**PROXY STATEMENT
FOR
2006 ANNUAL MEETING OF STOCKHOLDERS
October 6, 2006**

The enclosed proxy is solicited on behalf of SCM Microsystems, Inc. for use at our 2006 Annual Meeting of Stockholders (the Annual Meeting) to be held on October 6, 2006, at 10:00 a.m., local time, at our corporate headquarters, located at 41740 Christy Street, Fremont, California 94568, or any adjournment(s) or postponement(s) thereof, for the purposes set forth herein and in the accompanying notice of 2006 Annual Meeting of Stockholders.

These proxy solicitation materials are being mailed on or about August 10, 2006 to all SCM Microsystems stockholders entitled to notice of and to vote at the Annual Meeting.

INFORMATION CONCERNING SOLICITATION AND VOTING

Record Date

Our Board of Directors, which is also referred to in this proxy statement as the Board, has fixed the close of business on August 7, 2006 as the record date (Record Date) for the determination of our stockholders entitled to notice of, and to vote at, the Annual Meeting and any adjournment(s) or postponement(s) thereof.

Shares Outstanding

As of July 17, 2006, we had issued and outstanding 15,642,223 shares of common stock, par value \$0.001 per share. For information regarding holders of more than 5% of the outstanding common stock, see Securities Ownership of Certain Beneficial Owners and Management.

Voting Rights

Each stockholder of record on the Record Date will be entitled to one vote per share of common stock held on the Record Date on all matters submitted for consideration of, and to be voted upon by, the stockholders at the Annual Meeting. The election of directors shall be determined by a plurality of the votes cast: each stockholder will be entitled to vote for up to two nominees to our Board of Directors, and the two nominees with the greatest number of votes will be elected to the Board of Directors. All other matters shall be determined by a majority of the votes cast, except as otherwise required by law. No stockholder will be entitled to cumulate votes at the Annual Meeting for the election of any members of our Board of Directors.

Voting Procedures

The required quorum for the transaction of business at the Annual Meeting is one-third (1/3) of the shares of our common stock issued and outstanding as of the Record Date. Shares voted FOR, AGAINST or WITHHELD from a matter voted upon by the stockholders at the Annual Meeting will be treated as being present at the Annual Meeting for purposes of establishing a quorum for the transaction of business, and will also be treated as shares represented and voting at the Annual Meeting (the Votes Cast) with respect to any such matter.

While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, we believe that abstentions should be counted for purposes of determining both (i) the presence or absence of the quorum for the transaction of business, and (ii) the total number of Votes Cast with respect to a proposal. Accordingly, abstentions will have the same effect as a vote against a proposal submitted for consideration of the stockholders at the Annual Meeting. Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business at the Annual Meeting, but will not be counted for purposes of determining the number of Votes Cast with respect to a proposal. Consequently, votes AGAINST and

Table of Contents

WITHHELD and abstentions will have no effect on the election of the Class II directors and will be counted as votes against the proposal to ratify the appointment of our independent registered public accountants.

Solicitation of Proxies

The cost of soliciting proxies will be borne by us. We have retained Innisfree M&A Incorporated, a U.S. proxy solicitation firm to assist us with the solicitation at their customary rates (which we estimate will be approximately \$15,000), plus reimbursement for their out-of-pocket expenses. In addition, we may reimburse brokerage firms, banks and other persons representing the beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners. Solicitation of proxies by mail may be supplemented by telephone, telegram, facsimile or personal solicitation by our directors, officers or regular employees without additional compensation.

Additional Copies of the Proxy Statement

If you are a registered shareholder and have received only one copy of the proxy statement and annual report in your household, but wish to receive additional copies, we will deliver multiple copies for some or all accounts upon your request, either by calling SCM Microsystems at +1 510-360-2302, emailing us at ir@scmmicro.com or writing to us at SCM Microsystems, Inc., 41740 Christy Street, Fremont, California 94568, Attention: Investor Relations. Similarly, if you share an address with another stockholder and have received multiple copies of our proxy materials, you may call or write us at the above address to request consolidation of these materials into a single mailing. Please note that if you are not a registered shareholder and your shares are held by a broker or bank, you must contact your bank or broker to request multiple copies or consolidation of proxy materials.

