilities. This Statement:

1. Requires an entity to recognize a servicing asset or servicing liability each time it undertakes an obligation to service a financial asset by entering into a servicing contract.

2. Requires all separately recognized servicing assets and servicing liabilities to be initially measured at fair value, if practicable.

3. Permits an entity to choose `Amortization method' or Fair value measurement method' for each class of separately recognized servicing

assets and servicing liabilities.

4. At its initial adoption, permits a one-time reclassification of available-for-sale securities to trading securities by entities with recognized servicing rights, without calling into question the treatment of other available-for-sale securities under Statement 115, provided that the available-for-sale securities are identified in some manner as offsetting the entity's exposure to changes in fair value of servicing assets or servicing liabilities that a servicer elects to subsequently measure at fair value.

5. Requires separate presentation of servicing assets and servicing liabilities subsequently measured at fair value in the statement of financial position and additional disclosures for all separately recognized servicing assets and servicing liabilities.

This Statement is effective as of the beginning of the Company's first fiscal year that begins after September 15, 2006. Management believes that this statement will not have a significant impact on the consolidated financial statements.

In December 2002, the FASB issued SFAS No. 148 "Accounting for Stock Based Compensation-Transition and Disclosure". SFAS No. 148 amends SFAS No. 123, "Accounting for Stock Based Compensation", to provide alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation. In addition, this Statement amends the disclosure requirements of Statement 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used, on reported results. The Statement is effective for the Companies' interim reporting period ending January 31, 2003.

Had the Company determined employee stock based compensation cost based on a fair value model at the grant date for its stock options under SFAS 123, the Company's net earnings per share would have been adjusted to the pro forma amounts for the nine month period ended March 31, 2006 and 2005, as follows ($ in thousands, except per share amounts):

	Nine months ended March 31, 2006	2005
Net loss - as reported	$ (2,677)	$(6,504)
Stock-Based employee compensation expense included in reported net income, net of tax	539	--
Total stock-based employee compensation expense determined under fair-value-based method for all rewards, net of tax	(485)	(362)
Pro forma net loss	$ (2,623)	$ (6,866)

(Loss) per share:

Basic, as reported	$ (0.01)	$ (0.09)
Diluted, as reported	$ (0.01)	$ (0.09)
Basic, pro forma	$ (0.01)	$ (0.10)
Diluted, pro forma	$ (0.01)	$ (0.10)

In December 2004, the FASB issued FASB Statement No. 123R, "Share-Based Payment, an Amendment of FASB Statement No. 123" ("FAS No. 123R"). FAS No. 123R requires companies to recognize in the statement of operations the grant date fair value of stock options and other equity-based compensation issued to employees. FAS No. 123R is effective beginning in the Company's first quarter of fiscal 2006. The Company is still under the process of evaluating the impact of this standard on its financial statements.

3. PROPERTY AND EQUIPMENT

Property and equipment at March 31, 2006 consists of the following:

Scanning Equipment	$ 478,576
Computer and office equipment	136,254
Other depreciable assets	102,881
Software	198,423
Furniture and fixture	40,653
	956,787
Accumulated depreciation	(468,481)
	$ 488,306

4. RESTRICTED CASH

The Company entered into a service agreement with GMAC under which they are required to provide at their own cost a performance bond. Such bond shall be solely for the protection of the client. The initial bond was drafted in the amount of $250,000 and will cover 12 months starting October 1, 2004 and renew annually.

The Company opened a certificate of deposit for $250,000 in October 2004. The Company has recorded interest income of $5,080 for the nine months ended March 31, 2006. The Company has recorded $257,705 as restricted cash in the accompanying balance sheet as of March 31, 2006.

