**PROXY STATEMENT**

==

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Alere Inc. for use at our 2011 Annual Meeting of Stockholders to be held on Thursday, July 28, 2011, at 12:30 p.m., local time, at our corporate headquarters located at 51 Sawyer Road, Suite 200, Waltham, MA 02453, and at any adjournments or postponements of the annual meeting. References in this proxy statement to us, we, our and Company refer to Alere Inc., except where otherwise indicated, such as in the Compensation Committee Report and the 2010 Audit Committee Report.

**General Information**

**Delivery of Proxy Materials**

We are providing access to our proxy materials (including this proxy statement, together with a notice of meeting and our annual report) on the Internet pursuant to rules adopted by the Securities and Exchange Commission, or the SEC. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials, which we refer to as the Notice, to stockholders entitled to vote at the meeting. You may also request a printed copy of the proxy materials by mail. If you do so, these materials will also include the proxy card for the annual meeting. The Notice that you received via mail provides instruction for accessing the current proxy materials on the Internet, requesting a printed copy of the proxy materials, establishing your future preferences for proxy material delivery and casting your vote via the Internet. To facilitate timely delivery, all requests for a paper copy of the proxy materials must be received by July 18, 2011.

All stockholders will have the ability to access the proxy materials on a website referred to in the Notice and may also request a printed copy of the proxy materials at no charge. If you request a printed copy of the proxy materials, we will mail them to you within three business days of your request. The Notice includes instructions on how to access the electronic proxy materials, as well as instructions for requesting a printed copy. In addition, stockholders may permanently elect to receive future proxy materials in either electronic form by email or printed form by mail. If you make such an election, we will continue to send you the materials pursuant to your election, until you notify us otherwise.

**Who May Vote**

Holders of our common stock, as recorded in our stock register at the close of business on June 7, 2011, may vote at the annual meeting on matters properly presented at the meeting. As of that date, there were 85,696,417 shares of our common stock outstanding, each of which is entitled to cast one vote per share. A list of stockholders will be available for inspection for at least ten days prior to the meeting at the principal executive offices of the Company at 51 Sawyer Road, Suite 200, Waltham, MA 02453.

**Electronic Access to Proxy Materials and Annual Report**

The Notice includes instructions regarding how to:

view your proxy materials for the annual meeting on the Internet; and

instruct us to send you all future proxy materials by email.

If you choose to receive future proxy materials by email, next year you will receive an email with a link to the proxy materials and proxy

voting site. Your election to receive future proxy materials by email will remain in effect until you terminate your election. Choosing to receive your future proxy materials by email will save us the cost of producing and mailing these documents.

## **How to Vote**

Your vote is important. Your shares can be voted at the annual meeting only if you are present in person or represented by proxy. Even if you plan to attend the meeting, we urge you to authorize your proxy in advance. We encourage you to authorize your proxy electronically by going to the website identified on the Notice or on your proxy card, or by calling the toll-free number (for residents of the United States and Canada) listed on your proxy card. Please have your proxy card in hand when going online or calling. ***If you authorize your proxy electronically or by telephone, you do not need to return your proxy card.*** If you received proxy materials by mail and choose to authorize your proxy by mail, simply mark your proxy card, and then date, sign and return it in the postage-paid envelope provided.

If you hold your shares in street name, i.e., through a nominee (such as a bank or broker), you may be able to authorize your proxy by telephone or the Internet as well as by mail. You should follow the instructions you receive from your broker or other nominee to vote these shares.

## **How Proxies Work**

Our Board of Directors, or the Board, is asking for your proxy. Giving us your proxy means you authorize our designated proxy holders, Ron Zwanziger and Ellen Chiniara (or their substitutes), to vote your shares at the meeting, and at any adjournment or postponement thereof, in the manner you direct. With respect to the election of directors, you may vote for all, some or none of our nominees for director. With respect to the other proposals, you may vote for or against the proposal or abstain from voting, except that with respect to the advisory vote on the frequency of stockholder advisory votes on executive compensation, you may vote for a frequency of every one, two or three years, or you may abstain from voting.

Your shares will be voted at the annual meeting as directed by your electronic proxy, the instructions on your proxy card or voting instructions if: (1) you are entitled to vote, (2) your proxy was properly executed or properly authorized electronically or by telephone, (3) we received your proxy prior to the annual meeting and (4) you did not revoke your proxy prior to or at the meeting.

If you authorize your proxy electronically or by telephone or send a properly executed proxy without specific voting instructions, the designated proxy holders will vote your shares in favor of the election of our nominees for director and in favor of the other proposals for which our Board has made a recommendation. Because our Board has made no recommendation regarding the frequency of stockholder advisory votes on executive compensation, your shares would not be voted on that proposal if you do not provide voting instructions for that proposal.

As of the date hereof, we do not know of any other business that will be presented at the meeting. If other business shall properly come before the meeting, including any proposal submitted by a stockholder that was omitted from this proxy statement in accordance with applicable federal securities laws, the designated proxy holders will vote your shares according to their best judgment.

## **Solicitation**

In addition to this mailing, our employees may solicit proxies personally, electronically or by telephone. We pay all of the costs of this proxy solicitation. We also reimburse brokers, banks, nominees and other fiduciaries for their

expenses in sending these materials to you and getting your voting instructions. We have also engaged Alliance Advisors, LLC to assist us with the solicitation of proxies, and we expect to pay Alliance Advisors, LLC approximately \$6,000 for its services, plus out-of-pocket expenses incurred during the course of its work.

**Revoking a Proxy**

You may revoke your proxy at any time before it is voted at the meeting by:

voting again on the Internet or by telephone (only the latest Internet or telephone proxy will be counted);

properly executing and delivering a later-dated proxy card;

**Table of Contents**

voting by ballot at the meeting; or

notifying our corporate Secretary in writing.

If you hold your shares in street name, you should follow the instructions you receive from your broker or other nominee to revoke your proxy.

**Quorum**

In order to carry on the business of the meeting, we must have a quorum. Under our bylaws, this means at least a majority of the shares outstanding on the record date and entitled to vote must be present in person or represented by proxy at the meeting. Proxies marked as abstaining or withheld, limited proxies and proxies containing broker non-votes with respect to any matter to be acted upon by stockholders will be treated as present at the meeting for purposes of determining a quorum, but will not be counted as votes cast on such matter. A broker non-vote is a proxy submitted by a broker or other nominee holding shares on behalf of a client in which the broker or other nominee indicates that it does not have discretionary authority to vote such shares on a particular matter.

**Vote Required**

Each proposal sets forth the vote required for approval of the matter.

**Dissenters Rights**

Under Delaware law, you will not have dissenters, appraisal or other similar rights with respect to any of the proposals set forth in this proxy statement.

**Multiple Stockholders Sharing the Same Address**

Please note that brokers may deliver only one Notice, annual report and proxy statement to multiple stockholders sharing an address unless we have received contrary instructions from one or more of those stockholders. This practice, known as householding, is designed to reduce printing and postage costs. If any stockholder residing at such an address wishes to receive a separate Notice, annual report or proxy statement, we will promptly deliver a separate copy to any stockholder upon written or oral request to Doug Guarino at Alere Inc., 51 Sawyer Road, Suite 200, Waltham, MA 02453, by telephone at (781) 647-3900 or by e-mail at [doug.guarino@alere.com](mailto:doug.guarino@alere.com). Stockholders can also contact Doug Guarino in this manner to indicate that they wish to receive separate Notices, annual reports and proxy statements, as applicable, in the future or to request that we send only a single copy of the Notice, annual report and proxy statement to stockholders sharing an address who are currently receiving multiple copies.

**Corporate Governance**

**The Board of Directors**

Our Board of Directors currently consists of ten members who are divided into three classes as follows: three Class I Directors (John F. Levy, Jerry McAleer, Ph.D. and John A. Quelch, D.B.A.), three Class II Directors (Carol R. Goldberg, James Roosevelt, Jr. and Ron Zwanziger) and four Class III Directors (Eli Y. Adashi, M.D., Robert P. Khederian, David Scott, Ph.D. and Peter Townsend). The members of each class serve for a three-year term and, at each annual meeting of stockholders, one class of directors is elected for a three-year term to succeed the directors of the same class whose terms are expiring. The current terms of the Class I Directors, Class II Directors and Class III Directors will expire at the annual meetings of stockholders held following the end of calendar years 2010, 2011 and 2012, respectively. The Board has determined that the following directors are independent under the rules of the New York Stock Exchange, or NYSE: Dr. Adashi, Ms. Goldberg, Mr. Khederian, Mr. Levy, Dr. Quelch, Mr. Roosevelt and Mr. Townsend.

The Board held 7 meetings during the fiscal year 2010. We have no formal policy regarding Board members attendance at annual meetings of stockholders. Last year, no member of the Board attended our annual meeting of stockholders.

The Board has an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee, each composed solely of directors who satisfy the applicable independence requirements of the NYSE's listing standards. All three committees operate pursuant to written charters which are posted on the *Corporate Governance* page on our website at [www.alere.com](http://www.alere.com).

**The Audit Committee**

The Audit Committee consists of Mr. Levy, its Chairperson, Mr. Khederian and Mr. Townsend. Among other things, the Audit Committee oversees our accounting and financial reporting processes, including the selection, retention and oversight of our independent registered public accounting firm and the pre-approval of all auditing and non-auditing services provided by our independent registered public accounting firm. The Audit Committee's 2010 Audit Committee Report is included in this proxy statement beginning on page 45. The Board has determined that Mr. Levy is an audit committee financial expert, as defined by SEC rules adopted pursuant to the Sarbanes-Oxley Act. The Audit Committee held 10 meetings during fiscal year 2010.

**The Compensation Committee**

The Compensation Committee consists of Ms. Goldberg, its Chairperson, Dr. Adashi and Mr. Khederian. The Compensation Committee develops and implements executive officer and director compensation policies and plans that are appropriate for us in light of all relevant circumstances and that provide incentives that further our long-term strategic plans and are consistent with our culture and the overall goal of enhancing enduring stockholder value. Under its charter, the Compensation Committee may delegate any or all of its responsibilities to a subcommittee, but to date it has not chosen to do so. During fiscal year 2010, the Compensation Committee held 9 meetings. The Compensation Discussion and Analysis recommended by the Compensation Committee to be included in this proxy statement begins on page 30. Among other things, the Compensation Discussion and Analysis describes in greater detail the Compensation Committee's role in the executive compensation process. In addition, the Compensation Committee's role in establishing director compensation is described in more detail under Compensation of Directors beginning on page 42 of this proxy statement.

**The Nominating and Corporate Governance Committee**

Our Nominating and Corporate Governance Committee consists of Dr. Quelch, its Chairperson, Mr. Levy and Mr. Roosevelt. The Nominating and Corporate Governance Committee is charged with recommending nominees for election to the Board, overseeing the selection and composition of committees of the Board, developing and recommending corporate governance principles and overseeing our continuity planning process. The Nominating and Corporate Governance Committee conducts inquiries into the backgrounds and qualifications of possible director

## **Table of Contents**

candidates and has the authority to retain any search firm or other advisors to assist in identifying candidates to serve as directors. The Nominating and Corporate Governance Committee has established a policy with regard to the consideration of director candidates recommended by holders of our voting stock. The material elements of this policy are set forth and discussed below under *Stockholder Proposals* beginning on page 47 and the full policy can be viewed on the *Corporate Governance* page of our website at [www.alere.com](http://www.alere.com). Pursuant to the committee's charter, in identifying and evaluating director candidates, including candidates proposed or recommended by stockholders, the Nominating and Corporate Governance Committee takes into account all factors it considers appropriate, which may include strength of character, mature judgment, career specialization, relevant technical skills, diversity and the extent to which the candidate would fill a present need on the Board. While the Company does not have a formal diversity policy for Board membership, the Board seeks directors who represent a mix of backgrounds and experiences that will enhance the quality of the Board's discussions and decisions. The Nominating and Corporate Governance Committee considers diversity with respect to viewpoints, accomplishments, skills, experiences and community involvement, among other factors such as gender, race, national origin and age, in its evaluation of candidates for Board membership. Such diversity considerations are discussed by the Nominating and Corporate Governance Committee in connection with the general qualifications of each potential nominee. In considering candidates for the Board, the Nominating and Corporate Governance Committee considers the entirety of each candidate's credentials in the context of these standards and whether the candidate would bring a unique perspective to the Board, which is consistent with the committee's goal of creating a board of directors that best serves our needs and the interests of our stockholders. During fiscal year 2010, the Nominating and Corporate Governance Committee held one meeting.

## **Executive Sessions**

The non-management directors meet at regularly scheduled executive sessions without management participation, generally in connection with regularly scheduled Board meetings. At each such session, the non-management directors select a director to preside over such session.

## **Board Leadership Structure and Role in Risk Oversight**

The Board has determined that a board leadership structure featuring a single leader as Chairman and Chief Executive Officer, or CEO, best serves our interests and those of our stockholders. The combined role promotes consistent and unified leadership, timely decision-making, strategy development and execution and effective management of company resources. The combined role also facilitates information flow between management and the Board. Combining the roles of Chairman and CEO makes clear that the individual serving in these roles has primary responsibility for managing our business, under the oversight and review of the Board. The CEO is the individual with primary responsibility for implementing our strategy, directing the work of other executive officers and leading implementation of our strategic plans as approved by the Board. This structure results in a single leader being directly accountable to the Board and, through the Board, to stockholders, and enables the CEO to act as the key link between the Board and other members of management.

We do not have a lead independent director, but our non-management directors meet in executive session without management present regularly, generally in connection with regularly scheduled meetings of the Board. Prior to each meeting in executive session, a presiding director is selected by the non-management directors. All of the directors on each of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee are independent directors.

Management is responsible for the day-to-day management of the risks that we face, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board is responsible for satisfying itself that our risk management processes are adequate and functioning as designed. The Board's involvement in risk oversight includes receiving regular reports from members of senior management and

evaluating areas of material risk, including operational, financial, legal, regulatory, strategic

**Table of Contents**

and reputational risks. In addition, the Board has delegated risk oversight to each of its key committees within their areas of responsibility. The Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee each report at the next meeting of the Board all significant items discussed at each committee meeting, which includes a discussion of any items relating to risk oversight. The Compensation Committee assists the Board in its risk oversight function by overseeing strategies related to our incentive compensation programs and key employee retention. The Audit Committee assists the Board in its risk oversight function by reviewing our system of disclosure controls and our internal control over financial reporting. The Nominating and Corporate Governance Committee assists the Board in its risk oversight function by managing risks associated with director candidate selection, governance and succession matters.

**Communications with the Board**

Stockholders and interested parties wishing to communicate with the Board or any director or group of directors (including only the non-management directors) should direct their communications to: Secretary, Alere Inc., 51 Sawyer Road, Suite 200, Waltham, MA 02453. Stockholder communications must state the number of shares of our stock beneficially owned by the stockholder sending the communication. The Secretary will forward the stockholder or interested party communication to the Board or to any individual director or directors to whom the communication is directed; provided, however, that if the communication is unduly hostile, profane, threatening, illegal or otherwise inappropriate, the Secretary has the authority to discard the communication and take any appropriate legal action.

**Code of Ethics**

Our Board has adopted a code of ethics that applies to all of our employees and agents worldwide, including our chief executive officer, our chief financial officer, our principal accounting officer or controller, other executive officers and the members of the Board. Known as the Alere Inc. Business Conduct Guidelines, this code of ethics is posted in its entirety on the *Corporate Governance* page of our website at [www.alere.com](http://www.alere.com).

**Table of Contents**

**Proposal 1**

**Election of Directors**

At the 2011 annual meeting, the term of the Class I Directors will expire. The Board proposes, at the recommendation of the Nominating and Corporate Governance Committee, that at the 2011 annual meeting of stockholders the following nominees be elected as Class I Directors:

**John F. Levy**

**Jerry McAleer, Ph.D.**

**John A. Quelch, D.B.A.**

As noted above, each of these nominees is currently serving as a member of the Board. The proxies granted by stockholders will be voted individually at the annual meeting for the election of these three nominees. In the event that Mr. Levy, Dr. McAleer or Dr. Quelch shall be unable to serve, it is intended that the proxy will be voted for any replacements nominated by the Board. Mr. Levy, Dr. McAleer and Dr. Quelch have indicated that they will serve on the Board, if elected. For information regarding these nominees, see Information Regarding Nominees, Other Directors and Executive Officers beginning on page 22 of this proxy statement.

**Vote Required**

The Class I Directors must be elected by a plurality of the votes properly cast at the annual meeting. This means that the three nominees receiving the highest number of FOR votes will be elected as Class I Directors. Votes may be cast FOR or WITHHELD FROM each nominee. Votes that are WITHHELD FROM the nominees will be excluded entirely from the vote and will have no effect.

Furthermore, if you are a holder of record and you fail to vote your shares, either in person or by proxy, the votes represented by your shares will be excluded entirely from the vote and will have no effect. **If you hold your shares through a broker, bank or other nominee (i.e., in street name) and you do not instruct your broker or other nominee how to vote your shares with respect to the election of directors, any broker or nominee subject to the NYSE rules will be prohibited by those rules from voting your shares in the election of directors. Instead, the votes represented by your shares will be counted as broker non-votes, will be excluded entirely from the vote and will have no effect on the election of directors.**

**Recommendation**

**The Board unanimously recommends a vote FOR the election of the nominees listed above.**

**Table of Contents**

**Proposal 2**

**Approval of Increase in Number of Shares of Common Stock Available for Issuance  
Under the 2010 Stock Option and Incentive Plan**

**Introduction**

The Board has adopted and is seeking stockholder approval of an amendment to the 2010 Stock Option and Incentive Plan to increase the number of shares of common stock that are available to be issued under the plan from 1,653,663 shares to 3,153,663 shares (subject to adjustment for stock splits, stock dividends and similar events). Of the 1,653,663 shares of common stock authorized for issuance under the 2010 Stock Option and Incentive Plan, only 782,205 shares remained available for future grants or awards as of June 7, 2011. While some additional shares may become available under the 2010 Stock Option and Incentive Plan through employee terminations, this number is not expected to be significant.

