NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization - Dolphin Productions, Inc. ("the Company") was organized under the laws of the State of Nevada on June 26, 1998. The Company provides musical and other performance services for concerts and other events. The Company has not yet generated significant revenues from its planned principal operations and is considered a development stage company as defined in Statement of Financial Accounting Standards No. 7. The Company, at the present time, has not paid any dividends and any dividends that may be paid in the future will depend upon the financial requirements of the Company and other relevant factors.

Condensed Financial Statements - The accompanying financial statements have been prepared by the Company without audit. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations and cash flows at December 31, 2004 and 2003 and for the periods then ended have been made.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles in the United States of America have been condensed or omitted. It is suggested that these condensed financial statements be read in conjunction with the financial statements and notes thereto included in the Company's September 30, 2004 audited financial statements. The results of operations for the periods ended December 31, 2004 and 2003 are not necessarily indicative of the operating results for the full year.

Fiscal Year - The Company's fiscal year-end is September 30th.

Cash and Cash Equivalents - The Company considers all highly liquid debt investments purchased with a maturity of three months or less to be cash equivalents.

Accounts Receivable - The Company records accounts receivable at the lower of cost or fair value. The Company recognizes interest income on an account receivable based on the stated interest rate for past-due accounts over the period that the account is past due. The Company accumulates and defers fees and costs associated with establishing a receivable to be amortized over the estimated life of the related receivable. The Company estimates allowances for doubtful accounts based on the aged receivable

Edgar Filing: DOLPHIN PRODUCTIONS INC - Form 10QSB

balances and historical losses. The Company records interest income on delinquent accounts receivable only when payment is received. The Company first applies payments received on delinquent accounts receivable to eliminate the outstanding principal. The Company charges off uncollectible accounts receivable when management estimates no possibility of collecting the related receivable. The Company considers accounts receivable to be past due or delinquent based on contractual terms.

NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES [Continued]

Revenue Recognition - The Company recognizes revenue from providing musical and other performances for concerts and other events for a negotiated fee in the period when the services are provided. The Company records only its fee from a concert performance and reflects the Company's expenses related to the performance as general and administrative expense. The Company recognizes revenue from the sale of compact discs when the product is delivered.

Advertising Costs - Advertising costs, except for costs associated with direct-response advertising, are charged to operations when incurred. The costs of direct-response advertising are capitalized and amortized over the period during which future benefits are expected to be received. During the three months ended December 31, 2004 and 2003, advertising costs amounted to \$0 and \$0, respectively.

Income Taxes - The Company accounts for income taxes in accordance with Statement of Financial Accounting Standards No. 109 "Accounting for Income Taxes" [See Note 4].

Loss Per Share - The computation of loss per share is based on the weighted average number of shares outstanding during the period presented in accordance with Statement of Financial Accounting Standards No. 128, "Earnings Per Share" [See Note 6].

Accounting Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimated by management.

Recently Enacted Accounting Standards - Statement of Financial Accounting Standards ("SFAS") No. 151, "Inventory Costs - an amendment of ARB 43, Chapter 4", SFAS No. 152, "Accounting for Real Estate Time-Sharing Transactions - an amendment of FASB Statements No. 66 and 67", SFAS No. 153, "Exchanges of Nonmonetary Assets - an amendment of APB Opinion No. 29", and SFAS No 123 (revised 2004), "Share-Based Payment", were recently issued. SFAS No. 151, 152, 153 and 123 (revised 2004) have no current applicability to the Company or their effect on the financial statements would not have been significant.

Restatement - On January 15, 1999, the Company effected a 5-for-2 forward

Edgar Filing: DOLPHIN PRODUCTIONS INC - Form 10QSB

stock split. The financial statements have been restated, for all periods presented, to reflect the stock split [See Note 2].

Reclassification - The financial statements for periods prior to December 31, 2004 have been reclassified to conform to the headings and classifications used in the December 31, 2004 financial statements.

NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

NOTE 2 - CAPITAL STOCK

Common Stock - During June 1998, the Company issued 500,000 shares of its previously authorized but unissued common stock for cash of \$2,000 (or \$.004 per share).

During January 1999, the Company issued 20,000 shares of its previously authorized but unissued common stock for cash of \$4,000 (or \$.20 per share).

During September of 2004, the Company sold 225,000 shares of its previously authorized but unissued stock for \$45,000 (\$.20 per share).

During September of 2004, the Company issued 25,000 shares of its previously authorized but unissued stock to certain officers and directors. The Company assigned a value of \$5000 (\$.20 per share) to the shares issued.

Stock Split - On January 15, 1999, the Company effected a five for two common stock split. The financial statements, for all periods presented, have been restated to reflect the stock split.

