PROXY STATEMENT  
FOR ANNUAL MEETING OF SHAREHOLDERS  
TO BE HELD ON MAY 19, 2011

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation of proxies from the shareholders of Knight Transportation, Inc. to be voted at the Annual Meeting of Shareholders (the "Annual Meeting") to be held at 8:30 A.M., Phoenix time, on May 19, 2011, at our corporate headquarters located at 5601 W. Buckeye Road, Phoenix, Arizona 85043. **THE ENCLOSED PROXY IS SOLICITED BY OUR BOARD OF DIRECTORS.** If not otherwise specified, all proxies received pursuant to this solicitation will be voted (i) FOR the director nominees named herein; (ii) FOR approval of the advisory resolution on executive compensation; (iii) THREE YEARS regarding the frequency of conducting future advisory votes on executive compensation; (iv) FOR ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for fiscal year 2011; and (v) with respect to any other matters properly brought before the Annual Meeting, in accordance with the recommendations of the Board of Directors, or, if no recommendations are given, in accordance with the judgment of the proxy holders.

A Notice of Internet Availability of Proxy Materials (the "Internet Notice") was first mailed on or about April 8, 2011, to shareholders of record at the close of business on March 31, 2011 (the "Record Date"). The Internet Notice will instruct you as to how you may access and review the proxy materials. The Proxy Statement, the proxy card, and our Annual Report are first being made available to shareholders on April 8, 2011.

The terms "we," "our," "us," or the "Company" refer to Knight Transportation, Inc. and its subsidiaries.

Voting Rights

Only holders of record of our Common Stock, par value \$0.01 per share ("Common Stock"), at the close of business on the Record Date are entitled to vote at the Annual Meeting, either in person or by valid proxy. Except in the election of directors, shareholders are entitled to one vote for each share held of record on each matter of business to be considered at the Annual Meeting. In the election of directors, shareholders have cumulative voting rights under Arizona law. See "Required Vote; Cumulative Voting." As of the Record Date, there were issued and outstanding 83,835,789 shares of our Common Stock, entitled to cast an aggregate 83,835,789 votes on all matters subject to a vote at the Annual Meeting, other than in the election of the Class I directors, where the shares are entitled to an aggregate 167,671,578 votes. Votes cast at the Annual Meeting will be tabulated by the Inspector of Elections and the results of all items voted upon will be announced at the Annual Meeting.

Quorum Requirement

In order to transact business at the Annual Meeting, a quorum must be present. A quorum is present if a majority of the issued and outstanding shares of Common Stock as of the Record Date are represented at the Annual Meeting in person or by proxy. Shares that are entitled to vote but that are not voted at the direction of the holder (called "abstentions") and shares that are not voted by a broker or other record holder due to the absence of instructions from the beneficial owner (called "broker non-votes") will be counted for the purpose of determining whether a quorum is

present.

Required Vote; Cumulative Voting

Election of Directors. Directors are elected by plurality of the votes cast, which means that the director nominees receiving the highest number of votes for their election will be elected as directors. Abstentions and broker non-votes are not counted as votes for the election of any director nominee. Under the Constitution of the State of

Arizona, as well as Section 10-728 of the Arizona Revised Statutes, shareholders have cumulative voting rights in electing directors of an Arizona corporation. Cumulative voting means that each shareholder, when electing directors, has the right to cast as many votes in the aggregate as he, she, or it has voting shares multiplied by the number of directors to be elected. For example, this year two Class I directors will be elected. If a shareholder has 100 shares of Common Stock, the shareholder is entitled to cast a total of 200 votes in the election of the Class I directors and may cast 200 votes for a single director nominee or distribute those votes among the two Class I director nominees.

You may not cumulate your votes if they are cast "withheld." Our Bylaws provide that, in an uncontested election, a director nominee who receives a greater number of votes cast "withheld" for his or her election than "for" such election will promptly tender his or her resignation to the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee is required to evaluate the resignation, taking into account the best interests of the Company and its shareholders, and recommend to our Board of Directors whether to accept or reject the resignation.

**Other Matters.** Approval of the other matters submitted to shareholders for consideration and action at the Annual Meeting requires that the number of votes cast for the matter exceeds the number of votes cast against the matter. However, with respect to Proposal No. 3, the frequency receiving the greatest number of votes cast will be considered the frequency recommended by our shareholders. Abstentions and broker non-votes will be disregarded in determining whether a matter has been approved. In other words, abstentions and broker non-votes will be counted neither as votes for, nor as votes against, a matter.

#### Right to Attend the Annual Meeting; Revocation of Proxy

Returning a proxy card now will not interfere with your right to attend the Annual Meeting or to vote your shares personally at the Annual Meeting, if you wish to do so. Shareholders who execute and return proxies may revoke them at any time before they are exercised by giving written notice to our Secretary at our address, by executing a subsequent proxy and delivering it to our Secretary, or by attending the Annual Meeting and voting in person.

#### Costs of Solicitation

We will bear the cost of solicitation of proxies, which we expect to be nominal, and we will include reimbursements for the charges and expenses of brokerage firms and others for forwarding solicitation material to beneficial owners of our outstanding Common Stock. Proxies will be solicited by mail and may be solicited personally by our directors, officers, or employees, who will not receive any additional compensation for any such services.

#### Annual Report

The information included in this Proxy Statement should be reviewed in conjunction with the Consolidated Financial Statements, Notes to Consolidated Financial Statements, Reports of our Independent Registered Public Accounting Firm, and other information included in our 2010 Annual Report to Shareholders that was made available on or about April 8, 2011, together with this Notice of Annual Meeting and Proxy Statement, to all shareholders of record as of the Record Date. A copy of our Annual Report is available free of charge on the Shareholder Relations section of our corporate website at <http://www.knighttrans.com>. The Annual Report is not incorporated into this Proxy Statement, and is not considered proxy-soliciting material.

