PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

GENERAL

The enclosed proxy is solicited on behalf of the board of directors of Atrix Laboratories, Inc., a Delaware corporation, for use at our Annual Meeting of Stockholders to be held on May 5, 2002, and at any adjournment, continuation or postponement of the meeting.

A number of abbreviations are used in the proxy statement. We refer to the company as "Atrix" or "we," "us" or "our." The term "proxy solicitation materials" includes this proxy statement, as well as the enclosed proxy card. References to "fiscal 2001" mean our 2001 fiscal year which began on January 1, 2001 and ended on December 31, 2001. Our 2002 Annual Meeting of Stockholders is simply referred to as the "annual meeting" or the "meeting."

Our principal executive office is located at 2579 Midpoint Drive, Fort Collins, Colorado 80525. Our principal executive office telephone number is (970) 482-5868.

These proxy solicitation materials were mailed on or about April 10, 2002 to all stockholders entitled to vote at the annual meeting.

RECORD DATE AND SHARES OUTSTANDING

Stockholders who owned shares of our common stock at the close of business on March 22, 2002, referred to as the record date, are entitled to notice of, and to vote at, the annual meeting. At the record date, we had 20,101,315 shares of common stock issued and outstanding.

REVOKING YOUR PROXY

You may revoke your proxy at any time prior to the date of the annual meeting by: (1) submitting a later-dated vote, in person at the annual meeting, via the Internet, by telephone or by mail, or (2) delivering instructions to the attention of Investor Relations at our principal executive office, 2579 Midpoint Drive, Fort Collins, Colorado 80525. Any notice of revocation sent to us must include the stockholder's name and must be received prior to the meeting to be effective.

HOW YOUR PROXY WILL BE VOTED

All shares represented by properly executed proxies received in time for the meeting will be voted at the meeting in accordance with the instructions marked thereon or otherwise as provided therein, unless such proxies have previously been revoked. Unless instructions to the contrary are marked, or if no instructions are specified, shares represented by proxies will be voted:

Edgar Filing: ATRIX LABORATORIES INC - Form DEF 14A

- FOR the election of all nominees for director; and
- FOR the ratification of the selection of Deloitte & Touche LLP as our independent auditors for the calendar year ending December 31, 2002.

In addition, if any other matters properly come before the annual meeting, it is the intention of the persons named in the enclosed proxy card to vote the shares they represent as directed by the board of

directors. We have not received notice of any other matters that may properly be presented at the annual meeting.

QUORUM

Each share of common stock outstanding on the record date is entitled to one vote. Cumulative voting is not permitted. A quorum, which is a majority of the outstanding shares as of the record date, must be present in order to hold the meeting and to conduct business. Your shares will be counted as being present at the meeting if you appear in person at the meeting, if you vote your shares by telephone or over the Internet, or if you submit a properly executed proxy card. Votes against a particular proposal will be counted both to determine the presence or absence of a quorum and to determine whether the requisite majority of voting shares has been obtained.

VOTING

TABULATION

If a quorum is present, the affirmative vote of (1) a plurality of the shares of common stock voting at the annual meeting is required to elect directors, and (2) a majority of the shares voted at the annual meeting is required to ratify the appointment of Deloitte & Touche LLP as our independent accountants for this fiscal year.

Our transfer agent will tabulate votes cast by proxy by an automated system. Votes cast by proxy or in person at the meeting will be counted by the persons appointed by us to act as election inspectors for the meeting. Abstentions, broker non-votes, which are explained below, and shares as to which authority to vote on any proposal is withheld, are each included in the determination of the number of shares present and voting at the meeting for purposes of obtaining a quorum. Each will be tabulated separately.

