equity
determined in

accordance with accounting principles generally accepted in Luxembourg is disclosed in Note 10 (iii).

- (2) At June 30, 2009, the Capital Stock adds up to 2,004,743,442 shares at a nominal value of USD 1 each.
- (3) Represents the difference between book value of non-monetary contributions received from shareholders under Luxembourg GAAP and IFRS.
- (4) On February 5, 2009, Ternium Internacional España S.L.U. acquired from its related company Siderca S.A.I.C., 53,452 shares of Siderar S.A.I.C., representing 0.015% of that company's share capital, for an aggregate purchase price of USD 196 thousand. After this acquisition,

Ternium increased its ownership in Siderar to 60.94%.

As permitted by IFRS 3, the Company accounted for this acquisition under the economic entity model, which requires that the acquisition of an additional equity interest in a controlled subsidiary be accounted for at its carrying amount, with the difference arising on purchase price allocation being recorded directly in equity.

Dividends may be paid by Ternium to the extent distributable retained earnings calculated in accordance with Luxembourg law and regulations exist. Therefore, retained earnings included in these consolidated condensed interim financial statements may not be wholly distributable. See Note 10 (iii).

TERNIUM S.A.

Notes to the Consolidated Condensed Interim Financial Statements (Contd.)

1 General information and basis of presentation

Ternium S.A. (the Company or Ternium), a Luxembourg Corporation (Société Anonyme), was incorporated on December 22, 2003 under the name of Zoompart Holding S.A. to hold investments in flat and long steel manufacturing and distributing companies. The extraordinary shareholders meeting held on August 18, 2005, changed the corporate name to Ternium S.A.

Following a corporate reorganization carried out during fiscal year 2005, in January 2006 the Company successfully completed its registration process with the United States Securities and Exchange Commission (SEC). As from February 1, 2006, the Company s shares are listed in the New York Stock Exchange.

The name and percentage of ownership of subsidiaries that have been included in consolidation in these Consolidated Condensed Interim Financial Statements is disclosed in Note 2 to the audited Consolidated Financial Statements for the year ended December 31, 2009.

Certain comparative amounts have been reclassified to conform to changes in presentation in the current period.

The preparation of consolidated condensed interim financial statements requires management to make estimates and assumptions that might affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the date of the statement of financial position, and also the reported amounts of revenues and expenses for the reported periods. Actual results may differ from these estimates.

Material intercompany transactions and balances have been eliminated in consolidation. However, the fact that the functional currency of the Company s subsidiaries differ, results in the generation of foreign exchange gains that are included in the consolidated condensed interim income statement under Other financial (expenses) income, net .

These Consolidated Condensed Interim Financial Statements were approved by the Board of Directors of Ternium on August 3, 2010.

2 Accounting policies

These Consolidated Condensed Interim Financial Statements have been prepared in accordance with IAS 34, Interim Financial Reporting . These Consolidated Condensed Interim Financial Statements should be read in conjunction with the audited Consolidated Financial Statements for the year ended December 31, 2009, which have been prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board, and adopted by the European Union.

Recently issued accounting pronouncements were applied by the Company as from their respective dates.

These Consolidated Condensed Interim Financial Statements have been prepared following the same accounting policies used in the preparation of the audited Consolidated Financial Statements for the year ended December 31, 2009.

TERNIUM S.A.**Notes to the Consolidated Condensed Interim Financial Statements (Contd.)****3 Segment information****Reportable operating segments**

For management purposes, the Company is organized on a worldwide basis into the following segments: flat steel products, long steel products and others.

The flat steel products segment comprises the manufacturing and marketing of hot rolled coils and sheets, cold rolled coils and sheets, tin plate, welded pipes, hot dipped galvanized and electro-galvanized sheets, pre-painted sheets and other tailor-made products to serve its customers' requirements.

The long steel products segment comprises the manufacturing and marketing of billets (steel in its basic, semi-finished state), wire rod and bars.

The other products segment includes products other than flat and long steel, mainly pig iron, pellets and pre-engineered metal buildings.

Notes to the Consolidated Condensed Interim Financial Statements (Contd.)

