## VALUE CITY DEPARTMENT STORES, INC. NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

### 1. BASIS OF PRESENTATION

The accompanying consolidated financial statements include the accounts of Value City Department Stores, Inc. and its wholly owned subsidiaries. These entities are herein referred to collectively as the Company. The Company is managed in three operating segments: Value City Department Stores ("Value City"), DSW Shoe Warehouse ("DSW"), and Filene's Basement.

VALUE CITY. The Company operates a chain of 116 department stores located in Ohio, Pennsylvania and 13 other Midwestern, Eastern and Southern states, principally under the name Value City. For over 80 years, our strategy has been to provide exceptional value by offering a broad selection of brand name merchandise at prices substantially below conventional retail prices. Our Value City stores carry men's, women's and children's apparel, housewares, giftware, home furnishings, toys, jewelry, health and beauty care items, shoes and commodities, with apparel comprising well over one-half of total sales. Our Value City stores average 87,000 square feet which allow us to offer over 100,000 different items of merchandise similar to the items found in traditional department, specialty and discount stores. Our pricing strategy is supported by our ability to purchase large quantities of goods in a variety of special buying opportunities. For many years, we have had a reputation in the marketplace as a purchaser of buy-outs and manufacturers' closeouts.

DSW. The Company also operates a chain of 131 DSW stores located throughout the United States. Our DSW stores are a chain of upscale shoe stores offering a wide selection of dress and casual footwear below traditional retail prices. These stores average 25,000 square feet with up to 45,000 pairs of women's and men's designer brand shoes and athletic footwear per store. Additionally, Shonac Corporation, the parent company of DSW, pursuant to license agreements with Value City and Filene's Basement, operates the license shoe departments in principally all Value City and Filene's Basement stores. Results of operations of licensed shoe departments are included with the Value City and Filene's Basement segments. In July 2002, Shonac Corporation entered into a Supply Agreement with Stein Mart to supply merchandise to some of Stein Mart's shoe departments. The Stein Mart Supply Agreement operations are included with the DSW segment.

## Edgar Filing: VALUE CITY DEPARTMENT STORES INC /OH - Form 10-Q

FILENE'S BASEMENT. Finally, the Company operates 21 Filene's Basement stores located principally in the Northeast United States. Our Filene's Basement stores average 40,000 square feet and specialize in top tier brand name merchandise of men's and women's apparel, jewelry, shoes, accessories and home goods.

The accompanying financial statements reflect all adjustments consisting of only normal recurring adjustments, which are, in the opinion of management, necessary to present fairly the consolidated financial position and results of operations for the periods presented. To facilitate comparisons with the current year, certain previously reported balances have been reclassified to conform with the current period presentation.

VALUE CITY DEPARTMENT STORES, INC.  
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
(UNAUDITED)

### 2. SHAREHOLDERS' EQUITY

	Six months ended August 2, 2003
-----	
Total shareholders' equity, beginning of period	\$221,164
Net loss	(16,821)
Amortization of deferred compensation expense	193
Net unrealized gain on derivative financial instruments, net of income tax provision of \$413	620
-----	
Total shareholders' equity, end of period	\$205,156
-----	

The Company issued warrants ("Warrants") with a fair value of \$6.1 million to purchase 2,954,792 shares of common stock at an exercise price of \$4.50 per share to the Term Loan C Lenders. The number of shares issuable upon the exercise of the Warrants and the per share exercise price are subject to adjustment upon the occurrence of specified events. The Warrants are exercisable at any time prior to June 11, 2012. The Company has granted the Term Loan C Lenders registration rights with respect to the shares issuable upon exercise of the Warrants. The value placed on the Warrants was \$6.1 million and the related debt discount is amortized into interest expense over the life of the debt.

#### \$75 Million Senior Convertible Loan

The Company amended and restated its \$75.0 million Senior Subordinated Convertible Loan Agreement on June 11, 2002 ("the "Convertible Loan"). As amended, borrowings under the Convertible Loan will bear interest at 10% per annum. At the Company's option, interest may be PIK from the closing date until June 11, 2004, and thereafter, at the option of the Company, up to 50% of the interest due may be PIK until maturity. The Convertible Loan is guaranteed by all principal subsidiaries and is secured by a lien on

## Edgar Filing: VALUE CITY DEPARTMENT STORES INC /OH - Form 10-Q

assets junior to liens granted in favor of the lenders on the Company's Revolving Credit Agreement and Term Loans. The Convertible Loan is not subject to prepayment until June 11, 2007. The agent has the right to designate two observers to the Board of Directors for so long as the agent is the beneficial owner of at least 50% of the advances initially made by it and has the right to designate two individuals to the Board of Directors for so long as the agent is the beneficial owner of at least 50% of the conversion shares issued upon conversion of the advances initially made by it.

The Convertible Loan is convertible at the option of the holders into shares of Value City Department Stores, Inc. common stock at a conversion price of \$4.50. The maturity date is June 10, 2009.

-7-

VALUE CITY DEPARTMENT STORES, INC.  
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
(UNAUDITED)

### 3. EARNINGS PER SHARE

Basic earnings per share is based on the net loss and a simple weighted average of common shares outstanding.

