**PROXY STATEMENT  
FOR ANNUAL MEETING OF SHAREHOLDERS**

---

**GENERAL INFORMATION**

This Proxy Statement is furnished in connection with the solicitation of Proxies for Class A Common Stock and Class B Common Stock by the Board of Directors of Interface, Inc. (the Company) for use at the annual meeting of shareholders of the Company to be held on May 20, 2003, and any adjournment thereof, for the purposes set forth in the accompanying notice of the meeting. It is anticipated that this Proxy Statement and the accompanying Proxy will first be mailed to shareholders on April 15, 2003.

The record of shareholders entitled to vote at the annual meeting was taken as of the close of business on March 17, 2003. On that date, the Company had outstanding and entitled to vote 43,720,542 shares of Class A Common Stock and 7,656,885 shares of Class B Common Stock. Except for (i) the election and removal of directors, and (ii) class votes as required by law or the Company's Articles of Incorporation, holders of both classes of Common Stock vote as a single class. In all cases, holders of Common Stock (of either class) are entitled to cast one vote per share.

Each Proxy for Class A Common Stock (Class A Proxy) or Class B Common Stock (Class B Proxy) that is properly executed and returned by a shareholder will be voted as specified thereon by the shareholder. If no specification is made, the Proxy will be voted for the election of the nominees (Class A or Class B, as the case may be) listed herein under the caption Nomination and Election of Directors. A Proxy given pursuant to this solicitation may be revoked by a shareholder who attends the meeting and gives oral notice of his or her election to vote in person, without compliance with any other formalities. In addition, a Proxy given pursuant to this solicitation may be revoked prior to the meeting by delivering to the Secretary of the Company either an instrument revoking it or a duly executed Proxy for the same shares bearing a later date.

An automated system administered by the Company's transfer agent tabulates the votes. Abstentions and broker non-votes are included in the determination of the number of shares present and entitled to vote (to establish a quorum). (A broker non-vote occurs when a broker or other nominee who holds shares for a customer does not have authority to vote on certain non-routine matters because its customer has not provided any voting instructions on the matter.) Abstentions and broker non-votes do not affect the election of directors since directors are elected by a plurality of the votes cast.

If your shares of Common Stock are held by a broker, bank or other nominee (i.e., in street name), you will receive instructions from your nominee, which you must follow in order to have your shares voted. The instructions may appear on a special proxy card provided to you by your nominee (also called a voting instruction form). Your nominee may offer you different methods of voting, such as by telephone or Internet. If you do hold your shares in street name and plan on attending the annual meeting of shareholders, you should request a proxy from your broker or other nominee holding your shares in record name on your behalf in order to attend the annual meeting and vote at that time (your broker may refer to it as a legal proxy).

The expense of this solicitation, including the cost of preparing and mailing this Proxy Statement, will be paid by the Company. Copies of solicitation material may be furnished to banks, brokerage houses and other custodians, nominees and fiduciaries for forwarding to the beneficial owners of shares of the Company's Common Stock, and normal handling charges may be paid for the forwarding service. In addition to solicitations by mail, directors and regular employees of the Company may solicit Proxies in person or by

---

telephone, fax or e-mail. The Company also has retained Georgeson Shareholder Communications Inc., a proxy solicitation firm, to assist in soliciting Proxies from beneficial owners of shares of the Company's Common Stock. The fee for such assistance will be \$7,000 (plus expenses).

The closing price of the Company's Class A Common Stock as reported on the Nasdaq National Market on April 3, 2003 was \$4.00 per share. There is no public market for the Class B Common Stock (but Class B shares are convertible on a share-for-share basis into Class A shares).

**NOMINATION AND ELECTION OF DIRECTORS**

**(ITEM 1)**

The Bylaws of the Company provide that the Board of Directors shall consist of a maximum of 15 directors, the exact number of directors being established by action of the Board taken from time to time. The Board of Directors has set the number of directors at 11. The holders of Class B Common Stock are entitled to elect a majority (six) of the Board members. The holders of Class A Common Stock are entitled to elect the remaining (five) directors. The term of office for each director continues until the next annual meeting of shareholders and until his or her successor, if there is to be one, has been elected and has qualified.