5. EMPLOYEE RECEIVABLES

Employee receivables as of March 31, 2006, consist of the following:

Notes receivable from employees, unsecured, due on June 30, 2019, interest at 4%	$ 296,782
Interest receivable in connection with above notes receivable	35,628

	261,154
Valuation allowance	(261,254)
	$ -

6. FACTORING PAYABLE

The Company has entered into an agreement with a factoring company ("the Factor") to factor purchase orders with recourse. The Factor funds 97% or 90% based upon the status of the purchase order. The Factor has agreed to purchase up to $4,800,000 of qualified purchase orders over the term of the agreement; however, the Factor does not have to purchase more than $200,000 in any given month. The agreement term is from June 2, 2003 to June 2, 2005. The Company will

pay a late fee of 3% for payments not made within 30 days and 5% for those not made in 60 days. At the option of the Factor, the late fees may be paid with Company stock. If paid by Company stock, the stock bid price will be discounted 50% in computing the shares to be issued in payment of the late fee.

Pursuant to the terms of the factor agreement, the Factor entitled to receive two (2) bonus warrants for each dollar of purchase orders purchased. The bonus warrants will be exercisable at the average closing price of the Company's common stock for the 90 days prior to the purchase order transactions they represent or a 50% discount to the closing price of the Company's stock at the time exercised at the option of the Factor. The warrants are exercisable over a five year period. The Company has recorded $46,992 as interest expense for the nine months period ended March 31, 2006. The Company has not issued any warrants during the nine month period ending March 31, 2006.

There were no purchases of purchase orders during the nine months ended March 31, 2006. At March 31, 2006, the Company had a factoring payable balance of $116,722 associated with this factor. The Company has accrued $59,147 for interest for late payments of factoring payables as of March 31, 2006.

During the nine months ended March 31, 2006, the Company entered into an agreement to factor $289,312 of qualified invoices for a cash remittance of $284,516. As of March 31, 2006, the Company had a factoring payable balance of $1,000 associated with this factor. The Company recorded $8,204 as interest expense in the accompanying financial statements as of March 31, 2006.

9. ADVANCES FROM LENDER

On August 2, 2004, the Company signed a convertible debenture agreement with an accredited investor whereby the Company has received an advance totaling $905,000 for prepayment of warrants to be exercised as of March 31, 2006. The

agreement expires on August 2, 2006. The accredited investor has exercised 818,264 warrants into common shares valued at $818,264 as of March 31, 2006. The remaining balance of $86,736 is recorded as advances from lender in the accompanying financial statements as of March 31, 2006. In addition, the holders exercised warrants to purchase 25,000 shares for cash at an exercise price of $1.00 per share.

10. CONVERTIBLE BONDS

Bonds payable with interest at 9%, due on various dates in 2001 and 2002, convertible to shares of common stock in increments of $1,000 or more.	$ 21,354
Bonds payable with interest at 12%, due July 2002, convertible to shares of common stock in increments of $500 or more.	41,141
	62,495

Certain of the outstanding convertible bonds have matured as of July 2001 and October 2001. The holders of the matured bonds do not wish to renew the bonds and have asked for payment; however, the Company does not have the cash to repay these bonds. The Company has recorded the $62,495 as convertible bonds as a current liability in the accompanying financial statements as of March 31, 2006.

11. CONVERTIBLE DEBENTURES

The Company raised $300,000 through the issuance of convertible debentures during the year ended June 30, 2005. The term of the convertible debentures are as follows: pursuant to the terms of conversion, debenture in the amount of $300,000 pays interest at 5 3/4% and includes 3,000,000 warrants to purchase common stock for a period of three years at the exercise price of $1.00. The "Conversion Price" shall be equal to the lesser of (i) $0.50, or (ii) 75% of the average of the 5 lowest Volume Weighted Average Prices during the 20 trading days prior to Holder's election to convert, or (iii) 75% of the Volume Weighted Average Price on the trading day prior to the Holders election to convert market price of the Company's common stock prior to conversion. Upon conversion of the debenture, the holder is obligated to simultaneously exercise the $1.00 warrants providing added funding to the Company. The warrant must be exercised concurrently with the conversion of this debenture in an amount equal to ten times the dollar amount of the Debenture conversion. Upon execution of the securities purchase agreement, $225,000 of the purchase price was due and paid to the Company. The remaining $75,000 was paid to the Company on February 7, 2005 upon effectiveness of the Securities and Exchange Commission's Registration Statement. As of March 31, 2006, the Holder of the debenture converted $84,326 of the debenture amount into 13,372,780 common shares of the Company and exercised 843,264 warrants.

