You should be aware that the issuer may purchase securities otherwise than under the exchange offer, such as in open market or privately negotiated purchases.

- II. To analyze and deliberate on the appraisal opinions issued by the specialized companies mentioned in item (I) above that are annexes to the [Contract and Justification of the Merger of Telefônica Data Brasil Holding S.A. into Telecomunicações de São Paulo S.A. [TELESP and Partial Spin-Off of Telefônica Empresas S.A. [([Contract]);
- III. To analyze and deliberate on the Contract, the merger of TDBH into the Company and the spin-off of T EMPRESAS, being the spun-off part of the net equity merged into the Company; and
- IV. To deliberate on the increase of the capital stock of the Company as a result of the merger, with the subsequent modification of the heading of article 5 of the Company's bylaws, as well as the consolidation of the Company's bylaws.

4. Attendance: Shareholders of the Company, representing more than 2/3 (two-thirds) of the voting capital stock, thus granting the legal [quorum] for the installation and deliberation of the issues in the agenda, in accordance with the signatures in the Shareholders Attendance Book No. 2, pages 09 and 09 overleaf. In order to comply with the established in article 164 of the Law 6404/76, the presence of Mr. Wolney Querino Schuler Carvalho, member of the Audit Committee of the Company was registered. The following presences were also registered: Mr. Fernando Xavier Ferreira, Chairman of the Board of Directors of the Company and representative of Telefônica Data Brasil Holding S.A., a company with headquarters located in the city of São Paulo, state of São Paulo, at Avenida Brigadeiro Faria Lima 1188, registered under CNPJ/MF #04.295.166/0001 -33, in accordance with the Minutes of the 5th Extraordinary General Shareholders' Meeting held on this date; Mr. Pedro Lucas Antón Lázaro, Vice-President of Management Control and Finance and Investor Relations Director of the Company; Mr. Gilmar Roberto Pereira Camurra, Vice-President of Financial Planning of the Company; Mr. Taiki Hirashima, representative of Hirashima & Associados Ltda.; Mr. Luiz Otávio Coutinho Muniz, representative of NM Rotschild & Sons (Brasil) Ltda.; Mr. Luiz Augusto Motta and Mr. Luis Renato Guimarães Pereira, representatives of KPGM Corporate Finance Ltda.; Mr. Roberto José Maris de Medeiros, representative of Telefônica Empresas S.A., a company with headquarters located in the city of Barueri, state of São Paulo, at Av. Tamboré 341 and 371, registered under CNPJ/MF #04.027.547/0001 -31, according to the Minutes of the 19th Extraordinary General Shareholders' Meeting held on this date; Mr. Luiz Carlos Marques representative of Ernst & Young Auditores Independentes; and the legal counselors of the Company and members of Pinheiro Neto Advogados, Mr. Carlos Alberto Moreira Lima Junior and Mr. Miguel Tornovsky.

5. Presiding Officers: Mr. Fernando Xavier Ferreira [Chairman and João Carlos de Almeida [Secretary.

6. Opinion of the Audit Committee: The Audit Committee of the Company, through Opinion #02/2006 issued on March 09, 2006, issued a favorable opinion for: (i) the Contract, according to the established in articles 224, 225, 227, 229 and 264 of the Law 6404/76 and CVM Instruction #319/99; (ii) the approval of the appraisal opinions, that constitute annexes to the Contract and were issued by the specialized companies; and (iii) the approval of the terms and conditions of the Contract by the General Shareholders' Meeting of the Company.

7. Clarifications:

- I. The Chairman clarified that the minutes of the meeting would be issued as a summary of the facts, only including the transcription of the resolutions taken, in accordance with the established on article 130, paragraph 1 of the Law 6404/76 and informed that documents or proposals, declarations of vote or disagreement about the topics to be debated should be presented to the Presiding Officers in written form, authenticated by the Secretary and archived at the Company's headquarters.
 - II. The Chairman informed that the documents related to the topics to be debated were with the Presiding Officers and such documents had been put at the shareholders' disposal in
-

the terms of CVM Instruction 319/99 since the date of the publication of the Relevant Fact that established the conditions of the operation.

- III. Finally, the Chairman informed that on April 27, 2006, TDBH received a subpoena regarding a ruling issued by the Honorable Judge of the 14th Circuit of the Central Forum of the capital of the state of São Paulo (MM. Juiz de Direito da 14^a Vara Cível do Foro Central da Capital do Estado de São Paulo), as a result of a legal injunction filed by a group of shareholders of the Company, represented by Hedging Griffó Corretora de Valores Mobiliários S.A. Said ruling granted "the power to suspend the call notice for the general shareholders' meeting schedule for April 28, 2006" until determined documents were presented to the plaintiffs. TDBH presented an appeal against said legal injunction and, on the same day April 27, 2006, the Company, through its lawyers, was informed of the decision issued by the Appeal Court Judge Hon. Carvalho Viana on the legal proceedings of the Appeal #448.590-4/3 "allowing the holding of the meeting tomorrow, but suspending the immediate implementation of its effects, until a detailed analysis is carried out to fully understand the matter". The Chairman informed that, despite the fact that the Company is not an interested party in the legal injunction and therefore not subject to its effects, it is not possible to implement the Merger in the terms approved in the Contract before the merger of TDBH into Telesp is approved, without limitations. Therefore, the Chairman proposed that the effects of the resolutions taken by the current Meeting are suspended until there is a favorable decision for TDBH regarding the legal injunction or its respective appeal, which was unanimously approved. The Chairman even proposed that in the case that the Extraordinary General Shareholders' Meeting of TDBH, held on the same date, is total or partially annulled, canceled or revoked, the resolutions taken by the current Extraordinary General Shareholders' Meeting will be automatically considered canceled. Lastly, the Chairman clarified that the result of the referred legal dispute and its effects on the proposed operation will be informed to the shareholders through a notice to the shareholders to be published according to the Law and applicable legislation for disclosing relevant information.

