The annual meeting will be held in Dallas, Texas at the Park City Club, 5956 Sherry Lane, Suite 1700, on Thursday, May 17, 2007, at 9:00 a.m. local time.

Matters to be Considered

At the annual meeting, you will be asked to consider and vote upon the following proposals:

Proposal One Election of seven directors to serve until the next annual meeting or until their respective successors are duly elected and qualified; and

Proposal Two Ratification of the selection of Ernst & Young LLP as our independent auditors for fiscal year 2007.

Record Date and Voting

Only stockholders of record on March 19, 2007 are entitled to vote at the annual meeting. On March 19, 2007, we had 38,883,709 shares of common stock issued and outstanding. Each stockholder will be entitled to one vote, in person or by proxy, for each share of common stock held in his or her name. A majority of our shares of common stock must be present, either in person or by proxy, to constitute a quorum for action at the meeting. Abstentions and broker nonvotes are counted for purposes of determining a quorum. Abstentions are counted in tabulating the votes cast on any proposal, but are not counted as votes either for or against a proposal. Broker nonvotes are not counted as votes cast for purposes of determining whether a proposal has been approved.

Vote Required

The following is the required vote necessary to approve each of the proposals:

Proposal One Election of Directors the election of directors is determined by plurality vote; and

Proposal Two Ratification of Ernst & Young LLP the affirmative vote of holders of a majority of the voting power of the shares actually voted at the annual meeting is required to ratify Ernst & Young LLP as our independent auditors for fiscal year 2007.

Proxy Solicitation, Revocation, and Expense

The accompanying proxy is being solicited on behalf of the board of directors. Your shares will be voted at the annual meeting as you direct in the enclosed proxy or through the Internet, provided that it is completed, signed, and returned to us prior to the annual meeting. No proxy can vote for more than seven nominees for director. If you return a proxy but fail to indicate how you wish your shares to be voted, then your shares will be voted in favor of each of the nominees for director.

After you sign and return your proxy, you may revoke it prior to the meeting either by (i) filing a written notice of revocation at our corporate headquarters, (ii) attending the annual meeting and voting your shares in person, or (iii) delivering to us another duly executed proxy that is dated after the initial proxy.

We will bear the expense of preparing, printing, and mailing the proxy solicitation material and the proxy. In addition to use of the mail, we may solicit proxies by personal interview or telephone by our directors, officers, and employees. We may also engage the services of a proxy solicitation firm to assist us in the solicitation of proxies. We estimate that the fee of any such firm will not exceed \$10,000 plus reimbursement of reasonable out-of-pocket expenses. Arrangements may also be made with brokerage houses and other custodians, nominees, and fiduciaries for the forwarding of solicitation material to record stockholders, and we may reimburse them for their reasonable out-of-pocket expenses.

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

Corporate Governance Guidelines

Our board of directors has adopted a number of corporate governance guidelines, including the following:

Independence Standards, which determine the independence of our non-employee directors. These standards are consistent with the independence standards set forth in Rule 303A.02(b) of the New York Stock Exchange Listed Company Manual. The Independence Standards are included as an exhibit to our Audit Committee Charter.

Corporate Governance Guidelines, which include, among other things:

annual submission of independent auditors to stockholders for approval;

formation of a Nominating and Governance Committee to be comprised solely of independent directors;

prohibition of stock option re-pricing;

formalization of the ability of independent directors to retain outside advisors;

performance of periodic formal board evaluation; and

limitation on the number of additional public company boards on which a director may serve to a maximum of four.

A copy of our Corporate Governance Guidelines may be found on our Website, www.tylertech.com.

An Audit Committee Charter, which requires, among other things, that the committee be comprised solely of independent directors (as set forth in the Independence Standards), at least one of who will qualify as an audit committee financial expert as set forth in Item 401(h) of the SEC's Regulation S-K. A copy of our Audit Committee Charter may be found on our Website, www.tylertech.com.

A Compensation Committee Charter, which requires, among other things, that the committee be comprised solely of independent directors and sets forth the guidelines for determining executive compensation. A copy of our Compensation Committee Charter may be found on our Website, www.tylertech.com.

A Nominating and Governance Committee Charter, which requires, among other things, that the committee be comprised of at least three independent directors who are responsible for recommending candidates for election to the board of directors. A copy of our Nominating and Governance Committee Charter may be found on our Website, www.tylertech.com.