The Company allocated the proceeds from the debenture between the warrant and the debt based on relative fair value of the warrant and the debt. The value of the warrant was calculated using the Black-Scholes model using the following assumptions: Discount rate of 3.4%, volatility of 100% and expected term of one year. The amount allocated to the warrant of $20,348 is being amortized over the term of the debt. The Company calculated a beneficial conversion feature of $279,652. The Company amortized the beneficial conversion feature in accordance with the conversion terms of the note. At March 31, 2006, the convertible debenture of $215,234 is presented in the accompanying financial statements net of the unamortized beneficial conversion feature of $-0- and unamortized discount arising from the warrant of $440.

12. CONVERTIBLE NOTE

The Company raised capital through the issuance of a convertible note for $500,000 issued during the year ending June 30, 2004. The note plus any accrued interest is convertible to the Company common shares at $0.06 but limited to 10% of the outstanding shares at the time of conversion. Additionally, the holder will receive one bonus warrant for each conversion share. Each bonus warrant will be exercisable for a period of 5 years from the date of issuance into one share of common shares at a price of $0.10. The Company has issued 6,804,164 common shares on the conversion of $408,250 of the convertible note. The convertible note balance as of March 31, 2006 is $91,750. The total accrued interest on the convertible note amounted to $59,147 as of March 31, 2006.

15. COMMITMENTS AND CONTINGENCIES

a) Operating Leases

The Company leases its executive offices to Huntington Beach, California and entered into a four year lease agreement on July 1, 2004. The agreement contains a base rent escalation clause. The Company leases its Idaho office facility under a month-to-month rental agreement at $675 per month. Rent expense for these operating leases totaled $80,255 for the nine month period ended March 31, 2006.

The future minimum lease payments under non-cancelable leases are as follows as of March 31, 2006:

2006	$ 92,794
2007	94,490
2008	23,728
	$ 211,013

b) Litigation

On April 16, 2004, Decision One Corporation filed suit in the County of Bannock, Idaho against Quintek for $22,661.56 for goods provided. Since 2000, Decision One (formerly Imation) has been both a vendor to Quintek and a reseller of Quintek's Q4300 Printers. Quintek filed a counterclaim on August 1, 2004. Quintek asserts that Decision One used its authority as a dealer of our product to disparage us, in violation of its dealer agreement with us, and we seek relief for the hundreds of thousands of dollars in business lost because of it. On January 11, 2005, the Court granted Judgment for the sum of $21,000 in favor of the Decision One Corporation. The Court has ruled that Quintek would be allowed to file the counterclaim under this action, rather than a separate lawsuit. The Company can appeal the Court's decision and would have until February 18, 2005 to file the Notice of Appeal. In March 2005, a stipulation settlement was accepted by the Creditor where they agreed to accept $15,000 in full satisfaction of their debt. The Company agreed to pay $2,000 upon execution of the stipulation plus $1,000 for 13 months thereafter. Upon receipt of the final payment, a Satisfaction of Judgment will be entered in the matter. If the Company fails to meet the payment schedule, the Creditor, after giving credit for payments received, shall be allowed to proceed with the full judgment of $21,000 plus accumulated interest and costs. The Company has recorded the full amount of judgment of $21,000 and accrued interest in the accompanying financial statements as of March 31, 2006. In April 2006, the Company made a payment of $16,827 to satisfy its obligations pursuant to the terms of the judgment.