8. Resolutions: The topics of the Agenda were put for discussion and the following resolutions were approved, by the unanimous vote of the present shareholders:

- I. The meeting approved and ratified the appointment and hiring of the following specialized companies, assigned by the managements of the Company, TDBH and T EMPRESAS to prepare the necessary appraisals to deliberate about the Merger and Spin-Off: (i) Hirashima & Associados Ltda, a limited company with headquarters located in the city of São Paulo, state of São Paulo, at Rua Flórida #1758, conjunto 11, registered under CNPJ/MF #005.215.691/0001-64 and under C.R.C./SP #2SP022465/O-4 ("Hirashima"), responsible for a) the accounting appraisal of the net equity of TDBH as of December 31, 2005 "base date set for the Merger, that will provide the basis for the capital stock increase of the Company resulting from the Merger; and b) the accounting appraisal of the spun-off part of the net equity of T EMPRESAS as of December 31, 2005 "base date set for the Spin-Off, that provided the basis for the capital stock reduction of T Empresas resulting from the Spin-Off; (ii) NM Rothschild & Sons (Brasil) Ltda, with headquarters located in the city of São Paulo, state of São Paulo, at Avenida Brigadeiro Faria Lima #2055, 18th Floor, São Paulo, registered under CNPJ/MF #32.210.791/0001-70 ("Rothschild"), responsible for the economic and financial analysis of TDBH and the Company, in order to determine the exchange ratio of shares of TDBH "which will be extinct as a result of the Merger - by new shares of the Company; and (iii) KPMG Corporate Finance Ltda., with headquarters located in the city of São Paulo, state of São Paulo, at Rua Dr. Renato Paes de Barros nº 33, 2nd Floor, registered under CNPJ/MF #48.883.938/0001-23 ("KPMG"), responsible for the appraisals, at market prices, of the net equity of TDBH and the Company, according to the same criteria and for the same base date (December 31, 2005), based on the audited financial statements of TDBH and the Company, in order to compare the calculations for the exchange ratio of the shares of

TDBH by shares of the Company, in accordance with the established in article 264 of the Law 6404/76;

- II. **(1)** After due examination and discussion, the Meeting approved, without any observations, the Appraisal of the Net Equity of TDBH, issued on March 06, 2006 by Hirashima, which constitutes Annex I of the Contract. The appraisal executed by Hirashima was made using the accounting principle of measuring the net equity value of TDBH, based on the constant elements of its balance sheet as of December 31, 2005, audited by Ernst & Young Auditores Independentes S.S. (Ernst & Young). According to the accounting appraisal, the net equity value of TDBH, as of December 31, 2005, was R\$ 597,164,881.58 (five hundred ninety seven million, one hundred sixty four thousand, eight hundred eighty one Reais and fifty eight cents), which will be merged into the net equity of the Company. **(2)** After due examination and discussion, the Meeting approved, without any observations, the Appraisal of the Accounting Value for the Purpose of the Spin-Off and Merger of T EMPRESAS, issued on March 06, 2006 by Hirashima, which constitutes Annex II of the Contract. The appraisal executed by Hirashima was made using the accounting principle of measuring the net equity value of T EMPRESAS, based on the constant elements of its balance sheet as of December 31, 2005, audited by Ernst & Young. According to the accounting appraisal, the net equity value of T EMPRESAS, as of December 31, 2005, was R\$ 304,234,227.25 (three hundred four million, two hundred thirty four thousand, two hundred twenty seven Reais and twenty five cents) and the accounting equity value of the spun-off part was R\$ 273,797,261.22 (two hundred seventy three million, seven hundred ninety seven thousand, two hundred sixty one Reais and twenty two cents). **(3)** After due examination and discussion, the Meeting approved the Appraisals of the Net Equities at Market Prices for TDBH and the Company issued on March 06, 2006, which constitute Annex IV and Annex V of the Contract. Such appraisals were issued following the same criteria and using the same base date (December 31, 2005), and based on the audited financial statements of TDBH and the Company, resulting in the following exchange ratio (exclusively for the purposes of article 264 of the Law 6404/76): (i) 1 (one) common share of the Company for each group of 88,258 (eighty eight thousand, two hundred fifty eight) common shares of TDBH; (ii) 1 (one) preferred share of the Company for each group of 88,258 (eighty eight thousand, two hundred fifty eight) preferred shares of TDBH; and (iii) 1 (one) American Depositary Share (ADS) of the Company for each group of 1.76516 ADSs of TDBH, considering that each ADS of TDBH represents 50,000 (fifty thousand) preferred shares of TDBH. **(4)** After due examination and discussion, the Meeting approved Appraisal Report of TDBH and the Company, previously presented by Rothschild, which constitutes Annex III of the Contract, using the discounted free cash flow method, aiming to provide support for the process of determining the exchange ratio of shares of TDBH by shares of the Company, according to the established by article 31 of the Bylaws of TDBH and the Company. Using the middle point of the value range determined by Rothschild, the following exchange ratio is found: (i) 1 (one) common share of the Company for each group of 75,389 (seventy five thousand, three hundred eighty nine) common shares of TDBH; (ii) 1 (one) preferred share of the Company for each group of 75,389 (seventy five thousand, three hundred eighty nine) preferred shares of TDBH; and (iii) 1 (one) American Depositary Share (ADS) of the Company for each group of 1.50778 ADSs of TDBH, considering that each ADS of TDBH represents 50,000 (fifty thousand) preferred shares of TDBH
- III. **(1)** After due examination and discussion, the Meeting approved, without any observations, the Contract dated on March 09, 2006, including the objectives, basis and all the conditions related to the Merger and Spin-Off, contract that was prepared following the established in articles 224, 225, 227, 229 and 264 of the Law 6404/76 and CVM Instruction 319/99. This document, which was presented by the Secretary and examined by the present people, constitutes part of these minutes, as **Annex 1**. Therefore, the exchange ratio referred in item II (4) above and item 5.4 of the contract was approved. It was explained that the exchange ratio of the shares of TDBH and the Company is considered fair for the shareholders of both companies, since it was determined within the values of the respective companies and based on the financial analysis prepared by Rothschild, an independent

