PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON OCTOBER 19, 2004

The accompanying proxy is solicited by the Board of Directors of National Presto Industries, Inc. (the Company), for use at the Annual Meeting of Stockholders to be held October 19, 2004 (the Annual Meeting), and any adjournment thereof. When such proxy is properly executed and returned, the shares it represents will be voted at the meeting and at any adjournment thereof. Any stockholder giving a proxy has the power to revoke it at any time before it is voted. Presence at the meeting of a stockholder who has signed a proxy does not alone revoke that proxy; the proxy may be revoked by a later dated proxy or notice to the Secretary at the meeting.

At the Annual Meeting stockholders will be asked to:

- (a) elect two directors for three year terms ending in 2007 and until their successors are elected, and
- (b) transact such other business as may properly come before the meeting.

Only stockholders of record as of the close of business on August 11, 2004, will be entitled to vote at the Annual Meeting. The presence in person or by proxy of holders of a majority of the shares of stock entitled to vote at the Annual Meeting shall constitute a quorum for the transaction of business. Abstentions and proxies submitted by brokers who do not have authority to vote on certain matters will be considered present at the Annual Meeting for purposes of determining a quorum. The approximate date on which this proxy statement and form of proxy were first mailed to stockholders is September 3, 2004.

Directors are elected by a plurality of the votes cast, which means the individuals who receive the largest number of votes will be elected as directors up to the maximum number of directors to be chosen in the election. Therefore, shares voted as withhold authority to vote will have no effect on the election of directors.

The Board of Directors propose as nominees Mr. Richard N. Table of Contents

During 2003 there were three Board of Directors meetings. Each of the Directors attended all of the meetings of the Board of Directors and all meetings of committees on which that director served, with the exception of Mr. Cohen who missed one meeting. The attendance policy for members of the Board of Directors may be reviewed in the corporate governance section of the Company's web site located at www.gopresto.com. Directors of the Company, other than those who are also executive officers, currently receive \$1,000 for each Board meeting and \$275 for each Audit Committee meeting attended. Executive officers are not compensated for services as Board members.

The Company has an Audit Committee consisting of Messrs. O'Meara, Cardozo, and Quinn, each an independent director as defined by the rules of the New York Stock Exchange. See the Audit Committee Report for a description of the functions performed by the Audit Committee. Prior to the Annual Meeting, the Company has not had a Nominating Committee because the nomination process involving all members of the Board has been adequate. The Company will have Nominating/Corporate Governance and Compensation Committees in place by the time of the Annual Meeting. The Company will post charters for the Audit, Nominating/Corporate Governance, and Compensation Committees on the Company's web site located at www.gopresto.com by the date of the Annual Meeting.

Based on its relative size and the scope of its operations, the Company has not appointed an audit committee financial expert as that term is defined in the Securities and Exchange Commission's rules and regulations. It is not believed that there is a need to make such a designation at this time, because the Board of Directors believes that each of the members of the Audit Committee has demonstrated an ability to read and understand fundamental financial statements, including the Company's balance sheets, statement of operations, and statements of cash flow. During 2003, the Audit Committee held three meetings. On May 17, 2000, the Audit Committee Charter was approved by the Board of Directors. The Audit Committee Charter was amended in May 2001 and August 2004, and is included as Appendix A.

The Company's Board of Directors has established a process whereby shareholders may send communications to the Board of Directors, as well as to the presiding director of executive sessions attended by only independent directors. The manner in which shareholders can send communications to the Board is set forth on the Company's web site located at www.gopresto.com in the corporate governance section.

In identifying prospective director candidates, the Nominating/Corporate Governance Committee (herein the Nominating Committee) will consider its personal contacts, recommendations from shareholders, and recommendations from business and professional sources, but does not pay a fee to any third party. The Nominating Committee's policy will be to consider qualified candidates for positions on the Board recommended in writing by shareholders. Shareholders wishing to recommend candidates for Board membership should submit the recommendations in writing to the Secretary of the Company at least ninety (90) days prior to May 17, 2005, with the submitting shareholder's name and address and pertinent information about the proposed nominee similar to that set forth for the nominees named herein. When evaluating the qualifications of potential new Directors, or the continued service of existing Directors, the Nominating Committee will consider a variety of criteria, including the individual's reputation for honesty and integrity; respect from leaders and the general citizenry in the community in which the individual resides; the individual's knowledge of business principles and intellectual capacity to quickly grasp and understand the intricacies of the Company's businesses; attainment of official status with a leading company, agency, educational

Table of Contents

institution, or other form of enterprise; accessibility geographically and otherwise for meetings; specialized skills or expertise; diversity of background; independence; financial expertise; freedom from conflicts of interest; ability to understand the role of a Director; and ability to fully perform the duties of a Director. While candidates recommended by shareholders will generally be considered in the same manner as any other candidate, special consideration will be given to existing Directors desiring to stand for re-election given their history of service and their knowledge of the Company, as well as the Board's knowledge of their level of contribution resulting from such service. Shareholders wishing to recommend for nomination or nominate a director should contact the Company's Secretary for a copy of the relevant procedure for submitting nominations and a full delineation of the criteria considered by the Nominating Committee when evaluating potential new Directors or the continued service of existing Directors.