9 Distribution of dividends

During the annual general shareholders' meeting held on June 2, 2010, the shareholders approved the consolidated financial statements and unconsolidated annual accounts for the year ended December 31, 2009 and a distribution of dividends of USD 0.05 per share (USD 0.50 per ADS), or USD 100.2 million. The dividends were paid on June 10, 2010.

10 Contingencies, commitments and restrictions on the distribution of profits

This note should be read in conjunction with Note 27 to the Company's audited Consolidated Financial Statements for the year ended December 31, 2009. Significant changes or events since the date of issue of such financial statements are as follows:

(i) Siderar

(a) Expansion project

Within the investment plan to increase its production capacity, Siderar has entered into several commitments to acquire new production equipment for a total consideration of USD 137.6 million.

Furthermore, related to operating activities and to the investment plan, Siderar entered into an agreement with Air Liquide Argentina S.A. (Alasa) for the supply of oxygen, nitrogen and argon for a contracted amount of USD 176.1 million which is due to terminate in 2025.

Given the severe international financial crisis initiated in 2008, its impact on the steel global market and the uncertainty about the evolution of steel demand, Siderar rescheduled the execution of its investment plan. Consequently, Siderar agreed with some suppliers to cancel or postpone some purchase orders.

Regarding the agreement entered with Alasa and after several negotiations, a provisory suspension of services and supplies from both parties related to the construction of the new gas facility was agreed until September 30, 2010. If a new postponement is not agreed, or a definitive agreement is not reached, Alasa would be entitled to claim Siderar fulfillment of the commitments starting October 1, 2010.

(b) Raw material contracts

Siderar has assumed firm commitments for the purchase of raw materials for a total consideration USD 736.5 million. These commitments include certain purchases of raw materials at prices that are in aggregate USD 31.7 million higher than current market conditions.

(ii) Steel supply contracts

Grupo Imsa (now Ternium Mexico), together with Grupo Marcegaglia, Duferco International and Dongkuk Steel were parties to a ten-year steel slab off-take framework agreement with Corus UK Limited dated as of December 16, 2004, which was supplemented by bilateral off-take agreements. Under the agreements, the offtakers could be required, in the aggregate, to purchase approximately 78% of the steel slab production of Corus Teeside facility in the North East of England, of which Grupo Imsa's share was 15.38%, or approximately 0.5 million tons per year.

In addition, the offtakers were required to make, in the aggregate and according to their respective pro rata shares, significant payments to Corus to finance capital expenditures. In December 2007, all of Grupo Imsa's rights and obligations under this contract were assigned to Ternium Procurement S.A. (formerly known as Alvory S.A.).

TERNIUM S.A.**Notes to the Consolidated Condensed Interim Financial Statements (Contd.)****10 Contingencies, commitments and restrictions on the distribution of profits (continued)***(ii) Steel supply contracts (continued)*

On April 7, 2009, Ternium Procurement S.A., together with the other off-takers, declared the early termination of the off-take framework agreement and their respective off-take agreements with Corus pursuant to a provision allowing the off-takers to terminate the agreements upon the occurrence of certain events specified in the off-take framework agreement. Corus initially denied the occurrence of the alleged termination event, stated that it would pursue specific performance and initiated an arbitration proceeding against the off-takers and Ternium Mexico (as guarantor of Ternium Procurement's obligations) seeking damages arising out of the alleged wrongful termination of the off-take agreements, which damages Corus did not quantify but stated would exceed the USD150 million (approximately USD 29.7 million in the case of Ternium Procurement), the maximum aggregate cap on liability that the off-takers understand would have under the off-take framework agreement (a limitation that Corus disputes). In addition, Corus threatened to submit to arbitration further claims in tort against the off-takers, and also threatened to submit such claims against certain third parties to such agreements, including the Company. The off-takers and Ternium Mexico, in turn, denied Corus' claims and brought counterclaims against Corus which, in the aggregate, would also be greater than USD150 million. On May 12, 2009, Corus, by a letter from its lawyers, alleged that the off-takers' termination notice amounted to a repudiatory breach of the agreements and stated that it accepted that the agreements had come to an end and that it would no longer pursue a claim for specific performance in the arbitration; the claim for damages, for all losses caused by the alleged off-takers' wrongful repudiation of the agreements, however, would be maintained. On July 9, 2009, Corus submitted an amended request for arbitration adding tortious claims against the off-takers and adding to its claims the payment of punitive or exemplary damages. The arbitration proceeding has not yet concluded. At the date of issue of these financial statements it is impossible to foresee the final outcome of this arbitration proceeding.

