PROXY STATEMENT

**ANNUAL MEETING OF SHAREHOLDERS
May 15, 2007**

This proxy statement is furnished to the shareholders of Rocky Brands, Inc. (throughout the proxy statement the terms Company, we and our refer to Rocky Brands, Inc.) in connection with the solicitation of proxies to be used in voting at the Annual Meeting of Shareholders to be held on May 15, 2007, and at any adjournment thereof. The enclosed proxy is solicited by the Board of Directors of the Company. We began mailing this proxy statement to the Company's shareholders on approximately April 23, 2007.

The Company will bear the cost of the solicitation of proxies, including the charges and expenses of brokerage firms and others for forwarding solicitation material to beneficial owners of stock. Representatives of the Company may solicit proxies by mail, telegram, telephone, or personal interview.

All shares represented by the accompanying proxy will be voted as directed if the proxy is properly signed and received by the Company before the meeting or, in the absence of specific instructions to the contrary, will be voted in accordance with the board of directors' unanimous recommendations, which are:

FOR the election of Mike Brooks, Glenn E. Corlett, Harley E. Rouda, Jr., and James L. Stewart as Class I Directors of the Company; and

at the discretion of the persons acting under the proxy, to transact such other business as may properly come before the meeting or any adjournment thereof.

Any shareholder giving a proxy has the power to revoke it at any time before it is exercised by filing a written notice with the Secretary of the Company prior to the meeting. Shareholders of record who attend the meeting may vote in person, and their proxies will not be used.

Holders of record of common stock of the Company at the close of business on April 3, 2007, will be entitled to vote at the annual meeting. At that time, the Company had 5,466,663 shares of common stock outstanding and entitled to vote. Each share of common stock outstanding on the record date entitles the holder to one vote on each matter submitted at the annual meeting.

The presence, in person or by proxy, of a majority of the outstanding shares of common stock of the Company is necessary to constitute a quorum for the transaction of business at the annual meeting. Abstentions

and broker non-votes are counted for purposes of determining the presence or absence of a quorum. Broker non-votes occur when brokers, who hold their customers' shares in street name, sign and submit proxies for such shares and vote such shares on some matters, but not others. Typically, this would occur when brokers have not received any instructions from their customers, in which case the brokers, as the holders of record, are permitted to vote on routine matters, which includes the election of directors.

The election of each director nominee requires the favorable vote of a plurality of all votes cast by the holders of common stock at a meeting at which a quorum is present. Proxies that are marked "Withhold Authority" and broker non-votes will not be counted toward such nominee's achievement of a plurality and thus will have no effect.

Election of Directors

The Company's Code of Regulations provides for a classified board of directors with two classes. Each class of directors consists, as nearly as practical, of one-half of the total number of directors. The total number of authorized directors has been fixed by the Board of Directors at eight. The Board of Directors proposes the reelection of the four incumbent Class I Directors to continue their service as Class I Directors at the 2007 Annual Meeting of Shareholders. The four incumbent Class II Directors will continue in office until the 2008 Annual Meeting of Shareholders.

Mike Brooks, Glenn E. Corlett, Harley E. Rouda, Jr., and James L. Stewart are currently Class I Directors of the Company and are being nominated by the Board of Directors for re-election as Class I Directors.

It is intended that, unless otherwise directed, the shares represented by the enclosed proxy will be voted FOR the election of Messrs. Brooks, Corlett, Rouda, Jr., and Stewart as Class I Directors. In the event that any of the nominees for director should become unavailable, the number of directors of the Company may be decreased pursuant to the Company's Code of Regulations, or the Board of Directors may designate a substitute nominee, in which event the shares represented by the enclosed proxy will be voted for such substitute nominee.

The Board of Directors recommends that the shareholders vote FOR the election of each of the nominees for Director.