Code of Business Conduct and Ethics

Our board of directors has adopted a Code of Business Conduct and Ethics, which applies to all of our directors, executive officers (including, without limitation, the chief executive officer, chief financial officer, principal accounting officer, and controller), and employees. The purpose of the Code of Business Conduct and Ethics is to promote:

honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;

full, fair, accurate, timely, and understandable disclosure in our public communications and reports filed with the SEC;

compliance with applicable governmental laws, rules, and regulations;

prompt internal reporting of violations of the policy to the appropriate persons designated therein, including anonymous whistleblower provisions; and

accountability for adherence to the policy.

Table of Contents

A copy of our Code of Business Conduct and Ethics may be found on our Website, www.tylertech.com, or will be furnished, without charge, upon written request at our principal executive offices. Any future amendments or waivers related to our Code of Business Conduct and Ethics will be promptly posted on our Website.

Board Independence

Our board of directors has determined, after considering all of the relevant facts and circumstances, that each of the non-employee directors standing for re-election as director (Messrs. Brattain, King, Reeves, and Richards) has no material relationship with us (either directly or as a partner, shareholder, or officer of an organization that has a relationship with us) and is independent within the meaning of the New York Stock Exchange director independence standards, as currently in effect and as may be changed from time to time. As a result, if each of the nominees for director is elected at the annual meeting, our board of directors will be comprised of a majority of independent directors as required by the New York Stock Exchange. Furthermore, our board of directors has determined that each of the members of the Audit Committee, Compensation Committee, and Nominating and Governance Committee has no material relationship with us (either directly or as a partner, shareholder, or officer of an organization that has a relationship with us) and is independent within the meaning of our director independence standards.

Committees and Meetings of the Board of Directors

The board met five times during 2006. Each board member participated in at least 75% of all board and committee meetings held during the portion of 2006 that he served as a director and/or committee member. In addition, our board of directors has established a policy under which our non-management members will meet at regularly scheduled (and in any event at least twice per fiscal year) executive sessions without management present and with Mr. G. Stuart Reeves presiding over such meetings. During 2006, the standing committees of our board of directors were the Audit Committee, Compensation Committee, Executive Committee, and Nominating and Governance Committee.

Audit Committee. During 2006, the Audit Committee was comprised of Donald R. Brattain (Chairman), J. Luther King, Jr., and G. Stuart Reeves, each of whom is independent as defined above. The Audit Committee's duties include:

considering the independence of our independent auditors before we engage them;

reviewing with the independent auditors the fee, scope, and timing of the audit;

reviewing the completed audit with the independent auditors regarding any significant accounting adjustments, recommendations for improving internal controls, appropriateness of accounting policies, appropriateness of accounting and disclosure decisions with respect to significant unusual transactions or material obligations, and significant findings during the audit;

reviewing our financial statements and related regulatory filings with the independent auditors; and

meeting periodically with management to discuss internal accounting and financial controls.

The Audit Committee met five times during 2006.

Compensation Committee. During 2006, the Compensation Committee was comprised of Michael D. Richards (Chairman), J. Luther King, Jr., and G. Stuart Reeves. The Compensation Committee has final authority on all executive compensation and periodically reviews compensation and other benefits paid to or provided for our officers and directors. The Compensation Committee also approves annual salaries and bonuses for officers to ensure that the recommended salaries and bonuses are not unreasonable. The Compensation Committee met once during 2006.

Executive Committee. During 2006, the Executive Committee was comprised of John M. Yeaman (Chairman), John S. Marr, Jr., and Dustin R. Womble. The Executive Committee has the authority to act for the entire board of directors, but may not commit to an expenditure in excess of \$5,000,000 without full board approval. The Executive Committee meets periodically throughout the year.

Table of Contents

Nominating and Governance Committee. During 2006, the Nominating and Governance Committee was comprised of G. Stuart Reeves (Chairman), Donald R. Brattain, and Michael D. Richards. The Nominating and Governance Committee's duties include:

identifying and recommending candidates for election to our board of directors;

periodically reviewing the appropriate skills and characteristics required of board members in the context of the current make-up of our board; and

monitoring adherence to our Corporate Governance Guidelines .