NOTE 3 - RELATED PARTY TRANSACTIONS

Management Compensation and Accrued Expenses - Salary expense to the officers of the Company for the three months ended December 31, 2004 and 2003 amounted to \$0 and \$0, respectively.

Legal Services and Accrued Expenses - During the three months ended December 31, 2004 and 2003, respectively, the Company's President provided legal services of \$0 and \$0 to the Company

NOTE 4 - INCOME TAXES

The Company accounts for income taxes in accordance with Statement of Financial Accounting Standards No. 109 "Accounting for Income Taxes". SFAS No. 109 requires the Company to provide a net deferred tax asset/liability equal to the expected future tax benefit/expense of temporary reporting differences between book and tax accounting methods and any available operating loss or tax credit carryforwards. At December 31, 2004, the Company has available unused operating loss carryforwards of approximately \$41,100, which may be applied against future taxable income and which expire in various years through 2025.

The amount of and ultimate realization of the benefits from the deferred tax assets for income tax purposes is dependent, in part, upon the tax laws in effect, the future earnings of the Company, and other future

Edgar Filing: DOLPHIN PRODUCTIONS INC - Form 10QSB

events, the effects of which cannot be determined. Because of the uncertainty surrounding the realization of the deferred tax assets, the Company has established a valuation allowance equal to their tax effect and, therefore, no deferred tax asset has been recognized for the deferred tax assets. The net deferred tax assets, which consist mainly of net operating loss carryforwards, are approximately \$6,200 and \$5,800 as of December 31, 2004 and September 30, 2004, respectively, with an offsetting valuation allowance of the same amount, resulting in a change in the valuation allowance of approximately \$400 during the three months ended December 31, 2004.

NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

NOTE 5 - GOING CONCERN

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles in the United States of America which contemplate continuation of the Company as a going concern. However, the Company has not yet been successful in establishing profitable operations and has incurred significant losses in recent years. These factors raise substantial doubt about the ability of the Company to continue as a going concern. In this regard, management is proposing to raise any necessary additional funds through loans or through additional sales of its common stock or through the possible acquisition of other companies. There is no assurance that the Company will be successful in raising this additional capital or in achieving profitable operations.

NOTE 6 - LOSS PER SHARE

The following data show the amounts used in computing loss per share:

	For the Three Months Ended December 31,		From Inception on June 26, 1998 Through December 31, 2004
	2004	2003	
Net loss available to common shareholders (numerator)	\$ (2,439)	\$ (1,300)	\$ (41,410)
Weighted average number of common shares outstanding used in loss per share for the period (denominator)	770,000	520,000	528,273

Dilutive loss per share was not presented, as the Company had no common stock equivalent shares for all periods presented that would affect the computation of diluted loss per share.

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following is management's discussion and analysis of certain significant factors that have affected the Company's financial condition and operating results for the period included in the accompanying financial statements. The accompanying Unaudited Condensed Financial Statements as of December 31, 2004, including the Notes to Unaudited Condensed Financial Statements, are, by this reference, included in this Management's Discussion and Analysis of Financial Condition and Results of Operations.

Results of Operations

Three Months Ended December 31, 2004 Compared to Three Months Ended December 31, 2003

DOLPHIN PRODUCTIONS, INC. (the Company), did not generate revenues during the quarters ending December 31, 2004, December 31, 2003, respectively. The Company is exploring the risks, costs and feasibility of its entry into the business of marketing original music through e-commerce.

DOLPHIN PRODUCTIONS, INC. recorded a net loss of \$2,439 for the quarter ending December 31, 2004, compared to a net loss of \$1,300 for the comparable quarter ending December 31, 2003.

DOLPHIN PRODUCTIONS, INC. has no plans to produce concerts or to provide concert-related services in the future, except as such services may be ancillary to the Company's efforts to promote and sell original music through the Internet.

DOLPHIN PRODUCTIONS, INC., has no prospects for generating revenues from its operations during the foreseeable future. The magnitude of the revenues, if any, will depend upon many factors, including the Company's ability to compete with better capitalized distributors of recorded music.

Liquidity and Capital Resources

As of December 31, 2004, the Company had on hand cash of \$16,135. It owed accounts payable of \$2,275.

Item 3. Controls and Procedures

As of January 15, 2005, an informal evaluation was performed under the supervision and with the participation of the Company's management, including the CEO, the CFO, and the Chair of the Company's Audit Committee, as to the effectiveness of the design and operation of the Company's disclosure controls and procedures. Based on that evaluation, the Company's management concluded that the Company's disclosure controls and procedures were effective as of January 15, 2005. There have been no significant changes in the Company's internal controls or in other factors that could significantly affect internal controls subsequent to January 15, 2005.