An action which was pending in the Superior Court of the State of California for Orange County against one of its competitors, a former employee and a former officer of the Company, has been resolved by mutual agreement. The settlement includes an injunction which prevents the defendants from soliciting or initiating contact with 23 accounts until February 28, 2007. There was no admission or acknowledgment of any wrongdoing by the defendants in stipulating to the injunction. The plaintiff, Quintek Technologies, Inc., and defendants Robert Brownell, Chris De Lapp and Document Imaging Technologies, Inc. entered into a stipulated injunction in the matter which provides, among other things, that Defendants and all of their respective officers, agents, representatives, directors, affiliates, employees, successors in interest, and all persons acting in concert or participating with them, are restrained and enjoined from soliciting or initiating contact with 23 clients listed in the injunction. Additionally, the Defendants shall not use, disclose, disseminate or publish in any manner Quintek's confidential business information and/or trade secrets including lists of clients, candidates, information regarding contracts or prospective Quintek contracts with clients and candidates, computer programs, business plans and strategies, prices, job descriptions, contracts, budgets, and similar confidential or proprietary materials or information respecting Quintek's or its clients' or candidates' business affairs, as well as confidential information of a personal nature of Quintek's and its employees, managers and officers, without the prior written consent of Quintek.

All other related claims and causes of action were dismissed with prejudice.

16. BASIC AND DILUTED NET LOSS PER SHARE

Net loss per share is calculated in accordance with the Statement of financial accounting standards No. 128 (SFAS No. 128), "Earnings per share." Basic net loss per share is based upon the weighted average number of common shares outstanding. Diluted net loss per share is based on the assumption that all dilutive convertible shares and stock options were converted or exercised. Dilution is computed by applying the treasury stock method. Under this method, options and warrants are assumed to be exercised at the beginning of the period (or at the time of issuance, if later), and as if funds obtained thereby were used to purchase common stock at the average market price during the period.

Weighted average number of shares used to compute basic and diluted loss per share for the three month and nine month period ended March 31, 2006 and 2005 are the same since the effect of dilutive securities is anti-dilutive.

17. GOING CONCERN

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles, which contemplate continuation of the Company as a going concern. This basis of accounting contemplates the recovery of the Company's assets and the satisfaction of its liabilities in the normal course of business. Through March 31, 2006, the Company had incurred cumulative losses of $33,184,504 including a net loss of $2,677,133 for the nine month period ended March 31, 2006. In view of the matters described in the preceding paragraph, recoverability of a major portion of the recorded asset amounts shown in the accompanying balance sheet is dependent upon continued operations of the Company, which in turn is dependent upon the Company's ability to raise additional capital, obtain financing and to succeed in its future operations. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

QUINTEK TECHNOLOGIES, INC.
AND SUBSIDIARY
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Management has taken the following steps to revise its operating and financial requirements, which it believes are sufficient to provide the Company with the ability to continue as a going concern. Management devoted considerable effort during the period ended March 31, 2006, towards (i) obtaining additional equity financing and (ii) evaluation of its distribution and marketing methods.

18. SUBSEQUENT EVENTS

On April 11, 2006, pursuant to an investment bank agreement, the investor converted $5,000 of a convertible debenture and was issued 1,183,184 common shares. In conjunction with this transaction, the investor also exercised 50,000 warrants and had remitted a prepayment of $50,000 on February 23, 2006 for this exercise of warrants. On April 17, 2006, the Company received a cash remittance of $60,000 from an accredited investor as an advance against future warrant exercises. On May 10, 2006, the Company executed a promissory note to an accredited investor for $50,000 bearing 10% interest per annum, The note is due six months from the date of issuance, in addition, the Company granted to the investor 1,500,000 warrants to purchase common stock at $0.0333, expiring May 10, 2009.

Item 2. Management's Discussion and Analysis

Results of Operations

Our revenues totaled $499,879 and $1,728,759 for the three months and nine months ended March 31, 2006 compared to $408,047 and $844,726 for the same periods in 2005, respectively. Increases in revenues resulted primarily due to changing the Company's sales focus to the services business.