Audit Committee Report

Members of the Audit Committee are independent as defined by the rules of the New York Stock Exchange and the Board of Directors has determined that no member has a relationship to the Company that may interfere with the exercise of their independence from management of the Company. It is the purpose of the Audit Committee to assist the Board of Directors in fulfilling its oversight responsibilities relating to: (1) the integrity of the Company's financial statements, (2) the Company's compliance with legal and regulatory requirements, (3) the independent auditor's qualifications and independence, and (4) the performance of the Company's internal audit function and independent auditors. Committee members have conducted an open and comprehensive dialogue with the Company's auditors regarding the 2003 year-end audited financial statements and have reviewed and discussed those statements with management.

The Audit Committee members reviewed and ratified the nature and the extent of the services to be provided by Grant Thornton LLP, including services rendered in 2003, the costs and fees for such services, and the effect of such fee arrangements on the independence of the auditors. The Committee has also discussed with the auditors matters related to SAS 61, received written disclosures from the auditors required by ISB Standard No. 1, and discussed with the auditors their independence. As a consequence of its evaluation and review, the Committee recommended to the full Board that the audited financial statements be included in the Company's annual report on Form 10-K for the 2003 calendar year based upon the aforementioned review and discussion.

Pension and Certain Transactions

As of December 31, 2003, the Company terminated its qualified, defined benefit pension plan (the Plan) in which executive officers of the Company participated. All participants, including the executive officers listed above, will receive their accrued benefit under the Plan as of the termination date. The amount of the accrued benefit will vary based on length of service and age.

Certain Relationships and Related Transactions

Melvin S. Cohen, Chairman Emeritus of the Company, was paid \$5,000 per month for consultation services in 2003. During the year, Mr. Cohen was consulted on a variety of matters based upon his executive experience and knowledge of the Company s operations.

Compensation Committee Interlocks and Insider Participation

As described below in the report on executive compensation, members of the Board of Directors determine the compensation of the executive officers of the Company. This includes the compensation of those executive officers who also serve as directors, namely, Maryjo Cohen, Chairperson of the Board, President, and Chief Executive Officer, and James F. Bartl, Executive Vice President and Secretary. Ms. Cohen and Mr. Bartl do not participate in any decisions regarding their own compensation.

Executive officers of the Company, including Ms. Cohen and Mr. Bartl, also serve as directors and executive officers of the Company s subsidiaries.

Board Report on Executive Compensation

Decisions on executive compensation are made by the Board of Directors. There is no separate compensation committee as of this time, but one will be in place by the time of the Annual Meeting. Salaries and bonus compensation are reviewed annually at or near the end of the Company s fiscal year.

Historically the Company has maintained salaries at a level that is considered to be below salaries for executives of comparable companies. This provides a more conservative approach to base compensation if the Company experiences significant adverse operating results that the Board of Directors believes should result in a reduction in total compensation. Salaries historically have been supplemented by amounts characterized as bonus compensation, which is paid in cash as described in the above Summary Compensation Table. The Board considers, however, salaries and bonuses together to determine if total compensation, irrespective of how characterized, is reasonably related to the services provided.

The Company has not relied upon stock incentives as a principal part of its compensation program for its executives. However, the Company has made available stock purchase arrangements for executive officers. The last such arrangement for any of the executive officers named in the foregoing table was in 1997.

The Board believes that the total salary and bonus compensation paid to its executives is appropriate in relationship to the size and nature of the Company s business, total compensation of other executives of similar businesses, the longevity of such officers service with the Company, the limited number of senior executives employed by the Company, and the results that have been achieved by its management group (bonuses are not based upon a percentage or other formula utilizing revenues, income, or other financial

Table of Contents

data or measures of Company performance as predicates). No compensation or other consultant has been retained by the Board to evaluate executive compensation. The Board does consider, however, data generally made available on executive compensation by such organizations.

The Company has utilized the salary and discretionary bonus approach described above for more than 25 years and no change in this compensation approach is currently being considered. Because of their substantial stock ownership, the interests of Ms. Cohen, the Company's senior officer, and Mr. Cohen, Chairman Emeritus, are substantially related to the interests of all stockholders. Mr. Bartl also has material stock interests in relation to his compensation level. Further, stock-based compensation is not deemed by the Board to be necessary or appropriate.

The basis for the compensation of Ms. Cohen as Chairperson of the Board, President and Chief Executive Officer is determined in the same manner as the compensation for the other executive officers. The Board considered, in establishing Ms. Cohen's compensation, her demonstrated competence over many years, the scope of responsibilities assumed, and her expertise in a variety of significant niches within the business. No specific weight was assigned to any of these factors and, as in the case of other executives, no formula is utilized for determining bonus compensation.

Section 162(m) of the Internal Revenue Code imposes an annual deduction limitation of \$1.0 million on the compensation of certain executive officers of publicly held companies. The Board of Directors does not believe that the Section 162(m) limitation will materially affect the Company in the near future based on the level of the compensation of the executive officers. If the limitation would otherwise apply, the Board of Directors could defer payment of a portion of the bonus to remain under the \$ 1.0 million annual deduction limitation.

The Committee does not itself prepare financial statements or perform audits or auditing services, and its members are not auditors, certifiers of the Company's financial statements or guarantors of the Company's independent auditors' reports. It is not the duty or responsibility of the Committee to insure that the Company complies with all laws and regulations. Each member of the Committee shall be entitled to rely on (a) the integrity of those persons and organizations within and outside of the Company from which it receives information, (b) the accuracy of the financial and other information provided to the Committee by such persons or organizations absent actual knowledge to the contrary (which shall be promptly reported to the Board), and (c) representations made by management as to any audit and non-audit services provided by the independent auditors to the Company.