#### How to Read this Proxy Statement

This Proxy Statement contains the proposals to be considered by shareholders at the Annual Meeting, as well as important information concerning, among other things: our management and our Board of Directors; executive

compensation; transactions between us and our officers, directors, and affiliates; the stock ownership of management and other large shareholders; the services provided to us by and fees of our independent registered public accounting firm; and instructions for shareholders who want to make proposals at the 2012 Annual Meeting of Shareholders. Each shareholder should read this information before completing and returning the enclosed proxy card.

Table of Contents

PROPOSAL NO. 1 – ELECTION OF DIRECTORS

Our Board of Directors presently consists of eight members. The directors are divided into three classes, with each class serving a three-year term. The shareholders elect approximately one-third of the Board of Directors each year. Two Class I directors will be elected at the Annual Meeting.

Upon the recommendation of the Nominating and Corporate Governance Committee, the Board of Directors has nominated Donald A. Bliss and Richard J. Lehmann for election as Class I directors at the Annual Meeting.

Each Class I director nominee will be elected to serve until the 2014 Annual Meeting of Shareholders or until his or her successor shall have been duly elected and qualified or his or her resignation or removal, whichever occurs first. Each of the Class I director nominees has consented to serve a three-year term.

If any of the nominees named above should become unavailable to serve as a director, the Board of Directors may designate a substitute nominee. In that case, the proxy holders will vote for the substitute nominee designated by the Board.

There currently is a vacancy on our Board, which results in only two nominees for the election of Class I directors. We have and will continue to consider qualified candidates to fill this vacancy. CORPORATE GOVERNANCE

Applicable Corporate Governance Requirements

Our Common Stock has been listed on the New York Stock Exchange (the "NYSE") since December 30, 2004, and we are subject to the NYSE listing standards, including those relating to corporate governance. Prior to listing on the NYSE, our Common Stock was listed on what today is known as the Nasdaq Global Select Market ("NASDAQ"), and we were subject to the NASDAQ listing standards, including those related to corporate governance.

Corporate Governance Guidelines

Our Board of Directors has adopted corporate governance guidelines to further its goal of providing effective governance of our business and affairs for the long-term benefit of our shareholders. A copy of the corporate

governance guidelines is available free of charge on the Shareholder Relations section of our website at <http://www.knighttrans.com>. The Nominating and Corporate Governance Committee is responsible for periodically reviewing the corporate governance guidelines and recommending changes as appropriate to ensure the effective functioning of our Board of Directors and corporate governance.

Table of Contents

Code of Ethics

The Board of Directors has adopted a Code of Ethical Conduct that applies to all of our directors, officers, and employees. In addition, we maintain a Policy Governing Responsibilities of Financial Managers and Senior Officers (the "Financial Responsibilities Policy") that applies to our senior executive officers (Executive Vice President or above), Chief Financial Officer, Chief Accounting Officer, Controller, and any other employee who is responsible for the management of our funds or for the operation and maintenance of our financial accounting and reporting system. The Code of Ethical Conduct and Financial Responsibilities Policy includes provisions applicable to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, which constitute a "code of ethics" within the meaning of Item 406(b) of Regulation S-K. Copies of the Code of Ethical Conduct and Financial Responsibilities Policy are available free of charge on the Shareholder Relations section of our website at <http://www.knighttrans.com>.

The Board of Directors and Its Committees

Board of Directors

Meetings of the Board of Directors. During the year ended December 31, 2010, our Board of Directors met on four occasions. Each of the directors attended 75% or more of the meetings of the Board of Directors and the meetings held by all of the committees of the Board on which he or she served, with the exception of Mr. Bliss who attended 50% of the meetings of the Board of Directors due to health reasons. We encourage our directors to attend our Annual Meetings of Shareholders. All of our directors attended the 2010 Annual Meeting of Shareholders.

Independent Directors. In accordance with NYSE Rule 303A.02(a), the Board of Directors affirmatively determines the independence of each director after reviewing the findings and recommendations of the Nominating and Corporate Governance Committee. Upon the recommendation of the Nominating and Corporate Governance Committee, the Board has determined that Donald A. Bliss, G.D. Madden, Michael Garnreiter, Kathryn L. Munro, and Richard J. Lehmann are independent (collectively, the "Independent Directors"). Except in their capacities as directors or as holders of an immaterial amount of securities of other entities, neither Mr. Bliss, Mr. Madden, Mr. Garnreiter, Ms. Munro, nor Mr. Lehmann, either directly or in his or her capacity as a partner, shareholder, officer, or similar position of another organization, has or in the past three years had any business or financial relationship with us or any of our subsidiaries. None of the Independent Directors or any of their immediate family members has or had any of the disqualifying relationships with us or our subsidiaries specified in NYSE Rule 303A.02(b).

Board Leadership Structure. Kevin P. Knight has served as the Chairman of our Board of Directors since May 1999 and has served as our Chief Executive Officer since 1993. The Board believes that the combination of these two positions is the most appropriate and suitable structure for proper and efficient Board functioning and communication, which is facilitated by Kevin Knight serving as the direct link between senior management and the Board. In these capacities, he provides critical insight to the Board and leadership for our senior management in our day-to-day operations. To ensure that Kevin Knight has sufficient time to fulfill his responsibilities as the Chairman of our Board and our Chief Executive Officer, the Board of Directors has appointed Gary Knight and Randy Knight to serve as Vice Chairmen and has assigned the responsibility to Gary Knight to conduct and preside at board meetings. Kevin Knight reports to the Board as the Chief Executive Officer along with the other executive officers and also participates in the meetings as a director.

Risk Oversight. The Board of Directors has assigned the assessment of enterprise risk to the Nominating and Corporate Governance Committee and the assessment of financial risk to the Audit Committee. Management reports to the Nominating and Corporate Governance Committee and Audit Committee with respect to the overall enterprise

risk environment, including both business and financial risk, of our operations. The committees then evaluate the management's risk assessment and report to the Board of Directors.