Revocability of Proxies

Your proxy is revocable at any time before it is voted at the Annual Meeting either by delivering to us a written notice of revocation or a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person. If you have executed and returned a proxy and are present in person at the Annual Meeting and wish to vote at the Annual Meeting, you may elect to do so by notifying the Inspector of Elections and thereby suspend the power of the proxy holders to vote the proxy previously delivered by you. Attendance at the Annual Meeting, however, will not by itself revoke a proxy previously delivered to us.

Stockholder Proposals for 2007 Annual Meeting of Stockholders

We anticipate that our 2007 Annual Meeting of Stockholders will take place in mid-June 2007, more than thirty days from the date of the 2006 Annual Meeting, and that we will mail our proxy materials for the 2007 Annual Meeting of Stockholders in the middle of April 2007. Therefore, Stockholder proposals that are intended to be presented by our stockholders at our 2007 Annual Meeting must be received by us no later than December 20, 2006, which is 120 days prior to our anticipated mailing date of April 19, 2007, in order to be considered for inclusion in the proxy statement and form of proxy relating to our 2007 Annual Meeting.

Table of Contents**PROPOSAL ONE:****ELECTION OF CLASS II DIRECTORS**

Our Board of Directors is divided into three director classes with staggered three-year terms. Currently our Board consists of eight directors, of which two directors serve in Class I, three directors serve in Class II, and three directors serve in Class III. In February 2006, our Board of Directors approved an increase in the size of the Board from seven to eight directors and an increase in the size of Class II of the Board from two to three directors, effective as of February 2, 2006. Mr. Vought, a Class II director, has decided not to stand for reelection at our 2006 Annual Meeting. Following Mr. Vought's resignation, which will be effective as of the date of the 2006 Annual Meeting, the number of directors constituting the Board of Directors of the Company will be eight, including a vacancy in Class II.

Each director elected at the Annual Meeting of Stockholders will serve for a term ending on the date of the third annual meeting after his or her election when his or her successor has been elected and duly qualified or upon the date of his or her earlier resignation or removal. Stockholders may not cumulate votes in the election of directors.

The Nominating Committee of the Board of Directors has recommended, and the Board of Directors has proposed, that Werner Koepf and Simon Turner be elected as Class II directors at the Annual Meeting. Identification and Evaluation of Nominees for Directors

The primary role of the Nominating Committee is to develop and recommend to the Board criteria for identifying and evaluating director candidates and to establish a procedure for consideration of director candidates recommended by our stockholders. The Nominating Committee periodically assesses the appropriate size of the Board of Directors and whether any vacancies are expected due to retirement or otherwise. In the event that vacancies are anticipated, the Nominating Committee seeks to identify and evaluate potential candidates at meetings of the Nominating Committee, which can take place at any point during the year.

As part of its selection process, the Nominating Committee may consider recommendations of director candidates with diverse backgrounds and experience who are expected to enhance the quality of the Board, serve stockholders long-term interests and contribute to our overall corporate goals. Directors should possess the highest personal and professional ethics, integrity and values, informed judgment, and sound business experience and be committed to representing the long-term interests of our stockholders. Candidates must also have an inquisitive and objective perspective, the ability to make independent analytical inquiries, practical wisdom and mature judgment. In evaluating candidates, the Nominating Committee may consider a candidate's work experience related to our business, general professional experience and overall expected contributions to the Board of Directors in relation to other directors already serving on the Board. When evaluating existing directors for nomination for re-election, the Nominating Committee may also consider the directors' past Board and committee meeting attendance and participation. We endeavor to have a Board representing diverse experience at policy-making levels in various areas that are relevant to our global activities.

Our stockholders may propose nominees for future consideration by the Nominating Committee by submitting the name(s) and supporting information to Corporate Secretary, SCM Microsystems, Inc., 41740 Christy Street, Fremont, California 94568.

