QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

When And Where Is The Annual Meeting?

The annual meeting will be held on March 28, 2002, beginning at 8:00 a.m., local time, in the Greenville Room at Hotel du Pont, 11th and Market Streets, Wilmington, Delaware 19810.

What Is The Purpose Of The Annual Meeting?

At the annual meeting, we will ask you to consider and approve the matters set forth in the accompanying notice of meeting and described in this proxy statement, including the election of directors and ratification of our independent public accountants.

Why Did I Receive This Proxy Statement?

We sent you this proxy statement and the enclosed proxy card because our board of directors is soliciting your proxy to vote at the annual meeting of stockholders.

This proxy statement summarizes the information you need to know to vote on an informed basis at the annual meeting; however, you do not need to attend the annual meeting to vote your shares (see "How do I

Edgar Filing: RARE MEDIUM GROUP INC - Form DEF14A

vote?"). We began sending this proxy statement, the attached notice of annual meeting and the enclosed proxy card on or about February 27, 2002, to all stockholders entitled to vote.

Who Is Entitled To Vote?

If our records show that you are a common stockholder or a preferred stockholder as of the close of business on January 31, 2002, which is referred to as the record date, you are entitled to receive notice of the annual meeting and to vote the shares of common stock or preferred stock that you held on the record date. The common stockholders and the preferred stockholders will vote together as a single class on each matter presented at the annual meeting, except that only the preferred stockholders will vote on the election of Andrew D. Africk as a class 2 director.

How Many Shares Of Voting Stock Are Outstanding?

On January 31, 2002, there were 65,324,966 shares of our common stock outstanding and 1,053,259 shares of series A preferred stock outstanding.

How Many Votes Do The Common Stockholders Have?

Each share of existing common stock that you own entitles you to one vote for each matter to be voted upon. Accordingly, the holders of common stock are entitled to an aggregate of 65,324,966 votes.

How Many Votes Do The Preferred Stockholders Have?

The holders of series A preferred stock are entitled to an aggregate of 9,750,000 votes with respect to the series A preferred stock or 9.26 votes per share of series A preferred stock.

Can I Attend The Annual Meeting?

If you owned common stock or series A preferred stock on the record date, you can attend the annual meeting. You should be prepared to present photo identification for admittance. In addition, if your shares are held in the name of your broker, bank or other nominee, you must bring an account statement or letter from the nominee indicating that you are the beneficial owner of the shares on the record date.

If I Plan To Attend The Annual Meeting, Should I Still Vote By Proxy?

Whether you plan to attend the annual meeting or not, we urge you to vote by proxy. Returning the proxy card will not affect your right to attend the annual meeting and vote.

How Do I Vote?

If you hold your shares in our own name as a holder of record, you may instruct the proxy holders named in the enclosed proxy card how to vote your shares of common stock or shares of series A preferred stock by signing, dating and mailing the proxy card in the postage-paid envelope that has been provided to you by Rare Medium Group.

- o If your shares of common stock or shares of series A preferred stock are held by a broker, bank or other nominee (i.e., in "street name"), you will receive instructions from your nominee which you must follow in order to have your shares of common stock or shares of

Edgar Filing: RARE MEDIUM GROUP INC - Form DEFR14A

series A preferred stock voted.

- o If you are a registered stockholder and attend the annual meeting, you may deliver your completed proxy card in person. "Street name" stockholders who wish to vote at the meeting will need to obtain a proxy form from the broker, bank or other nominee that holds their shares of common stock or shares of series A preferred stock of record.

Can I Revoke My Proxy?

Any stockholder who executes and returns a proxy may revoke such proxy at any time before it is voted at the annual meeting by:

(1) filing with the Secretary of Rare Medium Group, at 44 W. 18th Street, 6th Floor, New York, New York 10011, written notice of revocation bearing a later date than the proxy; or

(2) filing a duly executed proxy bearing a later date; or

(3) appearing in person and voting by ballot at the annual meeting.

Any stockholder of record as of the record date attending the annual meeting may vote in person whether or not a proxy has been previously given, but the presence (without further action) of a stockholder at the annual meeting will not constitute revocation of a previously given proxy.

What Does It Mean If I Get More Than One Proxy Card?

If your shares are registered differently and are in more than one account, you will receive more than one proxy card. Each proxy card will indicate the number of shares you are entitled to vote on that particular card. Sign and return all proxy cards to ensure that all your shares are voted.

Am I Entitled To Appraisal Rights?