The Nominating and Governance Committee met once during 2006.

Audit Committee Financial Expert

Our board of directors determined that each of Donald R. Brattain and J. Luther King, Jr., current chairman and member of the Audit Committee, respectively, possesses the attributes necessary to qualify as an audit committee financial expert as set forth in Item 401(h) of the SEC's Regulation S-K.

Pre-Approval Policies and Procedures for Audit and Non-Audit Services

The Audit Committee Charter requires that the Audit Committee pre-approve all of the audit and non-audit services performed by our independent auditors. The purpose of these pre-approval procedures is to ensure that the provision of services by our independent auditors does not impair their independence. Each year, the Audit Committee receives fee estimates from our independent auditors for each category of services to be performed by the independent auditors during the upcoming fiscal reporting year. These categories of services include Audit Services, Audit-Related Services, Tax Services, and All Other Services. Upon review of the types of services to be performed and the estimated fees related thereto, the Audit Committee will determine which services and fees should be pre-approved, which pre-approval will be in effect for a period of twelve months. The Audit Committee may periodically review the list of pre-approved services based on subsequent determinations. Unless a type of service to be provided by the independent auditor has received general pre-approval, it will require specific pre-approval by the Audit Committee (or delegated member of the Audit Committee) prior to the performance of such service. Any proposed services exceeding the pre-approved cost levels will also require specific pre-approval by the Audit Committee (or delegated member of the Audit Committee).

Director Nominating Process

The Nominating and Governance Committee is responsible for reviewing and interviewing qualified candidates to serve on our board of directors and to select both independent as well as management nominees for director to be elected by our stockholders at each annual meeting. The Nominating and Governance Committee is comprised solely of independent directors and operates under a Charter for the Nominating and Governance Committee.

Our Corporate Governance Guidelines include the criteria our board of directors believes are important in the selection of director nominees, which includes the following qualifications:

sound personal and professional integrity;

an inquiring and independent mind;

practical wisdom and mature judgment;

broad training and experience at the policy-making level of business, finance and accounting, government, education, or technology;

expertise that is useful to Tyler and complementary to the background and experience of other board members, so that an optimal balance of board members can be achieved and maintained;

willingness to devote the required time to carrying out the duties and responsibilities of board membership;

commitment to serve on the board for several years to develop knowledge about our business;

Table of Contents

willingness to represent the best interests of all stockholders and objectively appraise management performance; and

involvement only in activities or interests that do not conflict with the director's responsibilities to Tyler or our stockholders.

The Nominating and Governance Committee may, in the exercise of its discretion, actively solicit nominee candidates; however, nominee recommendations submitted by other directors or stockholders will also be considered as described below.

The Nominating and Governance Committee will consider qualified nominees recommended by stockholders who may submit recommendations to the committee in care of our Corporate Secretary at our corporate headquarters, 5949 Sherry Lane, Suite 1400, Dallas, Texas 75225. To be considered by the Nominating and Governance Committee, stockholder nominations must be submitted in accordance with our bylaws and must be accompanied by a description of the qualifications of the proposed candidate and a written statement from the proposed candidate that he or she is willing to be nominated and desires to serve, if elected. Nominees for director who are recommended by our stockholders will be evaluated in the same manner as any other nominee for director.

Nominations by stockholders may also be made at an annual meeting of stockholders in the manner provided in our bylaws. Our bylaws require that a stockholder entitled to vote for the election of directors may make nominations of persons for election to our board at a meeting of stockholders by complying with required notice procedures. Nominations must be received at our corporate headquarters not less than 75 days or more than 85 days before any annual meeting of stockholders. If, however, notice or prior public disclosure of an annual meeting is given or made less than 75 days before the date of the annual meeting, the notice must be received no later than the 10th day following the date of mailing of the notice of annual meeting or the date of public disclosure of the date of the annual meeting, whichever is earlier. The notice must specify the following:

as to each person the stockholder proposes to nominate for election or re-election as a director:

the name, age, business address, and residence address of the person;

the principal occupation or employment of the person;

the class and number of shares of our capital stock that are beneficially owned by the person; and

Communications with Our Board of Directors

Any stockholder or interested party who wishes to communicate with our board of directors or any specific directors, including non-management directors may write to:

