1. LICENSE GRANT

- 1.1. Subject to the terms and conditions set forth herein, THI hereby grants to Licensee, a worldwide, nontransferable, nonexclusive, nonassignable, limited license and right to access, use, copy (as expressly permitted herein), and modify THI's The International Reinsurance Systems computer software product(s) (as identified on the Cover Page of this Agreement) together with all documentation and other materials accompanying such product(s) (together, the **TIRS Software**).
- 1.2. Neither this Agreement nor the TIRS Software may be sold, leased, assigned, sublicensed or otherwise transferred by Licensee, in whole or in part, unless otherwise agreed in writing by THI.

2. SCOPE

- 2.1. Licensee's use of the TIRS Software shall be limited to use to process only Licensee's own internal business. Licensee is authorized to make a reasonable number of copies of TIRS Software for the purposes of quality assurance, testing, backup and disaster recovery purposes. Licensee will keep records of each copy made, where such copy is located and the authorized user thereof. Such records will be available for inspection at any reasonable time by THI upon ten (10) days notice.
- 2.2. Licensee has the right to develop interfaces to the TIRS Software in conjunction with its use of the TIRS Software. Such Licensee-developed software interfaces will remain the intellectual property of Licensee or its vendors.

3. DELIVERY; INSTALLATION; SOURCE CODE ESCROW

- 3.1. The TIRS Software will be supplied as a run-time machine executable application on a date to be agreed between the parties. Source code for the TIRS Software is not licensed to Licensee, and will not be provided to Licensee unless otherwise agreed between the parties in writing.
- 3.2. Licensee is responsible for providing the following operating environment upon which the TIRS Software will run: a Unix server running Informix IDS (database server) version 9.x. or higher and Windows NT, 2000, or XP-based PC clients running Informix Connect version 9.x or higher. available its equipment and facilities as required for the installation, operation or maintenance of the TIRS Software, and take such action as may be necessary to ensure that the operating environment specified in this Section 3.2 is operable as of the agreed date of installation. Licensee is also responsible for obtaining all appropriate licenses, including all necessary licenses for the Informix software products, relating to the operating environment.

- 3.3. THI will use commercially reasonable efforts to assist Licensee to install and configure the TIRS Software, and, if necessary, the Informix server software product.
- 3.4. Within thirty (30) days after the Effective Date, THI shall enter into a source code escrow agreement (the Source Code Escrow Agreement) with a reputable escrow agent (the Source Code Escrow Agent) and make Licensee a beneficiary to the Source Code Escrow Agreement. Upon making Licensee a beneficiary to the Source Code Escrow Agreement, THI will deposit with the Escrow Agent a documented copy of the source code form of the TIRS Software, a listing thereof, commentary, developer notes, libraries, tools, utilities and other related materials in a source code escrow account. If THI corrects any defects in the TIRS Software, or provides any new corrected releases, new versions, modifications or enhancements to the TIRS Software, THI shall simultaneously furnish the Escrow Agent with a corrected or revised copy of the source code form of the TIRS Software (the revised copies and the original copies, collectively, the Escrowed Materials). - 3.5. The Escrowed Materials will be released from escrow if THI becomes the subject of any voluntary or involuntary proceeding in bankruptcy, liquidation, dissolution, receivership, attachment or composition, or makes a general assignment for the benefit of creditors. Without any limitation of the rights granted to Licensee in Section 1 of this Agreement, THI hereby grants to Licensee, under any and all of THI 's intellectual property rights (both now and in the future), a perpetual, irrevocable, non-exclusive right and license to access, use, display and modify the Escrowed Materials (Source Code License Rights) solely for the purpose of supporting the TIRS Software; provided, that although the foregoing grant is effective as of the Effective Date, Licensee may exercise any such Source Code

4. TERM AND TERMINATION

- 4.1. Term of License. Subject to earlier termination as described in Section 4.2, and unless otherwise agreed in writing by the parties, this Agreement shall commence on the Initial Term Start Date set forth on the Cover Page, and shall continue until the Initial Term End Date set forth on the Cover Page (such period being referred to as the **Initial Term**). - 5.2. Renewal Terms. THI reserves the right to modify these terms and conditions by providing notice to Licensee of the new terms and conditions as provided herein. The terms and conditions for each Renewal Term, except for pricing, shall be the same as those contained in this Agreement unless Licensee is notified in writing of the proposed changes 90 days prior to the beginning of the pertinent Renewal Term. - 5.3. **Payments Net.** All payments, fees and other charges payable by Licensee to THI under this Agreement are net of all freight charges, taxes (including sales, value-added or use taxes), tariffs and other governmental charges, all of which shall be paid by Licensee. Licensee acknowledges that it is responsible for such governmental charges and that if THI is required to pay any such charges based on the TIRS Software, services or other items provided to Licensee, then such charges, but not any penalties or interest, shall be billed to and paid by Licensee. Licensee shall obtain and provide to THI any certificate of exemption or similar document required to exempt any transaction under this Agreement from sales tax, use tax or other tax liability.
- 5.4. **Payment Terms.** All payments shall be made in U.S. Dollars.
