RECOMMENDATION OF THE BOARD

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE NOMINEES LISTED ABOVE.

PROPOSAL 2: APPROVAL OF THE 2006 EQUITY INCENTIVE PLAN

General

During the past fiscal year the Company registered and sold securities for general, working capital and strategic purposes. Current review of operations indicates that the Company has raised sufficient working capital and therefore, intends to file a post-effective amendment to the shelf registration statement previously filed to eliminate any remaining shares.

The Board of Directors recently established a Governance and Nominating Committee, which was charged with evaluating succession plans; executive development, hiring and retention; annual evaluation of directors and the Chief Executive Officer; and recommendations for Board of Directors membership nominations, among other things. This committee was formed in part due to the Company's progression and strategic shift as the Company positions itself for a period of commercial growth and expansion of market opportunities. The strategic shift poses various new organizational implications, including new executive hires, retention, and long-term strategic planning for growth and execution of developing business plans.

The Company has historically engaged in significant research and development of new product platforms for emerging and developing markets, principally in the cell therapy and surgical wound care markets. The development of initial product platforms has been completed and commercialization of the key products initiated. The Company more recently signed significant contracts to market certain key products through GE Healthcare, Medtronic, Biomet, Asahi Medical and others, which relationships are

Table of Contents

anticipated to be the start of new and stronger distribution channels for generating revenue. As such, the Company is in transition from its prior research efforts to performance based metrics and revenue growth. Of significance, continuing research and development will remain an important component of the Company's long-term strategy. To effect this transition, management and the Board believe that key additions and retention at the executive level, as well as middle management level, are necessary.

Reasons for the Proposal

In order to attract, hire, and retain the caliber of executives that management and the Board believe will be required to help transition the Company, the Company will need to have the flexibility to grant restricted stock, stock options, and other equity instruments. The Board of Directors believes that equity incentive compensation is also an important component of our overall compensation and incentive strategy for employees, directors, and executives. Without a broad based equity plan, we believe that we will be impaired in our efforts to offer competitive compensation packages to hire new executives of the caliber that we believe is required, and will not be able to offer competitive packages to retain critically important executives.

Interest of Executives

As part of the current proposed 2006 Equity Incentive Plan, the Corporate Governance and Nominating Committee, in conjunction with the Compensation Committee, the Plan's administrator, proposes, upon stockholder approval of the plan, to grant an aggregate of 500,000 shares of restricted common stock to our Chief Executive Officer. These shares would vest ratably over three years and provide for acceleration of vesting upon fulfillment of certain objectives to be established by the Board Committees. These objectives would include: making certain executive hires, planning and implementing a strategic succession plan which would include commitment from our Chief Executive Officer to continue involvement with the Company for a period of time and in a capacity acceptable to the Board of Directors and development of transition plans that will create the foundation for corporate growth acceptable to the Board of Directors. The Board Committees believe that searches for certain executives will be challenging as the personalized medicine fields of cell therapy and surgical wound care are relatively new, rapidly growing and evolving. The extensive industry knowledge, experience and relationships gained through years of unique contributions to the technology, science and clinical research by our Chief Executive Officer will need to be adequately transferred to new executives. This process will take time and diligence and the proposed grant is intended to provide appropriate incentive for our Chief Executive Officer to continue to perform in his existing position while focusing on the timely search and hiring of key executives and the development and execution of effective transition plans, including a succession plan for the Chief Executive Officer, that will allow the new executives to direct the Company on its desired path towards performance growth and profitability. The Board Committees have also determined that the proposed grant would also be subject to acceleration of vesting based on a change of control of the Company, consistent with other grants generally under the plan.

Background of the Proposal

You are being asked to approve the adoption of the 2006 Equity Incentive Plan (the "2006 Plan"). A copy of the 2006 Plan is attached as [Exhibit A](#). Under the 2006 Plan, the number of shares of common stock equal to six percent (6%) of the number of outstanding shares of the Company are authorized to be issued under the 2006 Plan ("Evergreen Provision"), of which up to 2,000,000 may be reserved for incentive stock option awards. Under the Evergreen Provision, the number of shares available to grant for awards will increase at the beginning of each fiscal year if additional shares of common stock were issued in the preceding fiscal year, as long as the 2006 Plan is in effect. This will allow the Company the continuing ability to award and motivate participants with awards. If any shares covered by an award are

Table of Contents

not purchased or are forfeited, or if an Award otherwise terminates without delivery of any common stock, then the number of shares of common stock counted against the aggregate number of shares available under the Award will, to the extent of any such forfeiture or termination, again be available for making awards under the Plan. In addition, if the exercise price of an option, or the withholding obligation of a Grantee with respect to any Award, is satisfied by tendering shares or withholding shares the number of shares tendered or withheld will not reduce the number of shares available under the 2006 Plan.

The Board of Directors believes that equity incentive compensation is an important component of our overall compensation and incentive strategy for employees, directors, officers and consultants. We are committed to broad-based participation in the equity incentive grants by employees at all levels and by directors, officers and consultants. We believe that the equity incentive program is important in order to maintain our culture, employee ownership, employee motivation and continued success.

DESCRIPTION OF THE 2006 EQUITY INCENTIVE PLAN

Structure. The 2006 Plan allows for the grant of options, restricted stock, stock bonuses and stock appreciation rights at the discretion of the Plan Administrator. The principal features of the program are described below.

Administration. The Compensation Committee of the Board of Directors will serve as the Plan Administrator with respect to the 2006 Plan. The Plan Administrator has the authority to interpret the 2006 Plan and the rights underlying any grants or awards made subject to the 2006 Plan. Any decision or action of the Plan Administrator in connection with the 2006 Plan is final and binding.

No director shall be liable for any action, excepting willful misconduct and gross negligence, or bad faith and without reasonable belief arising out of or related to the 2006 Plan provided the director was acting in good faith and for a purpose believed to have been in the best interests of the Company or its subsidiaries.

Eligibility. Employees, directors, officers and consultants in the service of the Company or any parent or subsidiary corporation (whether now existing or subsequently established) are eligible to participate in the 2006 Plan. Determinations as to eligibility shall be made by the Plan Administrator.

Valuation. For purposes of establishing the exercise or purchase price, and for all other valuation purposes under the 2006 Plan, the fair market value per share of common stock on any relevant date under the 2006 Plan is the closing price as reported by the Nasdaq SmallCap, Nasdaq National Market or other exchange where the common stock is listed for trading.

Terms and Conditions of Option Grants. One or more options may be granted to each eligible person. The options granted under the 2006 Plan will be evidenced by an award agreement. The Plan Administrator shall specify the grant date, exercise price, terms and conditions for the exercise of the options. No option under the 2006 Plan shall terminate later than ten (10) years after the date of grant.

Limitations on Awards. The maximum number of shares of stock that may be granted during any one calendar year under the Plan to any one Participant shall be 500,000, except that the may make an additional one-time grant of such Award to a newly-hired individual for up to 200,000 shares for a maximum annual grant of 700,000.

Exercise of the Option. Options may be exercised by delivery to the Company of a written stock option exercise agreement together with payment in full of the exercise price for the number of shares

Table of Contents

being purchased. The exercise price shall be at least 100% of the fair market value of the shares on the date of grant. Payment for shares purchased pursuant to the 2006 Plan may be made in cash, or, at the sole discretion of the Administrator by surrender of shares of the Company owned by the participant more than six (6) months or lesser period if the surrender of shares is otherwise exempt from Section 16 of the Exchange Act. At the sole discretion of the Administrator, payment may also be made by deemed net-stock exercise in which the optionee exercises by forfeiting the option shares at their exercise price. A broker-assisted payment may also be made in which the broker has irrevocable instructions to deliver the amount of sale proceeds necessary to pay the exercise price and tax withholding obligations.

Transferability of Options. No option shall be transferable other than by will or by the laws of descent and distribution and during the lifetime of the participant, only the participant, his or her guardian or legal representative may exercise an option. The Plan Administrator may provide for transfer of a non-qualified stock option without payment of consideration to designated family members and certain other entities specified in the 2006 Plan. The terms applicable to the assigned portion shall be the same as those in effect for the option immediately prior to such assignment. A request to assign an option may be made only by delivery to the Company of a written stock option assignment request.

Termination of Directorship. If a participant ceases to be a director of the Company or a subsidiary, vested stock options may be exercised at any time, but in no event after the termination of the option as specified in the award agreement or ten years from the Grant Date.

Restricted Stock Awards. The Plan Administrator shall determine all terms and conditions of the restricted stock award. Unless the Plan Administrator provides otherwise, holders of restricted stock shall have the right to vote such restricted stock and the right to receive any dividends declared or paid with respect to such restricted stock. All shares of restricted stock that have not vested shall be forfeited without further obligation on the part of the Company upon failure to affirmatively accept the grant of a Restricted Stock Award by execution of a Restricted Stock Award Agreement, termination of employment during the applicable restriction period, failure to satisfy the restriction period or failure to satisfy a performance goal during the applicable restriction period. Unless the Plan Administrator provides otherwise, no grant of restricted shares may be assigned, encumbered or transferred except in the event of death or by will or the laws of descent and distribution.