ABSTENTIONS; BROKER NON-VOTES

In the absence of controlling precedent to the contrary, we intend to treat abstentions and broker non-votes in the following manner. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have the discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Broker "non-votes" and shares as to which proxy authority has been withheld with respect to any matter are not deemed to be entitled to vote for purposes of determining whether stockholder approval of that matter has been obtained. As a result, broker "non-votes" are not included in the tabulation of the voting results on the election of directors or issues requiring the approval of a majority of the shares of common stock present and entitled to vote and, therefore, do not have the effect of votes in opposition for such proposals. With respect to Proposal 1 requiring a plurality vote and Proposal 2 requiring the affirmative vote of a majority of the common stock, present and entitled to vote, broker "non-votes" have no effect. Because abstentions will be included in tabulations of the shares of common stock entitled to vote for purposes of

Edgar Filing: ATRIX LABORATORIES INC - Form DEF 14A

determining whether a proposal has been approved, abstentions have the same effect as a negative vote on Proposal 2.

SOLICITATION OF PROXIES

This solicitation is being made by mail on behalf of our board of directors, but may also be made without additional remuneration by our officers or employees by telephone, telegraph, facsimile transmission, e-mail or personal interview. We will bear the expense of the preparation, printing and mailing of the enclosed form of proxy, notice of annual meeting and this proxy statement and any additional material relating to the meeting that may be furnished to our stockholders by our board subsequent to the furnishing of this proxy statement. We will reimburse banks and brokers who hold shares in their name or custody, or in the name of nominees for others, for their out-of-pocket expenses incurred in forwarding copies of the proxy materials to those persons for whom they hold such shares. To obtain the necessary representation of stockholders at the meeting, supplementary solicitations may be

2

made by mail, telephone or interview by our officers or employees, without additional compensation, or selected securities dealers. We anticipate that the cost of such supplementary solicitations, if any, will not be material.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our amended and restated certificate of incorporation provides for a board of directors made up of three classes. The members of each class serve three-year staggered terms with one class to be elected at each annual meeting. In accordance with our bylaws, the board of directors has currently set the total number of directors at eight, with three directors in Class A, two directors in Class B and three directors in Class C. The current terms of the Class A and Class B directors expire at our annual meeting of stockholders for the years ended 2003 and 2004, respectively. The current term of the Class C directors expires at the meeting.

The board of directors has nominated Mr. H. Stuart Campbell, Mr. C. Rodney O'Connor and Dr. George J. Vuturo for election as Class C directors to serve for a three-year term expiring at the annual meeting of stockholders for the year ended 2004 and until their successors are elected and qualified.

If any of the Class C nominees is unable or declines to serve as a director at the time of the annual meeting, the proxies will be voted for any nominee who is designated by the present board of directors to fill the vacancy. It is not expected that any nominee will be unable or will decline to serve as a director.

The names of the Class C nominees, the directors who will continue in office after the meeting and certain information about each of them is set forth below. There is no family relationship between any of our directors or executive officers.

COMPENSATION PURSUANT TO PLANS

STOCK OPTION PLANS

We have four stock option plans under which options may currently be granted, our amended and restated 1987 performance stock option plan, our 2000 stock incentive plan, our non-qualified stock option plan, and our non-employee director stock incentive plan. The persons eligible to receive options, the number of options authorized and outstanding, and the number of options granted during the preceding fiscal year under each plan are as follows:

NAME OF PLAN	PERSONS ELIGIBLE	# OPTIONS AUTHORIZED	# OPTIONS OUTSTANDING (1)
1987 Stock Option Plan.....	Employees and directors	2,500,000	1,114,657
2000 Stock Incentive Plan.....	Employees, directors and consultants	2,750,000	1,916,369
Non-Qualified Stock Option Plan.....	Consultants	150,000	107,980
Non-Employee Director Stock Plan.....	Non-employee directors	25,000	6,498

(1) Any unexercised options that expire or terminate in accordance with the plan become available again for issuance under the plan.

401(k) PLAN

We maintain a defined contribution savings plan, or 401(k) plan, to provide retirement income to our employees, including all executive officers. All employees who are over 21 years of age are eligible to participate in the 401(k) plan. The 401(k) plan is funded by voluntary pre-tax contributions from employees up to a maximum amount equal to 17% of annual compensation up to \$10,000. In addition, we provide 50% matching contributions up to 6% of annual compensation. Employees who have completed one year of service are eligible for matching contributions. Participants are fully vested in all pre-tax, after-tax and matching contributions as soon as they are made.