Table of Contents

Executive Sessions. In 2010, our Independent Directors held one meeting, referred to as "executive sessions," at which only the Independent Directors were present. The Chairman of the Nominating and Corporate Governance Committee acts as the lead independent director and is the presiding director for all executive sessions. Mr. Bliss currently serves as the Chairman of the Nominating and Corporate Governance Committee and will continue in that capacity following the Annual Meeting. Our Independent Directors will continue to meet regularly and at least once annually.

Communication with Directors. Our Board of Directors provides a process for shareholders to send written communications to the entire Board or to individual directors. To send a communication to the entire Board of Directors, your communication should be addressed as follows: The Board of Directors, Knight Transportation, Inc., c/o Adam Miller – Secretary, 5601 West Buckeye Road, Phoenix, Arizona 85043. Written communications addressed in this manner will be copied and distributed to each director at or prior to the next board meeting. Each member of the Audit Committee satisfies the independence and other audit committee membership criteria set forth in NYSE Rule 303A.07. Specifically, each member of the Audit Committee:

- is independent under NYSE Rule 303A.02;
- meets the criteria for independence set forth in Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"); and
- is financially literate, as our Board of Directors has interpreted such qualification in its business judgment.

In addition, the Board has determined that Mr. Garnreiter's service on the audit committees of more than three public companies does not impair his ability to effectively serve on our Audit Committee.

The Audit Committee met six times during 2010. Each member of the Audit Committee attended all of the Audit Committee meetings during 2010, except Mr. Bliss who was unable to attend one meeting.

**Audit Committee Financial Expert.** The Board of Directors has determined that at least one "audit committee financial expert," as defined under Item 407(d)(5) of Regulation S-K, currently serves on the Audit Committee. The Board of Directors has identified Mr. Garnreiter as an audit committee financial expert. Mr. Garnreiter is independent, as independence for audit committee members is defined under applicable NYSE rules.

**Audit Committee Charter.** A copy of the Audit Committee's current charter is available free of charge on the Shareholder Relations section of our website at <http://www.knighttrans.com>.

**Report of the Audit Committee.** In performing its duties, the Audit Committee, as required by applicable rules and regulations promulgated by the Securities and Exchange Commission ("SEC"), issues a report recommending to the Board of Directors that our audited financial statements be included in our Annual Report on Form 10-K, and relating to certain other matters, including the independence of our independent registered public accounting firm. The Report of the Audit Committee follows.

The Report of the Audit Committee shall not be deemed to be incorporated by reference into any filing made by us under the Securities Act of 1933, as amended (the "Securities Act"), or the Exchange Act, notwithstanding any general statement contained in any such filings incorporating this Proxy Statement by reference, except to the extent we incorporate such report by specific reference.

The Audit Committee oversees the accounting and financial reporting processes of the Company and the audit of the financial statements of the Company. Management of the Company has primary responsibility for the Company's financial statements and the overall reporting process, including maintenance of the Company's systems of internal control. The Company retains an

independent registered public accounting firm that is responsible for conducting an independent audit of the Company's financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) ("PCAOB"), and issuing a report thereon.

In undertaking its responsibilities, the Audit Committee has discussed the Company's financial statements with management and the Company's independent registered public accounting firm and, in issuing this report, has relied upon the responses and information provided to the Audit Committee by management and the independent registered public accounting firm.

For the fiscal year ended December 31, 2010, the Audit Committee has reviewed and discussed the audited financial statements with management and Deloitte & Touche LLP, the Company's independent registered public accounting firm until March 23, 2011. Specifically, the Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by Rule 2-07 of SEC Regulation S-X "Communication with Audit Committees," and PCAOB Interim Standards "Communication with Audit Committees" (AU Section 380) as amended, which include, among other things:

- methods used to account for significant unusual transactions;
- the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;
- the process used by management in formulating particularly sensitive accounting estimates and the basis for the accounting firm's conclusions regarding the reasonableness of those estimates; and
- disagreements with management over the application of accounting principles, the basis for management's accounting estimates, and the disclosures in the financial statements.

The Audit Committee has received the written disclosures from the independent registered public accounting firm required by PCAOB Ethics and Independence Rule 3526, "Communication with Audit Committees Concerning Independence" and discussed with the independent registered public accounting firm its independence within the meaning of the rules and standards of the PCAOB and the securities laws and regulations administered by the SEC.

Based on the foregoing reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2010, for filing with the Securities and Exchange Commission.

As more fully detailed in the Nominating and Governance Committee's charter, the primary functions of the committee include:

- evaluating the composition of the Board and selecting and recommending nominees for election or re-election to the Board or for appointment to fill Board vacancies;
- developing and implementing regular and emergency succession plans for our senior management positions; and

Board Diversity. In recommending candidates for the Board of Directors, the Nominating and Corporate Governance Committee considers board diversity with an emphasis on diverse backgrounds, skills, and experience that will be beneficial to us. Pursuant to the Nominating and Corporate Governance Committee's charter, all candidates are evaluated and selected consistent with our policy of nondiscrimination with respect to race, creed, religion, or national origin.

Process for Identifying and Evaluating Director Nominees. Director nominees are chosen by the Nominating and Corporate Governance Committee. New, non-management directors also meet with members of our senior management and other non-management directors as part of their orientation. We periodically provide materials to directors on various subjects to assist them in understanding our business and operations and in effectively discharging their duties.