Diluted earnings per share reflects the potential dilution of common shares, related to both outstanding stock options and warrants, calculated using the treasury stock method and convertible debt calculated using the if-converted method. The numerator for the diluted earnings per share calculation is the net loss adjusted to remove the effect of interest, adjusted for tax, on the convertible debt.

The denominator is summarized as follows for the diluted earnings per share calculation (in thousands):

	Three months ended	
	August 2, 2003	August 3, 2002
Weighted average shares outstanding	33,720	33,651
Assumed exercise of warrants	--	--
Assumed conversion of debt	--	--
Assumed exercise of dilutive stock options	--	--
Number of shares for computation of diluted earnings per share	33,720	33,651

The stock options, warrants and convertible debt are anti-dilutive for the three months ended August 2, 2003 and August 3, 2002 and the six months ended August 2, 2003 and August 3, 2002.

### 4. VALUATION ACCOUNT

Reserves established and used for severance costs are as follows (in thousands):

	Six months ended
	----- August 2, 20
Balance at beginning of period	\$3,9
Provisions to establish reserves	
Reductions for intended purposes	(3,9
Balance at end of period	

-8-

VALUE CITY DEPARTMENT STORES, INC.  
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
(UNAUDITED)

5. ADOPTION OF ACCOUNTING STANDARDS

The Financial Accounting Standards Board ("FASB") periodically issues Statements of Financial Accounting Standards ("SFAS"), some of which require implementation by a date falling within or after the close of the fiscal year.

In April 2002, the FASB issued SFAS No. 145, "Rescission of FASB Statements No. 4, 44, and 64, Amendment of FASB Statement No. 13 and Technical Corrections". SFAS No. 145 is effective for fiscal years beginning after May 15, 2002. The adoption of SFAS No. 145 did not have a significant effect on the Company's results of operations or its financial position. However it did require that the Company reclassify the loss on the extinguishment of debt of approximately \$3.3 million from extraordinary loss to selling, general and administrative expense, in the Company's consolidated financial statement of operations.

In May 2003, the FASB issued SFAS No. 150, "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity". SFAS No. 150 requires that an issuer classify a financial instrument that is within its scope as a liability (or an asset in some circumstances), many of which were previously classified as equity. This statement is effective for financial instruments entered into or modified after May 31, 2003 and otherwise shall be effective for the Company's 2004 financial statements. Management does not expect the initial adoption of this accounting pronouncement will have a material impact on the Company's consolidated financial statements.

In January 2003, the FASB issued FIN 46, Consolidation of Variable Interest Entities. FIN 46 clarifies the application of Accounting Research Bulletin No. 51, Consolidated Financial Statements, to certain entities in which equity investors do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support from other parties. FIN 46 requires a variable interest entity to be consolidated by a

## Edgar Filing: VALUE CITY DEPARTMENT STORES INC /OH - Form 10-Q

company, if that company is subject to a majority of the risk of loss from the variable interest entity's activities or entitled to receive a majority of the entity's residual returns or both. FIN 46 also requires disclosures about variable interest entities that a company is not required to consolidate but in which it has a significant variable interest. The consolidation requirements of FIN 46 apply immediately to variable interest entities created after January 31, 2003 and to existing entities in the first fiscal year or interim period beginning after June 15, 2003. Certain of the disclosure requirements apply to all financial statements issued after January 31, 2003, regardless of when the variable interest entity was established. The Company has no variable interest entities as of August 2, 2003.

The FASB's Emerging Issues Task Force ("EITF") Issue No. 02-16, "Accounting By A Customer (Including A Reseller) For Cash Consideration Received From A Vendor" addressed the accounting treatment for vendor allowances. The adoption of EITF Issue No. 02-16 in

-9-

VALUE CITY DEPARTMENT STORES, INC.  
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
(UNAUDITED)

2003 did not have a material impact on the Company's financial position or results of operations.

6. ACCUMULATED OTHER COMPREHENSIVE LOSS

Comprehensive loss represents net loss plus the results of certain non-shareholders' equity changes not reflected in the Consolidated Statement of Operations. The components of comprehensive loss, net of tax are as follows (in thousands):

	Three months ended	
	August 2, 2003	August 3, 2002
Net loss	\$(3,648)	\$(726)
Net unrealized gain on derivative financial instruments net of income tax	--	381
Other comprehensive loss	\$(3,648)	\$(345)

The components of the balance sheet caption accumulated other comprehensive loss are as follows (in thousands):

	August 2, 2003
Net unrealized loss on derivative financial instruments, net of income tax	\$ --
Minimum pension liability, net of income tax	(5,200)

Edgar Filing: VALUE CITY DEPARTMENT STORES INC /OH - Form 10-Q

-----  
Accumulated other comprehensive loss \$ (5,200)  
-----

The Company's interest rate swap expired during the three months ended May 3, 2003, and was not renewed.