The Director Plan provides that the number of shares of our common stock reserved for issuance under the Director Plan is increased on each anniversary date of adoption of the Director Plan by an amount equal to the total number of shares underlying the options granted in the immediately preceding year or a lesser amount determined by the Board of Directors. Each then serving non-employee director was granted an initial option to purchase 5,000 shares of common stock on the effective date of the Director Plan and each person who became or becomes a non-employee director after that date has been granted and currently will automatically be granted an initial option to purchase 10,000 shares of common stock. In addition, each then serving non-employee director has been granted and will currently automatically be granted an annual option to purchase an additional 5,000 shares of common stock under the Director Plan on the date of each annual meeting of our stockholders, subject to continued service as a non-employee director, unless such director has not been serving as a non-employee director for at least six months. All options granted under the Director Plan have an exercise price equal to the fair market value of the common stock at the date of grant, have a term of ten years and vest monthly over one year from the date of grant. Options granted under the Director Plan are not transferable unless approved by the Board of Directors. The Director Plan will terminate in March 2007. We expect to propose a new director stock plan for adoption at our 2007 Annual Meeting of Stockholders.

The Board of Directors and the Compensation Committee reviews and may from time to time make changes to the compensation paid to the non-employee directors, including with respect to service on any additional committee that

is created.

Beneficial Ownership

The table below sets forth information known to us as of July 17, 2006 with respect to the beneficial ownership of our common stock by:

- each person who is known by us to be the beneficial owner of more than 5% of our outstanding common stock;
- each of our directors;

Applicable percentage ownership in the following table is based on 15,642,223 shares of common stock outstanding as of July 17, 2006.

Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock subject to options held by that person that are currently exercisable or exercisable within 60 days of July 17, 2006 are deemed outstanding. Such shares, however, are not deemed outstanding for the purpose of computing the percentage ownership of each other person.

- (1) In addition to the executive officers listed above, we currently have two other executive officers. Employment Contracts

We pay the salary of Mr. Schneider through SCM Microsystems GmbH, our wholly-owned German subsidiary. SCM Microsystems GmbH has entered into an employment agreement with Mr. Schneider pursuant to which he serves as Managing Director of the subsidiary. The agreement continues for an indefinite term and each party may terminate the agreement at any time with six to twelve months notice. On May 22, 2006, our German subsidiary entered into an amended employment agreement with Mr. Schneider pursuant to which Mr. Schneider will be entitled to receive severance, in part, for his signing a Restrictive Covenant that imposes certain restrictions on Mr. Schneider's ability to compete with Kudelski S.A., the company to which we sold our Digital TV solutions business in May 2006. Pursuant to his amended employment agreement, Mr. Schneider also received a one-time signing bonus of \$80,000 in May 2006.

Under Mr. Schneider's amended employment agreement, if SCM Microsystems GmbH were to terminate Mr. Schneider's employment without cause or Mr. Schneider were to resign within 90 days of an event constituting good reason (each as defined in the amended employment agreement), Mr. Schneider would be entitled to receive monthly payments equal to his then current monthly base salary payment for 24 months following his departure from SCM Microsystems GmbH. The right to receive the monthly payments is subject to certain conditions, including Mr. Schneider's agreement to abide by the Restrictive Covenant as described above.

Furthermore, Mr. Schneider is subject to a non-compete provision for a period of one year after the termination of his employment with SCM Microsystems GmbH. Mr. Schneider's employment agreement provides that his salary and bonus will be determined from time to time by the Compensation Committee of the Board.

In January 2006, we entered into a new employment contract with Mr. Moore. Under the agreement, if SCM were to terminate Mr. Moore without cause or if Mr. Moore were to terminate his employment with us within 90 days of an event constituting good reason (each as defined in the employment agreement), then Mr. Moore would be entitled to a severance package consisting of 1) payment of his then-current monthly base salary for one year following the termination of his employment; 2) payment of any bonus earned during 2005 (if not already paid) under our MBO Plan and a pro rata portion of any bonus earned under the MBO Plan during 2006; and 3) payment of any special bonus earned with respect to projects completed within 180 days of the date of Mr. Moore's termination. In addition, Mr. Moore would be entitled to receive coverage under SCM group health insurance program for up to one year following the date of termination. Stephan Rohaly replaced Mr. Moore as Chief Financial Officer effective March 21, 2006, following our announcement that we intend to move our corporate headquarters to Germany during 2006. Following his departure from the Company in June 2006, Mr. Moore received his full severance package, as detailed above, which included severance of \$200,000, a pro rated bonus payment for 2006 of \$41,667 based on objectives achieved under the Company's MBO Plan, as well as a bonus of \$75,000 related to the successful sale of our Digital TV Solutions business in May 2006.

