Item 1.01 Entry into a Material Definitive Agreement.

Amended and Restatement of U.S. Bank Credit Facility

On April 26, 2006, we entered into an Amended and Restated Credit Agreement effective April 28, 2006 to amend and restate the U.S. Bank Facility. The material changes to the U.S. Bank Facility increase the amount of the facility from \$200.0 million to \$300.0 million, which replaces the prior \$50.0 million accordion feature, and extend the term of the facility by approximately one year to April 28, 2011. Interest on the amounts borrowed under the U.S. Bank Facility continues to be based on (i) a base rate, which is the greater of (a) U.S. Bank s prime rate and (b) the federal funds rate plus 50 basis points, or (ii) an adjusted Eurodollar rate, plus, in either case (i) or (ii), the applicable margin within a range based on our consolidated leverage ratio. In connection with the amendment and restatement of the U.S. Bank Facility, the applicable margin ranges were decreased to 0 to 25 basis points (from 0 to 50 basis points) for base rate borrowings and to 75 to 175 basis points (from 100 to 200 basis points) for Eurodollar borrowings.