Unrestricted Stock Awards. The Plan Administrator may award Unrestricted Stock to any participant as a stock bonus or otherwise pursuant to which such Participant may receive shares of Stock free of restrictions or limitations that would otherwise be applied.

Stock Appreciation Rights. A stock appreciation right (SAR) may be awarded pursuant to an award agreement and shall be based upon such factors as the Plan Administrator may determine. The Plan Administrator will determine the time period during which a SAR may be exercised. Exercise of the right shall be by written notice and entitles the participant to receive a number of shares, cash, or a combination thereof. The number of shares which may be issued upon exercise of the SARs shall be determined by dividing the number of shares as to which the SAR is exercised, multiplied by the amount by which the fair market value of the shares on the exercise date exceeds the fair market value of a share on the date of grant of the SAR, by the fair market value of a share on the exercise date. However, the Plan Administrator may, in its sole discretion, pay cash in lieu of shares. Any SAR that has not vested prior to the date of termination of employment will automatically expire, and all of the rights, title and interest of the Participant thereunder will be forfeited in their entirety. No SAR may be transferred other than by will or the laws of descent and distribution, and during the lifetime of the participant, only to individuals and entities as specified in the 2006 Plan. Assignment shall be by written request, and the terms applicable to assigned SARs remain the same as those in effect for the award immediately before the assignment.

Table of Contents

GENERAL PLAN PROVISIONS

Dissolution, Liquidation, or Merger and Change of Control. In the event of an occurrence after which the Company no longer survives as an entity, the Plan Administrator may, in its discretion, cancel each outstanding award upon payment to the participant of adequate consideration as specified in the 2006 Plan. The Plan Administrator may also accelerate the time within which each outstanding award may be exercised. After a merger, consolidation, combination or reorganization in which the Company is the survivor, the Plan Administrator shall determine any appropriate adjustments to outstanding awards.

In the event of a change of control of the Company, as defined in the 2006 Plan, the Plan Administrator will have the authority, in its absolute discretion exercisable either in advance of any actual or anticipated change of control, to fully vest all outstanding Awards. A change of control generally occurs when one transaction or series of transactions results in the issuance of 50% of voting securities, the Company is acquired in some form of merger or consolidation in which the Company does not survive, or when substantially all the assets of the Company are sold.

The acceleration of vesting in the event of a change in the ownership or control of the Company may be seen as an anti-takeover provision and may have the effect of discouraging a merger proposal, a takeover attempt or other efforts to gain control of the Company.

Changes in Capitalization. In the event any change is made to the outstanding shares of common stock by reason of any stock split, stock dividend, recapitalization, combination of shares, exchange of shares or other change in corporate structure effected without the Company's receipt of consideration, appropriate adjustments will be made to (i) the maximum number and/or class of securities issuable under the 2006 Plan, and (ii) the number and/or class of securities and the exercise price per share in effect under each outstanding award in order to prevent the dilution or enlargement of benefits thereunder.

Special Tax Election. The Plan Administrator may, in its discretion, permit participants to have the Company withhold a portion of the shares of common stock otherwise issuable to such individuals in satisfaction of the income and employment withholding taxes to which they become subject in connection with the exercise of those awards. Alternatively, the Plan Administrator may allow such individuals to deliver existing shares of common stock in satisfaction of such withholding tax liability.

Amendment and Termination. The Board may amend, suspend or terminate the 2006 Plan at any time and for any reason; provided however, that shareholder approval shall be required for any increase in the maximum number of common stock issuable under the Plan except for a proportional increase in the maximum number as a result of stock split or stock dividend or a change in the class of employees entitled to be granted incentive stock options. Further, the Board may, in its discretion, determine that any amendment should be effective only if approved by the stockholders even if such approval is not expressly required by the 2006 Plan or by law. But no amendment, suspension or termination shall be made which would impair the right of any person under any outstanding awards without such person's consent not unreasonably withheld.

Unless sooner terminated by the Board, the 2006 Plan will in all events terminate ten years from the date the Plan is approved by the Board. Any awards outstanding at the time of such termination will remain in force in accordance with the provisions of the instruments evidencing such awards.

Table of Contents

Predecessor Option Agreements. All outstanding options under predecessor option agreements continue to be governed solely by the terms of the documents evidencing such options, and no provisions of the 2006 Plan affect or otherwise modify the rights or obligations of the holders of those options.

Securities Laws. No award shall be effective unless made in compliance with all federal and state securities laws, rules and regulations and in compliance with any rules on any exchange on which shares are quoted.

Other Provisions. The award agreements may contain such other terms, provisions and conditions not inconsistent with the 2006 Plan as may be determined by the Board of Directors or the Plan Administrator.

FEDERAL INCOME TAX CONSEQUENCES OF AWARDS UNDER THE 2006 PLAN

The following discussion is a summary of the federal income tax consequences relating to the grant and exercise of awards under the 2006 Plan and the subsequent sale of common stock that will be acquired under the 2006 Plan. The tax effect of exercising awards may vary depending upon the particular circumstances, and the income tax laws and regulations change frequently. The following discussion addresses only the general federal income tax consequences of awards. Participants are urged to consult their own tax advisors regarding the impact of federal, state and local taxes, the federal alternative minimum tax, and securities laws restrictions, given their individual situations.

Options granted under the 2006 Plan may be either incentive stock options which satisfy the requirements of Section 422 of the Internal Revenue Code or non-qualified options which are not intended to meet such requirements.

Non-Qualified Options. No taxable income is recognized by an optionee upon the grant of a non-statutory option. The optionee will, in general, recognize ordinary income in the year in which the option is exercised, equal to the excess of the fair market value of the purchased shares on the exercise date over the exercise price paid for the shares and the optionee will be required to satisfy the tax withholding requirements applicable to such income.

The Company will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the optionee with respect to the exercised non-statutory option. The deduction will in general be allowed for the taxable year of the Company in which such ordinary income is recognized by the optionee.

Incentive Stock Options. No taxable income is recognized by the optionee at the time of the option grant and no taxable income is generally recognized at the time the option is exercised (except for purposes of the alternative minimum tax in which case any applicable taxation is calculated based on the same amount as taxed for nonqualified stock options). The optionee will, however, recognize taxable income in the year in which the purchased shares are sold or otherwise made the subject of a taxable disposition. For Federal tax purposes, dispositions are divided into two categories: (i) qualifying and (ii) disqualifying. A qualifying disposition occurs if the sale or other disposition is made after the optionee has held the shares for more than two (2) years after the option grant date and more than one (1) year after the exercise date. If either of these two holding periods is not satisfied, then a disqualifying disposition will result.

Upon a qualifying disposition of the shares, the optionee will recognize long-term capital gain in an amount equal to the excess of (i) the amount realized upon the sale or other disposition of the purchased shares over (ii) the exercise price paid for those shares. If there is a disqualifying disposition

Table of Contents

of the shares, then the excess of (i) the fair market value of the shares on the exercise date over (ii) the exercise price paid for those shares will be taxable as ordinary income to the optionee. Any additional gain or loss recognized upon the disposition will be taxable as a capital gain or loss.

If the optionee makes a disqualifying disposition of the purchased shares, then the Company will be entitled to an income tax deduction, for the taxable year in which such disposition occurs, equal to the excess of (i) the fair market value of such shares on the options exercise date over (ii) the exercise price paid for the shares. In no other instance will the Company be allowed a deduction with respect to the optionee's disposition of the purchased shares.

Restricted Stock Awards. The recipient receives no taxable income upon the receipt of a restricted stock award. The recipient is taxed at the time the restrictions lapse, with the amount of such tax being based on the fair market value of the shares of the stock at such time. As an alternative, the Internal Revenue Service allows a recipient, at his or her option, to make an election to include the value of the restricted stock award in income in the year in which the shares are allocated to the recipient. In the event a recipient makes such an election, a Section 83(b) election must be filed with the IRS within 30 days of the shares being allocated to the recipient. Under Section 83(b) an electing recipient will realize ordinary income, at the time of the election, equal to the fair market value of the shares of stock on the date of receipt. As a result, when the shares of restricted stock vest, there is no additional taxable income. When the shares are subsequently sold, any gain or loss, based on the amount previously reported as income, will be a capital gain or loss. If a recipient who has made a Section 83(b) election subsequently forfeits the shares, the recipient will not be entitled to any deductions; however, he or she may be entitled to realize a loss. The Company recognizes a deduction for income tax purposes at the time the recipient recognizes income.

Stock Appreciation Rights. The grant of a SAR is not expected to result in any taxable income for the recipient. Upon exercising a SAR, the amount of any cash received and the fair market value on the exercise date of any shares of common stock received are taxable to the recipient as ordinary income and deductible by the Company.

Withholding Taxes. The Company is entitled to take appropriate measures to withhold from the shares of common stock, or to otherwise obtain from the recipients, sufficient sums in cash, check or shares of stock as the Plan Administrator deems necessary to satisfy any applicable federal, state and local withholding taxes, including FICA taxes, before the delivery of the common stock to the recipient.

