ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

On February 17, 2006, the United States (U.S.) Bankruptcy Court for the Southern District of New York entered a final order (the Final Order) granting the motion of Delphi Corporation (Delphi) and certain of its U.S. subsidiaries, which together with Delphi filed voluntary petitions for reorganization relief under chapter 11 of the U.S. Bankruptcy Code (each a Debtor), to implement an annual incentive plan (the Final Revised AIP) for the period commencing on January 1, 2006 and continuing through June 30, 2006 (the Performance Period). The Final Revised AIP applies to approximately 460 individuals holding executive positions with Delphi or one of its affiliated Debtors in the U.S. during the Performance Period (such persons, the Executives). The Final Revised AIP excludes, by voluntary agreement, Delphi s current Chairman and CEO. The Final Revised AIP provides the opportunity for incentive payments to the Executives provided that certain corporate and divisional targets are met. For each of Delphi s named executive officers, such targets are based on earnings before interest, taxes, depreciation, amortization and restructuring costs, but exclude earnings resulting from the on-going negotiations with the Debtors labor unions or General Motors Corporation. The amounts paid to individual Executives may be adjusted either upward or downward based upon individual levels of performance. In addition, under some circumstances, individual Executives may not be entitled to receive or retain incentive compensation. Notwithstanding any individual adjustment, the amounts paid to the Executives pursuant to the Final Revised AIP will not exceed approximately \$20.6 million in the aggregate for the achievement of target levels of performance. The amounts paid to the named executive officers of Delphi who participate in the Final Revised AIP will not exceed \$1.6 million in the aggregate for the achievement of target levels of performance. If the applicable divisional and corporate targets are not achieved, no payment will be made under the Final Revised AIP. If the performance targets are exceeded, total aggregate payments to the Executives, including the named executive officers, may increase, as detailed in the exhibits accompanying the Final Order. Additionally, an annual incentive plan mirroring the Final Revised AIP will apply to approximately 100 individuals holding executive positions at non-Debtor subsidiaries of Delphi. The foregoing description of the Final Revised AIP does not purport to be complete and is qualified in its entirety by reference to the Final Order, a copy of which is attached hereto as Exhibit 99 (a).