No. You will have no right under Delaware law to seek appraisal of the value of your Rare Medium Group shares in connection with the matters being voted upon.

How Does The Board Of Directors Recommend I Vote On The Proposals?

The Board of Directors recommends that you vote in favor of the election of the director nominees and in favor of ratification of our independent public accountants.

What Constitutes A Quorum And Why Is It Necessary?

In order to carry on the business of the annual meeting, we must have a quorum. The holders of a majority of the total number of votes of our capital stock, present in person or represented by proxy, will constitute a quorum for the transaction of business at the annual meeting. Abstentions and broker non-votes, if any, will count for quorum purposes. If you submit a properly executed proxy card, even if you abstain from voting, you will be considered part of the quorum.

What Is A Broker Non-Vote?

Edgar Filing: RARE MEDIUM GROUP INC - Form DEFR14A

A broker non-vote occurs with respect to any proposal when a broker holds your shares in its name and is not permitted to vote on that proposal without instruction from the beneficial owner of the shares and no instruction is given.

What Vote Is Required For Approval Of The Proposals?

Our directors will be elected by a plurality of the votes cast at the annual meeting. In the election of directors, votes to withhold authority, abstentions from voting and broker non-votes, if any, will be disregarded and have no effect on the outcome of the vote.

Ratification of the appointment of the independent auditors requires the affirmative vote of the holders of a majority of the total number of votes of our capital stock, present in person or represented by proxy. With respect to the ratification of the appointment of auditors, abstentions from voting will have the same effect as voting against such matter and broker non-votes, if any, will be disregarded and have no effect on the outcome of the vote.

As of January 31, 2002, our directors and executive officers and their affiliates had the right to vote 12,726,165 shares of our common stock and 1,053,259 shares of our series A preferred stock (with 9,750,000 votes or 9.26 votes per share). Those shares represent, in the aggregate, 30% of all votes entitled to vote at the annual meeting. They have indicated that they will vote, or cause to be voted, all of the shares in favor of the election of the director nominees and in favor of Proposal 2.

Will Other Matters Be Voted On At The Annual Meeting?

We are not aware of any other matters to be presented at the annual meeting other than those described in this proxy statement. If any other matters not described in the proxy statement are properly presented at the meeting, proxies will be voted in accordance with the best judgment of the proxy holders.

What Are The Costs Of Soliciting These Proxies And Who Pays Them?

All expenses of soliciting proxies, including clerical work, printing and postage, will be paid by us. Our directors, officers and other employees may solicit proxies in person, by mail, by telephone, by facsimile, through the Internet or by other means of communication, but such persons will not be specifically compensated for such services. We will reimburse American Stock Transfer & Trust Company for forwarding proxy materials to beneficial owners and serving as inspectors of election.

What Other Information Should I Review Before Voting?

For your review, our Form 10-K/A report for the fiscal year ended December 31, 2000 and our Form 10-Q for the period ended September 30, 2001, are being mailed to stockholders concurrently with this proxy statement. The Form 10-K/A report and Form 10-Q report, however, are not part of the proxy solicitation material.

We file annual, quarterly and special reports, proxy statements and other information with the Securities and Exchange Commission under the Securities Exchange Act of 1934. You may read and copy this information at public reference facilities maintained by the SEC.

You may also obtain copies of this information by mail at prescribed rates from the Public Reference Room of the Securities and Exchange Commission, 450 Fifth Street, N.W., Washington, D.C. 20549. You

PROPOSAL 1 ELECTION OF DIRECTORS

INFORMATION WITH RESPECT TO DIRECTOR NOMINEES

Listed below are the nominees for class 2 directors, with information showing the principal occupation, business experience and current public directorships, if any, of each, the age of each as of the date of this proxy statement and the year each was first elected a director of the Company.

Unless authority is withheld, proxies in the accompanying form will be voted in favor of electing the individuals identified in the table below as class 2 directors of the Company. If the proxy is executed in such a manner as to withhold authority to vote for one or more nominees for director, such instructions will be followed by the persons named as proxies.

All nominees for director to be elected at the annual meeting are currently members of the board of directors. The Company has no reason to believe that any of the nominees will be unable to serve. In the event that any nominee should not be available, the persons named in the proxy will vote for the others and may vote for a substitute for such nominee.