**Authority to Engage Advisors.** Each of the Audit Committee, the Nominating and Corporate Governance Committee, and the Compensation Committee is conferred by its charter with explicit authority to engage its own independent advisors, including legal counsel.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview and Philosophy of Compensation

The Compensation Committee oversees all of our executive officer compensation arrangements. The Compensation Committee has the responsibility to (i) review and approve corporate goals and objectives relevant to the compensation of our CEO, (ii) evaluate the performance of our CEO in light of those goals and objectives, and (iii) determine and approve the compensation level of our CEO based upon that evaluation. The Compensation Committee also has the responsibility to review annually the compensation of our other executive officers and to determine whether such compensation is reasonable under existing facts and circumstances. In making such determinations, the Compensation Committee seeks to ensure that the compensation of our executive officers aligns the executives' interests with the interests of our shareholders. The Compensation Committee also reviews and approves all forms of incentive compensation, including stock option grants, stock grants, restricted stock unit grants, and other forms of incentive compensation granted to our executive officers. The Compensation Committee takes into account the recommendations of our CEO in reviewing and approving the overall compensation of the other executive officers. The Compensation Committee has not engaged or received reports from any third-party compensation consultants.

We believe that the quality, skills, and dedication of our executive officers are critical factors affecting our long-term value and success. Our primary executive compensation goals include attracting, motivating, and retaining qualified executive officers who create long-term value for our shareholders. We seek to accomplish these goals by rewarding past performance, incentivizing future performance, and aligning our executive officers' long-term interests with those of our shareholders. Our compensation program is designed to reward our executive officers for individual performance, years of experience, contributions to our financial success, and creation of shareholder value. Our compensation philosophy is to provide overall compensation levels that (i) attract and retain talented executives and motivate those executives to achieve superior results, (ii) align executives' interests with our corporate strategies, our business objectives, and the long-term interests of our shareholders, and (iii) enhance executives' incentives to increase our stock price and maximize shareholder value. In addition, we strive to ensure that our compensation, particularly salary compensation, is consistent with our constant focus on controlling costs. Our primary strategy for building senior management depth has been to develop personnel from within our Company to ensure that our executive team as a whole remains dedicated to our customs, practices, and culture, recognizing, however, that we may gain talent and new perspectives from external sources. Accordingly, in many instances we build our compensation elements around long-term retention and development, together with annual rewards based on specific focus areas.

Elements of Compensation

Our compensation program for senior executive officers has two major elements, fixed and incentive compensation. The total compensation for senior executive officers, including the Named Executive Officers (as defined below), consists of one or more of the following components: (i) base salary; (ii) incentive compensation, which may include a performance-based annual cash bonus, a discretionary annual cash bonus, and long-term equity incentives in the form of stock options and other stock-based awards or grants; (iii) other compensation, including specified perquisites; and (iv) employee benefits, which are generally available to all of our employees.

Table of Contents

The Compensation Committee has the responsibility to make and approve changes in the total compensation of our executive officers, including the mix of compensation elements. In making decisions regarding an executive's total compensation, the Compensation Committee considers whether the total compensation is (i) fair and reasonable to us, (ii) internally appropriate based upon our culture, goals, initiatives, and the compensation of our other employees, and (iii) within a reasonable range of the compensation afforded by other opportunities, overall economic conditions, and our recent historical performance. The Compensation Committee also bases its decisions regarding compensation upon its assessment of factors such as the executive's leadership, integrity, individual performance, prospect for future performance, years of experience, skill set, level of commitment and responsibility required in the position, contributions to our financial results, the creation of shareholder value, and current and past compensation. In determining the mix of compensation elements, the Compensation Committee considers the effect of each element in relation to total compensation. Consistent with our need to control costs and our desire to recognize our executives' performance where such recognition is warranted, the Compensation Committee historically has attempted to keep base salaries relatively low and weight overall compensation toward incentive cash and equity-based compensation. The Compensation Committee specifically considers whether each particular element provides an appropriate incentive and reward for performance that sustains and enhances long-term shareholder value. The Compensation Committee also considers the tax consequences associated with each element of compensation, including whether the deductibility of compensation is expected to be limited under Section 162(m) of the Internal Revenue Code (the "Code"). In determining whether to increase or decrease an element of compensation, we rely upon the business experience of the members of the Compensation Committee, the Compensation Committee's general understanding of compensation levels at public companies, and the historical compensation levels of the executive officers, and, with respect to executives other than the CEO, we consider the recommendations of the CEO. We generally do not rely on rigid formulas (other than performance measures under the objective portion of our annual cash bonus program) or short-term changes in business performance when setting compensation.

The following summarizes the compensation elements we used to motivate and retain our Chief Executive Officer, Chief Financial Officer, and our three other most highly compensated executive officers for the fiscal year ended December 31, 2010 (collectively, the "Named Executive Officers").

Base Salary

We pay base salaries at levels that reward executive officers for ongoing performance and that enable us to attract and retain highly qualified executives, but not at a level that allows the executives to achieve the overall compensation they desire. Base pay is a critical element of our compensation program because it provides our executive officers with stability. Compensation stability allows our executives to focus their attention and efforts on our business objectives, which includes creating shareholder value. In determining base salaries, we consider the executive's current salary and the executive's qualifications and experience, including, but not limited to, the executive's length of service with us, the executive's industry knowledge, and the executive's leadership, integrity, scope of responsibilities, dedication to us and our shareholders, past performance, and future potential of providing value to our shareholders. We do not formally benchmark salary or total executive compensation against the executive compensation of any other company or group of companies. From time to time, the Compensation Committee has considered the form and level of compensation disclosed by other publicly traded truckload carriers, certain other transportation companies, and companies of similar size and market capitalization in general in order to obtain a broad understanding of such companies' compensation practices. We set our base salaries at a level that allows us to pay a portion of an executive officer's total compensation in the form of incentive compensation (including annual cash bonuses and long-term incentives) and perquisites. We believe this mix of compensation helps us incentivize our executives to maximize shareholder value in the long run. We consider adjustments to base salaries annually to reflect the foregoing factors but do not apply a specific weighting to such factors.

