ITEM 5. INVESTMENTS IN SECURITIES OF NON SYSTEM COMPANIES (continued)

* All investments shown as limited partnerships are limited partnership interests with no voting power. All LLC interests are in manager-managed LLC's in which NiSource is not the manager.

** The interest in the preferred shares are non-voting.

*** Confidential treatment requested.

- (a) The SunPower Corporation was sold on 11/09/04.
- (b) NiSource does not consolidate either general partnership because it does not control either partnership, directly or indirectly and does not have an interest greater than 50%. All interests comprising these partnerships are general partnership interests. For Chicago South Shore & South Bend Railroad Co., there is another general partner who has a 60% general partnership interest. For the Wellingshire Joint Venture, the other general partner owns a 50% general partnership interest.
- (c) Millennium Pipeline Management Company, L.L.C. holds a 1% general partner interest in Millennium Pipeline Company, L.P.
- (d) Broadwing Corporation was formerly Corvis Corp., changed 10/8/04
- (e) In the second quarter of 2004, a NiSource affiliate purchased an additional interest in the Millennium Pipeline Project raising the company's interest in the project above the 50% threshold. NiSource plans to transfer the additional interest to other sponsors in the first half of 2005. As the company's combined interest above the 50% threshold is temporary, NiSource did not consolidate the Millennium Pipeline Project entities.

EXECUTIVE COMPENSATION

OFFICER NOMINATION AND COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Officer Nominating and Compensation Committee's compensation policy is designed to relate total compensation (base salary, annual incentives and long-term stock-based compensation) to corporate performance, while remaining competitive with the compensation practices of competitors in the energy industry and, to a lesser extent, general industry. This policy applies to all

Edgar Filing: NISOURCE INC/DE - Form U5S

of the Named Officers, including the Chief Executive Officer, as of December 31, 2004. The Committee discusses and considers executive compensation matters, then makes recommendations to the full board of directors, which takes the final action on these matters. The board accepted all of the Committee's recommendations in 2004. All decisions involving Chief Executive Officer compensation are made by the Committee based on the Corporate Governance Committee's report on its evaluation of the Chief Executive Officer's performance.

The Committee has engaged Hewitt Associates, an independent compensation consulting firm, to advise it and provide surveys of comparative compensation practices for (1) a group of energy-oriented companies, including gas, electric or combination utility companies, diversified energy companies and companies with gas marketing, transmission and distribution operations and energy services operations, and (2) a diversified group of companies representing general industry. The 2004 executive compensation comparative groups consisted of 35 and 36 companies, respectively, from which data was available to Hewitt and which the Committee believed to be competitors of the Company for executive talent. The comparative compensation groups include most, but not all, of the companies that make up the Dow Jones Utilities Index used in the Stock Price Performance Graph and consist of a larger number of companies than contained in the index. The Committee may change the companies contained within the comparative compensation groups in future years if information about any company included in a group is not available, any companies included in a group are no longer competitors for executive talent, or if the Committee determines that different energy or other types of companies are competitors of the Company. For 2005 compensation, the energy industry comparative group was amended to replace previously included, diversified energy companies with companies whose businesses are more reflective of the Company's current business profile and strategy as a regulated utility that generates its operating income from the sale, distribution, transportation and storage of natural gas and the generation, transmission and distribution of electricity.

The Committee considers the surveys and advice provided by Hewitt in determining each executive's base salary, annual incentives and long-term stock-based compensation. The Committee's philosophy is to set base salaries and performance-based annual incentives between the 50th and 75th percentile of the energy and general industry comparative groups. The annual cash-based compensation is supplemented with restricted or contingent stock awards and option grants under the Long-Term Incentive Plan, again between the 50th and 75th percentile of the comparative groups, to emphasize long-term stock price appreciation and the concomitant increased stockholder value. The mix of compensation allows an executive's annual total compensation to fluctuate according to the Company's financial performance and value delivered to stockholders. In 2004, the target for total compensation of the executive officers was set between the 50th and the 75th percentile of the relevant comparative compensation groups.

In establishing Mr. Neale's base salary for 2004, the Committee reviewed information provided by Hewitt regarding chief executive officer compensation practices of comparable utility and energy companies and general industry. The Committee determined that Mr. Neale's base salary would be set between the 50th and 75th percentile of salaries in the comparative group, giving regard to Mr. Neale's proven abilities and strong performance with the Company since joining it as Executive Vice President and Chief Operating Officer in 1989. As with the other executives, Mr. Neale's annual incentive under the NiSource Corporate Incentive Plan was based on the Company's performance against financial performance targets established by the Committee. The target for Mr. Neale's total compensation was set between the 50th and the 75th percentile of the relevant comparative compensation groups, dependent on the Company's financial performance. As part of his total compensation package, Mr. Neale also received stock options and contingent stock in 2004 under the Company's Long-Term

Edgar Filing: NISOURCE INC/DE - Form U5S

Incentive Plan.

Because the value of the options and contingent stock is a function of the price growth of the Company's stock, the amount Mr. Neale would realize from his options and contingent stock is directly related to increases in stockholder value.

32

ITEM 6. OFFICERS AND DIRECTORS (continued)

The Committee determines annual incentive targets for all executive officers in accordance with the NiSource Corporate Incentive Plan. Annual incentives awarded to each of the Named Officers (including the Chief Executive Officer) are based on overall corporate performance, and to a lesser extent individual performance of the executive. The NiSource Corporate Incentive Plan establishes a trigger amount of financial performance (below which no annual incentive is paid) and a maximum level (above which no additional annual incentive is paid). Additionally, a profit sharing contribution of between 0.5% and 1.5% of an employee's eligible earnings may be made to an employee's account in the Company's Retirement Savings Plan on behalf of all eligible employees, including the executive officers, based on the identical overall corporate financial performance measure.