The Board recommends this action in order to enable us to continue to provide equity compensation to attract and retain talented personnel, especially in the event of future acquisitions and anticipated future growth. The Board believes that stock options and other forms of equity compensation promote growth and provide a meaningful incentive to employees of successful companies.

As of June 7, 2011 there were 85,696,417 shares of our common stock outstanding. The increase of 1,500,000 shares of common stock available for grant under the 2010 Stock Option and Incentive Plan will result in additional potential dilution of our outstanding stock. Based solely on the closing price of our common stock as reported on the NYSE on June 7, 2011 of \$36.81 per share, the aggregate market value of the additional 1,500,000 shares of common stock to be reserved for issuance under the 2010 Stock Option and Incentive Plan would be \$55,215,000.

The following is a summary of the material terms of the 2010 Stock Option and Incentive Plan. The summary is qualified in its entirety by reference to the complete text of the 2010 Stock Option and Incentive Plan. Stockholders are urged to read the actual text of the 2010 Stock Option and Incentive Plan, as proposed to be amended, in its entirety which is set forth as Appendix A to this proxy statement.

**Summary of the 2010 Stock Option and Incentive Plan, as Amended**

*Administration.* The 2010 Stock Option and Incentive Plan, or the 2010 Plan, provides for administration by the Board or by a committee of not fewer than two independent directors, referred to as the administrator, provided that, for purposes of awards to directors and officers who are subject to the requirements of Section 16 of the Securities Exchange Act of 1934, the administrator shall be deemed to include only directors who are independent directors and for purposes of performance-based awards, the administrator shall be a committee of the Board composed of two or more outside directors, as appointed by the Board from time to time. The Board of Directors serves as the primary administrator of the 2010 Plan.

The administrator has full power to select, from among the individuals eligible for awards, the individuals to whom awards will be granted, to make any combination of awards to participants, and to determine the specific terms and conditions of each award, subject to the provisions of the 2010 Plan. The administrator may permit common stock, and other amounts payable pursuant to an award, to be deferred. In such instances, the administrator may permit interest, dividends or deemed dividends to be credited to the amount of deferrals.

*Eligibility and Limitations on Grants.* All of our officers, employees, directors, consultants and other key persons (including prospective employees) are eligible to participate in the 2010 Plan, subject to the discretion of the administrator. We currently have approximately 10,400 employees, excluding temporary and contract employees, and seven non-employee directors. The number of consultants and other key persons eligible to participate in the 2010 Plan varies from time to time. In no event may any one participant receive options or stock appreciation rights with respect to more than 1,000,000 shares

**Table of Contents**

of common stock, subject to adjustment for stock splits, stock dividends and similar events, during any one calendar year. The 2010 Plan provides that different types of awards will count differently against the total number of shares available. Each share subject to a full value award settled in stock, other than an award that is a stock option or other award that requires the grantee to purchase shares for an amount not less than their fair market value at the time of grant, is counted against the overall share limitation as three shares. Each share subject to all other awards are counted against the overall share limitation as one share.

*Stock Options.* Options granted under the 2010 Plan may be either incentive stock options, referred to as incentive options, within the definition of Section 422 of the Internal Revenue Code, or non-qualified stock options, referred to as non-qualified options. Options granted under the 2010 Plan will be non-qualified options if they fail to meet the Internal Revenue Code definition of incentive options, are granted to a person not eligible to receive incentive options under the Internal Revenue Code, or otherwise so provide. Incentive options may be granted only to our officers or other employees or those of our subsidiaries. Non-qualified options may be granted to persons eligible to receive incentive options and to non-employee directors, consultants and other key persons.

*Other Option Terms.* The administrator has the authority to determine the terms of options granted under the 2010 Plan. Options are granted with an exercise price that is not less than the fair market value of our common stock on the date of the option grant. In addition, the repricing of stock options granted under the 2010 Plan is not permitted without stockholder approval.

The life of each option will be fixed by the administrator and may not exceed ten years from the date of grant. The administrator will determine at what time or times each option may be exercised and the period of time, if any, after retirement, death, disability or termination of employment during which options may be exercised. Options may be made exercisable in installments, and the exercisability of options may be accelerated by the administrator; provided that the administrator may not accelerate the exercisability of options or stock appreciation rights, other than by reason of, or in connection with, the death, disability or retirement of the optionee, the termination without cause of the optionee's employment or a change of control of the Company, if the number of options and stock appreciation rights so accelerated when combined with the number of unrestricted stock awards granted would exceed 10% of the maximum number of shares issuable under the 2010 Plan. In general, unless otherwise permitted by the administrator, no option granted under the 2010 Plan is transferable by the optionee other than by will or by the laws of descent and distribution, and options may be exercised during the optionee's lifetime only by the optionee, or by the optionee's legal representative or guardian in the case of the optionee's incapacity.

Options granted under the 2010 Plan may be exercised for cash or by the transfer to us of shares of common stock which are not then subject to restrictions under the 2010 Plan or any other stock plan that we maintain, and which have a fair market value equivalent to the option exercise price of the shares being purchased. Such options may also be exercised by compliance with certain provisions pursuant to which a securities broker delivers the purchase price for the shares to us on behalf of the optionee. In addition, non-qualified options granted under the 2010 Plan may be exercised under a net exercise arrangement between the Company and the optionee pursuant to which the number of shares of common stock issued upon exercise of the option will be reduced by a number of shares with an aggregate fair market value equal to the aggregate exercise price of the option.

To qualify as incentive options, options must meet additional federal tax requirements, including a \$100,000 limit on the value of shares subject to incentive options which first become exercisable in any one calendar year, and a shorter term and higher minimum exercise price in the case of certain large stockholders.

*Stock Appreciation Rights.* The administrator may award stock appreciation rights to participants subject to such terms and conditions as the administrator may determine. The exercise price for a stock appreciation right shall not be less than the fair market value of our common stock on the date of grant and the term of a stock appreciation right may

not be longer than ten years. A stock appreciation right is an award

**Table of Contents**

entitling the recipient to receive shares of stock having a value on the date of exercise calculated as follows: (i) the grant date exercise price of one share of common stock is (ii) subtracted from the fair market value of one share of common stock on the date of exercise and (iii) the difference is multiplied by the number of shares of common stock with respect to which the stock appreciation right shall have been exercised.

*Restricted Stock Awards.* The administrator may grant or sell shares of common stock to any participant subject to such conditions and restrictions as the administrator may determine. The shares may be sold for a price determined by the administrator. These conditions and restrictions may include the achievement of pre-established performance goals and/or continued employment with us through a specified vesting period. The vesting period shall be determined by the administrator but shall be at least one year for attainment of pre-established performance goals or at least three years for other conditions and restrictions, including the participant's continued employment with us. Restricted stock with a time-based restriction may become vested incrementally over such three-year period. If the applicable performance goals and other restrictions are not attained, or if the participant's employment with us terminates for any reason, we will have the right to repurchase restricted stock that has not vested at its original purchase price (if any) from the participant or the participant's legal representative.

*Unrestricted Stock Awards.* The administrator may also grant shares of common stock which are free from any restrictions under the 2010 Plan. Unrestricted stock may be granted to any participant in recognition of past services or other valid consideration, and may be issued in lieu of cash compensation due to such participant. The aggregate number of unrestricted stock awards that may be granted under the plan, when combined with stock underlying options and stock appreciation rights that are accelerated other than by reason of, or in connection with, death, disability or retirement of the participant, the termination without cause of the participant's employment or a change of control of the Company, may not exceed 10% of the maximum number of shares issuable under the plan.

*Restricted Stock Units.* The administrator may also award phantom stock units to participants as restricted stock units. The restricted stock units are ultimately payable in the form of shares of common stock and may be subject to such conditions and restrictions as the administrator may determine. These conditions and restrictions may include the achievement of certain performance goals and/or continued employment with us through a specified vesting period. The vesting period shall be determined by the administrator but shall be at least one year for attainment of pre-established performance goals or at least three years for other conditions and restrictions, including the participant's continued employment with us. Restricted stock units with a time-based restriction may become vested incrementally over such three-year period. During the vesting period, subject to terms and conditions imposed by the administrator, the restricted stock units may be credited with dividend equivalent rights with respect to the phantom stock units underlying the restricted stock units. Subject to the consent of the administrator and in accordance with the requirements of Section 409A of the Internal Revenue Code, a participant may make an advance election to receive a portion of his cash compensation otherwise due in the form of restricted stock units. If the participant's employment with the Company terminates for any reason, the participant's right in all restricted stock units that have not vested shall automatically terminate.

*Performance Share Awards.* The administrator may grant performance share awards to any participant which entitle the recipient to receive shares of common stock upon the achievement of individual or company performance goals and such other conditions as the administrator shall determine. The periods during which performance is to be measured shall not be, in the aggregate, less than one year.

*Dividend Equivalent Rights.* The administrator may grant dividend equivalent rights, which entitle the recipient to receive credits for dividends that would be paid if the grantee held specified shares of common stock. Dividend equivalent rights may be settled either in cash or shares of common stock. Dividend equivalent rights may be granted as a component of another award or as a freestanding award.

**Table of Contents**

*Performance-Based Awards.* Grants of performance-based awards enable us to treat restricted stock awards, restricted stock units and performance share awards granted under the 2010 Plan to covered persons, as defined in Section 162(m) under the Internal Revenue Code, as performance-based compensation under Section 162(m) and preserve the deductibility of these awards for federal income tax purposes. Participants are only entitled to receive payment for a performance-based award for any given performance period to the extent that pre-established performance goals set by the administrator for the period are satisfied. These pre-established performance goals may include: earnings before interest, taxes, depreciation and amortization; net income or loss (either before or after interest, taxes, depreciation and/or amortization); changes in the market price of our common stock; cash flow; funds from operations or similar measure; sales or revenue; acquisitions or strategic transactions; operating income or loss; return on capital, assets, equity, or investment; total stockholder returns or total returns to stockholders; gross or net profit levels; productivity; expense; margins; operating efficiency; customer satisfaction; working capital; earnings per share of stock; or lease up performance, net operating income performance or yield on development or redevelopment communities any of which may be measured either in absolute terms with or as compared to any incremental increase or as compared to results of a peer group. With regard to a particular performance period, the administrator will have the discretion to select the length of the performance period, the type of performance-based awards to be granted, and the goals that will be used to measure the performance for the period. In determining the actual size of an individual performance-based award for a performance period, the administrator may reduce or eliminate (but not increase) the award. Generally, a participant will have to be employed on the date the performance-based award is paid to be eligible for a performance-based award for that period. The maximum performance-based award payable to any employee under the plan for a performance cycle is 200,000 shares of our common stock, subject to adjustment for stock splits, stock dividends and similar events.

*Section 409A Awards.* To the extent that any award granted under the 2010 Plan is determined to constitute nonqualified deferred compensation within the meaning of Section 409A of the Internal Revenue Code, the administrator shall impose additional rules and requirements as may be necessary in order to comply with Section 409A. In this regard, if any amount under an award subject to Section 409A is payable upon a separation from service (within the meaning of Section 409A) to a participant who is then considered a specified employee (also within the meaning of Section 409A), then no such payment shall be made prior to the date that is the earlier of (i) six months and one day after the participant's separation from service, or (ii) the participant's death, but only to the extent such delay is necessary to prevent such payment from being subject to interest, penalties and/or additional tax imposed pursuant to Section 409A. The settlement of any Section 409A award may not be accelerated or postponed except to the extent permitted by Section 409A.

*Change of Control Provisions.* The 2010 Plan provides that in the event of a change of control as defined in the 2010 Plan, all stock options will automatically become fully exercisable and the restrictions and conditions on all other awards will automatically be deemed waived, unless otherwise provided in the applicable award agreement.

*Adjustments for Stock Dividends, Mergers, etc.* The 2010 Plan authorizes the administrator to make appropriate adjustments to the number of shares of common stock that are subject to the 2010 Plan and to any outstanding awards to reflect stock dividends, stock splits and similar events. In the event of certain transactions, such as a merger, consolidation, dissolution or liquidation of our Company, the 2010 Plan and all awards will terminate unless the parties to the transaction, in their discretion, provide for appropriate substitutions or adjustments of outstanding stock options or awards. Before any outstanding stock options or other awards terminate, the option holders will have an opportunity to exercise their outstanding options, and holders of other awards will receive a cash or in kind payment of such appropriate consideration as determined by the administrator in its sole discretion after taking into account the consideration payable per share of common stock pursuant to the business

combination. The administrator may adjust the number of shares subject to outstanding awards and the exercise price and the terms of outstanding awards to take into consideration material changes in accounting practices or principles, extraordinary dividends, acquisitions or dispositions of stock or property or any other event if it is determined by the administrator that such adjustment is appropriate to avoid distortion in the operation of the 2010 Plan, provided that no such adjustment shall be made in the case of an incentive stock option, without the consent of the grantee, if it would constitute a modification, extension or renewal of the option within the meaning of Section 424(h) of the Internal Revenue Code.

*Amendments and Termination.* Subject to requirements of law or the rules of any stock exchange, the Board may at any time amend or discontinue the 2010 Plan and the administrator may at any time amend or cancel any outstanding award for the purpose of satisfying changes in law or for any other lawful purpose, but no such action shall adversely affect the rights under any outstanding awards without the holder's consent. To the extent required by the Internal Revenue Code to ensure that options granted under the 2010 Plan qualify as incentive options or that compensation earned under the options granted under the 2010 Plan qualifies as performance-based compensation under the Internal Revenue Code, plan amendments shall be subject to approval by our stockholders.

*Forfeiture of Awards under Sarbanes-Oxley Act.* If we are required to prepare an accounting restatement due to our material noncompliance, as a result of misconduct, with any financial reporting requirement under state or federal securities laws, then, to the extent required by law, any participant who is one of the individuals subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002 shall reimburse us for the amount of any award received by that individual under the 2010 Plan during the 12-month period following the first public issuance or filing with the United States Securities and Exchange Commission, of the financial document embodying such financial reporting requirement.

## **Material Federal Income Tax Consequences**

The following discussion describes the material federal income tax consequences of transactions under the 2010 Plan. It does not describe all federal tax consequences under the 2010 Plan, nor does it describe state or local tax consequences.

*Incentive Options.* No taxable income is generally realized by the optionee upon the grant or exercise of an incentive option. If shares of common stock issued to an optionee pursuant to the exercise of an incentive option are sold or transferred after two years from the date of grant and after one year from the date of exercise, then upon sale of such shares, any amount realized in excess of the option price will be taxed to the optionee as a long-term capital gain, and any loss sustained will be a long-term capital loss, and we will not have a deduction for federal corporate income tax purposes. The exercise of an incentive option will give rise to an item of tax preference that may result in alternative minimum tax liability for the optionee.

If shares of common stock acquired upon the exercise of an incentive option are disposed of prior to the expiration of the two-year and one-year holding periods described above, a disqualifying disposition occurs, and generally the optionee will realize ordinary income in the year of disposition in an amount equal to the excess, if any, of the fair market value of the shares of common stock at exercise (or, if less, the amount realized on a sale of such shares of common stock) over the option price thereof, and we will be entitled to deduct such amount. Special rules apply where all or a portion of the exercise price of the incentive option is paid by tendering shares of common stock.

If an incentive option is exercised at a time when it no longer qualifies for the tax treatment described above, the option is treated as a non-qualified option. Generally, an incentive option will not be eligible for the tax treatment described above if it is exercised more than three months following termination of employment, or one year in the case of termination of employment by reason of disability. In the case of termination of employment by reason of

death, the three-month rule does not apply.

*Non-qualified Options.* With respect to non-qualified options under the 2010 Plan, no income

**Table of Contents**

is realized by the optionee at the time the option is granted. Generally,

at exercise, ordinary income is realized by the optionee in an amount equal to the difference between the option price and the fair market value of the shares of common stock on the date of exercise, and we receive a tax deduction for the same amount, and

at disposition, appreciation or depreciation after the date of exercise is treated as either short-term or long-term capital gain or loss depending on how long the shares of common stock have been held.

Special rules apply where all or a portion of the exercise price of the non-qualified option is paid by tendering shares of common stock.

*Stock Appreciation Rights.* The grantee of a stock appreciation right recognizes no income for federal income tax purposes on the grant thereof. On the exercise of a stock appreciation right, the grantee will recognize as ordinary income the difference between the fair market value of our common stock on the date of exercise and the exercise price of the stock appreciation right, multiplied by the number of shares of common stock subject to the stock appreciation right. If the grantee of a stock appreciation right does not exercise such right, the grantee will recognize as ordinary income the excess of the fair market value of our common stock on the last day of the term of the stock appreciation right over the exercise price of the stock appreciation right, if any, multiplied by the number of shares of common stock subject to the stock appreciation right.

