Endo Pharmaceuticals Reports Third Quarter Results
- Net Sales Up 67% -
- Consolidated EBITDA Nearly Double the Year-Ago Quarter -
- Company Increases Guidance for 2002 -

CHADDS FORD, Pa., Oct. 24, 2002 -- Endo Pharmaceuticals Holdings Inc. (Nasdaq: ENDP; ENDPW), a market leader in pain management, today reported its financial results for the third quarter and nine months ended September 30, 2002.

Net sales grew by 67% to \$110.6 million in the third quarter of 2002 compared with \$66.3 million for the same period in 2001. For the 2002 third quarter, Endo reported a net loss of \$18.3 million, or \$0.18 per diluted share, versus a net loss of \$33.0 million, or \$0.37 per diluted share, in the year-ago third quarter. Excluding the impact of certain charges, net income for the 2002 third quarter was \$25.3 million, or \$0.25 per diluted share. This compares with net income of \$9.1 million, or \$0.10 per diluted share, in 2001. Consolidated EBITDA for the three months ended September 30, 2002 was \$49.3 million, a 100% increase from \$24.7 million in the year-ago third quarter.

According to Carol A. Ammon, chairman and chief executive officer, these strong quarterly operating results are due primarily to continued growth in the company's branded and generic products. "We continue to benefit from the broad uptake of the two new strengths of Percocet(R) introduced in late 2001 and the growth in sales of Lidoderm(R) as more physicians and patients become aware of its therapeutic utility," she said. She added that the growth in generic net product sales was again led by Endo's extended-release morphine sulfate. "Given our strong operating results, we are revising our guidance for 2002 net sales from \$350 million to \$380 million, and for consolidated EBITDA from \$125 million to \$145 million," Ammon said. "Of course, there can be no assurance of the company achieving these numbers."

Ammon continued, "While we look forward to receiving the results of the second and third clinical trials relating to our development product MorphiDex(R) in the fourth quarter of 2002, the company currently believes that it is highly unlikely that MorphiDex(R) will be approved prior to either December 31, 2002 or March 31, 2003." As a result:

- o The warrants held by Endo Pharma LLC (an affiliate of Kelso & Company in which certain members of management have an interest) will become exercisable on December 31, 2002 into 29,720,177 shares of company common stock, thereby increasing Endo Pharma LLC's ownership of the company from approximately 68.5% to approximately 75.6%;
- o During the 2002 third quarter, the company recorded a non-cash compensation charge of \$40.4 million for the probable vesting of the outstanding Class C3 stock options granted under the Endo Pharma LLC 1997 Stock Option Plans. Neither the vesting nor the exercise of these stock options will result, however, in the issuance of additional shares of company common stock because these stock options are exercisable only into shares of company common stock that are held by Endo Pharma LLC. Accordingly, these stock options will not dilute the public shareholders;
- o The Endo Pharma LLC 2000 Supplemental Stock Option Plans will become effective on January 1, 2003, resulting in the issuance of approximately 10.7 million stock options to certain employees and members of management on such date, approximately 9.2 million of which will be vested upon their issuance resulting in a significant non-cash compensation charge to the company. These stock options will not result, however, in the issuance of additional shares of company common stock because these stock options are exercisable only into

Edgar Filing: ENDO PHARMACEUTICALS HOLDINGS INC - Form 8-K

shares of company common stock that are held by Endo Pharma LLC. Accordingly, these stock options will not dilute the public shareholders. The weighted average exercise price of these options is \$2.42 per share; and

- o If MorphiDex(R) is not approved prior to March 31, 2003, the Class A Transferable Warrants (Nasdaq: ENDPW) and Class B Non-Transferable Warrants will expire and have no economic value.

Year-to-Date Results

For the year to date, net sales were \$285.5 million in 2002 compared with \$173.5 million in 2001, an increase of 65%. Net income was \$9.1 million, or \$0.09 per diluted share, in 2002 versus a net loss of \$44.5 million, or \$0.50 per diluted share, in 2001. Excluding certain charges, net income was \$52.8 million, or \$0.52 per diluted share, for the nine months ended September 30, 2002. Excluding certain charges, net income for the nine months ended September 30, 2001 was \$17.1 million, or \$0.19 per diluted share. Consolidated EBITDA was \$110.2 million for the first nine months of 2002 versus \$55.9 million year to date in 2001.