Cost of sales for the three months and nine months ended March 31, 2006 were $329,525 and $1,155,958 compared to $272,650 and $628,904 for the same periods in 2005, respectively. The increases of $56,875 and $527,054 for the three and nine months ended March 31, 2006, respectively, in cost of sales consisted primarily of labor, facility and equipment lease costs relating to the business outsourcing services, whereas cost of sales during fiscal 2005 consisted primarily of labor and production costs.

Operating expenses totaled $1,358,494 and $2,946,054 for the three months and nine months ended March 31, 2006 compared to $444,444 and $5,387,993 for the same periods in 2005, respectively. The increase of $914,050 for the three months ended March 31, 2006 compared to the same period in 2005 resulted primarily due to increased stock based compensation. The decrease of $2,441,939 for the nine month period ended March 31, 2006 compared to the same period in 2005 resulted from controlling officer compensations and consulting costs. The Company recorded a permanent decline on value of marketable securities of $2,346,564 during the nine month period ended March 31, 2005, whereas no such costs were incurred during the same periods in 2006.

Non-operating income and expenses: Other income totaled $3,215 and $12,846 for the three months and nine months ended March 31, 2006 as compared to $4,129 and $10,307 for the same periods in 2005, respectively. The Company recorded a loss on conversion of debt amounting to $0 during the three months and nine months period ended March 31, 2006 as compared to $ 432,850 and $1,100,420 loss for the same periods in 2005, respectively. The Company realized a gain of $0 and $113,700 on sale of investments during the three months and nine months period ended March 31, 2006 as compared to $0 for the same periods in 2005. The Company recorded a beneficial conversion feature expense of $13,959 and $110,924 during the three months and nine months period ended March 31, 2006 as compared to $107,222 and $135,519 for the same periods in 2005, respectively. Interest expense totaled $140,421 and $315,457 for the three months and nine months period ended March 31, 2006 compared to $40,429 and $105,575 for the same periods in 2005, respectively. Interest expense increased due to the increase in additional leases financed by the Company and additional interest recorded on warrant issuances.

During the nine months ended March 31, 2006, the Company billed on 15 contracts for document services, 13 maintenance contracts, and one network software renewal compared to the nine months ended March 31, 2005, the Company billed on nine contracts for document services, 19 maintenance contracts, and one network software renewal. During the three months ended March 31, 2006 the Company billed on 9 contracts for document services, no maintenance contracts, and no network software renewal for document services compared to the three months ended March 31, 2005, the Company billed on seven contracts for document services, 15 maintenance contracts, and one network software renewal.

Liquidity and capital resources

The Company has historically financed operations from the issuance of debt, the sale of common stock and the conversion of common stock warrants. On March 31, 2006, the Company had cash on hand of $16,858 and working capital deficit of $2,080,328.

Net cash used in operating activities totaled $620,015 for nine months ended March 31, 2006. The net cash used is attributed primarily due to decrease in accounts receivable, increase in accounts payable and payroll taxes, and decreases in deferred revenue.

Net cash provided by investing activities totaled $200,699 for the nine months ended March 31, 2006 primarily due to net proceeds from the sale of marketable securities.

Net cash provided by financing activities totaled $423,505 for the nine months ended March 31, 2006, primarily due to net proceeds from sale of shares, prepayments for exercise of warrants, offset by payments of leases, factoring payables and notes payable.

The Company believes that the receipt of net proceeds from the issuance of debt, the sale of the common stock and the exercise of common stock warrants plus cash generated internally from sales will be sufficient to satisfy our future operations, working capital and other cash requirements for the remainder of the fiscal year. However, if the Company is unable to raise sufficient capital, the Company may need to sell certain assets, enter into new strategic partnerships, reorganize the Company, or merge with another company to effectively maintain operations.

