PROXY STATEMENT

INTRODUCTION

Our 2003 annual meeting of stockholders will be held on Tuesday, April 15, 2003 at 10:30 a.m., Chicago time, at the office of the Corporation located on the northwest corner of LaSalle and Monroe Street in Chicago, Illinois. We invite you to attend the annual meeting and vote your shares directly.

You do not need to attend the annual meeting to vote your shares. Instead, you may vote your shares by telephone or through the Internet or you may complete, sign, date and return the enclosed proxy card in the postage-paid envelope provided. Instructions for voting by telephone or through the Internet can be found on the enclosed proxy card.

The Corporation's board of directors is soliciting your proxy to encourage your participation in the voting at the annual meeting and to obtain your support on each proposal to be presented. This proxy statement provides you with information about each proposal and other matters that you may find useful in voting your shares. On March 10, 2003, we began mailing this proxy statement and the enclosed proxy card to all stockholders entitled to vote at the annual meeting. Detailed information relating to the Corporation's activities and financial performance is contained in our 2002 annual report to stockholders, which is also enclosed.

VOTING

Who May Vote

Record holders of the Corporation's common stock at the close of business on February 24, 2003 may vote at the annual meeting. On that date, the Corporation had 220,687,746 shares outstanding. The shares of common stock held in the Corporation's treasury will not be voted.

You are entitled to one vote for each share of common stock that you owned of record at the close of business on February 24, 2003. The enclosed proxy card indicates the number of shares you are entitled to vote at the annual meeting. You may vote cumulatively in the election of directors, a process described below under "Election of Directors."

Voting Your Proxy

Whether or not you plan to attend the annual meeting, we urge you to vote your proxy promptly.

If you are a stockholder of record (that is, if you hold shares of the Corporation's common stock in your own name), you may vote your shares by proxy using any of the following methods:

- telephoning the toll-free number listed on the proxy card;
- using the Internet site listed on the proxy card; or
- completing, signing, dating and returning the proxy card in the postage-paid envelope provided.

The telephone and Internet voting procedures set forth on the proxy card are designed to authenticate stockholders' identities, to allow stockholders to provide their voting instructions, and to confirm that their instructions have been properly recorded. If you vote by telephone or through the Internet, you should not return your proxy card.

If your shares of common stock are held by a broker, bank or other nominee in street name, you will receive voting instructions (including instructions, if any, on how to vote by telephone or through the Internet) from the record holder that you must follow in order to have your shares voted at the annual meeting.

If you own shares of common stock as a participant in the Northern Trust Employee Stock Ownership Plan, The Northern Trust Company Thrift-Incentive Plan, or in any other employee benefit plan of the Corporation, you will receive a voting instruction card that covers the shares credited to each of your plan accounts.

Whether you vote by mail, telephone or Internet, your common stock will be voted in accordance with your instructions. If you sign, date and return your proxy card without indicating how you want to vote your shares, the proxy holders will vote your shares as recommended by the board of directors FOR the election of each nominee for director.

Revoking Your Proxy

You may revoke your proxy at any time *before* it is voted at the annual meeting. To revoke your proxy, you may send a written notice of revocation to the secretary of the Corporation at the address indicated on the first page of this proxy statement, submit another signed proxy with a later date, vote by telephone or through the Internet at a later date, or vote in person at the annual meeting.

Voting in Person

You may come to the annual meeting and vote your shares in person by obtaining and submitting a ballot that will be provided at the meeting. However, if your shares are held by a broker, bank or other nominee in street name, to be able to vote at the meeting you must obtain a proxy, executed in your favor, from the institution that holds your shares, indicating that you were the beneficial owner of the shares on February 24, 2003, the record date for voting.

Householding Information

We are delivering only one annual report and proxy statement to registered stockholders who share the same address unless they have notified us that they wish to continue receiving multiple copies. This practice, known as householding, reduces duplicate mailings, saves printing and postage costs as well as natural resources and will not affect dividend check mailings. If you wish to receive a separate copy of the annual report or proxy statement, or if you wish to receive separate copies of future annual reports or proxy statements, please call 312-444-7030 or mail a request to the secretary of the Corporation at the address indicated on the first page of this proxy statement. We will deliver the requested documents promptly upon your request.

Edgar Filing: NORTHERN TRUST CORP - Form DEF 14A

If you and other registered stockholders with whom you share an address currently receive multiple copies of annual reports or proxy statements, or if you hold stock in the Corporation in more than one account and, in either case, you wish to receive only a single copy of the annual report or proxy statement, please contact the Corporation's transfer agent (Wells Fargo Bank Minnesota, N.A., P.O. Box 64854, St. Paul, MN 55164-0854; Telephone: 800-468-9716) with the names in which all accounts are registered and the name of the account for which you wish to receive mailings.

Quorum and Vote Required for Approval

A quorum of stockholders is necessary to hold a valid meeting. A quorum will exist if a majority of the outstanding shares is present in person or by proxy at the annual meeting. Abstentions and broker non-votes, if any, will be counted as present for purposes of establishing a quorum. A broker non-vote will occur when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner. Inspectors of election appointed for the annual meeting will tabulate all votes cast in person or by proxy at the annual meeting.

The directors will be elected at the annual meeting by a plurality of all the votes cast (*i.e.*, the 13 nominees for director who receive the most votes will be elected). Votes to withhold authority for a nominee or nominees will have no effect on the election of directors, and it is not anticipated that there will be any broker non-votes on this proposal since brokers will have discretion to vote in the election of directors.

Solicitation of Proxies

The Corporation will pay all costs of soliciting proxies. The Corporation has retained Georgeson Shareholder Communications Inc. to assist with the solicitation of proxies for a fee not to exceed \$12,500, plus reimbursement of reasonable out-of-pocket expenses. In addition, we may also use our officers and employees to solicit proxies either personally or by telephone, Internet, letter or facsimile.

ADMITTANCE TO THE ANNUAL MEETING

Stockholders as of the record date, or their duly appointed proxies, may attend our annual meeting on April 15, 2003, and each may be accompanied by one guest. Registration will begin at 9:30 a.m., and seating will begin at 10:00 a.m. If you attend, please note that you will need an admission ticket or proof of ownership of Northern Trust common stock to enter the meeting. If you arrive at the meeting without an admission ticket, we will admit you only if we are able to verify that you are a Northern Trust stockholder. Also, you may be asked to present valid picture identification, such as a driver's license or passport. For safety and security reasons, cameras and recording devices will not be permitted in the meeting.

For registered stockholders, an admission ticket is enclosed. Please bring the admission ticket with you to the meeting.

If your shares of common stock are held by a broker, bank or other nominee in street name, your admission ticket is the left side of your voting information form. If you do not bring your admission ticket, you will need proof of ownership to be admitted to the meeting. A recent brokerage statement or letter from a bank or broker is an example of proof of ownership.

