Further, the pro forma financial information is not necessarily indicative of the results of operations that may be obtained in the future.

Certain elements of the Goldcorp, Glamis and Western Silver consolidated financial statements and the Placer Dome Operations and projects combined financial statements have been reclassified to provide a consistent format.

The unaudited pro forma consolidated financial statements should be read in conjunction with the historical financial statements and notes thereto of Goldcorp, Glamis, the Placer Dome Operations and projects, Western Silver and Wheaton.

**2. Significant accounting policies**

The accounting policies used in the preparation of this unaudited pro forma consolidated financial statement information are those set out in Goldcorp's audited consolidated financial statements for the year ended December 31, 2005. In preparing the unaudited pro forma consolidated financial information a review was undertaken to identify Glamis, Placer Dome and Western Silver accounting policy differences where the impact was potentially material and could be reasonably estimated. Further accounting policy differences may be identified after consummation of the proposed acquisitions. The significant accounting policies of Goldcorp conform in all material respects to those of Glamis, Placer Dome and Western Silver, except as noted in Note 4 for Western Silver.

**3. Business acquisitions**

*(a) Agreement with Glamis*

On August 31, 2006, Goldcorp and Glamis announced that the respective boards of directors had agreed to combine Goldcorp and Glamis. The transaction was approved by Glamis shareholders on October 26, 2006 and closed on November 4, 2006. Each Glamis common share was exchanged for 1.69 Goldcorp common shares (the Exchange Ratio ) and Cdn\$0.0001 in cash. All outstanding Glamis stock appreciation rights ( SARs ) were exercised by the holders into Glamis shares such that holders of the SARs received Goldcorp shares and cash at the same share exchange ratio. As a result of the transaction, the combined company is held approximately 60% by Goldcorp shareholders and approximately 40% by Glamis shareholders. Each Glamis stock option, which previously gave the holder the right to acquire common shares of Glamis was exchanged for a stock option which gives the holder the right to acquire common shares of Goldcorp on the same basis as the Exchange Ratio.

This business combination will be accounted for as a purchase transaction, with Goldcorp being identified as the acquirer and Glamis as the acquiree.

The unaudited pro forma consolidated financial information assumes the cost of acquisition will include the fair value of the Goldcorp shares issued based on the issuance of 283.2 million Goldcorp common shares at \$28.71, plus stock appreciation rights of Glamis exercised for 0.4 million common shares of Goldcorp at \$28.71, plus 4.7 million stock options of Glamis exchanged for those of Goldcorp with a fair value of \$82.2 million, plus transaction costs of \$20.0 million, providing a total purchase price of \$8.2 billion. The price of the Goldcorp common shares was calculated as the average share price of Goldcorp two days before, the day of, and two days after the date of announcement. The stock options have been valued using the Black-Scholes option pricing model.

Goldcorp has not yet determined the fair value of all identifiable assets and liabilities acquired, the amount of the purchase price that may be allocated to goodwill, or the complete impact of applying purchase accounting on the statement of operations. Therefore, after reflecting the pro forma purchase adjustments identified to date, the excess of the purchase consideration over the adjusted book values of Glamis assets and liabilities has been presented as unallocated purchase price. Goldcorp is currently undergoing a process whereby the fair value of all identifiable assets and liabilities acquired as well as any goodwill arising upon the acquisition will be determined. On completion of valuations, with a corresponding adjustment to the historic carrying amounts of mining interests, or on recording of any finite life intangible assets on acquisition, these adjustments will impact the measurement of amortization recorded in the consolidated statements of operations of Goldcorp for periods after the date of acquisition. Goldcorp estimates that a \$100 million adjustment to the carrying amount of mining interests of Glamis would result in a corresponding adjustment to pre-tax amortization expense in the pro forma consolidated statement of earnings by approximately \$9.375 million for the nine months ended September 30, 2006 and \$12.5 million for the year ended December 31, 2005. No pro forma adjustments have been reflected for any changes in future tax assets or liabilities that would result from recording Glamis identifiable assets and liabilities at fair value as the process of estimating the fair value of identifiable assets and liabilities is not complete.