Supplemental Financial Information

The following table presents a reconciliation of operating loss as determined by GAAP to Consolidated EBITDA the three months ended September 30, 2002 and September 30, 2001:

	(Unaudited)	
	Three Months Ended	
	September 30,	

	2002	2001
	----	----
	(in thousands)	
GAAP operating loss	\$ (21,375)	\$ (31,475)
Depreciation and amortization	692	12,394
Non-cash manufacturing charges	5,611	6,539
Non-cash compensation charges	40,406	37,253
Purchased in-process R&D	13,334	-
Manufacturing transfer fee	9,000	-
Non-recurring manufacturing transfer costs	1,625	-
	-----	-----
Consolidated EBITDA	\$ 49,293	\$ 24,711
	=====	=====

The following table presents a reconciliation of operating income (loss) as determined by GAAP to Consolidated EBITDA the nine months ended September 30, 2002 and September 30, 2001:

	(Unaudited)	
	Nine Months Ended	
	September 30	

	2002	2001
	----	----
	(in thousands)	
GAAP operating income (loss)	\$ 25,698	\$ (35,546)
Depreciation and amortization	2,168	37,170
Non-cash manufacturing charges	16,692	17,010
Non-cash compensation charges	40,406	37,253

Edgar Filing: ENDO PHARMACEUTICALS HOLDINGS INC - Form 8-K

Purchased in-process R&D	13,334	-
Manufacturing transfer fee	9,000	-
Non-recurring manufacturing transfer costs	2,926	-
	-----	-----
Consolidated EBITDA	\$110,224	\$ 55,887
	=====	=====

Each of the 2002 and 2001 third quarters included certain charges, as follows:

- o \$40.4 million in 2002 and \$37.3 million in 2001 for non-cash compensation charges related to the vesting of non-dilutive stock options;
- o \$13.3 million in 2002 for purchased in-process research and development charges (based on our preliminary estimate) related to the previously announced acquisition of BML Pharmaceuticals Inc.;
- o \$9.0 million in 2002 for a previously disclosed manufacturing transfer fee to Bristol-Myers Squibb Pharma Company as consideration for transferring the majority of Endo's manufacturing from BMS to Novartis Consumer Health, Inc., and;
- o \$11.7 million for the amortization of goodwill and workforce-in-place in the third quarter of 2001.

Excluding these charges, net income was \$25.3 million, or \$0.25 per diluted share, for the three months ended September 30, 2002 compared with \$9.1 million, or \$0.10 per diluted share, in the same period of 2001. A reconciliation of net income (loss) is as follows:

Product Review

Percocet (R). Net sales of Percocet (R) were \$36.6 million for the three months ended September 30, 2002, a gain of 123% from \$16.4 million in the same period of 2001. For the nine months, net sales were \$100.7 million in 2002 versus \$72.8 million in 2001, a 38% increase. "This growth is due to continuing market acceptance of Percocet's (R) most recent formulations, 7.5/325 and 10/325, which provide effective pain management at a reduced dose of acetaminophen," Ammon noted.

Lidoderm (R). For the third quarter of 2002, net sales of Lidoderm (R) grew to \$24.1 million from \$16.3 million in the 2001 third quarter, and rose to \$59.9 million for the nine months in 2002 versus \$26.9 million in the same period a year ago. "These strong sales in the 2002 third quarter are also a reflection of the efforts of our specialty sales force, which we brought in-house effective July 1 primarily to promote Lidoderm (R)," added Ammon.

Other branded products. Combined net sales of all other branded products were \$6.0 million and \$15.7 million for the quarter and year to date in 2002 compared with \$8.1 million and \$16.7 million in the respective periods of 2001.

Edgar Filing: ENDO PHARMACEUTICALS HOLDINGS INC - Form 8-K

Generic products. Net sales from generic products, led by growth in morphine sulfate extended-release tablets and Endocet(R), were \$43.8 million in the third quarter, up 72% from \$25.5 million in the year-ago quarter, and increased to \$109.2 million for the nine months, a 91% increase from \$57.1 million for the nine months ended September 30, 2001.

As previously announced, Endo exercised its option to convert its specialty sales force comprised of 70 sales representatives as well as their management to Endo employees from the contract sales organization Ventiv Health US Sales Inc., effective July 1, 2002. Endo continues to contract with Ventiv for the remainder of its sales force, which is composed of 160 pharmaceutical sales representatives as well as their management.

Note to Investors

Endo will conduct a conference call with financial analysts to discuss this news release today at 11:00 a.m. ET. Investors and other interested parties may access the conference call by dialing (800) 305-2862 (domestic) or (706) 634-1979 (international). Please dial in 10 minutes prior to the scheduled start time. A replay of the call will be available from 2:00 p.m. ET today until 12:00 a.m. ET on November 1, 2002 by dialing (800) 642-1687 (domestic) or (706) 645-9291 (international), passcode 6341185.

A simultaneous webcast of the call for interested investors and others may be accessed by visiting www.endo.com. In addition, a replay of the webcast will be available until November 4, 2002. The replay can be accessed by clicking on "Events" in the Investor Relations section of the web site.