ELECTION OF DIRECTORS

Edgar Filing: NORTHERN TRUST CORP - Form DEF 14A

Stockholders will be asked to elect 13 directors at this year's annual meeting. Set forth below is detailed information with respect to the 13 nominees, all of whom are currently serving as directors of the Corporation and of its principal subsidiary, The Northern Trust Company (the Bank). Each of the 13 nominees has consented to serve as a director if elected at this year's annual meeting. Barry G. Hastings, President and Chief Operating Officer of the Corporation and the Bank since 1995 and a director of the Corporation since 1994, retired effective December 31, 2002 as an officer and director of the Corporation and the Bank.

Each nominee elected as a director will serve until the next annual meeting and until his or her successor has been elected and qualified. If any nominee is unable to serve as a director at the time of the annual meeting, your proxy may be voted for the election of another nominee proposed by the board or the board may reduce the number of directors to be elected at the annual meeting.

The enclosed proxy card provides instructions on how to vote for all nominees or to withhold authority to vote for all or one or more nominees. You have cumulative voting rights in the election of directors, meaning that your total number of votes equals the number of your shares of common stock multiplied by 13, the number of directors to be elected. You may allocate these cumulative votes equally among the nominees or otherwise as you specify on the enclosed proxy card. Unless you choose a different allocation and so mark on your proxy card, it is expected that the proxy holders will allocate cumulative votes equally among all nominees for whom authority to vote has not been withheld. However, the proxy holders will have the discretion to allocate cumulative votes differently among those for whom authority to vote has not been withheld, so as to elect all or as many nominees as possible depending on the circumstances at the annual meeting. If you wish to exercise your right to cumulative voting, you must provide us with written instructions on the enclosed proxy card; you may not exercise this right by voting by telephone or through the Internet.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF EACH NOMINEE.

Edgar Filing: NORTHERN TRUST CORP - Form DEF 14A

The Corporation's by-laws provide that stockholders may propose director nominations only if they give timely written notice, directed to the attention of the secretary of the Corporation at the address indicated on the first page of this proxy statement, not less than 90 days and not more than 120 days prior to the anniversary date of the prior year's annual meeting. The notice must contain the information required by the by-laws.

Other Committees

The Corporation's board of directors has three other standing committees. The Business Strategy Committee reviews the policies, strategies and performance of the various business units of the Corporation. The Business Risk Committee reviews the risks inherent in extending credit, managing assets and liabilities, and providing fiduciary services and other related matters. The Executive

Committee meets as required and may exercise the powers of the board in the management of the business and affairs of the Corporation when the board is not in session, subject to limitations imposed by law and the by-laws of the Corporation.

Board and Committee Meetings

The Corporation's board of directors held ten meetings during 2002. All persons who were directors during 2002 attended at least 75% of these meetings and meetings of committees on which they served.

Director Compensation

In 2002, non-employee directors received the following fees for their service on the board:

Annual Retainer	\$40,000
For Each Committee Meeting Attended	\$ 1,000

The chairman of each committee other than the Executive Committee received an additional annual retainer of \$5,000 in 2002. All non-employee directors are also eligible to receive a per diem fee of \$1,000 when required to attend orientation meetings or to perform specific services on behalf of the Corporation. The Corporation paid \$2,000 for such services in 2002. All cash compensation for non-employee directors will remain the same in 2003, except that non-employee directors will receive a fee of \$1,500 for each Board and Committee meeting attended.

In 2000, each non-employee director received a grant of 2,400 stock units under the Northern Trust Corporation Amended 1992 Incentive Stock Plan (the 1992 Plan), with 800 stock units vesting upon election or re-election as a director of the Corporation in each of the years 2000, 2001 and 2002. In January 2003, each non-employee director received a grant of 2,400 stock units under the Northern Trust Corporation 2002 Stock Plan (the 2002 Plan), with 800 stock units vesting upon election or re-election as a director of the Corporation in each of the years 2003, 2004 and 2005. Any additional non-employee directors elected during this period will receive a similar award, prorated for time served on the board during the three-year time period. A non-employee director will receive one share of common stock for each stock unit upon vesting of the stock units. Dividend equivalents on the stock units are paid on a current basis unless, as described below, the non-employee director elects to defer the stock units.

Non-employee directors may elect to defer payment of their cash compensation and stock units until termination of their service as directors. Any deferred cash compensation is converted into stock units representing shares of common stock. The value of each stock unit is based upon the market price of the stock at the end of the calendar quarter for which the cash compensation would have been paid. Dividend equivalents on all deferred stock units are paid quarterly to a cash account and accrue interest at an interest rate determined from time to time by the Compensation and Benefits Committee. Deferred cash compensation and dividend equivalents will be paid out in cash, and deferred stock units will be distributed in stock, in each case in a lump sum or in up to ten annual installments at the election of the director.

Directors who are also employees receive no additional compensation for serving on the board or its committees.

ADDITIONAL INFORMATION ABOUT MANAGEMENT AND THE BOARD

Services Provided by the Corporation to Directors and Executive Officers

Directors and executive officers of the Corporation, as well as members of their immediate families and various corporations and other entities associated with the directors, were clients of and had transactions with the Corporation and its subsidiaries in the ordinary course of business during 2002. These transactions included loans; purchases, sales and placements of investment securities and other financial instruments; fiduciary transactions; deposits; and other purchase, sale and finance transactions. Similar transactions may occur in the ordinary course of business in the future. All loans were made on a non-preferential basis and did not involve more than the normal risk of collectibility or present other unfavorable terms. All loans made to directors and executive officers of the Corporation are permitted under the provisions of the Sarbanes-Oxley Act of 2002. Transactions in 2002 involving services provided by the Corporation to its directors and executive officers did not result in payments or fees that were material to the gross revenues of the Corporation.

Other Business Relationships

In the ordinary course of business, the Corporation uses the products and services of organizations of which the Corporation's directors are directors or executive officers. Transactions in 2002 involving the purchase of products and services did not result in payments that were material to the gross revenues of the organization with which a director was associated. Mr. Helman, a director of the Corporation, is a partner in the law firm of Mayer, Brown, Rowe & Maw, which renders legal services to the Corporation and its subsidiaries.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Corporation's directors and executive officers, and beneficial owners of more than 10% of the Corporation's stock, if any, to file with the Securities and Exchange Commission (the "SEC") initial reports of ownership and reports of changes in ownership of any securities of the Corporation. Copies of these reports must also be provided to the Corporation.

To the Corporation's knowledge, all the Corporation's directors, executive officers and beneficial owners of more than 10% of the Corporation's stock made on a timely basis all filings required during 2002, except that Timothy J. Theriault, an executive officer of the Corporation, filed a late Form 4 for fiscal year 2002 reporting the sale of 2,000 shares in a single transaction. In making these disclosures, the Corporation relied on copies of the reports provided to the Corporation and written representations that no other reports were required.

Compensation and Benefits Committee Interlocks and Insider Participation

None of the members of the Compensation and Benefits Committee is or ever was an officer or employee of the Corporation or any of its subsidiaries. Members of the committee, as well as members of their immediate families and various corporations and other entities associated with such members, may have loans with the Bank and other transactions with the Corporation and its subsidiaries. All loans were made on a non-preferential basis and did not involve more than the normal risk of collectibility or present other unfavorable terms. All loans made to members of the Compensation and Benefits Committee are permitted under the provisions of the Sarbanes-Oxley Act of 2002.