EMPLOYEE STOCK PURCHASE PLAN

We maintain an employee stock purchase plan, or ESPP, that provides eligible employees the opportunity to purchase shares of our common stock through authorized payroll deductions at 85% of the average market price on the last day of each quarter. All employees who have completed six months of employment of 20 hours per week or greater are eligible to participate in our ESPP. This plan qualifies as an "employee stock purchase plan" under Section 423

Edgar Filing: ATRIX LABORATORIES INC - Form DEF 14A

of the Internal Revenue Code. Currently, 279,741 shares of common stock are available for purchase under the plan.

COMPENSATION OF DIRECTORS

Each non-employee director receives in lieu of an annual cash retainer, an option to purchase 2,800 shares of common stock, granted in quarterly installments, which vest in three equal annual installments. Each non-employee director may elect to apply all or any portion of the annual retainer fee to the acquisition of restricted shares or the receipt of stock options in accordance with the terms of our non-employee director stock incentive plan. Under our non-employee director stock incentive plan, immediately following each annual meeting of the stockholders, each non-employee director is granted a non-qualified stock option to purchase 4,000 shares (5,000 shares in the case of a non-employee Chairman of the Board). The options vest in three equal annual installments. We also reimburse expenses of directors for attending meetings. In addition, each non-employee director receives \$1,500 for each board meeting attended, which the directors can elect to receive either in cash or in shares of restricted stock. Our directors who are also officers do not receive any additional compensation for their service as members of the board of directors.

10

REPORT OF THE COMPENSATION COMMITTEE

In fiscal 2001, the members of the compensation committee were Mr. Sander A. Flaum, Mr. John E. Urheim, and Dr. D. Walter Cohen. Mr. Urheim resigned as member of the board of directors and the compensation committee in August 2001. Mr. Bazan was appointed as a member of the committee in February 2002.

Our compensation committee is currently comprised of three independent outside directors and is responsible for establishing our compensation policy and administering the compensation programs of our executive officers. The compensation committee meets at least once a year to review our executive compensation policies, the design of our compensation programs, and individual salaries and awards for our executive officers based on performance criteria.

EXECUTIVE COMPENSATION PHILOSOPHY

The compensation committee applies a consistent philosophy of compensation for all of our employees, including our executive officers. This philosophy is based on the premise that our achievements result from the coordinated efforts of all individuals working toward common objectives.

The goals of the executive compensation program are to align executive compensation with our business objectives and performance, and to enable us to attract, retain and reward executive officers who contribute to our long-term success. Our compensation program for executive officers is based on the same principles applicable to compensation decisions for all of our employees and generally consists of two compensation elements: cash and equity. A large percent of peer companies also incorporate performance bonus programs to enhance the executive compensation package, whether they are profitable or not. We believe the use of equity outperforms cash bonus programs as an incentive to our employees. In determining executive officer compensation levels for each of these components the compensation committee takes into account both qualitative and quantitative factors. Among the factors considered by the compensation committee are the recommendations of the CEO with respect to the compensation of our other executive officers. The compensation committee, however, makes the final compensation decisions concerning such officers.

In making compensation decisions, the compensation committee considers

Edgar Filing: ATRIX LABORATORIES INC - Form DEF 14A

compensation practices and financial performance of our peer group. The peer group is comprised of drug delivery and biotech companies that are among those entities who participate in an annual biotechnological survey conducted by Radford Associates in conjunction with Aon Consulting Group. The 2001 custom survey included public and private companies considered to be similar to us or to be our competitors.