7. STOCK BASED COMPENSATION

The Company has various stock-based employee compensations plans. The Company accounts for those plans in accordance with APB No. 25 "Accounting For Stock Issued to Employees" and related Interpretations. No stock based employee compensation cost is reflected in net loss, as no options granted under those plans had an exercise price less than the market value of the underlying common stock on the date of grant. The following table illustrates the effect on net loss and loss per share if the Company had applied the fair value recognition of SFAS 123, "Accounting for Stock-Based Compensation".

-10-

VALUE CITY DEPARTMENT STORES, INC.  
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
(UNAUDITED)

	Three months ended	
	August 2, 2003	August 3, 2002
Net loss, as reported	\$(3,648)	\$(726)
Deduct: Total stock-based employee compensation expense determined under fair value based method for all awards, net of tax	(1,280)	(1,252)
Pro forma net loss	\$(4,928)	\$(1,978)
Loss per share:		
Basic and diluted as reported	\$(0.11)	\$(0.02)
Basic and diluted pro forma	\$(0.15)	\$(0.06)

8. TAX VALUATION

The Company establishes valuation allowances for our deferred tax assets when the amount of expected future taxable income is not likely to support the use of the deduction or credit. At August 2, 2003, an allowance of \$9.8 million has been provided. On February 1, 2003, no allowance was recorded.

The tax rate prior to the allowance was 75.5%, and reflects the impact of the non-deductible warrant amortization included for book income but not tax.

9. SUPPLEMENTAL DISCLOSURES OF CASH FLOW INFORMATION

## Edgar Filing: VALUE CITY DEPARTMENT STORES INC /OH - Form 10-Q

A supplemental schedule of non-cash investing and financing activities is presented below (in thousands):

	6 months ended	
	August 2, 2003	August 3, 2002
Cash paid during the period for:		
Interest	\$20,187	\$17,187
Income taxes	1,558	1,558
Issue of warrants	\$--	\$6,100

-11-

VALUE CITY DEPARTMENT STORES, INC.  
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
(UNAUDITED)

The Company issued warrants with a fair value of \$6.1 million to the holders of the Term Loan C Lenders to purchase 2,954,792 shares of common stock at the initial exercise price of \$4.50 per share, subject to adjustment. The Warrants are exercisable at any time prior to June 11, 2012. The Company has granted the Term Loan C Lenders registration rights with respect to the shares issuable upon exercise of the Warrants.

### 10. SEGMENT REPORTING

The Company is managed in three operating segments: Value City Department Stores, DSW and Filene's Basement. All of the operations are located in the United States. The Company has identified such segments based on management responsibility and measures segment profit as operating (loss) profit, which is defined as income before interest expense and income taxes.

Three-month period ended August 2, 2003 (in thousands):

	Value City	DSW	Filene's
Net sales	\$336,522	\$192,338	\$75,734
Operating (loss) profit	(10,598)	10,931	1,449
Capital expenditures	9,452	2,023	1,182
Depreciation and amortization	9,169	3,269	1,551

Three-month period ended August 3, 2002 (in thousands):

Edgar Filing: VALUE CITY DEPARTMENT STORES INC /OH - Form 10-Q

	Value City -----	DSW ---	Filene's -----
Net sales	\$336,456	\$158,833	\$73,773

Capital expenditures	8,033	10,637	1,319
Depreciation and amortization	22,629	3,799	4,040

11. COMMITMENTS AND CONTINGENCIES

The Company is involved in various legal proceedings that are incidental to the conduct of its business. The Company estimates the range of liability related to pending litigation where the amount and range of loss can be estimated. The Company records its best estimate of a loss when the loss is considered probable. Where a liability is probable and there is a range of estimated loss, the Company records the minimum estimated liability related to the claim. In the opinion of management, the amount of any liability with respect to these proceedings will not be material. As additional information becomes available, the Company assesses the potential liability related to its pending litigation and revises the estimates. Revisions in the Company's estimates and potential liability could materially impact its results of operations.

-13-

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION  
AND RESULTS OF OPERATIONS

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS  
OF OPERATIONS.

RISK FACTORS AND SAFE HARBOR STATEMENT

We caution that any forward-looking statements (as such term is defined in the Private Securities Litigation Reform Act of 1995) contained in this Report and/or other risk factors that may be described in the Safe Harbor Statement and Business Risks section of the Company's Annual Report on Form 10-K for the year ended February 1, 2003, or contained in other filings with the Securities and Exchange Commission or made by our management involve risks and uncertainties, and are subject to change based on various important factors. The following factors, among others, in some cases have affected and in the future could affect our financial performance and actual results and could cause actual results for 2003 and beyond to differ materially from those expressed or implied in any such forward-looking statements: decline in demand for our merchandise, our ability to attain our fiscal 2003 business plan, expected cash from operations, vendor and their factor relations, flow of merchandise, compliance with our credit agreements, our ability to strengthen our liquidity and increase our credit availability, the availability of desirable store locations on suitable terms, changes in consumer spending patterns, consumer preferences and overall economic conditions, the impact of competition and pricing, changes in weather patterns, changes in existing or potential duties, tariffs or quotas, paper and printing costs, and the ability to hire and train associates. One or more of these factors have affected, and in the future could affect, our business and financial results and could cause actual results to differ from plans and projections. Although we believe that the assumptions underlying the forward-looking statements contained herein are reasonable, any of the assumptions could be inaccurate. Therefore, there can be no assurance that the forward-looking statements included in this Quarterly Report on Form 10-Q will prove to be accurate. In light of the significant uncertainties inherent in the forward-looking statements included herein, the inclusion of such information should not be regarded as representations by us or any other person that our objectives and plans will be achieved. All forward-looking statements made in this Quarterly Report are based on information presently available to our management. We assume no obligations to update any forward-looking statements contained herein.

