Third Quarter Results and Raises Guidance

Table of Contents

Item 8.01. Other Events

On November 7, 2005 Sterling Construction Company, Inc. issued a press release announcing third quarter results and raises guidance. A copy of the press release is attached hereto as Exhibit 99.1.

In addition to the Company s unaudited consolidated financial statements presented in accordance with generally accepted accounting principles (GAAP), management sometimes uses non-GAAP measures, including Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA) that it believes are appropriate to enhance an overall understanding of the Company s financial performance and future prospects. Non-GAAP measures, which are adjusted to exclude certain costs from the comparable GAAP measures of net income, are considered among the indicators management uses as a basis of evaluating financial performance as well as for forecasting future periods. For these reasons, management believes these non-GAAP measures can be useful to investors, potential investors and others. The presentation of this additional information is not meant to be considered in isolation or as a substitute for financial statements prepared in accordance with GAAP.