In the event that any nominee for director withdraws or for any reason is not able to serve as a director, each Proxy that is properly executed and returned will be voted for such other person as may be designated as a substitute nominee by the Board of Directors, but in no event will any Class A Proxy be voted for more than five nominees or Class B Proxy be voted for more than six nominees. Each nominee has consented to be named herein and to serve as a director if elected.

Omnibus Stock Incentive Plan (the Omnibus Plan ), which was originally approved by shareholders in 1997, is the only currently-outstanding equity compensation plan pursuant to which awards may be made. The Interface, Inc. Key Employee Stock Option Plan (1993) (the Key Employee Plan ) and the Offshore Stock Option Plan (the Offshore Plan ) were terminated, as to new grants, as of the effective date of the Omnibus Plan. Grants under the Key Employee Plan and Offshore Plan that were outstanding upon termination of those plans, however, remained outstanding.
- (2) The number of securities remaining available for future issuance under the Omnibus Plan (excluding securities reflected in column (a)) was 1,878,016, plus the number of shares outstanding under the Key Employee Plan and Offshore Plan that are forfeited, terminated or otherwise expire unexercised.
- (3) The Offshore Plan, which was terminated as to new grants on the effective date of the Omnibus Plan, provided for stock option awards to key employees and directors of the Company's subsidiaries located outside the United States. The number of securities reported in column (a) with respect to the Offshore Plan represents the remainder of the stock option grants outstanding as of the termination of the Offshore Plan.
- (4) As of December 29, 2002, the Company maintained stock option agreements with seven non-employee individuals (such as consultants, advisors or suppliers) with respect to a total of 122,572 shares. Such agreements typically provided for a five-year vesting period for such options and a ten-year term.

- (1) Represents the dollar value of restricted stock awarded to the named executive officer (calculated by multiplying the number of shares awarded by the closing price of the Company's Class A Common Stock as reported by the Nasdaq National Market on the date of grant). As of December 29, 2002, total restricted stock awards outstanding and related fair market values (based on the closing price of the Company's Class A Common Stock as reported by the Nasdaq National Market on December 27, 2002) were as follows: Mr. Hendrix 332,521 shares (\$1,047,441); Mr. Wells 162,710 shares (\$512,537); Mr. Coombs 25,000 shares (\$78,750); Mr. Willoch 110,425 shares (\$347,839); and Mr. DeMoura 152,222 shares (\$479,499). Awards of restricted stock vest in increments of one-third, with the first two one-thirds vesting upon no earlier than the second and fourth anniversaries, respectively, of the grant date and only if the price of the Company's Class A Common Stock has appreciated 15% per annum, compounded annually, as of such anniversary. The final one-third vests upon the ninth anniversary of the grant date (except for the 2002 grants, for which the final one-third vests upon the seventh anniversary of the grant date). All such restricted shares vest on the ninth anniversary of the grant date if not vested previously under the stock price performance criteria (except for the 2002 grants, for which all restricted shares vest on the seventh anniversary of the grant date if not vested previously). Dividends are paid on restricted stock.
- (2) Includes the Company's matching contribution under the Company's Savings and Investment Plan and/or its Nonqualified Savings Plan (\$15,351, \$14,808, \$10,240 and \$12,154 for Messrs. Hendrix, Wells, Willoch and DeMoura, respectively, in 2002), and, in the case of Mr. Hendrix, the dollar value of the annual premiums paid by the Company under certain life insurance policies pursuant to a split-dollar insurance agreement with him (\$72,032 in 2002). For Mr. Coombs, includes employer's contributions

under a pension plan (\$21,034 in 2002) and expatriate compensation relating to an overseas assignment consisting of housing assistance (\$28,056 in 2002), school tuition assistance (\$18,533 in 2002) and a relocation allowance (\$17,947 in 2002).

- (3) Mr. Hendrix has elected to defer payment of such bonus for an indefinite period.
- (4) Mr. Coombs was compensated in currencies other than the U.S. dollar. All compensation amounts for Mr. Coombs have been translated into U.S. dollars at the exchange rate in effect at the end of the applicable fiscal year.