Board of Directors
Tyler Technologies, Inc.
5949 Sherry Lane, Suite 1400
Dallas, Texas 75225

Depending on the subject matter, management will:

forward the communication to the director or directors to whom it is addressed (for example, if the communication received deals with our whistleblower policy found on our Website, www.tylertech.com, including questions, concerns, or complaints regarding accounting, internal accounting controls, and auditing matters, it will be forwarded by management to the Chairman of the Audit Committee for review);

attempt to handle the inquiry directly (for example, if the communication is a request for information about us or our operations or it is a stock-related matter that does not appear to require direct attention by our board of directors); or

not forward the communication if it is primarily commercial in nature or if it relates to an improper or irrelevant topic.

At each meeting of our board of directors, our Chairman will present a summary of all communications received since the last meeting of the board of directors that were not forwarded and will make those communications available to any director on request.

Director Attendance at Annual Meetings

Directors are not required to attend our annual meetings of stockholders. However, our board of directors typically holds a meeting immediately following the annual meeting of stockholders. Therefore, in most cases, all of our directors will be present at the annual meeting. All of our directors were present at the 2006 annual meeting of stockholders.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act requires that our directors, executive officers, and 10% or more stockholders file with the SEC and New York Stock Exchange initial reports of ownership and reports of changes in ownership of our common stock. These persons are required to furnish us with copies of all Section 16(a) reports they file with the SEC. To our knowledge, based solely upon (i) our review of the copies of the forms we received during 2006 and (ii) written representations from our directors and executive officers we believe that all of our directors, officers, and 10% or more stockholders complied with all Section 16(a) filing requirements during 2006 except for two stock trades and one stock option grant subsequently reported on Form 4 and Form 5. Dustin R. Womble inadvertently did not file a Form 4 in a timely manner with respect to a purchase of our common stock pursuant to the terms of the Tyler Technologies, Inc. Employee Stock Purchase Plan and did not file a Form 4 in a timely manner with respect to a stock option grant. Brian K. Miller inadvertently did not file a Form 4 in a timely manner with respect to a purchase of our common stock pursuant to the terms of the Tyler Technologies, Inc. Employee Stock Purchase Plan.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The primary objectives of our executive compensation program are to attract and employ outstanding management in order to obtain outstanding results, provide a strong link between annual and long-term cash and stock incentives to the achievement of measurable corporate performance objectives, and to align executive incentives with stockholder value. To attract and retain high-level individuals, we may pay above-median compensation or provide stock ownership and stock option incentives to our executive officers. Our Compensation Committee has the responsibility for final approval for all compensation to our executive officers and directors, including the duty to ensure that compensation paid to executive officers does not exceed reasonable amounts and is based on objective standards. The Compensation Committee approves or disapproves the recommendations of management regarding compensation according to the guidelines set forth below. The specific duties and responsibilities of the Compensation Committee are set forth in the Compensation Committee Charter.

We use a mix of short-term compensation (base salaries and annual cash bonuses) and long-term compensation (stock options) to provide a total compensation structure that is designed to reward outstanding performance and provide cash incentives at or slightly above the median for our industry. From time to time, salaries, bonuses, and other compensation of our executive officers are evaluated by reference to nationwide comparisons. A substantial portion of each of our executive officers' potential total compensation is in the form of bonuses and options. Annual bonuses vary significantly based on our financial results and revenue growth, the achievement of strategic objectives, extraordinary individual achievement, and each individual's contribution toward our performance.

Executive Compensation Components

Our compensation program consists of:

base salary;

annual cash bonus program; and

long-term incentive awards in the form of stock options.

Base Salary

Base salary is established based on each executive officer's experience, skill, knowledge, and responsibilities, referring also to market data. The Compensation Committee approved base salaries for 2006 after considering a number of factors, including:

individual performance of the executive;

internal review of the executive's compensation, both individually and relative to other officers;

the base salary of each executive officer in prior years; and

market data of base salary information.

The Compensation Committee does not assign relative weight or rankings to these factors, but instead makes a subjective determination based upon the consideration of all of these factors. Salary levels are typically considered annually as part of our performance review process as well as upon a promotion or other change in job responsibility.