In 2004, the trigger was based on basic earnings per share from continuing operations (after accounting for the cost of the incentive plan). The range of awards and levels of awards (as a percent of base salary), if the financial performance trigger was achieved, were as follows:

	INCENTIVE AT TRIGGER	INCE M
	-----	-----
Chief Executive Officer.....	40.0%	
President and Executive Vice President, Chief Operating Officer.....	35.0%	
Other Executive Vice Presidents and Senior Vice Presidents.....	32.5%	
Other Vice Presidents.....	20.0% to 25.0%	60.0

For 2004, the Company did not achieve the trigger amount of basic earnings per share from continuing operations necessary to result in payments under the NiSource Corporate Incentive Plan, although basic earnings per share from net income did reach the expected amount. In light of these circumstances, the Committee approved payment of a bonus to the Company's employees and to the executive officers at the minimum amount of each participant's incentive range. The bonus payments were made in February and March 2005. No profit sharing contributions were made to the Company's Retirement Savings Plan accounts.

Under the Long-Term Incentive Plan, the Committee may award stock options, stock appreciation rights, performance units, restricted stock awards, and contingent stock awards. The Committee considers base salaries of the executive officers, prior awards under the Long-Term Incentive Plan, and the Company's total compensation target in establishing long-term incentive awards. For purposes of determining the number of options and/or shares to be granted to reach total target compensation, options granted to executive officers are valued, at the time of the grant, using the Black-Scholes option pricing model, and restricted stock awards and contingent stock awards granted to executive officers are valued using Hewitt's present value pricing model. In 2004, stock

Edgar Filing: NISOURCE INC/DE - Form U5S

options and restricted or contingent stock were awarded to each of the Named Officers, and the number of awards of options and restricted or contingent stock granted to each Named Officer was based on the aforementioned considerations. The actual compensation value of stock options and the restricted and contingent shares will depend on actual stock price appreciation and total stockholder return.

The Committee's compensation policy is designed to ensure that the executives' total compensation packages align with and support the Company's business objectives while also aligning the interests of the executive officers with the interests of its stockholders. In that regard, the Committee believes that compensation packages should emphasize long-term growth and stability, while continuing to provide shorter-term incentives. As such, the Company's long-term stock-based compensation is more focused on grants of restricted stock and contingent stock, with longer vesting and holding periods as compared with stock options.

The target ratio of the value of the contingent or restricted stock awards to option grants for 2004 was approximately 75% to 25%. For 2005 compensation, the Company temporarily varied from the previously mentioned target ratio by providing long-term incentive award value only in the form of stock options that vested immediately and require a minimum one-year holding period prior to exercise. The value of the stock options was determined at approximately 60% of the value that would otherwise have been awarded through a combination of stock options and restricted or contingent stock.

In 2004, grants of restricted and contingent stock under the Long Term Incentive Plan were made pursuant to a Time Accelerated Restricted Stock Award Program ("TARSAP"). Generally under the plan, restrictions with respect to the TARSAP awards lapse six years from the date of the grant: however, if at the

33

ITEM 6. OFFICERS AND DIRECTORS (continued)

end of a three year performance cycle the Company meets both a peer group target (a 60% percentile for relative total stockholder return ranking) and an absolute target (a 12% annualized compound total stockholder return), the restrictions with respect to the awards would lapse on the third anniversary of the grants. The six-year lapse period on awards of contingent stock is reduced on a pro rata basis for an executive if he or she terminates employment, without cause, on or after attaining age 55 with ten years of service, or if he or she dies or becomes disabled to a minimum of three years to the extent that the end of the six-year period would extend beyond age 62. Due to the age-related restrictions within the TARSAP, the restrictions on the 2004 awards for Messrs. Neale and O'Donnell and Ms. Zimmerman would lapse over a period of three years in the event of retirement, disability or death. In the event of a change in control, all restrictions on the awards immediately lapse five business days after the event.

The TARSAP provides a compensation component that encourages stable, long-term growth and aligns the interests of the executives with that of the stockholders. For the three-year performance cycle commencing on January 1, 2004, the peer-group-relative performance target was based on a total stockholder return ranking within the 60th percentile and the absolute target was set at an annualized compound total stockholder return of at least 12%. The peer group for the grants to date under the TARSAP is the same as the energy-oriented comparative group used for measuring overall annual compensation.

Edgar Filing: NISOURCE INC/DE - Form U5S

Section 162(m) of the Internal Revenue Code provides that annual compensation in excess of \$1,000,000 paid to the chief executive officer or any of the other Named Officers, other than compensation meeting the definition of "performance based compensation," will not be deductible by a corporation for federal income tax purposes. Because the portion of total compensation that constitutes stock options is performance-based and certain executives have agreed to limitations on the amount of other types of grants under the Long-Term Incentive Plan which can vest in any year, the Committee does not anticipate that the limits of Section 162(m) will materially affect the deductibility of compensation paid by the Company in 2004. However, the Committee will continue to review the deductibility of compensation under Section 162(m) and related regulations.

The Committee believes that its overall executive compensation program has been successful in providing competitive compensation sufficient to attract and retain highly qualified executives, while at the same time encouraging the executive officers to strive toward the creation additional stockholder value.