**Compensation Pursuant to Salary Continuation Plan**

The Company maintains a nonqualified salary continuation plan (the Salary Continuation Plan) which is designed to induce selected employees of the Company to remain in the employ of the Company by providing them with retirement, disability and death benefits in addition to those which they may receive under the Company's other benefit programs. The Salary Continuation Plan entitles participants to (i) retirement benefits upon retirement at age 65 (or early retirement at age 55) after completing at least 15 years of service with the Company (unless otherwise provided in the plan), payable for the remainder of their lives (or, if elected by a participant, a reduced benefit is payable for the remainder of the participant's life and any surviving spouse's life) and in no event for less than 10 years under the death benefit feature; (ii) disability benefits payable for the period of any pre-retirement total disability; and (iii) death benefits payable to the designated beneficiary of the participant for a period of up to 10 years (or, if elected by a surviving spouse that is the designated beneficiary, a reduced benefit is payable for the remainder of such surviving spouse's life). Benefits are determined according to one of three formulas contained in the Salary Continuation Plan. The Salary Continuation Plan is administered by the Compensation Committee, which has full discretion in choosing participants and the benefit formula applicable to each. The Company's obligations under the Salary Continuation Plan are currently unfunded (although the Company uses insurance instruments to hedge its exposure thereunder); however, the Company is required to contribute the present value of its obligations thereunder to an irrevocable grantor trust in the event of a Change in Control (as such term is defined in the Salary Continuation Plan) of the Company. Each of Messrs. Hendrix, Wells, Willoch and DeMoura have entered into Salary Continuation Agreements with the Company pursuant to the Salary Continuation Plan.

**Employment Agreements**

In April 1997, the Company entered into substantially similar employment agreements with each of Messrs. Hendrix, Wells, Willoch and DeMoura. Each of their agreements is for a rolling two-year term such that the remaining term is always two years. The Company may terminate any of such agreements upon two years' notice. In the event that the Company terminates an officer's employment without just cause, the officer will be entitled to continue to receive his salary and bonus, and participate in certain employee benefit plans, for the remainder of the term of the agreement. The officer also will immediately vest in all unvested employee stock options, and a percentage of theretofore unvested restricted stock awards (as specified in the applicable restricted stock agreement). The employment agreements also contain provisions placing restrictions on the officer's ability to compete with the Company following the termination of the agreement.

**Change in Control Agreements**

In April 1997, each of Messrs. Hendrix, Wells, Willoch and DeMoura entered into substantially similar change in control agreements with the Company. Each of their agreements is for a rolling two-year term such that the remaining term is always two years. The Company generally may terminate any of such agreements upon two years' notice. The agreements provide for certain benefits in the event of a termination of employment under certain circumstances in connection with a Change in Control (as defined in the agreements) of the Company. In general, each agreement provides benefits to the officer upon an Involuntary Termination (essentially, termination without cause) or a Voluntary Termination (essentially, resignation in the face of coercive tactics) occurring within 24 months after or six months prior to the date of a change in control. Upon any such termination, the officer will be entitled to receive the following benefits: (i) the officer's then-current salary, for the balance of the term, paid in a lump sum discounted to present value; (ii) bonus payments for the balance of the term, paid in a lump sum discounted to present value and based

upon the bonuses received during the two years prior to the termination, as well as a prorated bonus for the year in which employment is terminated; (iii) continuation of health and life insurance coverage for the balance of the term; and (iv) continuation of eligibility to participate in Company retirement plans for the balance of the term, or the provision of comparable benefits. In addition, the officer will immediately vest in all unvested employee stock options and restricted stock awards in the event of a Change in Control. Benefits paid under the change in control agreements will be reduced by the compensation and benefits, if any, paid to an officer pursuant to his employment agreement with the Company. If the payment of any such benefits would result in the imposition of an excise tax under Section 4999 of the Internal Revenue Code, the officer is entitled to receive a gross-up payment to cover the amount of the excise taxes and any related taxes on the gross-up payment.