Historically, our operations have been seasonal, with a disproportionate amount of sales and a majority of net income occurring in the back-to-school and Christmas selling seasons. As a result of this seasonality, any factors negatively affecting us during this period, including adverse weather, the timing and level of markdowns or unfavorable economic conditions, could have a material adverse effect on our financial condition and results of operations for the entire year.

CRITICAL ACCOUNTING POLICIES

Management's Discussion and Analysis discusses the results of operations and financial condition as reflected in our consolidated financial statements, which have been prepared in accordance with generally accepted accounting principles.

## Edgar Filing: VALUE CITY DEPARTMENT STORES INC /OH - Form 10-Q

As discussed in Notes to Consolidated Financial Statements that are included in our Annual Report on Form 10-K for the year ended February 1, 2003 that is filed with the Securities and Exchange Commission, the preparation of

-14-

### VALUE CITY DEPARTMENT STORES, INC. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of commitments and contingencies at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. On an ongoing basis, management evaluates its estimates and judgments, including, but not limited to, those related to inventory valuation, depreciation, amortization, recoverability of long-lived assets including intangible assets, the calculation of retirement benefits, estimates for self insurance reserves for health and welfare, workers' compensation and casualty insurance, income taxes, contingencies, litigation and revenue recognition. Management bases its estimates and judgments on its historical experience and other relevant factors, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. The process of determining significant estimates is fact specific and takes into account factors such as historical experience, current and expected economic conditions, product mix, and in some cases, actuarial and appraisal techniques. We constantly re-evaluate these significant factors and make adjustments where facts and circumstances dictate.

While we believe that our historical experience and other factors considered provide a meaningful basis for the accounting policies applied in the preparation of the consolidated statements, we cannot guarantee that our estimates and assumptions will be accurate. As the determination of these estimates requires the exercise of judgement, actual results inevitably will differ from those estimates, and such differences may be material to the financial statements.

We believe the following represent the most critical estimates and assumptions, among others, used in the preparation of our consolidated financial statements. We have discussed the selection, application and disclosure of the critical accounting policies with our audit committee.

- Revenue recognition. Revenues from our retail operations are recognized at the latter of point of sale or the delivery of goods to the customer. Retail revenues are reduced by a provision for anticipated returns based on our historical trends by our customers.
- Cost of sales and merchandise inventories. We use the retail method of accounting for substantially all of our merchandise inventories. Merchandise inventories are stated at the lower of cost, determined using the first-in, first-out basis, or market using the retail inventory method. The retail method is widely used in the retail industry due to its practicality. Under the retail inventory method, the valuation of inventories at cost and the resulting gross margins are calculated by applying a calculated cost to retail ratio to the retail value of inventories. The cost of the inventory reflected on our consolidated balance sheet is decreased by charges to cost of sales at the time the retail value of the inventory is lowered through the use of markdowns. Hence, earnings are negatively impacted as

merchandise is marked down prior to sale, or when reserves are established. The amount of the reserve is equal to the difference between "retail method cost" of the inventory and the estimated market value based on significant assumptions about future demand and market conditions.

-15-

VALUE CITY DEPARTMENT STORES, INC.  
MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION  
AND RESULTS OF OPERATIONS

Reserves to value inventory at the lower of cost or market were \$36.8 million on August 2, 2003 and \$32.5 million at the end of fiscal 2002.

Inherent in the calculation of inventories are certain significant management judgements and estimates including, setting the original merchandise retail value or markon, markups of initial prices established, reduction of pricing due to customer's value perception or perceived value known as markdowns and estimates of losses between physical inventory counts or shrinkage, which combined with the averaging process within the retail method, can significantly impact the ending inventory valuation at cost and the resulting gross margins.

- Long-lived assets. In evaluating the fair value and future benefits of long-lived assets, excluding goodwill, we perform an analysis of the anticipated undiscounted future cash flows of the related long-lived asset. If an impairment is indicated, we reduce the carrying value by the excess of the recorded value over the fair value. Goodwill is tested on an annual basis using a fair value based approach.

For the six months ended August 2, 2003, we recorded no impairments related to long-lived assets. During fiscal 2002, we implemented SFAS 142 which required that goodwill no longer be amortized, but would be subject to annual fair value based impairment tests. The initial tests for goodwill impairment, as of February 3, 2002, resulted in a non-cash charge of \$3.4 million, \$2.1 million net of taxes that was recorded effective for the quarter ended May 4, 2002.

We believe at this time that the long-lived assets' carrying values and useful lives continue to be appropriate. To the extent these future projections or our strategies change, the conclusion regarding impairment may differ from our current estimates.