financial institution with international reputation and with great experience in the preparation of economical and financial appraisals, which confirmed that a fair treatment was being given to all the shareholders. Following the terms of the Contract, the shareholders were informed that in case the shareholders of TDBH, due to the exchange ratio, have the right to a fraction of a share of the Company, they will be paid pro rata of their respective fractions. The amount paid will be the net value at market prices of the grouped fractions, determined in an auction (or auctions if needed) to be held at BOVESPA. Such payment to the shareholders of TDBH will be carried out up to 5 (five) business days after the last auction takes place. **(2)** As a result of the resolutions now taken and complying with the established in item 7.III above, the merger of TDBH into the Company was approved in the terms and conditions established in the Contract approved in item III (1) above, with the consequent extinction, for legal purposes, of TDBH and the transfer to the Company of all the assets, rights and obligations of TDBH, observing any disposition on the contrary in the Contract. It was established that, with the Merger of TDBH and its consequent extinction, the Company will be the overall legal successor of TDBH, in all its rights and obligations. Therefore, the shareholders of the Company authorize its managers to execute all necessary acts for the effective formalization of the Merger now discussed. **(3)** Complying with the established in item 7.III above, the Spin-Off and merger into the Company of the spun-off part of the net equity was approved in the terms and conditions established in the Contract approved in item III (1) above, while all the elements of the assets and liabilities described in the transfer balance sheet present in the Appraisal of the Accounting Value for the Purpose of the Spin-Off and Merger, referred in item II (2) above will become part of the Company. According to the established in said accounting appraisal, the net accounting equity of T EMPRESAS to be merged into the Company was R\$273,797,261.22 (two hundred seventy three million, seven hundred ninety seven thousand, two hundred sixty one Reais and twenty two cents) as of December 31, 2005. Considering that as a result of the Merger approved in the terms of item III (2) above, T EMPRESAS, at the time of the merger of the spun-off part of the net equity, is a fully owned subsidiary of the Company, the transfer to the Company of the spun-off part of the equity will be carried out through a reduction of the account investment in fixed assets and the transfer to the Company of the elements of the assets and liabilities contained in the transfer balance sheet, part of the Appraisal of the Accounting Value for the Purpose of the Spin-Off and Merger, referred in item II (2) above, without any increase or reduction of the net equity of the Company or in the number of shares that compose its capital stock. It was explained that the Spin-Off is considered fair for the shareholders of the Company and T EMPRESAS, since at this moment, T Empresas is a fully owned subsidiary of the Company and therefore, the transfer of the assets and liabilities of T Empresas by their accounting value does not imply any loss for the Shareholders of the Company. Following the terms of the sole paragraph of article 233 of the Law 6404/76, it was established that the Company will only be responsible for the obligations that are expressly transferred to it in the terms of the Contract and of the transfer balance sheet contained in the Appraisal of the Accounting Value for the Purpose of the Spin-Off and Merger, referred in item II (2) above, without being responsible for T EMPRESAS. Complying with the established in item 7.III above, the shareholders of the Company authorize its managers to execute all necessary acts for the effective formalization of the Spin-Off now discussed, with the merger of the spun-off part of the net equity into the Company.