At the special meeting of stockholders held on March 16, 1999, the stockholders approved an amendment to the Restated Certificate of Incorporation establishing a classified board of directors, divided into three classes having staggered terms of three years each. Pursuant to Article Ninth of the Restated Certificate of Incorporation, which was approved by the stockholders at the March 16, 1999 special meeting, and Article III, Section 1 of the Amended and Restated Bylaws of the Company, the board of directors may determine, with certain limitations, the total number of directors and the number of directors to be elected at any annual meeting of Stockholders or special meeting in lieu thereof. The board of directors has fixed the total number of directors at seven, consisting of three class 1 directors, two class 2 directors and two class 3 directors.

Effective as of April 2, 2001, Richard T. Liebhaber, who served along with Andrew Africk as a class 2 director, resigned as a director of the Company. Mr. Liebhaber's replacement, John Piccone, resigned as a director of the Company effective October 29, 2001. On February 13, 2002, Mr. Killeen was moved by the board of directors from class 1 to class 2 to fill the vacancy created by Mr. Piccone's resignation and to provide, in accordance with Article Ninth of the Restated Certificate of Incorporation, that each class of the board of directors is comprised of as nearly equal a number of directors as possible given the then total number directors constituting the board of directors. Currently the number of directors is six, consisting of two class 1 directors, two class 3 directors and Jeffrey Killeen and Andrew Africk as the class 2 directors.

Notwithstanding the foregoing, the decision to move Mr. Killeen from class 1 to class 2 is contingent upon his election by the stockholders as a class 2 director. In the event that the stockholders do not elect Mr.

Edgar Filing: RARE MEDIUM GROUP INC - Form DEFR14A

Killeen as a class 2 director, (1) Mr. Killeen will remain a class 1 director until the term of the class 1 directors expires at the 2003 annual meeting of stockholders and until his successor is duly elected and qualified and (2) Mr. Africk will remain the sole class 2 director until a successor to fill the vacancy created by Mr. Piccone's resignation is named by the board of directors.

The number of directors is subject to increase to eight as contemplated by the Amended and Restated Securities Purchase Agreement, dated June 4, 1999 (the "Securities Purchase Agreement with Apollo"), by and among the Company and Apollo Investment Fund IV, L.P., Apollo Overseas Partners IV, L.P. and AIF IV/RRRR LLC (sometimes referred to as the "Apollo Stockholders").

On June 4, 1999, the Apollo Stockholders designated Andrew Africk as their preferred stock director pursuant to the terms of the Restated Certificate of Incorporation governing the series A preferred stock and Mr. Africk now serves as a class 2 director at the discretion of the Apollo Stockholders. On August 19, 1999, following stockholder approval of the transactions pursuant to which the series A preferred stock was issued, the Apollo Stockholders designated Michael S. Gross as their second preferred stock director pursuant to the terms of the Restated Certificate of Incorporation. On June 15, 2000, the Apollo Stockholders re-elected Mr. Gross to serve as a class 1 director at the discretion of the Apollo Stockholders. Although Mr. Rowan is a class 1 nominee, and is affiliated with the Apollo Stockholders, he has not been designated by the Apollo Stockholders as a preferred stock director. The term of the class 2 directors expires at the annual meeting and until their successors are duly elected and qualified. The class 3 directors have terms expiring at the 2002 annual meeting of Stockholders (which is expected to be held later this year) and until their successors are duly elected and qualified. The term of the class 1 directors expires at the 2003 annual meeting of Stockholders and until their successors are duly elected and qualified.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The board of directors has carefully considered the Class 2 director nominees and believes that their election by the stockholders is in the best interests of Rare Medium Group and its stockholders and, accordingly, unanimously recommends that stockholders vote for the class 2 director nominees.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE CLASS 2 NOMINEES.

Before joining barnesandnoble.com, Mr. Killeen served as President and Chief Executive Officer of Pacific Bell Interactive Media from August 1994 to January 1998.

BOARD MEETINGS AND COMMITTEES

The board of directors held four (4) meetings during the year ended December 31, 2000 and eight (8) meetings during the year ended December 31, 2001. Each director attended all of the meetings of the board of directors and meetings of committees on which he serves.

