Second Quarter 2007 Shareholders' Letter

Table of Contents

Item 2.02 Results of Operations and Financial Condition.

On July 30, 2007, First Interstate BancSystem, Inc. (the Registrant) issued its second quarter 2007 performance report and shareholders letter (the Shareholders Letter) to holders of common stock of the Registrant as of that date.

Certain statements contained in the Shareholders Letter constitute forward-looking statements that involve risk and uncertainties. The Registrant desires to caution readers that the following factors, among others, may cause the actual results, performance or achievements of the Registrant to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors include general economic and business conditions in those areas in which the Registrant operates, credit quality, demographic changes, competition, fluctuations in interest rates, changes in business strategy or development plans, changes in governmental regulations and employment related concerns. These and other risk factors are set forth in the Registrant's Quarterly Reports on Form 10-Q and Annual Report on Form 10-K filed with the Securities and Exchange Commission.

The Shareholders Letter is attached as Exhibit 99 to this Current Report on Form 8-K.

In the Shareholders Letter under the heading Selected Ratios, the Registrant included the ratio Return on average common equity excluding market adjustment of securities, which constitutes a non-GAAP financial measure (the non-GAAP ratio). The most directly comparable financial measure presented in accordance with GAAP is the ratio Return on average common equity which appears immediately prior to the non-GAAP ratio. A reconciliation between the two ratios is derived by including mark-to-market adjustment of securities as required under GAAP. The Registrant's management believes the presentation of the non-GAAP ratio provides useful information to investors because the ratio does not take into account the mark-to-market adjustment of only a portion of the Company's balance sheet.

Item 7.01 Regulation FD Disclosure.

The information furnished under Item 2.02 is also being furnished under this Item 7.01.

Item 9.01 Financial Statements and Exhibits.