### **Compensation of Directors**

During 2002, the Company had a policy pursuant to which non-employee directors ( outside directors ) were paid an annual director s fee of \$25,000, plus \$1,000 for each Board or Board committee meeting attended. Effective January 31, 2003, the policy was amended such that (i) outside directors are paid an annual director s fee of \$30,000, plus \$1,000 for each Board or Board committee meeting attended, and (ii) outside directors who serve on the Audit Committee or the Compensation Committee are paid an additional \$5,000 per year, except that the Chairperson of the Audit Committee and the Chairperson of the Compensation Committee are paid an additional \$10,000 per year (rather than \$5,000).

The Company has agreed to pay Leonard G. Saulter, who previously served as an executive officer of the Company, a retirement benefit of \$15,000 per year beginning in 1999 and for the remainder of his life. The Company made the required payment during 2002.

### **Certain Relationships and Related Transactions**

During 2002, the Company paid premiums to J. Smith Lanier & Co., an insurance agency, of approximately \$4,979,309 in connection with insurance policies purchased on behalf of the Company. J. Smith Lanier, II, a director of the Company, has a substantial ownership interest in this insurance agency. Management of the Company believes that the insurance brokerage transactions were effected on terms at least as favorable to the Company as could have been obtained from other sources or unrelated parties in view of the nature of the transactions and the services rendered.

Ray C. Anderson, who serves as Chairman of the Board and Chairman of the Executive Committee of the Board, remains an employee of the Company. In his capacity as an employee, Mr. Anderson was compensated during 2002 as follows: (i) salary and bonus of \$610,340, (ii) annual premiums of \$173,000 paid by the Company under certain life insurance policies pursuant to a split-dollar insurance agreement between the Company and Mr. Anderson; and (iii) miscellaneous perquisites of \$102,261. In addition, as an employee of the Company, Mr. Anderson also was covered by certain of the Company s benefits programs, such as medical and dental insurance plans. Mr. Anderson received no awards of restricted stock or stock options during 2002. Mr. Anderson entered into an employment agreement and a change in control agreement with the Company in April 1997, each of which is substantially similar to those described above for Messrs. Hendrix, Wells, Willoch and DeMoura. Mr. Anderson also has entered into a salary continuation agreement with the Company pursuant to the Salary Continuation Plan described above. The Company also has made loans to Mr. Anderson, primarily in connection with Mr. Anderson s payment of income taxes that were due prior to the payment of expected compensation from the Company. The largest aggregate amount of such indebtedness outstanding at any time during fiscal 2002 was \$601,217. The indebtedness now bears interest at the Company s marginal cost of funds. The indebtedness is due by no later than February 28, 2006 (with mandatory prepayments from any bonuses received by Mr. Anderson prior to that time), and the amount outstanding as of March 31, 2003, was \$585,701.

### **Compensation Committee Report on Executive Compensation**

Compensation awards and achievement criteria for the Company's senior management are determined by the Compensation Committee of the Board of Directors. The current members of the Compensation Committee are June M. Henton, Christopher G. Kennedy and Thomas R. Oliver (Chair), all of whom are outside directors.

The Company's compensation program is designed to enable the Company to attract, motivate and retain outstanding senior management. The program consists of three principal components: (i) competitive base salaries, (ii) annual, variable cash bonuses based on the achievement of established financial and, for certain executives, nonfinancial objectives, and (iii) long-term stock option and restricted stock incentives. Under the program, a substantial portion of an executive's compensation is directly linked to the Company's financial performance and the interests of shareholders. The Committee strives to administer the program to present total compensation packages for senior executives of the Company that are commensurate with the responsibilities undertaken by the executives, and that are competitive with packages offered by comparable companies.

The Company periodically engages a nationally recognized consulting firm to assist it in developing appropriate compensation packages for senior executives. Information concerning compensation offered by other employers in the industry, as well as other publicly traded companies similar in size and growth rate to the Company, is considered as one of several factors in developing such compensation packages. The Committee generally targets the market median for base salaries, and the third quartile for total cash compensation (base salary and bonus) provided objectives are substantially achieved. Certain of the companies considered from time to time are included in the companies comprising the self-determined peer group index used in the performance graph below.