Business Deduction for the Company. In connection with the various awards, the Company will generally be entitled to a business expense deduction in the same amount and generally if and when the participant recognizes ordinary income. Section 162(m) of the Code limits publicly-held companies to an annual deduction for federal income tax purposes of \$1,000,000 for compensation paid to their chief executive officer and the four highest compensated executive officers (other than the chief executive officer) determined at the end of each year. However, performance-based compensation is excluded from this limitation. The 2006 Plan is designed to permit the Plan Administrator to grant awards that qualify as performance-based compensation under section 162(m). The Plan Administrator is authorized to establish performance goals that qualify as performance-based awards under Section 162(m) of the Code.

Impact of Recent Tax Law Changes. Recently adopted, Section 409A of the Code has implications that affect traditional deferred compensation plans, as well as certain equity-based awards, such as certain stock options and stock appreciation rights. Section 409A requires compliance with specific rules regarding the timing of exercise or settlement of equity-based awards and, unless explicitly set forth in a plan document or award agreement, no acceleration of payment is permitted. The

Table of Contents

U.S. Department of Treasury has provided preliminary guidance and proposed regulations with respect to Section 409A and more definitive guidance is anticipated in the near future. Awards granted under the Plan with a deferral feature will be subject to the requirements of Section 409A. If an award subject to 409A fails to comply, an additional 20% federal income tax on compensation recognized as ordinary income, as well as interest on such deferred compensation will apply. The 2006 Plan provides the

Plan Administrator with discretion to provide that awards comply with the provisions of Section 409A.

PROPOSAL 3 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed Ernst & Young LLP (E&Y) as the Company s independent registered public accounting firm for our fiscal year ending June 30, 2007. Nominations to the Board of Directors

Our directors take a critical role in guiding our strategic direction and oversee the management of the Company. Board candidates are considered based upon various criteria, such as their broad-based business and professional skills and experiences, a global business and social perspective, concern for the long-term interests of the stockholders and personal integrity and judgment. In addition, directors must have time available to devote to Board activities and to enhance their knowledge of the medical device industry. Accordingly, we seek to attract and retain highly qualified directors who have sufficient time to attend to their substantial duties and responsibilities to the Company.

The Board of Directors has a nominating committee. The Board believes given the diverse skills and experience required to grow the Company that the input of all members is important for considering the qualifications of individuals to serve as directors. The Governance and Nominating Committee recommends a slate of directors for election at the annual meeting. In accordance with Nasdaq rules, the slate of nominees is approved by a majority of the independent directors. Mr. Barry, Dr. Huckel, Mr. McEnany and Dr. Myers, each members of the Governance and Nominating Committee, are independent as defined in the NASD listing standards.

In carrying out its responsibilities, the Board will consider candidates suggested by stockholders. If a shareholder wishes to formally place a candidate's name in nomination, however, he or she must do so in accordance with the provisions of the Company's Bylaws. Suggestions for candidates to be evaluated by the Governance and Nominating Committee must be sent to Assistant Corporate Secretary, 2711 Citrus Road, Rancho Cordova, California 95742.

Compensation Committee Report

The Compensation Committee oversees our compensation plans and policies, reviews and approves all decisions concerning principal executive officers' compensation, which are further approved by the Board, and administers our stock option and equity plans, including reviewing and approving stock option grants and equity awards under the plans. The Compensation Committee's charter reflects these various responsibilities, and the Compensation Committee and the Board periodically review and revise the charter in consultation with outside counsel. The Compensation Committee's membership is determined by the Board and is composed entirely of independent directors. The Compensation Committee meets at scheduled times during the year. The Committee Chairman reports on Compensation Committee actions and recommendations at Board meetings, where such actions are further ratified and approved. In addition, the Committee has the authority to engage the services of outside advisers, experts and others to assist the Committee.

Compensation Philosophy

The Compensation Committee emphasizes the important link between the Company's performance, which ultimately increases stockholder value, and the compensation of its executives. Therefore, the primary goal of the Company's executive compensation policy is to closely align the interests of the stockholders with the interests of the executive officers. In order to achieve this goal, the Company attempts to (i) offer compensation opportunities that attract and retain executives whose abilities and skills are critical to the long-term success of the Company and reward them for their efforts in ensuring the success of the Company, (ii) align the Company's compensation programs with the Company's long-term business strategies and objectives, and (iii) provide variable compensation opportunities that are directly linked to the Company's performance and stockholder value, including an equity stake in the Company. For several years, the Company has used three integrated components—Base Salary, Incentive Compensation and Stock Options—to achieve these goals.

Base Salary

The Base Salary component of total compensation is intended to compensate executives competitively within the industry and the marketplace. Base Salaries of the executive officers are established by the Compensation Committee based upon compensation data of comparable companies in the comparable markets, the executive's job responsibilities, level of experience, individual performance and contribution to the business. In the past, in making Base Salary decisions, the Committee exercised its discretion and judgment based upon regional and personal knowledge of industry practice and did not apply any specific formula to determine the weight of any one factor. In 2004, the Compensation Committee retained Pearl Meyer & Partners, and adjusted salaries as of July 1, 2004, based on the report and recommendations prepared by Pearl Meyer & Partners, which were ratified and approved by the Board.

Incentive Bonuses

The Incentive Bonus component of executive compensation is designed to reflect the Compensation Committee's belief that a portion of the compensation of each executive officer should be contingent upon the performance of the Company, as well as the individual contribution of each executive officer. The Incentive Bonus is intended to motivate and reward executive officers by allowing the executive officers to directly benefit from the success of the Company. The Compensation Committee has directed that a formal written incentive plan with specified key milestones critical to the Company's success be developed and implemented, and that the plan be weighted heavily towards achieving profitability before any bonus compensation would be earned. All executive employment contracts

Table of Contents

provide generally for a discretionary bonus of up to 35% of the executive's base salary, which is to be determined by the Compensation Committee based on individual performance criteria and Company achievement of profitability during the year. After further discussion of the increases in base salary in line with the report and recommendations, and a proposal made by management, any future bonus payouts were limited to a maximum of 25% of salary for the Company's principal executive officers, and may be paid in cash, restricted stock grants, or options.

Long-term Incentives

The Compensation Committee provides the Company's executive officers with Long-term Incentive compensation in the form of stock option grants under the Company's Amended 1994 Stock Option Plan and the Amended 1998 Equity Incentive Plan. The Compensation Committee believes that stock options provide the Company's executive officers with the opportunity to purchase and maintain an equity interest in the Company and to share in the appreciation of the value of the Company's Common Stock. The Compensation Committee believes that stock options directly motivate an executive to maximize long-term stockholder value. It is the Company's practice to grant options from time to time to executive officers at the fair market value of the Company's common stock on the date of grant. The Committee considers each option subjectively, considering factors such as the individual performance of the executive officer and the anticipated contribution of the executive officer to the attainment of the Company's long-term strategic performance goals. The number of stock options granted to other executives in prior years and the total number of options granted under the plans are also taken into consideration.

Chief Executive Officer Compensation

Under the terms of Mr. Coelho's employment agreement, he is entitled to receive an annual salary of not less than \$225,000, as may be increased by the Board annually upon review, and an annual bonus at the discretion of the Board of Directors of up to 35% of salary. In the last two years the Board increased the CEO salary to its current amount of \$360,000 annually, in order to bring the cash salary payment closer to competitive levels with other companies and industry benchmarks. The Board did not target the higher end of competitive salaries, given the current stage of the Company's development. The Board reviewed a number of quantitative factors and qualitative factors included in the Company's performance, new strategic relationships and distribution channels, including GE Healthcare, commercialization of new products, including the AXP, operating cash flow, working capital, and market value. The Board also took into consideration certain qualitative factors including the exceptional reputation of Mr. Coelho in the scientific and medical community related to the Company's products, ethical conduct, and tireless effort with extensive travel requirements around the world. During fiscal year 2006 the Board paid a \$50,000 cash bonus, the first cash bonus paid to Mr. Coelho in over 6 years.

In conclusion, the Compensation Committee believes that the Company's current compensation levels are consistent with Company goals.

Exhibit A

**THERMOGENESIS CORP.
2006 EQUITY INCENTIVE PLAN**

1. **PURPOSE.** The purpose of this Plan is to provide incentives to attract, retain and motivate Eligible Persons whose present and potential contributions are important to the success of the Company by offering them an opportunity to participate in the Company's future performance through awards of Incentive and Nonqualified Stock Options (Options), Stock (Restricted Stock or Unrestricted Stock) and Stock Appreciation Rights (SARs). This Plan is not intended to replace any current plan of, or awards issued by, the Company, nor will it limit the ability of the Company to create additional or new plans, or to issue additional or new awards. Capitalized terms not defined in the text are defined in Section 29.

2. **ADOPTION AND STOCKHOLDER APPROVAL.** This Plan will be approved by the Stockholders of the Company, consistent with applicable laws, after the date this Plan is approved by the Board. No Award will be granted after termination of this Plan but all Awards granted prior to termination will remain in effect in accordance with their terms. The effective date of this Plan will be the date of approval by the Board subject to approval of the Stockholders within twelve (12) months of such adoption (the Effective Date). So long as the Company is subject to Section 16(b) of the Exchange Act, the Company will comply with the requirements of Rule 16b-3 (or its successor), as amended.