(iii) Restrictions on the distribution of profits

Under Luxembourg law, at least 5% of net income per year calculated in accordance with Luxembourg law and regulations must be allocated to a reserve until such reserve equals 10% of the share capital. At December 31, 2009, this reserve reached the above-mentioned threshold.

Ternium may pay dividends to the extent that it has distributable retained earnings and distributable reserves calculated in accordance with Luxembourg law and regulations. Therefore, retained earnings included in these consolidated condensed interim financial statements may not be wholly distributable.

Shareholders' equity under Luxembourg law and regulations comprises the following captions:

	At December 31, 2009
Share capital	2,004,743
Legal reserve	200,474
Distributable reserves	201,674
Non distributable reserves	1,414,123
Accumulated profit at December 31, 2009	1,535,379
Total shareholders' equity under Luxembourg GAAP	5,356,393

TERNIUM S.A.

Notes to the Consolidated Condensed Interim Financial Statements (Contd.)

11 Nationalization of Sidor

On March 31, 2008, Ternium S.A. (the Company) controlled approximately 59.7% of Sidor, while Corporación Venezolana de Guayana, or CVG (a Venezuelan governmental entity), and Banco de Desarrollo Económico y Social de Venezuela, or BANDES (a bank owned by the Venezuelan government), held approximately 20.4% of Sidor and certain Sidor employees and former employees held the remaining 19.9% interest.

Further to several threats of nationalization and various adverse interferences with management in preceding years, on April 8, 2008, the Venezuelan government announced its intention to take control over Sidor. On April 29, 2008, the National Assembly of Venezuela passed a resolution declaring that the shares of Sidor, together with all of its assets, were of public and social interest, and authorizing the Venezuelan government to take any action it deemed appropriate in connection with any such assets, including expropriation.

On May 11, 2008, Decree Law 6058 of the President of Venezuela regulating the steel production activity in the Guayana, Venezuela region (the Decree), dated April 30, 2008, was published. The Decree ordered that Sidor and its subsidiaries and associated companies be transformed into state-owned enterprises (empresas del Estado), with the government owning not less than 60% of their share capital. The Decree required the Venezuelan government to create two committees: a transition committee to be incorporated into Sidor's management and to ensure that control over the current operations of Sidor and its subsidiaries and associated companies was transferred to the government on or prior to July 12, 2008, and a separate technical committee, composed of representatives of the government and the private shareholders of Sidor and its subsidiaries and associated companies, to negotiate over a 60-day period (extendable by mutual agreement) a fair price for the shares to be transferred to Venezuela. The Decree also stated that, in the event the parties failed to reach agreement by the expiration of the 60-day period, the Venezuelan Ministry of Basic Industries and Mining (the MIBAM) would assume control and exclusive operation of, and the Executive Branch would order the expropriation of, the shares of the relevant companies in accordance with the Venezuelan Expropriation Law.

Upon expiration of the term contemplated under the Decree, on July 12, 2008, Venezuela, acting through CVG, assumed operational control and complete responsibility for Sidor's operations, and Sidor's board of directors ceased to function. However, negotiations between the Venezuelan government and the Company regarding the terms of the compensation continued over several months, and the Company retained formal title over the Sidor shares during that period.

On May 7, 2009, the Company completed the transfer of its entire 59.7% interest in Sidor to CVG. The Company agreed to receive an aggregate amount of USD 1.97 billion as compensation for its Sidor shares. Of that amount, CVG paid USD 400 million in cash at closing. The balance was divided in two tranches: the first tranche of USD 945 million is being paid in six equal quarterly installments beginning in August 2009 until November 2010, while the second tranche will be due in November 2010, subject to quarterly mandatory prepayment events based on the increase of the WTI crude oil price over its May 6, 2009 level. Under the agreements with CVG and Venezuela, in the event of non-compliance by CVG with its payment obligations, the Company has reserved the rights and remedies that it had prior to the transfer of the Sidor shares in relation to any claim against Venezuela, subject to certain limitations, including that the Company may not claim an amount exceeding the outstanding balance due from CVG.

