GREENHILL

Overview

Greenhill is an independent investment banking firm that (i) provides financial advice on significant mergers, acquisitions, restructurings and similar corporate finance matters as well as fund placement services for private equity and other financial sponsors and (ii) manages merchant banking funds and similar vehicles and commits capital to those funds and vehicles. We act for clients located throughout the world from offices in New York, London, Frankfurt, Toronto, Tokyo, Chicago, Dallas, Los Angeles and San Francisco and will open an office in Houston shortly.

We were established in 1996 by Robert F. Greenhill, the former President of Morgan Stanley and former Chairman and Chief Executive of Smith Barney. Since its founding, Greenhill has grown steadily, recruiting a number of managing directors from major investment banks (as well as senior professionals from other institutions), with a range of geographic, industry or transaction specialties and different sets of corporate management and other relationships. As part of this expansion, we opened a London office in 1998, raised our first merchant banking fund in 2000, opened a Frankfurt office later in 2000 and began offering financial restructuring advice in 2001. On May 11, 2004, we converted from a limited liability company to a corporation and completed an initial public offering of our common stock. We opened our Dallas office and completed the closing of our second merchant banking fund in 2005. We opened our Toronto office and completed the final closing of our first venture capital fund in 2006. In 2007, we completed the final closing of our first European merchant banking fund. We completed the initial public offering of our special purpose acquisition company, GHL Acquisition Corp., in February 2008, opened our San Francisco office in April 2008, launched our Fund Placement Advisory Group in May 2008, opened our Tokyo office in October 2008 and opened our Chicago office in December 2008. In the first half of 2009, we announced the formation of our Financing Advisory & Restructuring Group in New York and London, opened our Los Angeles office and will open a Houston office shortly. As of June 30, 2009, we employed 69 managing directors and senior advisors globally, 26 of whom were hired in the 18 months ending that date, essentially doubling our managing director headcount in financial advisory. We expect to seek to continue to add industry-focused senior employees and to expand geographically.

Principal Sources of Revenue

Our principal sources of revenue are financial advisory services and merchant banking.

Financial Advisory Revenue

Our financial advisory business consists of mergers and acquisitions, financing advisory and restructuring, and fund placement advisory. For all of our financial advisory services, we draw on the extensive experience, corporate relationships and industry expertise of our managing directors and senior advisors.

On mergers and acquisitions engagements, we provide a broad range of advice to global clients in relation to domestic and cross-border mergers, acquisitions, and similar corporate finance matters and are generally involved at each stage of these transactions, from initial structuring to final execution. Our focus is on providing high-quality advice to senior executive management and boards of directors of prominent large and mid-cap companies in transactions that typically are of the highest strategic and financial importance to those companies. We advise clients on strategic matters, including acquisitions, divestitures, defensive tactics, special committee assignments and other important corporate events. We provide advice on valuation, tactics, industry dynamics, structuring alternatives, timing and pricing of transactions, and financing alternatives. Where requested to do so, we may provide an opinion regarding the

fairness of a transaction.

In our financing advisory and restructuring practice, we advise debtors, creditors and companies experiencing financial distress as well as potential acquirors of distressed companies and assets. We

Table of Contents

provide advice on valuation, restructuring alternatives, capital structures, and sales or recapitalizations. We also assist those clients who seek court-assisted reorganizations by developing and seeking approval for plans of reorganization as well as the implementation of such plans.

In our fund placement advisory practice we assist private equity funds and other financial sponsors in raising capital from a global set of institutional and other investors.

Financial advisory revenues accounted for 96%, 98% and 92% of our revenues in the six months ended June 30, 2009 and in fiscal years 2008 and 2007, respectively. Non-U.S. clients are a significant part of our business, generating 28%, 53% and 64% of our financial advisory revenues for the six months ended June 30, 2009 and in fiscal year 2008 and 2007, respectively. We generate revenues from our financial advisory services by charging our clients fees consisting principally of fees paid upon the commencement of an engagement, fees paid upon the announcement of a transaction, fees paid upon the successful conclusion of a transaction or closing of a fund and, in connection principally with restructuring assignments, monthly retainer fees.

Merchant Banking and Other

Our merchant banking activities currently consist primarily of management of and investment in Greenhill's merchant banking funds, Greenhill Capital Partners I (or GCP I), Greenhill Capital Partners II (or GCP II), and collectively with GCP I, Greenhill Capital Partners (or GCP), Greenhill SAV Partners (or GSAVP) and Greenhill Capital Partners Europe (or GCP Europe), which are families of merchant banking funds that invest in portfolio companies. Merchant banking funds are private investment funds raised from contributions by qualified institutional investors and financially sophisticated individuals. The funds generally make investments in non-public companies, typically with a view toward divesting within 3 to 5 years. We pursue merchant banking and other investment activities in addition to our financial advisory activities because we believe merchant banking can generate attractive returns on the firm's capital, and because it allows us to further leverage our managing directors' industry knowledge and corporate relationships. We believe we can pursue merchant banking opportunities without creating conflicts with our advisory clients by typically focusing on significantly smaller companies than those with respect to which we seek to provide financial advice. GCP typically makes controlling or influential minority investments of \$10 million to \$75 million in companies with valuations that are between \$50 million and \$500 million at the time of investment. GCP has invested a substantial portion of its capital in the energy, financial services and telecommunications industries. GSAVP typically makes smaller investments in early-growth-stage companies that offer technology-enabled or business information services. Such investments typically involve higher levels of risk and are more speculative than our GCP investments. GCP Europe typically makes controlling or influential minority investments of £10 million to £30 million in companies with valuations that are between £50 million and £250 million at the time of investment.

