REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Board of Directors of
Abercrombie & Fitch Co. and the
Plan Administrator of the Abercrombie
& Fitch Co. Savings and Retirement Plan:

We have audited the accompanying statements of net assets available for benefits of the Abercrombie & Fitch Co. Savings and Retirement Plan as of December 31, 2000 and 1999, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2000 and 1999, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held at end of year and schedule of nonexempt transactions are presented for the

Edgar Filing: ABERCROMBIE & FITCH CO /DE/ - Form 11-K

purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

ABERCROMBIE & FITCH CO. SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(1) DESCRIPTION OF THE PLAN

GENERAL

The Abercrombie & Fitch Co. Savings and Retirement Plan (the "Plan") is a defined contribution plan covering certain employees of Abercrombie & Fitch Co. (the "Employer"). Employees are eligible to participate in the 401(k) portion of the Plan if they have a base salary or wages less than \$100,000, are at least 21 years of age and have completed 1,000 or more hours of service during their first consecutive twelve months of employment or any calendar year beginning in or after their first consecutive twelve months of employment. Employees are eligible to participate in the retirement portion of the Plan if they are at least 21 years of age and have completed 1,000 or more hours of service during their first consecutive twelve months of employment or any calendar year beginning in or after their first consecutive twelve months of employment. Prior to the Plan being amended in 1999, the eligibility requirement for the 401(k) portion of the Plan was the same as that for the retirement portion.

The Plan was amended and restated effective December 1, 1999, to among other things 1) allow participant loans as noted under Participant Loans, 2) allow participants to make voluntary tax-deferred contributions up to 12%, and 3) change the eligibility for the 401(k) portion of the Plan as noted above.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

CONTRIBUTIONS

EMPLOYER'S CONTRIBUTION:

The Employer may provide a non-service related retirement contribution of 4% of annual compensation up to the Social Security wage base and 7% of annual compensation thereafter, and a service related retirement contribution of 1% of annual compensation for participants who have completed five or more years of vesting service as of the last day of the Plan year. Participants who complete 500 hours of service during

Edgar Filing: ABERCROMBIE & FITCH CO /DE/ - Form 11-K

the Plan year and are participants on the last day of the Plan year are eligible. The annual compensation of each participant taken into account under the Plan is limited to the maximum amount permitted under Section 401(a)(17) of the Internal Revenue Code. The annual compensation limit for the Plan year ended December 31, 2000, was \$170,000.

The Employer may also provide a matching contribution of 100% of the participant's voluntary contributions up to 3% of the participant's total annual compensation.

This voluntary tax-deferred contribution may be limited by Section 401(k) of the Internal Revenue Code. Prior to December 1, 1999, a participant was permitted to make voluntary tax-deferred contributions up to 6%.

VESTING

A participant is fully and immediately vested for voluntary and rollover contributions and is credited with a year of vesting service in the Employer's contributions for each Plan year that the participant is credited with at least 500 hours of service. A summary of vesting percentages in the Employer's contributions follows:

Years of Vested Service	Percentage
-----	-----

Edgar Filing: ABERCROMBIE & FITCH CO /DE/ - Form 11-K

Less than 1 year	0%
1 year	20
2 years	40
3 years	60
4 years	80
5 years	100

Prior to December 1, 1999, the vesting schedule was the seven year graduated method.

PAYMENT OF BENEFITS

The full value of a participant's account becomes payable upon retirement, disability, or death. Upon termination of employment for any other reason, a participant's account to the extent vested, becomes payable. Those participants with vested account balances greater than \$5,000 have the option of leaving their accounts invested in the Plan until age 65. All benefits will be paid as a lump-sum distribution. Those participants holding shares of Employer Securities will have the option of receiving such amounts in whole shares of Employer Securities and cash for any fractional shares. Participants have the option of having their benefit paid directly to an eligible retirement plan specified by the participant.

-10-

11

(1) DESCRIPTION OF THE PLAN (CONTINUED)

A participant who is fully vested in his or her account and who has participated in the Plan for at least five years may obtain an in-service withdrawal from his or her account based on the percentage amounts designated by the Plan. A participant may also request a hardship distribution due to an immediate and heavy financial need based on the terms of the Plan.

PARTICIPANT LOANS

Effective December 1, 1999, the Plan was amended to allow participants to borrow from their account the lesser of \$50,000 or 50% of the vested balance of their account for a term of not more than five years, except where the proceeds of the loan are used to purchase the principal residence of the participant, in which case the loan may be for no more than twenty years. All loans become due and payable in full upon a participant's termination of employment with the employer unless arrangements are made that the loan is repaid by direct deposit to the Trustee from a checking account of the borrower. The borrowing constitutes a separate earmarked investment of the participant's account. Interest on the borrowing is based on the customary rate for similar loans within the geographic area in which the Plan is administered.

AMOUNTS ALLOCATED TO PARTICIPANTS WITHDRAWN FROM THE PLAN

The vested portion of net assets available for benefits allocated to participants withdrawn from the plan was \$1,619 and \$12,681 as of December 31, 2000 and 1999, respectively.

Edgar Filing: ABERCROMBIE & FITCH CO /DE/ - Form 11-K

FORFEITURES

Forfeitures are used to reduce the Employer's required contributions. Forfeitures of \$88,133 were used to reduce contributions for the period ended December 31, 2000, with none being used during 1999.

EXPENSES

Administrative expenses may be paid by the Plan unless the Employer elects to pay such expenses. Administrative expenses of the Plan for 2000 and 1999 were paid by the Employer except for the loan administration fee, which is allocated to the borrowing participant's account.

Brokerage fees, transfer taxes, and other expenses incurred in connection with the investment of the Plan's assets will be added to the cost of such investments or deducted from the proceeds thereof, as the case may be.

(2) SUMMARY OF ACCOUNTING POLICIES

BASIS OF PRESENTATION

The accompanying financial statements have been prepared on the accrual basis of accounting, including investment valuation and income recognition.

-11-

12

(2) SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

ESTIMATES

The Plan prepares its financial statements in conformity with generally accepted accounting principles, which requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits at the date of the financial statements and the changes in net assets available for plan benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates.

RISKS

The Plan provides for the various investment options as described in note 1. Any investment is exposed to various risks, such as interest rate, market and credit. These risks could result in a material effect on participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

INCOME RECOGNITION

Purchases and sales of securities are recorded on a trade-date basis.

Edgar Filing: ABERCROMBIE & FITCH CO /DE/ - Form 11-K

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

INVESTMENT VALUATION

Mutual funds are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the Plan at year end. Common stocks are valued as determined by quoted market price. The common collective trusts are valued on a daily basis. The value of each unit is determined by subtracting total liabilities from the total value of the assets, including accrued income, and dividing the amount remaining by the number of units outstanding on the valuation date.

NET APPRECIATION (DEPRECIATION) IN FAIR VALUE OF INVESTMENTS

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statements of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

BENEFIT PAYMENTS

Benefits are recorded when paid.

(3) INVESTMENTS

The Plan's investments are held by Merrill Lynch Trust Company, as trustee of the Plan. Prior to October 1, 1999, the Plan's investments were held by The Chase Manhattan Bank, as trustee of the Plan. The following table presents balances as of December 31, 2000 and 1999 for the Plan's current investment options. Investments that represent 5 percent or more of the Plan's net assets are separately identified.