TERNIUM S.A.

Notes to the Consolidated Condensed Interim Financial Statements (Contd.)

11 Nationalization of Sidor (continued)

At June 30, 2010, the carrying amount of the Sidor financial asset (following the receipt of USD 1,517.0 million cash payments) amounted to USD 446.0 million after application of a 14.36% annual discount rate to adequately reflect, and only for the purpose of recording, the present accounting value of the receivable with CVG.

In the three-month period ended June 30, 2009, the Company recorded a net gain, in accounting terms, of USD 428.0 million in connection with this transaction which was disclosed within *Income from discontinued operations* in the Income Statement. This result represents the difference between (i) the fair value, in accounting terms, net of taxes and other transaction costs, of the compensation for the Sidor financial asset (which comprised a USD 400 million cash payment and a receivable against CVG that, at May 7, 2009, had a fair value of USD 1,382.0 million after application of the discount rate stated above, net of taxes and other transaction costs of USD 35.1 million) and (ii) the carrying amount of the Sidor financial asset at March 31, 2009.

In the six-month period ended June 30, 2010, the Company recorded a gain in the amount of USD 45.1 million included in *Interest income Sidor financial asset* in the Income Statement. All the above is without prejudice to the rights of the Company, including the rights and remedies reserved in the agreement with CVG and Venezuela as described above, in the event of non-compliance by CVG with its payment obligations.

12 Acquisition of business

In April 2010, Ternium S.A. agreed to acquire a 54% ownership interest in Ferrasa S.A.S., a company organized under the laws of Colombia (*Ferrasa*) through a capital contribution in the amount of USD 74.5 million. Upon completion of this transaction, Ferrasa will have a 100% ownership interest in Sidecaldas S.A.S. (*Sidecaldas*), Figuraciones S.A.S. (*Figuraciones*) and Perfilamos del Cauca S.A.S. (*Perfilamos*), all of which are also Colombian companies.

Ferrasa is a long and flat steel products processor and distributor. Sidecaldas is a scrap-based long steel making and rolling facility, with an annual production capacity of approximately 140,000 tons. Figuraciones and Perfilamos manufacture welded steel tubes, profiles and beams. These companies have combined annual sales of approximately 300,000 tons, of which approximately 70% are long products and 30% are flat and tubular products, used mainly in the construction sector.

The transaction, which is subject to Colombian antitrust clearance and other customary conditions, is expected to close in the third quarter of 2010. Upon its completion Ferrasa is expected to have consolidated financial debt of approximately USD 120 million.

Ternium also agreed to purchase a 54% ownership interest in Ferrasa Panamá S.A. (*Ferrasa Panamá*) for USD 0.5 million. Ferrasa Panamá is a long steel products processor and distributor based in Panama, with annual sales of approximately 8,000 tons.

Upon closing, the former controlling shareholders will have an option to sell to Ternium, at any time, all or part of their remaining 46% interest in each of Ferrasa and Ferrasa Panamá, and Ternium will have an option to purchase all or part of that remaining interest from the former controlling shareholders, at any time after the second anniversary of the closing.

TERNIUM S.A.**Notes to the Consolidated Condensed Interim Financial Statements (Contd.)****13 Related party transactions**

The Company is controlled by San Faustín N.V. As of June 30, 2010, San Faustin N.V. beneficially owned 60.64% and Tenaris, which is also controlled by San Faustin, held 11.46%, of our outstanding voting stock. Rocca & Partners S.A. controls a significant portion of the voting power of San Faustin N.V. and has the ability to influence matters affecting, or submitted to a vote of the shareholders of San Faustin N.V., such as the election of directors, the approval of certain corporate transactions and other matters concerning the Company's policies. There are no controlling shareholders for Rocca & Partners S.A.

14 Recently issued accounting pronouncements

Improvements to International Financial Reporting Standards

In May 2010, the IASB issued *Improvements to International Financial Reporting Standards* by which it amended several international accounting and financial reporting standards.

The effective date of each amendment is included in the IFRS affected.

The Company's management estimates that the application of these improvements will not have a material effect on the Company's financial condition or results of operations.

Pablo Brizzio
Chief Financial Officer