Table of Contents

Annual Cash Bonus Program

A significant portion of the executive's annual compensation is in the form of a cash bonus. We believe that some portion of the executive's compensation should be contingent upon successful achievement of our corporate objectives. Therefore, 2006 annual cash bonuses for executives are based on the level of attainment of certain corporate objectives recommended by management and approved by the compensation committee.

Awards of annual bonuses are based upon targets and maximum bonus payouts set by the compensation committee and approved by the board of directors at the beginning of each fiscal year. The performance period for cash bonuses is the calendar year, and payouts are made in February and March following the plan year. Target bonus, as a percentage of base salary, is set based on each executive's position within the organization as well as the executive's overall compensation package. In addition, the compensation committee may exercise discretion and take into account individual performance in determining awards.

The named executive officers participate in a bonus plan that is based on actual fully diluted earnings per share (EPS) compared to budgeted fully diluted EPS (EPS Bonus Plan). The EPS Bonus Plan is calculated as a percentage of the executive's base salary, with higher ranked executive officers being compensated at a higher percentage of base salary. Based on the recommendations of management, the compensation committee set target bonus awards for 2006 at 100% of base salary for Mr. Marr and Mr. Womble, and 50% of base salary for Mr. Miller and Mr. Moore. The minimum payout level under the 2006 EPS Bonus Plan was 0% of the target bonus while the maximum payout level was 150% of the target bonus. In addition, 100% of the target bonus was earned if we achieved the approximate EPS issued as earnings guidance to the public at the beginning of the fiscal year. The payout level achieved in 2006 for the EPS Bonus Plan was 115% of the target bonus. In addition, Mr. Marr received a discretionary bonus of \$32,550.

For 2007, based on the recommendations of management, the compensation committee set target bonus awards at 100% of base salary for Mr. Marr and Mr. Womble; and 50% of base salary for Mr. Miller and Mr. Moore. The minimum payout level under the 2007 EPS Bonus Plan is 0% of the target bonus while the maximum payout level is 170% of the target bonus. In addition, 100% of the target bonus is earned if we achieve the approximate EPS issued as earnings guidance to the public at the beginning of the fiscal year.

Stock Options

Stock options are awarded to executive officers to promote long-term success by aligning executive financial interests with the interests of the stockholder, provide an opportunity for increased equity ownership by executives, and maintain competitive levels of compensation. All awards of shares of our stock options are made at or above the market price at the time of the award. Stock option grants are subject to time-based vesting as determined by the Compensation Committee.

Stock option award levels are determined based on executive responsibilities and market data and are approved by the Compensation Committee. Newly hired or promoted executives who are eligible to receive options are awarded such options on the date of hire or promotion.

Other Compensation

Our executive officers previously entered into employment agreements which provide certain benefits and perquisites including severance pay that may be triggered as a result of the termination without cause of the executive officer's employment or by a change in control. All of our executive officers are also eligible for benefits offered to employees generally, including life, health, disability and dental insurance, our 401(K) plan, and our Employee Stock Purchase Plan.

Table of Contents

Tax Consequences of Certain Forms of Compensation

The following is a summary of principal federal income tax consequences of certain transactions under our compensation plan. It does not describe all federal tax consequences of our compensation plan, nor does it describe state and local tax consequences.

Incentive Options

No taxable income is generally realized by the optionee upon the grant or exercise of an incentive option. If shares issued to an optionee pursuant to the exercise of an incentive option are sold or transferred after two years from the date of grant and after one year from the date of exercise, then upon sale of such shares, any amount realized in excess of the incentive option price will be taxed to the optionee as a long-term capital gain, any loss sustained will be a long-term capital loss, and we will not be entitled to any deduction for federal income tax purposes. The exercise of an incentive option will give rise to an item of tax preference that may result in alternative minimum tax liability for the optionee.

If shares acquired upon the exercise of an incentive option are disposed of prior to the expiration of the two-year and one-year holding periods described above, generally the optionee will realize ordinary income in the year of disposition in an amount equal to the excess, if any, of the fair market value of the shares at exercise over the option price and we will be entitled to deduct such amount. Special rules will apply where all or a portion of the exercise price of the stock option is paid by tendering shares.