Incentive Compensation

Performance-Based and Discretionary Annual Cash Bonuses

On December 21, 2005, our shareholders approved and ratified our 2005 Executive Cash Bonus Plan ("Cash Bonus Plan") and on May 20, 2010, our shareholders re-approved the Cash Bonus Plan. We use our Cash Bonus Plan to provide annual incentives to executive officers in a manner designed to (i) link increases in compensation to our income targets in order to reinforce cost controls, (ii) reinforce our performance goals, and (iii) link a significant portion of our executives' compensation to the achievement of such goals. We also use the Cash Bonus Plan to preserve for our benefit a federal tax deduction for payments of incentive compensation to our executive officers. Cash bonuses are designed to reward executive officers for their contributions to our financial and operating performance and are based primarily upon our financial results and certain operating statistics that the Compensation Committee identifies each year as being important to our success.

Under the Cash Bonus Plan, the Compensation Committee is required to set, for each executive officer, one or more objective performance targets. The annual cash bonus amount awarded to each executive officer is primarily dependent upon us reaching or exceeding specified, objective performance targets. Performance targets may be based on the attainment of specified levels of one or any variation or combination of the factors listed in the Cash Bonus Plan. Corporate performance targets typically have related to profitability and performance to align cash compensation payments with our performance and the creation of shareholder value. Additionally, individual performance targets may be based on the successful implementation of corporate policies, negotiation of significant corporate transactions, development of long-term business goals or strategic plans, or the exercise of specific areas of managerial responsibility. The Compensation Committee sets the specific performance targets for each executive officer after engaging in active dialog with our CEO concerning our strategic objectives and performance and reviewing the appropriateness of the financial measures used in the Cash Bonus Plan.

The Compensation Committee also administers a discretionary cash bonus program ("Discretionary Cash Bonus Program") for achievements in leadership, innovation, initiative, and other non-objective performance indicia outside the Cash Bonus Plan. These awards are made on a discretionary basis and are unrelated to the attainment of the Cash Bonus Plan's objective performance criteria. An award under the Discretionary Cash Bonus Program may not be used to make up an award that was not earned under the Cash Bonus Plan's objective performance criteria and will not be exempt from the \$1 million deductibility limit under Section 162(m) of the Code.

Concurrently with establishing the performance targets, the Compensation Committee also establishes a maximum cash bonus award opportunity for each executive officer, typically expressed as a percentage of salary as of the commencement of the performance period. For 2010, the maximum bonus target was 60% of salary for our CEO and ranged from 30% to 40% for our other Named Executive Officers, except for Randy Knight who did not participate in the Cash Bonus Plan. Our Cash Bonus Plan contains an annual maximum cash bonus limitation of \$2.0 million for any participant, but the maximum award approved for any executive has never exceeded \$354,000. In determining an executive officer's maximum cash bonus opportunity, the Compensation Committee considers (i) the value that achieving specific performance targets will add to our shareholders, (ii) the degree of difficulty in achieving specific performance targets, and (iii) each of the other elements comprising the executive's total compensation. When calculating the cash bonus earned by an executive officer under the Cash Bonus Plan, the Compensation Committee may, in its sole discretion, exercise negative discretion to eliminate or reduce the size of a bonus if the Compensation Committee determines such action is appropriate but may not increase a bonus above the executive's maximum cash bonus actually earned based on achievement of the objective performance criteria. Further, the Compensation Committee is required to certify, prior to payment of a bonus under the Cash Bonus Plan, that the executive officer achieved the respective performance targets underlying the cash bonus. Under a policy adopted by the Compensation

Committee, two-thirds of a Named Executive Officer's total cash bonus opportunity will be determined under the Cash Bonus Plan and one-third is subject to discretionary awards made by the Compensation Committee under the Discretionary Cash Bonus Program, after taking into account the recommendations of the CEO (except with respect to his own bonus) and the non-objective criteria described above.

Table of Contents

Long-Term Incentives

On December 21, 2005, our shareholders approved and ratified our Amended and Restated 2003 Stock Option Plan, which on May 21, 2009, was amended and restated by our shareholders to, among other things, (i) rename the plan the "Knight Transportation, Inc. Amended and Restated 2003 Stock Option and Equity Compensation Plan," (ii) provide additional terms and administrative procedures applicable to restricted stock grants, and (iii) authorize the issuance of stock appreciation rights (the "2003 Equity Compensation Plan"). The 2003 Equity Compensation Plan is an equity compensation plan that we use to accomplish our compensation goals by providing our executive officers with long-term incentives. We also use the 2003 Equity Compensation Plan to align our executives' and shareholders' long-term interests by creating a strong, direct link between executive compensation and shareholder return.

The 2003 Equity Compensation Plan allows the Compensation Committee to link compensation to performance over a period of time by using equity-based awards, which often value a company's long-term prospects, and granting awards that have multiple-year vesting schedules. Awards with multiple-year vesting schedules, such as stock options or restricted stock unit grants, provide balance to the other elements of our compensation program that otherwise link compensation to annual performance. Awards with multiple-year vesting schedules incentivize executives to remain with us over an extended period of time. Thus, we believe the 2003 Equity Compensation Plan is an effective way of aligning the interests of our executive officers with those of our shareholders.

Under the 2003 Equity Compensation Plan, the Compensation Committee may grant stock options, restricted stock, or other forms of equity-based awards as forms of executive officer compensation. Historically, the Compensation Committee preferred granting stock option awards to our Named Executive Officers under the 2003 Equity Compensation Plan because the Committee believed that stock options had historically been an effective means of incentivizing our executive officers to work toward, and rewarding them for, increasing shareholder value. However, over the past several years the Compensation Committee has noted a trend among public companies toward some level of restricted stock and restricted stock unit grants. In 2009, the Compensation Committee approved a restricted stock unit grant program under the 2003 Equity Compensation Plan. In addition, the Compensation Committee believes that stock appreciation rights may have advantages in some circumstances. In the future, the Compensation Committee may draw upon all available types of awards in order to have a balanced and effective incentive plan.