SECURITY OWNERSHIP OF MANAGEMENT

The following table shows the beneficial ownership of the Corporation's common stock for each director and director nominee, each executive officer named in the Summary Compensation Table elsewhere in this proxy statement and all directors and executive officers of the Corporation as a group, as of December 31, 2002.

Following are footnotes to the table on the preceding page:

(1) The information contained in this table was furnished to the Corporation by the individuals named in the table and reflects the SEC's definition of beneficial ownership. Except as noted below, the nature of beneficial ownership for shares shown in this table is sole voting and/or investment power (including shares as to which spouses and minor children of the individuals covered by this table have such power).

(2) Stock units held by certain non-employee directors represent stock units under the 1997 Deferred Compensation Plan for Non-Employee Directors, which include amounts deferred under certain prior deferred compensation plans, and stock units granted under the 1992 Plan as described under Information About the Board and Committees Director Compensation. All stock units shown in the table are vested except for the following unvested stock units for the named executive officers: Mr. Hastings, 56,000 unvested stock units; Mr. Osborn, 96,000 unvested stock units; Mr. Pero, 47,000 unvested stock units; Mr. Stevens, 54,000 unvested stock units; and Mr. Timbers, 54,000 unvested stock units. In addition to the stock units shown in the table, each non-employee director received a grant of 2,400 stock units in January 2003, all of which remain unvested. Stock units held by directors and executive officers do not have voting rights.

(3) The number of shares shown includes shares issuable pursuant to stock options exercisable within 60 days after December 31, 2002, as follows: Mr. Hastings, 700,719 shares; Mr. Osborn, 972,959 shares; Mr. Pero, 385,079 shares; Mr. Stevens, 436,926 shares; and Mr. Timbers, 291,710 shares; and all directors and executive officers as a group, 3,907,818 shares.

(4) Barry G. Hastings, President and Chief Operating Officer of the Corporation and the Bank until his retirement on December 31, 2002 as an officer and director of the Corporation and the Bank, has sole voting and investment power as to 12,000 shares of the outstanding common stock that are held in a family trust of which he is the trustee. Mr. Hastings also has shared voting and investment power as to 3,046 shares of the outstanding common stock that are held in two family trusts of which his wife is the trustee. In addition, Mr. Hastings has shared voting and investment power as to 754 shares of the outstanding common stock that are held in a family trust and 2,000 shares that are held by a family corporation, and Mr. Hastings' wife is the trustee, with full voting and investment power, as to 374,587 shares held in an irrevocable trust. Mr. Hastings disclaims any beneficial ownership interest in the shares referred to in this footnote.

(5) Robert C. McCormack has sole voting power pursuant to delegated authority as to 702,108 shares or .32% of the outstanding common stock that are held in an irrevocable trust of which the Bank is the sole trustee. As co-trustee with the Bank, Harold B. Smith and one other individual, he shares voting and investment power for 5,164,056 shares or 2.34% of the outstanding common stock. As co-trustee with the Bank, he shares voting and investment power for 2,234,385 or 1.01% of the outstanding common stock. With respect to 117,000 shares or .05%, he serves as co-trustee with the Bank and has sole voting and investment power. In addition, Mr. McCormack has sole voting and investment power as to 2,713,424 shares or 1.23% of the outstanding common stock that are held in a family partnership of which he is the general partner.

(6) See note 2 to the Security Ownership of Certain Beneficial Owners Table on page 13.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS

The following table includes information concerning common stock ownership of stockholders who were the beneficial owners of more than 5% of the outstanding shares of the Corporation's common stock as of December 31, 2002.

Name and Address	Common Stock Held(1) as of December 31, 2002	
	No. of Shares	Percent of Class
Harold B. Smith 3600 West Lake Avenue, Glenview, Illinois 60025-5811	13,939,102(2)	6.31%
U.S. Trust Corporation 114 West 47th Street, New York, New York 10036	11,640,007(3)	5.27%

(1) The information contained in this table was furnished to the Corporation by the persons named in the table and reflects the SEC's definition of beneficial ownership. The nature of beneficial ownership of the holdings shown in this table is set forth in notes 2 and 3 below.

(2) Harold B. Smith serves as co-trustee and shares voting and investment power with various family members and the Bank with respect to 8,659,432 shares or 3.92% of the outstanding common stock. As co-trustee with the Bank, Robert C. McCormack and one other individual, he shares voting and investment power for 5,164,056 shares or 2.34% of the outstanding common stock. With respect to 99,110 shares or .04% of the outstanding common stock, he serves as co-trustee and shares voting and investment power with other family members. Mr. Smith also has sole voting and investment power over 2,904 shares or .01% of the outstanding common stock held in a trust, and shared voting and investment power over 13,600 shares or .01% of the outstanding common stock as co-trustee of four additional trusts.

(3) U.S. Trust Corporation holds 11,640,007 shares or 5.27% of the outstanding common stock, including 11,024,168 shares or 4.99% of the outstanding common stock held by U.S. Trust Company, N.A., a wholly owned subsidiary of U.S. Trust Corporation, in its capacity as Trustee of the Northern Trust Employee Stock Ownership Plan (ESOP). Except as described below, U.S. Trust Company, N.A. has no voting and investment power with respect to the 11,024,168 ESOP shares allocated to participant accounts and has shared voting and investment power with respect to any unallocated ESOP shares. Participants in the ESOP are entitled to direct the Trustee as to the voting of shares allocated to their accounts under the ESOP, except that the Trustee has discretion to vote such shares if the participants' instructions are contrary to the Employee Retirement Income Security Act of 1974, as amended (ERISA). Unallocated shares and allocated shares for which no direction is received (together, Undirected Shares) will be voted by the Trustee in the same proportion that the allocated shares were voted, unless inconsistent with the Trustee's fiduciary responsibility. Under the ESOP, participants are named fiduciaries to the extent of their authority to direct the voting of shares allocated to their accounts and their proportionate share of Undirected Shares. With respect to investment power in the context of a tender offer, participants in the ESOP are entitled to direct the Trustee whether to tender shares allocated to their accounts, except to the extent such directions are contrary to ERISA. The Trustee shall not tender Undirected Shares, except as otherwise provided in accordance with ERISA.

The Bank and its affiliates individually act as sole or co-fiduciary with respect to trusts and other fiduciary accounts which own, hold or control through intermediaries in the aggregate 27,247,248 shares or 12.34% of the outstanding common stock over which the Bank and its affiliates have, directly or indirectly, sole or shared voting power and/or sole or shared investment power. No single trust or other fiduciary account holds a beneficial ownership interest in excess of 5%. The Bank and its affiliates have sole voting power with respect to 5,611,804 shares or 2.54% of the outstanding common stock, and they share voting power with respect to 18,835,809 shares or 8.53% of the outstanding common stock. They have sole investment power with respect to 5,262,887 shares or 2.38% of the outstanding common stock, and they share investment power with respect to 18,059,597 shares or 8.18% of the outstanding common stock.

In addition, the Bank, as Trustee of The Northern Trust Company Thrift-Incentive Plan, holds in the Northern Trust Common Stock Fund of that Plan 5,259,326 shares or 2.38% of the outstanding common stock. The Bank has no voting or investment power with respect to these shares since sole voting and investment power for the shares is held by the 5,793 Northern Trust Common Stock Fund participants who are employees of the Corporation or its subsidiaries.