The following table sets forth for each nominee and each continuing director of the Company, such person's name, age, the year in which he became a director of the Company, and his position with the Company and the Company's subsidiaries, Five Star Enterprises Ltd. ("Five Star"); Lifestyle Footwear, Inc. ("Lifestyle"); Rocky Canada, Inc. Our Board of Directors has determined that each of the Committee members is independent under the standards of independence established by NASD Rule 4200(a)(15). In addition, each of the Committee members is a non-employee director as defined by Rule 16b-3 under the Securities Exchange of 1934 and an outside director as defined by the Internal Revenue Code.

Pursuant to its charter, the Committee has the authority and responsibility to:

discharge the Board's responsibilities relating to executive compensation, including the review and approval of our executive compensation philosophy and policies and the application of such policies to the compensation of our executive officers;

review and approve on an annual basis the corporate goals and objectives with respect to the chief executive officer, evaluate the chief executive officer's performance in light of such goals and objectives at least once a year, and, based on such evaluation, set the chief executive officer's annual compensation, including salary, bonus, incentive and equity compensation;

review and approve on an annual basis the evaluation process and compensation structure for our other executive officers and to evaluate and approve the annual compensation for such executive officers, including salary, bonus, incentive and equity compensation;

administer and review our compensation programs and plans, including, but not limited to, our incentive compensation, equity, and qualified and non-qualified benefit plans;

establish and periodically review policies for the administration of our executive compensation program;

approve employment arrangements with new executives;

review recommendations to create, amend or terminate certain compensation and benefit plans and to make a decision whether or not to approve of such recommendations; and

recommend to the Board the compensation arrangements with non-employee directors.

The Committee has the sole authority, to the extent it deems necessary or appropriate, to retain any compensation consultant to assist in the evaluation of executive compensation and has the sole authority to approve any such firm's fees. The Committee also has the authority to obtain the advice of and assistance from internal or external legal, accounting or other advisors, and may request any officer or employee of our Company, our outside counsel or independent registered public accounting firm to attend a meeting of the Committee or meet with any member of, or consultants to, the Committee.

The Committee meets as often as its members deem necessary to change its duties and responsibilities and held five meetings during fiscal 2006. Mr. Rouda works in conjunction with our Chief Executive Officer and Chief Financial Officer to establish the meeting agenda. The Committee typically meets with the Chief Executive Officer, Chief Financial Officer and outside advisors and, where appropriate, other executive officers of our Company. In addition, the Committee regularly meets in executive session without management. Generally, the Committee receives and reviews materials in advance of each meeting. These materials include information that management believes will be helpful to the Committee as well as materials that the Committee has specifically requested.

Compensation Philosophy

The philosophy of the Committee is to make compensation decisions based on an executive compensation program that is designed to meet the following objectives:

to attract and retain qualified executives;

to reward current and past individual performance;

to provide short-term and long-term incentives for superior future performance;

to align compensation policies to further shareholder value; and

to relate total compensation to individual performance and performance of our Company.

The Committee believes that an executive compensation program designed with these objectives in mind has a direct impact on the success of the business by helping to ensure we have qualified executive talent in the right positions at the right time. Our executive compensation program helps ensure that our leadership group is focused on performing effectively to deliver results and build long-term shareholder value.

Compensation Tax Philosophy

Internal Revenue Code Section 162(m) bars a deduction to any publicly held corporation for compensation paid to a covered employee in excess of \$1 million per year unless objective performance criteria are set by the Committee prior to or within 90 days after the beginning of a performance period but in no event after 25% of the performance period has elapsed (or such earlier or later date as is permitted by Section 162(m)). Generally, we intend that compensation paid to NEOs shall be deductible to the fullest extent permitted by law. We may make payments that are not fully deductible if, in our judgment, such payments are necessary to achieve our compensation objectives and to protect shareholder interests. None of the compensation for fiscal 2006 was non-deductible because none of the NEOs had compensation in excess of \$1 million.