3. **TERM OF PLAN.** Unless earlier terminated as provided herein, this Plan will terminate ten (10) years from the date this Plan is adopted by the Board.

4. **SHARES SUBJECT TO THIS PLAN.**

4.1. **Number of Shares Available.** Subject to Section 4.2, the total number of Shares reserved and available for Awards or which may be used to provide a basis of measurement for or to determine the value of an Award shall be equal to six percent (6%) of the outstanding shares of Company common stock as measured at the end of each fiscal year, of which the number of shares reserved and available for Incentive Stock Options will be Two Million (2,000,000) (the Maximum Number). Not more than the 2,000,000 shares of Stock will be granted in the form of Incentive Stock Options.

Shares issued under the Plan will be drawn from authorized and unissued shares or shares now held or subsequently acquired by the Company.

Outstanding shares of the Company shall, for the purposes of such calculation, include the number of shares of Stock into which other securities or instruments issued by the Company are currently convertible (e.g., convertible preferred stock, convertible debentures, or warrants for common stock), but not outstanding Options to acquire Stock.

4.1.1. **Future Awards.** Subject to Section 4.2 and to the fullest extent permissible under Rule 16b-3 under the Exchange Act and Section 422 of the Code and any other applicable laws, rules and regulations, (i) if an Award is canceled, terminates, expires, is forfeited or lapses for any reason without having been exercised or settled, any shares of Stock subject to the Award will be added back into the Maximum Number and will again be available for the grant of an Award under the Plan and (ii) and the number of shares of Stock withheld to satisfy a Participant's minimum tax withholding obligations will be added back into the Maximum Number and will be available for the grant of an Award under the Plan. Also, only the net numbers of Shares that are issued pursuant to the exercise of an Award will be counted against the Maximum Number.

A-1

Table of Contents

However, in the event that prior to the Award's cancellation, termination, expiration, forfeiture or lapse, the holder of the Award at any time received one or more elements of beneficial ownership pursuant to such Award (as defined by the SEC, pursuant to any rule or interpretations promulgated under Section 16 of the Exchange Act), the Shares subject to such Award will not again be made available for regrant under the Plan.

4.1.2. Acquired Company Awards. Notwithstanding anything in the Plan to the contrary, the Plan Administrator may grant Awards under the Plan in substitution for awards issued under other plans, or assume under the Plan awards issued under other plans, if the other plans are or were plans of other acquired entities (Acquired Entities) (or the parent of an Acquired Entity) and the new Award is substituted, or the old award is assumed, by reason of a merger, consolidation, acquisition of property or stock, reorganization or liquidation (the Acquisition Transaction). In the event that a written agreement pursuant to which the Acquisition Transaction is completed is approved by the Board and said agreement sets forth the terms and conditions of the substitution for or assumption of outstanding awards of the Acquired Entity, said terms and conditions will be deemed to be the action of the Plan Administrator without any further action by the Plan Administrator, except as may be required for compliance with Rule 16b-3 under the Exchange Act, and the persons holding such awards will be deemed to be Participants.

4.1.3. Reserve of Shares. At all times, the Company will reserve and keep available a sufficient number of Shares as will be required to satisfy the requirements of all outstanding Awards granted under this Plan. The Shares to be issued hereunder upon exercise of an Award may be either authorized but unissued; supplied to the Plan through acquisitions of Shares on the open market; Shares purchased under the Plan and forfeited back to the Plan; Shares surrendered in payment of the exercise price of an option; or Shares withheld for payment of applicable employment taxes and/or withholding obligations resulting from the exercise of an Option. The following rules will apply for purposes of the determination of the number of Shares available for grant under the Plan:

i. Grants. The grant of an Award will reduce the Shares available for grant under the Plan by the number of Shares subject to such Award.

ii. Outstanding. While an Award is outstanding, it will be counted against the authorized pool of Shares regardless of its vested status.

4.2. Adjustments. Should any change be made to the Stock of the Company by reason of any stock split (including reverse stock split), stock dividend, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding Common Stock as a class without the Company's receipt of consideration, the Administrator will make the appropriate adjustments to (i) the maximum number and/or class of securities issuable under the Plan; and (ii) the number and/or class of securities and the exercise price per Share in effect under each outstanding Award in order to prevent the dilution or enlargement of benefits thereunder; provided however, that the number of Shares subject to any Award will always be a whole number and the Administrator will make such adjustments as are necessary to insure Awards of whole Shares.

4.3. Limitations on Awards. Notwithstanding any provision in the Plan to the contrary (but subject to adjustment as provided in Section 4.2), the Maximum Number of Shares of Stock with respect to one or more Options and/or SARs that may be granted during any one fiscal year under the Plan to any one Participant will be 500,000, except that the Company may make an additional one-time grant of such Award to a newly-hired individual for up to 200,000 shares for a maximum annual grant of 700,000 (all of which may be granted as Incentive Stock Options). Determinations under the preceding sentence will

Table of Contents

be made in a manner that is consistent with Section 162(m) of the Code and regulations promulgated thereunder. The provisions of this Section will not apply in any circumstance with respect to which the Administrator determines that compliance with Section 162(m) of the Code is not necessary.

4.4. No Repricing. Absent stockholder approval, neither the Administrator nor the Board will have any authority, with or without the consent of the affected holders of Awards, to reprice an Award in the event of a decline in the price of Shares after the date of their initial grant either by reducing the exercise price from the original exercise price or through cancellation of outstanding Awards in connection with regranting of Awards at a lower price to the same individual. This paragraph may not be amended, altered or repealed by the Administrator or the Board without approval of the stockholders of the Company.

4.5. No Reloading. No Option or SAR will provide for the automatic grant of replacement or reload Options or SARs upon the Participant exercising the Option or SAR and paying the Exercise Price by tendering Shares of Stock, net exercise or otherwise. This paragraph may not be amended, altered or repealed by the Administrator or the Board without approval of the stockholders of the Company.

5. ADMINISTRATION OF THIS PLAN.

5.1. Authority. Authority to control and manage the operation and administration of this Plan will be vested in a committee consisting of two (2) or more independent members of the Board (the Committee). It is intended that the directors appointed to serve on the Committee will be non-employee directors (within the meaning of Rule 16b-3 promulgated under the Exchange Act) and outside directors (within the meaning of Section 162(m) of the Code) to the extent that Rule 16b-3 and, if necessary for relief from the limitation under Section 162(m) of the Code and such relief sought by the Company, Section 162(m) of the Code, respectively, are applicable. However, the mere fact that a Committee member will fail to qualify under either of the foregoing requirements will not invalidate any Award made by the Committee which Award is otherwise validly made under the Plan. Members of the Committee may be appointed from time to time by, and will serve at the pleasure of, the Board. As used herein, the term Administrator means the Committee.

5.2. Interpretation. Subject to the express provisions of this Plan, the Administrator will have the exclusive power, authority and discretion to:

(1) construe and interpret this Plan and any agreements defining the rights and obligations of the Company and Participants under this Plan;

(2) select Participants;

(3) determine the terms and conditions of any Award granted under the Plan, including, but not limited to, the Exercise Price, grant price or purchase price, any restrictions or limitations on the Award, any schedule for lapse of forfeiture restrictions or restrictions on the exercisability of the Award, and acceleration or waivers thereof, based in each case on such considerations as the Administrator in its sole discretion determines that is not inconsistent with any rule or regulation under any tax or securities laws or includes an alternative right that does not disqualify an Incentive Stock Option under applicable regulations. Determinations made by the Administrator under this Plan need not be uniform but may be made on a Participant-by-Participant basis;

(4) determine the number of Shares or other consideration subject to Awards;

Table of Contents

(5) determine whether Awards will be subject to a condition, or grant a right, that is not inconsistent with any rule or regulation under any tax or securities laws or includes an alternative right that does not disqualify an incentive stock option under applicable regulations;

(6) prescribe the form of each Award Agreement, which need not be identical for each Participant;

(7) further define the terms used in this Plan;

(8) correct any defect or supply any omission or reconcile any inconsistency in this Plan or in any Award Agreement;

(9) provide for rights of refusal and/or repurchase rights;

(10) amend outstanding Award Agreements to provide for, among other things, any change or modification which the Administrator could have provided for upon the grant of an Award or in furtherance of the powers provided for herein that does not disqualify an Incentive Stock Option under applicable regulations unless the Participant so consents;

(11) prescribe, amend and rescind rules and regulations relating to the administration of this Plan; and

(12) make all other determinations necessary or advisable for the administration of this Plan.

5.3. **Decisions Binding.** Any decision or action of the Administrator in connection with this Plan or Awards granted or shares of Stock purchased under this Plan will be final and binding. The Administrator will not be liable for any decision, action or omission respecting this Plan, or any Awards granted or shares of Stock sold under this Plan.

