In the first step of the transaction, we will purchase up to 50.1% of the IBP shares for \$30.00 per IBP share in cash pursuant to a tender offer. The tender offer expired at 12:00 Midnight on August 3, 2001. On August 4, 2001, we announced that we had accepted the IBP shares tendered in the tender offer. In the second step of the transaction, we intend to cause IBP to merge into Lasso Acquisition Corporation, or Purchaser, at which time each remaining IBP share will be converted into the right to receive Tyson Class A common stock valued at \$30.00 per IBP share, subject to adjustment.

- o The closing price of shares of Tyson Class A common stock was \$_____ on _____, 2001, the last full trading day before the date of this Information Statement. If that were the average per share price of Tyson Class A common stock during the fifteen-trading-day period ending on the fifth trading day before the effective time of the merger, IBP stockholders would receive ____ shares of Tyson Class A common stock with a market value of \$_____ based on the average price in exchange for each IBP share.

The Companies (Page __)

Purpose of the Issuance (Page __)

- o The issuance of Tyson Class A common stock will facilitate the two-step transaction in which Tyson will acquire IBP.

Plans for IBP (Page __)

- o The acquisition of IBP will allow us to expand our business to include the processing and marketing of beef and pork products.

1

Consequence of Share Issuance (Page __)

- o After the additional shares of Tyson Class A common stock are issued pursuant to the merger, there will be more shares of Tyson Class A common stock outstanding and therefore, you will have a proportionally smaller percentage of the total ownership and voting power in our company.

Background (Page __)

- o We first publicly announced our interest to acquire IBP on December 4, 2000. We and a special committee of IBP's board of directors continued to negotiate the terms of the acquisition through the month of December. The merger agreement was signed on January 1, 2001. On March 29, 2001, we announced that we had terminated the merger agreement on various grounds, including our belief that we had been inappropriately induced into signing the merger agreement and our belief that IBP had breached numerous representations and warranties made to us in the merger agreement. After a trial in the Delaware Chancery Court, the court ruled on June 15, 2001 that we had not been inappropriately induced into signing the merger agreement and that we had improperly terminated the merger agreement, and IBP's claim for specific performance was granted. Thereafter, on June 27, 2001, Tyson, Purchaser and IBP agreed to the Stipulation and Order dated June 27, 2001, which modified the merger agreement to provide for the tender offer and the merger. On July 3, 2001, Tyson and Purchaser commenced the tender offer to purchase up to a number of IBP shares which,

Edgar Filing: TYSON FOODS INC - Form PREM14C

together with the IBP shares already owned by Tyson, would represent 50.1% of the outstanding IBP shares for \$30.00 per IBP share. The tender offer expired at Midnight (New York City time) on August 3, 2001. On August 4, 2001, Tyson announced that it had accepted the IBP shares tendered in the tender offer.

- o The stipulation and order also provided for the elimination of an exchange offer, pursuant to which Tyson would have exchanged Tyson Class A common stock valued at \$30.00 per share, subject to adjustment, for all remaining IBP shares not purchased for cash in a tender offer, that had originally been required by the merger agreement.
- o For a more detailed description of the events leading to the signing of the merger agreement, see the section entitled "The Transaction - Background."

Financial Information (Page __)

- o The Securities and Exchange Commission, or SEC, allows the "incorporation by reference" of certain information into this Information Statement, which means that we can disclose important information to you by referring you to another document filed separately with the SEC. The information incorporated by reference is deemed to be part of this Information Statement, except for any information superseded by information contained directly in this Information Statement. This Information Statement incorporates by reference the documents set forth in the section entitled "Incorporation of Certain Documents by Reference," that Tyson and IBP have previously filed with the SEC. These documents contain important information about Tyson and IBP and their respective financial conditions.

Fairness Opinions (Page __)

- o Merrill Lynch, Pierce, Fenner & Smith Incorporated, or Merrill Lynch, provided an opinion, dated January 1, 2001, to our board of directors to the effect that, as of January 1, 2001, the consideration to be paid by us in the transaction as originally contemplated in the merger agreement, taken as a whole, was fair to Tyson from a financial point of view. The full text of the opinion of Merrill Lynch is set forth in Annex A. Merrill Lynch has not updated, and we have not asked Merrill Lynch to update, its opinion.
- o Stephens Inc., or Stephens, has provided an opinion, dated January 1, 2001, to our board of directors that, as of January 1, 2001, the consideration to be paid by us pursuant to the merger agreement as originally executed in the aggregate, was fair to Tyson from a financial point of view. The full text of the fairness opinion of Stephens is set forth in Annex B. Stephens has not updated, and we have not asked Stephens to update, its opinion.

THE TRANSACTION

Overview

Pursuant to an Agreement and Plan of Merger dated as of January 1,

Edgar Filing: TYSON FOODS INC - Form PREM14C

2001, among Tyson, Lasso Acquisition Corporation ("Purchaser"), and IBP, as modified by the Stipulation and Order dated June 27, 2001 (the "Stipulation") (as modified by the Stipulation (except where the context otherwise indicates), the "Merger Agreement"), Tyson commenced a tender offer pursuant to which Tyson, through Purchaser, offered to purchase up to the number of IBP shares of common stock, par value \$0.05 per share (the "IBP Shares"), that represent, together with the IBP Shares owned by Tyson, 50.1% of the IBP Shares, at a purchase price of \$30.00 per IBP Share, net to the seller in cash, without interest (as amended, supplemented or otherwise modified from time to time, the "Offer").

We previously commenced a tender offer for up to 50.1% of the outstanding IBP Shares at \$30.00 per IBP Share (the "Initial Offer"). We permitted the Initial Offer to expire on February 28, 2001. On March 29, 2001, we announced that we had terminated the Merger Agreement on various grounds, including our belief that we had been inappropriately induced into signing the Merger Agreement and our belief that IBP had breached numerous representations and warranties made to us in the Merger Agreement. After a trial in the Delaware Chancery Court, the court ruled on June 15, 2001 that although we did not breach the Merger Agreement or any duty to IBP's stockholders by letting the Initial Offer expire on February 28, 2001, we had not been inappropriately induced into signing the Merger Agreement and that we had improperly terminated the Merger Agreement, and IBP's claim for specific performance was granted. Thereafter, on June 27, 2001, Tyson, Purchaser and IBP agreed to the Stipulation. On July 3, 2001, Tyson commenced the Offer, offering \$30.00 per IBP Share in cash, net to seller, for a number of IBP Shares which, together with IBP Shares owned by Tyson, represents 50.1% of the outstanding IBP Shares. The Offer expired at 12:00 Midnight on August 3, 2001. On August 4, 2001, Tyson announced that it had accepted the IBP Shares tendered in the Offer.

Following the completion of the Offer and the satisfaction or waiver of certain conditions in the Merger Agreement, the Merger Agreement provides that IBP will be merged with and into Purchaser with the Purchaser continuing as the surviving corporation (the "Merger", and together with the Offer, the "Transaction"). At the effective time of the Merger (the "Effective Time"), each IBP Share outstanding immediately prior to the Effective Time (other than IBP Shares owned by Tyson, Purchaser or other subsidiaries of Tyson) would be converted into the right to receive shares of Tyson Class A common stock, par value \$0.10 per share (the "Tyson Class A Common Stock"), having a value of \$30.00 if, during the fifteen trading day period ending on the fifth trading day before the

4

Effective Time, the average per share closing price of Tyson Class A Common Stock is at least \$12.60 and no more than \$15.40. If the average per share price of Tyson Class A Common Stock is less than \$12.60, 2.381 shares of Tyson Class A Common Stock will be exchanged for each IBP Share. If the average per share price of Tyson Class A Common Stock is more than \$15.40, 1.948 shares of Tyson Class A Common Stock will be exchanged for each IBP Share. This \$30.00 value is subject to change if the average per share closing price of Tyson Class A Common Stock is not in that range. The closing price of shares of Tyson Class A Common Stock was \$_____ on _____, 2001, the last full trading day before the date of this Information Statement. If that were the average per share price of Tyson Class A Common Stock during the fifteen-trading-day period ending on the fifth trading day before the effective time of the Merger, IBP stockholders would

Edgar Filing: TYSON FOODS INC - Form PREM14C

receive ____ shares of Tyson Class A Common Stock with a market value of \$_____ based on the average price in exchange for each IBP Share.

On January 1, 2001, the board of directors of IBP (the "IBP Board"), by unanimous vote, approved, upon the unanimous recommendation of the special committee (the "Special Committee") of IBP's Board, the Merger Agreement and the transactions contemplated by it, including the Offer and the Merger. At a meeting held on June 26, 2001, the IBP Board, by a unanimous vote of those present, determined that the Stipulation was in the best interests of IBP and its shareholders and was the best means to facilitate consummation of the transactions contemplated by the Merger Agreement, as modified by the Stipulation. All of the IBP Board members were present for the vote, except for Martin A. Massengale, who expressed his support for the Stipulation at the meeting before he excused himself from the meeting.

The Merger Agreement provides that promptly upon payment by Purchaser for IBP Shares purchased pursuant to the Offer, and from time to time thereafter, IBP shall, upon request of Tyson, promptly use its reasonable best efforts to take all actions necessary to cause a majority of the IBP Board to consist of Tyson's designees.

The purpose of the Offer and the Merger is to enable Tyson to acquire control of, and to acquire the entire equity interest in, IBP.

The Companies

Tyson and Purchaser

Tyson is a Delaware corporation with principal executive offices at 2210 West Oaklawn Drive, Springdale, Arkansas 72762-6999. The telephone number of Tyson's executive offices is (501) 290-4000. Tyson and its various subsidiaries produce, distribute and market chicken, Mexican foods, prepared foods, animal and pet food ingredients and live swine. Tyson's goal is to be the undisputed world leader in growing, processing and marketing chicken and chicken-based food products. Tyson is a totally integrated poultry company. Tyson is able to breed into its flocks the natural characteristics found to be most desirable. Tyson's integrated operations consist of breeding and rearing chickens, as well as the processing, further-processing and marketing of these food products. Tyson's products are marketed and sold to national and regional grocery chains, regional grocery wholesalers, clubs and warehouse stores, military commissaries, industrial food processing companies, national and regional chain restaurants or their distributors, international export companies and domestic distributors who service restaurants, food service operations such as plant and school cafeterias, convenience stores, hospitals and other vendors. Sales are made by Tyson's sales staffs located in Springdale, Arkansas, in regions throughout the United States and in several foreign countries. Additionally, sales to the military and a portion of sales to international markets are made through independent brokers and trading companies. Tyson is a fully-integrated producer, processor and marketer of a variety of food products. Tyson presently identifies segments based on the products offered and the nature of customers, resulting in four reported business segments: Food Service, Consumer Products, International and Swine. Tyson commenced business in 1935, was incorporated in Arkansas in 1947, and was reincorporated in Delaware in 1986.

Originally, Tyson was a producer and distributor of fresh chicken. Tyson developed a strategy to reduce the impact of the commodity market on the

Edgar Filing: TYSON FOODS INC - Form PREM14C

fresh chicken business through value-enhancement. As the industry leader in value-enhanced chicken products, Tyson utilizes national and regional advertising, special promotions and brand identification, and meets the varying demands of its customers through capital expenditures and strategic

5

acquisitions. With further-processed chicken products, grain costs as a percentage of total product costs are reduced because of the value added to the products by cutting, deboning, cooking, packaging and/or freezing the chicken.

Tyson's farrow to finish swine operations, which include genetic and nutritional research, breeding, farrowing and feeder pig finishing and the marketing of live swine to regional and national packers, are conducted in Arkansas, Missouri and Oklahoma. Tyson sold approximately 2 million head of feeder pigs and market weight live swine in fiscal 2000.

Tyson's other groups include Mexican Original, Culinary Foods and Mallard's Food Products which produce flour and corn tortilla products and specialty pasta and meat dishes for restaurants, airlines and other major customers. Tyson's wholly owned subsidiary, Cobb-Vantress, supplies chicken breeding stock. Tyson's World Resources subsidiary trades agricultural goods worldwide. Additionally, Tyson's by-products operations convert inedible chicken by-products into high-grade pet food and animal feed ingredients.

Purchaser is a Delaware corporation incorporated on December 8, 2000, with principal executive offices at 2210 West Oaklawn Drive, Springdale, Arkansas 72762-6999. The telephone number of Purchaser's principal executive offices is (501) 290-4000. To date, Purchaser has engaged in no activities other than those incident to Purchaser's formation, the commencement of the Initial Offer, which terminated on February 28, 2001, and the commencement of this Offer. Purchaser is a wholly owned subsidiary of Tyson.

IBP

IBP is a Delaware corporation, with principal executive offices at 800 Stevens Port Drive, Dakota Dunes, South Dakota 57049. The telephone number of IBP's executive offices is (605) 235-2061. IBP is one of the world's largest manufacturers of fresh meats and frozen and refrigerated food products, with 2000 annual sales of approximately \$16.9 billion. IBP's five primary business segments are Beef Carcass, Beef Processing, Pork, Foodbrands America and All Other. The Beef Carcass segment reduces live fed cattle to dressed carcasses and other allied products, most of which are sold to other IBP segments. The Beef Processing segment produces fresh beef and processed beef products that are typically marketed in the form of boxed beef. The Pork segment reduces live hogs to fresh and processed pork products that are typically sold in the form of boxed pork. Boxed beef and pork from the Beef Processing and Pork segments are marketed mainly in the United States to grocery chains, meat distributors, wholesalers, retailers, restaurant and hotel chains, and processors who produce cured and smoked products, such as bacon, ham, luncheon meat and sausage items. The Foodbrands America segment produces frozen and refrigerated food products for the foodservice industry. IBP's All Other segment includes IBP's trucking and warehousing operations, its Canadian beef operations and hide curing and tanning operations. The Beef Carcass, Beef Processing, Pork and All Other

Edgar Filing: TYSON FOODS INC - Form PREM14C

segments are all operated under IBP's Fresh Meat division, and are sometimes referred to as Fresh Meats Operations. IBP has over 60 manufacturing locations in the United States and internationally. IBP has sales offices in North America, Europe, and Asia. IBP employs approximately 52,000 people.