*Restricted and Unrestricted Stock Awards.* A grantee of a restricted stock award recognizes no income for federal income tax purposes upon the receipt of common stock pursuant to that award, unless, as described below, the grantee otherwise elects. Instead, the grantee will recognize ordinary income in an amount equal to the fair market value of the common stock on the date that it is no longer subject to a substantial risk of forfeiture less the amount, if any, the grantee paid for such stock. Such fair market value becomes the basis for the underlying shares and will be used in computing any capital gain or loss upon the disposition of such shares (which will be long-term capital gain if the grantee holds the shares for more than one year after the date on which the shares are no longer subject to a substantial risk of forfeiture).

Alternatively, the grantee of a restricted stock award may elect, pursuant to Section 83(b) of the Internal Revenue Code, within 30 days of the acquisition of common stock pursuant to the restricted stock award, to include in gross income as ordinary income for the year in which the common stock is received, the fair market value of the common stock on the date it is received less the amount, if any, the grantee paid for such stock. Such fair market value will become the basis for the shares and will be used in determining any capital gain or loss upon the disposition of such shares (which will be long-term capital gain if the disposition is more than one year after the date the shares are received). Grantees of restricted stock awards are advised to consult their own tax advisors with regard to elections pursuant to Section 83(b) of the Internal Revenue Code.

Upon receipt of common stock pursuant to an unrestricted stock award, the grantee will recognize as ordinary income the difference between the fair market value of the common stock less the amount, if any, the grantee paid for such stock. The grantee's basis in such shares will be equal to the fair market value of the shares on the date of receipt, and this basis will be used in determining any capital gain or loss upon a subsequent disposition of the shares (which will be long-term capital gain if the disposition is more than one year after the date the shares are received).

Subject to certain limitations, we may deduct an amount equal to the amount recognized by the grantee of a restricted or unrestricted stock award as ordinary income for the year in which such income is recognized.

*Restricted Stock Units.* The grantee of a restricted stock unit recognizes no income for federal income tax purposes on the grant thereof. Upon the receipt of common stock pursuant to a restricted stock unit, the federal income tax laws applicable to restricted stock awards, described above, will apply if the stock is restricted stock, and the federal income tax laws applicable to unrestricted stock awards, described above, will apply if the stock is unrestricted common stock.

## **Table of Contents**

Subject to certain limitations, we may deduct an amount equal to the amount recognized by the grantee of a restricted stock unit as ordinary income for the year in which the restricted stock unit is exercised or lapses.

*Performance Share Awards.* The federal income tax laws applicable to performance share awards are the same as those applicable to restricted stock awards, described above.

*Dividend Equivalent Rights.* There generally will be no tax consequences as a result of the award of a dividend equivalent right. When payment is made, the holder of the dividend equivalent rights generally will recognize ordinary income, and we will be entitled to a deduction, equal to the amount received in respect of the dividend equivalent.

*Parachute Payments.* The vesting or exercisability of any portion of any option or other award that is accelerated due to the occurrence of a change of control may cause a portion of the payments with respect to such accelerated awards to be treated as parachute payments as defined in Section 280G of the Internal Revenue Code. Any such parachute payments may be non-deductible to us, in whole or in part, and may subject the recipient to a non-deductible 20% federal excise tax on all or a portion of such payment in addition to other taxes ordinarily payable.

*Limitation on our Deductions.* As a result of Section 162(m) of the Internal Revenue Code, our deduction for certain awards under the 2010 Plan may be limited to the extent that a covered employee receives compensation in excess of \$1,000,000 in such taxable year, other than performance-based compensation that otherwise meets the requirements of Section 162(m) of the Internal Revenue Code.

## **New Plan Benefits**

Because the granting of awards under the 2010 Plan is discretionary, we cannot now determine the number or type of awards to be granted in the future to any particular person or group if the amendment to the 2010 Plan is approved.

## **Vote Required**

The approval of the proposal to amend the 2010 Stock Option and Incentive Plan to increase the number of shares of common stock available for issuance thereunder requires the affirmative vote of a majority of the votes properly cast for and against the proposal. In order to satisfy the rules of the NYSE, however, the total votes cast on the proposal must represent over 50% in interest of all securities entitled to vote on the proposal, a requirement that we refer to as the NYSE Voting Requirement. Under the rules of the NYSE, abstentions will count as votes cast with respect to this matter; accordingly, abstentions will be included in determining whether the NYSE Voting Requirement has been achieved, but will have the same effect as votes against the proposal. Broker non-votes will not be counted as votes cast on this matter; accordingly, broker non-votes will make it more difficult for the NYSE Voting Requirement to be achieved (as they will not be included), but if the NYSE Voting Requirement is achieved, they will have no effect on the outcome of the vote.

## **Recommendation**

The Board believes that the increase in the number of shares of common stock available for issuance under the Alere Inc. 2010 Stock Option and Incentive Plan is in the best interest of our stockholders. **Accordingly, the Board unanimously recommends a vote FOR the approval of the increase in the number of shares of common stock available for issuance under the Alere Inc. 2010 Stock Option and Incentive Plan.**

**Proposal 3**

**Approval of Increase in Number of Shares of Common Stock Available for Issuance  
Under the 2001 Employee Stock Purchase Plan**

**Introduction**

The Board has adopted and is seeking stockholder approval of an amendment to our 2001 Employee Stock Purchase Plan, or the 2001 Plan, to increase the number of shares of common stock that are available to be issued under the plan from 2,000,000 shares to 3,000,000 shares (subject to adjustment for stock splits, stock dividends and similar events). Of the 2,000,000 shares of common stock authorized for issuance under the 2001 Plan, only 593,365 shares remained available for future issuance as of June 7, 2011.

The Board recommends this action in order to enable us to continue to provide eligible employees the opportunity to purchase shares of our common stock at a discount through periodic payroll deductions. The Board believes that the 2001 Plan enhances our ability to attract and retain highly qualified personnel and provides a meaningful incentive to employees by enabling them to participate in our long-term success and growth.

The increase of 1,000,000 shares of common stock available for issuance under the 2001 Plan will result in additional potential dilution of our outstanding stock. Based solely on the closing price of our common stock as reported on the NYSE on June 7, 2011 of \$36.81 per share, the aggregate market value of the additional 1,000,000 shares of common stock to be reserved for issuance under the 2001 Plan would be \$36,810,000.

The following is a summary of the material terms of the 2001 Plan. The summary is qualified in its entirety by reference to the complete text of the 2001 Plan. Stockholders are urged to read the actual text of the 2001 Plan, as proposed to be amended, in its entirety, which is set forth as Appendix B to this proxy statement.

**Summary of the 2001 Employee Stock Purchase Plan, as Amended**

*Administration.* The 2001 Plan provides for administration by a person or persons appointed by the Board, whom we refer to as the administrator. The administrator has authority to make rules and regulations for the administration of the 2001 Plan, and its interpretations and decisions with regard thereto shall be final and conclusive. The Compensation Committee serves as the administrator of the 2001 Plan.

*Offerings.* To implement the benefits of the 2001 Plan, we make periodic offerings to eligible employees to purchase common stock under the 2001 Plan, or Offerings. Each Offering begins on the first business day occurring on or after each January 1 and July 1 and ends on the last business day occurring on or before the following June 30 and December 31, respectively. The administrator may, in its discretion, designate a different period for any Offering, provided that no Offering shall exceed one year in duration or overlap any other Offering.

The Board may also commence a special Offering for employees of designated subsidiaries who are eligible to participate in the 2001 Plan that will begin on the date that an acquired company is acquired or becomes a designated subsidiary, and will end on the last business day occurring on or before the next June 30 or December 31, whichever shall occur first.

*Eligibility.* All of our employees (including employees who are also directors) and all employees of each designated subsidiary are eligible to participate in any one or more of the Offerings under the 2001 Plan, provided that as of the

first day of the applicable Offering, or the Offering Date, they are customarily employed by us or a designated subsidiary for more than 20 hours a week and have completed at least three consecutive calendar months of employment with us or any designated subsidiary (including periods of employment with the designated subsidiary which pre-date such designation and/or the acquisition of the designated subsidiary by us or any subsidiary). To the extent that a subsidiary was made a designated subsidiary after an acquisition pursuant to which a substantial amount of assets was acquired by such designated subsidiary, whether via a merger, asset acquisition or otherwise, employment with any legal

**Table of Contents**

predecessor entity or any entity transferring assets to the designated subsidiary as part of such acquisition shall be counted as employment with the designated subsidiary. We currently have approximately 10,400 employees, excluding temporary and contract employees.

*Employee Contributions.* Each eligible employee may authorize payroll deductions at a minimum of two percent up to a maximum of ten percent of his or her compensation for each pay period. No interest will accrue or be paid on payroll deductions.

*Grant of Options.* On each Offering Date, we will grant to each eligible employee who is then a participant in the 2001 Plan an option to purchase on the last day of such Offering, or the Exercise Date, at the Option Price, as defined below, (a) a number of shares of common stock, which number shall be the number of shares (rounded down to the nearest whole share) which is obtained by (i) multiplying \$25,000 by the quotient obtained by dividing the number of months in the Offering by 12, and (ii) dividing that product by the fair market value of the common stock on the Offering Date, or (b) such other lesser maximum number of shares as shall have been established by the administrator in advance of the Offering; provided, however, that such option will be subject to the limitations described below. The purchase price for each share purchased under each Option, or the Option Price, will be 85% of the fair market value of the common stock on the Offering Date or the Exercise Date, whichever is less. Each employee's option shall be exercisable only to the extent of such employee's accumulated payroll deductions on the relevant Exercise Date.

Notwithstanding the foregoing, no employee may be granted an option under the 2001 Plan if such employee, immediately after the option grant, would be treated as owning stock possessing five percent or more of the total combined voting power or value of all or our classes of stock or of any parent or subsidiary, each as defined in the 2001 Plan. For purposes of the preceding sentence, the attribution rules of Section 424(d) of the Internal Revenue Code apply in determining the stock ownership of an employee, and all stock which the employee has a contractual right to purchase is treated as stock owned by the employee. In addition, no employee may be granted an option which permits his rights to purchase stock under the 2001 Plan, and any other employee stock purchase plan of us and our parents and subsidiaries, to accrue at a rate which exceeds \$25,000 of the fair market value of such stock (determined on the option grant date or dates) for each calendar year in which the option is outstanding at any time. The purpose of the limitation in the preceding sentence is to comply with Section 423(b)(8) of the Internal Revenue Code and will be applied taking options into account in the order in which they were granted.

*Exercise of Option and Purchase of Shares.* Each employee who continues to be a participant in the 2001 Plan on the Exercise Date will be deemed to have exercised his or her option on such date and will acquire from us such number of whole shares of common stock reserved for the purpose of the 2001 Plan as his or her accumulated payroll deductions on such date will purchase at the Option Price, subject to any other limitations contained in the 2001 Plan. Any amount remaining in an employee's account at the end of an Offering solely by reason of the inability to purchase a fractional share will be carried forward to the next Offering; any other balance remaining in an employee's account at the end of an Offering will be refunded to the employee promptly.

*Amendments and Termination.* The Board may amend the 2001 Plan at any time, but any amendment that would increase the number of shares of common stock available for issuance under the plan or that would, without stockholder approval, cause the plan to fail to qualify as an employee stock purchase plan under Section 423(b) of the Internal Revenue Code will require stockholder approval within twelve months of the amendment. The 2001 Plan may be terminated at any time by the Board. Upon termination of the 2001 Plan, all amounts in the accounts of participating employees will be promptly refunded.

**Material Federal Income Tax Consequences**

The following discussion describes the material federal income tax consequences of transactions under the 2001 Plan. It does not describe all federal tax consequences under the 2001 Plan, nor does it describe state or local tax consequences.

## **Table of Contents**

A participant in the 2001 Plan recognizes no taxable income either as a result of participation in the plan or upon exercise of an option to purchase shares of our common stock under the terms of the plan.

If an employee acquires shares of common stock pursuant to the 2001 Plan and does not dispose of them within two years after the commencement of the Offering pursuant to which the shares were acquired, nor within one year after the date on which the shares were acquired, any gain realized upon subsequent disposition will be taxable as a long-term capital gain, except that the portion of such gain equal to the lesser of (a) the excess of the fair market value of the shares on the date of disposition over the amount paid upon purchase of the shares, or (b) the excess of the fair market value of the shares on the commencement date of the applicable Offering over the amount paid upon purchase of the shares, is taxable as ordinary income. There is no corresponding deduction for us, however. If the employee disposes of the shares at a price less than the price at which he or she acquired the shares, the employee realizes no ordinary income and has a long-term capital loss measured by the difference between the purchase price and the selling price.

If an employee disposes of shares acquired pursuant to 2001 Plan within two years after the commencement date of the Offering pursuant to which the shares were acquired, or within one year after the date on which the shares were acquired, the difference between the purchase price and the fair market value of the shares at the time of purchase will be taxable to him or her as ordinary income in the year of disposition. In this event, we may deduct from our gross income an amount equal to the amount treated as ordinary income to each such employee. Any excess of the selling price over the fair market value at the time the employee purchased the shares will be taxable as long-term or short-term capital gain, depending upon the period for which the shares were held. If any shares are disposed of within either the two-year or one-year period at a price less than the fair market value at the time of purchase, the same amount of ordinary income (*i.e.*, the difference between the purchase price and the fair market value of the shares at the time of purchase) is realized, and a capital loss is recognized equal to the difference between the fair market value of the shares at the time of purchase and the selling price.

If a participating employee should die while owning shares acquired under the 2001 Plan, ordinary income may be reportable on his or her final income tax return.

## **New Plan Benefits**

The number of shares that may be issued to executive officers and all employees, including non-executive officers and directors who are employees, is indeterminate at this time, as participation in any Offering under the 2001 Plan is completely discretionary on the part of each eligible employee.

## **Vote Required**

The approval of the proposal to amend the 2001 Employee Stock Purchase Plan to increase the number of shares of common stock available for issuance thereunder requires the affirmative vote of a majority of the votes properly cast for and against the proposal. Abstentions and broker non-votes will not be counted as votes cast on this matter and, accordingly, will have no effect on the outcome of the vote.

## **Recommendation**

The Board believes that the increase in the number of shares of common stock available for issuance under the Alere Inc. 2001 Employee Stock Purchase Plan is in the best interest of our stockholders. **Accordingly, the Board unanimously recommends a vote FOR the approval of the increase in the number of shares of common stock available for issuance under the 2001 Employee Stock Purchase Plan.**

**Ratification of Selection of Independent Registered Public Accounting Firm**

A primary responsibility of the Audit Committee is to select an independent registered public accounting firm for the fiscal year. Several factors go into this selection process, including the firm's historical and recent performance on similar projects, the firm's experience, client service, responsiveness, leadership, management structure, client and employee retention, compliance and ethics programs, appropriateness of fees charged and the firm's overall technical expertise. Based on all of these factors, the Audit Committee selected PricewaterhouseCoopers LLP, or PwC, to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2011. Pursuant to this proposal, we are asking our stockholders to ratify this selection. PwC has been our independent registered public accounting firm since June 2010. Although stockholder ratification is not required by our bylaws or otherwise, we are submitting the selection of PwC as our independent registered public accounting firm for the fiscal year ending December 31, 2011 to our stockholders for ratification as a matter of good corporate practice. If the selection is not ratified, the Audit Committee may consider whether another registered independent public accounting firm is appropriate. Even if this selection is ratified, the Audit Committee may, in its discretion, direct the appointment of a different independent public accounting firm at any time during the year if it determines that such a change would be in our best interest.

**Vote Required**

The ratification of the selection of PwC as our independent registered public accounting firm for the fiscal year ending December 31, 2011 requires the affirmative vote of a majority of the votes properly cast for and against this proposal. In accordance with Delaware law and our bylaws, abstentions and broker non-votes will not be counted as votes cast on this matter and, accordingly, will have no effect on the outcome of the vote.

**Recommendation**

**The Board unanimously recommends a vote FOR the ratification of the selection of PwC as our independent registered public accounting firm for the fiscal year ending December 31, 2011.**

**Advisory Vote on Executive Compensation**

The Board is committed to excellence in governance. As part of that commitment, and pursuant to the recently adopted Section 14A of the Securities Exchange Act of 1934, as amended, the Board is providing our stockholders an opportunity to provide an advisory vote regarding the compensation paid to our named executive officers.

The Compensation Committee develops and implements executive compensation policies and plans which provide incentives that promote our long-term strategic plans and are consistent with our culture and the overall goal of enhancing enduring stockholder value. Our compensation policies and plans are designed to attract, retain and motivate the talented and dedicated executives who are critical to achieving our goals of continued growth, innovation, increasing profitability, and ultimately maximizing stockholder value.

The Compensation Discussion and Analysis, beginning on page 30 of this proxy statement, describes our executive compensation program and the decisions made by the Compensation Committee with respect to 2010 in more detail. Highlights of the 2010 program include:

We provided cash compensation in the form of base salary at levels intended to meet competitive cash compensation norms. Because our Compensation Committee decided in March 2010 to award discretionary, one-time cash bonuses to many of our executives as part of their 2009 compensation, no adjustments were made to the base salaries of our named executive officers during 2010. Our Compensation Committee believes that it set 2010 base salaries for our named executive officers at the average of the range of annual cash compensation (base salary plus annual non-equity incentive compensation) for competitive positions.