- Self-insurance reserves. We record estimates for certain health and welfare, workers compensation and casualty insurance costs that are self-insured programs. These estimates are based on actuarial assumptions and are subject to change based on actual results. Should a greater amount of claims occur compared to what was estimated for costs of certain health and welfare, workers compensation or casualty insurance increase beyond what was anticipated, reserves recorded may not be sufficient and additional costs to the consolidated financial statements could be required.
- Pension. The obligations and related assets of defined benefit retirement plans are included in the Condensed Consolidated Financial Statements. Plan assets, which consist primarily of marketable equity and debt instruments, are valued using market quotations. Plan obligations and the annual pension expense are determined by

independent actuaries and through the use of a number of assumptions. Key assumptions in measuring the plan obligations include the discount rate, the rate of salary increases and the estimated future

-16-

VALUE CITY DEPARTMENT STORES, INC.  
MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION  
AND RESULTS OF OPERATIONS

return on plan assets. In determining the discount rate, we utilize the yield on fixed-income investments currently available with maturities corresponding to the anticipated timing of the benefit payments. Salary increase assumptions are based upon historical experience and anticipated future management actions. Asset returns are based upon the anticipated average rate of earnings expected on the invested funds of the plans. At August 2, 2003, the actual assumption of our plans has remained unchanged from our Annual Report on Form 10-K for the year ended February 1, 2003 filed with the Securities and Exchange Commission. To the extent actual results vary from assumptions, earnings would be impacted.

- Customer loyalty program. We maintain a customer loyalty program for our DSW operations in which customers receive a future discount on qualifying purchases. Upon reaching the target level, customers may redeem these discounts on a future purchase. Generally, these future discounts must be redeemed in one year. We accrue the estimated costs of the anticipated redemptions of the discount earned at the time of the initial purchase and charge such costs to selling, general and administrative expense based on historical experience. The estimates of the costs associated with the loyalty program require us to make assumptions related to customer purchase levels and redemption rates. The accrued liability was \$2.8 million as of August 2, 2003 and \$2.2 million as of February 1, 2003. To the extent assumptions of purchases and redemption rates vary from actual results, earnings would be impacted.
- Income taxes. We do business in numerous jurisdictions that impose taxes. Management is required to determine the aggregate amount of income tax expense to accrue and the amount which will be currently payable based upon tax statutes of each jurisdiction. The estimation process involves adjusting net income (loss) determined by the application of generally accepted accounting principles for items that are treated differently by the applicable taxing authorities. We establish valuation allowances for our deferred tax assets when the amount of expected future taxable income is not likely to support the use of the deduction or credit. At August 2, 2003 an allowance of \$9.8 million has been provided. On February 1, 2003, no allowance was recorded. Deferred tax assets and liabilities are reflected on our balance sheet for temporary differences that will reverse in subsequent years. If different management judgements had been made, our tax expense, assets and liabilities could be different.

VALUE CITY DEPARTMENT STORES, INC.  
MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION  
AND RESULTS OF OPERATIONS

RESULTS OF OPERATIONS

The following table sets forth, for the periods indicated, the percentage relationships to net sales of the listed items included in the Company's Consolidated Statements of Operations.

	Three months ended	
	August 2, 2003	August 3, 2002
Net sales, excluding sales of licensed departments	100.0%	100.0%
Cost of sales	(60.9)	(60.7)
Gross profit	39.1	39.3
Selling, general and administrative expenses	(39.0)	(38.5)
License fees and other operating income	0.2	0.4
Operating profit (loss)	0.3	1.2
Interest expense, net	(1.3)	(1.4)
Loss before benefit for income taxes and cumulative effect of accounting change	(1.0)	(0.2)
Benefit for income taxes	0.4	0.1
Loss before cumulative effect of accounting change	(0.6)	(0.1)
Cumulative effect of accounting change, net of income taxes	--	--
Net loss	(0.6)%	(0.1)%

THREE MONTHS ENDED AUGUST 2, 2003 COMPARED TO THREE MONTHS ENDED AUGUST 3, 2002

Net sales increased \$35.5 million, or 6.2%, from \$569.1 million to \$604.6 million. Comparable stores sales for the quarter were positive for each segment. Comparable store sales by segment were:

August 2, 20

-18-

VALUE CITY DEPARTMENT STORES, INC.  
MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION  
AND RESULTS OF OPERATIONS

Value City's sales were \$336.5 million, unchanged from the prior year quarter. Value City's non-apparel comparable sales increased 5.3% while apparel sales decreased 2.0%. Non-apparel sales were positively impacted by increases in domestics and housewares up 8.3% and 18.4%, respectively. Increases were the result of deals and buyouts in these departments complemented by new business items within these categories. Value City's Men's and Ladies apparel divisions had negative comparable sales for the quarter of 4.8% and 1.2%, respectively. The Children's division had positive comparable sales of 2.0%. Apparel sales were negatively impacted by cooler weather patterns across our markets.

DSW sales were \$192.3 million, a 21.1% increase in the quarter, which includes a net increase of 14 DSW stores and the addition of 153 leased locations.

Filene's Basement sales were \$75.7 million, a 2.7% increase in the quarter.