As of December 31, 2002, Northern Trust directors and employees as a group beneficially owned over 18.55% of the Corporation's common stock. In addition, the Corporation estimates that at least 3.03% of the Corporation's common stock was beneficially owned by Northern Trust retirees as of December 31, 2002.

EXECUTIVE COMPENSATION

COMPENSATION AND BENEFITS COMMITTEE REPORT

The Compensation and Benefits Committee (the Committee), which consists entirely of non-employee directors, is responsible for overseeing the Corporation's executive compensation program. Each year the Committee reviews the components of the Corporation's executive compensation program, comparing compensation levels to a peer group of financial services organizations that represent the Corporation's competition for executive talent. The organizations selected for comparison generally have one or more of the following characteristics: superior financial performance; lines of business similar to those of the Corporation; significant operations in the Corporation's principal geographic areas; and size, either overall or in particular lines of business, comparable to that of the Corporation. All of the organizations in the peer group are included in the Keefe, Bruyette & Woods 50 Index, which is used in the Five-Year Cumulative Total Return table presented elsewhere in this proxy statement.

The Committee reviews and approves the compensation of the Corporation's most highly compensated executives, including the executive officers named in the Summary Compensation Table. For other executives the Committee reviews overall compensation policies and payment levels. The Committee considers recommendations from the Corporation's Human Resources Department and outside consultants. In reviewing the compensation of executives other than the chief executive officer, the Committee takes the chief executive officer's counsel and recommendations into account.

The Committee reviews annually the share ownership and share retention levels of the Corporation's senior executives. The Committee presently believes that formal share ownership requirements for its senior executives are not necessary since these officers have existing equity holdings and potential equity holdings (in the form of stock options, stock units and performance shares) that are significant as a multiple of base salaries.

The Corporation's executive compensation program is designed to compensate individuals at competitive levels to ensure the retention of executive talent. It links short-term and longer-term financial rewards to the Corporation's success by making a significant portion of the executives' cash compensation variable and dependent on corporate or business unit performance. The Committee believes that this component of executive compensation should increase if performance goals are achieved or exceeded, and correspondingly should decrease if goals are not achieved. The Corporation's executive compensation program also emphasizes equity incentives in order to closely align the executives' interests with those of the stockholders. The program is designed to reflect these compensation principles and has the following components: base salary, annual cash incentives, restricted stock units and stock options. The Corporation also makes specific awards of restricted stock from time to time.

Base Salaries

The Committee generally determines base salaries and any adjustments to base salaries by evaluating the responsibilities of the current position and the individual's experience, performance, career progress and potential development. A review is also made of the competitive marketplace for executive talent, including a comparison to base salaries for comparable positions at peer group companies, to ensure that this component of compensation is competitive. The Committee targeted the base salaries of these executive officers at approximately the median of salaries for similar positions in the companies used for comparison purposes.

Annual Incentive Awards

During 2002 the executive officers named in the Summary Compensation Table were eligible for annual incentive awards under the provisions of the Management Performance Plan, which was approved by stockholders in 1999. The Plan establishes a maximum award funding opportunity for each Plan participant, expressed as a percentage of the Corporation's consolidated net income for the relevant year. The maximum award funding opportunity is 0.6% of consolidated net income for the chairman and chief executive officer, 0.4% for the president and chief operating officer, and 0.3% for each of the other Plan participants. Following completion of the fiscal year, the Committee determines each participant's maximum award funding opportunity on the basis of the Corporation's consolidated net income for the year, and approves specific awards.

In determining the awards for 2002 shown in the bonus column of the Summary Compensation Table, the Committee used its discretion, as it had anticipated, to make awards below the maximum award funding opportunity. Individual participants' awards were based on an evaluation of each executive's performance and contribution to the Corporation's financial and operating results. As was done for 2001 annual incentives, the Committee decided to distribute approximately 80% of the 2002 annual incentive awards in cash and 20% in the form of stock options.

Stock Awards

In 2002 the Committee approved grants of restricted stock units and restricted stock to certain senior executives, including the executive officers named in the Summary Compensation Table. All stock units and restricted stock, as described below, were awarded under the provisions of the 2002 Plan, which was approved by stockholders in 2002.

Each restricted stock unit entitles the award recipient to receive one share of stock in December of the year in which the award vests, which occurs upon the completion of five years of employment following the award. Dividend equivalents on the stock units are paid on a current basis. If the executive dies, becomes disabled, or retires during the five-year vesting period, a pro-rated number of stock units becomes distributable. If an executive who has reached age 55, the eligible age for retirement under the Corporation's plans, leaves and does not compete with the Corporation during the five-year vesting period, a pro-rated number of stock units is eligible for distribution at the completion of the five-year vesting period. In all other instances where the executive leaves the Corporation during the five-year vesting period, the stock units are forfeited. Upon a change in control of the Corporation, the full stock unit grant becomes distributable.

Distribution of stock units is mandatorily deferred to the extent that distribution would result in compensation not being deductible by the Corporation under the provisions of Section 162(m) of the Internal Revenue Code (the Code). See [Deductibility](#) below. If distribution of an award is deferred for this reason, the award becomes distributable in the first year in which it would result in deductible compensation, such as when the executive has retired and is no longer subject to Section 162(m). Distributions may also be voluntarily deferred by the executive.

Shares of restricted stock are delivered to an award recipient, together with cash in an amount equal to the dividends declared on the shares plus interest at an assumed rate on the dividends, upon vesting of the shares in accordance with a predetermined vesting schedule that may vary depending upon the facts and circumstances at the time of grant. Upon a change in control of the Corporation, shares of restricted stock become fully vested. Shares of restricted stock are outstanding shares and may be voted, unless forfeited, by the recipient during the restricted period.

Individual awards of restricted stock units or restricted stock are based on multiple-of-salary guidelines, incorporating an estimated value of the award to the recipient, and competitive compensation data. The Committee also considers the equity awards previously granted to the individual, as well as the retention of these awards over the years. The 2002 awards to the executive officers named in the Summary Compensation Table are shown in the restricted stock award column of the table.

Stock Options

The Committee generally determines stock option grants to executives on an annual basis. Option grants are designed to align the interests of executives with those of the stockholders. Stock options are granted with an exercise price equal to the market price of the common stock on the date of grant and expire ten years after the date of the grant. This approach is designed to motivate the executive to contribute to the creation of stockholder value over the long term.

In approving individual awards, the Committee considers multiple-of-salary guidelines, incorporating an estimated option value to the recipient and competitive compensation data. Awards are made within the context of providing an appropriate mix of cash and equity incentives and also take into consideration individual performance factors. The Committee also considers the number of stock options and other stock compensation previously granted to the individual, as well as the retention of shares over the years. In addition to annual stock option grants, the Committee may, as it did in 2002 and 2001, grant stock options in lieu of a portion of annual incentive awards. The 2002 grants to the executive officers named in the Summary Compensation Table, consisting of annual grants and grants in lieu of 20% of the 2002 annual incentive awards, are shown in the table captioned Option Grants in Last Fiscal Year.