We provided stock-based awards, to reward superior performance against long-term goals and to provide certain of our employees, including our executive officers, with incentives to help align those employees interests with the interests of stockholders and with our long-term success. Stock option grants in 2010 were intended to be valued near the average of the range of the value of long-term incentive awards for executives in similar positions with similar responsibilities at comparable companies.

We did not provide any accrued benefits under any company-sponsored defined benefit pension plan, nor did any named executive officer participate in any non-qualified deferred compensation plan.

We do not have employment or severance agreements with our named executive officers, other than a single retention and severance agreement that we assumed through an acquisition, nor do we provide any tax gross-up payments.

We did not provide any other material compensation to our named executive officers.

The Board believes that the compensation of our named executive officers for 2010 was established in a manner consistent with the best interests of our stockholders. Accordingly, we request that our stockholders approve the following resolution.

**RESOLVED:** That the compensation paid to our named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables, and the accompanying narrative disclosure in our proxy statement for the 2011 annual meeting of stockholders, is hereby

approved.

While this resolution is non-binding, the Board values the opinions that stockholders express in their votes and in other discussions. It will consider the outcome of the vote and those opinions in making compensation decisions for the remainder of 2011 and beyond.

**Vote Required**

The approval of the non-binding proposal to approve the compensation of our named executive officers requires the affirmative vote of a majority of the votes properly cast for and against this proposal. Abstentions and broker non-votes will not be counted as votes cast on this matter and, accordingly, will have no effect on the outcome of the vote.

**Recommendation**

**The Board unanimously recommends a vote FOR the approval of the compensation paid to our named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables, and the accompanying narrative disclosure in the proxy statement.**

**Proposal 6**

**Advisory Vote on the Frequency of Future Advisory Votes on Executive Compensation**

As part of the Board's commitment to excellence in corporate governance, and pursuant to Section 14A of the Securities Exchange Act of 1934, as amended, we are asking stockholders to vote on whether future stockholder advisory votes on executive compensation should occur every one, two or three years. This vote on the frequency of stockholder advisory votes on executive compensation is advisory and must be held at least once every six years.

Views regarding the frequency of stockholder advisory votes on executive compensation vary widely. For example, many companies and investors believe that stockholder advisory votes on executive compensation should be conducted every year so that stockholders may annually express their views on executive compensation programs and provide the issuer with more direct and immediate feedback on those programs. Others believe that advisory votes are most beneficial if conducted every two or three years because this timing may be better aligned with compensation programs and does not place as much emphasis on the results of a single year.

Stockholders are able to specify one of four choices on the proxy card or voting instructions regarding the frequency of stockholder advisory votes on executive compensation: every year, every two years or every three years, or stockholders may abstain from voting. While the result of this advisory vote on the frequency of stockholder advisory votes on executive compensation is non-binding, the Board and the Compensation Committee, which administers our executive compensation program, value the opinions that stockholders express in their votes and in other discussions. The Board is not making a recommendation as to a favored alternative. We are prepared to adopt the frequency that receives the plurality of votes.

**Stockholders may cast their advisory vote to conduct future advisory votes on executive compensation every year, every two years or every three years, or stockholders may abstain from voting.**

**Compensation Discussion and Analysis**

This Compensation Discussion and Analysis discusses the compensation paid to our chief executive officer, or our CEO, our chief financial officer, or our CFO, and our three other most highly compensated executive officers. These officers are collectively referred to as the named executive officers for purposes of this discussion. We refer to Ron Zwanziger, our CEO; David Scott, Ph.D., our Chief Scientific Officer; and Jerry McAleer, Ph.D., our Senior Vice President, R&D, as our key executives.

**Philosophy and Objectives**

The objective of our executive compensation program for 2010 was to attract, retain and motivate the talented and dedicated executives who were critical to our goals of continued growth, innovation, increasing profitability and, ultimately, maximizing stockholder value. Specifically, we sought to attract and reward executives who displayed certain fundamental leadership characteristics for hiring and promotion that we had identified as consistent with our corporate goals and culture. We provided these executives with what we believed to be a competitive total compensation package consisting primarily of base salary, long-term equity incentive compensation and a broad-based benefits program. Our 2010 compensation program was designed to reward each executive's individual performance by considering generally their past and potential contribution to our achievement of key strategic goals, such as revenue generation, margin improvement and the establishment and maintenance of key strategic relationships. These performance factors were used primarily to determine the equity compensation awards granted to each executive. Our 2010 executive compensation program aimed to provide a risk-balanced compensation package which was competitive in our market sector and, more importantly, relevant to the individual executive.

Our policy for allocating between long-term and currently-paid compensation for 2010 was to ensure adequate base compensation to attract and retain personnel, while providing incentives to maximize long-term value for our company and our stockholders. For 2010, we provided (i) cash compensation in the form of base salary to meet competitive cash compensation norms and (ii) non-cash compensation in the form of stock-based awards to reward superior performance against long-term strategic goals. For 2011 and beyond, we have established a process pursuant to which we expect to provide participating executives with annual incentive compensation packages consisting of a combination of cash and stock-based awards. We expect that awards will be recommended to our Compensation Committee after year-end to the extent that applicable performance conditions have been satisfied and will be granted by the Compensation Committee, in its discretion, thereafter. The cash-based awards, if earned, are expected to vest in three equal installments over two years.

In 2010 we did not have a short-term, cash incentive compensation plan for our executive officers, and so we set the base salaries for our named executive officers at a level higher than the average base salaries for executives in similar positions with similar responsibilities at comparable companies. In general, we targeted our 2010 base salaries at the average of the range of annual total cash compensation (base salary plus annual non-equity incentive compensation) for competitive positions. Our Compensation Committee believed this compensation structure would focus our executives' attention primarily on long-term stock price appreciation, rather than short-term results, and yet would enable us to recruit and retain talented executives by ensuring that our annual cash compensation would be competitive with other companies.

**Executive Compensation Process**

The compensation of our named executive officers, as well as our other executive officers, has been reviewed by our Compensation Committee at least annually for consistency with the objectives described above. Our management,

including our CEO, has participated in this review by making its own recommendations as to the compensation of our executive officers to the Compensation Committee. The Compensation Committee has considered the recommendations of management in assessing executive compensation, but from time to time it has also gathered and relied on other data and resources and has utilized the services of a compensation consultant in

reviewing and determining executive compensation.

During 2009, the Compensation Committee engaged a compensation consultant, Aon Consulting's Radford Surveys + Consulting, or Radford, to assist the committee in assessing total compensation of our key executives. As part of its engagement, Radford assisted the Compensation Committee in selecting a new peer group to utilize in assessing the competitiveness of the compensation of our key executives. The peer group selected by the Compensation Committee for purposes of evaluating compensation of the key executives consisted of nineteen publicly traded companies in a similar industry space and with similar revenues and market capitalizations. Of the peer group companies, 26% were health management companies and 74% were diagnostics/medical equipment companies. Specifically, the peer group consisted of the following companies:

Beckman Coulter, Inc.

Becton Dickinson and Company

Bio-Rad Laboratories, Inc.

Catalyst Health Solutions, Inc.

C.R. Bard, Inc.

Gen-Probe Incorporated

Healthways, Inc.

Hologic, Inc.

Hospira, Inc.

IDEXX Laboratories, Inc.

Kinetic Concepts, Inc.

Life Technologies Corporation

Lincare Holdings, Inc.

Magellan Health Services, Inc.

Myriad Genetics, Inc.

PerkinElmer, Inc.

RehabCare Group, Inc.

St. Jude Medical, Inc.

Varian Medical Systems, Inc.

In connection with its engagement, Radford provided a detailed report, the Radford Report, which included summary observations and considerations regarding our compensation philosophy and methodology, as well as detailed competitive assessments of the cash and equity compensation of the key executives. For 2010, the Compensation Committee did not engage Radford to update the Radford Report, but still considered the Radford Report in its assessment of the stock-based compensation of our key executives.

In determining each component of an executive's compensation, numerous factors particular to the executive were considered, including:

The individual's particular background, including prior relevant work experience;

The demand for individuals with the executive's specific expertise and experience;

The individual's role with us and the compensation paid to similar persons determined through benchmark studies, such as the Radford Report;

The individual's performance and contribution to our achievement of corporate goals and objectives; and

Comparison to our other executives.

### **Elements of Compensation**

For 2010, executive compensation consisted of the following elements:

*Base Salary.* Base salary was established based on the factors discussed above. Our general compensation philosophy for 2010, as described above, was to offer a competitive base salary, plus long-term, equity-based incentive compensation. Because we did not offer short-term cash incentive compensation in 2010, we sought to ensure that the cash compensation of our executives would be competitive by targeting annual base salary for a particular individual near the average of the range of annual cash compensation (base salary plus annual non-equity incentive compensation) for executives in similar positions with similar responsibilities at comparable companies. Other elements of compensation, including past and present grants of stock-based awards, were also considered. The Compensation Committee believed that a competitive base salary was necessary to attract and retain a management team

with the requested skills to lead our company. Despite this general philosophy, because our Compensation Committee decided in March 2010 to award discretionary, one-time cash bonuses to many of our executives as part of their 2009 compensation, no adjustment was made to the base salary of our named executives during 2010.

*Bonuses.* Cash bonuses and other non-equity incentive compensation have not historically been a regular or important element of our executive compensation strategy; instead, our Compensation Committee has focused on stock-based awards designed to reward long-term performance. Our Compensation Committee followed this strategy for 2010 and accordingly did not implement a cash bonus or other non-equity incentive compensation plan for 2010. While the Compensation Committee generally remains committed to this strategy, for 2011 and beyond, the Compensation Committee has established a process pursuant to which we expect to award certain executives and managers, upon satisfaction of applicable performance conditions and subject to future approval and grant by the Compensation Committee or the Board of Directors, option awards and cash awards on an annual basis. The cash awards, if earned, are expected to vest in three equal installments over two years.

On November 19, 2010, we paid Tom Underwood a bonus of \$462,666 pursuant to a retention and severance agreement with Mr. Underwood dated November 18, 2009, as amended. An identical bonus was paid to Mr. Underwood under this agreement in November 2009 and a third bonus in the same amount will be paid to Mr. Underwood in July 2011, subject to his continued employment. This agreement represents a restructuring of a change of control severance obligation under a 2007 agreement between Mr. Underwood and Matria Healthcare, Inc., a predecessor of Alere Health, LLC. The 2007 agreement predated our acquisition of Matria Healthcare and we viewed it as providing a potential disincentive to Mr. Underwood's continued employment.

*Stock Option and Stock-based Awards.* For 2010, our Compensation Committee believed that the use of stock options and other stock-based awards would continue to offer the best approach to achieving our long-term compensation goals. Consistent with this belief, our stockholder-approved stock option and incentive plans, or our Option Plans, were established to provide certain of our employees, including our executive officers, with incentives to help align those employees' interests with the interests of stockholders and with our long-term success. While our Option Plans allow our Compensation Committee to grant a number of different types of stock-based awards, other than one restricted stock grant made to Mr. Zwanziger in 2001, we have relied exclusively on stock options to provide equity incentive compensation. Stock options granted to our executive officers have historically had an exercise price equal to the fair market value of our common stock on the grant date, except that the options granted in February 2010 to our key executives, discussed in more detail below, as well as certain options granted to the key executives in July 2008, have a premium exercise price of \$61.49. Our stock options have typically vested 25% per annum based upon continued employment over a four-year period, and generally have had terms expiring ten years after the date of grant. Stock option grants to our executive officers have been made in connection with the commencement of employment, in conjunction with an annual review of total compensation and, occasionally, following a significant change in job responsibilities or to meet other special retention or performance objectives. Proposals to grant stock options to our executive officers in 2010 were made by our CEO to the Compensation Committee. With respect to proposals for grants made to our executive officers in 2010, the Committee reviewed consultant reports, as discussed above, individual performance, the executive's existing compensation and other retention considerations. The Compensation Committee considered the estimated Black-Scholes valuation of each proposed stock option grant in determining the number of options subject to each grant in 2010. Generally, 2010 stock option grants for each named executive officer were based on the factors discussed above and were intended to be valued near the average of the range of the value of long-term incentive awards for executives in similar positions with similar responsibilities at comparable companies, although other elements of compensation, including salary, were also considered.

**Table of Contents**

Generally, stock option grants to executive officers have been made in conjunction with meetings of the Board of Directors. In 2010, grants were made in accordance with the Board's previously adopted stock option granting policy, which includes the following elements:

Options to purchase shares of our common stock shall be granted effective as of the last calendar day of the following months: February, April, June, August, October and December (each such date a "Grant Date");

For each employee (or prospective employee) that is not (or, upon hire, will not be) subject to Section 16 of the Exchange Act, the CEO shall have the authority to grant, in his sole discretion, an option or options to purchase up to an aggregate of 5,000 shares of common stock (on an annual basis); provided, however, that total number of shares of common stock underlying such option grants shall not exceed 150,000 per calendar year.

The Compensation Committee must approve all other stock option grants. Grants by the Compensation Committee must be approved only at a meeting of the Compensation Committee with and in consultation with the other independent directors and not by written consent.

Grants of options to existing employees, shall be effective as of, and the grant date thereof shall for all purposes be deemed to be, the Grant Date following the date of approval (except that any grants subject to stockholder approval shall be effective as of the date of stockholder approval).

Options approved for new hires, including those hired through acquisitions, shall be effective as of, and the grant date thereof shall for all purposes be deemed to be, the Grant Date following the later of (i) the date of such approval or (ii) the date on which the new hire's employment commences.

We have not adopted stock ownership guidelines for our executive officers.

For 2010, our Compensation Committee considered the fact that the value of the CEO's total long-term incentive awards trailed the market at the 25th percentile and the value of the long-term incentive awards to our other key executives approximated the market at the 50th percentile. In February 2010, the Compensation Committee approved grants of stock options, or the February Grants, to purchase 250,000, 90,000 and 75,000 shares of common stock to Mr. Zwanziger, Dr. Scott and Dr. McAleer, respectively. While the closing price of our common stock on the date of grant was \$39.02, these options were granted with a premium exercise price of \$61.49, which was the offering price of a secondary offering of our common stock that we conducted in November 2007. Due to the premium exercise price and the fact that the price of our common stock would need to increase almost 65% in order for these option grants to be "in the money," the Compensation Committee considered these grants to be stronger long-term incentives than standard option grants and in the best interest of our stockholders.

In determining Mr. Zwanziger's February Grant, the Compensation Committee considered the analysis set forth in the Radford Report of the number of stock options required to deliver "market competitive" annual long-term incentives within the range of 2009 grants by our peer group. Taking that into consideration, coupled with the various factors described above, including Mr. Zwanziger's cash compensation, prior equity grants, significant history and role in leading the Company, his expertise and experience and his performance and contribution to our overall goals and objectives, as well as the fact that the exercise price of the grant would be at a significant premium to the then current trading price of our common stock, the Compensation Committee discussed and adopted the February Grant in an effort to meet our total compensation objectives. While background, expertise and experience, and individual performance and contribution to our overall goals and objectives are all subjective measures, and are not based on any stated quantifiable objectives, they played an important role in the Compensation Committee's overall decision-making process. These subjective factors were considered in the aggregate and, accordingly, no specific factor played a greater role in determining the grant.

In determining Dr. Scott's February Grant, the Compensation Committee considered the analysis set forth in the Radford Report of the number of

**Table of Contents**

stock options required to deliver market competitive annual long-term incentives within the range of 2009 grants by our peer group. Taking that into consideration, coupled with the various factors described above, including Dr. Scott's cash compensation, prior equity grants, significant history and role with the Company, his expertise and experience and his performance and contribution to our overall goals and objectives, as well as the fact that the exercise price of the grant would be at a significant premium to the then current trading price of our common stock, the Compensation Committee discussed and adopted the February Grant in an effort meet our total compensation objectives. While background, expertise and experience, and individual performance and contribution to our overall goals and objectives are all subjective measures, and are not based on any stated quantifiable objectives, they played an important role in the Compensation Committee's overall decision-making process. These subjective factors were considered in the aggregate and, accordingly, no specific factor played a greater role in determining the grant.

In determining Dr. McAleer's February Grant, the Compensation Committee considered the analysis set forth in the Radford Report of the number of stock options required to deliver market competitive annual long-term incentives within the range of 2009 grants by our peer group. Taking that into consideration, coupled with the various factors described above, including Dr. McAleer's cash compensation, prior equity grants, significant history and role with the Company, his expertise and experience and his performance and contribution to our overall goals and objectives, as well as the fact that the exercise price of the grant would be at a significant premium to the then current trading price of our common stock, the Compensation Committee discussed and adopted the February Grant in an effort meet our total compensation objectives. While background, expertise and experience, and individual performance and contribution to our overall goals and objectives are all subjective measures, and are not based on any stated quantifiable objectives, they played an important role in the Compensation Committee's overall decision-making process. These subjective factors were considered in the aggregate and, accordingly, no specific factor played a greater role in determining the grant.

As of June 30, 2010, Mr. Underwood was granted options to purchase 25,000 shares of common stock at an exercise price of \$26.66 per share. The Compensation Committee considered an analysis of total compensation for comparable executives and determined that Mr. Underwood's long-term incentive compensation remained below that of executives holding similar positions at comparable companies. In approving this grant, the Compensation Committee also considered the estimated Black-Scholes valuation of the proposed stock option grant, as well as Mr. Underwood's background, expertise and experience, and individual performance and significant contributions to our overall goals and objectives. While many of these factors are subjective measures, and are not based on any stated quantified objectives, they played an important role in the Compensation Committee's decision-making process. These subjective factors were considered in the aggregate and, accordingly, no specific factor played a greater role in determining the grants.