Gross profit increased by \$12.8 million to \$236.4 million, from \$223.6 million, and decreased as a percentage of sales from 39.3% to 39.1%. The decrease is attributable primarily to increased markdowns during the quarter due to cooler spring weather. Gross profit, as a percent to sales by segment in the second quarter, were:

	Th
	-----

=====	

Selling, general and administrative expenses ("SG&A") increased \$16.6 million, from \$219.3 million to \$235.9 million, and increased as a percentage of sales from 38.5% to 39.0%. This increase includes \$9.3 million attributable to new stores and leased shoe departments in operation at DSW. The increase of SG&A as a percentage of sales is due primarily to additional efforts made in marketing to promote sales and create brand awareness. The prior year SG&A expenses include the \$3.3 million debt extinguishment expense reported in the prior year quarter as an extraordinary item. SG&A as a percent of sales by segment in the second quarter were:

	Th
	August 2, 20

Filene's Basement	32
Total	39

License fees and other operating income decreased \$1.1 million, from \$2.4 million to \$1.3 million, and decreased as a percentage of sales to 0.2%. The decrease is attributable to a decline

-19-

VALUE CITY DEPARTMENT STORES, INC.  
MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION  
AND RESULTS OF OPERATIONS

in license fees and layaway fees received from leased departments and layaway sales at Value City.

Operating profit decreased to \$1.8 million, from \$6.7 million and decreased as a percentage of sales from 1.2% to 0.3%.

Net interest expense for the quarter increased \$0.2 million to \$8.1 million. The increase is due primarily to a 1.4% increase in our weighted average borrowing rate, a result of new term debt entered into June 11, 2002, and the increase of \$18.0 million in average borrowings from last year to this year.

The effective tax rate for the three months ended August 2, 2003 is 42.0% versus 38.3% for the three months ended August 3, 2002. During the period, the Company established a valuation allowance for our deferred tax assets of \$9.8 million. The tax rate prior to the allowance was 75.5%, and reflects the impact of the non-deductible warrant amortization included for book income but not tax.

SIX MONTHS ENDED AUGUST 2, 2003 COMPARED TO SIX MONTHS ENDED AUGUST 3, 2002

Net sales increased \$38.1 million, or 3.3%, from \$1,155.0 million to \$1,193.1 million. Comparable stores sales for the six-month period were negative for Value City and Filene's Basement and positive for DSW. Comparable store sales by segment were:

Total

(1)

Value City's sales were \$679.4 million, a 2.3% decrease in the six-month period. Value City's non-apparel comparable sales increased 2.2% while apparel sales decreased 4.1%. Non-apparel sales were positively impacted by increases in domestics and housewares up 5.7% and 14.6%, respectively. Increases were the result of deals and buyouts in these departments complemented by new business items within these categories. Each of the three apparel divisions: Children's, Men's and Ladies, had negative comparable sales for the six-month period of 3.8%, 5.0% and 3.4%, respectively. Apparel sales were negatively impacted by cooler weather patterns across our markets.

DSW sales were \$375.4 million, a 19.2% increase in the six-month period, which includes a net increase of 14 DSW stores and the addition of 153 leased locations. Year-to-date sales and particularly comparative stores sales have been impacted by cooler seasonal weather.

Filene's Basement sales were \$138.3 million, a 4.3% decrease in the six-month period.

-20-

VALUE CITY DEPARTMENT STORES, INC.  
MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION  
AND RESULTS OF OPERATIONS

Gross profit increased by \$6.3 million to \$453.1 million, from \$446.8 million, and decreased as a percentage of sales from 38.7% to 38.0%. The decrease is attributable to increased markdowns during the six-month period as a result of a highly competitive retail environment and the unseasonably cooler early spring/summer season. Gross profit, as a percent of sales by segment in the six-month period, were:

	S

Total	38

Selling, general and administrative expenses ("SG&A") increased \$24.3 million, from \$442.6 million to \$466.9 million, and increased as a percentage of sales from 38.4% to 39.1%. This increase includes \$16.8 million attributable to new stores and leased shoe departments in operation at DSW. The increase in SG&A as a percentage of sales is due in part to additional marketing efforts to promote sales and create brand awareness. The prior year SG&A expenses include the \$3.3 million debt extinguishment expense reported in the prior year six-month period as extraordinary item. SG&A as a percent of sales by segment in the six-month period were:

	S
	August 2, 20
Value City Department Stores	41
DSW	36
Filene's Basement	34
Total	39

License fees and other operating income decreased \$1.8 million, from \$4.6 million to \$2.8 million, and decreased as a percentage of sales to 0.2%. The decrease is attributable to a decline in license fees and layaway fees received from leased departments and layaway sales in Value City.

Operating (loss) profit decreased to a loss of \$11.0 million, from a profit of \$8.8 million and decreased as a percentage of sales from a profit of 0.7% to a loss of 0.9%. The decrease is attributable to the margin shortfall and increase in SG&A, primarily advertising in the current year.

Net interest expense for the six-month period increased \$3.5 million to \$17.7 million. The increase is due primarily to a 2.7% increase in our weighted average borrowing rate, a result of new term debt entered into June 11, 2002, offset by a decrease of \$0.8 million in average borrowings from last year to this year.