- IV. **(1)** As a result of the Merger approved in the terms of Item III (2) above and considering that a part of the net equity of TDBH corresponding to a direct ownership of the Company in TDBH must not be part of the increase in the capital stock, it was approved that the capital stock of the Company be increased in R\$597,124,147.33 (five hundred ninety seven million, one hundred twenty four thousand, one hundred forty seven Reais and thirty three cents) and therefore, the capital stock will increase from R\$5,978,073,811.88 (five billion, nine hundred seventy eight million, seventy three thousand, eight hundred eleven Reais and eighty eight cents) to R\$6,575,197,959.21 (six billion, five hundred seventy five million, one hundred ninety seven thousand, nine hundred fifty nine Reais and twenty one cents). This increase is subscribed and fully paid-in by the shareholders of TDBH, in accordance
-

with their respective stakes, through the transfer of the net equity of TDBH to the Company, considering its accounting value. Bearing in mind the exchange ratio approved in item III (1) above, 4,758,172 (four million, seven hundred fifty eight thousand, one hundred seventy two) common shares and 9,449,209 (nine million, four hundred forty nine thousand, two hundred nine) preferred shares of the Company will be issued, all of them book-entry shares without par value and identical to the ones already in circulation. Those shares will be distributed in exchange of the common and preferred shares of TDBH, according to the exchange ratio referred in item II (4) above and item 5.4 of the Contract, with the exception of the shares owned by the Company, whose shares in TDBH will be canceled, or in the case of the shareholders of TDBH that exercise the right of withdrawal. **(2)** In light of the increase in the capital stock now approved, the Meeting approved the modification of the heading of article 5 of the Company's Bylaws, that will now have the following wording: **Art. 5** The subscribed capital stock, which is fully paid-in, is R\$ 6,575,197,959.21 (six billion, five hundred seventy five million, one hundred ninety seven thousand, nine hundred fifty nine Reais and twenty one cents) divided into 506,237,272 (five hundred six million, two hundred thirty seven thousand, two hundred seventy two) shares, of which 168,819,870 (one hundred sixty eight million, eight hundred nineteen thousand, eight hundred seventy) are common shares and 337,417,402 (three hundred thirty seven million, four hundred seventeen thousand, four hundred two) are preferred shares, all of them book-entry shares without par value. **(3)** Finally, the Meeting approved the consolidation of the Company's Bylaws in the terms of **Annex 2** to these minutes.

9. Closing of the Meeting: At the end of the meeting, the President yielded the floor for anyone wishing to speak. Since there was no one requesting the floor and as there were no more subjects to be discussed, the meeting was ended and these minutes were drawn up as a summary of events and it was approved that they are to be published without the signatures of the shareholders, according to the paragraphs 1 and 2 of article 130 of the Law 6404/76. After the meeting, the minutes were read and, as found in accordance, were approved and signed by the attendants.

This exchange offer or business combination is made for the securities of a foreign company. The offer is subject to disclosure requirements of a foreign country that are different from those of the United States. Financial statements included in the document, if any, have been prepared in accordance with foreign accounting standards that may not be comparable to the financial statements of United States companies.

It may be difficult for you to enforce your rights and any claim you may have arising under the federal securities laws, since the issuer is located in a foreign country, and some or all of its officers and directors may be residents of a foreign country. You may not be able to sue a foreign company or its officers or directors in a foreign court for violations of the U.S. securities laws. It may be difficult to compel a foreign company and its affiliates to subject themselves to a U.S. court's judgment.

You should be aware that the issuer may purchase securities otherwise than under the exchange offer, such as in open market or privately negotiated purchases.

IV. To authorize the management of the Company, in case the Merger is approved, to execute all necessary acts to carry out the Merger, including subscribing the capital increase of TELESP.

4. Attendants: Shareholders of the Company representing more than half of its voting capital were present thus reaching the legal quorum to install and to deliberate the subjects in the agenda, in conformity with the records and signatures in the Shareholders Attendance Registry Book No. 1, pages 17 to 19-overleaf. In order to comply with the established in article 164 of the Law 6404/76, the presence of Mr. Miguel Mantovani Jr., member of the Audit Committee of the Company was registered. The following presences were also registered: Mr. Roberto José Maris de Medeiros, member of the Board of Directors of the Company; Mr. Gilmar Roberto Pereira Camurra, Vice-President of Finance, Management Control and Resources; Mr. Taiki Hirashima, representative of Hirashima & Associados Ltda.; Mr. Marcos B Spieler, representative of NM Rothschild & Sons (Brasil) Ltda.; Mr. Luiz Augusto Motta Pinto da Luz, representative of KPGM Corporate Finance Ltda.; Mr Luiz Carlos Marques, representative of Ernst & Young Auditores Independentes; and the legal counselors of the Company and members of Pinheiro Neto Advogados, Mr. Carlos Alberto Moreira Lima Junior and Mr. Miguel Tornovsky.

5. Presiding Officers: Mr. Roberto José Maris de Medeiros □ Chairman and Mr. João Paulo Rossi Júlio □ Secretary.

6. Opinion of the Audit Committee: The Audit Committee of the Company, through Opinion #02/2006 issued on March 09, 2006, issued a favorable opinion for: (i) the Contract, according to the established in articles 224, 225, 227, 229 and 264 of the Law 6404/76 and CVM Instruction #319/99; (ii) the approval of the appraisal opinions, that constitute annexes to the Contract and were issued by the specialized companies; and (iii) the approval of the terms and conditions of the Contract by the General Shareholders □ Meeting of the Company. One of the members of the Audit Committee voted against the Contract and the proposed operation, whose copy was put at the shareholders □ disposal and sent to CVM and BOVESPA through the IPE System.