*Other Compensation.* Other than as discussed below, our named executive officers did not have employment or severance agreements in 2010. The named executive officers were not eligible to participate in, and did not have any accrued benefits under, any company-sponsored defined benefit pension plan in 2010. They were eligible to, and in some case did, participate in defined contributions plans, such as a 401(k) plan, on the same terms as other employees. The terms of these defined contribution plans varied depending on the jurisdiction of employment of the executive. In addition, consistent with our compensation philosophy, the Compensation Committee maintained in 2010 generally the same benefits and perquisites for our executive officers as in prior years. The Compensation Committee believes that these benefits and perquisites provided to our executive officers in 2010 were lower than median competitive levels for comparable companies. Finally, all of our executives were eligible to participate in our other employee benefit plans, including, medical, dental, life and disability insurance.

**Tax Implications**

Section 162(m) of the Internal Revenue Code of 1986, as amended, limits the deductibility on our tax return of compensation over \$1,000,000 to

**Table of Contents**

certain of the named executive officers unless, in general, the compensation is paid pursuant to a plan which is performance-related, non-discretionary and has been approved by our stockholders. We have periodically reviewed the potential consequences of Section 162(m) and on occasion have sought to structure the performance-based portion of our executive compensation to comply with the exemptions available under Section 162(m). We believe that options granted in 2010 under our Option Plans generally qualify as performance-based compensation under Section 162(m). However, we reserve the right to use our judgment to authorize compensation payments that do not comply with these exemptions when we believe that such payments are appropriate and in the best interest of the stockholders, after taking into consideration changing business conditions or the applicable officer's performance.

- (1) The grant dates of the options for the named executive officers are in accordance with our stock option granting policy, pursuant to which grants of options approved by the Compensation Committee for existing employees shall be effective as of the next Grant Date following the date of approval (except that any grants subject to stockholder approval shall be effective as of the date of stockholder approval). Under this policy, Grant Date means the last day of the following months: February, April, June, August, October and December.
- (2) All stock option awards were made under our 2001 Stock Option and Incentive Plan.
- (3) The terms of these options provide for vesting in four equal annual installments, commencing on the first anniversary of the date of grant and conditioned upon the recipient's continued employment with the Company on the applicable vesting date. The options will expire on the tenth anniversary of the grant date or, if earlier, three months after the recipient's employment terminates.
- (4) The exercise price of the stock option awards to the named executive officers is equal to, or at a premium to, the closing price of the common stock on the applicable Grant Date.
- (5) These amounts represent the aggregate grant date fair value of stock option awards made during 2010, calculated in accordance with FASB ASC Topic 718, excluding estimated forfeitures. **Option Exercises and Stock Vested.** None of the named executive officers exercised any stock options during 2010, and no named executive officer held any stock awards that vested during 2010.

**Non-qualified Deferred Compensation Plans.** During 2010, our named executive officers did not participate in any non-qualified defined contribution or other non-qualified deferred compensation plans.

**Pension Benefits.** During 2010, our named executive officers did not participate in any plan that provides for specified retirement benefits, or payments and benefits that will be provided primarily following retirement, other than defined contribution plans, such as our 401(k) savings plan.

**Employment Agreement and Potential Payments upon Termination or Change-in-Control.** On November 18, 2009, we entered into a retention and severance agreement with Tom Underwood in order to restructure change of control severance obligations existing under a 2007 agreement between Mr. Underwood and Matria Healthcare, Inc., a predecessor to Alere Health, LLC. On December 30, 2010, we entered into a letter agreement with Mr. Underwood amending a portion of the 2009 agreement. In addition to bonuses paid in 2009 and 2010, Mr. Underwood's retention and severance agreement provides that we will pay an additional stay bonus in the amount of \$462,666 to Mr. Underwood on July 1, 2011, as well as severance payable in a lump sum in the event of an involuntary termination without cause or a voluntary termination for good reason of Mr. Underwood's employment with the Company. As consideration for these severance benefits, Mr. Underwood agreed that (i) for one year after his employment terminates, if less than all of the stay bonuses has been paid, or (ii) for two years after his employment terminates, if the full amount of all of the stay bonuses has been paid, he will not compete with us within the United States. As part of the 2009 agreement, Mr. Underwood also entered into our standard non-solicitation agreement.

The table below sets forth the estimated payments and benefits that would be provided to the extent that payments under Mr. Underwood's agreement are triggered.

(1) Represents the stay bonus payable on July 1, 2011, which would be accelerated and would exceed the value of 12 months of Mr. Underwood's salary at December 31, 2010.

(2) Represents 12 months of Mr. Underwood's salary at December 31, 2010.

- (3) Represents the cost at December 31, 2010 of continuation of all group benefits for which executives are eligible at the time of termination for two years, including cell phone and auto insurance, based on the assumptions used for financial reporting purposes under generally accepted accounting principles.
- (4) Represents the cost at December 31, 2010 of life insurance and disability insurance coverage for one year, based on the assumptions used for financial reporting purposes under generally accepted accounting principles.

Our named executive officers are employees-at-will and do not otherwise have employment or severance contracts with us. Other than provisions in our Option Plans that provide for all stock options to automatically become fully exercisable and any stock awards to become vested and non-forfeitable in the event of a change of control as defined in the plans, there are no other contracts, agreements, plans or arrangements that provide for payments to our named executive officers at, following, or in connection with any termination of employment, change in control of the Company or a change in a named executive officer's responsibilities. All of the outstanding stock options held by our named executive officers reported above under Outstanding

Equity Awards at Fiscal Year-End were issued under our Option Plans and are subject to accelerated exercisability upon a change of control. The table below sets forth the value attributable to such an acceleration of exercisability.

- (1) Assumes the occurrence of a change of control of the Company on December 31, 2010. The value attributable to the acceleration of stock options equals the difference between the applicable option exercise prices and the closing sale price of our common stock as reported by the New York Stock Exchange on December 31, 2010, which was \$36.60, multiplied by the number of shares underlying the options.

**Risk Related to Compensation Policies**

Our compensation policies and practices for our employees, including our executive compensation program described in our Compensation Discussion and Analysis, aim to provide a risk-balanced compensation package which is competitive in our market sectors and relevant to the individual executive. Historically, we have provided cash compensation in the form of base salary to meet competitive cash compensation norms and non-cash compensation, primarily in the form of stock-based awards, to reward superior performance against long-term strategic goals. This focus on base salary supplemented by long-term, non-cash compensation discourages short-term risk taking and provides motivation for employees to pursue the same strategic goals, including increasing stockholder value. For 2011 and beyond, the Compensation Committee has established a process pursuant to which we expect to award to certain executives and managers, upon satisfaction of applicable performance conditions and subject to future approval and grant by the Compensation Committee, option and cash awards on an annual basis. Applicable performance criteria include, for example, earnings per share targets, free cash flow targets and organic growth targets. Because both the option and cash awards contemplated under this process would vest over several years, we believe that the process continues to discourage short-term risk taking and to align the interest of our executives and managers with those of our stockholders. We do not believe that risks arising from these practices, or our compensation policies and practices considered as a whole, are reasonably likely to have a material adverse effect on us.

Mr. Townsend earned fees of \$13,667 as of December 31, 2010, which amount was paid in January 2011. The cash compensation paid to directors is described in more detail below.
- (3) These amounts represent the aggregate grant date fair value of stock option awards made during 2010 calculated in accordance with FASB ASC Topic 718, excluding estimated forfeitures. All awards represent stock-based compensation for services rendered for the period October 31, 2010 through June 30, 2013. Each non-employee director received a stock option award during 2010 having a grant date fair value of \$380,060. In addition, based on their election to receive stock options in lieu of cash compensation, John F. Levy, John A. Quelch and James Roosevelt, Jr. each received a second option award during 2010 having a grant date fair value of \$177,369, \$88,690 and \$177,369, respectively. See Note 14 of the notes to our consolidated financial statements included in our Annual Report on Form 10-K, as amended, for the year ended December 31, 2010 for a discussion of the relevant assumptions used in calculating these amounts. As of December 31, 2010, each director had the following number of options outstanding: Eli Adashi: 41,515; Carol R. Goldberg: 86,518; Robert P. Khederian: 59,999; John F. Levy: 126,006; John A. Quelch: 115,540; James Roosevelt, Jr.: 57,156; and Peter Townsend:

49,868.

Upon their election to the Board during 2009, Dr. Adashi and Mr. Roosevelt were each awarded compensation for the first year of their service as a director of \$75,000, payable quarterly in arrears, and an option to purchase 8,000 shares of our common stock. This package of cash compensation and stock options was intended to offer these new non-employee directors a level of total annual compensation similar to the annual compensation reflected in stock option grants made to our incumbent non-employee directors in October 2007, which vested over a three-year period. A portion of this cash compensation was paid in 2010.

During 2010, the Compensation Committee engaged Radford to assist the committee in assessing non-employee director compensation. The Compensation Committee considered, among other things, the merits of

**Table of Contents**

including a cash component in director compensation, the influence and preferences of RiskMetrics Group, and the demands placed upon the non-employee directors, given the acquisitive nature of the Company.

After reviewing the Radford data in May 2010, the Compensation Committee determined that the non-employee directors of the Company would receive a cash compensation of \$70,000 annually, plus additional cash compensation for committee service as described in the table below, payable quarterly in arrears beginning with the third calendar quarter of 2010 and subject to their continued service on the Board and any applicable committees. Each director was afforded a one-time right to receive, in lieu of all or part of her or his cash compensation for the period October 31, 2010 through June 30, 2013, stock options of equal value calculated as described below.

**Chair (Total Additional Cash Compensation)**

Audit	\$ 24,000
Compensation	\$ 16,000
Nominating and Corporate Governance	\$ 10,000

**Members other than Chair (Total Additional Cash Compensation)**

Audit	\$ 12,000
Compensation	\$ 8,000
Nominating and Corporate Governance	\$ 5,000

In addition to the cash compensation described above, on October 31, 2010, each of the non-employee directors received stock options to purchase a number of shares of our common stock calculated using a Black-Scholes model based on (i) an assumed aggregate value on the grant date equal to the sum of (a) \$400,000, or \$150,000 annually for the period October 31, 2010 through June 30, 2013, and (b) the total amount of any cash compensation foregone for that period at the election of the director, as described above, (ii) \$29.55 per share, the closing price of our common stock on the New York Stock Exchange on the most recent trading day before the grant date and (iii) management estimates of other Black-Scholes variables, including estimated life and volatility. These options vest in three equal annual installments, beginning June 30, 2011.

Employee directors do not receive compensation for their services as directors.

**2010 Audit Committee Report**

We, the Audit Committee, oversee the Company's accounting and financial reporting processes and assist the Board in its oversight of the qualifications, independence and performance of the Company's independent registered public accounting firm. In fulfilling our oversight responsibilities, we discussed with the Company's independent registered public accounting firm, PricewaterhouseCoopers, LLP, or PwC, the overall scope and plans for their audit. Upon completion of the audit, we discussed with PwC the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

We also reviewed and discussed the audited, consolidated financial statements with management. We discussed with management certain significant accounting principles, the reasonableness of significant judgments and the clarity of disclosures in those financial statements.

The Audit Committee received and reviewed the written disclosures and the letter from PwC required by applicable requirements of the Public Company Accounting Oversight Board regarding PwC's communications with the Audit Committee concerning independence, and discussed with PwC the auditor's independence from management and the Company. We determined that the services provided by PwC during fiscal year 2010 are compatible with maintaining such auditor's independence.

In reliance on the reviews and discussions referred to above, we recommended to the Board that the audited, consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2010 for filing with the Securities and Exchange Commission.

The authority to pre-approve non-audit services may be delegated to one or more members of the Audit Committee, who shall present any services so pre-approved to the full Audit Committee at its next meeting.

## **Certain Relationships and Related Transactions, and Director Independence**

### **Director Independence**

The Board of Directors has determined that the following directors are independent under the rules of the New York Stock Exchange: Dr. Adashi, Ms. Goldberg, Mr. Khederian, Mr. Levy, Dr. Quelch, Mr. Roosevelt and Mr. Townsend. The Board has an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee, each composed solely of directors who satisfy the applicable independence requirements of the New York Stock Exchange's listing standards.

### **Policies and Procedures with Respect to Related Party Transactions**

Our Audit Committee Charter requires that the Audit Committee, which is composed solely of independent directors, conduct an appropriate review of, and be responsible for the oversight of, all related party transactions on an ongoing basis. We do not have written policies or procedures governing the Audit Committee's review of related party transactions but rely on the Audit Committee's exercise of business judgment in reviewing such transactions.

### **Investments by the Zwanziger Family Trust**

In November 2008, the Zwanziger Family Trust, a trust established for the benefit of the children of Ron Zwanziger, our Chairman, Chief Executive Officer and President, and the trustee of which is Mr. Zwanziger's sister, purchased certain of our securities from third parties in market transactions. The purchase consisted of approximately \$1.0 million of each of the following securities: our common stock, our Series B preferred stock, our 3% senior subordinated convertible notes, interests (\$1.0 million face amount) in our first lien credit agreement and interests (\$1.0 million face amount) in our second lien credit agreement. To the extent we make principal and interest payments under the convertible notes and the credit facilities in accordance with their terms, the Zwanziger Family Trust, as a holder of convertible notes and as a lender under the credit facilities, will receive its proportionate share. In connection with its purchases of interests under our first lien credit agreement and second lien credit agreement, the Trust agreed that, whenever the consent or vote of the lenders is required under the credit facilities, it will vote the outstanding principal amount of its holdings in the same proportion as the votes cast by the other lenders under these credit facilities.

**Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934, as amended, or the Exchange Act, requires our officers and directors and persons who beneficially own more than 10% of our outstanding shares of common stock or Series B preferred stock to file reports of ownership and changes in ownership with the Securities and Exchange Commission and the New York Stock

Proxies solicited by the Board will confer discretionary voting authority with respect to these proposals, subject to SEC rules governing the exercise of this authority.

(a) Committee. The Plan shall be administered by either the Board or a committee of not less than two Independent Directors (in either case, the Administrator ), as determined by the Board from time to time; provided that, (i) for purposes of Awards to Directors or Section 16 officers of the Company, the Administrator shall be deemed to include only Directors who are Independent Directors and no director who is not an Independent Director shall be entitled to vote or take action in connection with any such proposed

Award and (ii) for purposes of Performance Based Awards, the Administrator shall be a committee of the Board composed of two or more Outside Directors.

(b) Powers of Administrator. The Administrator shall have the power and authority to grant Awards consistent with the terms of the Plan, including the power and authority:

(i) to select the individuals to whom Awards may from time to time be granted;

(ii) to determine the time or times of grant, and the extent, if any, of Incentive Stock Options, Non-Qualified Stock Options, Stock Appreciation Rights, Restricted Stock Awards, Restricted Stock Units, Unrestricted Stock Awards, Performance Share Awards and Dividend Equivalent Rights or any combination of the foregoing, granted to any one or more grantees;

(iii) to determine the number of shares of Stock to be covered by any Award;

(iv) to determine and modify from time to time the terms and conditions, including restrictions, not inconsistent with the terms of the Plan and Section 2(b)(v) below, of any Award, which terms and conditions may differ among individual Awards and grantees, and to approve the form of written instruments evidencing the Awards; except that repricing of Stock Options shall not be permitted without shareholder approval and further provided that, other than by reason of, or in connection with, any death, disability, retirement, employment termination (without cause), or Change of Control, the Administrator shall not accelerate or waive any restriction period applicable to any outstanding Restricted Stock Award or any Restricted Stock Unit beyond the minimum restriction periods set forth in Section 7 and Section 8, respectively, nor shall the Administrator accelerate or amend the aggregate period over which any Performance Share Award is measured to less than one (1) year;

(v) to accelerate at any time the exercisability or vesting of all or any portion of any Award consistent with Section 2(b)(iv) and further provided that, other than by reason of, or in connection with, any death, disability, retirement, employment termination (without cause), or Change of Control, the Administrator shall not accelerate the exercisability or vesting of unvested Stock Options or Stock Appreciation Rights which in the aggregate, when combined with the aggregate number of shares of Stock issued pursuant to Section 9, exceed ten percent (10%) of the maximum number of shares of stock reserved and available for issuance under the Plan pursuant to Section 3(a), as amended;

(vi) subject to the provisions of Section 5(a)(ii), to extend at any time the period in which Stock Options may be exercised;

(vii) to determine at any time whether, to what extent, and under what circumstances distribution or the receipt of Stock and other amounts payable with respect to an Award shall be deferred either automatically or at the election of the grantee and whether and to what extent the Company shall pay or credit amounts constituting interest (at rates determined by the Administrator) or dividends or deemed dividends on such deferrals;

(viii) at any time to adopt, alter and repeal such rules, guidelines and practices for administration and operation of the Plan and for its own acts and proceedings as it shall deem advisable; to interpret the terms and provisions of the Plan and any Award (including related written instruments); to make all determinations it deems advisable for the administration and operation of the Plan; to decide all disputes arising in connection with the Plan; and to otherwise supervise the administration of the Plan; and

(ix) to make any adjustments or modifications to Awards granted to participants who are working outside the United States and adopt any sub-plans as may be deemed necessary or advisable for participation of such participants, to

fulfill the purposes of the Plan and/or to comply with applicable laws.

All decisions and interpretations of the Administrator shall be binding on all persons, including the Company and Plan grantees.