5.4. **Limitation on Liability.** To the extent permitted by applicable law in effect from time to time, no member of the Committee will be liable for any action or omission of any other member of the Committee nor for any act or omission on the member's own part, excepting only the member's own willful misconduct, gross negligence, or bad faith and without reasonable belief that it was in the best interests of the Company, arising out of or related to this Plan. The Company will pay expenses incurred by, and satisfy a judgment or fine rendered or levied against, a present or former member of the Committee in any action against such person (whether or not the Company is joined as a party defendant) to impose liability or a penalty on such person for an act alleged to have been committed by such person while a member of the Committee arising with respect to this Plan or administration thereof or out of membership on the Committee or by the Company, or all or any combination of the preceding, provided, the Committee member was acting in good faith, within what such Committee member reasonably believed to have been within the scope of his or her employment or authority and for a purpose which he or she reasonably believed to be in the best interests of the Company or its stockholders. Payments authorized hereunder include amounts paid and expenses incurred in settling any such action or threatened action. The provisions of this section will apply to the estate, executor, administrator, heirs, legatees or devisees of a Committee member, and the term "person" as used on this section will include the estate, executor, administrator, heirs, legatees, or devisees of such person.

6. GRANT OF OPTIONS: TERMS AND CONDITIONS OF GRANT.

6.1. **Grant of Options.** One or more Options may be granted to any Eligible Person. Subject to the express provisions of this Plan, the Administrator will determine from the Eligible Persons those individuals to whom Options under this Plan may be granted. Each Option granted under this Plan will be evidenced by an Award Agreement, which will expressly identify the Option as an Incentive Stock Option or a Non-Qualified Stock Option. The Shares underlying a grant of an Option may be in the form of Restricted Stock or Unrestricted Stock.

Further, subject to the express provisions of this Plan, the Administrator will specify the grant date (the Grant Date), the number of Shares covered by the Option, the Exercise Price and the terms and conditions for exercise of the Options. As soon as practicable after the Grant Date, the Company will provide the Participant with a written Award Agreement in the form approved by the Administrator.

The Administrator may, in its absolute discretion, grant Options under this Plan at any time and from time to time before the expiration of this Plan.

6.2. **General Terms and Conditions.** Except as otherwise provided herein, the Options will be subject to the following terms and conditions and such other terms and conditions not inconsistent with this Plan as the Administrator may impose:

6.2.1. **Exercise of Option.** The Administrator may determine in its discretion whether any Option will be subject to vesting and the terms and conditions of any such vesting. The Award Agreement will contain any such vesting schedule.

6.2.2. **Option Term.** Each Option and all rights or obligations thereunder will expire on such date as will be determined by the Administrator, but not later than ten (10) years after the Grant Date (five (5) years in the case of an Incentive Stock Option when the Optionee owns more than ten percent (10%) of the total combined voting power of all classes of stock of the Company (Ten Percent Stockholder)), and will be subject to earlier termination as hereinafter provided.

6.2.3. **Exercise Price.** The Exercise Price of any Option will be determined by the Administrator when the Option is granted and may not be less than one hundred percent (100%) of the Fair Market Value of the Shares on the Grant Date, and the Exercise Price of any Incentive Stock Option granted to a Ten Percent Stockholder will not be less than one hundred ten percent (110%) of the Fair Market Value of the Shares on the Grant Date. Payment for the Shares purchased will be made in accordance with Section 10 of this Plan. The Administrator is authorized to issue Options, whether Incentive Stock Options or Non-Qualified Stock Options, at an option price in excess of the Fair Market Value on the Grant Date.

6.2.4. **Method of Exercise.** Options may be exercised only by delivery to the Company of a stock option exercise agreement (the Exercise Agreement) in a form approved by the Administrator (which need not be the same for each Participant), stating the number of Shares being purchased, the restrictions imposed on the Shares purchased under such Exercise Agreement, if any, and such representations and agreements regarding the Participant's investment intent and access to information and other matters, if any, as may be required or desirable by the Company to comply with applicable securities laws, together with payment in full of the Exercise Price for the number of Shares being purchased.

6.2.5. **Transferability of Options.** Except as otherwise provided below for Non-Qualified Stock Options, no Option will be transferable other than by will or by the laws of descent and distribution and during the lifetime of a Participant only the Participant, his guardian or legal representative may exercise an Option, except in the case of an Incentive Stock Option, pursuant to a

domestic relations order that would satisfy Section 414(p)(1)(A) of the Code if such Section applied to an Award under the Plan and Nonqualified Options may be transferred to a Participant's former spouse pursuant to a property settlement made part of an agreement or court order incident to the divorce.

At its discretion, the Administrator may provide for transfer of an Option (other than an Incentive Stock Option), without payment of consideration, to the following family members of the Participant, including adoptive relationships: a child, stepchild, grandchild, parent, stepparent, grandparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, niece, nephew, former spouse (whether by gift or pursuant to a domestic relations order), any person sharing the employee's household (other than a tenant or employee), a family-controlled partnership, corporation, limited liability company and trust, or a foundation in which family members heretofore described control the management of assets. The assigned portion may only be exercised by the person or persons who acquire a proprietary interest in the Option pursuant to the assignment. The terms applicable to the assigned portion will be the same as those in effect for the Option immediately prior to such assignment and will be set forth in such documents issued to the assignee as the Administrator may deem appropriate. A request to assign an Option may be made only by delivery to the Company of a written stock option assignment request in a form approved by the Administrator, stating the number of Options and Shares underlying Options requested for assignment, that no consideration is being paid for the assignment, identifying the proposed transferee, and containing such other representations and agreements regarding the Participant's investment intent and access to information and other matters, if any, as may be required or desirable by the Company to comply with applicable securities laws.

6.2.6. **Beneficiaries.** Notwithstanding Section 6.2.5, a Participant may, in the manner determined by the Administrator, designate a beneficiary to exercise the rights of the Participant and to receive any distribution with respect to any Option upon the Participant's death. If no beneficiary has been designated or survives the Participant, payment will be made to the Participant's estate. Subject to the foregoing, a beneficiary designation may be changed or revoked by a Participant at any time, provided the change or revocation is filed with the Administrator.

6.2.7. **Exercise After Certain Events.**

i. **Termination of Employment**

(1) **Incentive Stock Options.**

(a) **Termination of All Services.** If for any reason other than retirement (as defined below), permanent and total Disability (as defined below) or death, a Participant Terminates employment with the Company (including employment as an Officer of the Company), vested Incentive Stock Options held at the date of such termination may be exercised, in whole or in part, at any time within three (3) months after the date of such Termination or such lesser period specified in the Award Agreement (but in no event after the earlier of (i) the expiration date of the Incentive Stock Option as set forth in the Award Agreement, and (ii) ten (10) years from the Grant Date (five (5) years for a Ten Percent Stockholder)).

(b) **Continuation of Services as Consultant/Advisor.** If a Participant granted an Incentive Stock Option terminates employment but continues as a consultant, advisor or in a similar capacity to the Company, Participant need not exercise the Incentive Stock Option within three (3) months of Termination of employment but will be entitled to exercise within three (3) months of Termination of services to the Company (one (1) year in the event of permanent and total Disability or death) or such lesser period specified in the Award Agreement (but in no event after the

earlier of (i) the expiration date of the Option as set forth in the Award Agreement, and (ii) ten (10) years from the Grant Date). However, if Participant does not exercise within three (3) months of Termination of employment, the Option will not qualify as an Incentive Stock Option.

(2) Non-Qualified Stock Options.

(a) Termination of All Services. If for any reason other than Retirement (as defined below), permanent and total Disability (as defined below) or death, a Participant terminates employment with the Company (including employment as an Officer of the Company), vested Options held at the date of such Termination may be exercised, in whole or in part, at any time within three (3) months of the date of such Termination or such lesser period specified in the Award Agreement (but in no event after the earlier of (i) the expiration date of the Option as set forth in the Award Agreement, and (ii) ten (10) years from the Grant Date). Notwithstanding the foregoing, to the extent Option Awards are made to Directors under this plan, such three (3) month limitation shall not apply unless otherwise provided in the form of Option Agreement, as directed by the Administrator.

(b) Continuation of Services as Consultant/Advisor. If a Participant Terminates employment but continues as a consultant, advisor or in a similar capacity to the Company Participant need not exercise the Option within three (3) months of Termination but will be entitled to exercise within three (3) months of Termination of services to the Company (one (1) year in the event of permanent and total Disability or death) or such lesser period specified in the Award Agreement (but in no event after the earlier of (i) the expiration date of the Option as set forth in the Award Agreement, and (ii) ten (10) years from the Grant Date).

ii. Retirement. If a Participant ceases to be an employee of the Company (including as an officer of the Company) as a result of Retirement, Participant need not exercise the Option within three (3) months of Termination of employment but will be entitled to exercise the Option within the maximum term of the Option to the extent the Option was otherwise exercisable at the date of Retirement. However, if a Participant does not exercise within three (3) months of Termination of employment, the Option will not qualify as an Incentive Stock Option if it otherwise so qualified. The term Retirement as used herein means such Termination of employment as will entitle the Participant to early or normal retirement benefits under any then existing pension or salary continuation plans of the Company excluding 401(k) participants (except as otherwise covered under other pension or salary continuation plans).

iii. Permanent Disability and Death. If a Participant becomes permanently and totally Disabled while employed by the Company (including as an officer of the Company), or dies while employed by the Company (including as an Officer of the Company) or three (3) months thereafter, vested Options then held may be exercised by the Participant, the Participant's personal representative, or by the person to whom the Option is transferred by will or the laws of descent and distribution, in whole or in part, at any time within one (1) year after the Termination of employment because of the Disability or death or any lesser period specified in the Award Agreement (but in no event after the earlier of (i) the expiration date of the Option as set forth in the Award Agreement, and (ii) ten (10) years from the Grant Date).