Shares to be Issued--Tyson Class A Common Stock

We expect that up to _____ shares of Tyson Class A Common Stock will be issued in connection with the Merger and in connection with the issuance of Tyson Class A Common Stock upon exercise of options to acquire IBP Shares that are converted into options to acquire Tyson Class A Common Stock at the Effective Time (the "Tyson Options"). This number was determined by assuming that _____ IBP Shares will be converted in the Merger or subject to Tyson Options at the highest exchange ratio of 2.381 shares of Tyson Class A Common Stock for each IBP Share. The number of IBP Shares was determined by adding (i) the number of IBP Shares subject to options (_____) and (ii) 49.9% of the total number of outstanding IBP Shares (_____), in each case as of [August____], 2001. The shares of Tyson Class A Common Stock to be issued to acquire IBP will have the same relative rights, preferences and limitations as shares presently held by the holders of Tyson Class A Common Stock.

6

Purpose of the Issuance

The issuance of Tyson Class A Common Stock in the Merger will facilitate the acquisition of IBP. Tyson will acquire up to 50.1% of the IBP Shares for cash pursuant to the Offer. The remaining 49.9% of IBP Shares will be acquired pursuant to the Merger. The approval of the issuance of Tyson Class A Common Stock is a condition to the Merger. Additionally, under the rules of the New York Stock Exchange, Tyson is required to obtain stockholder approval prior to the issuance of the additional shares of Tyson Class A Common Stock in the Merger and pursuant to the Tyson Options.

The Tyson stockholders can approve any action without a meeting of the stockholders by means of a written consent upon the affirmative vote of Tyson stockholders having not less than the minimum number of votes that would be required at a meeting at which all votes were present. Accordingly, the approval of the issuance of Tyson Class A Common Stock in the Transaction pursuant to such written consent requires the affirmative vote of Tyson stockholders having at least a majority of the votes represented by all of the outstanding shares of Tyson Class B common stock, par value \$0.10 per share (the "Tyson Class B Common Stock") and Tyson Class A Common Stock, (collectively, the "Tyson Common Stock"). As required by the Merger Agreement, on August____, 2001, the holders of shares representing approximately 90% of the voting power of Tyson Common Stock delivered to Tyson a written consent approving the issuance of Tyson Class A Common Stock in the Merger and pursuant to the Tyson Options. As of the date of the written consent, there were _____ shares of Tyson Class A Common Stock and 102,645,048 shares of Tyson Class B Common Stock outstanding.

Each share of Tyson Class A Common Stock is entitled to one vote per share and each share of Tyson Class B Common Stock is entitled to ten votes per share. Approval of the issuance of Tyson Class A Common Stock will become effective on [_____], 2001.

Edgar Filing: TYSON FOODS INC - Form PREM14C

Plans for IBP

The acquisition of IBP will allow Tyson to expand its business to include the processing and marketing of beef and pork products. Tyson plans to use its expertise to accelerate IBP's program to develop value-added convenience foods and case ready retail products in beef and pork. Except as otherwise provided herein, it is currently expected that, following the Merger, the business and operations of IBP will be continued substantially as they are currently being conducted. Tyson will continue to evaluate the business and operations of IBP during the pendency of the Offer and after the consummation of the Offer and the Merger, and will take such actions as it deems appropriate under the circumstances.

Consequence of Share Issuance

After the additional shares of Tyson Class A Common Stock are issued in the Merger, there will be more shares of Tyson Class A Common Stock outstanding and therefore, existing holders of shares of Tyson Class A Common Stock will own a proportionally smaller percentage of Tyson and have a relatively smaller percentage of the votes entitled to be cast on any matter. Assuming that the maximum amount of _____ shares of Tyson Class A Common Stock are issued, the newly issued Tyson Class A Common Stock will represent approximately [53]% of the issued and outstanding Tyson Class A Common Stock, ___% of the voting power, and ___% of all of the Tyson Common Stock.

Fairness Opinions

The board of directors of Tyson (the "Tyson Board of Directors") received opinions from Merrill Lynch, Pierce, Fenner & Smith Incorporated ("Merrill Lynch") and Stephens Inc. ("Stephens") dated January 1, 2001. Copies of each of these opinions are attached as Annexes A and B hereto. We urge you to read the opinions carefully.

Opinion of Merrill Lynch. On January 1, 2001, Merrill Lynch delivered its oral opinion, which opinion was subsequently confirmed in writing, to the Tyson Board of Directors to the effect that, as of that date, and based upon the assumptions made, matters considered and limits of review set forth in its opinion, the consideration to be paid

7

by Tyson pursuant to the Offer, the exchange offer for IBP Shares not purchased in the Initial Offer (the "Exchange Offer") and the Merger, taken as a whole, was fair from a financial point of view to Tyson. Merrill Lynch has not updated, and Tyson has not asked Merrill Lynch to update, its opinion.

The full text of Merrill Lynch's written opinion, which sets forth the assumptions made, matters considered and qualifications and limitations on the review undertaken by Merrill Lynch, is attached as Annex A to this Information Statement. Each holder of Tyson Common Stock is urged to read this opinion in its entirety. Merrill Lynch's opinion was intended for the use and benefit of the Tyson Board of Directors, was directed only to the fairness from a financial

Edgar Filing: TYSON FOODS INC - Form PREM14C

point of view of the consideration to be paid by Tyson in the Transaction, did not address the merits of the underlying decision by Tyson to engage in the Transaction and did not constitute a recommendation to any shareholder as to how that shareholder should vote on the issuance of Tyson Class A Common Stock pursuant to the Exchange Offer, the Merger Agreement and the Merger or any related matter. The consideration was determined on the basis of negotiations between Tyson and IBP and was approved by the Tyson Board of Directors. Tyson did not provide specific instructions to, or place any limitations on, Merrill Lynch with respect to the procedures to be followed or factors to be considered by it in performing its analysis or delivering its opinion. This summary of Merrill Lynch's opinion is qualified in its entirety by reference to the full text of the opinion attached as Annex A to this Information Statement.

In arriving at its opinion, Merrill Lynch:

- o reviewed certain publicly available business and financial information relating to Tyson and IBP that Merrill Lynch deemed to be relevant;
- o reviewed certain information, including financial forecasts, relating to the business, earnings, cash flow, assets, liabilities and prospects of Tyson and IBP furnished to Merrill Lynch by Tyson and IBP;
- o conducted discussions with members of senior management and representatives of Tyson and IBP concerning the matters described in the previous two bullet points, as well as their respective businesses and prospects before and after giving effect to the Transaction;
- o reviewed the market prices and valuation multiples for IBP Shares and compared them with those of certain publicly-traded companies that Merrill Lynch deemed to be relevant;
- o reviewed the results of operations of IBP and compared them with those of certain publicly-traded companies that Merrill Lynch deemed to be relevant;
- o participated in certain discussions and negotiations among representatives of Tyson and IBP and their financial and legal advisors;
- o compared the proposed financial terms of the Transaction with the financial terms of certain other transactions that Merrill Lynch deemed to be relevant;
- o reviewed the potential pro forma impact of the Transaction;
- o reviewed the Merger Agreement; and
- o reviewed other financial studies and analyses and took into account other matters as Merrill Lynch deemed necessary, including Merrill Lynch's assessment of general economic, market and monetary conditions.

In preparing its opinion, Merrill Lynch assumed and relied on the

Edgar Filing: TYSON FOODS INC - Form PREM14C

accuracy and completeness of all information supplied or otherwise made available to Merrill Lynch, discussed with or reviewed by or for Merrill Lynch, or made publicly available, and Merrill Lynch did not assume any responsibility for independently verifying that information or for undertaking an independent evaluation or appraisal of any of the assets or liabilities of Tyson or IBP and was not furnished with any such evaluation or appraisal. In addition, Merrill Lynch did not assume any

8

obligation to conduct any physical inspection of the properties or facilities of Tyson or IBP. With respect to the financial forecast information furnished to or discussed with Merrill Lynch by Tyson or IBP, Merrill Lynch assumed that they were reasonably prepared and reflected the best currently available estimates and judgment of Tyson's or IBP's management as to the expected future financial performance of Tyson or IBP, as the case may be. Merrill Lynch further assumed that the Offer, the Exchange Offer and the Merger, taken together, would constitute a tax-free reorganization for U.S. federal income tax purposes.

Merrill Lynch's opinion was necessarily based upon market, economic and other conditions as they existed and could be evaluated on, and on the information made available to Merrill Lynch as of the date of its opinion. Merrill Lynch assumed that in the course of obtaining the necessary regulatory or other consents or approvals, contractual or otherwise, for the Merger, no restrictions, including any divestiture requirements or amendments or modifications, would be imposed that would materially affect the contemplated benefits of the Transaction.

In addition, Merrill Lynch expressed no opinion as to the prices at which shares of Tyson Class A Common Stock or IBP Shares would trade following the announcement or consummation of the Merger, as the case maybe.

The Tyson Board of Directors selected Merrill Lynch to act as its financial advisor because of Merrill Lynch's reputation as an internationally recognized investment banking firm with substantial experience in transactions similar to the Transaction and because Merrill Lynch is familiar with Tyson and its business. As part of Merrill Lynch's investment banking businesses, Merrill Lynch is continually engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, leveraged buyouts, negotiated underwritings, secondary distributions of listed and unlisted securities and private placements.

Under the terms of a letter agreement between Tyson and Merrill Lynch dated December 1, 2000, and the Dealer Manager Agreement dated December 11, 2000, Tyson:

- o paid Merrill Lynch \$2 million upon commencement of the Initial Offer; and
- o agreed to pay Merrill Lynch \$14 million upon the acceptance for payment by Tyson of IBP Shares pursuant to the Offer, against which the \$2 million fee referred to above will be credited.

Edgar Filing: TYSON FOODS INC - Form PREM14C

Tyson and Merrill Lynch entered into a new Dealer Manager Agreement dated July 3, 2001 which did not provide for any additional payment of fees by Tyson to Merrill Lynch.

Under the Dealer Manager Agreements dated December 11, 2000 and July 3, 2001, Tyson has agreed to reimburse Merrill Lynch for its reasonable out-of-pocket expenses incurred in connection with its engagement, including the reasonable fees and disbursements of legal counsel, and to indemnify Merrill Lynch and related parties from and against specified liabilities, including liabilities under the federal securities laws, arising out of its engagement.

Merrill Lynch has, in the past, provided financial advisory and financing services to Tyson and/or its affiliates for which it has received customary compensation, and may continue to do so and may receive additional fees for the rendering of those services. Certain affiliates of Merrill Lynch have entered into loan agreements (along with certain other lending institutions) to provide Tyson financing in connection with the Offer and the Merger, for which such affiliates will receive customary compensation. In addition, in the ordinary course of Merrill Lynch's business, Merrill Lynch and its affiliates may actively trade Tyson Class A Common Stock and other securities of Tyson, as well as IBP Shares and other securities of IBP, for their own accounts and for the accounts of customers. Accordingly, Merrill Lynch and its affiliates may at any time hold a long or short position in such securities.

Opinion of Stephens

On January 1, 2001, Stephens delivered its oral opinion, which opinion was subsequently confirmed in writing, to the Tyson Board of Directors to the effect that, as of that date, and based upon the assumptions made, matters considered and limits of review set forth in its opinion, the consideration to be paid by Tyson pursuant to the

9

Merger Agreement in the aggregate was fair from a financial point of view to Tyson. Stephens has not updated, and Tyson has not asked Stephens to update, its opinion.

The full text of Stephens' written opinion, which sets forth the assumptions made, matters considered and qualifications and limitations on the review undertaken by Stephens, is attached as Annex B to this Information Statement. Each holder of Tyson Common Stock is urged to read this opinion in its entirety. Stephens' opinion was intended for the use and benefit of the Tyson Board of Directors, was directed only to the fairness from a financial point of view of the consideration to be paid by Tyson pursuant to the Merger Agreement, and did not address the merits of the underlying decision by Tyson to engage in the Transaction. The consideration was determined on the basis of negotiations between Tyson and IBP and was approved by the Tyson Board of Directors. Tyson did not provide specific instructions to, or place any limitations on, Stephens with respect to the procedures to be followed or

Edgar Filing: TYSON FOODS INC - Form PREM14C

factors to be considered by it in performing its analysis or delivering its opinion. This summary of Stephens' opinion is qualified in its entirety by reference to the full text of the opinion attached as Annex B to this Information Statement.

In arriving at its opinion, Stephens:

- o analyzed certain publicly available financial statements and reports regarding IBP and Tyson;
- o analyzed certain internal financial statements and other financial and operating data (including financial projections) concerning IBP and Tyson prepared by management of IBP and Tyson;
- o analyzed balance sheets, capitalization ratios, earnings and book value both in the aggregate and, where applicable, on a per share basis during certain periods;
- o reviewed the reported prices and trading activity of IBP Shares and Tyson Common Stock;
- o compared the financial performance of IBP and Tyson and the prices and trading activity of IBP Shares and Tyson Class A Common Stock with that of certain other comparable publicly-traded companies and their securities;
- o reviewed the financial terms, to the extent publicly available, of certain comparable transactions;
- o reviewed the Merger Agreement and related documents;
- o discussed with management of Tyson the operations of and future business prospects for IBP and Tyson and the anticipated financial consequences of the Transaction; and
- o performed such other analyses and provided such other services as we have deemed appropriate.

In arriving at its opinion, Stephens relied on the accuracy and completeness of the information and financial data provided to Stephens by Tyson, and Stephens' opinion is based upon such information. Stephens did not inquire into the reliability of such information and financial data recognizing that it was rendering only an informed opinion and not an appraisal or certification of value. With respect to the financial projections prepared by management of IBP and Tyson, Stephens assumed that they were reasonably prepared on bases reflecting the best currently available estimates and judgments of the future financial performance of IBP and Tyson. Stephens did not express any opinion as to the prices at which Tyson Common Stock or IBP Shares would trade following the announcement or consummation of the Transaction.