-21-

VALUE CITY DEPARTMENT STORES, INC.  
MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION  
AND RESULTS OF OPERATIONS

The effective tax rate for the six months ended August 2, 2003 is 41.4% versus 37.1% for the six months ended August 3, 2002. During the period the Company established a valuation allowance for our deferred tax assets of \$9.8 million. Our tax rate prior to the allowance was 75.5%, and reflects the impact of the non-deductible warrant amortization included for book income but not tax.

LIQUIDITY AND CAPITAL RESOURCES

Net working capital was \$270.5 million at August 2, 2003 and \$209.0 million at August 3, 2002. Current ratios at those dates were 1.8 and 1.6, respectively. Net cash used in operating activities totaled \$54.9 million in year-to-date fiscal 2003 compared to \$45.5 million provided by operations in year-to-date fiscal 2002. Net cash used for capital expenditures was \$23.5 million for the six-month period ended August 2, 2003 and \$20.0 million for the six-month period ended August 3, 2002. During the six-month period ended August 2, 2003, capital expenditures included \$7.8 million for new stores, \$10.9 million for improvements in existing stores and \$4.8 million for Home Office, MIS equipment upgrades and new systems. Proceeds from lease incentives are amortized as a reduction of rent expense over the life of the lease.

On June 11, 2002, we, together with our principal subsidiaries, entered into a \$525.0 million refinancing that consists of three separate credit facilities:

## Edgar Filing: VALUE CITY DEPARTMENT STORES INC /OH - Form 10-Q

(i) a new three-year \$350.0 million revolving credit facility (the "Revolving Credit Facility"), (ii) two \$50.0 million term loan facilities (the "Term Loans") provided equally by Cerberus Partners, L.P. and Schottenstein Stores Corporation ("SSC"), and (iii) an amended and restated \$75.0 million senior convertible loan, initially entered into by us on March 15, 2000, which is held equally by Cerberus Partners, L.P. and SSC (the "Convertible Loan").

### \$350 Million Revolving Credit Facility

Under the Revolving Credit Facility, the borrowing base formula is structured in a manner that allows us and our subsidiaries availability based on the value of inventories and receivables. Primary security for the Revolving Credit Facility is provided by a first priority lien on all of our inventory and accounts receivable, as well as certain intercompany notes and payment intangibles. The Revolving Credit Facility also has a second priority perfected interest in all of the collateral securing the Term Loans. Interest on borrowings is calculated at the bank's base rate or Eurodollar rate plus 2.00% to 2.75%, depending upon the level of average excess availability we maintain. At August 2, 2003, \$133.0 million was available under the Revolving Credit Facility. Direct borrowings aggregated \$160.0 million. Additionally, \$22.0 million of letters of credit were issued and outstanding.

### \$100 Million Term Loans

The Term Loans are comprised of a \$50.0 million Term Loan B and a \$50.0 million Term Loan C. All obligations under the Term Loans are senior debt, ranking pari passu with the Revolving

-22-

## VALUE CITY DEPARTMENT STORES, INC. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Credit Facility and the Convertible Loan. We and our principal subsidiaries are obligated on the Term Loans.

The Term Loans stated rate of interest per annum during the initial two years of the agreement is 14% if paid in cash and 15% if we elect a paid-in-kind ("PIK") option. Until June 11, 2004, we may pay all interest by PIK. During the final year of the Term Loans, the stated rate of interest is 15.0% if paid in cash or 15.5% by PIK and the PIK option is limited to 50% of the interest due.

We issued 2,954,792 warrants ("Warrants") to purchase shares of common stock, at an exercise price of \$4.50 per share, to the Term Loan C Lenders. The number of shares issuable upon the exercise of the Warrants and the per share exercise price are subject to adjustment upon the occurrence of specified events. The Warrants are exercisable at any time prior to June 11, 2012. We have granted the Term Loan C Lenders registration rights with respect to the shares issuable upon exercise of the Warrants. The value placed on the Warrants was \$6.1 million and the related debt discount is amortized into interest expense over the life of the debt.

### \$75 Million Senior Convertible Loan

We have amended and restated our \$75.0 million Senior Subordinated Convertible Loan Agreement on June 11, 2002 ("the "Convertible Loan"). As amended, borrowings under the Convertible Loan bear interest at 10% per annum. At our option, interest may be PIK until June 11, 2004, and thereafter, at our option, up to 50% of the interest due may be PIK until maturity. The Convertible Loan is

## Edgar Filing: VALUE CITY DEPARTMENT STORES INC /OH - Form 10-Q

guaranteed by all principal subsidiaries and is secured by a lien on assets junior to liens granted in favor of the Revolving Credit Facility and Term Loans. The Convertible Loan is not prepayable until June 11, 2007. The agent has the right to designate two observers to our Board of Directors for so long as the agent is the beneficial owner of at least 50% of the advances initially made by it and has the right to designate two individuals to our Board of Directors for so long as the agent is the beneficial owner of at least 50% of the conversion shares issued upon conversion of the advances initially made by it.