The board of directors has an audit committee and a compensation committee which meet as the need arises. The board of directors does not have a nominating committee. The audit committee reviews and makes recommendations with respect to the Company's internal controls and financial reports and in connection with such reviews and recommendations, communicates with and receives information independently from appropriate Company financial personnel regarding the Company's financial condition. The audit committee, with the Company's then Executive Vice President and Chief Financial Officer and, following his resignation from the Company, with the Company's Senior Vice President and Controller and Senior Vice President, Finance and Treasurer, also reviews the scope and results of the annual audit with the Company's auditors and other activities the auditors perform with the Company. The audit committee met four (4) times during the year ended December 31, 2000 and six (6) times during the year ended December 31, 2001. The audit committee met on February 14, 2001, with the Company's auditors to discuss the results of the 2000 audit. The audit committee is currently composed of Jeffrey M. Killeen, William F. Stasior and Andrew D. Africk. The compensation committee met twice during the year ended December 31, 2000 and two (2) times during the year ended December 31, 2001. The compensation committee periodically reviews and evaluates the compensation of the Company's officers and administers grants of options

Edgar Filing: RARE MEDIUM GROUP INC - Form DEFR14A

from the Company's 1998 Long Term Incentive Plan, and the Amended and Restated Equity Plan for Directors. The Compensation Committee is currently composed of Jeffrey M. Killeen and Andrew D. Africk.

The Nasdaq Stock Market, Inc. ("Nasdaq") has adopted rules relating to the audit committees of public companies with securities listed on Nasdaq and Nasdaq has recently amended those rules relating, among other things, to the composition of such audit committees (the "Amended Nasdaq Rules"). Pursuant to the Amended Nasdaq Rules, the audit committee must consist of three independent directors, unless the board of directors determines under exceptional and limited circumstances, that membership on the committee by one director who is not independent is required by the best interests of the corporation and its shareholders, and discloses in the next annual proxy statement subsequent to such determination, the nature of the relationship and the reasons for that determination. Mr. Killeen and Mr. Stasior are independent under the Amended Nasdaq Rules. In light of (i) Mr. Africk's financial sophistication and familiarity with the Company's finance and accounting practices, (ii) the recent termination of the Company's merger with Motient Corporation, which, if it had been consummated, would have resulted in the Company becoming a wholly owned subsidiary of Motient Corporation and the Company no longer being subject to the Amended Nasdaq Rules, and (iii) the recent announcement of the Company's intention to become an active joint venture participant in the Mobile Satellite Ventures joint venture, the Board of Directors has determined that exceptional and limited circumstances exist and that it is in the best interests of the Company and its stockholders for Mr. Africk to remain a member of the audit committee. In addition, the Company is undergoing a search to find a director with the appropriate experience in the satellite industry and who would be independent consistent with the Amended Nasdaq Rules. A copy of the amended and restated charter of the audit committee is attached as Annex A to this proxy statement.

COMPENSATION OF DIRECTORS

Each non-employee director receives a per meeting fee of \$1,000 for each meeting of the board of directors and \$500 for each committee meeting attended, along with expenses incurred in connection with each meeting attended.

Under the Company's 1998 Long Term Incentive Plan, each new non-employee director of the Company is automatically granted an option to purchase shares of common stock as of the effective date of the non-employee director's initial election to the board of directors and thereafter at the close of business on the date of final adjournment of each annual meeting of stockholders. The number of shares of common stock subject to each initial option will be 25,000 shares and the number of shares subject to each annual option will be 25,000 shares or, if so determined by the board of directors, such other number of shares specified in the most recent resolution of the board of directors adopted on or prior to the date of the annual meeting of stockholders that coincides with or most recently precedes the date of grant of the option. In general, the exercise price per share of common stock purchasable upon exercise of a non-employee director's initial or annual option will be equal to 100% of the fair market value of a share of common stock on the date of grant of the option.

Upon becoming a director of the Company in 1998, Jeffrey M. Killeen was granted an option to purchase 75,000 shares of common stock on October 28, 1998 under the Amended and Restated Equity Plan for Directors, exercisable at \$1.9375 per share, the fair market value of the common stock on the date of grant. All of these options vest ratably over three years. On December 21, 2001, the exercise prices of these options were repriced to

Edgar Filing: RARE MEDIUM GROUP INC - Form DEFR14A

\$0.60 per share, the fair market value of the common stock on that date. For more information regarding the repricing of these options, see the section entitled "Repricing of Options" below.

Upon becoming directors of the Company on June 4, 1999, each of Andrew D. Africk and Marc J. Rowan was granted an option to purchase 75,000 shares of common stock under the 1998 Long Term Incentive Plan, exercisable at \$7.00 per share, both of which vest ratably over three years. Upon becoming a director of the Company as of August 19, 1999, Michael S. Gross was granted an option to purchase 75,000 shares of common stock under the 1998 Long Term Incentive Plan, exercisable at \$7.00 per share, which vests ratably over three years. On December 21, 2001, the exercise prices of the options granted to Messrs. Africk, Rowan, and Gross were repriced to \$0.60 per share, the fair market value of the common stock on that date. For more information regarding the repricing of these options, see the section entitled "Repricing of Options" below.