Stephens' opinion was necessarily based upon market, economic and other conditions as they existed and could be evaluated on, and on the information made available to Stephens as of the date of its opinion.

The Tyson Board of Directors retained Stephens as an independent contractor to act as financial advisor with respect to the Transaction. Stephens is a nationally recognized investment banking and advisory firm. Stephens, as part of its investment banking business, regularly issues fairness opinions and is continually engaged in

the valuation of companies and their securities in connection with business reorganizations, private placements, negotiated underwritings, mergers and acquisitions and valuations for estate, corporate and other purposes. Stephens is familiar with Tyson and IBP and regularly provides investment banking services to Tyson and issues periodic research reports regarding its business activities and prospects. In the ordinary course of business, Stephens and its affiliates at any time may hold long or short positions, and may trade or otherwise effect transactions as principal or for the accounts of customers, in debt or equity securities or options on securities of Tyson and IBP.

In consideration for Stephens' services as financial advisor to Tyson, Tyson paid to Stephens a fee of \$1 million upon the rendering of a fairness opinion. Tyson has also agreed to reimburse Stephens for its reasonable out-of-pocket expenses, including fees and disbursements of its legal counsel, incurred in connection with its activities as financial advisor to Tyson, and to indemnify Stephens and certain related persons against certain liabilities in connection with its engagement, including certain liabilities under the federal securities laws.

Background

As part of the continuous evaluation of its businesses and plans, Tyson regularly considers a variety of strategic options and transactions. In recent years, as part of this process, Tyson has evaluated various alternatives for expanding its business, including through acquisitions and discussions with IBP from time to time.

On October 2, 2000, IBP and Donaldson, Lufkin & Jenrette, Inc. ("DLJ") jointly announced that Rawhide Holdings Corporation, a wholly owned subsidiary of DLJ Merchant Banking Partners III, L.P., a private equity fund affiliated with DLJ, had entered into an Agreement and Plan of Merger dated October 1, 2000, among IBP, Rawhide Holding Corporation and Rawhide Acquisition Corporation, to acquire the outstanding IBP Shares in a transaction whereby each IBP Share would be converted into the right to receive \$22.25 in cash (the "Rawhide Agreement").

On October 27, 2000, Brandes Investment Partners, L.P., Brandes Investment Partners Inc., Brandes Holdings, L.P., Charles H. Brandes, Glenn R. Carlson and Jeffrey A. Busby, together the holders of 9.12% of the outstanding IBP Shares, disclosed in a public filing with the SEC their intention to vote against the merger proposed by the Rawhide Agreement and to consider asserting their appraisal rights under Delaware law.

On November 13, 2000, Smithfield Foods, Inc. ("Smithfield") announced in a public filing with the SEC its offer to acquire the outstanding IBP Shares for \$25 per IBP Share payable in Smithfield common stock. Also, on November 13, 2000, the Special Committee announced that it would begin discussions with Smithfield. Thereafter, on November 16, 2000, IBP and Smithfield announced that they entered into a confidentiality agreement.

On November 21, 2000, John Tyson, Chairman, President and Chief Executive Officer of Tyson, contacted Richard Bond, President and Chief Operating Officer of IBP, and inquired as to whether there might be any interest in discussing a combination of IBP and Tyson. As a follow up to this discussion,

Edgar Filing: TYSON FOODS INC - Form PREM14C

John Tyson and other senior Tyson executives initiated a meeting with Robert Peterson, Chairman and Chief Executive Officer of IBP, and Mr. Bond on November 24, 2000. During the subsequent week, Mr. Tyson initiated other conversations with both Mr. Peterson and Mr. Bond.

On December 4, 2000, Tyson sent a letter to the Special Committee outlining a proposal to acquire IBP, which included the following terms:

- o Tyson would acquire all outstanding IB Shares in a two-step merger pursuant to a definitive agreement in which IBP stockholders would receive cash and Tyson Class A Common Stock valued at \$26.00 for each IBP Share;
- o to effect the transaction, Tyson would first commence a cash tender offer for up to 50.1% of outstanding IBP Shares; and
- o after conclusion of such tender offer, Tyson would effect a merger in which each remaining IBP Share would be converted into \$26.00 of Tyson Class A Common Stock, subject to a maximum exchange ratio of 2.063 Tyson shares and a minimum exchange ratio of 1.688 Tyson shares per IBP Share.

11

On December 4, 2000, the Special Committee sent Tyson a letter stating that the Special Committee had determined that Tyson's proposal met the applicable threshold under the Rawhide Agreement and was prepared to enter into discussions with Tyson regarding its proposal.

On December 4, 2000, IBP and Tyson entered into a confidentiality agreement (the "Confidentiality Agreement"), a copy of which is filed as an exhibit to the Tender Offer Statement on Schedule TO filed by Tyson and Purchaser (the "Schedule TO"), pursuant to which Tyson agreed to keep confidential certain information it and its advisors received from IBP and its advisors in connection with Tyson's evaluation of a potential transaction. Under the Confidentiality Agreement, Tyson was prohibited, prior to March 31, 2001, from making any proposals to acquire less than all of the outstanding IBP Shares, and from acquiring additional IBP Shares in the open market if such acquisition would result in Tyson beneficially owning more than 9.9% of the outstanding IBP Shares, except in each case under certain circumstances.

On December 5 and 6, 2000, representatives of Tyson and its legal and financial advisors visited the offices of counsel to the Special Committee to conduct preliminary due diligence. On December 8, 2000, representatives of Tyson met with IBP's management to conduct further due diligence and to discuss issues in connection with a possible acquisition of IBP.

On December 11, 2000, John Tyson spoke with Jo Ann R. Smith, Chairperson of the Special Committee, informing her that Tyson would be initiating the Initial Offer. On December 11, 2000, Tyson announced its intention to commence the Initial Offer. Tyson also delivered a form of merger

Edgar Filing: TYSON FOODS INC - Form PREM14C

agreement to IBP. On December 12, 2000, Tyson commenced the Initial Offer.

On December 18, 2000, Tyson and IBP entered into a confidentiality agreement substantially similar to the Confidentiality Agreement, providing for Tyson to provide due diligence information to IBP, a copy of which was filed as an exhibit to the Schedule TO. During this period, representatives of Tyson and IBP continued to conduct due diligence with respect to the business and operations of the other.

On December 21, 2000, Tyson received a letter from JP Morgan Securities Inc. ("JP Morgan"), on behalf of the Special Committee, inviting Tyson to submit a "best and final offer" between 4:00 p.m. and 5:00 p.m. on Friday, December 29, 2000.

On December 27, 2000, John Tyson and other representatives of Tyson addressed the Special Committee and its advisors by telephone with respect to the business and operations of Tyson.

On December 28, 2000, Tyson delivered a letter to the Special Committee outlining the terms of a revised proposal and issued a press release disclosing those terms which included the following terms:

- o in response to the Special Committee's request, Tyson increased the Initial Offer for up to 50.1% of the outstanding IBP Shares to \$27.00 in cash per IBP Share and would acquire the remaining IBP Shares for \$27.00 of Tyson Class A Common Stock, subject to adjustment;
- o Tyson's bid would remain open until the close of business on Thursday, January 4, 2001; and
- o Tyson proposed to commence an exchange offer for all IBP Shares not purchased in the Initial Offer.

During the course of Saturday, December 30, 2000, representatives of Tyson and the Special Committee negotiated the terms of Tyson's proposal. On December 30, 2000, Tyson increased the per IBP Share price offered in the Initial Offer, the Exchange Offer and the merger to acquire any remaining IBP Shares not purchased in the Initial Offer or the Exchange Offer (the "Initial Merger") to \$28.50. On Sunday, December 31, 2000, representatives of Tyson and IBP continued negotiations and the Special Committee asked Tyson to increase its offer. On January 1, 2001, Tyson increased the per IBP Share price offered in the Initial Offer, the Exchange Offer and the Initial Merger to \$30.00 per IBP Share and Tyson, the Purchaser and IBP executed the Merger Agreement.

On January 2, 2001, Tyson issued a press release amending the terms of the Initial Offer to conform to the terms of the Merger Agreement, including increasing the cash price offered to \$30.00 per IBP Share.

Edgar Filing: TYSON FOODS INC - Form PREM14C

On January 4, 2001, Smithfield filed Amendment No. 4 to Schedule 13D with the SEC, in which it disclosed that it had sold 2,555,000 IBP Shares on January 2 and 3, thus reducing the number of IBP Shares that were beneficially owned to 4,409,341, representing approximately 4.2% of the outstanding IBP Shares.

On January 5, 2001, Tyson filed its amended cash tender offer documents for the Initial Offer with the SEC to conform to the terms of the Merger Agreement, including increasing the cash price offered to \$30.00 per IBP Share. IBP filed an amended Schedule 14D-9 in response to Tyson's amended cash tender offer. Tyson's amended cash tender offer documents and IBP's amended Schedule 14D-9 were mailed to the stockholders of IBP on or about January 5, 2001.

On January 10, 2001, IBP advised Tyson that on December 29, 2000, counsel to the Special Committee received a comment letter from the SEC in connection with IBP's proxy statement prepared and filed with the SEC in connection with the Rawhide Agreement. The comment letter also contained comments on IBP's historical financial statements. IBP furnished a copy of the letter to Tyson on January 10, 2001. On January 11, 2001, Tyson delivered a letter to the Special Committee in which it expressed its unhappiness that it had not been made aware of the comment letter before it signed the Merger Agreement. Tyson said that it would not be in a position to commence the Exchange Offer until IBP's accountants resolved the SEC issues. Tyson said it was assessing the materiality and impact of the comments and the requirement of a restatement of IBP's financial statements.

On January 17, 2001, Tyson filed amended cash tender offer documents with the SEC to extend the Initial Offer until January 24, 2001. On January 25, 2001, Tyson filed amended cash tender offer documents with the SEC to extend the Initial Offer until February 7, 2001. Tyson announced that it was delaying the commencement of the Exchange Offer and the closing of the Initial Offer pending the satisfaction of the SEC with the resolution of various accounting issues raised by the SEC's comment letter and Tyson's opportunity to assess the impact of any changes to IBP's financial statements and business.

On January 26, 2001, IBP's Chief Executive Officer, Mr. Peterson, sent a letter to Tyson, which was released publicly, in which he stated that IBP had submitted written responses to the SEC that IBP's management believed addressed all of the SEC's concerns. In addition, Mr. Peterson noted that IBP was continuing to review the operations of its DFG Foods subsidiary, and that, based upon a preliminary review, IBP's management believed that additional reductions in pre-tax earnings of up to \$47 million would need to be taken, in addition to possible reductions for impairment of goodwill or other long-lived assets associated with DFG Foods. Mr. Peterson stated that IBP's management would continue to keep Tyson informed of any developments.

At 11:59 p.m. on January 27, 2001, the waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the "HSR Act") with respect to the Tyson transaction expired without any further action by the Department of Justice. On February 6, 2001, Tyson filed amended cash tender offer documents with the SEC to extend the Initial Offer until February 20, 2001. On February 21, 2001, Tyson filed amended cash tender offer documents with the SEC to extend the Initial Offer until February 28, 2001.

On February 22, 2001, IBP issued a press release in which it announced

Edgar Filing: TYSON FOODS INC - Form PREM14C

that it was in the process of finalizing amendments to financial statements filed by IBP with the SEC in 2000. IBP stated that the amendments would reflect revisions IBP made based upon the results of IBP's investigation of improprieties at its DFG Foods subsidiary, as well as certain other revisions made in response to an SEC review of various other IBP filings.

On February 26, 2001, representatives of IBP contacted Tyson's representatives and proposed that Tyson extend the Initial Offer for a period ending two business days after IBP had resolved its accounting issues with the SEC and refiled its periodic reports and provided audited financials for the fiscal year 2000. On February 27, 2001, Tyson management advised IBP management that Tyson had decided to allow the Initial Offer to expire and to proceed with the Cash Election Merger (as defined herein) provided for under the Merger Agreement. On February 28, 2001, Tyson announced that, since the conditions to the Initial Offer were not satisfied, it was going to terminate the Initial Offer and begin to work on the Cash Election Merger with IBP, in accordance with the Merger Agreement.

13

On March 13, 2001, IBP filed with the SEC amendments to the following amended and restated reports:

- o its Annual Report on Form 10-K for the fiscal year ended December 25, 1999;
- o its Quarterly Reports on Form 10-Q for the 13 weeks ended March 25, 2000, the 26 weeks ended June 24, 2000 and the 39 weeks ended September 23, 2000, respectively; and
- o its Current Report on Form 8-K dated November 3, 2000.

In addition, IBP issued a press release in which it announced that the only remaining issue left to be resolved before it could issue 2000 earnings was the amount of the non-cash impairment charge to the carrying value of DFG Foods' long-lived assets. IBP also summarized the effect of the amendments on its historical financial statements. IBP stated that the amendments included the following:

- o A restatement to reflect adjustments due to financial misstatements and irregularities at its DFG Foods subsidiary. The restatement involved additional charges totaling \$32.9 million. This consisted of a \$15.5 million pre-tax charge to the fourth quarter of 1999, and a total of \$17.4 million in pre-tax charges in the first three quarters of 2000. Also, there was an additional \$12.0 million charge taken in the fourth quarter. These charges increased the cost of products sold and selling, general and administrative expenses for the affected periods.
- o A change in accounting treatment of a stock option program

Edgar Filing: TYSON FOODS INC - Form PREM14C

from 'fixed accounting' to 'variable plan' accounting principles to recognize expense for certain options granted to officers of IBP during the period 1993 to 2000. Early in 1993, upon the recommendation of a well-known compensation consulting firm, certain administrative rules were adopted for the 1993, and subsequently for the 1996, stockholder approved stock option plans. It was determined that these rules, which authorized bonus options under certain circumstances, created a feature that required the application of 'variable plan' accounting principles, which mandated a compensation charge or credit in the income statement based on the difference between the market value and the exercise price at the end of each period. Previously, IBP followed fixed accounting for these options treating the original grants and the bonus grants as two separate grants. From 1993 through the third quarter of 2000, the effect of the cumulative compensation charge on net earnings was approximately \$7.3 million. On a quarter-by-quarter basis, the charge against net earnings was as much as \$9.3 million while the credit to net earnings was as high as \$9.4 million. The impact on net earnings in the fourth quarter of 2000 was an additional \$9.5 million; however, the total impact for 2000 was approximately \$9.8 million. All of these compensation charges were non-cash charges.