The compensation committee uses this information as a guide, but does not target total executive compensation or any component thereof to any particular point within, or outside, the range of peer group results. However, the compensation committee believes that compensation at or near the weighted average of the peer group for base salaries is generally appropriate to use as a guideline for compensation decisions. The specified weighted averages are considered on both an absolute basis and a size-adjusted basis (i.e., reflecting compensation levels that are commensurate with our size relative to the sizes of the peer group companies). Specific compensation for individual executive officers will vary from these levels as the result of other factors considered by us, unrelated to compensation practices of the peer group.

COMPENSATION ELEMENTS

For fiscal 2001, our executive compensation program consisted of a base salary and the grants of stock options.

BASE SALARY

The compensation committee determines salaries for our executive officers by evaluating, subjectively, the responsibilities of the position held and the experience and performance of the individual and comparing base salaries for comparable positions at peer group entities. In determining the base salaries for

11

2001, the compensation committee reviewed the peer group data with our CEO for each executive position. In addition, the compensation committee reviewed the responsibility level of each position, together with the executive officer's individual performance for the prior year and objectives for the current year. In addition, our overall performance during the past year was compared to objectives for the prior year and performance targets for the current year. In general, during fiscal 2001, the cash, base salaries for our executive officers were adjusted between 0 and 10% depending on performance, with the average salary increase being approximately 5%.

STOCK OPTIONS

The long-term incentive component of our executive officers is stock options. The compensation committee believes that providing executive officers with opportunities to acquire significant equity positions in the company and thus, the opportunity to share in our growth and prosperity, through the grant of stock options will enable us to attract and retain qualified and experienced executive officers. Stock options represent a valuable portion of the compensation program for our executive officers. The exercise price of stock options is generally the fair market value of the shares on the date of the grant and generally only provide a benefit if the value of the shares increases. Grants of stock options to executive officers are made by the compensation committee upon the recommendation of the CEO, who comprises the stock option committee, and are based upon a review of peer group and our relative size data within the 2001 survey. Each executive officer's position is compared to grants of officers in similar positions. We also evaluate the executive officer's past and expected future performance, the number of outstanding and previously

Edgar Filing: ATRIX LABORATORIES INC - Form DEF 14A

granted options, and discussions with the executive officer when the options are granted.

CEO COMPENSATION

In determining the base salary for Mr. Bethune in fiscal 2001, the compensation committee reviewed the peer group data and reviewed the CEO Compensation Review report prepared by an outside consultant. With respect to both total cash compensation and other compensation the report indicated that for fiscal 2000 Mr. Bethune was paid below the mean compensation paid to executives in the peer group and slightly above the mean with respect to long-term compensation. The committee also compared our performance to our stated objectives in 2001, and considered performance targets for 2002, and based on this review elected to increase Mr. Bethune's base salary to \$23,333 per month.

2001 EXECUTIVE LONG TERM INCENTIVE COMPENSATION PROGRAM

On August 5, 2001, the board of directors approved the 2001 executive long term incentive compensation program. The purpose of program is to enhance our ability to retain Mr. Bethune and provide Mr. Bethune with incentive compensation based on the achievement of certain performance goals. The program was adopted under our 2000 stock incentive plan and is subject to the terms and provisions thereof. Only our Chief Executive Officer and Chairman of the Board are eligible to participate in the program.

The program has a term of three years, during which time awards may be made. Awards may consist of the issuance of shares of common stock, restricted stock or options with a fixed or variable exercise price, or any combination of the above. Under the program, the aggregate value of all awards granted under the program, determined on the date of grant, cannot exceed \$7,000,000. With respect to any options granted under the program, the options will be valued based on the Black-Scholes option pricing model.

The compensation committee may determine that the grant or vesting of an award shall be dependent on the satisfaction of performance criteria or other conditions, but is not required to make such determination. The relevant criteria may include, product development, corporate partnering, strategic planning, capital or fund raising, success in clinical trials, establishment of manufacturing capabilities, regulatory approvals, attracting and retaining senior management, financial objectives, strategic alliances and other factors or matters. As soon as practicable after the end of any designated performance period

12

the compensation committee will certify in writing our attainment or non-attainment of the performance goals and criteria.