- (1) The awards for Messrs. Neale, Skaggs and O'Donnell and Ms. Zimmerman reflected above consist of grants of contingent stock under the Long Term Incentive Plan which were made on January 1, 2004, pursuant to the Company's Time Accelerated Restricted Stock Award Program ("TARSAP"). Restrictions with respect to the TARSAP awards lapse six years from the date of the grant: however, if at the end of a three year performance cycle the Company meets both a peer group target (a 60% percentile for relative total stockholder return ranking) and an absolute target (a 12% annualized compound total stockholder return), the restrictions with respect to the awards will lapse on the third anniversary of the grants. The six-year lapse period is reduced on a pro rata basis for an executive if he or she terminates employment, without cause, on or after attaining age 55 with ten years of service or if he or she dies or becomes disabled to the extent that the end of the six-year period would extend beyond age 62, to a minimum of three years. Due to the age-related restrictions within the TARSAP, the 2004 awards for Messrs. Neale and O'Donnell and Ms. Zimmerman will lapse over a period of three years in the event of retirement, disability or death. In the event of a change in control, all restrictions on the awards immediately lapse five business days after the event.
 - (2) The award for Mr. Miller reflected above consists of a grant of restricted stock under the TARSAP. Restrictions with respect to the award will lapse on December 31, 2009; however, if at the end of the three year performance cycle (that began on January 1, 2004 and will end on December 31, 2006) the Company meets both a peer group target (a 60% percentile for relative total stockholder return ranking) and an absolute target (a 12% annualized compound total stockholder return), the restrictions with respect to the award will lapse on December 31, 2006. Upon the death or disability of the grantee, the grantee will receive a distribution of the restricted stock awarded on a pro rata basis based on a quarterly distribution schedule contained in the restricted stock agreement between the Company and each grantee with respect to each grant.
 - (3) In the case of each of the other Named Officers, the restrictions with respect to both the restricted stock awards and the contingent stock awards will lapse and the Named Officer will be entitled to the underlying stock only to the extent that the value of shares for which the restrictions lapse in any calendar year, when added to other non-performance based compensation for that year, does not exceed \$999,999.

Upon their retirement, regular employees and officers of the Company and its subsidiaries which adopt the plan (including directors who are also full-time officers) will be entitled to a monthly pension in accordance with the provisions of the Company's pension plan, originally effective as of January 1, 1945. The directors who are not and have not been officers of the Company are not included in the pension plan. The pensions are payable out of a trust fund established under the pension plan with The Northern Trust Company, trustee. The trust fund consists of contributions made by the Company and the earnings of the fund. Over a period of years the contributions are intended to result in overall actuarial solvency of the trust fund. The pension plan of the Company has been determined by the Internal Revenue Service to be qualified under Section 401 of the Internal Revenue Code.

The pension plan was amended and restated effective July 1, 2002 to add a "cash balance feature." Participants in the plan as of December 31, 2001 were entitled to elect to remain in the "final average pay feature" of the plan or to begin participating in the new cash balance feature. Participants hired on and after January 1, 2002 automatically participate in the cash balance feature. A

Edgar Filing: NISOURCE INC/DE - Form U5S

participant in the cash balance feature will have a benefit consisting of his or her opening account balance (his or her accrued benefit under the final average pay feature of the plan as of December 31, 2001, if any) plus annual pay and interest credits to his or her cash balance account. Pay credits equal a percentage of compensation based on the participant's combined age and service. Interest is credited to his or her account based on the interest rate on 30-year treasury securities, as determined by the Internal Revenue Service, for the September immediately preceding the

39

first day of each year, but not less than 4%. Upon retirement, termination of employment or death, the participant or his or her beneficiary will receive a benefit that is the equivalent of his or her cash balance account balance. Participants and beneficiaries are entitled to elect to receive payment of this benefit pursuant to various alternatives including a lump sum option.

Pension benefits are determined separately under the final average pay portion of the plan for each participant. The formula for a monthly payment for retirement at age 65 is 1.7% of average monthly compensation multiplied by years of service (to a maximum of 30 years) plus 0.6% of average monthly compensation multiplied by years of service over 30. Average monthly compensation is the average for the 60 consecutive highest-paid months in the employee's last 120 months of service. Covered compensation is defined as wages reported as W-2 earnings (up to a limit set forth in the Internal Revenue Code and adjusted periodically) plus any salary reduction contributions made under the Company's 401(k) plan, minus any portion of a bonus in excess of 50% of base pay and any amounts paid for unused vacation time and vacation days carried forward from prior years. The benefits listed in the Pension Plan table are not subject to any deduction for Social Security or other offset amounts.

The Company also has a Supplemental Executive Retirement Plan which applies to those officers and other employees selected by the board of directors to participate in the plan. Benefits from this plan are to be paid from the general assets of the Company.

For each officer and employee who first participated in the Supplemental Executive Retirement Plan prior to January 23, 2004, the Supplemental Executive Retirement Plan provides a retirement benefit at age 65 of the greater of (i) 60% of five-year average pay (prorated for less than 20 years of service) and an additional 0.5% of 5-year average pay per year for participants with between 20 and 30 years of service, less Primary Social Security Benefits or (ii) the benefit formula under the Company's Pension Plan. In either case, the benefit is reduced by the actual pension payable from the Company's Pension Plan and benefits earned under the Pension Restoration Plan for NiSource Inc. and Affiliates. In addition, the Supplemental Executive Retirement Plan provides certain early retirement and disability benefits and pre-retirement death benefits for the spouse of a participant.

For each officer and employee who first participates in the Supplemental Executive Retirement Plan on and after January 23, 2004, the Supplemental Executive Retirement Plan provides a credit into a notional account as of the last day of each year beginning on or after January 1, 2004 equal to five percent of the officer or employee's compensation. Interest will be credited to the account until distribution upon termination of employment after five or more years of service with the Company and its affiliates. In addition, the Officer Nomination and Compensation Committee, subject to approval of the Board of the Company, may authorize supplemental credits to an officer or employee's account

Edgar Filing: NISOURCE INC/DE - Form U5S

in such amounts and at such times, and subject to such specific terms and provisions, as authorized by the Committee.