Upon becoming a director of the Company in April, 2000, William Stasior was granted an option to purchase 75,000 shares of common stock on April 26, 2000 under the 1998 Long Term Incentive Plan exercisable at \$21.0625 per share, the fair market value of the common stock on the date of grant. All of these options vest ratably over three years. During the year 2000, Mr. Stasior served as a consultant to the Company's Internet professional services subsidiary, Rare Medium, Inc., and pursuant to a consulting agreement Mr. Stasior received compensation of \$10,000 per month for his consulting services. This consulting agreement was terminated as of July 2, 2001. In addition, as compensation for his consulting services Mr. Stasior received an option to purchase an additional 75,000 shares of common stock on April 26, 2000 under the 1998 Long Term Incentive Plan exercisable at \$21.0625 per share, the fair market value of the common stock on the date of grant. All of these options were to vest ratably over three years; however, upon the termination of Mr. Stasior's consulting agreement with Rare Medium, Inc. as of July 2, 2001, the 50,000 unvested options related to the remaining term of this agreement were cancelled. In connection with the transactions consummated pursuant to the 1998 acquisition by the Company of Rare Medium, Inc., the Company entered into an employment agreement effective April 15, 1998 with Glenn S. Meyers (the "Meyers Employment Agreement"). Pursuant to the Meyers Employment Agreement, as amended, Mr. Meyers was engaged as the Chairman, President and Chief Executive Officer of the Company and Rare Medium, Inc. to serve for a term of five years, expiring April 15, 2003. Mr. Meyers receives an annual base salary of \$250,000, with a minimum annual increase during the

Edgar Filing: RARE MEDIUM GROUP INC - Form DEFR14A

term of not less than 4% per annum. In addition to base compensation, Mr. Meyers is entitled to receive, for each calendar year during the term, incentive compensation equal to 2.0% of revenues derived from activities of Rare Medium, Inc. for such calendar year in excess of the revenues of Rare Medium, Inc. for the preceding year. Effective June 4, 1999, the Meyers Employment Agreement has been amended and restated to effect a ceiling of \$150,000,000 on revenues of the Company for determining such annual incentive compensation payable to Mr. Meyers. In addition, the amended and restated agreement provides that, in the event gross revenues exceed such revenue ceiling, the compensation committee of the board of directors will, with such assistance as it will deem necessary, establish an incentive bonus program for Mr. Meyers based on objective and subjective factors to appropriately incentivize him. This revised incentive bonus program shall be designed to allow Mr. Meyers to continue to receive increases in annual bonuses based on, and subject to, the targets and criteria established by the compensation committee, in amounts similar to the incentive bonuses previously received by him. The Meyers Employment Agreement provides Mr. Meyers with a right to terminate his employment agreement upon a breach of such agreement or upon the occurrence of certain events constituting a "change in control" of the Company as defined therein. Upon such a "change in control," Mr. Meyers would be entitled to receive a lump sum payment from the Company which shall be equal to all salary and incentive compensation for the remaining term and the cash value of all benefits which would have been received by him for the remaining term. In addition, all of his unvested stock options shall immediately vest and become exercisable. The Meyers Employment Agreement also contains a covenant not to compete with the Company or any of its affiliates for the term of the agreement, plus one additional year. Concurrently with the execution of the Meyers Employment Agreement, the Company granted to Mr. Meyers options to acquire an aggregate of 2,000,000 shares of common stock at exercise prices equal to \$2.375 per share (the fair market value at the time of issuance), which options become exercisable ratably on a monthly basis over a period of 60 months from the date of grant and expire ten years from the date of grant.

OTHER CURRENT EMPLOYMENT AGREEMENTS

The Company has employment agreements with each of Craig Chesser, Michael Hultberg and Robert Lewis, each of whom is an officer of the Company. Under these agreements, if, after 90 days following a change in control of the Company, the executive terminates his employment, the executive is entitled to receive severance compensation and benefits in a lump sum payment consisting of one year of his current salary and the right to exercise all vested stock options and unvested stock options which become exercisable upon a change of control through the option expiration date for such options. For purposes of these agreements, a change in control of the Company occurs when, among other things, the stockholders of the Company approve a merger of the Company.

