Item 5.02 Departure of Directors or Principal Officers; Election of Directors; Appointment of Principal Officers; Compensatory Arrangements of Certain Officers

Compensatory Arrangements of Certain Officers

On February 28, 2007, the Compensation Committee of the Board of Directors (the “Compensation Committee”) of Thermo Fisher Scientific Inc. (the “Company”) took the following actions relating to executive compensation:

2006 Executive Compensation Matters

Annual Cash Incentive Plans - Approval of Payout of Cash Bonuses for 2006. The Compensation Committee approved the payout of cash bonuses for 2006 to the Company’s executive officers under the Company’s 2003 Annual Incentive Award Plan (the “162(m) Plan”), which was approved by the stockholders of the Company at its 2003 Annual Meeting of Stockholders. The Compensation Committee exercised its discretion to lower the amount of the cash bonuses payable under the 162(m) Plan based on its determinations as to the level of achievement of the applicable supplemental performance metrics for 2006 under the Company’s annual cash incentive program, which operates in connection with the 162(m) Plan. The amount of cash bonuses approved by the Compensation Committee to be paid to the Company’s “named executive officers” (as defined by Item 402(a)(3) of Regulation S-K) is set forth in the table below.

2007 Executive Compensation Matters

Annual Cash Incentive Plans - Establishment of Criteria for 2007 Bonus. The Compensation Committee established the performance goal under the 162(m) Plan for 2007 as earnings before interest, taxes and amortization, excluding the impact of charges for restructuring, discontinued operations, other unusual or non-recurring items and cumulative effects of accounting changes (“Adjusted Operating Income”); and determined the percentage of Adjusted Operating Income that each of the Company’s executive officers is entitled to receive as a cash bonus for 2007 under the 162(m) Plan, subject to the Compensation Committee’s right to lower, but not raise, the actual cash bonus to be paid to such executive officer for the year. The Compensation Committee’s determination as to whether to lower the actual cash bonus to be paid to executive officers is generally based on the results of its determinations under the Company’s annual cash incentive program for that year (which is described in the next paragraph).

The Compensation Committee also established a target cash bonus amount for each of the Company’s executive officers as well as supplemental performance metrics for such officers and the Company as a whole under the Company’s annual cash incentive program for 2007. The target amount for each of the Company’s executive officers, which is a percentage of base salary (ranging from 45% to 110%), was determined by the Compensation Committee based on the salary level and position of such officer within the Company. The supplemental performance metrics are based on (a) (70%) financial measures for the Company, comprised of growth in (i) revenue (adjusted for the impact of acquisitions and divestitures and for foreign currency changes) (35%) and (ii) earnings (adjusted for restructuring charges and certain other items of income or expense) before interest, taxes and amortization as a percentage of revenue (35%) and (b) (30%) qualitative measures of the Company’s executive officers’ contributions to the achievement of certain business objectives of the Company. For each of the financial measures, the Company’s actual performance will be measured relative to the Company’s internal operating plan for 2007. After giving effect to the weighting of the supplemental performance metrics, a range of performance for the financial and qualitative measures, corresponding to a multiplier of 0 to 2, will be applied to the target cash bonus amounts for all of the Company’s officers, including its executive officers. The sum of these amounts will be added together to form a bonus pool for all

of the Company's officers, including its executive officers, and will be allocated by the Compensation Committee among such officers.

Base Salary - Approval of Increases. Effective April 1, 2007, the Compensation Committee increased the annual base salary of certain of the Company's executive officers. The annual base salary approved by the Compensation Committee for the Company's "named executive officers" (as defined by Item 402(a)(3) of Regulation S-K) is set forth in the table below.