In recognition of Mr. Bethune's achievements and our performance under his leadership, and to further align his interest with those of our stockholders, on August 6, 2001 the compensation committee granted Mr. Bethune an option to purchase 100,583 shares of our common stock under the program. The options have an exercise price of \$5.00 per share and were fully vested on the grant date. The primary factor considered by the compensation committee in determining the terms of the award was Mr. Bethune's significant contributions to the overall performance of our business during the past two years as evidenced, in part, by the following achievements:

- a total stockholder return of 20.79% and 228.89% for 2001 and 2000, respectively;

Edgar Filing: ATRIX LABORATORIES INC - Form DEF 14A

- the fact that over the same period our total shareholder return over the two year period of 297.26% outperformed the total returns of the Nasdaq Pharmaceutical Index -- (14.78%) and 39.85% for 2001 and 2000, respectively; and the Nasdaq Index -- (20.65%) and 39.85% for 2001 and 2000, respectively;
- the fact that over the past two fiscal years we have entered into seven major strategic alliances;
- the significant clinical advances in our Eligard(TM) and Atrisine(TM) products;
- the expansion of our product pipeline; and
- Mr. Bethune's overall leadership.

In addition, the Compensation Committee determined the terms of the award based on its review of the CEO Compensation Review report.

OTHER COMPENSATION CONSIDERATIONS

Under Section 162(m) of the Internal Revenue Code we may not receive a federal income tax deduction for compensation paid to our Chief Executive Officer or any of the four most highly compensated executive officers to the extent that any of the persons receive more than \$1,000,000 in compensation in any one year. However, if we pay compensation that is "performance-based" under Section 162(m) we can receive a federal income tax deduction for the compensation paid even if such compensation exceeds \$1,000,000 in a single year. Our 1987 performance stock option plan and our 2000 stock incentive plan have been designed to qualify as "performance-based" plans and therefore compensation realized in connection with exercise of options granted under these plans is fully tax deductible on our federal income tax return. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the compensation committee has not adopted a policy that all compensation must be deductible on our federal income tax returns.

Sander A. Flaum, Chairman
Dr. D. Walter Cohen

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of the compensation committee was at any time during fiscal 2001 an officer or employee of the company. In addition, none of our executive officers serves as a member of the board of directors or compensation committee of any company that has one or more executive officers serving as a member of our board of directors or compensation committee.

AUDIT COMMITTEE REPORT

The following is a report of the audit committee with respect to our audited financial statements for the fiscal year ended December 31, 2001, which include our consolidated balance sheets as of December 31, 2001 and 2000, and the related consolidated statements of operations, stockholders' equity (deficit) and cash flows for each of the three years in the period ended December 31, 2001, and the notes thereto.

The audit committee is comprised solely of independent directors, as defined in the Marketplace Rules of The Nasdaq Stock Market, and operates under a written charter adopted by the board of directors. The composition of the audit committee, the attributes of its members, and the responsibilities of the committee, as reflected in its charter, are intended to be in accordance with applicable requirements for corporate audit committees.

In general, the audit committee charter sets forth:

- the scope of the audit committee's responsibilities and the means by which it carries out these responsibilities;
- the outside auditor's accountability to the board of directors and the audit committee; and

14

- the audit committee's responsibility to assist the board of directors in determining the independence of the outside auditor.

As described more fully in its charter, the purpose of the audit committee is to assist the board of directors in its general oversight of our financial reporting, internal control, and audit functions. Management is responsible for the preparation, presentation, and integrity of our financial statements; selection of accounting and financial reporting principles; and maintaining internal controls and procedures designed to ensure compliance with accounting standards, applicable laws, and regulations. Deloitte & Touche LLP, our independent auditing firm, is responsible for performing an independent audit of the consolidated financial statements in accordance with generally accepted auditing standards.

