PROXY STATEMENT

This Proxy Statement is furnished to the shareholders of First Interstate BancSystem, Inc. (the Company or FIBS) in connection with the solicitation of proxies of the Company s shareholders by the Board of Directors to be voted at the Annual Meeting of Shareholders (the Annual Meeting) of the Company to be held on May 9, 2003 at 8:00 a.m., Mountain Time, at the Billings Hotel and Convention Center, 1223 Muldowney Lane, Billings, MT 59101, or any adjournments thereof.

February 28, 2003 (the Record Date) is the Record Date for determining the holders of record of shares of the Common Stock of the Company (the Common Stock) entitled to notice of and to vote at the Annual Meeting of the Company and any adjournments thereof.

The Company s Annual Report on Form 10-K (the Annual Report), which includes audited financial statements for the fiscal year ended December 31, 2002, is being mailed to shareholders of the Company simultaneously with this Proxy Statement.

INFORMATION CONCERNING SOLICITATION AND VOTING

Only holders of record of Common Stock at the close of business on the Record Date are entitled to vote at the Annual Meeting. A quorum for the purposes of conducting business at the Annual Meeting is a majority of the outstanding shares of Common Stock entitled to vote. As of the Record Date, the Company had 7,878,977 shares of Common Stock outstanding and entitled to vote. Holders of Common Stock are entitled to one vote per share of Common Stock at the Annual Meeting.

All proxies that are properly executed and received in a timely manner will be voted in accordance with the instructions noted thereon. Any proxy which does not specify to the contrary will be voted in accordance with the recommendations of the Board of Directors as to such proposal. A shareholder granting a proxy in the form enclosed has the right to revoke it any time before it is voted by filing with the Secretary of the Company an instrument of revocation or by voting or delivering a later executed proxy at the Annual Meeting.

If a shareholder abstains from voting on any matter, the Company intends to count the abstention as present for purposes of determining whether a quorum is present at the Annual Meeting for the transaction of business. Therefore, abstentions have the same effect as votes against the proposals.

When a quorum is present in the election of directors, the nominees receiving the greatest number of votes will be elected to the Company s Board of Directors. With respect to all other matters which may properly come before the Annual Meeting, unless a greater number of votes is required by law or by the Company s Articles of Incorporation, a matter will be approved by the shareholders if the votes cast in favor of the matter exceed the votes cast in opposition.

Employment Contracts

Under an Employment Agreement (the Agreement) dated May 18, 1998, Lyle R. Knight is employed as President and Chief Operating Officer of the Company for a ten year period ending May 18, 2008. During the term of the Agreement, Mr. Knight is entitled to base compensation and additional benefits as are customarily offered to Company executives. Pursuant to the terms of the Agreement, the Company is required to pay specified benefits if Mr. Knight is involuntarily terminated without cause or elects termination in the event of a change in control.

Upon early termination by the Company without cause, Mr. Knight is entitled to receive severance pay equal to five times his base salary then in effect, bonus compensation and reimbursement of all premiums for group health insurance coverage for a period not exceeding five years. In the event of a change in control, Mr. Knight may elect to terminate the Agreement by giving 90 days written notice at any time on or after the first anniversary, but on or prior to the second anniversary of the change in control. Upon proper termination of the Agreement, Mr. Knight is entitled to severance pay as described above.

In the event Mr. Knight is unable to perform his duties due to physical or mental disability, the Company may, at its option, terminate the Agreement. Upon termination of the Agreement, Mr. Knight is entitled to reimbursement of all premiums for group health insurance coverage for a period not to exceed five years.

The Agreement also restricts Mr. Knight's right to compete against the Company for a period of five years from the date of termination.