STOCK PLANS

On May 6, 1998, the board of directors adopted the Company's 1998 Long Term Incentive Plan (the "Plan"). The Plan was approved by the Company's stockholders on March 16, 1999. The Plan provides for the granting of awards to directors (whether or not employees), executive officers, key employees and consultants and other service providers in the form of stock options, stock appreciation rights, restricted stock awards, deferred stock awards, bonus stock awards, dividend equivalents, and other types of stock based awards. The variety of awards authorized by the Plan is intended to give the Company flexibility to adapt the Company's compensation practices as the business environment in which it operates changes. The maximum aggregate number of shares of common stock that may be

Edgar Filing: RARE MEDIUM GROUP INC - Form DEFR14A

delivered for all purposes under the Plan is 23,000,000, subject to adjustment. The Plan is administered by the compensation committee of the board of directors. These options generally carry five year terms and become exercisable cumulatively in three equal installments, with the first installment becoming exercisable on the one year anniversary of each grantee's date of employment. In 2000, the board of directors amended and restated the Plan to: (1) increase the number of shares of common stock available for issuance under the Plan to 23,000,000; (2) provide that no participant in the Plan may be granted options and stock appreciation rights, or SARs, that become exercisable in any one year for more than 700,000 shares of common stock and awards other than options and SARs that may be settled for the first time in any one year by delivery of more than 350,000 shares of common stock; and (3) provide that all options and SARs will terminate no later than the tenth anniversary of the date of grant. These amendments to the Plan were ratified by the Company's stockholders on June 15, 2000. As of December 31, 2000 and 2001, there were approximately 7.3 million and 19.0 million options, respectively, available for grant under the Plan.

The Company's Nonqualified Stock Plan ("NQSOP") for directors, officers and key employees of the Company expired on July 18, 2000. The Company did not make any grants of options under the NQSOP in 2000.

In 1994, the Company adopted an Equity Plan for Directors (the "Equity Plan for Directors") pursuant to which non-employee directors of the Company received automatic option grants whose vesting was dependent on the market price of the common stock. On October 26, 1998, the board of directors amended and restated the Equity Plan for Directors to change the plan from a formula based stock option plan as described above to a discretionary plan (the "Amended and Restated Equity Plan for Directors"), thereby providing more flexibility in determining incentive based stock option awards for non-employee directors of the Company. The Amended and Restated Equity Plan for Directors authorized 500,000 aggregate shares of common stock for the granting of such options under the plan, of which 108,000 were available for granting stock options as of December 31, 2000 and 2001. The Company did not make any grants to directors under the Amended and Restated Equity Plan for Directors in 2000 or in 2001. Subsequent to November 1998, grants of stock options to directors have been made under the Company's Amended and Restated 1998 Long Term Incentive Plan.

BOARD AUDIT COMMITTEE REPORT

The audit committee has reviewed and discussed the audited financial statements with the Company's management. The audit committee has discussed with the Company's independent auditors the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU Section 380), as may be modified or supplemented. The audit committee has received the written disclosures and the letter from the Company's independent accountants required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees), as may be modified or supplemented, and has discussed with the Company's independent accountant the independent accountant's independence. Based on the review and discussions referred to above, the audit committee recommended to the board of directors that the audited financial statements be included in the Company's Annual Report on Form 10-K/A for the year ended December 31, 2000.

BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The compensation committee of the board of directors reviews, recommends and approves changes to the Company's compensation policies and benefits programs, administers the Company's stock option plans, including approving stock option grants, and otherwise seeks to ensure that the Company's compensation philosophy is consistent with the Company's best interests and is properly implemented. The members of the compensation committee are Jeffrey M. Killeen and Andrew D. Africk.

COMPENSATION PHILOSOPHY AND REVIEW

The Company's compensation philosophy for its executive officers serves two principal purposes: (1) to provide a total compensation package for such officers that is competitive and enables the Company to attract and retain key executive and employee talent needed to accomplish the Company's business objectives, and (2) to directly link compensation to improvements in Company performance and increases in stockholder value as measured principally by the trading price of the common stock.

The 2000 and 2001 compensation levels for the Company's executive officers generally were determined on an individual basis at the time of hiring, in many cases pursuant to employment agreements entered into between the Company and such individuals.