- o Expansion of reportable business segment information for IBP from two segments to five. These new reportable segments were additional disclosures and had no effect on the historical consolidated financial results of prior filings.

- o Change in method of accounting for revenue recognition in accordance with new accounting guidance. Effective first quarter of 2000, IBP changed its method of accounting for revenue recognition in accordance with the SEC's Staff Accounting Bulletin No. 101, Revenue Recognition in Financial Statements. As a result of this guidance, IBP will recognize revenue upon delivery to customers. Previously, IBP had recognized revenue upon shipment to customers. The cumulative effect of the change resulted in a charge to earnings of \$2.4 million (net of income taxes of \$1.5 million) or \$0.02 per share. The effect of the change through the nine months ended September 23, 2000 was to decrease net earnings, before the cumulative impact of the accounting change, by \$1.7 million or \$0.02 per share. All public companies were required to adopt this bulletin's guidance no later than the fourth quarter of 2000.

IBP also noted that the amendments had the following effect on previously reported net earnings per share (EPS) in 1999 and 2000:

14

Net Earnings Per Share

Edgar Filing: TYSON FOODS INC - Form PREM14C

Period	As Previously Reported -----	Restated -----
1999 EPS -Diluted	\$ 2.94	\$ 2.96
2000 Q1 EPS -Diluted	\$ 0.16	\$ 0.13
2000 Q2 EPS-Diluted	\$ 0.55	\$ 0.43
2000 Q3 EPS-Diluted	\$ 0.73	\$ 0.74
2000 Q3 -YTD EPS-Diluted	\$ 1.44	\$ 1.30

On March 14, 2001, IBP issued a press release stating that a recent analyst projection of \$0.12 per share of earnings for IBP for the first quarter of 2001 was reasonable, and that IBP continued to believe that earnings for the full year 2001 could be in the \$1.80 to \$2.20 per share range.

Tyson also issued a press release on March 14, 2001, stating that the non-cash impairment charge relating to IBP's DFG Foods subsidiary had not been settled and IBP had not filed its 2000 Form 10-K, and that Tyson was continuing with its due diligence and closely monitoring all factors related to IBP's business. Tyson also stated in the release that it was still too early to determine what effect these issues will have on the transaction structure.

On March 20, 2001, IBP issued a press release in which it reported that it would record a fourth quarter 2000 nonrecurring, pre-tax impairment charge of \$60.4 million to its DFG Foods subsidiary's goodwill carrying value. In addition, IBP released its earnings results for the fourth quarter of 2000 and for the full year 2000, and projected that its earnings for the full year 2001 could be in the \$1.80 to \$2.20 per share range.

On March 29, 2001, Tyson issued a press release in which it stated that it was discontinuing the Merger Agreement. In addition, Tyson commenced legal action in the Chancery Court of Washington County, Arkansas seeking to rescind or terminate the Merger Agreement and to receive compensation from IBP. On March 30, 2001, IBP filed cross-claims against Tyson and Purchaser in a previously filed action in the Court of Chancery of the State of Delaware in and for New Castle County, Delaware seeking a declaratory judgment that Tyson had no right to rescind or terminate the Merger Agreement and a decree of specific performance by Tyson of its obligations under the Merger Agreement.

In April and May, 2001, Tyson and IBP litigated their claims against each other. On June 15, 2001, the Delaware Court of Chancery issued its Memorandum Opinion directing specific performance by Tyson of the Merger Agreement. Since then, the parties have negotiated the terms of the order required by the Delaware Court of Chancery, resulting in the Stipulation and the Transaction.

On June 28, 2001, IBP and Tyson announced that Robert L. Peterson, IBP's Chairman and Chief Executive Officer, and Richard L. Bond, IBP's President and Chief Operating Officer, have agreed to become members of Tyson's Board of Directors upon closing of the Merger.

On July 3, 2001, Tyson and Purchaser commenced the Offer to purchase up

Edgar Filing: TYSON FOODS INC - Form PREM14C

to a number of IBP Shares which, together with the IBP Shares already owned by Tyson, would represent 50.1% of the outstanding IBP Shares for \$30.00 per IBP Share. The Offer was scheduled to expire on August 3, 2001.

On August 3, 2001, Tyson entered into definitive loan agreements with various lenders to provide financing for the funds required by Tyson to purchase the IBP Shares tendered in the Offer. Also, on August 3, 2001, the Delaware Chancery Court approved a settlement of the IBP stockholder litigation pending in that court.

On August 3, 2001, the Offer expired. On August 4, 2001, Tyson issued a press release announcing the successful completion of the Offer and that Tyson would purchase a number of IBP Shares which, together with the IBP Shares already owned by Tyson, would represent 50.1% of the outstanding IBP Shares. Approximately 99.1% of the outstanding IBP Shares were tendered by IBP stockholders.

Regulatory Requirements

In connection with the Offer and the Merger, Tyson is required to make a number of filings with various federal and state governmental agencies, including:

- o filing of a certificate of merger with the Secretary of State of the State of Delaware in accordance with the General Corporation Law of the State of Delaware after the approval of the Merger by IBP's stockholders;
- o complying with federal and state securities laws and the federal tender offer and proxy rules;
- o notifying and furnishing certain information to the Federal Trade Commission ("FTC") and the Antitrust Division of the Department of Justice (the "Antitrust Division") pursuant to the HSR Act; and

15

- o complying with any applicable non-Unit States laws intended to prohibit, restrict or regulate actions having the purpose or effect of monopolization or restraint of trade.

Under the HSR Act and the rules that have been promulgated thereunder by the FTC, certain acquisition transactions may not be consummated unless certain information has been furnished to the Antitrust Division and the FTC and certain waiting period requirements have been satisfied. The acquisition of IBP is subject to this requirement. Pursuant to the requirements of the HSR Act, Tyson filed a Notification and Report Form with respect to the Initial Offer, the Exchange Offer and the Initial Merger with the Antitrust Division and the FTC on December 12, 2000. Certain Comparative and Pro Forma Financial Information

Comparative Per Share Data. The following table sets forth, for each of the periods indicated, income per share from continuing operations and book value per share separately for Tyson and IBP on a historical basis, for Tyson on a historical pro forma combined basis and on a historical pro forma combined basis per IBP equivalent share. The information in the table below should be read in conjunction with the historical financial statements of the corporations referred to in this Information Statement in the sections captioned "Selected Financial Data" of each of Tyson and IBP.

We used an assumed exchange ratio of 2.381 and 1.948, the maximum and minimum exchange ratio that could be applied in the Merger, in computing the unaudited historical pro forma combined and unaudited equivalent pro forma combined per share data.

The Tyson pro forma data was prepared by Tyson and derived by combining the unaudited historical consolidated financial information of Tyson and IBP using the purchase method of accounting for business combinations in accordance with GAAP.

IBP's unaudited equivalent pro forma per share data shows the effect of the Merger from the perspective of an owner of IBP Shares. The information was computed by multiplying the Tyson/IBP historical pro forma information by the assumed exchange ratio of 2.381 and 1.948, the high and low ends of the exchange ratio in the Merger, and then multiplying the result by 49.9%, which represents the percentage of total outstanding number of IBP Shares that will be converted into Tyson Class A Common Stock. The remaining 50.1% of IBP Shares will be purchased by Tyson for cash pursuant to the Offer or are already owned by Tyson.

The unaudited historical pro forma combined per share data may not be indicative of the operating results or financial position that would have occurred if the Merger had been consummated at the beginning of the periods indicated, and may not be indicative of future operating results or financial position.

Estimated fair value of the assets of IBP acquired less liabilities assumed (a), (b) and (c)	
Identifiable intangible assets (a) and (b)	
Excess of purchase price over net assets acquired	

(a) Based upon currently available information Tyson has assumed for purposes of these Unaudited Pro Forma Financial Statements that the book value of IBP's tangible assets and liabilities approximate their fair value. Tyson is in the process of performing a detailed analysis and outside appraisal of the fair values of the assets of IBP acquired and liabilities assumed. Based upon this detailed analysis, which has not yet been completed, the allocation of the excess purchase price over the book value of IBP may be further refined. This may result in a portion of the purchase price being further allocated to property, plant and equipment and other identifiable intangible assets with the remainder, representing excess of investments over net assets acquired, constituting goodwill. Tyson anticipates completing this detailed analysis and finalizing the purchase price allocation in fiscal 2002.

On June 29, 2001, the Financial Accounting Standards Board ("FASB") approved the final standards resulting from its deliberations on the business combinations project and issued Financial Accounting Standards No. 141, Business Combinations, No. 142, Goodwill and Other Intangible Assets, in the latter half of July.

Statement 141, which includes the criteria for the recognition of intangible assets separately from goodwill, is effective for any business combination accounted for by the purchase method that is completed after June 30, 2001. Statement 142, which includes the requirements to test goodwill and indefinite lived intangible assets for impairment rather than amortize them, will be effective for fiscal years beginning after December 15, 2001 with early adoption permitted for companies with fiscal years beginning after March 15, 2001, provided they have not yet issued their first quarter financial statements. In all cases, Statement 142 must be adopted as of the beginning of a fiscal year. The pro forma adjustments do not include any goodwill amortization.

(b) Based upon information from IBP, this amount represents identifiable assets, primarily registered trademarks, which will be amortized on a

Edgar Filing: TYSON FOODS INC - Form PREM14C

straight line basis over their estimated useful lives of fifteen years.

- (c) Tyson will perform a detailed analysis and measurement of the fair values of assets and liabilities assumed. Tyson anticipates completing this analysis in fiscal 2002. This may result in additional excess of investments over net assets acquired, i.e. goodwill.
- (2) To reflect incremental additional debt required to finance the acquisition. The amounts reflect the additional borrowings that will be required to purchase the IBP Shares for cash of \$1,576 million plus estimated remaining unfunded acquisition costs of \$100 million. A portion of IBP's debt may be retired and replaced with new debt.
- (3) To eliminate IBP's stockholders' equity balances.
- (4) To reflect the incremental shares of Tyson Class A Common Stock to be issued for the acquisition based upon the maximum exchange ratio in the Merger Agreement of 2.381.
- (5) To record the fair market value of IBP's stock options converted to Tyson stock options.
- (6) To reclassify shares of IBP's stock currently owned by Tyson.
- (7) To reclassify termination and other fees paid.
- (8) To reclassify unrealized loss on IBP's shares currently owned by Tyson in order to reflect historical cost in the purchase price.

Notes To Unaudited Pro Forma Combined Condensed Statements Of Income

The following adjustments are based upon Tyson's preliminary purchase price allocation as further described below.

- (1) To reflect amortization of identifiable intangibles associated with the acquisition over fifteen years.
- (2) To reverse IBP's amortization on existing goodwill.
- (3) To reflect increased interest expense resulting from the acquisition debt of \$1,676 million based on an assumed interest rate of 7% representing Tyson's expected incremental interest rate for debt related to the acquisition. The effect of a 1/8% change in the interest rate is equal to approximately \$2.1 million in additional interest expense.
- (4) To reflect the net tax benefit resulting from the additional interest expense at Tyson's statutory tax rates of 38%.

THE MERGER AGREEMENT, STIPULATION AND VOTING AGREEMENT

The following is a summary of the material provisions of the Merger Agreement (as originally executed by Tyson, Purchaser and IBP on January 1, 2001), the Stipulation (which modified the Merger Agreement) and the voting agreement (as originally executed by IBP and the Tyson Limited Partnership (the "Partnership") on January 1, 2001, the "Voting Agreement"), copies of which are filed as exhibits to the Schedule TO. This summary is qualified in its entirety by reference to the complete text of the Merger Agreement, the Stipulation and the Voting Agreement.

The Merger Agreement

The Merger Agreement provided for the making of the Offer. Purchaser's obligation to accept for payment and pay for IBP Shares tendered pursuant to the Offer was subject to the satisfaction or waiver of the Minimum Condition and certain other conditions that are described below. Subject to the provisions of the Merger Agreement, Purchaser could waive, in whole or in part at any time or from time to time prior to the Expiration Date (as defined in the Merger Agreement), any condition to the Offer; provided that without the prior written consent of IBP, Purchaser could not make any change that changed the form of consideration to be paid in the Offer or the Merger, decreased the price per IBP Share, increased the Minimum Condition or the Maximum Amount (as defined in the Merger Agreement), imposed additional conditions to the Offer or amended any term or any condition to the Offer in a manner materially adverse to the holders of IBP Shares.

Under the Merger Agreement, Purchaser would have had the right, without the consent of IBP, to extend the Offer for any period required by any rule, regulation, interpretation or position of the SEC or the staff of the SEC applicable to the Offer or any period required by applicable law. Unless the Merger Agreement had been terminated, Purchaser was required to extend the Offer from time to time in the event that, at a then-scheduled expiration date, all of the conditions to the Offer had not been satisfied or waived as permitted pursuant to the Merger Agreement, each such extension not to exceed (unless otherwise consented to in writing by IBP) the lesser of 10 additional business

Edgar Filing: TYSON FOODS INC - Form PREM14C

days or such fewer number of days that Purchaser reasonably believed were necessary to cause the conditions to the Offer to be satisfied. Except as provided in the Merger Agreement, Purchaser was obligated not to terminate the Offer without purchasing IBP Shares pursuant to the Offer.

