Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

Annual Equity Compensation Grants. As stated in the proxy statement for its Annual Meeting of Stockholders held on May 27, 2009, ION Geophysical Corporation (the Company) has adopted a policy that all awards of restricted stock and stock options to its employees and directors will be granted on one of four designated dates during the year: March 1, June 1, September 1 or December 1. Except for occurrences such as significant promotions, new hires, new directors joining the Board or unusual circumstances, the Company's current policy is to make most equity compensation awards on December 1 of each year. This date was selected because (i) it enables the Board of Directors and Compensation Committee to consider individual performance eleven months into the year, (ii) it simplifies the annual budgeting process by having the expense resulting from the equity award incurred late in the fiscal year and (iii) the date is approximately three months before the date that the Company normally pays annual incentive bonuses.

Consistent with this policy and past practice, on December 1, 2009, the Company granted certain equity compensation awards to its key employees, including its officers. The table below shows the grants on that date to the current named executive officers of the Company of (i) nonqualified stock options under the Company's 2004 Long-Term Incentive Plan and (ii) shares of the Company's restricted stock under the 2004 Long-Term Incentive Plan:

Executive Officer	Title	Shares Subject to Stock Options (#)	Shares of Restricted Stock (#)
Robert P. Peebler	Chief Executive Officer		100,000
R. Brian Hanson	Executive Vice President and Chief Financial Officer		75,000
James R. Hollis	President and Chief Operating Officer		30,000
Christopher M. Friedemann	Senior Vice President, Corporate Marketing	15,000	10,000

The options granted vest 25% each year over a four-year period and are exercisable at a price equal to \$5.44 per share, which is the closing sales price per share of the Company's common stock on the NYSE on the last trading day immediately prior to the date of grant, in accordance with the terms of the 2004 Long-Term Incentive Plan. The grants of shares of restricted stock will vest in one-third increments each year, over a three-year period. During the period that the restricted stock has not yet vested, holders of shares of restricted stock are entitled to the same voting rights and rights to dividends as all other holders of common stock.