The audit committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent auditor. The committee serves a board-level oversight role, in which it provides advice, counsel, and direction to management and the auditors on the basis of the information it receives, discussions with management and the auditors, and the experience of the committee's members in business, financial, and accounting matters.

The audit committee members have relied, without independent verification, on management's representation that the financial statements have been prepared

Edgar Filing: ATRIX LABORATORIES INC - Form DEF 14A

with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of our independent auditors included in their report on our financial statements. The committee's oversight role does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the committee's considerations and discussions with management and the independent auditors do not assure that our financial statements are presented in accordance with generally accepted accounting principles, that the audit of our financial statements has been carried out in accordance with generally accepted auditing standards, or that our independent auditors are in fact "independent."

Among other matters, the audit committee monitors the activities and performance of our external auditors, including the audit scope, external audit fees, auditor independence matters, and the extent to which the independent auditor may be retained to perform non-audit services. The audit committee and the board have ultimate authority and responsibility to select, evaluate, and, when appropriate, replace our independent auditors. The audit committee also reviews the results of the external audit work with regard to the adequacy and appropriateness of our financial, accounting, and internal controls. Management and independent auditor presentations to and discussions with the audit committee also cover various topics and events that may have significant financial impact or are the subject of discussions between management and the independent auditors. In addition, the audit committee generally oversees our internal compliance programs.

REVIEW WITH MANAGEMENT

The audit committee has reviewed and discussed our audited financial statements with management. Management represented to the committee that our consolidated financial statements were prepared in accordance with generally accepted accounting principles.

REVIEW AND DISCUSSIONS WITH INDEPENDENT AUDITORS

During 2001, the audit committee held meetings with management and the independent auditors to discuss the overall scope and plans for the audit. We also met with the independent auditors, with and without management present, to discuss the results of their examinations and their evaluations of our internal controls. In addition, the committee has reviewed and discussed the audited consolidated financial statements for the year ended December 31, 2001 and held discussions with management and Deloitte & Touche LLP on the quality, not just the acceptability, of our accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

15

The audit committee has also discussed with Deloitte & Touche the matters required to be discussed by SAS 61 (Codification of Statements on Accounting Standards), which includes, among other items, matters related to the conduct of the audit of our financial statements.

The audit committee has also received written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1 (which relates to the auditors' independence from us and our related entities) and has discussed with Deloitte & Touche LLP their independence from Atrix. In addition, the audit committee has also considered whether the provision of those services set forth in the table below is compatible with Deloitte & Touche LLP

Edgar Filing: ATRIX LABORATORIES INC - Form DEF 14A

maintaining its independence from Atrix.

In reliance on the reviews and the meetings, discussions and reports noted above, the committee recommended to our board of directors that our audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2001.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We have entered into various employment agreements with our executive officers, which are discussed under "Executive Compensation-Employment Agreements" on page 9.

On July 18, 2000, we formed a joint venture with Elan International Services, Ltd., a wholly owned subsidiary of Elan Corporation, plc. The joint venture is a Bermuda limited company and is initially owned 80.1% by us and 19.9% by Elan. Its purpose is to develop and commercialize oncology and pain management products. In a related transaction, Elan purchased 12,015 shares of our Series A convertible exchangeable preferred stock on July 18, 2000 for \$12,015,000. We used the proceeds of the preferred stock sale to purchase 6,000 shares of the joint venture's common stock and 3,612 shares of its preferred stock to fund our share of the joint venture's initial capitalization. Elan may also loan us up to \$8,010,000 to support our share of the joint venture's research and development costs pursuant to a convertible promissory note issued by us to Elan. Elan purchased 442,478 shares of our common stock for \$5,000,000 and we issued Elan a five-year warrant to purchase up to 1,000,000 shares of our common stock for \$18 per share in conjunction with the formation of the joint venture.

VOTING VIA THE INTERNET OR BY TELEPHONE

FOR SHARES DIRECTLY REGISTERED IN THE NAME OF THE STOCKHOLDER

Stockholders with shares registered directly with American Stock Transfer and Trust Company, or AST, may vote those shares telephonically by calling AST at (800) 776-9437 (within the U.S. and Canada only, toll-free), or via the Internet at AST's voting Web site (www.voteproxy.com).