(c) Delegation of Authority to Grant Awards. The Administrator, in its discretion, may delegate to the Chief Executive Officer of the Company all or part of the Administrator's authority and duties with respect to

A-3

**Table of Contents**

the granting of Awards at Fair Market Value, to individuals who are not subject to the reporting and other provisions of Section 16 of the Exchange Act or Covered Employees. Any such delegation by the Administrator shall include a limitation as to the amount of Awards that may be granted during the period of the delegation and shall contain guidelines as to the determination of the exercise price of any Stock Option, the conversion ratio or price of other Awards and the vesting criteria. The Administrator may revoke or amend the terms of a delegation at any time but such action shall not invalidate any prior actions of the Administrator's delegate or delegates that were consistent with the terms of the Plan.

(d) **Indemnification.** Neither the Board nor the Committee, nor any member of either or any delegate thereof, shall be liable for any act, omission, interpretation, construction or determination made in good faith in connection with the Plan, and the members of the Board and the Committee (and any delegate thereof) shall be entitled in all cases to indemnification and reimbursement by the Company in respect of any claim, loss, damage or expense (including, without limitation, reasonable attorneys' fees) arising or resulting therefrom to the fullest extent permitted by law and/or under any directors' and officers' liability insurance coverage which may be in effect from time to time.

**SECTION 3. STOCK ISSUABLE UNDER THE PLAN; MERGERS; SUBSTITUTION**

(a) **Stock Issuable.** The maximum number of shares of Stock reserved and available for issuance under the Plan shall be 3,153,663 shares, subject to adjustment as provided in Section 3(b) (the "Pool"). For purposes of this limitation, in respect of any shares of Stock under any Award which shares are forfeited, canceled, satisfied without the issuance of Stock, otherwise terminated, or, for shares of Stock issued pursuant to any unvested full value Award, reacquired by the Company at not more than the grantee's purchase price (other than by exercise) ("Unissued Shares"), the number of shares of Stock that were removed from the Pool for such Unissued Shares shall be added back to the Pool.

Notwithstanding the foregoing, upon the exercise of any Award to the extent that the Award is exercised through tendering previously owned shares or through withholding shares that would otherwise be awarded and to the extent shares are withheld for tax withholding purposes, the Pool shall be reduced by the gross number of shares of Stock being exercised without giving effect to the number of shares tendered or withheld. Subject to such overall limitation, shares of Stock may be issued up to such maximum number pursuant to any type or types of Award; provided, however, (i) Stock Options or Stock Appreciation Rights with respect to no more than 1,000,000 shares of Stock may be granted to any one individual grantee during any one calendar year period and (ii) each share subject to a full value award settled in stock other than an Award that is a stock option or other award that requires the grantee to purchase shares for their fair market value at the time of grant will reduce the number of shares in the Pool available for grant by three (3). The shares available for issuance from the Pool may be authorized but unissued shares of Stock or shares of Stock reacquired by the Company and held in its treasury.

(b) **Changes in Stock.** Subject to Section 3(c) hereof, if, as a result of any reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split or other similar change in the Company's capital stock, the outstanding shares of Stock are increased or decreased or are exchanged for a different number or kind of shares or other securities of the Company, or additional shares or new or different shares or other securities of the Company or other non-cash assets are distributed with respect to such shares of Stock or other securities, or, if, as a result of any merger or consolidation, sale of all or substantially all of the assets of the Company, the outstanding shares of Stock are converted into or exchanged for a different number or kind of securities of the Company or any successor entity (or a parent or subsidiary thereof), the Administrator shall make an appropriate or proportionate adjustment in (i) the maximum number of shares reserved for issuance under the Plan, (ii) the number of Stock Options or Stock Appreciation Rights that can be granted to any one individual grantee, (iii) the maximum number of shares that may be granted under a Performance-Based Award, (iv) the number and kind of shares or other securities subject to any then outstanding Awards under the Plan, (v) the repurchase price per share subject to each outstanding Restricted Stock Award, and (vi) the price for each share subject to any then outstanding Stock Options and Stock Appreciation Rights under the Plan, without changing the aggregate exercise price (i.e., the exercise price multiplied by the number

of Stock Options or Stock Appreciation Rights) as to which such Stock Options and Stock Appreciation Rights remain exercisable. The adjustment by the Administrator shall be final, binding and

A-4

---

**Table of Contents**

conclusive. No fractional shares of Stock shall be issued under the Plan resulting from any such adjustment, but the Administrator in its discretion may make a cash payment in lieu of fractional shares.

The Administrator may also adjust the number of shares subject to outstanding Awards and the exercise price and the terms of outstanding Awards to take into consideration material changes in accounting practices or principles, extraordinary dividends, acquisitions or dispositions of stock or property or any other event if it is determined by the Administrator that such adjustment is appropriate to avoid distortion in the operation of the Plan, provided that no such adjustment shall be made in the case of an Incentive Stock Option, without the consent of the grantee, if it would constitute a modification, extension or renewal of the Option within the meaning of Section 424(h) of the Code.

(c) Mergers and Other Transactions. In the case of and subject to the consummation of (i) the dissolution or liquidation of the Company, (ii) the sale of all or substantially all of the assets of the Company on a consolidated basis to an unrelated person or entity, (iii) a merger, reorganization or consolidation in which the outstanding shares of Stock are converted into or exchanged for a different kind of securities of the successor entity and the holders of the Company's outstanding voting power immediately prior to such transaction do not own a majority of the outstanding voting power of the successor entity immediately upon completion of such transaction, or (iv) the sale of all of the Stock of the Company to an unrelated person or entity (in each case, a Sale Event), upon the effective time of the Sale Event, the Plan and all outstanding Awards granted hereunder shall terminate, unless provision is made in connection with the Sale Event in the sole discretion of the parties thereto for the assumption or continuation of Awards theretofore granted by the successor entity, or the substitution of such Awards with new Awards of the successor entity or parent thereof, with appropriate adjustment as to the number and kind of shares and, if appropriate, the per share exercise prices, as such parties shall agree (after taking into account any acceleration hereunder). In the event of such termination, each grantee shall be permitted, within a specified period of time prior to the consummation of the Sale Event as determined by the Administrator, to exercise all outstanding Options and Stock Appreciation Rights held by such grantee, including those that will become exercisable upon the consummation of the Sale Event; provided, however, that the exercise of Options and Stock Appreciation Rights not exercisable prior to the Sale Event shall be subject to the consummation of the Sale Event.

Notwithstanding anything to the contrary in this Section 3(c), in the event of a Sale Event pursuant to which holders of the Stock of the Company will receive upon consummation thereof a cash payment for each share surrendered in the Sale Event, the Company shall have the right, but not the obligation, to make or provide for a cash payment to the grantees holding Options and Stock Appreciation Rights, in exchange for the cancellation thereof, in an amount equal to the difference between (A) the value as determined by the Administrator of the consideration payable per share of Stock pursuant to the Sale Event (the Sale Price) times the number of shares of Stock subject to outstanding Option and Stock Appreciation Rights (to the extent then exercisable at prices not in excess of the Sale Price) and (B) the aggregate exercise price of all such outstanding Options and Stock Appreciation Rights.

(d) Substitute Awards. The Administrator may grant Awards under the Plan in substitution for stock and stock-based awards held by employees, directors or other key persons of another corporation in connection with the merger or consolidation of the employing corporation with the Company or a Subsidiary or the acquisition by the Company or a Subsidiary of property or stock of the employing corporation. The Administrator may direct that the substitute awards be granted on such terms and conditions as the Administrator considers appropriate in the circumstances. Any substitute Awards granted under the Plan shall not count against the share limitation set forth in Section 3(a).

**SECTION 4. ELIGIBILITY**

Grantees under the Plan will be such full or part-time officers and other employees, Independent Directors and key persons (including consultants and prospective employees) of the Company and its Subsidiaries as are selected from time to time by the Administrator in its sole discretion.

**Table of Contents**

**SECTION 5. STOCK OPTIONS**

Any Stock Option granted under the Plan shall be in such form as the Administrator may from time to time approve.

Stock Options granted under the Plan may be either Incentive Stock Options or Non-Qualified Stock Options. Incentive Stock Options may be granted only to employees of the Company or any Subsidiary that is a subsidiary corporation within the meaning of Section 424(f) of the Code. To the extent that any Option does not qualify as an Incentive Stock Option, it shall be deemed a Non-Qualified Stock Option.

No Incentive Stock Option shall be granted under the Plan after July 14, 2020.

(a) **Stock Options.** Stock Options granted pursuant to this Section 5(a) shall be subject to the following terms and conditions and shall contain such additional terms and conditions, not inconsistent with the terms of the Plan, as the Administrator shall deem desirable. If the Administrator so determines, Stock Options may be granted in lieu of cash compensation at the optionee's election, subject to such terms and conditions as the Administrator may establish.

(i) **Exercise Price.** The exercise price per share for the Stock covered by a Stock Option granted pursuant to this Section 5(a) shall be determined by the Administrator at the time of grant but shall not be less than 100 percent of the Fair Market Value on the date of grant. If an employee owns or is deemed to own (by reason of the attribution rules of Section 424(d) of the Code) more than 10 percent of the combined voting power of all classes of stock of the Company or any parent or subsidiary corporation and an Incentive Stock Option is granted to such employee, the option price of such Incentive Stock Option shall be not less than 110 percent of the Fair Market Value on the grant date.

(ii) **Option Term.** The term of each Stock Option shall be fixed by the Administrator, but no Stock Option shall be exercisable more than 10 years after the date the Stock Option is granted. If an employee owns or is deemed to own (by reason of the attribution rules of Section 424(d) of the Code) more than 10 percent of the combined voting power of all classes of stock of the Company or any parent or subsidiary corporation and an Incentive Stock Option is granted to such employee, the term of such Stock Option shall be no more than five years from the date of grant.

(iii) **Exercisability; Rights of a Stockholder.** Stock Options shall become exercisable at such time or times, whether or not in installments, as shall be determined by the Administrator at or after the grant date. Subject to Section 2(b)(v), the Administrator may at any time accelerate the exercisability of all or any portion of any Stock Option. An optionee shall have the rights of a stockholder only as to shares acquired upon the exercise of a Stock Option and not as to unexercised Stock Options.

(iv) **Method of Exercise.** Stock Options may be exercised in whole or in part, by giving written notice of exercise to the Company, specifying the number of shares to be purchased. Payment of the purchase price may be made by one or more of the following methods to the extent provided in the Option Award agreement:

(A) In cash, by certified or bank check or other instrument acceptable to the Administrator;

(B) Through the delivery (or attestation to the ownership) of shares of Stock that are not then subject to restrictions under any company plan. Such surrendered shares shall be valued at Fair Market Value on the exercise date;

(C) By the optionee delivering to the Company a properly executed exercise notice together with irrevocable instructions to a broker to promptly deliver to the Company cash or a check payable and acceptable to the Company for the purchase price; provided that in the event the optionee chooses to pay the purchase price as so provided, the optionee and the broker shall comply with such procedures and enter into such agreements of indemnity and other

agreements as the Administrator shall prescribe as a condition of such payment procedure; or

(D) With respect to Stock Options that are not Incentive Stock Options, by a net exercise arrangement pursuant to which the Company will reduce the number of shares of Stock issuable upon

A-6

---

**Table of Contents**

exercise by the largest whole number of shares with a Fair Market Value that does not exceed the aggregate exercise price.

(E) Any other method permitted by the Administrator.

Payment instruments will be received subject to collection. The delivery of certificates representing the shares of Stock to be purchased pursuant to the exercise of a Stock Option will be contingent upon receipt from the optionee (or a purchaser acting in his stead in accordance with the provisions of the Stock Option) by the Company of the full purchase price for such shares and the fulfillment of any other requirements contained in the Option Award agreement or applicable provisions of laws. In the event an optionee chooses to pay the purchase price by previously-owned shares of Stock through the attestation method, the number of shares of Stock transferred to the optionee upon the exercise of the Stock Option shall be net of the number of shares attested to.

(v) Annual Limit on Incentive Stock Options. To the extent required for incentive stock option treatment under Section 422 of the Code, the aggregate Fair Market Value (determined as of the time of grant) of the shares of Stock with respect to which Incentive Stock Options granted under this Plan and any other plan of the Company or its parent and subsidiary corporations become exercisable for the first time by an optionee during any calendar year shall not exceed \$100,000. To the extent that any Stock Option exceeds this limit, it shall constitute a Non-Qualified Stock Option.

(b) Non-transferability of Options. No Stock Option shall be transferable by the optionee otherwise than by will or by the laws of descent and distribution and all Stock Options shall be exercisable, during the optionee's lifetime, only by the optionee, or by the optionee's legal representative or guardian in the event of the optionee's incapacity. Notwithstanding the foregoing, the Administrator, in its sole discretion, may provide in the Award agreement regarding a given Option that the optionee may transfer his Non-Qualified Stock Options to members of his immediate family, to trusts for the benefit of such family members, or to partnerships in which such family members are the only partners, provided that the transferee agrees in writing with the Company to be bound by all of the terms and conditions of this Plan and the applicable Option.

(c) Form of Settlement. Shares of Stock issued upon exercise of a Stock Option shall be free of all restrictions under the Plan, except as otherwise provided in the Plan.

**SECTION 6. STOCK APPRECIATION RIGHTS**

(a) Nature of Stock Appreciation Rights. A Stock Appreciation Right is an Award entitling the recipient to receive shares of Stock having a value on the date of exercise calculated as follows: (i) the grant date exercise price of a share of Stock is (ii) subtracted from the Fair Market Value of the Stock on the date of exercise and (iii) the difference is multiplied by the number of shares of Stock with respect to which the Stock Appreciation Right shall have been exercised.

For example, if the grant date exercise price is \$10.00 and the Fair Market Value on the date of exercise is \$20.00, the difference is \$10.00. If the grantee is exercising the Stock Appreciation Right as to 100 shares of Stock, he or she will receive shares with a value on the exercise date of \$1,000.00 ( $\$20.00 - \$10.00 = \$10.00$ ,  $\$10.00 \times 100 = \$1,000.00$ .) The grantee will receive 50 shares of stock. ( $\$1,000.00 \div \$20.00 = 50$  shares.)

(b) Exercise Price of Stock Appreciation Rights. The exercise price of a Stock Appreciation Right shall not be less than 100 percent of the Fair Market Value of the Stock on the date of grant.

(c) Grant and Exercise of Stock Appreciation Rights. Stock Appreciation Rights may be granted by the Administrator independently of any Stock Option granted pursuant to Section 5 of the Plan.

(d) Terms and Conditions of Stock Appreciation Rights. Stock Appreciation Rights shall be subject to such terms and conditions as shall be determined from time to time by the Administrator. The term of a Stock Appreciation Right may not exceed ten years.

**SECTION 7. RESTRICTED STOCK AWARDS**

(a) Nature of Restricted Stock Awards. A Restricted Stock Award is an Award entitling the recipient to acquire, at such purchase price as determined by the Administrator, shares of Stock subject to such restrictions and conditions as the Administrator may determine at the time of grant ( Restricted Stock ). Conditions may be based on continuing employment (or other service relationship) and/or achievement of pre-established performance goals and objectives. The grant of a Restricted Stock Award is contingent on the grantee executing the Restricted Stock Award agreement. The terms and conditions of each such agreement shall be determined by the Administrator, and such terms and conditions may differ among individual Awards and grantees.

(b) Rights as a Stockholder. Upon execution of a written instrument setting forth the Restricted Stock Award and payment of any applicable purchase price, a grantee shall have the rights of a stockholder with respect to the voting of the Restricted Stock, subject to such conditions contained in the written instrument evidencing the Restricted Stock Award. Unless the Administrator shall otherwise determine, certificates evidencing the Restricted Stock shall remain in the possession of the Company until such Restricted Stock is vested as provided in Section 7(d) below, and the grantee shall be required, as a condition of the grant, to deliver to the Company a stock power endorsed in blank.

(c) Restrictions. Restricted Stock may not be sold, assigned, transferred, pledged or otherwise encumbered or disposed of except as specifically provided herein or in the Restricted Stock Award agreement. If a grantee's employment (or other service relationship) with the Company and its Subsidiaries terminates for any reason, the Company shall have the right to repurchase Restricted Stock that has not vested at the time of termination at its original purchase price, from the grantee or the grantee's legal representative.

(d) Vesting of Restricted Stock. The Administrator at the time of grant shall specify the date or dates and/or the attainment of pre-established performance goals, objectives and other conditions on which the non-transferability of the Restricted Stock and the Company's right of repurchase or forfeiture shall lapse. Subsequent to such date or dates and/or the attainment of such pre-established performance goals, objectives and other conditions, the shares on which all restrictions have lapsed shall no longer be Restricted Stock and shall be deemed vested. Except as may otherwise be provided by the Administrator either in the Award agreement or, subject to Section 16 below, in writing after the Award agreement is issued, a grantee's rights in any shares of Restricted Stock that have not vested shall automatically terminate upon the grantee's termination of employment (or other service relationship) with the Company and its Subsidiaries and such shares shall be subject to the Company's right of repurchase as provided in Section 7(c) above.

(e) Restriction Period. Restricted Stock subject to vesting upon the attainment of performance goals or objectives shall vest after the attainment of the stated performance goals or objectives but only after a restricted period of at least one (1) year. All other Restricted Stock shall vest after a restriction period of not less than three (3) years; provided, however, that any Restricted Stock with a time-based restriction may become vested incrementally over such three-year period.