*(b) Agreement with Barrick*

On October 30, 2005, Goldcorp entered into an agreement with Barrick to acquire certain of Placer Dome's Canadian and other mining assets and interests upon Barrick's successful acquisition of Placer Dome. On March 15, 2006, Barrick acquired 100% of the outstanding shares of Placer Dome for approximately \$10.0 billion in shares and cash. On May 12, 2006, Goldcorp completed the agreement with Barrick for cash of approximately \$1.6 billion. The acquisition was funded with a \$250 million advance payment paid in January 2006 from cash on hand. The remainder was paid upon closing by drawing down on credit facilities in the amount of \$1.3 billion and cash on hand. Goldcorp has acquired Placer Dome's interests in the Campbell (100%), Porcupine (51%) and Musselwhite (68%) gold mines in Canada, and the La Coipa (50%) gold/silver mine in Chile. Goldcorp has also acquired a 40% interest in the Pueblo Viejo gold development project in the Dominican Republic, together with Placer Dome's interests in its Canadian exploration properties, including the Mount Milligan copper/gold deposit in British Columbia.

On July 24, 2006, Goldcorp sold certain of its Canadian exploration interests to Terrane Metals Ltd. In consideration for the exploration properties, the Company received 240 million convertible Series A preferred shares at a price of Cdn\$0.50 per share. The preferred shares are convertible into common shares of Terrane at the option of Goldcorp at any time without any further consideration. On an as converted basis, Goldcorp would own an 81% equity interest in Terrane's issued and outstanding shares and a 75% equity interest on a fully diluted basis. The preferred shares are not entitled to dividends, are non-transferable without the prior written consent of Terrane, are non-redeemable, non-retractable, non-voting and if not previously converted will be automatically converted into common shares on the 20th anniversary of their issuance.

**3. Business acquisitions (continued)***(b) Agreement with Barrick (continued)*

This business combination has been accounted for as a purchase transaction, with Goldcorp being identified as the acquirer and the Placer Dome Operations as the acquiree. The results of operations of the Placer Dome Operations have been included in the consolidated financial statements of Goldcorp from May 12, 2006.

The preliminary allocation of the purchase price of the Placer Dome Operations is summarized in the following table and is subject to adjustment:

Purchase price, subject to final adjustments

Acquisition costs	9.9
	\$ 1,603.3
Net assets acquired	
Current assets	\$ 56.1
Other assets	27.7

Current liabilities	(56.3)
Future income tax liabilities	(273.6)
Reclamation and closure cost obligations	(80.7)
Goodwill	544.4
	\$ 1,603.3

For the purposes of these pro forma condensed consolidated financial statements, the purchase consideration has been allocated on a preliminary basis to the fair value of assets acquired and liabilities assumed, with goodwill assigned to a specific reporting unit, based on management's best estimates and taking into account all available information at the time of acquisition as well as applicable information at the time of these pro forma condensed consolidated financial statements. Goldcorp will continue to review information and perform further analysis with respect to these assets, including an independent valuation, prior to finalizing the allocation of the purchase price. This process will be performed in accordance with the recent accounting pronouncement relating to *Mining Assets Impairment and Business Combination* (Emerging Issue Committee Abstract 152). Although the results of this review are presently unknown, it is anticipated that it may result in a change to the amount assigned to goodwill and a change to the value attributable to tangible assets.

**3. Business acquisitions (continued)***(c) Acquisition of Western Silver Corporation*

On May 3, 2006, Glamis acquired all the issued and outstanding shares of Western Silver pursuant to a plan of arrangement. Glamis exchanged 0.688 of a common share of Glamis for each issued Western Silver share. Prior to Glamis' acquisition of all of the issued and outstanding shares of Western Silver, Western Silver transferred approximately Cdn\$37.0 million in cash and two properties located in Canada and Mexico to a new exploration company, named Western Copper Corporation (Western Copper). The shareholders of Western Silver received, in addition to the 0.688 of a common share of Glamis, one share of Western Copper for each share of Western Silver owned. Glamis retains a right to acquire a 5% stake in Western Copper.

This business combination has been accounted for as a purchase transaction, with Glamis being identified as the acquirer and Western Silver as the acquiree. The results of operations of Western Silver have been included from May 3, 2006.

The allocation of the purchase price of Western Silver is summarized in the following table:

Purchase price

Stock options of Glamis exchanged for those of Western Silver	29.2
Acquisition costs	12.0

Future income tax liabilities	(396.5)

*(d) Acquisition of Wheaton River Minerals Ltd.*

On December 6, 2004, Goldcorp and Wheaton issued a joint press release announcing a proposed transaction which provided for Goldcorp to make a take-over bid for Wheaton on the basis of one Goldcorp share for every four Wheaton shares. On December 29, 2004, Goldcorp mailed the Goldcorp take-over bid circular to the Wheaton shareholders.