Compensation Committee Process for Determining Executive Compensation

A substantial amount of the Committee's annual cycle of work relates to the determination of compensation for our executive officers, including our Chief Executive Officer. Generally, during or prior to the first quarter of our fiscal year, the Committee makes determinations of base cash compensation, incentive compensation percentages for the year, and equity grants for executive officers, including our Chief Executive Officer. For a discussion of each individual element of compensation and how it is specifically determined, refer to Compensation Program Elements below.

Although many compensation decisions are made near the beginning of the first quarter of the fiscal year, our compensation planning process is not a rigid yearly process with fixed beginning and end points. Rather, compensation decisions are designed to promote our compensation philosophy and principles throughout the year. The Committee believes that evaluation of executive performance, business and succession planning, and consideration of our business environment are year-round processes, and the Committee members monitor these as such.

Our Chief Executive Officer is not permitted to be present during deliberations or voting of his compensation. During this process, the Committee reviews and approves any new corporate goals and objectives with respect to compensation for our Chief Executive Officer. In light of the established goals and objectives, the Committee evaluates the performance of the Chief Executive Officer and, based upon these evaluations, sets the Chief Executive Officer's compensation. The Compensation Committee also reviews and approves on an annual basis the evaluation and compensation structure for the Company's other executive officers, including approval of salary, bonus, incentive, and equity compensation. Our Chief Executive Officer is present and provides input at the meetings and deliberations on the compensation of the Company's other executive officers but is not permitted to be present at the vote.

Compensation Program Elements

In fiscal 2006, our NEOs received the following elements of compensation:

salary;

non-equity incentive compensation;

retirement benefits; and

health and welfare benefits.

The Committee carefully considered and chose each compensation program element as a critical component in a comprehensive total compensation package. Each element is intended to reward and motivate executives in different ways consistent with our overall compensation principles and philosophy. Each of the elements has a critical relationship with one another with each focusing and rewarding different areas. These elements are necessary for us to achieve our compensation program objectives.

(1) Salary:

Salary is utilized to compensate our executive officers for services rendered during the fiscal year. The Committee annually reviews and approves the compensation package of each NEO, including salary. The Committee considers an individual's qualifications and experience in setting an executive's salary. In determining salary increases, the Committee considers the size and responsibility of the individual's position and the individual's overall performance and future potential. The Committee considers these factors subjectively in the aggregate. Because the Committee believes that each of the factors is significant, the Committee does not assign a formula weight to any single factor in determining a salary increase.

Please refer to the Salary column in the Summary Compensation Table on page 17 for more information on each NEO's salary for fiscal 2006.

(2) Non-Equity Incentive Compensation:

Non-equity incentive compensation (IC) for our NEOs is determined under an annual incentive compensation plan (the IC Plan) that is designed and approved by the Committee. Our IC Plan is designed to provide a competitive cash compensation program for recruiting and retaining executive talent and a short-term incentive and reward program that aligns pay with performance and motivates our executives to achieve results. The IC Plan pays cash awards based upon the achievement of key corporate objectives. In 2006, the Committee designed and approved an IC Plan for the fiscal year ending December 31, 2006 (the 2006 Plan).

When setting IC, the Committee considers individual and corporate performance, levels of responsibility, prior experience, breadth of knowledge and competitive pay practices. The Committee considers these factors subjectively in the aggregate. IC is based on a percentage of base salary if Company performance goals are met. Payment of IC is prorated based on the percentage of the performance level achieved, and the bonus amounts are interpolated between the performance levels. The Committee establishes the financial performance goals under the IC Plan for the fiscal year. These goals are generally determined near the beginning of the year and are based

on an analysis of historical performance and growth expectations for our business, expectations of the public markets, and progress toward achieving our long-range strategic plan for the business. The Committee determined that the performance criterion under the 2006 Plan was operating income, excluding earnings from military sales and stock option expenses (Operating Income), and approved the following threshold, target, and maximum payouts based on specified levels of Operating Income:

	Payout as a Percentage of Base Salary		
	Threshold	Target	Maximum
Mike Brooks	0%	75%	175%
David Sharp	0%	60%	140%
James E. McDonald	0%	50%	115%
Thomas R. Morrison	0%	30%	60%

A minimum of 35% of any IC earned by Messrs. Brooks, Sharp, and McDonald was to be paid in shares of restricted stock (the Restricted Stock), which would vest immediately but would not be tradable in the public markets for one year. Each of Messrs. Brooks, Sharp, and McDonald could choose, with approval of the Board of Directors, to receive an additional portion of his IC in the form of Restricted Stock.