The Compensation Committee considers several factors when determining the size of the award to our executive officers, including (i) the recommendations of our CEO (except as to his own awards); (ii) the value of the grant in relation to other elements of total compensation; (iii) the number and type of equity grants currently held by the executive; (iv) the number and type of awards granted to the executive in prior years; and (v) the executive's position, scope of responsibility, ability to affect our profits, ability to create shareholder value, and historic and recent performance. The Compensation Committee believes that the equity ownership of our senior management currently is sufficient to align their long-term interests with those of our shareholders, and therefore did not recommend any stock-based awards to the Named Executive Officers in 2010.

Other Compensation

We provide our Named Executive Officers with certain other benefits that we believe are reasonable, competitive, and consistent with our overall executive compensation program. We believe that these benefits generally allow our executives to work more efficiently. The costs of these benefits generally constitute only a small percentage of each executive's total compensation, with the exception being the air travel allowance for our CEO as described below. In setting the amount of these benefits, the Compensation Committee considers each executive's position and scope of responsibilities and all other elements comprising the executive's compensation.

Employee Benefits

Our Named Executive Officers are eligible to participate in all of our employee benefit plans, such as our 401(k) Plan and medical, dental, and group life insurance plans, in each case on the same basis as our other employees.

Compensation Paid to Our Named Executive Officers

Compensation Paid to Our Chief Executive Officer

Mr. Kevin Knight has been our CEO since 1993 and has served as Chairman of the Board since 1999. Since Mr. Knight became our CEO, we have achieved considerable growth in revenue, earnings, and market value. In discussions with Mr. Knight, the Compensation Committee determined that the following items were most important to motivating continued performance from Mr. Knight, as the CEO: (i) a base salary that is commensurate with his level of responsibility and commitment to us, but not so high that it would undermine our cost-control culture; (ii) a significant amount of equity compensation to align Mr. Knight's compensation with increasing shareholder value; and (iii) a travel allowance that would permit use of private aircraft at Mr. Knight's discretion to manage our expansive geographic presence without unduly affecting his availability for business or his lifestyle. Mr. Knight does not participate in the determination of his own compensation. However, Mr. Knight voluntarily reduced his salary in 2008 and 2009 due to the difficult operating environment in which we were operating and his commitment to our financial performance. In 2010, Mr. Knight continued to voluntarily reduce his salary from \$590,000 to \$440,000 annually. Mr. Knight also voluntarily reduced his air travel allowance by \$100,000, as discussed below.

For 2010, the Compensation Committee also approved a maximum performance-based cash bonus opportunity under which Mr. Kevin Knight was eligible to receive a cash bonus of up to 60% of his base salary, two-thirds of which was to be paid under the Cash Bonus Plan (the "Bonus Plan Compensation") and one-third of which was to be paid under the Discretionary Cash Bonus Program based upon the Compensation Committee's evaluation of Mr. Knight's performance (the "Discretionary Bonus Compensation"). The percentage of salary assigned to Mr. Knight's potential bonus was based on the Compensation Committee's evaluation of (i) the magnitude of Mr. Knight's ability to impact corporate performance based on his responsibilities, (ii) the composition of Mr. Knight's total compensation package, including the fact that his salary remained constant between 2008 and 2009 and the voluntary reduction of his salary continued in 2010, and (iii) our long-term profitability and earnings goals. Mr. Knight's potential bonus as a percentage of his salary was greater than the other Named Executive Officer's because the Compensation Committee believed that, based upon his responsibilities, Mr. Knight had a greater ability to affect corporate performance than the other Named Executive Officers.

In connection with the maximum performance-based cash bonus opportunity described above, the Compensation Committee set performance targets related to earnings performance compared with earnings in 2009 and annual consolidated operating ratio (the "2010 Performance Targets"). One-third of the maximum bonus opportunity was tied to earnings targets and one-third was tied to achieving the target operating ratio. The 2010 Performance Target range for earnings targets was from 20% target bonus achievement at negative 5.0% change in earnings to 100% bonus target achievement at 5.0% earnings growth. The 2010 Performance Target for consolidated operating ratio was 87.5%. However, there was an override feature such that achievement of earnings per share growth for 2010 in excess of earnings per share for 2009 (as opposed to earnings targets) would result in 100% achievement of the 2010 Performance Targets. Given the economic environment at the date the targets were adopted, the Compensation Committee viewed the 2010 Performance Targets as reflecting a range of performance that was achievable but uncertain, with the upper end of the range reflecting a significant accomplishment. The 2010 Performance Targets did not reflect any view of ours concerning earnings expectations for the year. The 2010 Performance Targets were recommended by Mr. Knight and approved by the Compensation Committee.

In addition to the 2010 Performance Targets and pursuant to the Discretionary Cash Bonus Program, the Compensation Committee also had the discretion to award Mr. Kevin Knight up to one-third of the cash bonus opportunity based upon, among other things, his leadership, ability to influence others, dedication, integrity, creativity, and the promotion of our business.

The Compensation Committee met in February 2011 to discuss and review the 2010 Performance Targets for Mr. Kevin Knight. The Committee reviewed the foregoing policies, our financial and operating performance, and the 2010 Performance Targets with Mr. Knight and the Chief Financial Officer. The Compensation Committee determined that there was a 100% achievement of the 2010 Performance Targets. Accordingly, the Compensation Committee

Table of Contents

awarded Mr. Knight \$176,000 as Bonus Plan Compensation. With respect to Discretionary Bonus Compensation, Mr. Knight recommended for cost control reasons that the Compensation Committee use its negative discretion and not approve any Discretionary Bonus Compensation for Mr. Knight in 2010. The Compensation Committee reviewed Mr. Knight's performance for the Discretionary Bonus Compensation and concluded that Mr. Knight's performance was exemplary and above expectations. However, based on Mr. Knight's recommendation, the Compensation Committee exercised its negative discretion and directed that no Discretionary Bonus Compensation be paid to Mr. Knight for 2010.