Mr. O'Donnell and Mr. Skaggs continue to participate in the Retirement Plan of Columbia Energy Group Companies, a subsidiary of the Company. Mr. O'Donnell has 30 credited years of service and Mr. Skaggs has 24 credited years of service under this plan. The formula for a retiree's monthly retirement benefit at age 65 under the Retirement Plan of Columbia Energy Group is (i) 1.15% of the retiree's final average compensation that does not exceed 1/2 of the average Social Security wage base times years of service up to 30, plus (ii) 1.5% of the retiree's final average compensation in excess of 1/2 of the average Social Security wage base times years of service up to 30, plus (iii) .5% of the retiree's final average compensation times years of service between 30 and 40. As of January 1, 2004, Mr. O'Donnell participates in the Supplemental Executive Retirement Plan, described above, based on his service and compensation with the Company and its affiliates from and after November 1, 2000.

Effective January 1, 2004, the Company assumed sponsorship of the Pension Restoration Plan for Columbia Energy Group, renamed the plan the "Pension Restoration Plan for NiSource Inc. and Affiliates," and broadened the plan to include all employees of the Company and its affiliates whose benefits under the applicable tax-qualified pension plan are limited by sections 415 and 401(a)(17) of the Internal Revenue Code. The Pension Restoration Plan provides for a supplemental retirement benefit equal to the difference between (i) the benefit a participant would have received under the Retirement Plan had such benefit not been limited by section 401(a)(17) of the Internal Revenue Code and reduced by deferrals into the Company's Executive Deferred Compensation Plan, minus (ii) the actual benefit received under the Retirement Plan. Messrs. Neale and Miller and Ms. Zimmerman became participants in the Pension Restoration Plan effective January 1, 2004. Messrs. O'Donnell and Skaggs were participants in the Pension Restoration Plan prior to 2004. Benefits earned under the Pension Restoration Plan are used to offset amounts earned under the Supplemental Executive Retirement Plan.

40

ITEM 6. OFFICERS AND DIRECTORS (continued)

Effective January 1, 2004, the Company assumed sponsorship of the Savings Restoration Plan for Columbia Energy Group, renamed the plan the "Savings Restoration Plan for NiSource Inc. and Affiliates," and broadened the plan to include all key management employees of the Company and its affiliates. The revised Savings Restoration Plan provides for a supplemental benefit equal to the difference between (i) the benefit an employee would have received under the NiSource Inc. Retirement Savings Plan had such benefit not been limited by sections 415 and 401(a)(17) of the Internal Revenue Code and reduced by his deferrals into the Company's Executive Deferred Compensation Plan, minus (ii) the actual benefit he received under the Savings Plan. Messrs. Neale and Miller and Ms. Zimmerman became eligible to participate in the Savings Restoration Plan effective January 1, 2004. Messrs. O'Donnell and Skaggs were participants in the Savings Restoration Plan prior to 2004.

On July 15, 2002, the Company entered into an agreement with Ms. Zimmerman which provides for an additional retirement benefit in the event Ms. Zimmerman's employment with the Company terminates for reasons other than her involuntary termination for good cause. In such event, Ms. Zimmerman's monthly retirement benefit under the Supplemental Executive Retirement Plan will be computed upon the assumption that her first day of service was January 1, 1981 and will be reduced by the amount of her retirement benefit that she receives under the pension plan of her previous employer. On December 3, 1996, the Company's board of directors set March 3, 1974 as Mr. Neale's first day of service for purposes

Edgar Filing: NISOURCE INC/DE - Form U5S

of credit under the Executive Supplemental Retirement Plan.

CHANGE IN CONTROL AND TERMINATION AGREEMENTS

The Company has entered into Change in Control and Termination Agreements with Mr. Neale and the other Named Officers. The Company believes that these agreements are in the best interests of the stockholders, to insure that in the event of extraordinary events, totally independent judgment is enhanced to maximize stockholder value. The agreements can be terminated on three years' notice and provide for the payment of specified benefits if the executive terminates employment for good reason or is terminated by the Company for any reason other than good cause within 24 months following certain changes in control. Each of these agreements also provides for payment of these benefits if the executive voluntarily terminates employment for any reason during a specified one-month period within 24 months following a change in control or, in the case of Mr. Neale, at any time during this 24 month period. No amounts will be payable under the agreements if the executive's employment is terminated by the Company for good cause (as defined in the agreements).

The agreements provide for the payment of two or three times the executive's current annual base salary and target incentive bonus compensation. The executive will also receive a pro rata portion of the executive's targeted incentive bonus for the year of termination. The executive would also receive benefits from the Company that would otherwise be earned during the applicable two or three-year period following the executive's termination under the Company's Supplemental Executive Retirement Plan and qualified retirement plans. The Company will increase the payment made to the executive as necessary to compensate the executive on an after-tax basis for any parachute penalty tax imposed on the payment of amounts under the contracts.

During the applicable two or three-year period following the executive's termination, the executive and his or her spouse or other dependents will continue to be covered by applicable health or welfare plans of the Company. If the executive dies during such two or three-year period following the executive's termination, all amounts payable to the executive will be paid to a named beneficiary.

The agreement with Mr. Neale provides for the same severance payments as described above in the event his employment is terminated at any time by the Company (other than for good cause) or due to death or disability, or if he voluntarily terminates employment with good reason (as defined in the agreement), even in the absence of a change in control.

In the event of a change in control, all stock options, restricted stock awards and contingent stock awards which have been granted to each of the Named Officers (including the Chief Executive Officer) under the Company's Long-term Incentive Plan will immediately vest.