6.3. Limitations on Grant of Incentive Stock Options.

A-7

Table of Contents

6.3.1. **Threshold.** The aggregate Fair Market Value (determined as of the Grant Date) of the Shares for which Incentive Stock Options may first become exercisable by any Participant during any calendar year under this Plan, together with that of Shares subject to Incentive Stock Options first exercisable by such Participant under any other plan of the Company or any Subsidiary, will not exceed \$100,000. For purposes of this Section, all Options in excess of the \$100,000 threshold will be treated as Non-Qualified Stock Options notwithstanding the designation as Incentive Stock Options. For this purpose, Options will be taken into account in the order in which they were granted, and the Fair Market Value of the Shares will be determined as of the date the Option with respect to such Shares is granted.

6.3.2. **Compliance with Section 422 of the Code.** There will be imposed in the Award Agreement relating to Incentive Stock Options such terms and conditions as are required in order that the Option be an incentive stock option as that term is defined in Section 422 of the Code.

6.3.3. **Requirement of Employment.** No Incentive Stock Option may be granted to any person who is not an Employee of the Company or a Subsidiary of the Company.

7. RESTRICTED STOCK AWARDS.

7.1. **Grant of Restricted Stock Awards.** Subject to the terms and provisions of this Plan, the Administrator is authorized to make awards of Restricted Stock to any Eligible Person in such amounts and subject to such terms and conditions as may be selected by the Administrator (a Restricted Stock Award). All Restricted Stock Awards will be evidenced by an Award Agreement.

7.2. **Issue Date and Vesting Date.** At the time of the grant of shares of Restricted Stock, the Administrator will establish an Issue Date or Issue Dates and a Vesting Date or Vesting Dates with respect to such Shares. The Administrator may divide such shares of Restricted Stock into classes and assign a different Issue Date and/or Vesting Date for each class. If the Participant is employed by the Company on an Issue Date (which may be the date of grant), the specified number of shares of Restricted Stock will be issued in accordance with the provisions of Section 7.6. Provided that all conditions to the vesting of a share of Restricted Stock imposed hereto are satisfied, such share will vest and the restrictions will cease to apply to such share.

7.3. **Conditions to Vesting.** Restricted Stock will be subject to such restrictions on or conditions to vesting as the Administrator may impose (including, without limitation, as a condition to the vesting of any class or classes of shares of Restricted Stock, that the Participant or the Company achieves such performance goals as the Administrator may specify as provided for in this Plan, limitations on the right to vote Restricted Stock or the right to receive dividends on the Restricted Stock). These restrictions may lapse separately or in combination at such times, under such circumstances, in such installments, time-based, or upon the satisfaction of performance goals as provided for in this Plan, as the Administrator determines at the time of the grant of the Award or thereafter.

7.4. **Voting and Dividends.** Unless the Administrator in its sole and absolute discretion otherwise provides in an Award Agreement, holders of Restricted Stock will have the right to vote such Restricted Stock and the right to receive any dividends declared or paid with respect to such Restricted Stock. The Administrator may require that any dividends paid on shares of Restricted Stock will be held in escrow until all restrictions on such shares have lapsed and/or the Administrator may provide that any dividends paid on Restricted Stock must be reinvested in shares of Stock, which may or may not be subject to the same vesting conditions and restrictions applicable to such Restricted Stock. All distributions, if any, received by a Participant with respect to Restricted Stock as a result of any stock split, stock dividend, combination of shares, or other similar transaction will be subject to the restrictions applicable to the original Award.

Table of Contents

7.5. **Forfeiture.** Except as otherwise determined by the Administrator at the time of the grant of the Award or thereafter, upon failure to affirmatively accept the grant of a Restricted Stock Award by execution of a Restricted Stock Award Agreement, termination of employment during the applicable restriction period, failure to satisfy the restriction period or failure to satisfy a performance goal during the applicable restriction period, Restricted Stock that is at that time subject to restrictions will immediately be forfeited and returned to the Company; provided, however, that the Administrator may provide in any Award Agreement that restrictions or forfeiture conditions relating to Restricted Stock will be waived in whole or in part in the event of terminations resulting from specified causes, and the Administrator may in other cases waive in whole or in part restrictions or forfeiture conditions relating to Restricted Stock. The Company also will have the right to require the return of all dividends paid on such shares, whether by termination of any escrow arrangement under which such dividends are held or otherwise.

7.6. **Certificates for Restricted Stock.** Restricted Stock granted under the Plan may be evidenced in such manner as the Administrator will determine. The Administrator may provide in an Award Agreement that either (i) the Secretary of the Company will hold such certificates for the Participant's benefit pursuant to the provisions of this Plan until such time as the Restricted Stock is forfeited to the Company or the restrictions lapse) or (ii) such certificates will be delivered to the Participant, provided, however, that such certificates will bear a legend or legends that comply with the applicable securities laws and regulations and make appropriate reference to the restrictions imposed under this Plan and the Award Agreement.

7.7. **Restrictions on Transfer Prior to Vesting.** Unless otherwise provided, prior to the vesting of Restricted Stock, Restricted Stock Awards, granted under this Plan, and any rights and interests therein, including the Restricted Stock itself, will not be transferable or assignable by the Participant, and may not be made subject to execution, attachment or similar process, otherwise than by will or by the laws of descent and distribution or as consistent with the Award Agreement provisions relating thereto. Unless otherwise provided in this Plan, during the lifetime of the Participant, a Restricted Stock Award and any rights and interests therein, will be exercisable only by the Participant, and any election with respect thereto may be made only by the Participant. Any attempt to transfer a Restricted Stock Award or any rights and interests therein including the Restricted Stock itself, will be void and unless the Administrator determines in its sole and absolute discretion that the attempt was inadvertent or unintentional, such Award, including the Restricted Stock itself and any rights and interests therein, will be forfeited by the Participant.

7.8. **Consequences of Vesting.** Upon the vesting of a share of Restricted Stock pursuant to the terms of the Plan and the applicable Award Agreement, the restrictions as provided by the Administrator will cease to apply to such share. Reasonably promptly after a share of Restricted Stock vests, the Company will cause to be delivered to the Participant to whom such shares were granted, a certificate evidencing such share, free of the legend referenced with respect to such restriction. Notwithstanding the foregoing, such share still may be subject to restrictions on transfer as a result of applicable securities laws or otherwise pursuant to this Plan.

8. **UNRESTRICTED STOCK AWARDS.** The Administrator may, in its sole discretion, award Unrestricted Stock to any Participant as a Stock Bonus or otherwise pursuant to which such Participant may receive shares of Stock free of restrictions or limitations that would otherwise be applied under Section 7 of this Plan.

9. STOCK APPRECIATION RIGHTS.

9.1. Awards of SARs. A SAR is an award to receive a number of Shares (which may consist of Restricted Stock), or cash, or Shares and cash, as determined by the Administrator in accordance with this Plan. A SAR will be awarded pursuant to an Award Agreement that will be in such form (which need not be the same for each Participant) as the Administrator will from time to time approve, and will comply with and be subject to the terms and conditions of this Plan. A SAR may vary from Participant to Participant and between groups of Participants, and may be based upon performance objectives as provided for in this Plan.

9.2. Exercise Price. The exercise price per share of an SAR will be determined by the Administrator at the time of grant, but will in no event be less than the Fair Market Value of a share of Company Stock on the date of grant.

9.3. Term. The term of a SAR will be set forth in the Award Agreement as determined by the Administrator.

9.4. Exercise. A Participant desiring to exercise a SAR will give written notice of such exercise to the Company no less than one nor more than ten business days in advance of the effective date of the proposed exercise. Such notice will specify the number of S with respect to which the SAR is being exercised, and the proposed effective date of the proposed exercise, which notice will state the proportion of Shares and cash that the Participant desires to receive pursuant to the SAR exercised, subject to the discretion of the Administrator, and will be signed by the Participant.. Upon receipt of the notice from the Participant, subject to the Administrator's election to pay cash as provided below, the Company will deliver to the person entitled thereto (i) a certificate or certificates for Shares and/or (ii) a cash payment, in accordance with Section 9.5. The later of the date the Company receives written notice of such exercise or the proposed effective date set forth in the written notice hereunder is referred to in this Section as the exercise date.