On February 8, 2005, Goldcorp announced a special \$0.50 per share cash dividend would be payable to existing Goldcorp shareholders should shareholders approve by majority Goldcorp's take-over bid for Wheaton and Wheaton shareholders tender the minimum two-thirds bid requirement. The payment of a special dividend resulted in an adjustment to the exchange ratio of Goldcorp's outstanding warrants - an increase in entitlement from 2.0 to 2.08 Goldcorp shares per warrant.

**3. Business acquisitions (continued)**

*(d) Acquisition of Wheaton River Minerals Ltd. (continued)*

On February 10, 2005, at the special meeting of shareholders, approximately 65% of Goldcorp shareholders who voted were in favour of approval of the issuance of additional Goldcorp common shares to effect the acquisition of Wheaton. As of February 14, 2005, approximately 70% of the outstanding Wheaton common shares (403,165,952 shares) were tendered to Goldcorp's offer. This satisfied the minimum two-thirds bid requirement under the terms of the offer to acquire Wheaton. On the same day, Goldcorp extended the offer expiry date to February 28, 2005 to give remaining Wheaton shareholders more time to tender their shares. With conditions met, the special \$0.50 per share dividend, totaling approximately \$95 million, payable to Goldcorp shareholders of record on February 16, 2005, was paid on February 28, 2005.

As of March 31, 2005, Goldcorp held approximately 82% of the outstanding Wheaton common shares. Goldcorp and a subsidiary entered into a series of transactions with Wheaton that resulted in Goldcorp owning 100% of Wheaton common shares on April 15, 2005. Further, the series of transactions resulted in each Wheaton warrant or stock option, which gives the holder the right to acquire common shares of Wheaton, being exchanged for a warrant or stock option of Goldcorp which gives the holder the right to acquire common shares of Goldcorp on the same basis as the exchange of Wheaton common shares for Goldcorp common shares. The Wheaton options and warrants have been included as part of the purchase price consideration.

This business combination has been accounted for as a purchase transaction, with Goldcorp being identified as the acquirer and Wheaton as the acquiree.

**4. Pro forma assumptions and adjustments**

*Pro forma adjustments to consolidated balance sheet*

The unaudited pro forma consolidated balance sheet reflects the following adjustments as if the transaction with Glamis had occurred on September 30, 2006:

(a) To record the acquisition of Glamis at a purchase price of \$8,242.6 million.

*Pro forma adjustments to consolidated statements of operations*

The unaudited pro forma consolidated statements of operations reflect the following adjustments as if the acquisitions of Glamis, certain Placer Dome Operations, Western Silver and Wheaton had occurred on January 1,

2005:

**4. Pro forma assumptions and adjustments (continued)**

*Pro forma adjustments to consolidated statements of operations (continued)*

- (b) To record adjustments to depletion expense resulting from adjustments to asset carrying values in the purchase allocations relating to the Placer Dome Operations and Wheaton assets.
- (c) An increase in interest expense of \$15.9 million for the nine month period ended September 30, 2006 and \$42.4 million for the year ended December 31, 2005 to reflect the interest expense on the long-term debt of \$850 million taken to partially finance the acquisition of the Placer Dome Operations.
- (d) To reverse the non-controlling interest share of income arising from Goldcorp owning 82% of Wheaton between February 15, 2005 and April 15, 2005.
- (e) To record the tax effect of the pro forma adjustments at 40%.
- (f) An increase in exploration expense by Western Silver of \$11.6 million for the year ended December 31, 2005 to conform with Goldcorp's accounting policy of expensing exploration expenditures on properties not advanced sufficiently to identify their development potential. A positive economic analysis was completed by Western Silver in November 2005 on its Peñasquito property at which time, under Goldcorp's accounting policy, further development costs would be capitalized. Accordingly, no adjustment is required in the pro forma consolidated statement of operations for the nine months ended September 30, 2006.
- (g) An increase in stock-based compensation of \$0.2 million for the nine months ended September 30, 2006 and \$1.2 million for the year ended December 31, 2005 deferred by Western Silver to properties in the exploration stage which would be expensed under Goldcorp's accounting policies.
- (h) The reduction of interest income of Western Silver to \$Nil from \$0.6 million and \$1.3 million, respectively, for the nine months ended September 30, 2006 and for the year ended December 31, 2005, as Glamis did not acquire cash assets as part of the Western Silver transaction.