*Base Salary.* Base salary compensation is based on a variety of factors, including the executive's level of responsibility, time with the Company, geographical cost-of-living considerations and individual contribution and performance, as well as internal equalization policies of the Company, comparison to executive pay outside of the Company, and general economic conditions. (Evaluation of certain of these factors is subjective, and no fixed, relative weights are assigned to the criteria considered.) In fiscal 2002, none of the named executive officers received a raise in base salary.

*Bonuses.* The Company's incentive compensation program is tied to Company, business unit (division or subsidiary) and individual performance. Each executive officer of the Company (including the Chief Executive Officer) is assigned a range of bonus potential (expressed as a percentage of base salary), and a personalized set of financial and, in some cases, nonfinancial objectives. Evaluation of nonfinancial objectives is, inherently, somewhat subjective, and equal weight typically is assigned to each of these objectives. For fiscal 2002, 75% to 100% of each executive officer's bonus potential was based on measurable financial performance. Typical relative weights assigned to financial objectives are indicated below. The amount of bonus earned is determined by the degree to which the financial and nonfinancial objectives have been achieved.

For the senior executives of the Company who are directly accountable for the profitability of subsidiaries or business groups, financial objectives constituted 100% of the bonus opportunity for 2002 and focused on: (i) operating income for operations managed, (ii) cash flow for operations managed, and (iii) earnings per share. Relative weights assigned to such financial objectives were 45%, 30% and 25%, respectively. For senior executives not directly accountable for the profitability of a subsidiary or business group, financial objectives for 2002 were 75% of the bonus opportunity and focused on the same elements as those for the other senior executives. Nonfinancial objectives for such senior staff executives were 25% of the bonus opportunity and were tailored to their respective responsibilities.

Mr. Hendrix's financial objectives for 2002 (100% weight) were based on: (i) operating income, (ii) cash flow, and (iii) earnings per share. Relative weights assigned to such financial objectives were 45%, 30% and 25%, respectively. Application of the formula, based on Mr. Hendrix's achievement of target levels for his

**Table of Contents**

bonus objectives in 2002 (due largely to the success of the European and Asia-Pacific operations), rendered a bonus of \$47,250 (which he has elected to defer).

*Stock Options and Restricted Stock.* The Company also utilizes grants of stock options and restricted stock awards to its executives to strengthen the mutuality of interests between the Company's senior management and shareholders. Awards since 1997 have been based on a long-term incentive stock program developed with the assistance of a nationally known consulting firm.

The Company believes stock options and restricted stock awards help to retain and motivate executives. Options granted under the Company's stock option plans have an exercise price equal to at least 100% of the market price of the underlying Common Stock on the date of grant. Thus, the options only have value if the market price of the Company's stock rises. Moreover, options granted under such plans typically vest incrementally over a five-year period, encouraging an executive to remain with the Company for a significant time period before being able to fully recognize the value of the options. The five-year vesting schedule also serves to focus executives on longer-term objectives of the Company.

Similarly, restricted stock awards increase in value as the market price of the Company's stock rises. Such awards also vest over a period of multiple years; the executive generally must remain employed with the Company for a period of seven to nine years from the date of grant to completely vest in an award. The Committee believes stability of quality management and a proper focus on long-term Company objectives provide for enduring shareholder value. Each of the named executive officers holds stock options and restricted stock. Information concerning awards of stock options and restricted stock to the named executive officers in 2002 is shown in the Summary Compensation Table and the Option Grants in Last Fiscal Year table above. (The award to Mr. Hendrix in January 2001 recognized his pending promotion to the position of President and Chief Executive Officer effective July 1, 2001.)

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to publicly held corporations for compensation in excess of \$1,000,000 in any taxable year that is paid to the corporation's chief executive officer or any of the four other most highly compensated executive officers. Certain performance-based compensation, however, is not subject to the limit on deductibility imposed by Section 162(m). In particular, executive compensation under the Company's executive bonus plan qualifies for deductibility under Section 162(m).