ITEM 6. OFFICERS AND DIRECTORS (continued)

COMPENSATION OF THE COMPANY'S DIRECTORS

The Company pays each director who is not receiving a salary from the Company \$30,000 for each year, \$3,000 annually for each standing committee on which the director sits, \$1,000 annually for each chairmanship of the Executive, the Environmental, Health and Safety, and the Public Affairs and Career Development Committees, \$10,000 annually for each chairmanship of the Audit, the Corporate Governance and the Officer Nomination and Compensation Committees, \$1,200 for each board meeting attended and \$750 per committee meeting attended.

Edgar Filing: NISOURCE INC/DE - Form U5S

Each nonemployee director shall also receive, as part of his or her annual retainer, an annual award of restricted shares of common stock or restricted stock units, or a combination thereof, equal to \$20,000 to be granted in four equal installments on the last business day of each calendar quarter. The number of restricted shares of common stock or restricted stock units, as applicable, constituting such quarterly grant shall be determined by dividing \$5,000 by the average of the high and low price of the Company's common stock on the last business day of the relevant quarter.

The Company's Nonemployee Director Retirement Plan provides a retirement benefit for each nonemployee director currently serving on the board who was originally elected or appointed to the board prior to December 31, 2001, who has completed at least five years of service on the board and who did not elect to opt out of the plan during 2002. Directors who are first elected or appointed to the board after 2001 are not eligible to participate in the Retirement Plan. The benefit under the Retirement Plan is a monthly amount equal to one-twelfth of the annual retainer for board service in effect at the time of the director's retirement from the board and will be paid for 120 months, or the number of full months of service the individual served as a nonemployee director of the Company, whichever is less. Directors first elected prior to 2001 who elected to opt out of the Retirement Plan in 2002 received, under the Company's Nonemployee Director Stock Incentive Plan, restricted stock units of comparable value to the present value of the retirement benefit such director had earned under the Retirement Plan through June 30, 2002. Directors who elected to opt out of the Retirement Plan and directors first elected after 2001 will not receive a retirement benefit under the Retirement Plan, but instead may receive, at the discretion of the Corporate Governance Committee, additional restricted shares of common stock and/or restricted stock unit grants under the Company's Nonemployee Director Stock Incentive Plan, as amended and restated effective January 1, 2004, to ensure that the retirement benefit, together with other compensation paid to the nonemployee director, delivers a competitive compensation package. In 2004, Mr. Foster, who opted out of the Company's Retirement Plan, and Mr. Richard L. Thompson, who was newly elected to the board, each received a grant of restricted stock units having a value of \$23,274, representing \$7,749 per year for each of the next three years, in lieu of a retirement benefit under the Nonemployee Director Stock Incentive Plan.

In addition, upon election, re-election or appointment to the board, each nonemployee director shall receive an award of restricted shares of common stock or restricted stock units equal to \$30,000 for each year of the term for which such director has been elected, re-elected or appointed. The number of restricted shares of common stock or restricted stock units, or a combination thereof, as applicable, shall be determined by dividing the amount of the grant by the average of the high and low price of the Company's common stock on the date of such election, re-election or appointment. In 2004, under the Company's Nonemployee Director Stock Incentive Plan, each of Dr. Woo and Messrs. Beering, Foster and Richard L. Thompson received a grant of restricted stock units with a value of \$90,000, representing \$30,000 per year for each of the next three years.

The grants of both the restricted shares of common stock and the restricted stock units under the Company's Nonemployee Director Stock Incentive Plan vest in 20% annual increments, with all of a director's stock and units vesting five years after the date of award. However, the grants vest immediately upon the director's death, disability or retirement after attaining age 70, or the effective date of a change in control of the Company. With respect to restricted stock, dividends are paid to holders in cash on the date dividends are actually paid to stockholders of the Company. With respect to restricted stock units, additional restricted stock units are credited to each nonemployee director with respect to the units included in his or her account from time to time to reflect dividends paid to stockholders of the Company with respect to common stock. The units have no voting or other stock ownership rights and are

Edgar Filing: NISOURCE INC/DE - Form U5S

payable in shares of the Company's common stock.

The board may designate that a scheduled award will consist of nonqualified stock options to purchase shares of the Company's common stock rather than shares of restricted stock or restricted stock units; if so, then, in lieu of such shares of restricted stock or restricted stock units, each nonemployee director shall be granted a nonqualified option with a market value on the date of any such grant equal to the dollar value of the grant otherwise scheduled to be made to such

42

ITEM 6. OFFICERS AND DIRECTORS (continued)

nonemployee director on such date. Grants of nonqualified stock options vest in 20% annual increments and become fully vested on the fifth anniversary of the date of the grant. The grants will vest immediately upon the director's death, disability or retirement after attaining age 70, or the effective date of a change in control of the Company.

The Company has adopted a Directors' Charitable Gift Program for nonemployee directors who were not previously employees of the Company. Under the program, the Company makes a donation to one or more eligible tax-exempt organizations as designated by each eligible director. The Company contributes up to an aggregate of \$125,000 for each nonemployee director who has served as a director of the Company for at least five years and up to an additional \$125,000 (for an overall \$250,000) for each nonemployee director who has served ten years or more. Organizations eligible to receive a gift under the program include charitable organizations and accredited United States institutions of higher learning. Individual directors derive no financial benefit from the program, as all deductions relating to the charitable donations accrue solely to the Company. A director's private foundation is not eligible to receive donations under the program. All current nonemployee directors who were not previously employees of the Company are eligible to participate in the program.

ITEM 9. WHOLESALE GENERATORS AND FOREIGN UTILITY COMPANIES

PART I. BUSINESS, CAPITAL, DEBT TO EQUITY RATIO AND SERVICE CONTRACTS.