9.5. Number of Shares or Amount of Cash. Subject to the discretion of the Administrator to substitute cash for Shares, or some portion of the Shares for cash, the amount of Shares that may be issued pursuant to the exercise of a SAR will be determined by dividing: (i) the total number of Shares as to which the SAR is exercised, multiplied by the amount by which the Fair Market Value of the Shares on the exercise date exceeds the Fair Market Value of a Share on the date of grant of the SAR, by (ii) the Fair Market Value of a Share on the exercise date; provided, however, that fractional Shares will not be issued and in lieu thereof, a cash adjustment will be paid. In lieu of issuing Shares upon the exercise of a SAR, the Administrator in its sole discretion may elect to pay the cash equivalent of the Fair Market Value of the Shares on the exercise date for any or all of the Shares that would otherwise be issuable upon exercise of the SAR.

9.6. Effect of Exercise. A partial exercise of an SAR will not affect the right to exercise the remaining SAR from time to time in accordance with this Plan and the applicable Award Agreement with respect to the remaining shares subject to the SAR.

9.7. Forfeiture. Except as otherwise determined by the Administrator at the time of the grant of the Award or thereafter, upon failure to affirmatively accept the grant of a SAR by execution of an Award Agreement, or an event of forfeiture pursuant to the Award Agreement including failure to satisfy any restriction period or a performance objective, any SAR that has not vested prior to the date of termination will automatically expire, and all of the rights, title and interest of the Participant thereunder will be forfeited in their entirety; provided, however that the Administrator may provide in any Award Agreement that restrictions or forfeiture conditions relating to the SAR will be waived in whole or in part

Table of Contents

in the event of termination resulting from specified causes, and the Administrator may in other cases waive in whole or in part restrictions or forfeiture conditions relating to the SAR..

9.8. Effect of Termination of Employment. Notwithstanding the foregoing, the provisions set forth in Section 6.2.7 with respect to the exercise of Options following termination of employment will apply as well to such exercise of SARs.

9.9. Transferability. During the lifetime of a Participant each SAR granted to a Participant will be exercisable only by the Participant and no SAR will be assignable or transferable otherwise than by will or by the laws of descent and distribution. In no event may a SAR be transferred for consideration. Notwithstanding the foregoing, to the extent permissible, SARs may be transferred to a Participant's former spouse pursuant to a property settlement made part of an agreement or court order incident to the divorce.

10. PAYMENT FOR SHARE PURCHASES.

10.1. Payment. Payment for Shares purchased pursuant to this Plan may be made in cash (by check) or, where expressly approved for the Participant at the sole discretion of the Administrator and where permitted by law as follows:

10.1.1. Cancellation of Indebtedness. By cancellation of indebtedness of the Company to the Participant.

10.1.2. Surrender of Shares. By surrender of shares of Stock of the Company that have been owned by the Participant for more than six (6) months or lesser period if the surrender of Shares is otherwise exempt from Section 16 of the Exchange Act and, if such shares were purchased from the Company by use of a promissory note, such note has been fully paid with respect to such shares.

10.1.3. Deemed Net-Stock Exercise. By forfeiture of Shares equal to the value of the exercise price pursuant to a deemed net-stock exercise by requiring the Participant to accept that number of Shares determined in accordance with the following formula, rounded down to the nearest whole integer:

where:

a = net Shares to be issued to Participant

b = number of Awards being exercised

c = Fair Market Value of a Share

d = Exercise price of the Awards

10.1.4. Broker-Assisted. By delivering a properly executed exercise notice to the Company together with a copy of irrevocable instructions to a broker to deliver promptly to the Company the amount of sale or loan proceeds necessary to pay the exercise price and the amount of any required tax or other withholding obligations.

Table of Contents

10.1.5 Combination of Methods. By any combination of the foregoing methods of payment or any other consideration or method of payment as will be permitted by applicable corporate law.

11. WITHHOLDING TAXES

11.1. Withholding Generally. Whenever Shares are to be issued in satisfaction of Awards granted under this Plan or Shares are forfeited pursuant to a deemed net-stock exercise, the Company may require the Participant to remit to the Company an amount sufficient to satisfy federal, state and local taxes and FICA withholding requirements prior to the delivery of any certificate or certificates for such Shares. When, under applicable tax laws, a Participant incurs tax liability in connection with the exercise or vesting of any Award, the Company will have the right to require such Participant or such other person to pay by cash, or check payable to the Company, the amount of any such withholding with respect to such transactions. Any such payment must be made promptly when the amount of such obligation becomes determinable.

11.2. Stock for Withholding. To the extent permissible under applicable tax, securities and other laws, the Administrator may, in its sole discretion and upon such terms and conditions as it may deem appropriate, permit a Participant to satisfy his or her obligation to pay any such withholding tax, in whole or in part, with Stock up to an amount not greater than the Company's minimum statutory withholding rate for federal and state tax purposes, including payroll taxes. The Administrator may exercise its discretion, by (i) directing the Company to apply shares of Stock to which the Participant is entitled as a result of the exercise of an Award, or (ii) delivering to the Company Shares of Stock owned by the Participant for more than six (6) months, unless the delivery of the Shares is otherwise exempt from Section 16 of the Exchange Act. A Participant who has made an election pursuant to this Section 11.2 may satisfy his or her withholding obligation only with shares of Stock that are not subject to any repurchase, forfeiture, unfulfilled vesting or other similar requirements. The shares of Stock so applied or delivered for the withholding obligation will be valued at their Fair Market Value as of the date of measurement of the amount of income subject to withholding.

12. PROVISIONS APPLICABLE TO AWARDS

12.1. Acceleration. The Administrator may, in its absolute discretion, without amendment to the Plan, (i) accelerate the date on which any Award granted under the Plan becomes exercisable, (ii) waive or amend the operation of Plan provisions respecting exercise after termination of service or otherwise adjust any of the terms of such Award and (iii) accelerate the Vesting Date, or waive any condition imposed hereunder, with respect to any share of Restricted Stock or otherwise adjust any of the terms applicable to such share.

12.2. Compliance with Section 162(m) of the Code. Notwithstanding any provision of this Plan to the contrary, if the Administrator determines that compliance with Section 162(m) of the Code is required or desired, all Awards granted under this Plan to Named Executive Officers will comply with the requirements of Section 162(m) of the Code. In addition, in the event that changes are made to Section 162(m) of the Code to permit greater flexibility with respect to any Award or Awards under this Plan, the Administrator may make any adjustments it deems appropriate.

12.3. Performance Goals. In order to preserve the deductibility of an Award under Section 162(m) of the Code, the Administrator may determine that any Award granted pursuant to this Plan to a Participant that is or is expected to become a Covered Employee will be determined solely on the basis of

Table of Contents

(a) the achievement by the Company or Subsidiary of a specified target return, or target growth in return, on equity or assets, (b) the Company's stock price, (c) the Company's total shareholder return (stock price appreciation plus reinvested dividends) relative to a defined comparison group or target over a specific performance period, (d) the achievement by the Company or a Parent or Subsidiary, or a business unit of any such entity, of a specified target, or target growth in, net income, earnings per share, earnings before income and taxes, and earnings before income, taxes, depreciation and amortization, or (e) any combination of the goals set forth in (a) through (d) above, and will be subject to any additional limitations set forth in Section 162(m) of the Code (including any amendment to Section 162(m) of the Code) or any regulations or rulings issued thereunder that are requirements for qualification as qualified performance-based compensation as described in Section 162(m)(4)(C) of the Code, and the Plan will be deemed amended to the extent deemed necessary by the Administrator to conform to such requirements. If an Award is made on such basis, the Administrator will establish goals prior to the beginning of the period for which such performance goal relates (or such later date as may be permitted under Section 162(m) of the Code or the regulations thereunder but not later than 90 days after commencement of the period of services to which the performance goal relates), and the Administrator has the right for any reason to reduce (but not increase) the Award, notwithstanding the achievement of a specified goal. Any payment of an Award granted with performance goals will be conditioned on the written certification of the Administrator in each case that the performance goals and any other material conditions were satisfied.

In addition, to the extent that Section 409A is applicable, (i) performance-based compensation will also be contingent on the satisfaction of preestablished organizational or individual performance criteria relating to a performance period of at least twelve (12) consecutive months in which the Eligible Participant performs services and (ii) performance goals will be established not later than 90 days after the beginning of any performance period to which the performance goal relates, provided that the outcome is substantially uncertain at the time the criteria are established.

12.4. Compliance with Section 409A of the Code. Notwithstanding any provision of this Plan to the contrary, if any provision of this Plan or an Award Agreement contravenes any regulations or Treasury guidance promulgated under Section 409A of the Code or could cause an Award to be subject to the interest and penalties under Section 409A of the Code, such provision of this Plan or any Award Agreement will be modified to maintain, to the maximum extent practicable, the original intent of the applicable provision without violating the provisions of Section 409A of the Code. In addition, in the event that changes are made to Section 409A of the Code to permit greater flexibility with respect to any Award under this Plan, the Administrator may make any adjustments it deems appropriate.

12.5. Section 280G of the Code. Notwithstanding any other provision of this Plan to the contrary, unless expressly provided otherwise in the Award Agreement, if the right to receive or benefit from an Award under this Plan, either alone or together with payments that a Participant has a right to receive from the Company, would constitute a parachute payment (as defined in Section 280G of the Code), all such payments will be reduced to the largest amount that will result in no portion being subject to the excise tax imposed by Section 4999 of the Code.