Members of the board of directors reviewed and approved each employment agreement entered into between the Company and an executive officer in 2000 and in 2001, as well as stock options granted to executive officers in 2000 and 2001. In determining compensation levels for 2000 and 2001, the Company primarily relied upon publicly available compensation information and informal survey information obtained by management with respect to cash compensation and stock option grants to similarly situated officers of Internet business service companies of comparable size and market capitalization. The compensation committee did not determine it necessary to, and did not attempt to, specifically analyze compensation levels at companies included in the indexes under the caption, "Performance Graph."

ELEMENTS OF EXECUTIVE OFFICER COMPENSATION

The Company's executive compensation consists primarily of salary and awards of stock options. The Company emphasizes the award of stock options and to date the Company has made only limited use of cash incentive bonuses, although the Company paid bonuses to its Chief Executive Officer in 2000 and 2001 and awarded bonuses to certain other executive officers of the Company in 2000 and in 2001. The compensation committee believes that in the highly competitive, emerging markets in which the Company has operated, equity based compensation provides the greatest incentive for outstanding executive performance and the greatest alignment of management and Stockholder long term interests.

Officer Salaries. The compensation committee reviews each senior executive officer's salary annually. Except to the extent that salary increases are prescribed by written employment agreements, in determining the appropriate salary levels, the compensation committee considers, among other factors, the officer's scope of responsibility, prior experience,

Edgar Filing: RARE MEDIUM GROUP INC - Form DEFR14A

past accomplishments and data on prevailing compensation levels in relevant markets for executive talent.

Compensation for the Company's Chief Executive Officer in 2000 and 2001, Glenn S. Meyers, was determined pursuant to the Meyers Employment Agreement, dated effective April 15, 1998. The Meyers Employment Agreement provides for an annual base salary of \$250,000, with a minimum annual increase during the term of not less than 4% per annum. In addition to base compensation, the Meyers Employment Agreement provides for annual incentive compensation equal to 2% of revenues, up to a maximum of \$150 million in revenues, derived from activities of Rare Medium, Inc. for such calendar year in excess of the revenues of Rare Medium, Inc. for the preceding year. In accordance with such formula, Mr. Meyers received incentive compensation of \$1,469,090 for 2000 and no incentive compensation for 2001.

The compensation committee believes that the base salary levels of the executive officers, including Mr. Meyers, are at the median of base salary levels for comparable companies considered in the informal information reviewed by the compensation committee. The compensation committee believes this is appropriate in light of the Company's emphasis on long term equity compensation.

Stock Option Grants. As noted above, the Company has relied substantially on long term equity compensation as the principal means of compensating and providing incentives for its executive officers and key employees. It has been the Company's practice to set option exercise prices at not less than 100% of fair market value on the date of grant. Thus, the value of the stockholders' investment in the Company must appreciate before an optionee receives any financial benefit from the option. Options are generally granted for a term of five years. Options granted to executive officers and key employees become exercisable over time and are dependent on continuing employment with the Company or one of its subsidiaries, thus providing incentive to remain in the Company's employ.

In determining the size of the stock option grants, the compensation committee considers various subjective factors primarily relating to the responsibilities of the individual officers and key employees, and also their current and expected future contributions to the Company, as well as the number of shares owned by the officer or key employee or which remain unvested under outstanding options. In addition, the compensation committee examines the level of equity incentives held by each officer and key employee relative to the other officers' and key employees' equity positions and their tenure, responsibilities, experience and value to the Company. Concurrently with the execution of the Meyers Employment Agreement, and as an inducement for him to enter into such employment agreement, the Company granted to Mr. Meyers options to acquire an aggregate of 2,000,000 shares of common stock at an exercise price equal to \$2.375 per share, which was equal to the fair market value of the common stock at the time of grant, which options became exercisable ratably on a monthly basis over a period of 60 months from the date of grant and expire ten years from the date of grant. As of the date of this proxy statement, 933,333 of Mr. Meyers' options have vested and remain unexercised. The compensation committee believes that such grant is commensurate with Mr. Meyers' level of responsibility and his contributions to the Company during 2000, 2001 and to date. In addition to Mr. Meyers, during 2000 and 2001 the compensation committee or the board of directors as a whole approved grants of options to purchase an aggregate of 25,000 and 300,000 shares, respectively, of the common stock to other executive officers as a group.