Chief Executive Officer Compensation

During 2002, the Committee reviewed the total compensation levels of the executive officers named in the Summary Compensation Table, including Mr. Osborn, and determined the respective level of equity compensation through grants of restricted stock units, restricted stock and stock options, all in accordance with the compensation objectives and factors described above. The Committee determined that there would be no salary adjustments in 2002 for Mr. Osborn and the other executive officers named in the Summary Compensation Table. In 2002, the Committee awarded Mr. Osborn a grant of 135,000 stock options, a separate grant of 16,774 stock options representing 20% of his 2001 annual incentive award, and 19,000 stock units. The two option grants together represented approximately 3.4% of the total options to purchase 4,493,524 shares that were granted in 2002. The stock unit grant represented approximately 9.9% of the total of 192,000 stock units awarded by the Committee in 2002.

Mr. Osborn's 2002 annual incentive award of \$1,000,000 was determined by the Committee under the provisions of the Management Performance Plan. The Corporation's performance was impacted by continued weak economic conditions and equity markets that declined for the third consecutive year. The Committee acknowledged Mr. Osborn's leadership and contributions to ensure that the Corporation is well-positioned as a leader in markets that offer excellent opportunities for long-term growth.

Deductibility

Section 162(m) of the Code provides that compensation in excess of \$1,000,000 per year paid to the chief executive officer and the four other most highly compensated executive officers employed at year-end, other than compensation meeting the technical definition in the Code for

Edgar Filing: NORTHERN TRUST CORP - Form DEF 14A

performance based compensation or otherwise exempt from the provisions of Section 162(m), will not be deductible by a corporation for federal income tax purposes. Base salary and the amounts reflected in the other annual compensation and all other compensation columns of the Summary Compensation Table do not by their nature qualify as performance based compensation under Section 162(m). In addition, a number of performance shares and

stock awards distributed in 2002 did not qualify as performance based compensation. Other performance shares scheduled for distribution in 2002 were previously exchanged for stock units, and their distribution was mandatorily deferred until such time as the distribution will result in deductible compensation. All other forms of compensation paid in 2002 to the named executive officers, including the annual cash incentives under the Management Performance Plan, were deductible.

The Committee will continue to review each material element of compensation on a continuing basis and take steps to assure deductibility if that can be accomplished without sacrificing flexibility and other important elements of the overall compensation program.

* * * * *

Through the programs described above, a significant portion of the Corporation's executive compensation is linked directly to individual and corporate performance and stock price appreciation. In 2002 the five executive officers named in the Summary Compensation Table received over half of their compensation in the aggregate (consisting of the dollar amounts shown in the Table and the value realized on stock options exercised) in the form of performance based variable elements. The Committee intends to continue the policy of linking executive compensation to corporate performance, the value of the Corporation's common stock and returns to stockholders.

Following are footnotes to the table on page 19:

(1) There were no salary adjustments to the 2002 salaries, effective April 1, 2002, of the named executive officers.

(2) The Bonus figures represent the dollar value of the annual incentive awards earned by the named executive officers. For 2001 and 2002, approximately 80% of each annual incentive award was paid in cash and 20% was distributed in the form of non-qualified stock options on February 19, 2002 and on February 18, 2003, respectively, except that Mr. Hastings, due to his retirement, received his entire 2002 annual incentive award in cash.

(3) The Other Annual Compensation column reflects tax gross-up payments.

(4) Each named executive officer received a restricted stock unit award in May 2002, except for Mr. Hastings, who received a restricted stock award in November 2002. The values of the restricted stock units awarded in 2002, as shown in the table, are based on a price of \$52.30 per share, the mean of the high and low sale prices of the common stock on May 20, 2002, the date of grant, as reported by The Nasdaq Stock Market. All other terms of the restricted stock units are described in Compensation and Benefits Committee Report Stock Units. The value of the 14,000 shares of restricted stock awarded to Mr. Hastings in 2002, of which 5,000 shares vest in each of December 2003 and December 2004 and 4,000 shares vest in December 2005, is based on a price of \$37.12 per share, the mean of the high and low sale prices of the common stock on November 18, 2002, the date of grant, as reported by The Nasdaq Stock Market.

The total number of shares of restricted stock and stock units held by the named executive officers and their aggregate market value as of December 31, 2002 were: Mr. Osborn, 12,500 shares of restricted stock and 245,967 stock units, with the total valued at \$9,010,160; Mr. Hastings, 26,500 shares of restricted stock and 56,000 stock units, with the total valued at \$2,875,950; Mr. Stevens, 20,000 shares of restricted stock and 85,332 stock units, with the total valued at \$3,671,874; Mr. Timbers, 20,000 shares of restricted stock and 54,000 stock units, with the total valued at \$2,579,640; and Mr. Pero, 101,557 stock units, with the total valued at \$3,540,277. All values are based on a price of \$34.86 per share, the mean of the high and low sale prices of the common stock on December 31, 2002, as reported by The Nasdaq Stock Market.

(5) This number does not include stock options granted in 2002 that constitute 20% of each named executive officer's 2001 annual incentive award reported in the Bonus column. These stock options are reported in the Option Grants in Last Fiscal Year table. Stock options were granted on February 18, 2003 that constituted 20% of each named executive officer's 2002 annual incentive award, except as described in footnote (2) above.

(6) The values of the amounts shown were determined by multiplying the total number of performance shares earned and distributed by the mean of the high and low sale prices of the common stock on the dates of distribution as reported by The Nasdaq Stock Market and adding dividend equivalents and an interest factor. Commencing in 1999, the Compensation and Benefits Committee, in awarding restricted stock units under the 1992 Plan, discontinued awarding performance shares.

(7) The All Other Compensation column reflects contributions on behalf of the named executive officers to the Thrift-Incentive Plan and the Supplemental Thrift-Incentive Plan (collectively, TIP) and allocations on behalf of the named executive officers under The Northern Trust Employee Stock Ownership Plan and the Supplemental Employee Stock Ownership Plan (collectively, ESOP), all of which are defined contribution plans. For the following executive officers, the 2002 TIP and ESOP amounts (in that order) were: Mr. Osborn, \$37,050 and \$19,000; Mr. Hastings, \$27,885 and \$14,300; Mr. Stevens, \$21,060 and \$10,800; Mr. Timbers, \$20,865 and \$10,700; and Mr. Pero, \$18,135 and \$9,300. In the event of a change in control of the Corporation, participants become fully vested in all benefits payable under the ESOP and all benefits payable under the TIP that are in excess of applicable Internal Revenue Code limits.

(8) Mr. Hastings retired effective December 31, 2002 as an officer and director of the Corporation and the Bank.

Option Grants in Last Fiscal Year

The following table sets forth certain information with respect to the stock options granted during 2002 to the executive officers named in the Summary Compensation Table. Using 0%, 5% and 10% in assumed rates of stock price appreciation (compounded annually) for the option term of ten years, the table also shows the potential realizable pre-tax value of the stock options. These assumed rates are used for illustrative purposes only, and are not intended to represent or predict future increases in the price of the Corporation's common stock.