12.6. Cancellation of Awards. In the event a Participant's Continuous Services has been terminated for Cause, he or she will immediately forfeit all rights to any and all Awards outstanding. The determination by the Board that termination was for Cause will be final and conclusive. In making its determination, the Board will give the Participant an opportunity to appear and be heard at a hearing before the full Board and present evidence on the Participant's behalf. Should any provision to this Section be held to be invalid or illegal, such illegality will not invalidate the whole of this Section, but rather this Plan will be construed as if it did not contain the illegal part or narrowed to permit its enforcement, and the rights and obligations of the parties will be construed and enforced accordingly.

Table of Contents

13. **PRIVILEGES OF STOCK OWNERSHIP.** No Participant will have any of the rights of a stockholder with respect to any Shares until the Shares are issued to the Participant. After Shares are issued to the Participant, the Participant will be a stockholder and have all the rights of a stockholder with respect to such Shares, including the right to vote and receive all dividends or other distributions made or paid with respect to such Shares; provided, that if such Shares are Restricted Stock, then any new, additional or different securities the Participant may become entitled to receive with respect to such Shares by virtue of a stock dividend, stock split or any other change in the corporate or capital structure of the Company will be subject to the same restrictions as the Restricted Stock. The Company will issue (or cause to be issued) such stock certificate promptly upon exercise of the Award. No adjustment will be made for a dividend or other right for which the record date is prior to the date the stock certificate is issued.

14. **RESTRICTION ON SHARES.** At the discretion of the Administrator, the Company may reserve to itself and/or its assignee(s) in the Award Agreement that the Participant not dispose of the Shares for a specified period of time, or that the Shares are subject to a right of first refusal or a right to repurchase at the Shares Fair Market Value at the time of sale. The terms and conditions of any such rights or other restrictions will be set forth in the Award Agreement evidencing the Award.

15. **CERTIFICATES.** All certificates for Shares or other securities delivered under this Plan will be subject to such stock transfer orders, legends and other restrictions as the Administrator may deem necessary or advisable, including restrictions under any applicable federal, state or foreign securities law, or any rules, regulations and other requirements of the SEC or any stock exchange or automated quotation system upon which the Shares may be listed or quoted.

17. **SECURITIES LAW AND OTHER REGULATORY COMPLIANCE.**

17.1. **Compliance With Applicable Laws.** An Award will not be effective unless such Award is in compliance with all applicable federal and state securities laws, rules and regulations of any governmental body, and the requirements of any stock exchange or automated quotation system upon which the Shares may then be listed or quoted, as they are in effect on the Grant Date and also on the date of exercise or other issuance. Notwithstanding any other provision in this Plan, the Company will have no obligation to issue or deliver certificates for Shares under this Plan prior to (i) obtaining any approvals from governmental agencies that the Company determines are necessary or advisable; and/or (ii) completion of any registration or other qualification of such Shares under any state or federal laws or rulings of any governmental body that the Company determines to be necessary or advisable. To the extent that any provision of the Plan or action by the Board or the Administrator does not comply with the requirements of Rule 16b-3, it will be deemed inoperative to the extent permitted by law and deemed advisable by the Board or the Administrator, and will not affect the validity of the Plan. In the event that Rule 16b-3 is revised or replaced, the Board or the Administrator may exercise its discretion to modify this Plan in any respect necessary to satisfy the requirements of, or to take advantage of any features of, the revised exemption or its replacement.

18. **NO OBLIGATION TO EMPLOY.** Nothing in this Plan or any Award granted under this Plan will confer or be deemed to confer on any Participant any right to continue in the employ of, or to continue any other relationship with, the Company or to limit in any way the right of the Company to terminate such Participant's employment or other relationship at any time, with or without cause.

19. **ADJUSTMENT FOR CHANGES IN CAPITALIZATION.** The existence of outstanding Awards will not affect the Company's right to effect adjustments, recapitalizations, reorganizations or other changes in its or any other corporation's capital structure or business, any merger or consolidation, any issuance of bonds, debentures, preferred or prior preference stock ahead of or affecting the Stock, the dissolution or liquidation of the Company's or any other corporation's assets or business or any other corporate act whether similar to the events described above or otherwise.

20. **DISSOLUTION, LIQUIDATION, MERGER.**

20.1. **Company Not the Survivor.** In the event of a dissolution or liquidation of the Company, a merger, consolidation, combination or reorganization in which the Company is not the surviving corporation, or a sale of substantially all of the assets of the Company (as determined in the sole discretion of the Board), the Administrator, in its absolute discretion, may cancel each outstanding Award upon payment in cash or stock, or combination thereof, as determined by the Board, to the Participant of the amount by which any cash and the fair market value of any other property which the Participant would have received as consideration for the Shares covered by the Award if the Award had been exercised before such liquidation, dissolution, merger, consolidation, combination, reorganization or sale exceeds the Exercise Price of the Award or negotiate to have such option assumed by the surviving corporation. In addition to the foregoing, in the event of a dissolution or liquidation of the Company, or a merger, consolidation, combination, or reorganization in which the Company is not the surviving corporation, or a sale or transfer of all or substantially all of the Company's assets, the Administrator, in its absolute discretion, may accelerate the time within which each outstanding Award may be exercised, provided however, that the Change of Control in Section 21 will control with respect to acceleration in vesting in the event of a merger, consolidation, combination or reorganization that results in a change of control as so defined.

20.2. **Company is the Survivor.** In the event of a merger, consolidation, combination or reorganization in which the Company is the surviving corporation, the Board will determine the appropriate adjustment of the number and kind of securities with respect to which outstanding Awards may be exercised, and the exercise price at which outstanding Awards may be exercised. 22. **DEFERRAL OF AWARDS.** The Administrator may permit or require the deferral of payment or settlement of any Stock Award subject to such rules and procedures as it may establish. Payment or settlement of Options or SARs may not be deferred unless such deferral would not cause the provisions of Section 409A of the Code to be violated.

23. **NOTIFICATION OF ELECTION UNDER SECTION 83(b) OF THE CODE.** If any Participant will, in connection with the acquisition of shares of Company Stock under the Plan, make the election permitted under Section 83(b) of the Code (i.e., an election to include in gross income in the year of transfer the amounts specified in Section 83(b)), such Participant will notify the Company of such election within ten days of filing notice of the election with the Internal Revenue Service, in addition to any filing and notification required pursuant to regulations issued under the authority of Code Section 83(b).

Further, the Board may, in its discretion, determine that any amendment should be effective only if approved by the Stockholders even if such approval is not expressly required by this Plan or by law. No Awards will be made after the termination of the Plan. At any time and from time to time, the Administrator may amend or modify any outstanding Award or Award Agreement without approval of the Participant; provided, however, that no amendment or modification of any Award will adversely affect any outstanding Award without the written consent of the Participant; provided further, however, that the original term of any Award may not be extended unless it would not cause the provisions of Section 409A to be violated. No termination, amendment, or modification of the Plan will adversely affect any Award previously granted under the Plan, without the written consent of the Participant. Notwithstanding any provision herein to the contrary, the Administrator will have broad authority to amend this Plan or any outstanding Award under this Plan without approval of the Participant to the extent necessary or desirable (i) to comply with, or take into account changes in, applicable tax laws, securities laws, accounting rules and other applicable laws, rules and regulations, or (ii) to ensure that an Award is not subject to interest and penalties under Section 409A of the Code or the excise tax imposed by Section 4999 of the Code.

25. **TRANSFERS UPON DEATH; NONASSIGNABILITY.** Upon the death of a Participant outstanding Awards granted to such Participant including Options, Stock and SARs may be transferred and exercised only by the executor or administrator of the Participant's estate or by a person who will have acquired the right to such exercise by will or by the laws of descent and distribution in accordance

Except as otherwise provided, no Award or interest in it may be transferred, assigned, pledged or hypothecated by the Participant, whether by operation of law or otherwise, or be made subject to execution, attachment or similar process.

26. **FAILURE TO COMPLY.** In addition to the remedies of the Company elsewhere provided for herein, failure by a Participant (or beneficiary) to comply with any of the terms and conditions of the Plan or the applicable Award Agreement, unless such failure is remedied by such Participant (or beneficiary) within ten days after notice of such failure by the Administrator, will be grounds for the cancellation and forfeiture of such Award, in whole or in part, as the Administrator, in its sole discretion, may determine.

27. **GOVERNING LAW.** Except to the extent preempted by any applicable federal law, This Plan and the rights of all persons under this Plan will be construed in accordance with and under applicable provisions of the laws of the State of Delaware, without reference to the principles of conflicts of laws thereunder.

28. **MISCELLANEOUS.** Except as specifically provided in a retirement or other benefit plan of the company or a related entity, awards will not be deemed compensation for purposes of computing benefits or contributions under any retirement plan of the company or a related entity, and will not affect any benefits under any other benefit plan of any kind or any benefit plan subsequently instituted under which the availability or amount of benefits is related to level of compensation.