Endorsement Split Dollar Benefit

The Company has obtained life insurance policies covering certain selected executive officers. Under these policies, the Company receives the net cash surrender value if the policy is terminated, or receives all benefits payable upon death of the insured. An endorsement split dollar agreement has been executed with each of the selected executive officers whereby a portion of the policy death benefit is payable to their designated beneficiary. The endorsement split dollar agreement will provide post retirement coverage for those selected key officers meeting specified retirement qualifications. The Company has entered into this type of endorsement split dollar agreement with Lyle R. Knight, Edward Garding, Terrill R. Moore and Robert A. Jones.

The Company has obtained a group life insurance policy covering selected officers of the Company's banking subsidiary. Under the policy, the Company receives the net cash surrender value if the policy is terminated, or receives all benefits payable upon death of the insured. An endorsement split dollar agreement has been executed with each of insured officers whereby a portion of the policy death benefit is payable to their designated beneficiary if they are employed by the Company at the time of death. The marginal income produced by the policy is used to offset the cost of employee benefit plans of the banking subsidiary. The Company has entered into this type of endorsement split dollar agreement with Thomas W. Scott, Lyle R. Knight, Edward Garding, Terrill R. Moore and Robert A. Jones.

Stock Option Plans

The Company has two non-qualified stock option plans for executive officers and certain other officers of the Company: the 2001 Stock Option Plan (2001 Plan) and Stock Option and Stock Appreciation Rights Plan (Old Plan). Both the 2001 Plan, adopted by the Company in July 2001, and the Old Plan provide for granting of stock options which may be exercised within a maximum period of ten years from the date of grant. Subsequent to May 2001, the Company discontinued the granting of stock option awards under the Old Plan entirely.

Deferred Compensation Plans

The Company has two non-qualified deferred compensation plans for a selected group of executive officers and highly compensated employees of the Company: the Executive Non-Qualified Deferred Compensation Plan (1998 Plan) and the Deferred Compensation Plan (2000 Plan). Both plans allow eligible employees, as determined by the Company's Board of Directors or a committee appointed by the Board of Directors (Plan Administrator), to defer a portion of base salary and bonus subject to certain maximum limits set forth by the Plan Administrator. The Company may make discretionary contributions on behalf of a participant for 401(k) plan matching contributions and profit sharing contributions in excess of Internal Revenue Code limitations. In addition, the Company may make other contributions on behalf of a participant at the discretion of the Board of Directors. The deferral account of each participant is credited or debited with investment earnings or losses based upon the performance of the investment fund or index selected by the participant from among alternatives selected by the Plan Administrator. Deferral accounts will generally be distributed upon termination of the participant's service relationship with the Company subject to the participant's election of predetermined distribution deferral periods or early distribution. Participants may receive distributions in a lump sum or in annual installments over not more than fifteen years.

Board Compensation Committee Report on Executive Compensation

Compensation Policy. The Company's executive compensation policy is designed to establish an appropriate relationship between executive pay and the Company's annual performance, its long-term growth objectives and its ability to attract and retain qualified executive officers. The Compensation Committee (the Committee) attempts to achieve these goals by integrating competitive annual base salaries with (a) bonuses based on corporate performance and on the achievement of specified performance objectives, and (b) key officer options awarded through the Company's stock option plans. The Committee believes that cash compensation in the form of salary and bonus provides Company executives with short-term rewards for success in operations. Long-term compensation, through the award of stock options, encourages growth in management stock ownership, which leads to expansion of management's stake in the long-term performance and success of the Company.

Base Salary. The Committee approved 2002 base salaries of executive officers. In determining the base salary of each executive officer, the Company relied on industry surveys of salaries paid to executive officers of financial institutions with comparable asset size and similar operating regions to that of FIBS. The Committee set the base salaries of the Company's executive officers within a reasonable range of the salaries reflected in surveys.

