This Current Report on Form 8-K updates Items 6, 7 and 8 of Forest City Enterprises, Inc.'s (the "Company") Annual Report on Form 10-K for the fiscal year ended January 31, 2007 to reflect the impact of the retrospective adjustment of the results of operations of properties either disposed of or classified as held for sale as discontinued operations during the period February 1, 2007 through July 31, 2007 in accordance with the Financial Accounting Standards Board's Statement of Financial Accounting Standards ("SFAS") No. 144 "Accounting for the Impairment or Disposal of Long-Lived Assets" ("SFAS No. 144").

The Company has retrospectively adjusted its consolidated financial statements for the years ended January 31, 2007, 2006 and 2005 to reflect six properties that were disposed of during the six months ended July 31, 2007 that were not classified as held for sale at January 31, 2007 and one property that was held for sale at July 31, 2007, that met the criteria to be classified as discontinued operations.

In accordance with SFAS No. 144, the Company has reported the revenues, expenses and gains on disposition from these properties as income from discontinued operations for each period presented in its quarterly reports filed since the property was disposed of or classified as held for sale (including the comparable period of the prior year). The same retrospective adjustment of discontinued operations required by SFAS No. 144 is required for previously issued annual financial statements in the Form 10-K, if those financial statements are incorporated by reference in subsequent filings with the SEC made under the Securities Act of 1933, even though those financial statements relate to periods prior to the date of the sale.

In addition to the reclassification requirement by SFAS No. 144, the Company has also corrected three typographical errors identified in Schedule III of Part IV Item 15(c), including the removal of an unnecessary footnote reference and correction of two amounts in the Total line.

These adjustments have no effect on the Company's previously reported net earnings. The Company has not updated any matters in the Form 10-K except to the extent expressly provided above. The Company's Quarterly Reports on Form 10-Q for the quarters ended April 30, 2007 and July 31, 2007 do not give effect to any reclassification for sales occurring after July 31, 2007.

Set forth in Exhibit 99.1 attached hereto are updated selected consolidated financial statements and selected financial information with respect to the operations of the Company as well as the Management's Discussion, Analysis of Financial Condition and Results of Operations and Financial Statement Schedules for the year ended January 31, 2007.
