Total acquisition consideration.....

Book value of the Company's net assets acquired.....	
To eliminate the Company's goodwill.....	

Estimated fair value of the assets of the Company acquired less liabilities assumed (a), (b) and (c).....

Identifiable intangible assets (a) and (b).....

Excess of purchase price over net assets acquired/.....

- (a) Based upon currently available information Tyson has assumed for purposes of these Unaudited Pro Forma Financial Statements that the book value of the Company's tangible assets and liabilities approximate their fair value. Tyson is in the process of performing a detailed analysis of the fair values of the assets of the Company acquired and liabilities assumed. Based

Edgar Filing: IBP INC - Form SC TO-T/A

upon this detailed analysis, which has not yet been completed, the allocation of the excess purchase price over the book value of the Company may be further refined. This may result in a portion of the purchase price being further allocated to property, plant and equipment and other identifiable intangible assets with the remainder, representing excess of investments over net assets acquired, constituting goodwill. Tyson anticipates completing this detailed analysis in fiscal 2002.

On June 29, 2001, the Financial Accounting Standards Board ("FASB") approved the final standards resulting from its deliberations on the business combinations project. The FASB will issue Financial Accounting Standards No. 141 Business Combinations, and No. 142, Goodwill and Other Intangible Assets, in the latter half of July.

Statement 141 includes the criteria for the recognition of intangible assets separately from goodwill, is effective for any business combination accounted for by the purchase method that is completed after June 30, 2001. Statement 142, which includes the requirements to test goodwill and indefinite lived intangible assets for impairment rather than amortize them, will be effective for fiscal years beginning after December 15, 2001 with early adoption permitted for companies with fiscal years beginning after March 15, 2001, provided they have not yet issued their first quarter financial statements. In all cases, Statement 142 must be adopted as of the beginning of a fiscal year. The pro forma adjustments represent the current estimate of additional amortization based upon current available information for purposes of these Unaudited Pro Forma Financial Statements.

- (b) Based upon the Company's Form 10-K for the fiscal year ended December 30, 2000, this amount represents identifiable assets, primarily registered trademarks, which will be amortized on a straight line basis over their estimated useful lives of fifteen years.

5

- (c) Tyson will perform a detailed analysis and measurement of preacquisition contingencies assumed. Tyson anticipates completing this analysis in fiscal 2002. This may result in additional excess of investments over net assets acquired, i.e. goodwill.