As promptly as practicable after the date of the Merger Agreement, Tyson was required to cause Purchaser to, and Purchaser was required to, commence the Exchange Offer pursuant to which Purchaser would offer to issue, in exchange for each then issued and outstanding IBP Share, other than IBP Shares then owned by Tyson or Purchaser, a number of duly authorized, validly issued, fully paid and non-assessable shares of Tyson Class A Common Stock equal to (a) if the market price per share of Tyson Class A Common Stock was equal to or greater than \$15.40, 1.948, (b) if the market price per share of Tyson Class A Common Stock was less than \$15.40 and greater than \$12.60, the result of \$30.00 divided by the market price per share of Tyson Class A Common Stock, or (c) if the market price per share of Tyson Class A Common Stock was equal to or less than \$12.60, 2.381. The "market price" per share of Tyson Class A Common Stock is the average of the closing price per share of Tyson Class A Common Stock on the NYSE at the end of the regular session as reported on the Consolidated Tape, Network A for the fifteen consecutive trading days ending on the second trading day immediately preceding the expiration date of the Exchange Offer. The obligation of Purchaser to consummate the Exchange Offer and to issue shares of Tyson Class A Common Stock in exchange for IBP Shares tendered pursuant to the Exchange Offer would be subject only to Purchaser having accepted for payment, and paid for, IBP Shares tendered pursuant to the Offer and certain other conditions.

The Merger

Under the terms of the Merger Agreement, as soon as practicable after the purchase of the IBP Shares pursuant to the Offer, the Exchange Offer, the approval of the Merger Agreement by IBP's stockholders, if required, and the satisfaction or waiver of the other conditions to the Merger, IBP would be merged with and into Purchaser, and Purchaser will be the surviving corporation (the "Surviving Corporation").

28

Each IBP Share outstanding at the Effective Time (other than IBP Shares owned by Tyson or any of its subsidiaries, including Purchaser, or by IBP as treasury stock, all of which will be cancelled), would be converted into the right to receive that number of shares of Tyson Class A Common Stock equal to (a) if the market price per share of Tyson Class A Common Stock was equal to or greater than \$15.40, 1.948, (b) if the market price per share of Tyson Class A Common Stock was less than \$15.40 and greater than \$12.60, the result of \$30.00 divided by the market price per share of Tyson Class A Common Stock, and (c) if the market price per share of Tyson Class A Common Stock was equal to or less than \$12.60, 2.381. The "market price" per share of Tyson Class A Common Stock is the average of the closing price per share of Tyson Class A Common Stock on the NYSE at the end of the regular session as reported on the Consolidated Tape, Network A for the fifteen consecutive trading days ending on the fifth trading day immediately preceding the Effective Time.

Under the terms of the Merger Agreement, in the event that at February 28, 2001, the Minimum Condition had not been satisfied, Purchaser would

Edgar Filing: TYSON FOODS INC - Form PREM14C

terminate the Offer and the Exchange Offer and Tyson, Purchaser and IBP would complete the Merger for consideration including both cash and Tyson Class A Common Stock (the "Cash Election Merger"). In the Cash Election Merger, each holder of IBP Shares would have the right to elect to receive either \$30.00 cash ("Cash Consideration") for each IBP Share or a number of shares of Tyson Class A Common Stock ("Stock Consideration") equal to, (a) if the market price per share of Tyson Class A Common Stock was equal to or greater than \$15.40, 1.948, (b) if the market price per share of Tyson Class A Common Stock was less than \$15.40 and greater than \$12.60, the result of \$30.00 divided by the market price per share of Tyson Class A Common Stock, or (c) if the market price per share of Tyson Class A Common Stock was equal to or less than \$12.60, 2.381. The "market price" per share of Tyson Class A Common Stock is the average of the closing price per share of Tyson Class A Common Stock on the NYSE at the end of the regular session as reported on the Consolidated Tape, Network A for the fifteen consecutive trading days ending on the fifth trading day immediately preceding the effective time of the Cash Election Merger. The maximum number of IBP Shares for which Cash Consideration would be paid would be limited to a number of the outstanding IBP Shares which, together with IBP Shares owned by Tyson and any IBP Shares the holders of which elected to pursue appraisal rights under the General Corporation Law of the State of Delaware, equals 50.1% of the outstanding IBP Shares. If the number of IBP Shares the holders of which elected Cash Consideration, together with IBP Shares owned by Tyson and any IBP Shares the holders of which elect to pursue appraisal rights under Delaware law, exceeded 50.1% of the outstanding IBP Shares, such holders would receive cash for a pro rata portion of their IBP Shares and the remaining IBP Shares would receive Stock Consideration. The maximum number of IBP Shares for which Stock Consideration would be paid would be limited to 49.9% of the outstanding IBP Shares. If the number of IBP Shares the holders of which elected Stock Consideration exceeded 49.9% of the outstanding IBP Shares, such holders would receive Tyson Class A Common Stock for a pro rata portion of their IBP Shares and the remaining IBP Shares would receive Cash Consideration.

Employee Stock Options

At or immediately prior to the Effective Time, (1) each employee stock option or director stock option to purchase outstanding IBP Shares under any stock option plan of IBP, whether or not vested or exercisable (each, an "IBP Option") would, by virtue of the Merger and without any further action on the part of any holder thereof, be assumed by Tyson and deemed to constitute a Tyson Option to acquire, on the same terms and conditions as were applicable under such IBP Option, the same number of shares of Tyson Class A Common Stock as the holder of such IBP Option would have been entitled to receive had such holder exercised such IBP Option in full immediately prior to the Effective Time (rounded to the nearest whole number), at a price per share (rounded down to the nearest whole cent) equal to (x) the aggregate exercise price for the IBP Shares otherwise purchasable pursuant to such IBP Option divided by (y) the number of whole shares of Tyson Class A Common Stock purchasable pursuant to the Tyson Option in accordance with the foregoing and (2) Tyson shall assume the obligations of IBP under the stock option plans of IBP, each of which will continue in effect after the Effective Time, and all references to IBP in such plans, and any option granted thereunder, will be deemed to refer to Tyson, where appropriate. The other terms of each such IBP Option, and the plans under which they were issued, will continue to apply in accordance with their terms.

Edgar Filing: TYSON FOODS INC - Form PREM14C

Under the Merger Agreement, prior to the Effective Time, IBP would use its best reasonable efforts to (i) obtain any consents from holders of IBP Options and (ii) make any amendments to the terms of such stock option plans of IBP that, in the case of either clauses (i) or (ii), were necessary or appropriate to give effect to the above transactions; provided, however, that lack of consent of any holder of an IBP Option would in no way affect the obligations of the parties to consummate the Merger.

In the Merger Agreement, Tyson agreed to take, at or prior to the Effective Time, all corporate action necessary to reserve for issuance a sufficient number of shares of Tyson Class A Common Stock for delivery upon exercise of the Tyson Options. The Merger Agreement provided that Tyson would file a registration statement on Form S-8, with respect to the shares of Tyson Class A Common Stock subject to such Tyson Options and would use commercially reasonable efforts to maintain the effectiveness of such registration statement (and maintain the current status of the prospectus or prospectuses contained therein) for so long as such Tyson Options remain outstanding. With respect to those individuals who subsequent to the Merger would be subject to the reporting requirements under Section 16(a) of the Securities and Exchange Act of 1934, as amended (the "Exchange Act"), Tyson would administer the IBP stock option plans in a manner consistent with the exemptions provided by Rule 16(b)(3) promulgated under the Exchange Act.

Representations and Warranties

Pursuant to the Merger Agreement, Tyson and IBP made customary representations and warranties to the other.

Covenants of IBP

Pursuant to the Merger Agreement, IBP agreed to comply with various covenants.

Conduct of IBP. Prior to the date that Tyson's designees constitute a majority of the IBP Board, except as expressly permitted by the Merger Agreement, IBP and its subsidiaries would conduct business in the ordinary course consistent with past practices.

Other Offers. Neither IBP nor any of its subsidiaries would, or would authorize or permit any of their officers, directors, employees, investment bankers, attorneys, accountants, consultants or other agents or advisors to, directly or indirectly, (x) solicit, initiate or take any action to facilitate or encourage the submission of inquiries, proposals or offers from any person or group (other than Tyson and Purchaser) relating to any Acquisition Proposal (defined below), or agree to or endorse any Acquisition Proposal, (y) enter into or participate in any discussions or negotiations regarding any Acquisition Proposal, or furnish to any person or group any information with respect to its business, properties or assets in connection with any Acquisition Proposal or (z) grant any waiver or release under any standstill or similar agreement with respect to any class of equity securities of IBP or any of its subsidiaries. "Acquisition Proposal" means any offer or proposal for a merger, reorganization, consolidation, share exchange, business combination or other similar transaction involving IBP or any of its subsidiaries or any proposal or offer to acquire, directly or indirectly, securities representing more than 50% of the voting power of IBP, or a substantial portion of the assets of IBP and its subsidiaries taken as a whole, other than the Offer and the Merger contemplated by the Merger Agreement.

Edgar Filing: TYSON FOODS INC - Form PREM14C

Notwithstanding the foregoing, the IBP Board could, prior to the acceptance for payment of the IBP Shares pursuant to the Offer, (i) furnish information pursuant to a confidentiality letter deemed appropriate by the Special Committee concerning IBP and its businesses, properties or assets to a person or group who in the judgment of the Special Committee has made a bona fide Acquisition Proposal, (ii) engage in discussions or negotiations with such a person or group who in the judgment of the Special Committee has made a bona fide Acquisition Proposal, (iii) following receipt of a bona fide Acquisition Proposal, take and disclose to its stockholders a position contemplated by Rule 14e-2(a) under the Exchange Act or otherwise make disclosure to its stockholders, (iv) following receipt of an Acquisition Proposal, fail to make or withdraw or modify its recommendation that all

30

stockholders of IBP who wish to receive cash for their IBP Shares tender their IBP Shares in the Offer and approve the Merger and/or (v) take any non-appealable, final action ordered to be taken by IBP by any court of competent jurisdiction but, in each case referred to in the foregoing (i), (ii) and (iv), only if (i) IBP had complied with the terms of this "No Solicitation Covenant," (ii) IBP had received an unsolicited Acquisition Proposal which the Special Committee determined in good faith was reasonably likely to result in a Superior Proposal, and (iii) IBP delivered to Tyson a prior written notice advising Tyson that it intended to take such action. "Superior Proposal" means any bona fide written Acquisition Proposal which (i) the Special Committee determined in good faith (after consultation with a financial advisor of nationally recognized reputation and taking into account all the terms and conditions of the Acquisition Proposal) was (a) more favorable to IBP and its stockholders from a financial point of view than the transaction contemplated under the Merger Agreement, and (b) reasonably capable of being completed, including a conclusion that its financing, to the extent required, is then committed or is in the good-faith judgment of the IBP Board, reasonably capable of being financed by the person making such Acquisition Proposal.

Covenants of Tyson

Pursuant to the Merger Agreement, Tyson agreed to comply with various covenants.

Director and Officer Liability. For six years after the Effective Time, Tyson would cause the Surviving Corporation to indemnify and hold harmless the present and former officers and directors of IBP in respect of acts or omissions occurring prior to the Effective Time to the extent provided under IBP's articles of incorporation and bylaws in effect on the date of the Merger Agreement; subject to any limitation imposed from time to time under applicable law. In addition, for six years after the Effective Time, Tyson would cause the Surviving Corporation to use its best efforts to provide officers' and directors' liability insurance in respect of acts or omissions occurring prior to the Effective Time covering each such officer and director currently covered by the IBP's officers' and directors' liability insurance policy on terms with respect to coverage and amount no less favorable than those of such policy in effect on the date of the Merger Agreement, provided that if the aggregate annual premiums for such insurance at any time during such period should exceed

Edgar Filing: TYSON FOODS INC - Form PREM14C

200% of the per annum rate of premium paid by IBP in its last full fiscal year for such insurance, then Tyson would cause the Surviving Corporation to provide only such coverage as would then be available at an annual premium equal to 200% of such rate.

Employee Matters. Tyson agreed that, subject to applicable law, the Surviving Corporation and its subsidiaries would provide benefits to their employees which would, in the aggregate, be comparable to those currently provided by Tyson and its subsidiaries to their employees; provided, however, that this provision would not apply to any employees represented for purposes of collective bargaining.

Stock Exchange Listing. Tyson agreed to use its reasonable best efforts to cause the shares of Tyson Class A Common Stock to be issued in connection with the Exchange Offer and the Merger to be listed on the NYSE, subject to official notice of issuance.

Acquisitions of IBP Shares. Tyson and Purchaser would not acquire any IBP Shares prior to the Effective Time or the termination of the Merger Agreement, other than IBP Shares purchased pursuant to the Offer or the Exchange Offer.

Mutual Covenants of Tyson and IBP

Pursuant to the Merger Agreement, Tyson and IBP agreed to comply with various mutual covenants.

IBP Proxy Statement and Merger Form S-4. If Purchaser did not own at least 90% of the issued and outstanding IBP Shares following consummation of the Offer and the Exchange Offer, the Merger Agreement as originally executed on January 1, 2001 provided that IBP would promptly prepare its proxy statement (the "IBP

31

Proxy Statement") for soliciting proxies to vote at the special meeting of stockholders called to vote on the Merger Agreement and the Merger.