No payment was to be made for performance below the threshold level of Operating Income.

In addition to the foregoing, assuming that the threshold level of performance was attained, 10% of any earnings from military sales made during fiscal 2006 was to go into a pool to be distributed to plan participants, including the four named executive officers, at the discretion of the Board of Directors. Also, to the extent that the goal level of performance was exceeded for fiscal 2006, 10% of such excess Operating Income above the goal level was to go into a pool to be distributed to plan participants, including the four named executive officers, at the discretion of the Board of Directors.

None of the NEOs earned any IC for the 2006 fiscal year.

(3) All Other Compensation:

The All Other Compensation column in our Summary Compensation Table on page 17 primarily consists of these items:

annual employer contributions into the retirement/401(k) plan; and

employer-paid premiums for life insurance.

(a) *Retirement and 401(k) Plan:*

We sponsor a qualified retirement and 401(k) plan for eligible employees (the Retirement Plan). The Retirement Plan allows NEOs to defer a portion of their total cash compensation (up to IRS limits) into this retirement account on a pre-tax basis. Our NEOs do not receive a Company match on any money they defer into the Retirement Plan. We make an annual contribution into the Retirement Plan for eligible employees, including NEOs, of three percent of applicable salary.

These annual employer contribution amounts to NEOs are included in the Summary Compensation Table's All Other Compensation column on page 17 below.

(b) *Employer-Paid Premiums for Life Insurance:*

We provide each of our NEOs with basic group term life insurance with a death benefit of \$150,000. This is a relatively inexpensive benefit that we offer to our executives. This element of compensation, though relatively small, provides one additional item to the overall compensation package which strengthens our ability to recruit and retain talented executives.

We also provide Messrs. Brooks, Sharp and McDonald with individual term life insurance policies that have death benefits of \$1,000,000, \$500,000 and \$500,000, respectively, to be paid to each individual's beneficiary in the event of his death.

For specific premium amounts paid, please refer to the Summary Compensation Table's All Other Compensation column and footnotes below on page 17.

(c) *Agreements with Mr. Brooks :*

We have entered into a salary continuation agreement and an employment agreement with Mr. Brooks, our Chairman and Chief Executive Officer. For a discussion of these agreements, please refer to Agreements with Mr. Brooks and Potential Payments upon Termination or Change-in-Control beginning on page 21 below.

(4) Health and Welfare Benefits :

In addition to the compensation and benefits programs discussed in this document, we offer our employees, including our NEOs, a comprehensive benefits program. This program is designed to provide the employees and their families with competitive coverage at competitive rates. We strive to provide the employees with appropriate health benefits (medical, pharmacy, dental, and vision) to help protect the physical, mental and financial health of our employees and their immediate families.

Retirement Plan

The Company's Restated Retirement Plan for Non-Union Employees (the "Retirement Plan") is a defined benefit pension plan which is intended to qualify under Sections 401(a) and 501(a) of the Internal Revenue Code of 1986, as amended (the "Code"). Until December 31, 2005, all Rocky Brands, Inc. employees, including U.S. territorial employees, excluding leased employees and those employees covered by a collective bargaining agreement, were eligible to participate in the Retirement Plan if they were at least 21 years old and had worked at least 1,000 hours for the Company over a period of one year. As of December 31, 2005, the Company froze the Retirement Plan for all non-U.S. territorial employees.