(f) Waiver, Deferral and Reinvestment of Dividends. The Restricted Stock Award agreement may require or permit the immediate payment, waiver, deferral or investment of dividends paid on the Restricted Stock.

**SECTION 8. RESTRICTED STOCK UNITS**

(a) Nature of Restricted Stock Units. A Restricted Stock Unit is a bookkeeping entry representing the equivalent of one share of Stock for each Restricted Stock Unit awarded to a grantee and represents an unfunded and unsecured obligation of the Company. The Administrator shall determine the restrictions and conditions applicable to each Restricted Stock Unit at the time of grant. Conditions may be based on continuing employment (or other service relationship) and/or achievement of pre-established performance goals and objectives. The terms and conditions of

each such Award agreement shall be determined by the Administrator, and such terms and conditions may differ among individual Awards and grantees. Notwithstanding the foregoing, in the event that any such Restricted Stock Units granted to employees shall have a performance-based goal, the restriction period with respect to such Award shall not be less than one

A-8

---

**Table of Contents**

year, and in the event any such Restricted Stock Units granted to employees shall have a time-based restriction only (without any prior performance condition to the grant or vesting thereof), the total restriction period with respect to such Award shall not be less than three years; provided, however, that any Restricted Stock Units with a time-based restriction may become vested incrementally over such three-year period. At the end of the vesting period, the Restricted Stock Units, to the extent vested, shall be settled in the form of shares of Stock. To the extent that an award of Restricted Stock Units is subject to Section 409A, it may contain such additional terms and conditions as the Administrator shall determine in its sole discretion in order for such Award to comply with the requirements of Section 409A.

(b) Election to Receive Restricted Stock Units in Lieu of Compensation. The Administrator may, in its sole discretion, permit a grantee to elect to receive a portion of future cash compensation otherwise due to such grantee in the form of an award of Restricted Stock Units. Any such election shall be made in writing and shall be delivered to the Company no later than the date specified by the Administrator and in accordance with Section 409A and such other rules and procedures established by the Administrator. Any such future cash compensation that the grantee elects to defer shall be converted to a fixed number of Restricted Stock Units based on the Fair Market Value of Stock on the date the compensation would otherwise have been paid to the grantee if such payment had not been deferred as provided herein. The Administrator shall have the sole right to determine whether and under what circumstances to permit such elections and to impose such limitations and other terms and conditions thereon as the Administrator deems appropriate. Any Restricted Stock Units that are elected to be received in lieu of cash compensation shall be fully vested, unless otherwise provided in the Award.

(c) Rights as a Stockholder. A grantee shall have the rights as a stockholder only as to shares of Stock acquired by the grantee upon settlement of Restricted Stock Units; provided, however, that the grantee may be credited with Dividend Equivalent Rights with respect to the phantom stock units underlying his Restricted Stock Units, subject to such terms and conditions as the Administrator may determine.

(d) Termination. Except as may otherwise be provided by the Administrator either in the Award agreement or, subject to Section 16 below, in writing after the Award is issued, a grantee's right in all Restricted Stock Units that have not vested shall automatically terminate upon the grantee's termination of employment (or cessation of service relationship) with the Company and its Subsidiaries for any reason.

**SECTION 9. UNRESTRICTED STOCK AWARDS**

(a) Grant or Sale of Unrestricted Stock. The Administrator may, in its sole discretion, grant (or sell at a purchase price determined by the Administrator) an Unrestricted Stock Award to any grantee, pursuant to which such grantee may receive shares of Stock free of any restrictions ( Unrestricted Stock ) under the Plan. Unrestricted Stock Awards may be granted or sold as described in the preceding sentence in respect of past services or other valid consideration, or in lieu of any cash compensation due to such participant. The aggregate number of shares of Stock issuable pursuant to this Section 9, when combined with the number of shares of underlying unvested Stock Options accelerated pursuant to Section 2(b)(v) other than by reason of, or in connection with, any death, disability, retirement, employment termination, or Change of Control, is limited to ten percent (10%) of the maximum number of shares of Stock reserved and available for issuance under the Plan pursuant to Section 3(a), as amended.

(b) Elections to Receive Unrestricted Stock in Lieu of Compensation. Upon the request of a grantee and with the consent of the Administrator, each grantee may, pursuant to an advance written election delivered to the Company no later than the date specified by the Administrator, receive a portion of the cash compensation otherwise due to such grantee in the form of shares of Unrestricted Stock (valued at Fair Market Value on the date or dates the cash compensation would otherwise be paid) either currently or on a deferred basis.

(c) Restrictions on Transfers. The right to receive shares of Unrestricted Stock on a deferred basis may not be sold, assigned, transferred, pledged or otherwise encumbered, other than by will or the laws of descent and distribution.

**SECTION 10. PERFORMANCE SHARE AWARDS**

(a) **Nature of Performance Share Awards.** A Performance Share Award is an Award entitling the recipient to acquire shares of Stock upon the attainment of specified performance goals. The Administrator may make Performance Share Awards independent of or in connection with the granting of any other Award under the Plan. The Administrator in its sole discretion shall determine whether and to whom Performance Share Awards shall be made, the performance goals, the periods during which performance is to be measured (which in the aggregate shall not be less than one (1) year), and all other limitations and conditions.

(b) **Restrictions of Transfer.** Performance Share Awards, and all rights with respect to such Awards may not be sold, assigned, transferred, pledged or otherwise encumbered.

(c) **Rights as a Stockholder.** A grantee receiving a Performance Share Award shall have the rights of a stockholder only as to shares actually received by the grantee under the Plan and not with respect to shares subject to the Award but not actually received by the grantee. A grantee shall be entitled to receive a stock certificate evidencing the acquisition of shares of Stock under a Performance Share Award only upon satisfaction of all conditions specified in the Performance Share Award agreement (or in a performance plan adopted by the Administrator).

(d) **Termination.** Except as may otherwise be provided by the Administrator either in the Award agreement or, subject to Section 16 below, in writing after the Award agreement is issued, a grantee's rights in all Performance Share Awards shall automatically terminate upon the grantee's termination of employment (or cessation of service relationship) with the Company and its Subsidiaries for any reason.

**SECTION 11. PERFORMANCE-BASED AWARDS TO COVERED EMPLOYEES**

(a) **Performance-Based Awards.** A Performance-Based Award means any Restricted Stock Award, Restricted Stock Units, or Performance Share Award granted to a Covered Employee that is intended to qualify as performance-based compensation under Section 162(m) of the Code and any regulations appurtenant thereto. Any employee or other key person providing services to the Company and who is selected by the Administrator may be granted one or more Performance-Based Awards in the form of a Restricted Stock Award, Restricted Stock Units or Performance Share Awards payable upon the attainment of Performance Goals that are established by the Administrator and related to one or more of the Performance Criteria, in each case on a specified date or dates or over any period or periods determined by the Administrator. The Administrator shall define in an objective fashion the manner of calculating the Performance Criteria it selects to use for any Performance Cycle. Depending on the Performance Criteria used to establish such Performance Goals, the Performance Goals may be expressed in terms of overall company performance or the performance of a division, business unit, or an individual. The Administrator, in its discretion, may adjust or modify the calculation of Performance Goals for such Performance Cycle in order to prevent the dilution or enlargement of the rights of an individual (i) in the event of, or in anticipation of, any unusual or extraordinary corporate item, transaction, event or development, (ii) in recognition of, or in anticipation of, any other unusual or nonrecurring events affecting the Company, or the financial statements of the Company, or (iii) in response to, or in anticipation of, changes in applicable laws, regulations, accounting principles, or business conditions provided however, that the Administrator may not exercise such discretion in a manner that would increase the Performance-Based Award granted to a Covered Employee. Each Performance-Based Award shall comply with the provisions set forth below.

(b) **Grant of Performance-Based Awards.** With respect to each Performance-Based Award granted to a Covered Employee, the Administrator shall select, within the first 90 days of a Performance Cycle (or, if shorter, within the maximum period allowed under Section 162(m) of the Code) the Performance Criteria for such grant, and the Performance Goals with respect to each Performance Criterion (including a threshold level of performance below

which no amount will become payable with respect to such Award). Each Performance-Based Award will specify the amount payable, or the formula for determining the amount payable, upon achievement of the various applicable performance targets. The Performance Criteria established by the Administrator may be (but need not be) different for each Performance Cycle and different Performance Goals may be applicable to Performance-Based Awards to different Covered Employees.

---

## **Table of Contents**

(c) **Payment of Performance-Based Awards.** Following the completion of a Performance Cycle, the Administrator shall meet to review and certify in writing whether, and to what extent, the Performance Goals for the Performance Cycle have been achieved and, if so, to also calculate and certify in writing the amount of the Performance-Based Awards earned for the Performance Cycle. The Administrator shall then determine the actual size of each Covered Employee's Performance-Based Award, and, in doing so, may reduce or eliminate the amount of the Performance-Based Award for a Covered Employee if, in its sole judgment, such reduction or elimination is appropriate.

(d) **Maximum Award Payable.** The maximum Performance-Based Award payable to any one Covered Employee under the Plan for a Performance Cycle is 200,000 shares of Stock (subject to adjustment as provided in Section 3(c) hereof).

## **SECTION 12. DIVIDEND EQUIVALENT RIGHTS**

(a) **Dividend Equivalent Rights.** A Dividend Equivalent Right is an Award entitling the recipient to receive credits based on cash dividends that would be paid on the shares of Stock specified in the Dividend Equivalent Right (or other award to which it relates) if such shares were held by the recipient. A Dividend Equivalent Right may be granted hereunder to any participant, as a component of another Award or as a freestanding award. The terms and conditions of Dividend Equivalent Rights shall be specified in the grant. Dividend equivalents credited to the holder of a Dividend Equivalent Right may be paid currently or may be deemed to be reinvested in additional shares of Stock, which may thereafter accrue additional equivalents. Any such reinvestment shall be at Fair Market Value on the date of reinvestment or such other price as may then apply under a dividend reinvestment plan sponsored by the Company, if any. Dividend Equivalent Rights may be settled in cash or shares of Stock or a combination thereof, in a single installment or installments. A Dividend Equivalent Right granted as a component of another Award may provide that such Dividend Equivalent Right shall be settled upon exercise, settlement, or payment of, or lapse of restrictions on, such other award, and that such Dividend Equivalent Right shall expire or be forfeited or annulled under the same conditions as such other award. A Dividend Equivalent Right granted as a component of another Award may also contain terms and conditions different from such other award.

(b) **Interest Equivalents.** Any Award under this Plan that is settled in whole or in part in cash on a deferred basis may provide in the grant for interest equivalents to be credited with respect to such cash payment. Interest equivalents may be compounded and shall be paid upon such terms and conditions as may be specified by the grant.

## **SECTION 13. TAX WITHHOLDING**

(a) **Payment by Grantee.** Each grantee shall, no later than the date as of which the value of an Award or of any Stock or other amounts received thereunder first becomes taxable, pay to the Company, or make arrangements satisfactory to the Administrator regarding payment of, any Federal, state, local or foreign taxes of any kind required by law to be withheld with respect to such income. The Company and its Subsidiaries shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the grantee. The Company's obligation to deliver stock certificates to any grantee is subject to and conditioned on tax obligations being satisfied by the grantee. The Company's obligation to deliver stock certificates to any grantee is subject to and is conditioned on tax obligations being satisfied by the grantee.

(b) **Payment in Stock.** If provided in the instrument evidencing an Award, the Company may elect to have the minimum required tax withholding obligation satisfied, in whole or in part, by (i) withholding from shares of Stock to be issued pursuant to any Award a number of shares with an aggregate Fair Market Value (as of the date the withholding is effected) that would satisfy the withholding amount due, or (ii) allowing a grantee to transfer to the Company shares of Stock owned by the grantee with an aggregate Fair Market Value (as of the date the withholding is

effected) that would satisfy the withholding amount due.

**SECTION 14. SECTION 409A AWARDS**

To the extent that any Award is determined to constitute nonqualified deferred compensation within the meaning of Section 409A (a 409A Award ), the Award shall be subject to such additional rules and requirements as specified by the Administrator from time to time in order to comply with Section 409A. In this regard, if any amount under a 409A Award is payable upon a separation from service (within the meaning of Section 409A) to a grantee who is then considered a specified employee (within the meaning of Section 409A), then no such payment shall be made prior to the date that is the earlier of (i) six months and one day after the grantee s separation from service, or (ii) the grantee s death, but only to the extent such delay is necessary to prevent such payment from being subject to interest, penalties and/or additional tax imposed pursuant to Section 409A. Further, the settlement of any 409A Award may not be accelerated or postponed except to the extent permitted by Section 409A.

**SECTION 15. TRANSFER, LEAVE OF ABSENCE, ETC.**

For purposes of the Plan, the following events shall not be deemed a termination of employment:

- (a) a transfer to the employment of the Company from a Subsidiary or from the Company to a Subsidiary, or from one Subsidiary to another; or
- (b) an approved leave of absence for military service or sickness, or for any other purpose approved by the Company, if the employee s right to re-employment is guaranteed either by a statute or by contract or under the policy pursuant to which the leave of absence was granted or if the Administrator otherwise so provides in writing.

**SECTION 16. AMENDMENTS AND TERMINATION**

Subject to requirements of law or any stock exchange or similar rules which would require a vote of the Company s shareholders, the Board may, at any time, amend or discontinue the Plan and the Administrator may, at any time, amend or cancel any outstanding Award for the purpose of satisfying changes in law or for any other lawful purpose, but no such action shall adversely affect rights under any outstanding Award without the holder s consent. If and to the extent determined by the Administrator to be required by the Code to ensure that Incentive Stock Options granted under the Plan are qualified under Section 422 of the Code or to ensure that compensation earned under Awards qualifies as performance-based compensation under Section 162(m) of the Code, if and to the extent intended to so qualify, Plan amendments shall be subject to approval by the Company stockholders entitled to vote at a meeting of stockholders. Nothing in this Section 16 shall limit the Administrator s authority to take any action permitted pursuant to Section 3(c).

**SECTION 17. STATUS OF PLAN**

With respect to the portion of any Award that has not been exercised and any payments in cash, Stock or other consideration not received by a grantee, a grantee shall have no rights greater than those of a general creditor of the Company unless the Administrator shall otherwise expressly determine in connection with any Award or Awards. In its sole discretion, the Administrator may authorize the creation of trusts or other arrangements to meet the Company s obligations to deliver Stock or make payments with respect to Awards hereunder, provided that the existence of such trusts or other arrangements is consistent with the foregoing sentence.

**SECTION 18. CHANGE OF CONTROL PROVISIONS**

Upon the occurrence of a Change of Control as defined in this Section 18:

(a) Each outstanding Stock Option shall automatically become fully exercisable.

(b) Except as otherwise provided in the applicable Award Agreement, conditions and restrictions on each outstanding Restricted Stock Award, Restricted Stock Unit and Performance Share Award will be removed.

**Table of Contents**

(c) Change of Control shall mean the occurrence of any one of the following events:

(i) any Person, as such term is used in Sections 13(d) and 14(d) of the Act (other than the Company, any of its Subsidiaries, or any trustee, fiduciary or other person or entity holding securities under any employee benefit plan or trust of the Company or any of its Subsidiaries), together with all affiliates and associates (as such terms are defined in Rule 12b-2 under the Exchange Act) of such person, shall become the beneficial owner (as such term is defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing in excess of 50% of either (A) the combined voting power of the Company's then outstanding securities having the right to vote in an election of the Company's Board of Directors ( Voting Securities ) or (B) the then outstanding shares of Stock of the Company (in either such case other than as a result of an acquisition of securities directly from the Company); or

(ii) persons who, as of the Effective Date, constitute the Company's Board of Directors (the Incumbent Directors ) cease for any reason, including, without limitation, as a result of a tender offer, proxy contest, merger or similar transaction, to constitute at least a majority of the Board, provided that any person becoming a director of the Company subsequent to the Effective Date shall be considered an Incumbent Director if such person's election was approved by or such person was nominated for election by either (A) a vote of at least a majority of the Incumbent Directors or (B) a vote of at least a majority of the Incumbent Directors who are members of a nominating committee comprised, in the majority, of Incumbent Directors; but provided further, that any such person whose initial assumption of office is in connection with an actual or threatened election contest relating to the election of members of the Board of Directors or other actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board, including by reason of agreement intended to avoid or settle any such actual or threatened contest or solicitation, shall not be considered an Incumbent Director; or

(iii) the consummation of a consolidation, merger or consolidation or sale or other disposition of all or substantially all of the assets of the Company (a Corporate Transaction ); excluding, however, a Corporate Transaction in which the stockholders of the Company immediately prior to the Corporate Transaction, would, immediately after the Corporate Transaction, beneficially own (as such term is defined in Rule 13d-3 under the Act), directly or indirectly, shares representing in the aggregate more than 80% of the voting shares of the corporation issuing cash or securities in the Corporate Transaction (or of its ultimate parent corporation, if any); or

(iv) the approval by the stockholders of any plan or proposal for the liquidation or dissolution of the Company.

Notwithstanding the foregoing, a Change of Control shall not be deemed to have occurred for purposes of the foregoing clause (i) solely as the result of an acquisition of securities by the Company which, by reducing the number of shares of Voting Securities outstanding, increases the proportionate number of shares of Voting Securities beneficially owned by any person in excess of 50% or more of the combined voting power of all then outstanding Voting Securities; provided, however, that if any person referred to in this sentence shall thereafter become the beneficial owner of any additional shares of Voting Securities (other than pursuant to a stock split, stock dividend, or similar transaction or as a result of an acquisition of securities directly from the Company) and immediately thereafter beneficially owns in excess of 50% of the combined voting power of all then outstanding Voting Securities, then a Change of Control shall be deemed to have occurred for purposes of the foregoing clause (i).