The foregoing policies and programs are subject to change as the Committee deems necessary from time to time to respond to economic conditions, meet competitive standards and serve the objectives of the Company and its shareholders.

**SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file with the Securities and Exchange Commission and the Nasdaq National Market reports of ownership and changes in ownership of Common Stock and other equity securities of the Company. officers and greater than 10% shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely upon a review of the copies of such reports furnished to the Company or written representations that no other reports were required, the Company believes that during fiscal 2002 all filing requirements applicable to its directors, executive officers and greater than 10% beneficial owners were complied with except that Ray C. Anderson, Chairman, filed a Form 5 for the fiscal year 2002 with respect to a purchase of 1,000 shares by his spouse (of which shares he disclaims beneficial ownership) that was not reported on a timely basis; Robert A. Coombs, a Vice President of the Company, filed a Form 5 for the fiscal year 2002 with respect to a stock option award that was not reported on a timely basis; and Thomas R. Oliver, a Director, filed a late Form 4 with respect to a sale of 400 shares.

**INFORMATION CONCERNING THE COMPANY'S ACCOUNTANTS**

BDO Seidman, LLP served as the independent auditors for the Company during fiscal 2002. Management of the Company anticipates that BDO Seidman, LLP will be the independent auditors for the current fiscal year, but the Board of Directors has not yet considered the selection of public accountants for the current year. Representatives of BDO Seidman, LLP are expected to be present at the annual meeting and will have the opportunity to make a statement, if they desire to do so, and to respond to appropriate questions.

The Audit Committee's responsibility is to monitor and oversee these processes.

In keeping with that responsibility, the Audit Committee has reviewed and discussed the Company's audited consolidated financial statements with management and BDO Seidman, LLP. In addition, the Audit Committee has discussed with BDO Seidman, LLP the matters required to be discussed by Statement on

In addition, the Audit Committee has received the written disclosures from BDO Seidman, LLP required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and has discussed with the independent accountants their independence. The Audit Committee has also considered whether the provision of those services discussed above under the caption Information Concerning the Company's Accountants All Other Fees by BDO Seidman, LLP is compatible with maintaining BDO Seidman, LLP's independence.

The Board of Directors, in its business judgment, has determined that all three members of the Audit Committee are independent, as required by applicable listing standards of Nasdaq as currently in effect. The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of auditing or accounting, including in respect of auditor independence. Members of the Audit Committee rely, without independent verification, on the information provided to them and on the representations made by management and BDO Seidman, LLP. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has followed appropriate accounting and financial reporting principles or maintained appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are independent.

Based on the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements of the Company be included in the Company's annual report on Form 10-K for the year ended December 29, 2002 for filing with the Securities and Exchange Commission.

### **SHAREHOLDER PROPOSALS**

Proposals of shareholders intended to be presented at the Company's 2004 annual meeting must be received by the Company no later than December 17, 2003, in order to be eligible for inclusion in the Company's Proxy Statement and form of Proxy for that meeting. In addition, in accordance with Article II, Section 9, of the Bylaws of the Company, proposals of shareholders intended to be presented at the Company's 2004 annual meeting must be presented to the Board of Directors by no later than 90 days prior to that meeting, with such deadline for presentation of proposals estimated to be February 18, 2004.

### **HOUSEHOLDING OF PROXY MATERIALS**

The Securities and Exchange Commission has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as householding, potentially provides extra convenience for shareholders and cost savings for companies. The Company and some brokers household proxy materials, delivering a single proxy statement to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you

revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. You can notify us by sending a written request to Interface, Inc., Attn: Secretary, 2859 Paces Ferry Road, Suite 2000, Atlanta, Georgia 30339.

**OTHER MATTERS THAT MAY COME BEFORE THE MEETING**

Management of the Company knows of no matters other than those stated above that are to be brought before the meeting. However, if any other matter should be properly presented for consideration and voting, it is the intention of the persons named as proxies in the enclosed Proxy to vote the Proxy in accordance with their judgment of what is in the best interest of the Company.