(a) Company, location and business address.

Bay State GPE, Inc. (BGP)

BGP, a Massachusetts corporation, at 300 Friberg Parkway, Westborough, Massachusetts is an exempt wholesale generator (EWG). It owns a turbo expander in Agawam, Massachusetts that generates electricity from a turbine engine as gas pressure is reduced when transferred from high pressure interstate pipelines to lower pressure local distribution pipes. BGP is a wholly owned subsidiary of Bay State Gas Company.

Whiting Clean Energy, Inc. (WCE)

WCE, a wholly owned subsidiary of PEI Holdings, Inc., is an EWG. WCE's business address is 801 East 86th Avenue, Merrillville, Indiana. NiSource Inc., through Whiting Leasing LLC (WLC), owns a 525-megawatt combined-cycle cogeneration facility located at BP's Whiting, Indiana refinery consisting of two gas-fired combustion turbines and one steam turbine generator. WCE is responsible for the operation and maintenance of the facility.

(b) Type and amount of capital invested.

When BGP was incorporated, Bay State Gas Company acquired all of the issued and outstanding shares of BGP's common stock for \$1,000. Bay State also transferred ownership of the turbo expander and related facilities to BGP at its net book value. Neither Bay State Gas Company, nor NiSource, Inc. has made any financial guarantee to any party for BGP. Bay State Gas Company common equity investment in BGP at December 31, 2004 was approximately \$39 thousand.

PEI Holdings, Inc.'s investment in WCE consists mainly of its guarantee of WCE's performance under the lease through its parent NiSource Inc. NiSource Inc. owns the WCE facility and has approximately \$301.5 million of long-term debt on its

Edgar Filing: NISOURCE INC/DE - Form U5S

balance sheet

(c) Ratio of debt to common equity and earnings of the company for the year ended December 31, 2004.

As of December 31, 2004, BGP had no debt outstanding and for the calendar year 2004, the turbo expander did not operate and did not generate revenue. BGP had net income of \$2,106 for 2004.

WCE had \$118.4 million in notes payable outstanding at December 31, 2004 to NiSource Finance Corp. WCE had \$301.5 million of debt outstanding to third parties. The debt to equity ratio for WCE at December 31, 2004 is not meaningful since the company's equity capitalization is effectively zero. For 2004, WCE had a net loss of \$29.6 million.

(d) Service, sales or construction contracts with system companies.

BGP currently has no service, sales or construction contracts with another system company.

WCE purchased \$37.6 million of natural gas and purchased \$6.5 million of purchased power from EnergyUSA-TPC Corp. during 2004.

51

ITEM 9. WHOLESALE GENERATORS AND FOREIGN UTILITY COMPANIES (continued)

PART II. ORGANIZATION CHART.

BGP is a wholly owned subsidiary of Bay State Gas Company. WCE is a wholly owned subsidiary of PEI Holdings, Inc. Bay State Gas Company and PEI Holdings, Inc. are wholly owned subsidiaries of NiSource, Inc. See Exhibit G for an organization chart showing BGP and WCE in relation to the other NiSource, Inc. system companies.

PART III AGGREGATE INVESTMENT IN EWG'S AND FOREIGN UTILITY COMPANIES.

NiSource, Inc.'s aggregate investment in BGP is approximately \$39 thousand and its investment in WCE, as discussed in Part I (b), is approximately \$16.5 million. The ratio of NiSource, Inc.'s aggregate investment in BGP and WCE to its aggregate investment in its domestic public-utility subsidiary companies is less than 1% based on the current book values of the utility subsidiaries.

NOW, THEREFORE, each member ("Member") of the NiSource Group does hereby covenant and agree with one another that the current consolidated income tax liabilities of the NiSource Group shall be allocated as follows:

PREPARATION AND FILING OF TAX RETURNS; ALLOCATION OF TAXES

Section 2.1 Federal Returns.

ITEM 10. FINANCIAL STATEMENTS AND EXHIBITS (continued)

EXHIBIT D. TAX ALLOCATION AGREEMENT FOR 2002. (CONTINUED)

(b) (i) The Consolidated Group will elect, on a timely basis, in accordance with Code Section 1552(b) and Section 1.1552-1(c)(2) of the Regulations to allocate its consolidated tax liability (other than alternative minimum tax ("AMT") and its related credits) among its Members under the method described in Sections 1.1502-33(d)(3) and 1.1552-1(a)(2) commencing with the consolidated taxable year ended December 31, 2001. The fixed percentage to be used for purposes of Regulations section 1.1502-33(d)(3)(i) is 100%. The general effect of such method is to first allocate the consolidated tax liability among the Members of the Consolidated Group on the basis of the percentage of the

Edgar Filing: NISOURCE INC/DE - Form U5S

total consolidated tax which the tax of such Member (other than AMT and its related credits) if computed on a separate return basis would bear to the total amount of the taxes (other than AMT and its related credits) for all Members of the group so computed. Then such method allocates an additional amount (the "Tax Benefit Amount") to each Member up to, but not greater than, the excess, if any, of its Separate Return Tax liability (other than AMT and its related credits) over the amount allocated to such Member in the previous sentence. The total of the Tax Benefit Amounts allocated to Members shall result in payments to, and an increase in the earnings and profits of, the Members who had items of deduction, loss or credits to which such Tax Benefit Amount is attributable. This election is intended to comply with Rule 45(c)(5) under the Act, as modified by Section 2(d) below.