**SECTION 19. GENERAL PROVISIONS**

(a) No Distribution: Compliance with Legal Requirements. The Administrator may require each person acquiring Stock pursuant to an Award to represent to and agree with the Company in writing that such person is acquiring the shares without a view to distribution thereof.

No shares of Stock shall be issued pursuant to an Award until all applicable securities law and other legal and stock exchange or similar requirements, whether located in the United States or a foreign jurisdiction,

have been satisfied. The Administrator may require the placing of such stop-orders and restrictive legends on certificates for Stock and Awards as it deems appropriate.

No Award under the Plan shall be a nonqualified deferred compensation plan, as defined in Code Section 409A, unless such Award meets in form and in operation the requirements of Code Section 409A(a)(2),(3), and (4).

(b) Delivery of Stock Certificates. Stock certificates to grantees under this Plan shall be deemed delivered for all purposes when the Company or a stock transfer agent of the Company shall have mailed such certificates in the United States mail, addressed to the grantee, at the grantee's last known address on file with the Company.

(c) Other Compensation Arrangements: No Employment Rights. Nothing contained in this Plan shall prevent the Board from adopting other or additional compensation arrangements, including trusts, and such arrangements may be either generally applicable or applicable only in specific cases. The adoption of this Plan and the grant of Awards do not confer upon any employee any right to continued employment with the Company or any Subsidiary.

(d) Trading Policy Restrictions. Option exercises and other Awards under the Plan shall be subject to such company's insider trading policy, as in effect from time to time.

(e) Forfeiture of Awards under Sarbanes-Oxley Act. If the Company is required to prepare an accounting restatement due to the material noncompliance of the Company, as a result of misconduct, with any financial reporting requirement under the securities laws, then, to the extent required by law, any grantee who is one of the individuals subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002 shall reimburse the Company for the amount of any Award received by such individual under the Plan during the 12-month period following the first public issuance or filing with the United States Securities and Exchange Commission, as the case may be, of the financial document embodying such financial reporting requirement.

(f) Loans to Grantees. The Company shall have the authority to make loans to grantees of Awards hereunder (including to facilitate the purchase of shares) and shall further have the authority to issue shares for promissory notes hereunder.

(g) Designation of Beneficiary. At the discretion of the Administrator the instrument evidencing an Award may permit the grantee to designate a beneficiary or beneficiaries to exercise any Award or receive any payment under any Award payable on or after the grantee's death. Any such designation shall be on a form provided for that purpose by the Administrator and shall not be effective until received by the Administrator. If no beneficiary has been designated by a deceased grantee, or if the designated beneficiaries have predeceased the grantee, the beneficiary shall be the grantee's estate.

**SECTION 20. EFFECTIVE DATE OF PLAN**

This Plan shall become effective upon approval by the holders of a majority of the shares of Stock of the Company present or represented and entitled to vote at a meeting of stockholders at which a quorum is present or by written consent of the stockholders. Subject to such approval by the stockholders, Stock Options and other Awards may be granted hereunder on and after adoption of this Plan by the Board.

**SECTION 21. GOVERNING LAW**

This Plan and all Awards and actions taken thereunder shall be governed by, and construed in accordance with, the laws of the State of Delaware, applied without regard to conflict of law principles.

**Appendix B**

*EXPLANATORY NOTE:* This Appendix B contains a copy of the Alere Inc. 2001 Employee Stock Purchase Plan, as previously amended, and as proposed to be amended by Proposal 3 included in the proxy statement to which this Appendix B is attached.

**Alere Inc.  
2001 EMPLOYEE STOCK PURCHASE PLAN**

The purpose of the Alere Inc. 2001 Employee Stock Purchase Plan (the Plan) is to provide eligible employees of Alere Inc. (the Company) and certain of its subsidiaries with opportunities to purchase shares of the Company's common stock, par value \$0.001 per share (the Common Stock). Three million (3,000,000) shares of Common Stock in the aggregate have been approved and reserved for this purpose. The Plan is intended to constitute an employee stock purchase plan within the meaning of Section 423(b) of the Internal Revenue Code of 1986, as amended (the Code), and shall be interpreted in accordance with that intent.

- 1. Administration.** The Plan will be administered by the person or persons (the Administrator) appointed by the Company's Board of Directors (the Board) for such purpose. The Administrator has authority to make rules and regulations for the administration of the Plan, and its interpretations and decisions with regard thereto shall be final and conclusive. No member of the Board or individual exercising administrative authority with respect to the Plan shall be liable for any action or determination made in good faith with respect to the Plan or any option granted hereunder.
- 2. Offerings.** The Company will make one or more offerings to eligible employees to purchase Common Stock under the Plan (Offerings). Unless otherwise determined by the Administrator, the initial Offering will begin on January 1, 2002 and will end on the following June 30, 2002 (the Initial Offering). Thereafter, unless otherwise determined by the Administrator, an Offering will begin on the first business day occurring on or after each January 1 and July 1 and will end on the last business day occurring on or before the following June 30 and December 31, respectively. The Administrator may, in its discretion, designate a different period for any Offering, provided that no Offering shall exceed one year in duration. The Board may also commence a special Offering for employees of Designated Subsidiaries who are eligible to participate in the Plan that will begin on the date that an acquired company is acquired or becomes a Designated Subsidiary, and will end on the next June 30 or December 31, whichever shall occur first.
- 3. Eligibility.** All employees of the Company (including employees who are also directors of the Company) and all employees of each Designated Subsidiary (as defined in Section 11) are eligible to participate in any one or more of the Offerings under the Plan, provided that as of the first day of the applicable Offering (the Offering Date) they are customarily employed by the Company or a Designated Subsidiary for more than 20 hours a week and have completed at least three (3) consecutive calendar months of employment with the Company or any Designated Subsidiary (including periods of employment with the Designated Subsidiary which pre-date such designation and/or the acquisition of the Designated Subsidiary by the Company or any subsidiary thereof). To the extent that a subsidiary of the Company was made a Designated Subsidiary subsequent to an acquisition pursuant to which a substantial amount of assets was acquired by such Designated Subsidiary, whether via a merger, asset acquisition or otherwise, employment with any legal predecessor entity or any entity transferring assets to the Designated Subsidiary as part of such acquisition shall be counted as employment with the Designated Subsidiary.
- 4. Participation.** An employee eligible on any Offering Date, who is not, as of such date, participating in another Offering of the Company, may participate in such Offering by submitting an enrollment form to his appropriate

payroll location at least 10 business days before the Offering Date (or by such other deadline as shall be established for the Offering). An employee who does not enroll in accordance with these procedures will be deemed to have waived his right to participate. Unless an employee files a new enrollment form or withdraws from the Plan, his deductions and purchases will continue at the same percentage of Compensation for future Offerings, provided he remains eligible. Notwithstanding the foregoing, participation in the Plan will neither be permitted nor be denied contrary to the requirements of the Code.

B-1

---

**Table of Contents**

5. **Employee Contributions.** Each eligible employee may authorize payroll deductions at a minimum of two percent (2%) up to a maximum of ten percent (10%) of his Compensation for each pay period. The Company will maintain book accounts showing the amount of payroll deductions made by each participating employee for each Offering. No interest will accrue or be paid on payroll deductions.

6. **Deduction Changes.** An employee may not increase his payroll deduction during any Offering. An employee generally may not decrease his payroll deduction during an Offering, but may terminate his payroll deduction for the remainder of the Offering, either with or without withdrawing from the Offering under Section 7. To terminate his payroll deduction without withdrawing from the Offering, an employee must submit written notice at least ten (10) business days (or such shorter period as shall be established) before the payroll date on which the change becomes effective. Subject to the requirements of Sections 4 and 5, an employee may either increase or decrease his payroll deduction with respect to the next Offering by filing a new enrollment form at least ten (10) business days before the next Offering Date (or by such other deadline as shall be established for the Offering). An employee who has terminated his payroll deduction during an Offering must submit a new enrollment form in order to participate in a subsequent Offering.

7. **Withdrawal.** An employee may withdraw from participation in an Offering by delivering a written notice of withdrawal to his appropriate payroll location no later than two (2) business days prior to the Exercise Date (as defined below) of such Offering. The employee's withdrawal will be effective as of the next business day. Following an employee's withdrawal, the Company will promptly refund to him his entire account balance under the Plan (after payment for any Common Stock purchased before the effective date of withdrawal). Partial withdrawals are not permitted. The employee may not begin participation again during the remainder of the Offering and is deemed to have withdrawn from the Plan. The employee may enroll in a subsequent Offering in accordance with Section 4.

8. **Grant of Options.** On each Offering Date, the Company will grant to each eligible employee who is then a participant in the Plan an option ( Option ) to purchase on the last day of such Offering (the Exercise Date ), at the Option Price hereinafter provided for, (a) a number of shares of Common Stock, which number shall be the number of shares (rounded down to the nearest whole share) which is obtained by (i) multiplying \$25,000 by the quotient obtained by dividing the number of months in the Offering by 12, and (ii) dividing that product by the Fair Market Value of the Common Stock on the Offering Date, or (b) such other lesser maximum number of shares as shall have been established by the Administrator in advance of the Offering; provided, however, that such Option shall be subject to the limitations set forth below. The purchase price for each share purchased under each Option (the Option Price ) will be 85% of the Fair Market Value of the Common Stock on the Offering Date or the Exercise Date, whichever is less. Each employee's Option shall be exercisable only to the extent of such employee's accumulated payroll deductions on the relevant Exercise Date.

Notwithstanding the foregoing, no employee may be granted an option hereunder if such employee, immediately after the option was granted, would be treated as owning stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or any Parent or Subsidiary (as defined in Section 11). For purposes of the preceding sentence, the attribution rules of Section 424(d) of the Code shall apply in determining the stock ownership of an employee, and all stock which the employee has a contractual right to purchase shall be treated as stock owned by the employee. In addition, no employee may be granted an Option which permits his rights to purchase stock under the Plan, and any other employee stock purchase plan of the Company and its Parents and Subsidiaries, to accrue at a rate which exceeds \$25,000 of the fair market value of such stock (determined on the option grant date or dates) for each calendar year in which the Option is outstanding at any time. The purpose of the limitation in the preceding sentence is to comply with Section 423(b)(8) of the Code and shall be applied taking Options into account in the order in which they were granted.

9. Exercise of Option and Purchase of Shares. Each employee who continues to be a participant in the Plan on the Exercise Date shall be deemed to have exercised his Option on such date and shall acquire from the Company such number of whole shares of Common Stock reserved for the purpose of the Plan as his accumulated payroll deductions on such date will purchase at the Option Price, subject to any other limitations contained in the Plan. Any amount remaining in an employee's account at the end of an Offering solely by reason of the inability

B-2

---

**Table of Contents**

to purchase a fractional share will be carried forward to the next Offering; any other balance remaining in an employee's account at the end of an Offering will be refunded to the employee promptly.

10. Issuance of Certificates. Certificates representing shares of Common Stock purchased under the Plan may be issued only in the name of the employee, in the name of the employee and another person of legal age as joint tenants with rights of survivorship, or in the name of a broker authorized by the employee to be his, or their, nominee for such purpose.

11. Definitions.

The term Compensation means the amount of gross base pay and commissions, prior to salary reduction pursuant to Sections 125, 132(f) or 401(k) of the Code, but excluding overtime, incentive or bonus awards, allowances and reimbursements for expenses such as relocation allowances or travel expenses, income or gains on the exercise of Company stock options, and similar items.

The term Designated Subsidiary means any present or future Subsidiary (as defined below) that has been designated by the Board to participate in the Plan. The Board may so designate any Subsidiary, or revoke any such designation, at any time and from time to time, either before or after the Plan is approved by the stockholders.

The term Fair Market Value of the Common Stock on any given date means the fair market value of the Common Stock determined in good faith by the Administrator; provided, however, that if the Common Stock is admitted to quotation on the National Association of Securities Dealers Automated Quotation System ( NASDAQ ) or national securities exchange, the determination shall be made by reference to market quotations. If there are no market quotations for such date, the determination shall be made by reference to the last date preceding such date for which there are market quotations.

The term Parent means a parent corporation with respect to the Company, as defined in Section 424(e) of the Code.

The term Subsidiary means a subsidiary corporation with respect to the Company, as defined in Section 424(f) of the Code.

12. Rights on Termination of Employment. If a participating employee's employment terminates for any reason before the Exercise Date for any Offering, no payroll deduction will be taken from any pay due and owing to the employee and the balance in his account will be paid to him or, in the case of his death, to his designated beneficiary as if he had withdrawn from the Plan under Section 7. An employee will be deemed to have terminated employment, for this purpose, if the corporation that employs him, having been a Designated Subsidiary, ceases to be a Subsidiary, or if the employee is transferred to any corporation other than the Company or a Designated Subsidiary. An employee will not be deemed to have terminated employment, for this purpose, if the employee is on an approved leave of absence for military service or sickness, or for any other purpose approved by the Company, if the employee's right to reemployment is guaranteed either by a statute or by contract or under the policy pursuant to which the leave of absence was granted or if the Administrator otherwise provides in writing.

13. Special Rules. Notwithstanding anything herein to the contrary, the Administrator may adopt special rules applicable to the employees of a particular Designated Subsidiary, whenever the Administrator determines that such rules are necessary or appropriate for the implementation of the Plan in a jurisdiction where such Designated Subsidiary has employees; provided that such rules are consistent with the requirements of Section 423(b) of the Code. Such special rules may include (by way of example, but not by way of limitation) the establishment of a method for employees of a given Designated Subsidiary to fund the purchase of shares other than by payroll deduction, if the payroll deduction method is prohibited by local law or is otherwise impracticable. Any special rules established

pursuant to this Section 13 shall, to the extent possible, result in the employees subject to such rules having substantially the same rights as other participants in the Plan. The Administrator may also adopt sub-plans applicable to particular Designated Subsidiaries or locations, which sub-plans may be designed to be outside the scope of Section 423. The rules of such sub-plans may take precedence over other provisions of this Plan, with the exception of the number of shares

of Common Stock approved and reserved for use under the Plan, but unless otherwise superseded by the terms of such sub-plan, the provisions of this Plan shall govern the operation of such sub-plan.

14. Optionees Not Stockholders. Neither the granting of an Option to an employee nor the deductions from his pay shall constitute such employee a holder of the shares of Common Stock covered by an Option under the Plan unless and until such shares have been purchased by and issued to him.

15. Rights Not Transferable. Rights under the Plan are not transferable by a participating employee other than by will or the laws of descent and distribution, and are exercisable during the employee's lifetime only by the employee.

16. Application of Funds. All funds received or held by the Company under the Plan may be combined with other corporate funds and may be used for any corporate purpose.

17. Adjustment in Case of Changes Affecting Common Stock. In the event of a subdivision of outstanding shares of Common Stock, or the payment of a dividend in Common Stock, the number of shares approved for the Plan, and the share limitation set forth in Section 8, shall be increased proportionately, and such other adjustment shall be made as may be deemed equitable by the Administrator. In the event of any other change affecting the Common Stock, such adjustment shall be made as may be deemed equitable by the Administrator to give proper effect to such event.

18. Amendment of the Plan. The Board may at any time, and from time to time, amend the Plan in any respect, except that without the approval, within 12 months of such Board action, by the stockholders, no amendment shall be made increasing the number of shares approved for the Plan or making any other change that would require stockholder approval in order for the Plan, as amended, to qualify as an employee stock purchase plan under Section 423(b) of the Code.

19. Insufficient Shares. If the total number of shares of Common Stock that would otherwise be purchased on any Exercise Date plus the number of shares purchased under previous Offerings under the Plan exceeds the maximum number of shares issuable under the Plan, the shares then available shall be apportioned among participants in proportion to the amount of payroll deductions accumulated on behalf of each participant that would otherwise be available to be used to purchase Common Stock on such Exercise Date.

20. Termination of the Plan. The Plan may be terminated at any time by the Board. Upon termination of the Plan, all amounts in the accounts of participating employees shall be promptly refunded.

21. Governmental Regulations. The Company's obligation to sell and deliver Common Stock under the Plan is subject to obtaining all governmental approvals required in connection with the authorization, issuance, or sale of such stock.

The Plan shall be governed by Delaware law except to the extent that such law is preempted by federal law.

22. Issuance of Shares. Shares may be issued upon exercise of an Option from authorized but unissued Common Stock, from shares held in the treasury of the Company, or from any other proper source.

23. Tax Withholding. Participation in the Plan is subject to any minimum required tax withholding on income of the participant in connection with the Plan. Each employee agrees, by entering the Plan, that the Company and its Subsidiaries shall have the right to deduct any such taxes from any payment of any kind otherwise due to the employee, including shares issuable under the Plan.

24. Notification Upon Sale of Shares. Each employee agrees, by entering the Plan, to give the Company prompt notice of any disposition of shares purchased under the Plan where such disposition occurs within two years after the

date of grant of the Option pursuant to which such shares were purchased.

25. Effective Date and Approval of Shareholders. The Plan shall take effect on the later of the date it is adopted by the Board and the date it is approved by the holders of a majority of the votes cast at a meeting of stockholders at which a quorum is present or by written consent of the stockholders.