During 2010, we also paid a pre-determined amount for the business-related air travel of Mr. Kevin Knight, in his role as our CEO. Mr. Knight used the allowance for all of his business-related air travel, whether commercial or charter. With approximately 30 locations across the United States and numerous acquisitions, investor, supplier, industry, and other destinations, Mr. Knight was, and continues to be, required to travel by air frequently to carry out his responsibilities. Some of this travel involved a personal component, although we believe the personal component is immaterial compared to the business-related travel. The Compensation Committee believes that the air travel allowance was reasonable because it enhances Mr. Knight's ability to carry out his responsibilities as CEO. The Compensation Committee also desired to avoid the complications of allocating business versus personal travel expenses on trips with more than one function. Thus, Mr. Knight's entire air travel allowance was included as compensation, with any excess being payable personally by him. In January 2009, Mr. Knight voluntarily reduced his annual air travel allowance by \$100,000, from \$250,000 to \$150,000, in recognition of the difficult operating conditions. This voluntary reduction continued at the same level in 2010. During 2010, Mr. Knight also received a cash vehicle allowance of approximately \$17,000. Both the air travel allowance and the vehicle allowance are included in the "All Other Compensation" column of the Summary Compensation Table.

In 2010, in addition to providing medical, dental, and group life insurance to Mr. Kevin Knight, we also contributed \$850, which represents our maximum matching discretionary contribution per participant, to the 401(k) Plan of Mr. Knight. We report the 401(k) contribution in the "All Other Compensation" column in the Summary Compensation Table.

#### Compensation Paid to Our Other Named Executive Officers

For all Named Executive Officers, other than our CEO, the form and amount of compensation was recommended by the CEO. As discussed above, the Compensation Committee relied on the business experience of its members, the historical compensation levels of the Named Executive Officers, and its general understanding of compensation levels at public companies to determine that the CEO's recommendations with respect to the compensation levels and forms were appropriate for 2010. The form of compensation was substantially consistent with past years, with compensation consisting primarily of salary, cash bonus based on the achievement of certain financial and operating goals established through consultation with the Compensation Committee during the first quarter of the year, and cash bonus based on certain subjective criteria. For each of the Named Executive Officers, the Compensation Committee considered, among other things, our financial and operating results during 2009 and 2010, the duties and responsibilities of each executive, and the length of time each executive has been with us as further described in each executive's biography found herein.

Effective August 1, 2008, Messrs. Keith Knight and Gary Knight voluntarily reduced their salaries by \$100,000 annually from \$350,000 to \$250,000 and \$227,500 to \$127,500, respectively. Based on the improved operating environment during 2010, the Compensation Committee recommended in August 2010 that the voluntary salary reductions put in place in 2008 be adjusted so that their salaries were reduced by \$50,000 annually. However, Messrs. Keith Knight and Gary Knight voluntarily continued their salary reduction at the rate of \$75,000 annually. Accordingly, the salaries of Messrs. Keith Knight and Gary Knight were adjusted to \$275,000 and

\$152,500, respectively. Their voluntary salary reductions may be adjusted upward to the rate of \$50,000 annually if the economic environment continues to improve.

Table of Contents

For 2010, the Compensation Committee also approved a maximum performance-based cash bonus opportunity under which each of Messrs. Jackson and Gary Knight was eligible to receive a cash bonus of up to 30% of his base salary and Mr. Keith Knight was eligible to receive a cash bonus of up to 40% of his base salary. Two-thirds of each Named Executive Officer's cash bonus was to be paid as Bonus Plan Compensation and one-third of each Named Executive Officer's cash bonus was to be paid as Discretionary Bonus Compensation based upon the Compensation Committee's evaluation of each Named Executive Officer's performance. The percentage of salary assigned to each Named Executive Officer was based on the CEO's recommendation and the Compensation Committee's evaluation of (i) the magnitude of each Named Executive Officer's ability to impact corporate performance based on the Named Executive Officer's responsibilities at the time, (ii) the composition of the respective Named Executive Officer's total compensation package, and (iii) our long-term profitability and earnings goals. The cash bonus opportunity (as a percentage of base salary) for each Named Executive Officer did not change for 2010 compared to 2009.

In connection with the performance-based cash bonus opportunities described above, the Compensation Committee set performance targets related to earnings performance compared with earnings in 2009 and annual consolidated operating ratio. One-third of the maximum bonus opportunity was tied to earnings targets and one-third was tied to achieving the target operating ratio. The 2010 Performance Target range for earnings targets was from 20% target bonus achievement at negative 5.0% change in earnings to 100% bonus target achievement at 5.0% earnings growth. The 2010 Performance Target for consolidated operating ratio was 87.5%. However, there was an override feature so that the achievement of earnings per share growth for 2010 in excess of earnings per share for 2009 (as opposed to earnings targets) would result in 100% achievement of the 2010 Performance Targets. Given the economic environment at the date the targets were adopted, the Compensation Committee viewed the 2010 Performance Targets as reflecting a range of performance that was achievable but uncertain, with the upper end of the range reflecting a significant accomplishment. The 2010 Performance Targets did not reflect any view of ours concerning earnings expectations for the year. The 2010 Performance Targets were recommended by the CEO and approved by the Compensation Committee.

In addition to the 2010 Performance Targets and pursuant to the Discretionary Cash Bonus Program, the Compensation Committee also had the discretion to award each Named Executive Officer, after taking into account the CEO's recommendations, up to one-third of the cash bonus opportunity based upon, among other things, the executive's leadership, ability to influence others, dedication, integrity, creativity, and the promotion of our business. Although Randy Knight did not participate in the Cash Bonus Plan, he was eligible to receive Discretionary Bonus Compensation in 2010.