Bonuses. Annual incentives for the executive officers are intended to reflect the Company's belief that management's contribution to return on assets and shareholders' equity comes from maximizing and improving the quality of earnings. Awards are based on the attainment of specified performance objectives, and the bonus amount is determined as a percentage of the recipient's base salary. For 2002, executive officers were assigned bonus amounts ranging from 36% to 55% of their base salaries. The varying percentages reflect the Committee's belief that as an executive officer's duties and responsibilities in the Company increase, the officer will be increasingly responsible for the performance of the Company. Accordingly, a significant portion of the officer's compensation should be incentive compensation. Actual bonuses payable depend on the level of achievement of specified performance objectives established for each executive officer. Performance objectives evaluated in determining 2002 executive officer bonuses included attainment of return on equity and related growth in earnings per share goals. In addition, selected executive officers were responsible for the continuation of a Company-wide sales and service culture, initiation of a formal succession planning process, continuation of the strategic planning process and management of capital investments.

Stock Options. The executive officers as well as certain other officers of the Company and its subsidiaries were granted options under the Company's stock option plans to purchase a specified number of shares of FIBS Common Stock. The number of shares underlying the options granted to each officer were based primarily on the individual's ability to influence the Company's long term growth and profitability as well as the number of options previously granted. The Committee believes stock option grants afford a desirable long term compensation method because they closely ally the interest of management with shareholder value and the grants of stock options are the best way to directly link the financial interest of management with those of shareholders.

Compensation of Chief Executive Officer. For the fiscal year ended December 31, 2002, the Company paid Thomas W. Scott, Chief Executive Officer of the Company, a salary of \$360,000 and he received a bonus of \$180,000. The Company also granted him options to buy 7,500 share of FIBS Common Stock at the most recent appraised value per share. Mr. Scott's compensation package was determined to be appropriate by the Committee based on compensation surveys for chief executive officers of financial institutions of comparable size, type and profile, achievement of work plan objectives and improvements in the Company's financial performance from 2002. Mr. Scott's

Table of Contents

compensation package, including bonus and number of options granted, was higher than those granted to other executives of the Company in recognition of his responsibilities and his performance in his position. In establishing Mr. Scott's compensation package, financial performance indicators and work plan objectives reviewed included: attainment of return on equity goals and related growth in earnings per share, continuation of a Company-wide sales and service culture, continuation of a formal succession planning process, continuation of the strategic planning process, and management of capital investments.

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's securities, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Officers, directors and greater than 10% shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, during the year ended December 31, 2002 its directors, officers and greater than 10% shareholders complied with all Section 16(a) filing requirements, except directors David H. Crum, Richard A. Dorn, William B. Ebzery, James W. Haugh, John M. Heyneman, Jr., C. Gary Jennings, Robert L. Nance, Terry W. Payne, Dan S. Scott, Homer A. Scott, Jr., James R. Scott, Sandra A. Scott Suzor, Larry F. Suchor, Joel T. Long and Elouise C. Cobell, each of whom filed one late Form 4.

Certain Relationships and Related Transactions

The Company has had, and expects to have in the future, banking transactions in the ordinary course of business with related parties, including business with directors, officers, stockholders and their associates, on the same terms as those prevailing at the same time for comparable transactions with unrelated persons and that did not involve more than a normal risk of collectibility or present other unfavorable features. To the extent that such transactions consisted of extensions of credit to Company executive officers and directors and to certain members of the Scott family, such extensions of credit were made in the ordinary course of business, were made on substantially the same terms, including interest rates and collateral on loans, as those prevailing at the same time for comparable transactions with unrelated persons and did not involve more than a normal risk of collectibility or present other unfavorable features. Loans to FIBS' executive officers, directors and their related interests represented approximately 6.6% of the Company's shareholders' equity as of December 31, 2002.

The Company purchases property and casualty insurance from Payne Financial Group, Inc., an insurance agency in which Terry W. Payne, a director of the Company, has a 60% ownership interest. The Company paid insurance premiums of \$362,000 to Payne Financial Group, Inc. in 2002.