Name	Number of Securities Underlying Options Granted	Percent of Total Options Granted to Employees In 2002	Exercise Price	Expiration Date	Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term of 10 years (3)		
					0%	5%	10%
William A. Osborn	16,774(1)	0.37%	\$ 53.655	2/19/12	0	\$ 566,011	\$ 1,434,383
	135,000(2)	3.00%	\$ 52.30	5/20/12	0	\$ 4,440,311	\$ 11,252,619
Barry G. Hastings	10,065(1)	0.22%	\$ 53.655	2/19/12	0	\$ 339,627	\$ 860,681
Mark Stevens	6,710(1)	0.15%	\$ 53.655	2/19/12	0	\$ 226,418	\$ 573,787
	50,000(2)	1.11%	\$ 52.30	5/20/12	0	\$ 1,644,559	\$ 4,167,637
Stephen B. Timbers	6,710(1)	0.15%	\$ 53.655	2/19/12	0	\$ 226,418	\$ 573,787
	50,000(2)	1.11%	\$ 52.30	5/20/12	0	\$ 1,644,559	\$ 4,167,637
Perry R. Pero	5,592(1)	0.12%	\$ 53.655	2/19/12	0	\$ 188,693	\$ 478,185
	45,000(2)	1.00%	\$ 52.30	5/20/12	0	\$ 1,480,104	\$ 3,750,873

(1) These options were granted on February 19, 2002 and represent 20% of the named executive officer's 2001 annual incentive award. These options vested six months after the date of grant.

(2) These options were granted on May 20, 2002. One-third of these options will each become exercisable on May 20 of 2003, 2004 and 2005. In the event of a change in control of the Corporation, as defined in the 2002 Plan, all outstanding stock options become fully vested and exercisable.

(3) No gain to the optionees is possible without an increase in the stock price, which will benefit all stockholders commensurately. The pre-tax gain to all stockholders after ten years, using as a base the mean of the high and low sale prices of common stock as reported by The Nasdaq Stock Market on the respective option grant dates and the number of shares outstanding as of December 31, 2002, would be (i) \$0 for 0% appreciation, approximately \$7.4 billion for 5% appreciation and approximately \$18.9 billion for 10% appreciation, in the case of the options granted on February 19, 2002, and (ii) \$0 for 0% appreciation, approximately \$7.3 billion for 5% appreciation and approximately \$18.4 billion

for 10% appreciation, in the case of the options granted on May 20, 2002.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

The following table sets forth the number of shares for which stock options were exercised during 2002, the actual as well as annualized pre-tax value realized, the number of shares for which options were outstanding and the pre-tax value of those options as of year-end.

(1) Calculated on a pre-tax basis using the spread between the option exercise price and the mean of the high and low sale prices of the common stock on the date of exercise as reported by The Nasdaq Stock Market.

(2) Amount of pre-tax value realized annualized over period between the date of grant and the date of exercise.

(3) Amounts represent options granted since 1993 to Messrs. Osborn, Hastings, Stevens and Pero, and since 1998 to Mr. Timbers.

(4) Calculated on a pre-tax basis using the spread between the option exercise price and \$34.86, which was the mean of the high and low sale prices of the common stock on December 31, 2002 as reported by The Nasdaq Stock Market.

Employment Security and Other Agreements

Edgar Filing: NORTHERN TRUST CORP - Form DEF 14A

Messrs. Osborn, Stevens, Timbers, and Pero are parties to employment security agreements that provide lump sum cash payments equivalent to three years' salary and bonus (and payment of a pro-rata bonus for the year of termination, as well as continuation of medical, dental, life insurance and similar benefits for three years) upon the termination of employment either by the Corporation without good cause or by the executive with good reason, as defined in the agreements, within two years after a change in control of the Corporation, as defined in the agreements. In addition, upon such termination, the employment security agreements provide the executives with a five-year post-termination exercise period for all outstanding non-qualified stock options and all outstanding incentive stock options granted on or after September 25, 2001, and a three-year service credit, if necessary, to qualify the executives for early or normal retirement under the Corporation's pension plans and to qualify the executives for participation in the Corporation's retiree medical program. The agreements also provide that the Corporation will reimburse the executives for any excise tax imposed on payments under the agreements as well as taxes imposed on such reimbursement amounts.

The Corporation entered into a consulting agreement with Barry G. Hastings in order to obtain, among other things, his commitment to represent the Corporation in the role of non-executive Chairman of Northern Trust Bank of Florida N.A. following his retirement as an officer and director of the Corporation and the Bank effective December 31, 2002. The agreement provides that Mr. Hastings will be available for up to 50 days a year to provide consulting services or to participate in activities and events on behalf of the Corporation. Mr. Hastings will receive an annual consulting fee of \$50,000 under the one-year agreement, which may be extended for up to two additional one-year periods by either Mr. Hastings or the Corporation. Mr. Hastings received a restricted stock award of 14,000 shares in November 2002, as reported above in the Summary Compensation Table, in recognition of his achievements during 2002 and as further consideration for his commitment to serve as non-executive Chairman of Northern Trust Bank of Florida N.A. under the consulting agreement.

Pension Plan Table

The table below sets forth the estimated annual benefits payable upon retirement at age 65 under the Bank's Pension Plan and Supplemental Pension Plan to persons in the compensation and years of service classification specified. The annual pension benefits presented below are shown as if paid in the form of a straight life annuity and will be reduced by .50% of the average Social Security taxable wage base for the individual for each year of service up to 35 years.

The Bank's Pension Plan and Supplemental Pension Plan were amended to change the formula used to calculate retirement benefits beginning January 1, 1996. All participants employed on December 31, 1995 continued accruing benefits under the prior formula through December 31, 2000. The annual straight life annuity pension benefits accrued under the prior Pension Plan and prior Supplemental Pension Plan for the executive officers named in the Summary Compensation Table are: Mr. Osborn, \$819,009; Mr. Hastings, \$520,724; Mr. Stevens, \$315,680; and Mr. Pero, \$439,298. At termination or retirement, these executive officers will be entitled to receive the greater of the above noted minimum benefits accrued through December 31, 2000 under the prior formula or the benefits calculated under the formula set forth in the Pension table. All participants employed after December 31, 1995 will accrue benefits under the formula set forth in the Pension table. Because Mr. Timbers was hired after December 31, 1995, his entire pension will be determined under the formula set forth in the Pension table above. In the event of a change in control of the Corporation, as defined in the Supplemental Pension Plan, participants become fully vested in all benefits payable under the Supplemental Pension Plan.

For the named executive officers, compensation covered by the Pension Plan includes base salary, before tax deposits made by a participant to the TIP, and awards under the Management Performance Plan. The average covered compensation for the highest five consecutive years is used in the pension calculation.

Credited years of service under the Bank's Pension Plan for the named executive officers are as follows: Mr. Osborn 32 years, Mr. Hastings 28 years, Mr. Stevens 23 years, Mr. Timbers 4 years, and Mr. Pero 38 years. In addition to pension benefits, retiree health benefits are available to these individuals upon retirement if the length of service and other eligibility requirements described in the Retiree Medical Care Plan have been met. Mr. Timbers is also entitled to \$10,000 a year for three years to purchase medical insurance coverage upon termination of his employment in certain circumstances.