The Convertible Loan is convertible at the option of the holders into shares of Value City common stock at a conversion price of \$4.50. The maturity date is June 10, 2009.

Achievement of expected cash flows from operations and compliance with the covenants of our credit agreements (as discussed in the Notes to Consolidated Financial Statements that are included in our 2002 Annual Report on Form 10-K filed with the Securities and Exchange Commission) are dependent upon a number of factors, including the attainment of sales, gross profit, expense levels, vendor relations, and flow of merchandise that are consistent with our financial projections. Future limitations of credit availability by factor organizations and/or vendors will restrict our ability to obtain merchandise and services and may impair operating results. Although operating results for the six-month period ended August 2, 2003 were below plan, we believe that cash generated by operations, along with the available proceeds from our credit agreements and other sources of financing will be sufficient to meet our obligations for working capital, capital expenditures, and debt service. However, there is no assurance that we will be able to meet our projections. Further, there is no assurance that extended financing will be available in the future if we fail to meet our projections or on terms acceptable to us.

-23-

### VALUE CITY DEPARTMENT STORES, INC. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

#### ADOPTION OF ACCOUNTING STANDARDS

The Financial Accounting Standards Board ("FASB") periodically issues Statements of Financial Accounting Standards ("SFAS"), some of which require implementation by a date falling within or after the close of the fiscal year.

In April 2002, the FASB issued SFAS No. 145, "Rescission of FASB Statements No. 4, 44, and 64, Amendment of FASB Statement No. 13 and Technical Corrections". SFAS No. 145 is effective for fiscal years beginning after May 15, 2002. The adoption of SFAS No. 145 did not have a significant effect on the Company's results of operations or its financial position. However it did require that the Company reclassify the loss on the extinguishment of debt of approximately \$3.3 million from extraordinary loss to selling, general and administrative expense, in the Company's consolidated financial statement of operations.

In May 2003, the FASB issued SFAS No. 150, "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity". SFAS No. 150 requires that an issuer classify a financial instrument that is within its scope as a liability (or an asset in some circumstances), many of which were previously classified as equity. This statement is effective for financial instruments entered into or modified after May 31, 2003 and otherwise shall be effective for the Company's 2004 financial statements. Management does not

## Edgar Filing: VALUE CITY DEPARTMENT STORES INC /OH - Form 10-Q

expect the initial adoption of this accounting pronouncement will have a material impact on the Company's consolidated financial statements.

In January 2003, the FASB issued FIN 46, Consolidation of Variable Interest Entities. FIN 46 clarifies the application of Accounting Research Bulletin No. 51, Consolidated Financial Statements, to certain entities in which equity investors do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support from other parties. FIN 46 requires a variable interest entity to be consolidated by a company, if that company is subject to a majority of the risk of loss from the variable interest entity's activities or entitled to receive a majority of the entity's residual returns or both. FIN 46 also requires disclosures about variable interest entities that a company is not required to consolidate but in which it has a significant variable interest. The consolidation requirements of FIN 46 apply immediately to variable interest entities created after January 31, 2003 and to existing entities in the first fiscal year or interim period beginning after June 15, 2003. Certain of the disclosure requirements apply to all financial statements issued after January 31, 2003, regardless of when the variable interest entity was established. We have no variable interest entities as of August 2, 2003.

The FASB's Emerging Issues Task Force ("EITF") Issue No. 02-16, "Accounting By A Customer (Including A Reseller) For Cash Consideration Received From A Vendor" addressed the accounting treatment for vendor allowances. The adoption of EITF Issue No. 02-16 in 2003 did not have a material impact on our financial position or results of operations.

-24-

### VALUE CITY DEPARTMENT STORES, INC. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

#### INFLATION

The results of operations and financial condition are presented based upon historical cost. While it is difficult to accurately measure the impact of inflation because of the nature of the estimates required, management believes that the effect of inflation, if any, on the results of operations and financial condition has been minor.

#### ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Our primary market risk results from fluctuations in interest rates. The Company is exposed to interest rate risk through borrowings under its revolving credit agreement.

Our interest rate swap expired during the three months ended May 3, 2003, and was not renewed.

#### ITEM 4. CONTROLS AND PROCEDURES

As of the end of the period covered by this report, we carried out an evaluation, under the supervision and with the participation of our management,

## Edgar Filing: VALUE CITY DEPARTMENT STORES INC /OH - Form 10-Q

including our President and Chief Executive Officer along with our Chief Financial Officer of the effectiveness of the design and operation of the Company's disclosure controls and procedures pursuant to Exchange Act Rule 13a-15. Based upon this evaluation, our President and Chief Executive Officer along with our Chief Financial Officer concluded that our disclosure controls and procedures are effective in timely alerting them to material information relating to us (including our consolidated subsidiaries) required to be included in our periodic SEC filings. It should be noted that the design of any system of controls is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions, regardless of how remote.

As of the end of the period covered by this report, there has been no change in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) of the Securities Exchange Act of 1934, as amended) during our fiscal quarter ended August 2, 2003, that has materially affected or is reasonably likely to materially affect, our internal control over financial reporting.