7. Clarifications:

- I. The Chairman clarified that the minutes of the meeting would be issued as a summary of the facts, only including the transcription of the resolutions taken, in accordance with the established on article 130, paragraph 1 of the Law 6404/76 and informed that documents or proposals, declarations of vote or disagreement about the topics to be debated should be presented to the Presiding Officers in written form, authenticated by the Secretary and archived at the Company □ headquarters.
 - II. The Chairman informed that the documents related to the topics to be debated were with the Presiding Officers and such documents had been put at the shareholders □ disposal in the terms of CVM Instruction 319/99 since the date of the publication of the Relevant Fact that established the conditions of the operation.
 - III. The Chairman also informed that, considering the tenor of the votes presented by a member of the Board of Directors and a member of the Audit Committee regarding the proposed merger operation and the respective appraisals, the Company requested further clarifications to NM Rothschild & Sons (Brasil) Ltda., responsible for the economic and financial appraisal of the net equities, at market prices, of the Company and Telesp. The answers sent by the appraisers were read by the Secretary and are included in the present minutes as Annex 1. Notwithstanding, they have been put at the shareholders □ disposal and sent to CVM and BOVESPA through the IPE System.
 - IV. Finally, the Chairman informed that on April 27, 2006, the Company received a subpoena regarding a ruling issued by the Honorable Judge of the 14th Circuit of the Central Forum of the capital of the state of São Paulo (MM. Juiz de Direito da 14^a Vara Cível do Foro Central
-

da Capital do Estado de São Paulo), as a result of a legal injunction filed by a group of shareholders of the Company. Said ruling granted "the power to suspend the call notice for the general shareholders" meeting schedule for April 28, 2006" until determined documents were presented to the plaintiffs. The Company presented an appeal against said legal injunction and, on the same day April 27, 2006, the Company, through its lawyers, was informed of the decision issued by the Appeal Court Judge Hon. Carvalho Viana on the legal proceedings of the Appeal #448.590 -4/3 "allowing the holding of the meeting tomorrow, but suspending the immediate implementation of its effects, until a detailed analysis is carried out to fully understand the matter". The Chairman informed that a copy of both decisions was at the shareholders' disposal with the Presiding Officers for examination, and informed that, considering the tenor of said judicial rulings, specially the ruling issued in the Appeal filed at the Justice Court of the state of São Paulo, the effects of the resolutions taken in the present Meeting will remain suspended until an later judicial ruling, which will be informed to the shareholders through a notice to be published according to the law and applicable rules for the disclosure of relevant information.

8. Motions:

- I. The shareholders represented by Hedging Griffó Corretora de Valores S.A. ("Hedging Griffó") presented a "Motion to Suspend the Present Extraordinary General Shareholders" Meeting", motion that was received by the Presiding Officers and archived at the Company's headquarters, on the grounds of the non-disclosure, by the Company, if certain documents whose disclosure, in the opinion of such shareholders, would be necessary for the evaluation of the proposed subjects. Once put for voting, the proposal to suspend the General Shareholders' Meeting was rejected by the majority of the votes, while the controlling shareholders stating that the issue of the disclosure of the documents referred by Hedging Griffó was subject of an administrative process with the CVM, process that was started more than 30 days ago by Hedging Griffó. The process resulted in the following decisions by the "Superintendência de Relações com Empresas" of the CVM: (i) on April 24, 2006, it endorsed the arguments of the Company and authorized it not to disclose confidential and strategic documents of the Company requested by Hedging Griffó; and (ii) on April 26, 2006 denied the request to suspend the Extraordinary General Shareholders' Meeting filed at the CVM by shareholders represented by Hedging Griffó.
- II. The shareholders represented by Hedging Griffó presented a "Motion to Disregard the Vote Issued by the Controlling Shareholders of TDBH", motion that was received by the Presiding Officers and archived at the Company's headquarters, on the grounds of conflict of interests as both companies are under the common control of Telesp. Once put for voting, the proposal to disregard the vote of the controlling shareholders was rejected by the majority of the votes, while the controlling shareholders stating that there is no conflict of interest, as well as there is no exclusive benefit for the controlling shareholder in the present operation. Conversely, considering that the percentage of shares owned by the controlling group in the Company is higher than the percentage of shares owned by Telesp, there is no benefit for the controller, whom pretends to accept the exchange ratio proposed by the management based on the independent appraisals, since it considers it just and fair for all the shareholders.
- III. The shareholders represented by Hedging Griffó presented a "Protest" in light of the decision of the Chairman of the Meeting regarding the counting of the votes of the controlling shareholders of TDBH, which was received by the Presiding Officers and archived at the Company's headquarters.

9. Resolutions: The topics of the Agenda were put for discussion and voting, and the following resolutions were approved by the majority of the present shareholders that represent more than half of the voting capital stock, while the ensuing statements of separate vote were recorded: (a) against: (i) shareholders represented by Hedging Griffó; (ii) Philips Electronics North America Corporation Master Retirement Fund; (iii) holders of 8,950,000 shares of the Company, owned

through ADRs and represented by the Bank of New York; (b) abstain: 150,000 shares of the Company, owned through ADRs and represented by the Bank of New York; and (c) for, and in addition to the votes declared by the controlling shareholders: (i) 213,965,050,000 shares of the Company, owned through ADRs and represented by the Bank of New York; and (ii) 7,229,500,000 shares of the Company, owned through ADRs and represented by the Bank of New York. All the votes were received by the Presiding Officers and archived at the Company's headquarters.

