DEARBORN, Mich., May 11, 2009 – Ford Motor Company (NYSE: F) announced today a registered public offering of 300 million shares of its common stock at a par value of \$0.01 per share. Ford said it also expects to grant to the underwriters a 30-day option to purchase up to 45 million shares of common stock.

“We continue to make strong progress on our transformation plan – gaining retail market share with great new products, improving quality, reducing costs and positioning Ford for a return to profitability,” said Ford President and CEO Alan Mulally. “Today’s equity offering is another example of the fast, decisive action we are taking as we build momentum on our plan, including further progress on improving our balance sheet.”

Citi, Goldman, Sachs & Co., J.P. Morgan and Morgan Stanley are acting as joint book-running managers of the offering.
