REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Ameritrade Holding Corporation
Associates 401(k) Profit Sharing Plan
Omaha, Nebraska

We have audited the accompanying statements of net assets available for benefits of the Ameritrade Holding Corporation Associates 401(k) Profit Sharing Plan (the Plan) as of December 31, 2003 and 2002, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States) and in accordance with generally accepted auditing standards as established by the Auditing Standards Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2003 and 2002, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule listed in the table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2003 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

**NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2003 AND 2002**

1. DESCRIPTION OF PLAN

The following description of the Ameritrade Holding Corporation Associates 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution profit sharing and 401(k) plan covering employees of Ameritrade Holding Corporation and its participating affiliated companies (collectively, the Company) who meet eligibility requirements. The Plan covers employees who are 21 years old or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions - Effective January 1, 2004, participants may contribute up to 75% of their compensation on a salary deferral basis, subject to limitations specified in the Internal Revenue Code. From April 1, 2002 through December 31, 2003, participants' salary deferrals were limited to 50% of their compensation. Prior to April 1, 2002, participants' salary deferrals were limited to 15% of their compensation. Participants direct the investment of all contributions into various options offered by the Plan. In addition, participants may transfer fund balances between the various fund options, including Company Common Stock and self-directed brokerage accounts. The Company makes contributions to the Plan at its discretion.

Participant Accounts - Each participant account is credited with the participant contributions, the Company discretionary contribution (if any), an allocation of forfeitures (if applicable) and an allocation of the Plan's earnings (or losses), and charged with an allocation of administrative fees, provided however, that effective December 1, 2002, forfeitures are first used to pay administrative fees and any excess fees are then charged to participant accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Prior to January 1, 2004, Company contributions and earnings (losses) thereon vested 20% after the second year of continuous service and vested an additional 20% each year, with 100% vesting occurring for all participants after six years of service. Effective January 1, 2004, Company contributions and earnings (losses) thereon vest 20% after the first year of continuous service and vest an additional 20% each year, with 100% vesting occurring for all participants after five years of service. Participants immediately vest in their contributions plus actual earnings (losses) thereon.

Participant Loans - Participants may borrow from their fund accounts the lesser of 50% of their account balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest at prime plus one percent, determined as of the date of the loan. Principal and interest is paid ratably through payroll deductions over a period not to exceed 5 years.

Payment of Benefits - On termination of service, a participant may elect to receive either a lump-sum payment or installment payments.

Table of Contents

Forfeited Accounts - Forfeitures are first used to pay the Plan's administrative expenses and then used to reduce the Company's discretionary contributions. In addition to the discretionary contributions, forfeitures of \$295,612 and \$1,569,909 were allocated to participant accounts for the years ended December 31, 2003 and 2002, respectively. As of December 31, 2003 and 2002, unallocated forfeitures of \$272,158 and \$1,582,759, respectively, were included in investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and market risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Investment Valuation - Investments are valued as follows:

Ameritrade Holding Corporation Common Stock - The Common Stock is stated at fair value as determined by quoted market prices.

Mutual Funds - Mutual funds are stated at fair value as determined by quoted net asset value.

Participant Loans - Loans to participants are carried at the principal amount outstanding, which approximates fair value.

Income Recognition - Security transactions are recorded as of the trade date. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Net appreciation (depreciation) in fair value of investments is determined using the beginning of the year fair value or purchase price if acquired during the year.

Administrative Costs - The Company pays certain administrative costs for the Plan. Only costs paid by the Plan are reflected in the Plan's financial statements.

Payment of Benefits - Benefits are recorded when paid.

Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. PLAN TERMINATION