The Company is the anchor tenant in a commercial building in which the Company's principal executive offices and largest banking office are located in Billings, Montana. The building is owned by a joint venture partnership in which FIB is one of the two partners, owning a 50% interest in the partnership. The other 50% interest in the partnership is owned by a company in which Joel T. Long, a director of the Company, owns beneficially an equity interest of approximately 33%. Indebtedness of the partnership (\$7.7 million as of December 31, 2002) is recourse to the partners and guaranteed by the Company. The Company paid rent to the partnership of \$1.5 million in 2002.

**PROPOSAL THREE
APPROVAL OF 2001 STOCK OPTION PLAN, AS AMENDED**

On January 23, 2003, the Board of Directors approved an amendment to the Company's 2001 Stock Option Plan to increase the number of shares available for the grant of options to an aggregate of not more than 1,500,000, subject to approval of shareholders. The 2001 Stock Option Plan, as thus amended, is hereby submitted for shareholder approval at the Annual Meeting. The following summary of the material terms of the 2001 Stock Option Plan, as amended, is qualified in its entirety by reference to the complete text of the 2001 Stock Option Plan, as amended, attached to this Proxy Statement as Appendix B.

Overview. The 2001 Stock Option Plan, as amended, (the "Plan"), provides for grants of nonqualified stock options to key employees and directors of the Company. The primary purpose of the Plan is to attract, retain and motivate officers, employees and directors by enabling them to acquire a larger personal financial interest in the Company through the acquisition of Common Stock, stimulating their active interest in the development and financial success of the Company. The Plan shall remain in effect until all shares available for the grant of stock options have been purchased pursuant to exercise of options granted under the Plan or until the Plan is suspended or terminated by the Board of Directors.

Administration. The Plan is administered by a committee ("Committee") appointed by the Board of Directors consisting of not less than two non-employee directors, each of whom is an "outside director" within the meaning of section 162(m) of the Internal Revenue Code. The Committee is authorized to interpret the Plan and the rules and regulations relating to the Plan and to make all determinations necessary for the administration of the Plan to the extent such determinations are not contrary to express provisions of the Plan.

Table of Contents

Amendment of Plan. The Board of Directors may amend, suspend or terminate the Plan at anytime without restriction, provided, however, that the Board of Directors may not impair any unexercised options granted under the Plan except in the event of a merger or reorganization or without the written consent of option holders.

Eligibility. Options are awarded to employees and non-employee directors who contribute materially to the Company's growth, development and long-term financial success, as determined by the Committee.

Terms of Stock Options Granted Under the Plan. The Committee has complete discretion in determining the number and terms of options granted provided, however, that the maximum number of shares of common stock subject to options granted to an individual may not exceed 350,000 in a calendar year, all options granted have an option price equal to the fair market value of the Company's common stock on the date of the option grant and all options expire no later than ten years from the date of grant. The terms of each option grant shall be evidenced by an option agreement. Options granted under the Plan are exercisable as approved by the Committee.

Restrictions on Stock Transferability. Common stock purchased pursuant to the exercise of an option issued under the Plan (Plan Stock) is expressly conditioned upon the execution of a shareholder's agreement restricting the sale or transfer of the Plan Stock. In addition, the Company has the right to repurchase, under certain conditions, some or all Plan Stock at the fair market value of such stock at the date of repurchase. Plan Stock may not be sold or transferred for a period of six months following the purchase of such stock.

Current Plan Benefits. On January 29, 2003, the Company granted options to acquire 111,925 shares of Company common stock to key employees of the Company. The options have an exercise price of \$45.00, which is equal to fair value (minority appraised value) at the date of grant, vest over a three-year period and expire January 29, 2013. Included in the January 29, 2003 award are options to acquire 7,500, 12,500, 4,000, 4,000, 4,000, 39,500 and 80,425 shares of Company common stock granted to Thomas W. Scott, Lyle R. Knight, Edward Garding, Terrill R. Moore, Robert A. Jones, all executive officers as a group and all non-executive officers as a group, respectively. Also included in the January 29, 2003 award are options to acquire 350 shares of Company common stock granted to a director nominee who is an officer of the Company. Stock option awards to directors are determined at the discretion of the Committee and will be issued subsequent to the Annual Meeting. The minority appraised value of the Company's common stock as of March 3, 2003 was \$46.00 per share.