Certain Regulatory Issues. Each party would use its reasonable best efforts to take, or cause to be taken, all actions and to do, or cause to be done, all things necessary, proper or advisable under applicable laws and regulations to consummate the transactions contemplated by the Merger Agreement. Each party would refrain from taking, directly or indirectly, any action contrary to or inconsistent with the provisions of the Merger Agreement, including action which would interfere with the Offer or impair such party's ability to consummate the Merger. The Merger Agreement provides that IBP and the IBP Board would use their reasonable best efforts to (a) take all action necessary so that no state takeover statute or similar statute or regulation was or would become applicable to the Offer, the Exchange Offer, the Merger or any of the other transactions contemplated by the Merger Agreement and (b) if any state takeover statute or similar statute or regulation became applicable to any of the foregoing, take all action necessary so that the Offer, the Exchange Offer, the Merger and the other transactions contemplated by the Merger

Edgar Filing: TYSON FOODS INC - Form PREM14C

Agreement might be consummated as promptly as practicable on the terms contemplated by the Merger Agreement and otherwise to minimize the effect of such statute or regulation on the Offer, the Exchange Offer and the Merger. Tyson would take such actions as might be necessary to eliminate any impediment under any antitrust, competition or trade regulation laws that might be asserted by any governmental entity with respect to the Offer, the Exchange Offer or the Merger so as to enable the Offer, the Exchange Offer and the Merger to occur as soon as reasonably practicable. Without limiting the generality of the foregoing, Tyson would agree to divest, hold separate, or agree to any conduct restrictions with respect to any Tyson or IBP assets or may be required by any governmental entity in order to forego that governmental entity bringing any action to enjoin the Offer, the Exchange Offer or the Merger.

Public Announcements. Each of Tyson and IBP would consult with each other before issuing any press release or making any public statement with respect to the Merger Agreement and not issue any such press release or make any such public statement prior to such consultation.

Conditions to the Merger

The obligations of IBP, Tyson and Purchaser to consummate the Merger would be subject to the satisfaction or, to the extent permitted by law, waiver of the following conditions:

(a) the Merger Agreement having been approved and adopted by the stockholders of IBP in accordance with Delaware law;

(b) any applicable waiting period under the HSR Act relating to the Offer and the Merger having expired or been terminated;

(c) no provision of any applicable law or regulation and no judgment, injunction, order or decree prohibiting the consummation of the Merger;

(d) the Merger Form S-4 having been declared effective, no stop order suspending the effectiveness of the Merger Form S-4 being in effect and no proceedings for such purpose will be pending before the SEC; and

(e) the shares of Tyson Class A Common Stock to be issued in the Exchange Offer and the Merger have been approved for listing on the NYSE, subject to official notice of issuance.

The obligation of IBP to consummate the Merger would also be subject to the condition that the Purchaser had purchased the IBP Shares representing, together with IBP Shares previously owned by Tyson, no less than 50.1% of the issued and outstanding IBP Shares.

Termination

Edgar Filing: TYSON FOODS INC - Form PREM14C

The Merger Agreement could be terminated and the Merger could be abandoned at any time prior to the Effective Time (notwithstanding any approval of the Merger Agreement by the stockholders of IBP):

(a) by mutual written agreement of IBP and Tyson;

(b) (i) by IBP, if the Offer had not been consummated by February 28, 2001, provided that IBP was not then in breach in any material respect of any of its obligations under the Merger Agreement; or (ii) by either IBP or Tyson (but in case of Tyson, only if no IBP Shares were purchased by Purchaser pursuant to the Offer or the Exchange Offer) if the Merger had not been consummated by May 31, 2001, provided that the party seeking to exercise such right was not then in breach in any material respect of any of its obligations under the Merger Agreement;

(c) by either IBP or Tyson if there was any law or regulation that made acceptance for payment of, and payment for, the IBP Shares pursuant to the Offer, or consummation of the Merger illegal or otherwise prohibited or any judgment, injunction, order or decree of any court or governmental body having competent jurisdiction permanently enjoining Purchaser from accepting for payment of, and paying for, the IBP Shares pursuant to the Offer or Purchaser, IBP or Tyson from consummating the Merger and such judgment, injunction, order or decree having become final and nonappealable;

(d) by Tyson, prior to the purchase of the IBP Shares pursuant to the Offer, (i) if the IBP Board had withdrawn, or modified or amended in a manner adverse to Tyson, its approval or recommendation of the Merger Agreement, the Offer, the Exchange Offer or the Merger or its recommendation that stockholders of IBP tender their IBP Shares pursuant to the Offer and the Exchange Offer, adopt and approve the Merger Agreement and the Merger or approved, recommended or endorsed any proposal for a transaction other than the transactions hereunder (including a tender or exchange offer for IBP Shares) or (ii) if IBP failed to call the IBP stockholder meeting or failed to mail the IBP Proxy Statement to its stockholders within 20 days after the Merger Form S-4 was declared effective by the SEC or failed to include in such statement the recommendation referred to above;

(e) by IBP, if (i) the IBP Board authorized IBP, subject to complying with the terms of the Merger Agreement, to enter into a binding written agreement concerning a transaction that constitutes a Superior Proposal and IBP notified Tyson in writing at least three business days prior to the proposed effectiveness of such termination that it intended to enter into such an agreement, attaching a description of the material terms and conditions thereof and permitted Tyson, within such three business day period to submit a new offer, which would be considered by the Special Committee in good faith (it being understood that IBP would not enter into any such binding agreement during such three-day period) and (ii) IBP prior to such termination paying to Tyson in immediately available funds the Termination Fee (defined below) and the fees required to be paid pursuant to the Merger Agreement;

(f) by Tyson, if prior to the acceptance for payment of the

Edgar Filing: TYSON FOODS INC - Form PREM14C

IBP Shares under the Offer, there had been a breach by IBP of any representation, warranty, covenant or agreement contained in the Merger Agreement that was not curable and such breach would give rise to a failure of the condition to the Merger Agreement;

(g) by IBP, if prior to the acceptance for payment of the IBP Shares under the Offer there had been a breach by Tyson of any representation, warranty, covenant or agreement contained in the Merger Agreement that was not curable and such breach would give rise to a failure of the condition to the Offer (which shall be construed to apply to Tyson); or

33

(h) by either IBP or Tyson if, at a duly held stockholders meeting of IBP or any adjournment thereof at which the Merger Agreement and the Merger were voted upon, the requisite stockholder adoption and approval shall not have been obtained; provided, however, that Tyson would not have the right to terminate the Merger Agreement or abandon the transactions contemplated thereby if IBP Shares were purchased in the Offer.

Fees and Expenses

Except as otherwise specified below, all fees and expenses incurred in connection with the Merger Agreement and the transactions contemplated thereby would be paid by the party incurring such expenses.

The Merger Agreement provided that if it was terminated under circumstances which would constitute a Payment Event (as defined below), IBP would pay to Tyson (i) if pursuant to clause (x) in the definition of "Payment Event" below, simultaneously with the occurrence of such Payment Event or, if pursuant to clause (y) in the definition of "Payment Event" below, within two business days following such Payment Event, a fee of \$15,000,000 (the "Termination Fee") and (ii) a reimbursement payment of \$66,500,000, in cash, together with interest thereon, at a rate equal to the London Interbank Offered Rate plus 0.75%, from January 2, 2001 to the date such payment was due pursuant to the Merger Agreement (collectively, the "Reimbursement Payment"), reflecting reimbursement of the amounts advanced by Tyson to IBP on January 2, 2001 and used by IBP to pay the termination fee and the out-of-pocket fees and expenses owed to Rawhide Holdings Corporation under the Rawhide Merger Agreement. The advance was evidenced by a note that, in the event of termination of the Merger Agreement, would be repaid only on the terms set forth in the Merger Agreement with respect to the Reimbursement Payment, and that would survive the consummation of the Merger if the Merger was completed. "Payment Event" means (x) the termination of the Merger Agreement by IBP or Tyson pursuant to subsection (d) or (e) under the section "Termination"; or (y) the termination of the Merger Agreement pursuant to subsection (b), (f) or (h) under the section "Termination", if at the time of such termination (or, in the case of a termination pursuant to subsection (h) under the section "Termination," at the time of the stockholders meeting), there shall have been outstanding an Acquisition Proposal pursuant to which stockholders of IBP would receive cash, securities or other consideration having an aggregate value in excess of \$30.00, and within six months of any such termination described in clause (y) above IBP

Edgar Filing: TYSON FOODS INC - Form PREM14C

entered into a definitive agreement for or consummated such Acquisition Proposal or another Acquisition Proposal with a higher value than such Acquisition Proposal.

Upon the termination of the Merger Agreement under circumstances which would constitute a Payment Event, IBP would reimburse Tyson and its affiliates not later than two business days after demand delivered by Tyson to IBP, the amount of \$7,500,000 representing Tyson's fees and expenses (including, without limitation, the fees and expenses of their counsel and investment banking fees) and Tyson would not be required to submit documentation substantiating such fees and expenses.

The Merger Agreement provided that Tyson would pay to IBP a fee of \$70 million if the Merger Agreement was terminated (i) by Tyson or IBP pursuant to subsection (c) of the section "Termination" or (ii) by IBP pursuant to subsection (b) of the section "Termination" if the inability to close was attributable to there being any law or order enacted or entered that imposed material limitations on Tyson's ability to operate its business, own its assets, accept IBP Shares for payment in the Offer or acquire IBP, provided, however, that, in each case, such termination resulted from any action, suit, proceeding, judgment, writ, injunction, order or decree with respect to any antitrust, competition or trade regulation laws that might be asserted by any governmental entity with respect to the Offer, the Exchange Offer or the Merger.

Amendments

At any time prior to the Effective Time, the Merger Agreement could be amended by an instrument signed by Tyson, Purchaser and IBP. However, after adoption of the Merger Agreement by the stockholders of IBP, the

34

Merger Agreement could not be amended by any amendment which by law required the further approval of the stockholders of IBP unless the stockholders of IBP had given their approval.

The Stipulation

The Stipulation provides that except as modified by the Stipulation, the terms of the Merger Agreement remain in full force and effect. The Stipulation modified the Merger Agreement as follows:

The Offer

The Stipulation provided for the making of the Offer. Purchaser's obligation to accept for payment and pay for IBP Shares tendered pursuant to the Offer was subject to the satisfaction, expiration or waiver of certain conditions in the Merger Agreement.

Edgar Filing: TYSON FOODS INC - Form PREM14C

The Exchange Offer and the Cash Election Merger

The Stipulation eliminated the provisions in the Merger Agreement requiring Tyson and the Purchaser to commence the Exchange Offer described above under "The Merger Agreement -- The Merger" and eliminated all related provisions from the Merger Agreement. The Stipulation also eliminated the provisions in the Merger Agreement requiring that Tyson, the Purchaser and IBP to effect the Cash Election Merger under the circumstances described above under "The Merger Agreement -- The Merger" and eliminated all related provisions from the Merger Agreement.

IBP Representations

The Stipulation eliminated all of the representations and warranties of IBP contained in the Merger Agreement, except for IBP's representations and warranties (subject to a disclosure schedule provided by IBP to Tyson) relating to its organization and governmental qualification; its articles of incorporation and bylaws; capitalization; corporate authorizations; absence of conflicts; and required filings and consents. Termination Fee

The Stipulation increased the Termination Fee described above under "The Merger Agreement-- Fees and Expenses" from \$15,000,000 to \$59,000,000.

Covenant of Tyson

The Stipulation provides that Tyson will not split, combine or reclassify any shares of its capital stock, declare, set aside or pay any dividend or other distribution in respect of its capital stock except regular quarterly dividends, or, redeem, repurchase or otherwise acquire or offer to redeem, repurchase, or otherwise acquire any of its securities or any securities of its subsidiaries.

Covenants of IBP

The Stipulation provides that all covenants in the Merger Agreement would remain in full force and effect (subject to a disclosure schedule provided by IBP to Tyson) except as noted in "Stipulation -- Termination Fee", but that only compliance with the covenants relating to Conduct of IBP, Access to Information, Notices of Certain Events

and Tax Matters would (subject to a disclosure schedule provided by IBP to Tyson) be a condition to the Offer. See "The Merger Agreement -- Covenants of IBP".

Mutual Covenants of Tyson and IBP

Edgar Filing: TYSON FOODS INC - Form PREM14C

The Stipulation provides that IBP would commence preparation of the IBP Proxy Statement and Tyson would promptly prepare the Merger Form S-4 and they would cause such documents to be filed with the SEC as promptly as practicable. The IBP Proxy Statement would be mailed to IBP's stockholders of record promptly after the Merger Form S-4 has been declared effective by the SEC and the IBP Shares acquired in the Offer have been registered in the name of Tyson or the Purchaser. IBP would provide to the institutions providing the financing for the Offer such reasonable and customary certificates as are necessary with respect to its historical financial statements in connection with the obtaining of such financing. IBP's compliance with these covenants (subject to a disclosure schedule provided by IBP to Tyson) was a condition to the Offer.

Termination

The Stipulation provides that the date referred to in (b)(i) above under "The Merger Agreement-- Termination" shall be changed to August 15, 2001. The Stipulation also provides that the termination events described above in (b)(ii), (c) and (f) under "The Merger Agreement-- Termination" are eliminated.

Recommendation

At a meeting held on June 26, 2001, the IBP Board, by a unanimous vote of those present, determined that the Stipulation was in the best interests of IBP and its stockholders and was the best means to resolve the outstanding issues and disputes relating to the Merger Agreement and to facilitate consummation of the transactions contemplated by the Merger Agreement. All of the IBP Board members were present for the vote, except for Martin A. Massengale, who expressed his support for the Stipulation at the meeting before he excused himself from the meeting.

Voting Agreement

On January 1, 2001, the Partnership and IBP entered into the Voting Agreement, a copy of which is filed as an exhibit to the Schedule TO, pursuant to which the Partnership agreed to vote all of the shares of Tyson Class B Common Stock that it owns to approve the issuance of Tyson Class A Common Stock with respect to the Exchange Offer and the Merger at Tyson's stockholder meeting. The Partnership owns 102,598,560 shares of Tyson Class B Common Stock representing approximately 90% of the voting power of Tyson, thus assuring Tyson shareholder approval. On June 27, 2001, the Partnership delivered a letter, a copy of which is filed as an exhibit to the Schedule TO, by which the Partnership consented to the Stipulation and confirmed that the terms of the Voting Agreement remained in full force and effect. The written consent referred to in this Information Statement has eliminated the requirement of a Tyson stockholder meeting.