COMPARISON OF FIVE-YEAR CUMULATIVE TOTAL RETURN
AMONG NORTHERN TRUST CORPORATION COMMON STOCK, S&P 500 INDEX
AND KEEFE, BRUYETTE & WOODS (KBW) 50 INDEX

The graph presented below compares the cumulative total stockholder return on the Corporation's Common Stock to the cumulative total return of the S&P 500 Index and the KBW 50 Index for the five fiscal years which commenced January 1, 1998 and ended December 31, 2002. The cumulative total stockholder return assumes the investment of \$100 in the Corporation's Common Stock and in each index on December 31, 1997 and assumes reinvestment of dividends. The KBW 50 Index, available from Keefe, Bruyette & Woods, Inc., is a market-capitalization-weighted bank-stock index made up of 50 of the nation's largest banking companies, including all money-center and most major regional banks. The Corporation is included in both the S&P 500 Index and the KBW 50 Index.

We caution you not to draw any conclusions from the data in this performance graph, as past results do not necessarily indicate future performance.

AUDIT COMMITTEE REPORT

The Audit Committee of the board is responsible for providing oversight of the Corporation's financial reporting functions and internal controls. The board appoints the Audit Committee and its chairman annually, with the Committee consisting of no fewer than four directors.

The Audit Committee's responsibility is one of oversight. In fulfilling their responsibilities, it is recognized that members of the Committee are not full-time employees of the Corporation, it is not the duty or responsibility of the Committee or its members to conduct field work or other types of auditing or accounting reviews or procedures or to set auditor independence standards, and each member of the Committee shall be entitled to rely on (i) the integrity of those persons and organizations within and outside the Corporation from which it receives information, (ii) the accuracy of the financial and other information provided to the Committee absent actual knowledge to the contrary (which shall be promptly reported to the Board) and (iii) statements made by management or third parties as to any information technology, internal audit and other non-audit services provided by the auditors to the Corporation. The responsibility for the completeness and accuracy of the Corporation's financial statements rests with the Corporation's management. The responsibility of KPMG LLP, the Corporation's public accountants, is to perform an audit and to express an opinion as to whether the Corporation's annual financial statements are free of material misstatement and presented in accordance with generally accepted accounting principles.

The Audit Committee received the written disclosures and the letter from KPMG LLP, required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as currently in effect. The disclosures described the relationships and fee arrangements between the firm and the Corporation. Consistent with Independence Standards Board Standard No. 1 and the SEC's Strengthening the Commission's Requirements Regarding Auditor Independence, the Audit Committee considered at a meeting held on February 18, 2003 whether the provision of non-audit services by the public accountants to the Corporation for the fiscal year ended December 31, 2002 is compatible with maintaining KPMG LLP's independence and has discussed with KPMG LLP the firm's independence from the Corporation.

The Audit Committee reviewed and discussed with the Corporation's public accountants the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (Communications with Audit Committees).

The Audit Committee reviewed and discussed with management and the Corporation's public accountants the audited financial statements of the Corporation for the year ended December 31, 2002.

Based on the above-mentioned reviews and discussions with management and the Corporation's public accountants, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above, the Audit Committee, exercising its business judgment, recommended to the board that the Corporation's audited financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2002, for filing with the SEC.

This report is submitted on behalf of the members of the Audit Committee:

PUBLIC ACCOUNTANTS

Appointment of Public Accountants

The appointment of public accountants is approved annually by the Corporation's board of directors. The decision of the board of directors is based on the recommendation of the Audit Committee. On March 22, 2002, the board of directors, upon the recommendation of the Audit Committee, voted to replace Arthur Andersen LLP as the Corporation's independent public accountants for 2002. Arthur Andersen LLP's report on the consolidated financial statements of the Corporation for each of the fiscal years ended December 31, 2000 and December 31, 2001 did not contain an adverse opinion or a disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principles. During the fiscal years ended December 31, 2000 and December 31, 2001, and the interim period between December 31, 2001 and March 22, 2002, there were no disagreements between the Corporation and Arthur Andersen LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Arthur Andersen LLP, would have caused it to make reference to the subject matter of the disagreement in connection with its reports. During the fiscal years ended December 31, 2000 and December 31, 2001, and the interim period between December 31, 2001 and March 22, 2002, there were no reportable events (as defined in SEC Regulation S-K Item 304(a)(1)(v)).

On April 16, 2002, the board of directors, upon the recommendation of the Audit Committee, engaged KPMG LLP as the Corporation's independent public accountants for the year 2002. During the Corporation's fiscal years ended December 31, 2000 and December 31, 2001, and the interim period between December 31, 2001 and April 16, 2002, the Corporation did not consult KPMG LLP regarding (i) the application of accounting principles to a specified transaction, either completed or proposed, (ii) the type of audit opinion that might be rendered on the Corporation's consolidated financial statements, or (iii) any other matter that was the subject of a disagreement with Arthur Andersen LLP or a reportable event (as defined in SEC Regulation S-K Item 304(a)(1)(v)).

For the year 2003, the board of directors, upon the recommendation of the Audit Committee, has authorized the engagement of KPMG LLP as the Corporation's independent public accountants. Representatives of KPMG LLP will be present at the annual meeting. They will have an opportunity to make a statement if they wish and will be available to respond to appropriate questions raised by stockholders at the meeting.

Audit Fees

The aggregate fees billed or expected to be billed by KPMG LLP for professional services rendered for the audit of the Corporation's annual financial statements for the fiscal year ended December 31, 2002 and for the reviews of the financial statements included in the Corporation's Quarterly Reports on Form 10-Q for that fiscal year were \$1,119,600 (Audit Fees). The Audit Fees billed by KPMG LLP in fiscal year 2002 included fees for the reaudit of the Corporation's annual financial statements for fiscal years ended December 31, 2000 and 2001. Arthur Andersen LLP did not bill the Corporation for Audit Fees for the fiscal year ended December 31, 2002.

Financial Information Systems Design and Implementation Fees

For the fiscal year ended December 31, 2002, neither KPMG LLP nor Arthur Andersen LLP rendered any information technology services to the Corporation relating to financial information systems design and implementation, and no fees were billed by KPMG LLP or Arthur Andersen LLP to the Corporation for any such services.

All Other Fees

The aggregate fees billed by KPMG LLP for services rendered to the Corporation, other than the services described above under Audit Fees, for the fiscal year ended December 31, 2002 were \$522,565 including audit-related fees of \$367,750 and other fees of \$154,815 (collectively, All Other Fees). Audit-related fees billed by KPMG LLP included fees for services or other work such as employee benefit plan audits, accounting consultation and other attestation and audit-related services. Other fees were primarily for tax compliance and consulting and business advisory services.

The aggregate All Other Fees billed by Arthur Anderson LLP for the fiscal year ended December 31, 2002 were \$485,969, including audit-related fees of \$6,000 and other fees of \$479,969. Audit-related fees billed by Arthur Anderson LLP included fees for services or other work such as other attestation and audit-related services. Other fees were primarily for tax compliance and consulting and employee benefits consulting.