Federal Income Tax Implications of Option Awards. The grant of an option creates no tax consequences for the recipient or the Company. At the date of exercise, the recipient will recognize ordinary income equal to the excess of the fair value of the Company common stock acquired over the exercise price of the option. A recipient's disposition of Plan Stock will result in short-term or long-term capital gain or loss measured by the difference between the sale price and the recipient's tax basis in such stock. The tax basis of Plan Stock is generally the exercise price of the option plus amounts recognized as ordinary income in connection with the exercise of the option. The Company generally will be entitled to a tax deduction equal to the amount recognized as ordinary income by the recipient in connection with the exercise of the option.

The Board of Directors, upon recommendation of the Compensation Committee of the Board of Directors, approved the adoption of the 2001 Stock Option Plan on July 26, 2001 and approved the First Amendment to the 2001 Stock Option Plan on January 23, 2003, subject to shareholder approval. The Board of Directors recommends shareholders vote FOR approval of the 2001 Stock Option Plan, as amended, at the Annual Meeting. Proxies solicited hereby will be voted for the proposal unless a vote against the proposal or abstention is specifically indicated.

10.4 **Stock Legend.** Certificates issued by the Company for Plan Stock will contain a legend reciting the restrictions on the sale, transfer or encumbrance of the stock set forth in the applicable Shareholder s Agreement then in use by the Company.

Section 11. Termination of Employment

11.1 **Termination of Employment Due to Death.** If the employment of a Participant terminates by reason of death, the duly appointed personal representative of the estate of the Participant shall have one hundred eighty (180) days after the date of death of the Participant in which to exercise all vested portions of all Options held by the Participant regardless of whether the Options would otherwise expire prior to the end of the 180-day period and regardless of whether the Options are not otherwise exercisable within that 180-day period, provided however, that if the Participant, as of the date of death, is eligible for the Extended Option Exercise Period set forth in Section 7.5(b) (for purposes of determining eligibility, the Participant s death shall be deemed to satisfy the condition stated in Section 7.5(b)(i)), the personal representative of the deceased Participant s estate may exercise those portions of the Participant s Options which are vested at the date of the Participant s death over the Extended Option Exercise Period. Any Options of the deceased Participant which are not exercised within the period stated in the preceding sentence shall expire and terminate.

11.2 **Termination of Employment Other Than for Death.** If the employment of a Participant is terminated for any reason other than death, including but not limited to retirement, resignation or discharge, any outstanding Options shall be exercisable at any time prior to the expiration date of the Option or within ninety (90) days after the date of termination of employment, whichever period is shorter, except as provided in Section 7.5(b). Any Options of the terminated Participant which are not exercised within the period stated in the preceding sentence shall expire and terminate.

Section 12. No Effect on Employment

Nothing in this Plan shall interfere with or limit in any way the right of the Company to terminate any Employee s employment at any time, nor confer upon any Employee any right to continue in the employ of the Company.

Section 13. Transferability of Options.

An Option shall not be transferred except by will or by the laws of descent and distribution. Notwithstanding the above, the Company may, in its sole discretion, permit the transfer, whether gratuitous or for consideration, of some or all of the Participant's rights to an Option in connection with certain personal tax planning transactions of the Participant that are approved by the Company. Transfer may be conditioned on the Participant's execution of an indemnification agreement with the Company in a form and manner prescribed by the Company for all claims arising in connection with the transfer, or on any other condition prescribed by the Company. No Option shall be subject to execution, attachment, or similar process.

Section 14. Participant Transfer or Leave of Absence

For purposes of this Plan, neither of the following shall be deemed a termination of employment:

- (a) A transfer of a Participant from FIBS to a Subsidiary or vice versa, or from one Subsidiary to another, or
- (b) A leave of absence duly authorized by the Company.