Non-Qualified Options

We also grant to executives non-qualified stock options that do not qualify for the tax treatment described above. No income is realized by the optionee at the time the option is granted. Generally, at exercise, ordinary income is realized by the optionee in an amount equal to the difference between the option price and the fair market value of the shares on the date of exercise, and we receive a tax deduction for the same amount. At disposition, appreciation or depreciation after the date of exercise is treated as either short-term or long-term capital gain or loss depending on how long the shares have been held. Special rules apply where all or a portion of the exercise price of the non-qualified option is paid by tendering shares. Upon exercise, the optionee will also be subject to Social Security taxes on the excess of the fair market value over the exercise price of the option.

Report of the Compensation Committee

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the board of directors, and the board of directors has approved, that the Compensation Discussion and Analysis be included in this proxy statement.

This report is submitted by the Compensation Committee.

- (2) Represents amounts expended by us during 2006 for grants made to non-employee directors. Such grants provide our directors the opportunity to purchase shares of Tyler common stock at some future date at the fair market value of the stock on the date of grant. The dollar value of the stock option grants is based on the grant date fair value as required by Statement of Financial Accounting Standards (SFAS) No. 123R. In May 2006, our directors were each granted options to purchase 5,000 shares of Tyler common stock at \$10.26 per share. The SFAS No. 123R value for the options granted to our non-employee directors was actuarially determined to be \$5.19 per option share. This value does not represent cash received by our directors in 2006, but potential earnings contingent on the Tyler 's future performance. Stock option grants are designed to provide long-term (up to ten years) incentives and rewards linked directly to the price of our common stock. Stock options add value to the recipient only when shareholders benefit from stock price appreciation and, as such, further align our director 's interest with those of our shareholders.
- (3) Total aggregate shares underlying outstanding stock options as of December 31, 2006 were 30,000.
- (4) Total aggregate shares underlying outstanding stock options as of December 31, 2006 were 30,000.
- (5) Total aggregate shares underlying outstanding stock options as of December 31, 2006 were 140,000.
- (6) Total aggregate shares underlying outstanding stock options as of December 31, 2006 were 40,000.
- (7) Other compensation includes costs associated with spousal travel to a Tyler function.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee assists the board of directors in fulfilling its responsibilities for general oversight of the integrity of our financial statements, our compliance with legal and regulatory requirements, the independent auditors qualifications and independence, the performance of our independent auditors, the effectiveness of our disclosure controls and of our internal controls over financial reporting, and risk assessment and risk management. The Audit Committee manages the relationship with our independent auditors (who report directly to the Audit Committee). The Audit Committee has the authority to obtain advice and assistance from outside legal, accounting, or other advisors as the Audit Committee deems necessary to carry out its duties and to receive appropriate funding, as determined by the Audit Committee, from the company for such advice and assistance.

Management has the primary responsibility for our reporting process, including our systems of internal controls, and for preparing our financial statements. In fulfilling its oversight responsibilities, the Audit Committee reviewed with management the audited financial statements contained in the Annual Report, including a detailed discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of the significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee meets with the independent auditors, with and without management present, to discuss the overall scope and plans for the audits and the results of their examinations. The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, their judgments as to the quality, not just the acceptability, of the accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. The Audit Committee also reviewed managements report on internal controls over financial reporting and the independent accounting firm s related opinions. In addition, the Audit Committee discussed with the independent auditors the auditors independence from management and the company, including the matters in the written disclosures required by the Independence Standards Board, and considered the compatibility of non-audit services with the auditors independence. The Audit Committee met five times during 2006.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the board of directors (and the board approved) that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2006 for filing with the SEC.

This report is submitted by the Audit Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our directors and executive officers seek approval from the board of directors prior to entering into a business arrangement that would be deemed a related party transaction. In addition, we review, on an annual basis, our financial records to ensure all related party transactions are identified, quantified, and adequately disclosed. Also, each director and executive officer must disclose in writing any known related party transactions associated with completion of the annual director and officer questionnaire.

We employ Dane L. Womble, a brother of Dustin R. Womble. Dane L. Womble received \$161,800 in salary and bonus compensation in fiscal year 2006 in exchange for services rendered. In fiscal year 2006, we made \$1.7 million in lease payments for certain office space in Falmouth, Maine that is owned by an entity in which the father and brother of John S. Marr, Jr. have an ownership interest. The lease is at current prevailing fair market rates for the area. John S. Marr, Jr. does not have an interest in the entity that leases property to us.