CERTAIN LEGAL MATTERS

IBP Stockholder and Merger Agreement Litigation in Delaware. Between October 2 and November 1, 2000 fourteen purported class actions were filed in the Delaware Court of Chancery against IBP and the members of the IBP Board, and Rawhide Acquisition Corporation ("Rawhide") and its affiliates, entitled *Baruch Mappa v. Richard L. Bond, et*

al., C.A. No. 18373-NC; Michael Taragin v. Richard L. Bond, et al., C.A. No. 18374-NC; David Shae v. Rawhide Acquisition Corporation, et al., C.A. No. 18375-NC; Charles Miller v. Richard L. Bond, et al., C.A. No. 18376-NC; Olga Fried v. Richard L. Bond, et al., C.A. No. 18377-NC; Peter Robbins v. IBP, inc., et al., C.A. No. 18382-NC; Jerry Krim and Jeffrey Kassoway v. IBP, inc., et al., C.A. No. 18383-NC; Harriet Rand v. Richard L. Bond, et al., C.A. No. 18385-NC; Albert Ominsky v. Richard L. Bond, et al., C.A. No. 18386-NC; Oliver Burt V. Richard L. Bond, et al., C.A. No. 18398-NC; Eric Meyer v. Richard L. Bond, et al., C.A. No. 18399-NC; Louise E. Murray v. Rawhide Acquisition Corporation, et al., C.A. No. 18411-NC; Marvin Masel v. Richard L. Bond, et al., C.A. No. 18413-NC; and Rocco Landesman v. IBP, inc., C.A. No. 18474-NC, alleging that the terms of the Rawhide Agreement were unfair to IBP's stockholders. On November 13, 2000, the Delaware Court of Chancery entered an order consolidating these actions into a single action under the caption In re IBP, inc. Shareholders Litigation, C.A. No. 18373-NC (the "Consolidated Action"). On December 5, 2000, the Delaware Court of Chancery issued an order designating the Landesman complaint as the operative complaint. On January 8, 2001, plaintiffs filed a consolidated amended complaint in the Consolidated Action which added Tyson and Purchaser as defendants and alleged, on behalf of the class of IBP's stockholders, that the proposed transaction between IBP and Tyson was also unfair and had been entered into in breach of the fiduciary duties of IBP's Board, with the complicity of Tyson. Plaintiffs also asserted a derivative claim on behalf of IBP, alleging that its directors wrongfully agreed to the Rawhide Agreement and the termination fee and expense reimbursement provisions therein.

On March 29, 2001, Tyson filed an action in the Chancery Court of Washington County, Arkansas, entitled Tyson Foods, Inc. et al. v. IBP, inc., Case No. E 2001-749-4 (the "Arkansas Lawsuit"), alleging that Tyson had been inappropriately induced to enter into the Merger Agreement and that IBP was in breach of various representations and warranties made in the Merger Agreement.

On March 30, 2001, IBP filed an answer to the amended consolidated complaint and a cross-claim (amended on April 2, 2001) against Tyson in the Consolidated Action. As amended, IBP's cross-claim sought a declaration that Tyson could not rescind or terminate the Merger Agreement, specific enforcement of the Merger Agreement and damages for breach of the Confidentiality Agreement. On April 2, 2001, IBP filed amended cross-claims against Tyson to add an alternative claim for damages and a claim for breach of the Confidentiality Agreement. On April 19, 2001, the Delaware Court of Chancery issued a temporary restraining order in the Consolidated Action prohibiting Tyson from proceeding with the Arkansas Lawsuit.

On April 23, 2001, Tyson filed an answer and affirmative defenses in the Consolidated Action, denying the material allegations against it and asserting counterclaims (amended on May 3, 2001) against IBP. As amended, the counterclaims asserted claims for fraud, constructive fraud, negligent misrepresentation, material misrepresentation and mistake in connection with the inducement of the Merger Agreement, for breach of representations and warranties in the Merger Agreement, and related declaratory relief. On April 27, 2001, plaintiffs filed a second consolidated and amended complaint in the Consolidated Action seeking declaratory relief and specific performance of Tyson's alleged

Edgar Filing: TYSON FOODS INC - Form PREM14C

obligation to consummate the previously commenced and terminated cash tender offer (the "Cash Tender Offer") and asserting a derivative claim against IBP's directors in connection with IBP's payment of the Rawhide termination fee. On May 10, 2001 the Delaware Court of Chancery denied Tyson's motion for partial summary judgment, and dismissed without prejudice IBP's claim for damages for breach of the Confidentiality Agreement. On May 13, 2001, IBP filed a reply and affirmative defenses to the counterclaims which denied the material allegations against it. Following expedited discovery, the Delaware Court of Chancery conducted a nine day trial, beginning on May 14, 2001, on IBP's and the plaintiffs' claims for specific performance with respect to the Cash Tender Offer and the Merger Agreement and Tyson's counterclaims. On June 15, 2001, following expedited post-trial briefing, the Delaware Court of Chancery issued a memorandum opinion, which was issued in revised form on June 18, 2001 (the "Post-Trial Opinion"), in which the Court concluded, among other things, that (1) the Merger Agreement is a valid and enforceable contract that was not induced by any material misrepresentation or omission, (2) Tyson did not breach the Merger Agreement or any duty to IBP's stockholders by failing to close the Cash Tender Offer, (3) Tyson did not have a basis to terminate the Merger Agreement under its terms, and (4) specific performance of the Merger Agreement was the only method by which to adequately redress the harm threatened to IBP and its stockholders.

Subsequently, counsel for plaintiffs in the Consolidated Action negotiated with Tyson and IBP in an effort to reach a settlement of the class and derivative claims in the Consolidated Action. Negotiations also took place

37

between IBP and Tyson concerning their respective claims against each other. As a result of these negotiations and in accordance with the Post-Trial Opinion, Tyson and IBP presented an Order, Judgment and Decree to the Delaware Court of Chancery, entered on June 27, 2001, requiring Tyson and its affiliates to specifically perform the Merger Agreement as modified by, and subject to the conditions contained in, the Stipulation, including making this Offer and effecting the Merger. See "The Stipulation". The Stipulation provides that if the Offer is not consummated by August 15, 2001 (or by September 1, 2001, if Tyson has failed to obtain financing to pay for tendered shares by such earlier date) or the Merger is not consummated by November 15, 2001, (a) either IBP or Tyson will be entitled to move the Delaware Court of Chancery for an appropriate remedy including, but not limited to, specific performance of such transactions, specific performance of the Cash Election Merger, and/or damages, and each party will be entitled to oppose any such motion on any appropriate grounds, and (b) IBP will be entitled to move for an award of interest and/or an adjustment to the financial terms of the consideration to be paid to the stockholders on account of what the Delaware Court of Chancery has determined to be Tyson's breach, and Tyson will be entitled to oppose such motion on any appropriate grounds. The Stipulation further provides that nothing other than Tyson's consummation of the Offer and the Merger will be deemed to exculpate Tyson from any liability for breach of the Merger Agreement under the Opinion.

The Stipulation states that the Delaware Court of Chancery retains exclusive jurisdiction over the Consolidated Action to assure compliance with the terms of the Order, Judgment and Decree and the Stipulation. Tyson has agreed not to seek to vacate or modify the Delaware Court of Chancery's preliminary injunction dated May 10, 2001 and not to commence any action against

Edgar Filing: TYSON FOODS INC - Form PREM14C

IBP arising out of or relating to the Stipulation in any other forum unless and until the Delaware Court of Chancery determines that Tyson is not required to consummate the Offer or IBP moves for an award of interest, an adjustment to the financial terms of the consideration to be paid to IBP's stockholders and/or damages on account of what such Court has determined to be Tyson's breach of the Merger Agreement. Tyson has agreed that, promptly following consummation of the Offer, it will take all necessary steps to obtain dismissal of the Arkansas Lawsuit.

The Order, Judgment and Decree is not currently an appealable order. The Stipulation provides that neither Tyson nor IBP will move for the entry of an appealable order unless and until the Delaware Court determines that Tyson is not required to consummate the Offer or IBP moves for an award of interest, an adjustment to the financial terms of the consideration to be paid to IBP's stockholders and/or damages on account of what the Delaware Court of Chancery has determined to be Tyson's breach of the Merger Agreement.

On June 27, 2001, the parties to the Consolidated Action, including the plaintiffs in such action, entered into a stipulation of settlement, subject to approval by the Delaware Court of Chancery (the "Settlement Order"), which provides that:

- o Tyson has agreed to proceed with the performance of its obligations under the Merger Agreement, as revised by the Stipulation, including making the Offer and effecting the Merger, subject to the terms and conditions set forth in the Merger Agreement as modified by the Stipulation, and without taking an immediate appeal from the rulings in the Post-Trial Opinion;
- o IBP has agreed to obtain from JP Morgan an updated opinion on the fairness to IBP's stockholders from a financial point of view of the Merger Agreement as modified by the Stipulation;
- o Tyson and IBP have agreed that plaintiffs' counsel may review and comment upon draft tender offer documents and proxy materials for IBP's stockholders in connection with the Merger; plaintiffs' class claims against all defendants in the Consolidated Action shall be dismissed and plaintiffs' derivative claims on behalf of IBP against all defendants as asserted in the Consolidated Action shall be dismissed; and
- o all claims that were or could have been asserted in the Consolidated Action shall be extinguished.

On August 3, 2001, the Delaware Court of Chancery held a hearing to determine whether the Settlement Order should be approved. After the conclusion of the hearing, the Court entered the Settlement Order in modified form, excluding from the description of claims extinguished by the settlement the securities claims against Tyson and IBP described below. The Court also awarded the plaintiffs' attorneys an award of fees and expenses of \$300,000, to be paid by Tyson and IBP.

Tyson Stockholder Derivative Litigation. On June 19, 2001, Alan Shapiro, a purported Tyson stockholder, commenced a derivative action on behalf of Tyson seeking monetary damages in the Delaware Court of Chancery. The action, entitled Alan Shapiro v. Barbara R. Allen, et al., C.A. No. 18967-NC, names as individual defendants the members of Tyson's Board of Directors and several current and former Tyson executives. Tyson is named as nominal defendant. The complaint alleges that the individual defendants violated their fiduciary duties by attempting to terminate the Merger Agreement and that as a result, Tyson has been harmed. Tyson and the individual defendants intend to vigorously defend these claims and, on July 17, 2001, filed a motion to dismiss the complaint. A schedule for briefing on the motion to dismiss has not yet been agreed upon by the parties or ordered by the Court.

IBP Stockholder Securities Litigation Against Tyson. Between June 22 and July 20, 2001, various plaintiffs commenced purported class actions against Tyson, Don Tyson, John Tyson and Les R. Baledge in the United States District Court for the District of Delaware, seeking monetary damages on behalf of IBP's stockholders. The actions, entitled Meyer v. Tyson Foods, Inc., et al., C.A. No. 01-425 SLR, Banyan Equity Mgt. v. Tyson Foods, Inc. et al., C.A. No. 01-426 GMS, Steiner v. Tyson Foods, Inc., et al., C.A. No. 01-462 GMS, Aetos Corp. et al. v. Tyson, et al., C.A. No. 01-463 GMS, Meyers, et al. v. Tyson Foods, Inc., et al., C.A. No. 01-489, Binsky v. Tyson Foods, Inc., et al., C.A. No. 01-495, and Management Risk Trading LP v. Tyson Foods, Inc., et al., C.A. No. 01-496 assert claims under the Exchange Act. Specifically, they allege that the defendants violated Section 10(b) of the Exchange Act and Rule 10b-5 promulgated thereunder, and that the individual defendants violated Section 20(a) of the Exchange Act by making, or causing to be made, allegedly false and misleading statements in connection with Tyson's attempted termination of the Merger Agreement. It is alleged that as a result of the defendants' conduct, plaintiffs and other members of the class who sold IBP Shares during the period from March 29, 2001 through June 15, 2001, were harmed. Tyson intends to vigorously defend these claims.

Other IBP Stockholder Securities Litigation Against IBP. On November 8, 2000, an action was filed in the United States District Court for the District of South Dakota entitled Teamsters Local Nos. 175 And 505 Pension Trust Fund v. IBP, inc. et al., C.A. No. 00-4211. This complaint named as defendants IBP, each of its directors, DLJ, Archer-Daniels-Midland Company and Booth Creek Partners Limited III, L.L.L.P. Seeking to represent a purported class of IBP's stockholders excluding the defendants, plaintiff alleged that IBP's directors, aided and abetted by the other defendants, breached their fiduciary duties to plaintiffs and the alleged class by (1) entering into the Rawhide Agreement and agreeing to sell IBP at an inadequate price, (2) advancing their personal interests at the expense of IBP's public stockholders and (3) erecting barriers to competing bids, including the termination fee provisions in the Rawhide Agreement. The Teamsters complaint requested preliminary and permanent injunctive relief against consummation of the Rawhide merger, rescission of the Rawhide merger in the event it was consummated, monetary damages and an award of attorneys' fees. On December 7, 2000, the South Dakota federal district court granted the defendants' motion to stay this action pending resolution of the Consolidated Action and denied as moot the plaintiff's application for a temporary restraining order enjoining the enforcement of the termination fee and "no shop" provisions of the Rawhide Agreement. The Teamsters voluntarily

Edgar Filing: TYSON FOODS INC - Form PREM14C

dismissed their action without prejudice in April 2001.