- I. The meeting approved and ratified the appointment and hiring of the following specialized companies, assigned by the managements of the Company and TELESP to prepare the necessary appraisals to deliberate about the Merger: (i) Hirashima & Associados Ltda, a limited company with headquarters located in the city of São Paulo, state of São Paulo, at Rua Flórida #1758, conjunto 11, registered under CNPJ/MF #005.215.691/0001-64 and under C.R.C./SP #2SP022465/O-4 (Hirashima), responsible for the accounting appraisal of the net equity of the Company as of December 31, 2005 - base date set for the Merger, that will provide the basis for the capital stock increase of the TELESP resulting from the Merger; (ii) NM Rothschild & Sons (Brasil) Ltda, with headquarters located in the city of São Paulo, state of São Paulo, at Avenida Brigadeiro Faria Lima #2055, 18th Floor, São Paulo, registered under CNPJ/MF #32.210.791/0001-70 (Rothschild), responsible for the economic and financial analysis of the Company and TELESP, in order to determine the exchange ratio of shares of the Company - which will be extinct as a result of the Merger - by new shares of TELESP; and (iii) KPMG Corporate Finance Ltda., with headquarters located in the city of São Paulo, state of São Paulo, at Rua Dr. Renato Paes de Barros nº 33, 2nd Floor, registered under CNPJ/MF #48.883.938/0001-23 (KPMG), responsible for the appraisals, at market prices, of the net equity of the Company and TELESP, according to the same criteria and for the same base date (December 31, 2005), based on the audited financial statements of the Company and TELESP, in order to compare the calculations for the exchange ratio of the shares of the Company by shares of TELESP, in accordance with the established in article 264 of the Law 6404/76;

 - II. **(1)** After due examination and discussion, the Meeting approved, without any observations, the Appraisal of the Net Equity of the Company for the Merger Purposes, issued on March 06, 2006 by Hirashima, which constitutes Annex I of the Contract. The appraisal executed by Hirashima was made using the accounting principle of measuring the net equity value of the Company, based on the constant elements of its balance sheet as of December 31, 2005, audited by Ernst & Young Auditores Independentes S.S. According to the accounting appraisal, the net equity value of TDBH, as of December 31, 2005, was R\$ 597,164,881.58 (five hundred ninety seven million, one hundred sixty four thousand, eight hundred eighty one Reais and fifty eight cents), which will be merged into the net equity of TELESP. **(2)** After due examination and discussion, the Meeting approved, without any observations, the Appraisals of the Net Equities at Market Prices for the Company and TELESP issued on March 06, 2006 by KPMG, which constitute Annex IV and Annex V of the Contract. Such appraisals were issued following the same criteria and using the same base date (December 31, 2005), and based on the audited financial statements of the Company and TELESP, resulting in the following exchange ratio (exclusively for the purposes of article 264 of the Law 6404/76): (i) 1 (one) common share of the TELESP for each group of 88,258 (eighty eight thousand, two hundred fifty eight) common shares of the Company; (ii) 1 (one) preferred share of TELESP for each group of 88,258 (eighty eight thousand, two hundred fifty eight) preferred shares of the Company; and (iii) 1 (one) American Depositary Share (ADS) of TELESP for each group of 1.76516 ADSs of the Company, considering that each ADS of the Company represents 50,000 (fifty thousand) preferred shares of the Company. **(3)** After due examination and discussion, the Meeting approved Appraisal Report of the Company and TELESP, previously presented by Rothschild, which constitutes Annex III of the Contract, using the discounted free cash flow method, aiming to provide support for the process of determining the exchange ratio of shares of the Company by shares of TELESP, according to the established by article 31 of the Bylaws of the Company and TELESP. Using the middle point of the value range determined by Rothschild, the following exchange ratio is found: (i) 1 (one) common share of TELESP for
-