(ii) The allocation of the alternative minimum tax liability incurred by the NiSource Group and the resulting minimum tax credit shall be allocated in the manner set forth in Proposed and Temporary Treasury Regulation Sections 1.1502-55. This method generally allocates (i) any AMT paid by the NiSource Group based on the relative separate adjusted AMT of each Member and (ii) the minimum tax credit (AMTC) on the basis of the AMT previously assigned to such Member and assuming that AMTC is utilized on a "first in/first out" methodology, and that to the extent that AMTC arising in one year is not fully utilized, such AMTC is utilized proportionately by the Members previously assigned AMT for that year.

(c) Each Member's allocable share of the consolidated income tax liability as determined in Section 2.1(b) hereby shall be used in both (i) the determination of each Member's earnings and profits and (ii) determining the amounts to be paid (as provided in Section 3.4 of this Agreement) by Members to NiSource with respect to each Member's share of the Consolidated Group's Tax liability and payments from NiSource to Members with respect to the use of a Member's tax attributes.

(d) (i) The aggregate of all amounts paid by Members of the Consolidated Group (the "Paying Members") as a result of the excess of each Members' Separate Return Tax liability (as determined under Section 1.1552-1(a)(2)(ii) of the Regulations) over the amount allocated to such Member as its share of the Consolidated Tax Liability under Code Section 1552 (i.e., the Tax Benefit Amount) shall be paid by NiSource to the other Members (the "Loss Members") which had tax deductions, losses and credits to which such payments by the Paying Members are attributable. The apportionment of such payments among Loss Members shall be in a manner that reflects the Consolidated Group's absorption of such tax attributes in the manner described in Section 2.1(e) below. The payments to the Loss Members for their tax attributes shall be pursuant to a consistent method which reasonably reflects such items of loss or credit (such consistency and reasonableness to be determined by the Designated Official).

(ii) Notwithstanding the provisions of section 2.1(d)(i), the Tax Benefit Amount allocated to NiSource and paid to NiSource as a result of its being a Loss Member shall be limited to its Tax Benefit Amount determined without regard to this section 2.1(b)(ii) multiplied by a fraction, the numerator of which is NiSource's interest deduction attributable to Acquisition Indebtedness, and the denominator of which is the sum of all of NiSource's deductions. The portion of NiSource's Tax Benefit Amount which cannot be allocated and paid to NiSource due to the operation of this Section shall be reallocated to Paying Members of the Consolidated Group other than NiSource in accordance with the principles contained in section 2.1(b)(i).

(e) In apportioning the payments to Loss Members for the Tax Benefit Amount pursuant to Section 2.1(d) hereof:

(i) any consolidated net operating loss ("NOL") shall be allocated among the group Members pursuant to Regulations Section 1.1502-21(b). To the

Edgar Filing: NISOURCE INC/DE - Form U5S

extent the consolidated NOL is carried back, any Member's individually allocable NOL shall be deemed carried back and utilized in proportion to the amount that the Member's NOL bears to the consolidated NOL. Analogous principles shall apply in the case of NOL carryforwards;

194

ITEM 10. FINANCIAL STATEMENTS AND EXHIBITS (continued)

EXHIBIT D. TAX ALLOCATION AGREEMENT FOR 2002. (CONTINUED)

(ii) with respect to each type of credit used to offset all or a portion of the Consolidated Tax Liability otherwise payable, such credit shall be allocated among the Members by crediting to each Member an amount of credit which that Member would have available to utilize on a separate return basis in a manner consistent with the method set forth in Section 2.1(e)(i) above.

(iii) the cost of any credit recapture which results in the payment of tax shall be specifically allocated to the Member whose credit is recaptured determined in a manner consistent with the provisions of Section 2.1(e)(i) above.

(f) The allocation of tax shall be subject to further adjustment from time to time on account of the payment of additional tax or the receipt of a refund attributable to either the filing of an amended return or on account of the results of an audit conducted by the Internal Revenue Service or other relevant taxing authority.

Section 2.2 Other Taxes. (a) NiSource will prepare and file (or cause to be prepared and filed) all returns of Other Taxes which are required to be filed with respect to the operations of NiSource and its subsidiaries. In the event any taxing authority requires or permits that a combined, consolidated or unitary return be filed for Other Taxes, which return includes both NiSource and a subsidiary, NiSource may elect to file such return and shall have the right to require any Member to be included in such return. NiSource will advise each of its subsidiaries included in each Other Return and each governmental office in which any Other Return is filed. Other Taxes shall be allocated among the NiSource Group in a manner that is consistent with the method set forth in Article 2 hereof. Furthermore, amounts due to NiSource or from NiSource, with respect to Other Taxes, shall be determined in a manner consistent with Sections 2.1(b) and 2.1(d).

(b) Each Member of the NiSource Group that does not file an Other Return together with any other Member of the NiSource Group shall be solely responsible and obligated to pay the tax liability with respect to such return from its own funds. Such returns shall be prepared and filed by NiSource or the Member filing the Other Return.

(c) If any Member of the NiSource Group is required to file a combined, consolidated or unitary return for Other Taxes with another Member of the NiSource Group, but not with NiSource (an "Other Taxes Subgroup"), then NiSource shall have the rights, powers and obligations to file such tax returns and apportion among and, collect and remit from, the applicable Members such Other Taxes as the rights, powers and obligations given to NiSource under this Agreement with respect to the Consolidated Tax Liability. Such returns shall be prepared and filed by NiSource. If the right to file a combined, consolidated or unitary return for Other Taxes is optional, then NiSource shall decide which of its subsidiaries should, to the extent permitted by law, join in filing of such return.

Section 2.3 Member Tax Information. The Members of the Consolidated Group

Edgar Filing: NISOURCE INC/DE - Form U5S

shall submit the tax information requested by the Designated Official of NiSource in the manner and by the date requested, in order to enable the Designated Official to calculate the amounts payable by the Members pursuant to Article 3 hereof.