FOR SHARES REGISTERED IN THE NAME OF A BROKER OR A BANK

A number of brokers and banks are participating in a program provided through ADP Investor Communication Services that offers telephone and Internet voting options. This program is different from the program provided by AST for shares registered directly in the name of the stockholder. If your shares are held in an account with a broker or a bank participating in the ADP Investor Communication Services program, you may vote those shares telephonically by calling the telephone number shown on the voting form received from your broker or bank, or via the Internet at ADP Investor Communication Services' voting Web site (www.proxyvote.com).

DELIVERY OF VOTING MATERIALS

To reduce the expenses of delivering duplicate voting materials to our stockholders, we are taking advantage of new householding rules that permit us to deliver only one set of voting materials, meaning the proxy statement and our 2001 annual report, to stockholders who share the same address unless otherwise requested. Each stockholder will receive a separate proxy card or voting instruction form and will therefore retain a separate right to vote on all matters presented at the meeting.

If you share an address with another stockholder and have received only one set of voting materials, you may write or call us to request a separate copy of these materials at no cost to you. For future annual

meetings, you may request separate voting materials or request that we only send one set of voting materials to you if you are receiving multiple copies by calling us at: (970) 482-5868 or by writing us at: Atrix Laboratories, Inc., 2579 Midpoint Drive, Fort Collins, Colorado 80525, Attn: Investor Relations.

ANNUAL REPORT

Our 2001 annual report, which includes our Annual Report on Form 10-K for the year ended December 31, 2001, has been mailed to stockholders along with this proxy statement. If you have not received or had access to our annual report, please call Investor Relations at (970) 482-5868, and a copy will be sent to you.

STOCKHOLDER PROPOSALS

In accordance with Rule 14a-8 under the Exchange Act, any stockholder who intends to submit a proposal at our 2003 annual meeting of stockholders and who wishes to have the proposal considered for inclusion in the proxy statement and form of proxy for that meeting must, in addition to complying with the applicable laws and regulations governing submission of such proposals, deliver the proposal to us for consideration no later than December 11, 2002. Such proposal should be sent to our Corporate Secretary at 2579 Midpoint Drive, Fort Collins, Colorado 80525.

Edgar Filing: ATRIX LABORATORIES INC - Form DEF 14A

In addition, our bylaws establish an advance notice procedure with regard to certain matters, including stockholder proposals not included in our proxy statement, to be brought before an annual meeting of stockholders. In general, notice must be received by our Corporate Secretary not less than 45 days nor more than 75 days prior to the first anniversary of the date on which we first mailed our proxy materials for the previous year's annual meeting, and the notice must contain specified information concerning the matters to be brought before the meeting and the stockholder proposing such matters. Therefore, to be presented at our 2003 Annual Meeting, a proposal must be received by our Corporate Secretary after January 25, 2003 but no later than February 24, 2003.

IT IS IMPORTANT THAT PROXIES BE RETURNED PROMPTLY. THEREFORE, STOCKHOLDERS, WHETHER OR NOT THEY EXPECT TO ATTEND THE MEETING IN PERSON, ARE REQUESTED TO COMPLETE, DATE, AND SIGN THE ENCLOSED FORM OF PROXY AND RETURN IT PROMPTLY IN THE ENVELOPE PROVIDED FOR THAT PURPOSE. BY RETURNING YOUR PROXY PROMPTLY YOU CAN HELP US AVOID THE EXPENSE OF FOLLOW-UP MAILINGS TO ENSURE A QUORUM SO THAT THE MEETING CAN BE HELD. STOCKHOLDERS WHO ATTEND THE MEETING MAY REVOKE A PRIOR PROXY AND VOTE THEIR PROXY IN PERSON AS SET FORTH IN THIS PROXY STATEMENT.