On January 11, 2001, a second shareholder lawsuit was commenced in the South Dakota federal district court entitled Reier v. Bond, et al., C.A. No. 01-4010. Purporting to sue derivatively on behalf of IBP, the plaintiff asserted claims against IBP's directors under the federal securities laws and state common law. Plaintiff alleged that defendants caused IBP to file a false and misleading Schedule 14D-9 in response to Tyson's cash tender offer in

39

violation of Section 14(e) of the Exchange Act by, among other things, (i) failing to disclose facts relating to the commercial relationship between JP Morgan and Tyson, (ii) representing that defendants had determined that the Tyson Cash Tender Offer, Exchange Offer and Merger were fair to and in the best interests of IBP, and (iii) including financial projections that understated IBP's revenue, net income and margins in order to justify such determination. Plaintiff further alleged that IBP's directors breached their fiduciary duties by agreeing to the termination fee provisions of the Rawhide Agreement on October 1, 2000 and accepting Tyson's bid on January 1, 2001 even though it offered consideration "substantially below the consideration being offered by another bidder." The complaint sought: (a) declarations that IBP's Schedule 14D-9 violated the federal securities laws and that the Rawhide Agreement and Merger Agreement were entered into in breach of defendants' fiduciary duties; (b) an order directing defendants to exercise their fiduciary duties to obtain a transaction which is in IBP's best interests; (c) compensatory damages of not less than \$442 million and punitive damages; and (d) the costs and disbursements of the action, including reasonable attorneys' and experts' fees. On January 30, 2001, defendants moved to stay this action pending resolution of the Consolidated Action and to dismiss the Section 14(e) claim for failure to state a claim on which relief may be granted. The motion remains pending.

Between February 12 and April 5, 2001, six lawsuits were filed by certain purported stockholders of IBP in the United States District Court for the District of South Dakota and a seventh suit was filed in the United States District Court for the Southern District of New York against IBP and certain members of IBP's senior management. The actions filed in the United States District Court for the District of South Dakota are captioned Krim v. Iowa Beef Processors, Inc., et al., Meyer v. Iowa Beef Processors, Inc., et al., Dearman v. Iowa Beef Processors, Inc., Mulligan Partners, L.P. et al. v. IBP, inc. et al., Barrie v. Iowa Beef Processors, Inc. et al., and Rourke et al. v. Iowa Beef Processors, Inc. et al. The action in the United States District Court for the Southern District of New York is captioned Gottesman v. Iowa Beef Processors, Inc. et al. These lawsuits each allege that the defendants violated sections 10(b) and 20(a) of the Exchange Act, and Rule 10b-5 promulgated thereunder, by issuing materially false statements about IBP's financial results for 1999 and the first three quarters of 2000. The plaintiffs in these actions seek certification of a class of all persons who purchased IBP common stock between February 7, 2000 and either January 25, 2001 or March 13, 2001. On July 18, 2001, the United States District Court for the District of South Dakota issued an order appointing Tiedemann Investment Group as lead plaintiff under the Private Securities Litigation Reform Act of 1996 for the actions pending in that court and directed Tiedemann Investment Group to file a consolidated amended complaint within 20 days of its receipt of the court's order. The action in the United States District Court for the Southern District of New York was dismissed without prejudice, and the plaintiff in that action has refiled the action in

the United States District Court for the District of South Dakota.

Members of the Board of Directors:

IBP, inc. (the "Company"), Tyson Foods, Inc. (the "Acquiror") and Lasso Acquisition Corporation, a wholly owned subsidiary of the Acquiror (the "Acquisition Sub"), have entered into an Agreement and Plan of Merger dated as of January 1, 2001 (the "Agreement") pursuant to which (i) the Acquiror and the Acquisition Sub will amend the outstanding tender offer (the "Offer") to acquire 50.1% of the issued and outstanding shares of common stock, par value \$.05 per share, of the Company (the "Company Shares"), including Company Shares already owned by the Acquiror, to reflect a purchase price of \$30.00 per share net to the seller in cash (the "Cash Consideration"), (ii) the Acquiror and the Acquisition Sub will commence an offer to exchange (the "Exchange Offer") for each Company Share not accepted for payment and paid for in the Offer the number of shares (the "Stock Consideration") of Class A Common Stock, par value \$0.10 per share, of the Acquiror (the "Acquiror Shares") equal to the Exchange Offer Ratio (as defined below), and (iii) the Company will be merged with and into the Acquisition Sub in a merger (the "Merger") in which each Company Share not acquired in the Offer and the Exchange Offer, other than Company Shares held in treasury or owned by the Acquiror or any of its subsidiaries, all of which shall be canceled, would be converted into the right to receive the number of Acquiror Shares (the "Merger Consideration," and collectively with the Cash Consideration and the Stock Consideration, taken as a whole, the "Consideration") equal to the Exchange Ratio (as defined below). The Offer, the Exchange Offer and the Merger, taken together, are referred to as the "Transaction."

For purposes of our opinion: (i) the term "Exchange Offer Ratio" shall be equal to (a) if the Average Price (as defined below) is equal to or greater than \$15.40, 1.948 Acquiror Shares (b) if the Average Price is less than \$15.40

Edgar Filing: TYSON FOODS INC - Form PREM14C

and greater than \$12.60, the number of Acquiror Shares equal to \$30.00 divided by the Average Price, or (c) if the Average Price is equal to or less than \$12.60, 2.381 Acquiror Shares; (ii) the term "Exchange Ratio" shall be equal to (a) if the Average Acquiror Common Stock Price (as defined below) is equal to or greater than \$15.40, 1.948 Acquiror Shares, (b) if the Average Acquiror Common Stock Price is less than \$15.40 and greater than \$12.60, the number of Acquiror Shares equal to \$30.00 divided by the Average Acquiror Common Stock Price, or (c) if the Average Acquiror Common Stock Price is equal to or less than \$12.60, 2.381 Acquiror Shares; (iii) the term "Average Price" means the average of the closing price per share of the Acquiror Shares on the New York Stock Exchange for the 15 trading days ending on the second trading day immediately preceding the expiration date of the Exchange Offer; and (iv) the term "Average Acquiror Common Stock Price" means the average of the closing price per share of the Acquiror Shares on the New York Stock Exchange for the 15 trading days ending on the fifth trading day immediately preceding the effective date of the merger.

You have asked us whether, in our opinion, the Consideration to be paid by the Acquiror pursuant to the Transaction is fair from a financial point of view to the Acquiror.

In arriving at the opinion set forth below, we have, among other things:

(1) Reviewed certain publicly available business and financial information relating to the Company and the Acquiror that we deemed to be relevant;

(2) Reviewed certain information, including financial forecasts, relating to the business, earnings, cash flow, assets, liabilities and prospects of the Company and the Acquiror furnished to us by the Company and the Acquiror, respectively;

46

(3) Conducted discussions with members of senior management and representatives of the Company and the Acquiror concerning the matters described in clauses 1 and 2 above, as well as their respective businesses and prospects before and after giving effect to the Transaction;

(4) Reviewed the market prices and valuation multiples for the Company Shares and compared them with those of certain publicly traded companies that we deemed to be relevant;

(5) Reviewed the results of operations of the Company and compared them with those of certain publicly traded companies that we deemed to be relevant;

(6) Compared the proposed financial terms of the Transaction with the financial terms of certain other transactions that we deemed to be relevant;

(7) Participated in certain discussions and negotiations among representatives of the Company and the Acquiror and their financial and legal advisors;

(8) Reviewed the potential pro forma impact of the Transaction;

Edgar Filing: TYSON FOODS INC - Form PREM14C

(9) Reviewed the Agreement; and

(10) Reviewed such other financial studies and analyses and took into account such other matters as we deemed necessary, including our assessment of general economic, market and monetary conditions.

In preparing our opinion, we have assumed and relied on the accuracy and completeness of all information supplied or otherwise made available to us, discussed with or reviewed by or for us, or publicly available, and we have not assumed any responsibility for independently verifying such information or undertaken an independent evaluation or appraisal of any of the assets or liabilities of the Company or the Acquiror or been furnished with any such evaluation or appraisal. In addition, we have not assumed any obligation to conduct any physical inspection of the properties or facilities of the Company or the Acquiror. With respect to the financial forecast information furnished to or discussed with us by the Company or the Acquiror, we have assumed that they have been reasonably prepared and reflect the best currently available estimates and judgment of the Company's or the Acquiror's management as to the expected future financial performance of the Company or the Acquiror, as the case may be. We have further assumed that the Offer, the Exchange Offer and the Merger, taken together, will qualify as a tax-free reorganization for U.S. federal income tax purposes.

Our opinion is necessarily based upon market, economic and other conditions as they exist and can be evaluated on, and on the information made available to us as of, the date hereof. We have assumed that in the course of obtaining the necessary regulatory or other consents or approvals (contractual or otherwise) for the Transaction, no restrictions, including any divestiture requirements or amendments or modifications, will be imposed that will have a material adverse effect on the contemplated benefits of the Transaction.

We are acting as financial advisor to the Acquiror in connection with the Transaction and will receive a fee from the Acquiror for our services, a significant portion of which is contingent upon the acceptance for payment by the Acquiror of Company Shares pursuant to the Offer. In addition, the Acquiror has agreed to indemnify us for certain liabilities arising out of our engagement. We have, in the past, provided financial advisory and financing services to the Acquiror and/or its affiliates and may continue to do so and have received, and may receive, fees for the rendering of such services. In addition, in the ordinary course of our business, we may actively trade the Company Shares and other securities of the Company as well as the Acquiror Shares and other securities of the Acquiror, for our own account and for the accounts of customers and, accordingly, may at any time hold a long or short position in such securities.

This opinion is for the use and benefit of the Board of Directors of the Acquiror. Our opinion does not address the merits of the underlying decision by the Acquiror to engage in the Transaction and does not constitute a recommendation to any shareholder of the Acquiror as to how such shareholder should vote on the issuance of the

Acquiror Shares pursuant to the Exchange Offer, the Merger and the transactions contemplated by the Agreement or any matter related thereto.

We are not expressing any opinion herein as to the prices at which the Acquiror Shares will trade following the announcement or consummation of the

Edgar Filing: TYSON FOODS INC - Form PREM14C

Transaction.

On the basis of and subject to the foregoing, we are of the opinion that, as of the date hereof, the Consideration to be paid by the Acquiror pursuant to the Transaction is fair from a financial point of view to the Acquiror.

Very truly yours,

MERRILL LYNCH, PIERCE, FENNER & SMITH
INCORPORATED

ANNEX B

[LETTERHEAD OF STEPHENS INC.]

January 1, 2001

Board of Directors Tyson Foods, Inc.
2210 West Oaklawn Drive
Springdale, Arkansas 72762-6999

Ladies and Gentlemen:

We have acted as your financial advisor in connection with the proposed merger (the "Transaction") among Tyson Foods, Inc. ("Tyson"), Lasso Acquisition Corporation ("Purchaser"), a wholly-owned subsidiary of Tyson, and IBP, inc. ("IBP" or the "Company"), pursuant to which Tyson will acquire the Company. Among other things, the Agreement and Plan of Merger dated as of January 1, 2001 (the "Merger Agreement") provides for Tyson, through Purchaser, to purchase up to 50.1% of the common stock, par value \$.05 per share of IBP (the "IBP Common Stock"), for \$30.00 per IBP share in cash. The Merger Agreement also provides for Tyson, through Purchaser, to exchange its Class A Common Stock valued (in accordance with the terms of the Merger Agreement) at \$30.00 for each IBP share, subject to adjustment, for all remaining IBP shares not then owned by Tyson. Finally, the Merger Agreement provides for IBP to merge into Purchaser, at which time each remaining IBP share will be converted into the right to receive Tyson Class A Common Stock valued at \$30.00, subject to adjustment (the "Merger"). The terms and conditions of the Transaction are more fully set forth in the Merger Agreement.

You have requested our opinion as to whether the consideration to be paid pursuant to the Merger Agreement in the aggregate is fair from a financial point of view to Tyson.

In connection with rendering our opinion we have:

(i) analyzed certain publicly available financial statements and reports regarding the Company and Tyson;

(ii) analyzed certain internal financial statements and other financial and operating data (including financial projections) concerning the Company and Tyson prepared by management of the Company and Tyson;

(iii) analyzed, on a pro forma basis, the effect of the Transaction on Tyson's balance sheet, capitalization ratios, earnings

Edgar Filing: TYSON FOODS INC - Form PREM14C

and book value both in the aggregate and, where applicable, on a per share basis during certain periods;

(iv) reviewed the reported prices and trading activity of the IBP Common Stock and Tyson Class A Common Stock;

(v) compared the financial performance of the Company and Tyson and the prices and trading activity of the IBP Common Stock and Tyson Class A Common Stock with that of certain other comparable publicly-traded companies and their securities;

(vi) reviewed the financial terms, to the extent publicly available, of certain comparable transactions;

(vii) reviewed the Merger Agreement and related documents;

(viii) discussed with management of Tyson the operations of and future business prospects for the Company and Tyson and the anticipated financial consequences of the Transaction; and

49

(ix) performed such other analyses and provided such other services as we have deemed appropriate.

We have relied on the accuracy and completeness of the information and financial data provided to us by Tyson, and our opinion is based upon such information. We have not inquired into the reliability of such information and financial data recognizing that we are rendering only an informed opinion and not an appraisal or certification of value. With respect to the financial projections prepared by management of the Company and Tyson, we have assumed that they have been reasonably prepared on bases reflecting the best currently available estimates and judgments of the future financial performance of the Company and Tyson.

As part of our investment banking business, we regularly issue fairness opinions and are continually engaged in the valuation of companies and their securities in connection with business reorganizations, private placements, negotiated underwritings, mergers and acquisitions and valuations for estate, corporate and other purposes. We are familiar with the Company and Tyson and regularly provide investment banking services to Tyson and issue periodic research reports regarding its business activities and prospects. In the ordinary course of business, Stephens and its affiliates at any time may hold long or short positions, and may trade or otherwise effect transactions as principal or for the accounts of customers, in debt or equity securities or options on securities of the Company and Tyson. Stephens is receiving a fee, and reimbursement of its expenses, in connection with the issuance of this fairness opinion.

Based on the foregoing and our general experience as investment bankers, and subject to the qualifications stated herein, we are of the opinion on the date hereof that the consideration to be paid pursuant to the Merger Agreement in the aggregate is fair from a financial point of view to Tyson.

This opinion and a summary discussion of our underlying analyses and role as your financial advisor may be included in communications to Tyson's and the Company's shareholders provided that we approve of such disclosures prior to publication.

Very truly yours,

STEPHENS INC.