Section 15. Amendment, Suspension, and Termination of the Plan

The Board may amend, suspend or terminate this Plan at any time without restriction, provided, however, that the Board may not alter, amend, terminate, revoke, or otherwise impair any unexercised Options which have been granted pursuant to this Plan, except in the event of a merger, reorganization, or other adjustment referred to in Section 5.2, or except when the written consent of the holder of the Option proposed to be so altered, amended, terminated, revoked, or impaired is obtained. Nothing contained in this section, however, shall in any way condition or limit the termination of an Option in accordance with the provisions of Section 11, nor shall any amendment of this Plan change or revise the terms and conditions of any issued and outstanding Option unless a specific written amendment to the Option or Performance Unit is executed by the parties thereto.

Section 16. Dissolution, Merger, Reorganization or Consolidation

16.1 Dissolution or Change in Control. If FIBS is dissolved or liquidated (a "Dissolution") or if FIBS is a party to a merger, reorganization and consolidation in which FIBS is not the surviving corporation (a "Change in Control"), then every Option outstanding hereunder shall terminate on the effective date of the Dissolution or Change in Control, but each Participant shall have the right immediately prior to the effective date of such Dissolution or Change in Control to exercise any unexercised Options whether or not then exercisable or vested, subject to the provisions of this Plan. Notwithstanding the foregoing, all Options shall not become immediately exercisable or vested where the surviving corporation in a Change in Control agrees to issue to each Participant an Option (the "New Option") to purchase the surviving corporation's shares on terms and conditions both as to number of shares and otherwise, which will substantially preserve to each Participant the rights and benefits of the Options outstanding hereunder, and in that circumstance, all Participants shall be obligated to accept the New Options in place of the Options outstanding hereunder, which shall terminate. The Committee shall have sole and absolute discretion to determine whether the Participants have been offered a New Option which will substantially preserve to the Participant the rights and benefits of the Options outstanding hereunder.

16.2 New Option Change in Participant s Status

If New Options are issued in connection with a Change in Control, and within twelve (12) months subsequent to such Change in Control Participant experiences an Involuntary Termination or a Constructive Discharge, then all New Options held by the Participant shall become fully vested and exercisable for a period of thirty (30) days following the date of such Involuntary Termination or Constructive Discharge. To the extent that the Participant does not exercise a New Option to the extent so entitled within the time specified herein, the New Option shall terminate and the Stock covered by the New Option shall revert to the Plan. The terms and provisions of this Section 16.2 shall be incorporated into the New Options and the stock option plan pursuant to which they are issued.

Involuntary Termination means a termination of the Participant s employment other than for cause or the voluntary act of Participant, or due to death, disability or retirement of the Participant.

Constructive Discharge means a termination of the Participant s employment on account of (i) the relocation more than fifty (50) miles from the employer s primary office without such Participant s consent; (ii) an adverse alteration in the nature, title or status of Participant s title, job duties or position; (iii) a reduction by the employer of the Participant s annual base salary or target bonus; or (iv) the breach by the employer of any material provision of any applicable employment agreement that continues for a period of thirty (30) days.

Section 17. Indemnification

Each person who is or shall have been a member of the Committee or of the Board shall be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him in connection with or resulting from any claim, action, suit, or proceeding to which he may be a party or in which he may be involved by reason of any action taken or failure to act under the Plan and against and from any and all amounts paid by him in settlement thereof, with the Company s approval, or paid by him in satisfaction of judgment in any such action, suit, or proceeding against him, provided he shall give the Company an opportunity, at its own expense, to handle and defend the same before he undertakes to handle and defend it on his own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company s articles of incorporation or bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

Section 18. Requirements of Law

18.1 Generally. The granting of Options and the issuance of Plan Stock shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

18.2 Governing Law. The Plan, and all agreements hereunder, shall be construed in accordance with and governed by the laws of the State of Montana.

Section 19. Effective Date of Plan

This Plan shall be effective as of July 26, 2001.