About Endo

Endo Pharmaceuticals Holdings Inc. is a fully integrated specialty pharmaceutical company with market leadership in pain management products. Through its Endo Pharmaceuticals Inc. subsidiary, the company researches, develops, produces and markets a broad product offering of both branded and generic pharmaceuticals, meeting the needs of healthcare professionals and consumers alike. More information, including this and past press releases of Endo Pharmaceuticals Holdings Inc., is available online at www.endo.com.

Forward Looking Statements

This press release contains forward-looking statements, within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, as amended, that are based on management's beliefs and assumptions, current expectations, estimates and projections. Statements that are not historical facts, including statements which are preceded by, followed by, or that include, the words "believes," "anticipates," "plans," "expects" or similar expressions and statements. Endo's estimated or anticipated future results, product performance or other non-historical facts are forward-looking and reflect Endo's current perspective on existing trends and information. Many of the factors that will determine the Company's future results are beyond the ability of the Company to control or predict. These statements are subject to risks and uncertainties and, therefore, actual results may differ materially from those expressed or implied by these forward-looking statements. The reader should not rely on any forward-looking statement. The Company undertakes no obligations to update any forward-looking statements whether as a result of new information, future events or otherwise. Several important factors, in addition to the specific factors discussed in connection with these forward-looking statements individually, could affect the future results of the Endo and could cause those results to differ materially from those expressed in the forward-looking statements contained herein. Important

Edgar Filing: ENDO PHARMACEUTICALS HOLDINGS INC - Form 8-K

factors that may affect future results include, but are not limited to: market acceptance of the Company's products and the impact of competitive products and pricing; dependence on sole source suppliers; the success of the Company's product development activities and the timeliness with which regulatory authorizations and product launches may be achieved; successful compliance with extensive, costly, complex and evolving governmental regulations and restrictions; the availability on commercially reasonable terms of raw materials and other third party manufactured products; exposure to product liability and other lawsuits and contingencies; dependence on third party suppliers, distributors and collaboration partners; the ability to timely and cost effectively integrate acquisitions; uncertainty associated with pre-clinical studies and clinical trials and regulatory approval; uncertainty of market acceptance of new products; the difficulty of predicting FDA approvals; risks with respect to technology and product development; the effect of competing products and prices; uncertainties regarding intellectual property protection; uncertainties as to the outcome of litigation; changes in operating results; impact of competitive products and pricing; product development; changes in laws and regulations; customer demand; possible future litigation; availability of future financing and reimbursement policies of government and private health insurers and others; and other risks and uncertainties detailed in Endo's Registration Statement on Form S-4 filed with the Securities and Exchange Commission on September 9, 2000, as amended. Readers should evaluate any statement in light of these important factors.

Definition of Consolidated EBITDA: Endo's amended and restated credit facility defines Consolidated EBITDA as consolidated net income for the applicable period plus, without duplication and to the extent deducted from revenues in determining consolidated net income for that period, the sum of (a) the aggregate amount of consolidated cash interest expense for the period, (b) the aggregate amount of letter of credit fees paid during the period, (c) the aggregate amount of income tax expense for the period, (d) all amounts

Edgar Filing: ENDO PHARMACEUTICALS HOLDINGS INC - Form 8-K

attributable to depreciation and amortization for the period, (e) all extraordinary and non-recurring charges during the period (provided that the amount of charges added to consolidated net income pursuant to this clause (e) that are incurred in connection with any transfer of manufacturing operations shall not exceed \$10 million during any fiscal year of Endo or \$20 million in the aggregate) and (f) all other non-cash charges during the period; and minus, without duplication and to the extent added to revenues in determining consolidated net income for such period, the sum of (i) all extraordinary gains during the period and (ii) all other non-cash gains during such period, all as determined on a consolidated basis with respect to Endo and its subsidiaries in accordance with generally accepted accounting principles.

Operating Income (Loss) to Consolidated EBITDA Reconciling Items:

Non-cash manufacturing charges reflect the present value of non-interest bearing promissory notes issued annually to Bristol-Myers Squibb Pharma Company ("BMS") (formerly the DuPont Pharmaceuticals Company) over the initial five-year term of the manufacturing and supply agreement with BMS. Compensation related to stock options is the non-cash charge resulting from the vesting of stock options pursuant to the Endo Pharma LLC stock option plans. Stock options granted pursuant to the Endo Pharma LLC stock option plans vest if our common stock reaches certain defined thresholds. These options are exercisable for shares currently held by Endo Pharma LLC, and their exercise will not dilute the ownership of other holders of our common stock. Manufacturing transfer fee is the one-time payment made to BMS in the third quarter of 2002 which permitted Endo to transfer up to 100% of any Endo product out of any BMS facility at any time and for BMS's assistance to Endo in the transfer. Non-recurring manufacturing transfer costs represent the costs incurred to transfer certain products from BMS to alternative manufacturers. Endo anticipates incurring these manufacturing transfer costs during 2002 and 2003.