In January 2006, we entered into a separation agreement with Mr. Overkott. Mr. Overkott left his position as Executive Vice President, Sales and Marketing with us effective January 15, 2006. Under the separation agreement, Mr. Overkott received a severance payment of approximately \$220,000. In addition, Mr. Overkott received an additional \$100,000 bonus payment related to the successful sale of our Digital TV Solutions business in May 2006. Furthermore, the period during which he may exercise his SCM stock options was extended through December 31, 2006, subject to the provisions of our employee stock option plan. Under the separation agreement, Mr. Overkott continued to provide limited support to SCM on various matters through the end of February 2006.

On March 14, 2006, we entered into an employment agreement with Stephan Rohaly, who became our Chief Financial Officer on March 21, 2006. Under the terms of the agreement, Mr. Rohaly will receive an annual base salary of \$200,000, or approximately \$238,704 based on the average exchange rate for March 14, 2006, and will be eligible to

receive an annual bonus up to 60,000, or approximately \$71,611 based on the average exchange rate for March 14, 2006, in accordance with the Company's existing or future Management by Objective Bonus Plan. Mr. Rohaly will also have the use of a company car. Either the Company or Mr. Rohaly may terminate this agreement with three months' notice at any time during the first six months of his employment with the Company. Thereafter, if the Company terminates Mr. Rohaly's employment for any reason other than cause (as defined in the employment agreement), then Mr. Rohaly will be entitled to a severance package consisting of six months

salary. Mr. Rohaly's employment contract provides that his salary and bonus amounts will be determined from time to time by the Board.

In January 2006, we entered into a separation agreement with Mr. Zankel, under which Mr. Zankel's employment with SCM was terminated, effective December 31, 2005. Under the separation agreement, Mr. Zankel received a lump sum severance payment of \$285,000, or approximately \$358,000. Mr. Zankel has no further claims to past or future remuneration from us.

On June 8, 2006, SCM Microsystems GmbH entered into an amended employment agreement with Dr. Manfred Mueller, Vice President of Marketing. Pursuant to the agreement, Dr. Mueller will receive an annual base salary of \$145,000, or approximately \$185,774 based on the average daily exchange rate for June 8, 2006, and has the use of a company car. Dr. Mueller is also eligible to receive an aggregate annual bonus of up to 16.67% of his annual base salary. The bonus will be paid in quarterly installments and the actual amount will be determined based on the achievement of targets relating to personal performance and our results of operations.

Either Dr. Mueller or SCM may terminate the agreement and Mr. Mueller's employment with us upon at least six months prior written notice. Should Dr. Mueller be terminated without cause (as defined in the employment agreement), he is entitled to receive a severance payment at the time of termination equal to 12 months of his then current base salary and bonus. Dr. Mueller's employment contract provides that his salary and bonus amounts will be determined from time to time by the Chief Executive Officer.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

The Compensation Committee reviews and makes recommendations to the Board of Directors regarding our compensation policies and the compensation to be provided to our executive officers and directors. The following is the report of the Compensation Committee that describes the compensation policies applicable to the compensation of our executive officers and directors for their services to us during 2005.

Compensation Philosophy. Our philosophy in setting our compensation policies for executive officers is to maximize stockholder value over time. The primary goal of our executive compensation program is therefore to closely align the interests of the executive officers with those of our stockholders. To achieve this goal, we attempt to:

offer compensation opportunities that attract and retain executives whose abilities are critical to our long-term success, motivate individuals to perform at their highest level and reward outstanding achievement;

maintain a portion of the executive total compensation at risk, with payment of that portion tied to achievement of financial, organizational and management performance goals; and

encourage executives to manage from the perspective of owners with an equity stake in SCM.

The Compensation Committee currently uses salary, incentive bonuses and stock options to meet these goals.

Base Salary. The base salary component of total compensation is primarily designed to attract, motivate, reward and retain highly skilled executives and to compensate executives competitively within the industry and the

Table of Contents

marketplace. The Compensation Committee reviewed fiscal 2005 base salaries for the Chief Executive Officer and Chief Financial Officer at the beginning of fiscal 2005. In establishing base salaries for these executive officers, the Compensation Committee evaluated benchmark data for salaries of executive officers in similar positions as well as each officer's salary history, scope of responsibility, prior experience, past performance for us and recommendations from management. Based on this evaluation, the Compensation Committee determined that salary levels for the Chief Executive Officer and Chief Financial Officer should be set around the median level for companies of similar size, and left unchanged the annual salary for Mr. Schneider at \$350,000, or approximately \$439,578 based on average exchange rates during 2005, and the annual salary for Mr. Moore at \$200,000.