- each group of 75,389 (seventy five thousand, three hundred eighty nine) common shares of the Company; (ii) 1 (one) preferred share of TELESP for each group of 75,389 (seventy five thousand, three hundred eighty nine) preferred shares of the Company; and (iii) 1 (one) American Depositary Share (["ADS"]) of TELESP for each group of 1.50778 ADSs of the Company, considering that each ADS of the Company represents 50,000 (fifty thousand) preferred shares of the Company. **(4)** The last appraisal annexed to the Contract is the Appraisal of the Accounting Value for the Purpose of the Spin-Off and Merger of T EMPRESAS S.A. (T Empresas), issued on March 06, 2006 by Hirashima, which will have to be discussed by the Extraordinary General Shareholders' Meetings of T Empresas and TELESP. Nevertheless, considering that T EMPRESAS is a fully owned subsidiary of the Company and not Telesp's, and considering that the shareholders of the Company will become shareholders of TELESP when the merger is carried out and for the purposes of avoiding any doubts about adherence to the current laws and legislation on the necessary approvals for the execution of the partial spin-off of T EMPRESAS, the shareholders of the Company approved the Appraisal of the Accounting Value for the Purpose of the Spin-Off and Merger of T EMPRESAS. Furthermore, the shareholders of the Company will authorize the management of the Company to issue a favorable vote for the operation and consequent approval of the Appraisal of the Accounting Value for the Purpose of the Spin- Off and Merger of T EMPRESAS in the Extraordinary General Shareholders' Meeting of T Empresas that will be held on the present date.
- III. **(1)** After due examination and discussion, the Meeting approved, without any observations, the Contract dated on March 09, 2006, including the objectives, basis and all the conditions related to the Merger and Spin-Off, contract that was prepared following the established in articles 224, 225, 227, 229 and 264 of the Law 6404/76 and CVM Instruction 319/99. This document, which was presented by the Secretary and examined by the present people, constitutes part of these minutes, as **Annex 2**. Therefore, the exchange ratio referred in item II (3) above and item 5.4 of the contract was approved. It was explained that the exchange ratio of the shares of the Company and TELESP is considered fair for the shareholders of both companies, since it was determined within the values of the respective companies and based on the financial analysis prepared by Rothschild, an independent financial institution with international reputation and with great experience in the preparation of economical and financial appraisals, which confirmed that a fair treatment was being given to all the shareholders. Following the terms of the Contract, the shareholders were informed that in case the shareholders of the Company, due to the exchange ratio, have the right to a fraction of a share of TELESP, they will be paid pro rata of their respective fractions. The amount paid will be the net value at market prices of the grouped fractions, determined in an auction (or auctions if needed) to be held at BOVESPA. Such payment to the shareholders of the Company will be carried out up to 5 (five) business days after the last auction takes place. **(2)** As a result of the resolutions now approved and observing the established in item 7.IV above, the proposed merger of the Company into TELESP and the consequent extinction of the Company was approved, provided the Merger is approved by the General Shareholders' Meeting of Telesp, to be held on the present date at 16:00 hours. Furthermore and according to the terms of the Contract, TELESP will succeed the Company in all its assets and liabilities, while the shareholders of the Company will become shareholders of Telesp. The shareholders of the Company that do not agree with the Merger will have the right of withdrawing from the Company in the term of 30 (thirty) days after the publication of these minutes. The conditions, the reimbursement values and the deadline to exercise the right of withdrawal will be disclosed through a Notice to the Shareholders to be timely published. Likewise, the shareholders of the Company approved the proposed partial spin-off of its fully owned subsidiary T EMPRESAS, authorizing the management of the Company to approve the Contract and the partial spin-off of T Empresas in the Extraordinary General Shareholders' Meeting of T Empresas that will be held on the present date.
- IV. Observing the established in item 7.IV above, the shareholders of the Company authorize the management, represented by any of its directors or anyone appointed by them, to
-

participate in the General Shareholders' Meeting of TELESP to be held on the present date at 16:00 hours, and carry out all necessary acts for the effective execution of the Merger now discussed, including subscribing the capital increase of TELESP, in order to comply with the established in article 227, paragraph 2, of the Law 6404/76.

10. Closing of the meeting: Once the Agenda of the meeting was covered, the President closed the meeting. The present minutes were drawn up as a summary of events and it was approved that they are to be published without the signatures of the shareholders, according to the paragraphs 1 and 2 of article 130 of the Law 6404/76. After the meeting, the minutes were read and, as found in accordance, were approved and signed by the attendants.

Pursuant to your request in your correspondence dated April 5, 2006, related to the statements contained in the Declaration of Vote issued by the Fiscal Council Member, Mr. Marcio Luciano Mancini, we present you our opinion exclusively in regard to the Appraisal of Shareholders' Equity at Market Value report of Telefônica Data Brasil Holding S.A. (Company or TDBH).

These statements refer to the vote made by Mr. Marcio Luciano Mancini, the Fiscal Council Member, not approving the aforementioned Report based on the fact that he did not agree with the use of the CDI (Interbank Deposit Certificate) rate to calculate the present value of the Company's accounts since this indicator is currently quoted at a rate which is much higher than recent inflation and, furthermore, inflation forecasts, which, according to the statements of Mr. Marcio Luciano Mancini, would be the most correct parameter to update the value of Shareholders' equity at the time.

To address this question, we emphasize that the objective of this Report was to make an independent valuation, at market price, of the net worth of the Company.

In this respect, as described in the Report in paragraph 5.2 of section 5 - Methodology and Scope, the application of the methodology took as a starting point the carrying amounts of the assets and liabilities, and required adjustments in some of these items to reflect their probable realization values on the market, i.e. the value these items would obtain if negotiated by the Company on the base date of the valuation.

Accordingly, the holding of assets and liabilities by the Company naturally exposes it to a financial cost until their respective realization dates and, therefore, in order to calculate their

Financial statements included in the document, if any, have been prepared in accordance with foreign accounting standards that may not be comparable to the financial statements of United States companies.

It may be difficult for you to enforce your rights and any claim you may have arising under the federal securities laws, since the issuer is located in a foreign country, and some or all of its officers and directors may be residents of a foreign country. You may not be able to sue a foreign company or its officers or directors in a foreign court for violations of the U.S. securities laws. It may be difficult to compel a foreign company and its affiliates to subject themselves to a U.S. court's judgment.

probable realization values, it is necessary to use a parameter compatible with probable remuneration of the corresponding capital applied or obtained.