The Retirement Plan provides for the payment of a monthly retirement benefit commencing at age 65, subject to certain early and late retirement options. The amount of the monthly benefit is determined pursuant to a formula contained in the Retirement Plan which takes the greater of 1.5% of the employee's average monthly compensation, or \$12.00, and multiplies it by the employee's number of years of credited service up to a maximum of 35 years. The average monthly compensation is determined for the three consecutive years which gives the participant the highest average. Compensation for this purpose means wages which are subject to federal income tax withholding.

The following table provides certain information concerning the estimated value of retirement benefits under the Retirement Plan:

Agreements with Mr. Brooks and Potential Payments Upon Termination or Change-In-Control

We have entered into both an employment agreement and a salary continuation agreement with Mr. Brooks. *Employment Agreement with Mr. Brooks*

We entered into an employment agreement with Mr. Brooks, effective July 1, 1995. Mr. Brooks' employment agreement is at will and, therefore, does not have a stated term. The agreement provides for a minimum annual base salary for Mr. Brooks that may be increased at the sole discretion of the Board of Directors, but may not be reduced once set. The agreement also provides that Mr. Brooks may not compete with our Company during the term of the agreement and for one year following termination of the agreement. The agreement requires our Company to compensate Mr. Brooks and provide him with certain benefits if his employment agreement is terminated. The compensation and benefits payable to Mr. Brooks vary depending on whether his employment is terminated:

by our Company for Cause (as defined below);

by our Company without Cause; or

involuntarily due to death or disability.

In the event of a termination by our Company without Cause, Mr. Brooks would be entitled to receive (i) his earned but unpaid base salary through the termination date and (ii) his base salary for one year following the termination date (the Severance Period); provided, however, if Mr. Brooks accepts other employment during the Severance Period, the Company shall pay him his base salary until the first to occur of the expiration of the Severance Period or the expiration of three months after the date on which he accepts other employment. In the event of a termination by the Company with Cause, Mr. Brooks would be entitled to receive his earned but unpaid base salary through the termination date.

For purposes of the agreement, Cause includes:

commission of an act of dishonesty, including, but not limited to, misappropriation of funds or any property of our Company;

engagement in activities or conduct clearly injurious to our Company's reputation;

refusal to perform his assigned duties and responsibilities;

gross insubordination;

clear violation of any of the material terms and conditions of any agreement Mr. Brooks has with our Company; or

commission of a misdemeanor involving an act of moral turpitude or a felony.

If a Change in Control (as defined below) occurs and Mr. Brooks is terminated for other than Cause, or if Mr. Brooks terminates his employment upon making a good faith determination that, following the Change in Control, his employment status or responsibilities have been materially and adversely affected thereby, he would be entitled to:

- the earned but unpaid portion of his base salary plus credit for any vacation accrued but not taken;

- any earned but unpaid bonus, incentive compensation or any other benefit to which he is entitled under the agreement through the date of termination;

- 2.99 times his Average Annual Compensation (Average Annual Compensation means the average annual compensation includible in Mr. Brooks' gross income for the period consisting of the most recent five taxable years ending before the date on which the Change in Control occurs); and

- all benefit programs in which Mr. Brooks was entitled to participate prior to termination following a Change in Control until the earlier of (i) 24 months after termination following a Change in Control or (ii) his commencement of full-time employment with a new employer.

For purposes of his agreement, Change in Control includes the occurrence of any of the following:

a person acquiring the Company, or 50% or more of the Company's assets or earning power, or combining with the Company, resulting in less than a majority of the outstanding voting shares of such person surviving such transaction being owned, immediately after the acquisition or combination, by the owners of the voting shares of the Company immediately prior to such acquisition or combination, unless the acquisition or combination is approved by the Board of Directors prior to such Change in Control; or

during any period of two consecutive years during the term of the agreement, individuals who at the beginning of such period constitute the Board of Directors of the Company cease for any reason to constitute at least a majority thereof, unless the election of each director who was not a director at the beginning of such period has been approved in advance by directors representing at least two-thirds of the directors then in office who were directors at the beginning of the period.