REPRICING OF OPTIONS

Report of the Compensation Committee. On October 5, 2001, the

Edgar Filing: RARE MEDIUM GROUP INC - Form DEFR14A

compensation committee determined that because the outstanding options held by certain executive officers and employees were exercisable at prices that were significantly above prevailing market prices for the Company's common stock, they no longer provided an adequate level of incentive. Accordingly, to reincentivize certain of the remaining executive officers and employees of the Company and in recognition of their service to the Company the compensation committee approved the repricing of the exercise prices of options to purchase an aggregate of 350,000 shares of common stock to \$0.13 per share, the fair market value at the date of the repricing. On December 21, 2001, the compensation committee approved an additional repricing of the exercise prices of options to purchase an aggregate of 400,000 shares of common stock held by non-management directors to \$0.60, per share, the fair market value at the date of the repricing.

10-Year Option Repricings. The following table provides information related to the repricing of each option held by the executive officers of the Company during the last ten completed fiscal years.

	10/5/01	25,000	\$0.13	\$8.56	\$0.1

(1) Subject to certain conditions, including such executive's continued employment with the Company through January 5, 2002, the exercise price for these options was repriced to \$0.13, the fair market value of the common stock as of October 5, 2001, the date of repricing.

POLICY OF DEDUCTIBILITY OF COMPENSATION

Section 162(m) of the U.S. Internal Revenue Code limits the tax deductibility of a corporation of compensation in excess of \$1,000,000 paid to any of its five most highly compensated executive officers. However, compensation that qualifies as "performance based" is excluded from the \$1,000,000 limit if, among other requirements, the compensation is payable only upon attainment of pre established, objective performance goals under a plan approved by shareholders.

With the exception of Mr. Meyers, total cash compensation paid for salaries and bonuses during 2000 did not exceed the \$1,000,000 limit for any individual executive. In addition, total cash compensation paid for salaries and bonuses during 2001 did not exceed the \$1,000,000 limit for

Edgar Filing: RARE MEDIUM GROUP INC - Form DEFR14A

any individual executive. Stock option grants to date do not meet the requirement that such grants be "performance based" and are, therefore, not exempt from the limitations on deductibility. The compensation committee will continue to monitor the compensation levels potentially payable under the Company's cash and stock option compensation programs, but intends to retain the flexibility necessary to provide total cash and stock option compensation in line with competitive practice, the Company's compensation philosophy and the Company's best interests.

In conclusion, the compensation committees believes that the policies and programs described in this report are competitive and effectively align executive compensation with the Company's goal of maximizing the return to stockholders.

Consistent with this function, the Audit Committee should encourage continuous improvement of, and should foster adherence to, the Corporation's policies, procedures and practices at all levels. The Audit Committee's primary duties and responsibilities are to:

Serve as an independent and objective party to monitor the Corporation's financial reporting process and internal control system.

Review and appraise the audit efforts of the Corporation's independent accountants and internal auditing department.

Provide an open avenue of communication among the independent accountants, financial and senior management and the Board of Directors.

The Audit Committee will primarily fulfill these responsibilities by carrying out the activities enumerated in Section IV of this Charter.

II. COMPOSITION

The Audit Committee shall be comprised of three or more directors as determined by the Board, each of whom shall be independent directors, and free from any relationship that, in the opinion of the Board, would interfere with the exercise of his or her independent judgment as a member of the Committee. Notwithstanding the foregoing, the Audit Committee may contain one director who is not independent if the Board, under exceptional and limited circumstances, determines that membership on the Audit Committee by the individual is required by the best interests of the Corporation and its shareholders, and the Board discloses, in the next annual proxy statement subsequent to such determination, the nature of the relationship and the reasons for that determination. All members of the Committee shall have a working familiarity with basic finance and accounting practices, and at least one member of the Committee shall have accounting or related financial management expertise. Committee members may enhance their familiarity with finance and accounting by participating in educational programs conducted by the Corporation or an outside consultant.

The members of the Committee shall be elected by the Board at the annual organizational meeting of the Board or until their successors shall be duly elected and qualified. Unless a Chair is elected by the full Board, the members of the Committee may designate a Chair by majority vote of the full Committee membership.

III. MEETINGS

The Committee shall meet at least four times annually, or more frequently as circumstances dictate. The Committee may invite members of management or others to attend meetings and provide pertinent information, as necessary. As part of its job to foster open communication, the Committee should meet at least annually with management and the independent accountants in separate executive sessions to discuss any matters that the Committee or each of these groups believe should be discussed privately. In addition, the Committee or at least its Chair should meet with the independent accountants and management quarterly to review the Corporation's financials consistent with IV below.