Thus, the parameter which we consider to be most appropriate is the forecast CDI rate since it is directly related to the probable costs of application or financial funding of a company the size of TDBH.

In this context, the CDI rate also offers the advantage of being the object of trading on futures markets, specifically on the BM&F (the Brazilian Futures and Commodities Exchange), therefore reflecting a market consensus for the probable financial gain to be made in the market, in a determined period, which is why it has become important as a parameter in any financial transaction in Brazil.

The CDI rate is also widely used by companies for mark to market value of financial assets and liabilities for a number of purposes. TDBH itself uses the CDI rate as one of the parameters for mark to market of its financial instruments.

In turn, the inflation rate is a more appropriate measure for calculating price, salary and monetary restatement readjustments over a given period of time. As a result, the inflation rate corresponds only to a part of the opportunity cost for financing assets and liabilities and, therefore, its use for calculating the present value of TDBH's assets and liabilities would not adequately reflect the minimum expectations of the probable counterparts in market transactions.

Based on the foregoing, we conclude that the CDI rate is a highly appropriate parameter to be used for the calculation of the present value of TDBH's assets and liabilities.

Yours sincerely,

In light of the vote cast by Mr. Claudio José Carvalho de Andrade, member of the Board of Directors of Telefônica Data Brasil Holding S.A. (□Company□), in the 44th Extraordinary Meeting of the Board of Directors of the Company, which pointed out alleged inconsistencies in the Valuation Report rendered with respect to the merger of the Company into Telecomunicações de São Paulo S.A. (□Telesp□), we would like to make the following clarifications:

- (1) The valuation of the Company was based on financial and operating projections prepared by the management of the Company, precisely the most recent and updated long-term business plan, as noted on pages 2 and 8 of the Valuation Report;
- (2) The business plan to support the tax credit approved in the meeting of the Board of Directors of the Company held on February 21, 2005 was not taken into consideration in preparing the Valuation Report as it is an outdated document which, according to management's guidance (which we concur), does not reflect the current perspectives of the business of the Company;
- (3) The sovereign risk used to determine the WACC in the Valuation Report was calculated based on the average of the Brazilian sovereign risk premium over the last 12 months prior to issuance of the Valuation Report, as noted on page 24 of the aforementioned report. It is our understanding that such methodology is appropriate as it reduces the volatility of the valuation in relation to spot market variations on specific dates. Therefore, this methodology to calculate the sovereign risk was consistently applied to determine the WACC for both the Company and Telesp. In addition, this methodology is consistent with the methodology we applied to all other valuations rendered on other transactions involving public companies in Brazil such as the sale by Companhia Vale do Rio Doce of Pará Pigmentos S.A. to Caemi Mineração e Metalurgia S.A., the acquisition of Internet Group Limited by Brasil Telecom S.A., and the acquisition of Santo Genovese Participações Ltda. by Telesp.

Sincerely,

In light of the belated vote cast by Mr. Marcio Luciano Mancini, member of the Audit Committee of Telefônica Data Brasil Holding S.A. (☐Company☐), which disagreed with the Valuation Report rendered with respect to the merger of the Company into Telecomunicações de São Paulo S.A. (☐Telesp☐), we would like to make the following clarifications:

- (1) The valuation of the Company was based on financial and operating projections prepared by the management of the Company, precisely the most recent and updated long-term business plan, as noted on pages 2 and 8 of the Valuation Report. The business plan to support the tax credit approved in the meeting of the Board of Directors of the Company held on February 21, 2005 was not taken into consideration in preparing the Valuation Report as it is an outdated document which, according to management's guidance (which we concur), does not reflect the current perspectives of the business of the Company. In relation to the EBITDA margin trend after 2006, the Company explained that it operates in a very competitive market, where the pricing policies of its major competitors focus on providing big discounts to gain market share, and this trend gets more aggressive every day. Therefore, in order to meet the accelerated growth projections of the business plan in a market where prices fall rapidly, the EBITDA margin should present a decreasing trend as the major variable cost of the Company (i.e. EILD) is not adherent to these price declines;
- (2) The use of a different discount rate (☐WACC☐) in the Valuation Report for the Company and Telesp is appropriate as these companies do not operate in the same business segment and/or the same stage of the business cycle, which leads to differentiated risk profiles. As noted on page 4 of the Valuation Report, the valuation treats the Company as a standalone operation, not including any synergies, incremental value and/or costs inherent to the Controlling Group of the Company or resulting from the Transaction. The companies utilized to calculate the beta were: (i) Colt Telecom, Global Crossing, Jazztel, Kingston Communications, Level 3 Communications, Time Warner Telecom, US Lec and XO Holdings for the Company; and (ii) Brasil Telecom, CTC Chile, Telecom Argentina, Telemar, Telesp and Telmex for Telesp.
- (3) The cost of debt used to determine the WACC was consistently calculated for both the Company and Telesp, according to management's estimate of a debt raising independent of the Controlling Group, i.e. without direct or indirect endorsements or guarantees provided by the Controlling Group and/or its affiliates. This methodology resulted in a lower cost of debt for Telesp relative to the Company, which is consistent to the credit rating of these companies