Potential payments upon termination and/or Change in Control under the agreement with Mr. Brooks are shown in the table below. We have used estimates where it is not possible to give a precise dollar amount for the potential payments. The estimates assume that the triggering event took place on December 31, 2006, the last day of the Company's prior fiscal year. In the table below, we have assumed that all accrued base salary has been paid as of termination date.

- (2) At Mr. Brooks option, this amount is payable in one lump sum within 30 days after termination of employment following a Change in Control or in 24 equal consecutive monthly payments commencing on the first day of the month after termination of employment following a Change in Control.

Salary Continuation Agreement with Mr. Brooks

Mr. Brooks also entered into a salary continuation agreement with the Company effective as of May 1, 1984. The agreement provides that certain benefits will be paid to Mr. Brooks or a designated beneficiary upon retirement, death, or termination of employment with the Company (or an affiliate). Under the agreement, Mr. Brooks qualifies for the benefits after 15 years of service with the Company or a predecessor corporation. If Mr. Brooks retires after age 65, Mr. Brooks or his beneficiary will receive monthly payments of \$2,500 for a ten-year period commencing 90 days after retirement. If Mr. Brooks dies before age 65, the beneficiary will receive a payment, annually for a ten-year period, of the greater of \$17,250 or the amount Mr. Brooks would have received had he terminated his employment after age 65, reduced by an amount equal to 5/9ths of one percent times the number of months remaining before Mr. Brooks would have reached age 65. If Mr. Brooks terminates his employment with the Company for any reason prior to age 65, Mr. Brooks will be entitled to receive the greater of the cash surrender value of a policy of insurance purchased by the Company on the life of Mr. Brooks or the amount Mr. Brooks would have received had he terminated his employment after age 65, reduced by an amount equal to 5/9ths of one percent times the number of months remaining before Mr. Brooks would have reached age 65. Finally, the agreement provides that Mr. Brooks will not, during or after his employment with the Company, directly or indirectly, compete with the Company or disclose any confidential information relative to the business of the Company. If Mr. Brooks breaches this or any other covenant under the agreement, no further payments are due or payable by the Company to Mr. Brooks or his beneficiary and the Company has no further liability under the agreement.

Potential payments upon termination under the salary continuation agreement with Mr. Brooks are shown in the table below. The table assumes that the triggering event took place on December 31, 2006, the last day of the Company's prior fiscal year. In the table below, we have assumed that all accrued base salary has been paid as of the termination date.

Report of the Audit Committee Of The Board Of Directors

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent the Company specifically incorporates this Report by reference therein.

General. In accordance with the Audit Committee Charter adopted by the Board of Directors, the Audit Committee assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing, and financial reporting practices of the Company. During the 2006 fiscal year, the Audit Committee met nine times.

Review and Discussion with Independent Registered Public Accounting Firm. In fulfilling its oversight responsibility as to the audit process, the Audit Committee obtained from its independent registered public accounting firm a formal written statement describing all relationships between it and the Company that might bear on its independence consistent with Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, discussed with the independent registered public accounting firm any relationships that may impact the independent registered public accounting firm's objectivity and independence, and satisfied itself as to the independent registered public accounting firm's independence. The Audit Committee also discussed with management and the independent registered public accounting firm the quality and adequacy

of the Company's internal controls. In addition, the Audit Committee reviewed and discussed with the independent registered public accounting firm all communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, *Communication with Audit Committees*, and, with and without management present, discussed and reviewed the results of the independent registered public accounting firm's examination of the consolidated financial statements.

Management has the responsibility for the preparation of the Company's consolidated financial statements, and the Company's independent registered public accounting firm has the responsibility for the examination of those statements.

Conclusion. Based on the reviews and discussions with management and the Company's independent registered public accounting firm noted above, the Audit Committee recommended to the Board that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006 to be filed with the Securities and Exchange Commission.