RESPONSIBILITY FOR TAX; INTERCOMPANY PAYMENTS

Section 3.1 Responsibility. Assuming the Members of the Consolidated Group have fulfilled their obligations pursuant to this Article III, then NiSource will be solely responsible for, and will indemnify and hold each Member of the Consolidated Group harmless with respect to, the payment of: (a) the Consolidated Tax Liability for each taxable period for which, as determined under Section 2.1 hereof, NiSource filed a Consolidated Return or should have been filed; and (b) any and all Other Taxes due or payable with respect to any Other Return which is filed by NiSource or should have been filed.

Section 3.2 Federal Tax Payments. (a) With respect to each Consolidated Return Year, the Designated Official of NiSource shall estimate and assess or pay to Members of the Consolidated Group their share of estimated tax payments to be made on a projected consolidated federal income tax return for each year. In making this determination, NiSource shall elect a method for determining estimated tax and each Member shall follow that method; provided, however, under no circumstances shall a Loss Member be paid any amount described in Section 2.1(d) until a date after which NiSource has filed the

195

Consolidated Return for such Consolidated Return Year. Such Members will pay, to NiSource or be paid by NiSource, such estimates not later than the 15th day of the 4th, 6th, 9th and 12th months of such Consolidated Return Year. With respect to any extension payment, the Designated Official of NiSource shall estimate and assess or pay to Members of the Consolidated Group their share of such extension payment. The difference between (1) a Member's estimated tax payments used for computation of the quarterly estimated payments plus their extension payments and (2) such Member's actual Tax Liability for any Consolidated Return Year as determined under Section 2.1(b) hereof, shall be paid to NiSource or by NiSource within sixty (60) days after the filing of the consolidated federal income tax return.

(b) NiSource shall have sole authority, to the exclusion of all other Members of the Consolidated Group, to agree to any adjustment proposed by the Internal Revenue Service or any other taxing authority with respect to items of income, deductions or credits, as well as interest or penalties, attributable to any Member of the Consolidated Group during any Consolidated Return Year in which such Member was a Member of the Consolidated Group notwithstanding that such adjustment may increase the amounts payable by Members of the Consolidated Group under this Section 3.2 or Section 3.3 hereof. In the event of any adjustment to the Consolidated Tax Liability relating to items of income, deductions or credit, as well as interest or penalties, attributable to any Member of the Consolidated Group by reason of an amended return, claim for refund or audit by the Internal Revenue Service or any other taxing authority, the liability of all other Members of the Consolidated Group under paragraphs (a) of this Section 3.2 or Section 3.3 hereof shall be redetermined to give effect to such adjustment as if such adjustment had been made as a part of the original computation of such liability, and payment from a Member to NiSource or by NiSource to a Member, as the case may be, shall be promptly made after any payments are made to the Internal Revenue Service or any other taxing authority,

Edgar Filing: NISOURCE INC/DE - Form U5S

refunds received or final determination of the matter in the case of contested proceedings. In such event, any payments between the parties shall bear interest at the then prevailing rate or rates on deficiencies assessed by the Internal Revenue Service or any other relevant taxing authority, during the period from the due date of the Consolidated Return (determined without regard to extensions of time for the filing thereof) for the Consolidated Return Year to which the adjustments were made to the date of payment.

Section 3.3 Other Tax Payments. Payments by a Member with respect to Other Taxes and required estimates thereof for which any other Member has joint and several liability shall be calculated and made by or to such Member in the same manner as that provided in Section 3.2. The principles set forth in Section 3.2 governing the determination and adjustment of payments as well as the method of payment to or from such Member with respect to federal income taxes shall be equally applicable in determining and adjusting the amount of and due date of payments to be made to or from such subsidiary with respect to Other Taxes and estimates thereof. Each Member shall pay, directly to the appropriate taxing authority, all taxes for which such Member is liable and for which no other Member has joint or several liability.

Section 3.4 Payment Mechanics. (a) Any payments to be made by a subsidiary of NiSource pursuant to Section 2.1, 2.2, 3.2 or 3.3 hereof shall be made by such subsidiary to NiSource by either promptly crediting as an offset against amounts owed to such Member by NiSource or to the extent no amounts are owed to such Member by NiSource, by cash payments to NiSource. To the extent any payments are to be made to a subsidiary with respect to the use of such subsidiary's tax attributes by the Consolidated Group pursuant to Section 2.1, 2.2, 3.2 or 3.3 hereof, NiSource shall make such payment to such subsidiary by either promptly crediting as an offset against amounts owned by such Member to NiSource, or to the extent no amounts are owed to NiSource by such Member, by cash payments to the Member.

(b) Tax payments by NiSource with respect to any Consolidated Tax Liability shall be paid by NiSource and shall be debited to the Member of the Consolidated Group for their respective shares of such Consolidated Tax Liability as determined pursuant to Article II hereof. Tax Refunds received by NiSource with respect to any Consolidated Tax Liability, shall be paid by NiSource to the Member of the Consolidated Group entitled to such Tax Refund, as determined.

(c) NiSource shall be responsible for maintaining the books and records reflecting the intercompany accounts reflecting the amounts owned, collected and paid with respect to Taxes pursuant to this Agreement.

196

EXHIBIT D. TAX ALLOCATION AGREEMENT FOR 2002. (CONTINUED)

(d) NiSource may delegate to other Members of the Consolidated Group responsibilities for the collection and disbursement of monies as required under this Agreement as well as responsibilities for maintaining books and records as required under this Agreement.

Section 3.5 Administration. The provisions of this Agreement shall be administered by the Designated Official of NiSource. The interpretations of this Agreement by the Designated Official of NiSource shall be conclusive.