Incentive Bonuses. Each executive officer's annual bonus is based on qualitative and quantitative factors and is intended to motivate and reward executive officers by directly linking the amount of the bonus to performance targets. In addition, incentive bonuses for executive officers are intended to reflect the Compensation Committee's belief that the compensation of each executive officer should be contingent upon our overall performance. To carry out this philosophy, our Board of Directors reviews and approves the financial goals for the fiscal year. The Compensation Committee evaluates our overall performance and approves performance bonuses based on the extent to which the goals of the Board of Directors have been achieved. In early 2005, the Compensation Committee determined that the opportunity for bonuses for the Chief Executive Officer and Chief Financial Officer should be closely linked to the Company's financial performance and therefore established an annual bonus with the opportunity to earn bonus ranging from 50% to 100% of salary for stretch targets. Consequently, in 2005, Mr. Schneider was eligible for a bonus of 50% of salary, with the criteria that the Company make an operating profit for fiscal 2005 as a whole. As an operating profit was not recorded for fiscal 2005, Mr. Schneider did not receive a bonus payment for 2005. In 2005, Mr. Moore was eligible to receive a bonus of 50% of his base salary, evenly split between three criteria: 1) no material weakness in internal controls for financial reporting; 2) achieve certain financial staff recruiting objectives by the end of the fourth quarter; and 3) reduce year over year fourth quarter general and administrative expenses by \$450,000. Based on these criteria, Mr. Moore earned a bonus of \$33,333 for 2005 which was paid out in 2006.

Equity Incentives. The Compensation Committee views stock option grants as an important component of its long-term, performance-based compensation philosophy. The Company provides long-term incentives to our Chief Executive Officer and our other executive officers through its 1997 Stock Plan. The purpose of the 1997 Stock Plan is to attract and retain the best employee talent available and to create a direct link between compensation and our long-term performance. The Compensation Committee believes that stock options directly motivate our executive officers to maximize long-term stockholder value. The options also utilize vesting periods that encourage key executives to continue in our employ. All options granted to executive officers to date have been granted at the fair market value of our common stock on the date of grant. The Board of Directors considers the grant of each option subjectively, considering factors such as the individual performance of the executive officer and the anticipated contribution of the executive officer to the attainment of our long-term strategic performance goals. During 2005, we granted new stock options to Messrs. Schneider, Moore and Zankel.

Executive Compensation Arrangement. To support the Company's efforts to lower operating expenses, in September 2004, certain of our employees, including executive officers, were given the opportunity to receive options for 50 shares of our common stock for every \$100 in voluntary salary reductions they elected to take for one year beginning in October 2004. Under this arrangement, salary reductions were in effect through September 2005 and the resulting stock options vested 100% one year from the date of grant, which was September 16, 2004. Messrs. Schneider, Moore and Overkott all participated in this compensation arrangement.

CEO Compensation. The compensation of Mr. Schneider, our Chief Executive Officer, consists of base salary, an annual bonus and stock options. The Board of Directors periodically reviews the Chief Executive Officer's base salary and bonus and revises his compensation based on the Board's overall evaluation of his performance toward the achievement of our financial, strategic and other goals, with consideration given to his length of service and to

comparative chief executive officer compensation information. The Compensation Committee believes that our success is dependent in part upon the efforts of our Chief Executive Officer. In 2005, the Compensation Committee made no change to Mr. Schneider's base salary of \$350,000, or approximately \$439,578 based on average exchange rates during 2005, and established an annual bonus heavily tied to financial performance. In September 2004, Mr. Schneider voluntarily reduced his base salary for the period of one year in

Table of Contents

exchange for additional options under the Executive Compensation Arrangement of September 2004, as described above.

No incentive bonus was earned by or paid to Mr. Schneider during 2005. During fiscal 2004, SCM granted new stock options to Mr. Schneider. Mr. Schneider's salary in 2005, after voluntary reductions, was 280,000, which was the equivalent of approximately \$351,663 based on average exchange rates during 2005.