Merchant banking and other revenue accounted for 4%, 2% and 8% of our revenues in the six months ended June 30, 2009 and in fiscal years 2008 and 2007, respectively. We generate merchant banking revenue from (i) management fees paid by the funds we manage, (ii) gains (or losses) on our investments in the merchant banking funds and other principal investment activities, and (iii) merchant banking profit overrides. We charge management fees in GCP II, GSAVP and GCP Europe to all investors except the firm. In GCP I, we charge management fees to all outside investors who are not employed or affiliated with us. We may also generate gains (or losses) from our capital investment in our merchant banking funds depending upon the performance of the funds. Our investments in our merchant banking funds generate realized and unrealized investment gains (or losses) based on our allocable share of earnings generated by the funds. As the general partner of our merchant banking funds we make investment decisions for the funds and are entitled to receive an override on the profits of the funds after certain performance hurdles are met.

We began our merchant banking activities in 2000 with the establishment of GCP I, which had total committed capital of \$423 million. In 2005 we closed our second merchant banking fund, GCP II,

Table of Contents

which had total committed capital of \$875 million. The firm has committed approximately 10%, or \$88.5 million, to GCP II and our managing directors and other employees have committed an additional \$136 million to that fund. In 2006 we expanded our merchant banking activities with the closing of our venture capital fund, GSAVP, which had total committed capital of \$101.5 million. The firm has committed \$10.9 million to GSAVP and our managing directors and other employees have committed an additional \$22.6 million to that fund. In 2007, we closed our first European merchant banking fund, GCP Europe, which had total committed capital of approximately £191 million. The firm has committed £25 million to GCP Europe and our managing directors and other employees have committed an additional £41.9 million.

In February 2008, GHL Acquisition Corp. (GHLAC), a blank check company sponsored by the firm, completed its initial public offering, selling 40,000,000 units for an aggregate purchase price of \$400 million. We originally invested \$8.0 million in GHLAC and owned approximately 17.3% of its outstanding common stock (AMEX:GHQ) upon consummation of the offering. In September 2008, GHLAC announced that it had agreed to acquire Iridium Holdings, L.L.C. (Iridium), a leading provider of voice and data mobile satellite services, at an enterprise value of approximately \$591 million, subject to stockholder approval, various regulatory approvals and other customary closing conditions. In October 2008, we invested \$22.9 million in a convertible subordinated note issued by Iridium. During the second quarter of 2009, GHLAC reached an agreement to reduce by 15% the consideration to be paid in its planned acquisition of Iridium. In July 2009, GHLAC reached agreement with certain warrant holders, including Greenhill, to repurchase or restructure their GHLAC warrants upon closing of its acquisition of Iridium. If the acquisition of Iridium is completed upon the agreed terms and our investment in Iridium is converted to GHLAC common shares, based on GHLAC's current capitalization we will own approximately 8.9 million common shares, or 10.6% of the combined company's common stock, assuming exercise of all currently in-the-money warrants and approval by all GHLAC shareholders of the acquisition. We would also own 4.0 million out-of-the-money warrants of the combined company. The acquisition of Iridium remains subject to Federal Communications Commission approval as well as approval by GHLAC shareholders.

Our principal executive offices are located at 300 Park Avenue, 23rd Floor, New York, New York 10022, and our telephone number is (212) 389-1500. Anti-Takeover Effects of Delaware Law

In general, such provisions prohibit a publicly held Delaware corporation from engaging in various business combination transactions with any interested stockholder for a period of three years after the date of the transaction in which the person became an interested stockholder, unless:

the transaction is approved by the Board of Directors prior to the date the interested stockholder obtained such status;

upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced; or

on or subsequent to such date, the business combination is approved by the Board of Directors and authorized at an annual or special meeting of stockholders by the affirmative vote of at least 66²/₃% of the outstanding voting stock which is not owned by the interested stockholder.

within three years, did own) 15% or more of a corporation's voting stock. The statute could prohibit or delay mergers or other takeover or change in control attempts with respect to Greenhill and, accordingly, may discourage attempts to acquire

Item 15. *Indemnification of Directors and Officers*

Section 145 of the Delaware General Corporation Law provides that a corporation may indemnify directors and officers as well as other employees and individuals against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with any threatened, pending or completed actions, suits or proceedings in which such person is made a party by reason of such person being or having been a director, officer, employee or agent to the Registrant. The Delaware General Corporation Law provides that Section 145 is not exclusive of other rights to which those seeking indemnification may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise. Article Ninth of the Registrant's Certificate of Incorporation provides for indemnification by the Registrant of its directors, officers and employees to the fullest extent permitted by the Delaware General Corporation Law.

Section 102(b)(7) of the Delaware General Corporation Law permits a corporation to provide in its certificate of incorporation that a director of the corporation shall not be personally liable to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) for unlawful payments of dividends or unlawful stock repurchases, redemptions or other distributions, or (iv) for any transaction from which the director derived an improper personal benefit. The Registrant's Certificate of Incorporation provides for such limitation of liability to the fullest extent permitted by Delaware General Corporation Law.

The Registrant maintains standard policies of insurance under which coverage is provided (a) to its directors and officers against loss arising from claims made by reason of breach of duty or other wrongful act, while acting in their capacity as directors and officers of the Registrant, and (b) to the Registrant with respect to payments which may be

made by the Registrant to such officers and directors pursuant to any indemnification provision contained in the Registrant's Certificate of Incorporation or otherwise as a matter of law.

The proposed forms of Underwriting Agreement filed as Exhibit 1.1 to this Registration Statement provide for indemnification of directors and certain officers of the Registrant by the underwriters against certain liabilities.

Item 17. Undertakings

(a) The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made of securities registered hereby, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(c) The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(d) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrants pursuant to the foregoing provisions, or otherwise, the registrants have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrants will, unless in the opinion of their counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