Item 3. Controls and Procedures

a) Evaluation of disclosure controls and procedures. An evaluation as of March 31, 2006 was performed under the supervision and with participation of our management, including the chief executive officer and chief financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures. Based upon that evaluation, the chief executive officer and chief financial officer have concluded that our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) were effective as of that date to ensure that the information required to be disclosed by us in the reports that we file under the Exchange Act is gathered, analyzed and disclosed with adequate timeliness, accuracy and completeness.

b) Changes in internal controls. There was no change in the Company's internal controls over financial reporting that occurred during the period covered by this report that has materially affected, or is reasonably likely to materially effect, the Company's internal control over financial reporting.

PART II -- OTHER INFORMATION

Item 1. Legal Proceedings

From time to time, we may become involved in various lawsuits and legal proceedings which arise in the ordinary course of business. However, litigation is subject to inherent uncertainties, and an adverse result in these or other matters may arise from time to time that may harm our business. Except as described below, we are currently not aware of any such legal proceedings or claims that we believe will have, individually or in the aggregate, a material adverse affect on our business, financial condition or operating results.

On April 16, 2004, Decision One Corporation filed suit in the County of Bannock, Idaho against Quintek for $22,661.56 for goods provided. Since 2000, Decision One (formerly Imation) has been both a vendor to Quintek and a reseller of Quintek's Q4300 Printers. Quintek filed a counterclaim on August 1, 2004. Quintek asserts that Decision One used its authority as a dealer of our product to disparage us, in violation of its dealer agreement with us, and we seek relief for the hundreds of thousands of dollars in business lost because of it. On January 11, 2005, the Court granted Judgment for the sum of $21,000 in favor of the Decision One Corporation. The Court has ruled that Quintek would be allowed to file the counterclaim under this action, rather than a separate lawsuit. The Company can appeal the Court's decision and would have until February 18, 2005 to file the Notice of Appeal. In March 2005, a stipulation settlement was accepted by the Creditor where they agreed to accept $15,000 in full satisfaction of their debt. The Company agreed to pay $2,000 upon execution of the stipulation plus $1,000 for 13 months thereafter. Upon receipt of the final payment, a Satisfaction of Judgment will be entered in the matter. If the Company fails to meet the payment schedule, the Creditor, after giving credit for payments received, shall be allowed to proceed with the full judgment of $21,000 plus accumulated interest and costs. The Company has recorded the full amount of judgment of $21,000 and accrued interest in the accompanying financial statements as of March 31, 2006. In April 2006, the Company made a payment of $16,827 to satisfy its obligations pursuant to the terms of the judgment.

An action which was pending in the Superior Court of the State of California for Orange County against one of its competitors, a former employee and a former officer of the Company, has been resolved by mutual agreement. The settlement includes an injunction which prevents the defendants from soliciting or initiating contact with 23 accounts until February 28, 2007. There was no admission or acknowledgment of any wrongdoing by the defendants in stipulating to the injunction. The plaintiff, Quintek Technologies, Inc., and defendants Robert Brownell, Chris De Lapp and Document Imaging Technologies, Inc. entered into a stipulated injunction in the matter which provides, among other things, that Defendants and all of their respective officers, agents, representatives, directors, affiliates, employees, successors in interest, and all persons acting in concert or participating with them, are restrained and enjoined from soliciting or initiating contact with 23 clients listed in the injunction. Additionally, the Defendants shall not use, disclose, disseminate or publish in any manner Quintek's confidential business information and/or trade secrets including lists of clients, candidates, information regarding contracts or prospective Quintek contracts with clients and candidates, computer programs, business plans and strategies, prices, job descriptions, contracts, budgets, and similar confidential or proprietary materials or information respecting Quintek's or its clients' or candidates' business affairs, as well as confidential information of a personal nature of Quintek's and its employees, managers and officers, without the prior written consent of Quintek. All other related claims and causes of action were dismissed with prejudice