In addition to Audit Fees and All Other Fees, aggregate fees of \$329,600 were billed by Arthur Andersen LLP for services rendered during the fiscal year ended December 31, 2002 in connection with audits for certain of the proprietary mutual funds managed by affiliates of the Corporation. These mutual funds are not included in the consolidated financial statements of the Corporation. No such fees were billed by KPMG LLP during the fiscal year ended December 31, 2002.

OTHER BUSINESS

The board of directors knows of no business to be presented at the 2003 annual meeting other than that described above. The Corporation's by-laws provide that stockholders may bring matters before an annual meeting only if they give timely written notice of the matter to be brought not less than 90 days and not more than 120 days before the month and day that the Corporation held the prior year's annual meeting. The notice must be directed to the attention of the Corporation's secretary and contain the information required by the by-laws. No such notice with respect to the 2003 annual meeting was received during the relevant period, December 17, 2002 through January 16, 2003. However, if any matter properly comes before the annual meeting, the proxy holders will vote the shares represented by the proxies in accordance with their best judgment.

STOCKHOLDER PROPOSALS FOR 2003 ANNUAL MEETING

Any stockholder proposals for the 2004 annual meeting must be received by the Corporation, directed to the attention of the Corporation's secretary, no later than November 10, 2003 in order to be eligible for inclusion in the Corporation's proxy statement and form of proxy for that meeting. The proposal must comply in all respects with the rules and regulations of the SEC and the by-laws of the Corporation.

Also, under the Corporation's by-laws, other proposals that are not included in the proxy statement will be considered timely and may be eligible for presentation at that meeting if they are received by the Corporation in the form of a written notice, directed to the attention of the Corporation's secretary, not earlier than December 16, 2003 and not later than January 15, 2004. The notice must contain the information required by the by-laws.

NOTICE TO PARTICIPANTS IN THE NORTHERN TRUST EMPLOYEE STOCK OWNERSHIP PLAN

Dear Plan Participant:

The annual meeting of stockholders of the Northern Trust Corporation (the Corporation) will be held on April 15, 2003 for the purpose of electing the 13 director nominees recommended by the Board of Directors of the Corporation, as more fully described in the proxy statement for the annual meeting. Directors and officers of the Corporation will be present at the annual meeting to respond to any questions that the stockholders may have regarding the business to be transacted.

Only U.S. Trust Company, N.A., as trustee (the Trustee) of the Northern Trust Employee Stock Ownership Plan (the ESOP), can vote the shares of the Corporation stock (Shares) held by the ESOP. However, under the terms of the ESOP, you, as a participant in the ESOP, are entitled to instruct the Trustee how the Shares allocated to your account under the ESOP are to be voted, except that the Trustee has discretion to vote such shares if a participant's instructions are contrary to the Employee Retirement Income Security Act of 1974, as amended (ERISA). Unallocated Shares and allocated Shares for which no direction is received (together, Undirected Shares) will be voted by the Trustee in the same proportion that the allocated Shares were voted, unless inconsistent with the Trustee's fiduciary responsibility. Thus, through your instructions, you will be exercising power and control as a named fiduciary of the ESOP not only over the Shares allocated to your account, but also with respect to a proportionate share of the Undirected Shares.

Enclosed with this notice is a confidential voting instruction card which is provided to you for the purpose of instructing the Trustee how to vote the Shares concerning the election of directors, which is more fully described in the Proxy Statement. Your interest in this matter is very important. Please take the time to complete the voting instruction card and return it in the enclosed envelope or provide telephonic or Internet instructions to the Trustee in the manner described on the voting instruction card. The Trustee will vote your Shares in accordance with the instructions you provide by telephone or through the Internet or on the voting instruction card received by the Trustee on or before April 11, 2003, unless the Trustee determines such instructions are contrary to the requirements of ERISA. If you vote by mail, you are encouraged to specify your choice in the election of Directors by marking the appropriate spaces, but you need not mark any space if you wish to vote in accordance with the recommendations of the Board of Directors.

How you vote will not be revealed, directly or indirectly, to any officer, to any other employee, or any director of the Corporation or to anyone else, except as otherwise required by law. You should, therefore, feel completely free to instruct the Trustee to vote Shares in the manner you think best.

Because of the time required to tabulate voting instructions from participants before the annual meeting, the Trustee must establish a cut-off date for receiving your voting instruction card or your telephonic or Internet instructions. The cut-off date established by the Trustee is 12:00 P.M. Central Standard Time April 11, 2003. The Trustee cannot insure that voting instruction cards or telephonic or Internet instructions received after the cut-off date will be tabulated. Therefore, it is important that you act promptly and return your voting instruction card in the envelope provided for your convenience or provide telephonic or Internet instructions to the Trustee in the manner described on the voting instruction card on or before April 11, 2003. If the Trustee does not receive timely instructions from you, the Trustee will vote your Shares in proportion to the voting instructions received from all ESOP participants.

If you are a direct stockholder of the Corporation, you will receive under separate cover, proxy solicitation materials, including a proxy card. That card or the telephonic or Internet vote of the shares listed on that card CANNOT be used to direct the voting of Shares held by the ESOP.

Edgar Filing: NORTHERN TRUST CORP - Form DEF 14A

If you have questions regarding the information provided to you, you may contact the ESOP Trustee at the following toll-free number between 11:00 A.M. and 6:00 P.M. Central Standard Time, Monday through Friday at 1-800-535-3093.

Your ability to instruct the Trustee how to vote your ESOP Shares is an important part of your rights as an ESOP participant. Please consider the proxy material carefully and then furnish your voting instructions promptly.

TO: Shareholders of Northern Trust Corporation

HOUSEHOLDING NOTICE

The Securities and Exchange Commission adopted rules that allow NORTHERN TRUST CORPORATION (the Corporation) to deliver a single annual report, proxy statement, proxy statement combined with a prospectus, or any information statement to any household at which two or more shareholders reside who share the same last name or whom the Corporation reasonably believes to be members of the same family. This procedure is referred to as Householdings.

If you share the same last name and address with one or more shareholders, from now on, unless we receive contrary instructions from you, your household will receive only one copy of the Corporation's annual report, proxy statement for its annual meeting of stockholders, any proxy statement combined with a prospectus or any information statement. We will include with the Householdings materials for our annual meetings, a separate proxy card and Notice of Annual Meeting of Stockholders for each registered shareholder account at your address.

If you object to Householdings and wish to continue to receive individual copies of these documents, call Wells Fargo Bank Minnesota, N.A., our stock transfer agent, at 1-877-602-7615. You will need to enter your shareowner account number and Company Number 401.

If we do not hear from you, you will be deemed to have consented to the delivery of only one set of these documents to your household. The Corporation intends to Household indefinitely, and your consent will be perpetual unless you revoke it. You may revoke your consent at any time by calling our stock transfer agent at 1-877-602-7615 or writing to them at Shareowner Services, Attn: Householdings, P.O. Box 64854, St. Paul, MN 55164-0854.

Your participation in this program is encouraged. It will reduce the volume of duplicate information received at your household as well as the cost to the Corporation of preparing and mailing duplicate materials.