The Compensation Committee met in February 2011 to discuss and review the 2010 Performance Targets for the Named Executive Officers. The Compensation Committee reviewed the foregoing policies, our financial and operating performance, and the 2010 Performance Targets with the CEO. The Compensation Committee determined that there was a 100% achievement of the 2010 Performance Targets. Accordingly, the Compensation Committee awarded Messrs. Keith Knight, Gary Knight, and Jackson \$73,425, \$30,500, and \$38,000, respectively, as Bonus Plan Compensation. Based upon each Named Executive Officer's (other than the CEO's) performance and ongoing commitment to our Company, the CEO recommended that the Named Executive Officers (other than the CEO) receive fifty percent (50%) of the Discretionary Bonus Compensation. Accordingly, the Compensation Committee also awarded Messrs. Keith Knight, Gary Knight, and Jackson \$18,288, \$7,625, and \$9,500, respectively, as Discretionary Bonus Compensation.

Except as described above with respect to the CEO, we did not pay for the personal air travel of any of our other executive officers, including our other Named Executive Officers. However, similar to our CEO, our other Named Executive Officers, excluding Randy Knight, receive a vehicle allowance or are provided a company vehicle. In 2010, in addition to providing medical, dental, and group life insurance to our Named Executive Officers, we also

contributed \$850, which represents our maximum matching discretionary contribution per participant, to the 401(k) Plan of each Named Executive Officer, excluding Randy Knight. We report the vehicle allowance and the 401(k) contribution in the "All Other Compensation" column in the Summary Compensation Table.

Compensation Decisions with Respect to 2011

As of the date hereof Mr. Kevin Knight has continued his voluntary salary reduction that was effective in 2010 and his \$100,000 voluntary reduction of his annual air travel allowance and Messrs. Keith Knight and Gary Knight have continued their voluntary salary reductions at the rate of \$75,000 annually. In February 2011, Mr. Jackson's base salary was increased to \$200,000 from \$190,000 annually in connection with his new responsibilities as our President.

For 2011, the Compensation Committee also approved maximum performance-based cash bonus opportunities under which (i) Mr. Kevin Knight is eligible to receive a cash bonus of up to 60% of his base salary; (ii) each of Messrs. Keith Knight and Jackson is eligible to receive a cash bonus of up to 40% of his base salary; and (iii) Mr. Gary Knight is eligible to receive a cash bonus of up to 30% of his base salary. As in 2010, the percentage of salary assigned to each Named Executive Officer is based on the Compensation Committee's evaluation of (i) the magnitude of each Named Executive Officer's ability to affect corporate performance based on the Named Executive Officer's responsibilities at the time, (ii) the composition of the respective Named Executive Officer's total compensation package, and (iii) our long-term profitability and earnings goals. For 2011, each Named Executive Officer's cash bonus will be paid entirely under the Cash Bonus Plan. Accordingly, no cash bonus will be paid under the Discretionary Cash Bonus Program in 2011. Randy Knight will not participate in the performance-based cash bonus opportunities in 2011.

In connection with the maximum performance-based cash bonus opportunities described above, the Compensation Committee set performance targets related to the change in earnings compared with earnings in 2010 and annual consolidated revenue growth (the "2011 Performance Targets"). One-half of the maximum bonus opportunity is tied to the change in earnings and one-half is tied to the change in revenue. The 2011 Performance Target range for earnings is from 33% target bonus achievement at 5.0% earnings growth to 100% bonus target achievement at 15.0% earnings growth. The 2011 Performance Target range for revenue is from 33% target bonus achievement at 7.5% revenue growth to 100% bonus target achievement at 17.5% revenue growth. Given the economic and freight environment at the date the targets were adopted, the Compensation Committee viewed the 2011 Performance Targets as reflecting a range of performance that is achievable but uncertain, with the upper end of the range reflecting a significant accomplishment. The 2011 Performance Targets do not reflect any view of ours concerning earnings expectations for the year. The 2011 Performance Targets were recommended by the CEO and approved by the Compensation Committee.

Employment Agreements

We currently do not have any employment contracts, severance agreements, change-of-control agreements, or other arrangements with our executive officers, including our Named Executive Officers, that provide for payment or benefits to any executive officer at, following, or in connection with a change in control, a change in an executive officer's responsibilities, or an executive officer's termination of employment, including resignation, severance, retirement, or constructive termination.

- (2) This column represents the grant date fair value of the stock options under FASB ASC 718 (formerly SFAS 123R) granted to the Named Executive Officers. The fair value was calculated using the Black Scholes value of approximately \$5.18 for options granted on February 29, 2008, and \$6.19 for options granted on May 22, 2008. The fair value of the option awards are accounted for in accordance with ASC 718. For additional information

on the valuation assumptions, refer to note 9 of our financial statements in the Form 10-K for the year ended December 31, 2010, as filed with the SEC. These amounts reflect our accounting expense to be recognized over the vesting period of the options awarded, and do not correspond to the actual value that will be recognized by the Named Executive Officers. No stock options were granted to our Named Executive Officers in 2010 or 2009.

- (3) This column represents the aggregate grant date fair value of restricted stock units (“RSUs”) computed in accordance with FASB ASC Topic 718, which was \$16.04 per share based on the market closing price of our stock on grant date of October 30, 2009. These amounts reflect our accounting expense to be recognized over the vesting period of the restricted stock units awarded, and do not correspond to the actual value that will be recognized by the Named Executive Officers. No RSUs were granted to our Named Executive Officers in 2010.

- (5) Mr. Randy Knight was not a Named Executive Officer during 2008.

- (2) This column represents the expense recognized for financial statement reporting purposes with respect to the 2010 fiscal year for the fair value of stock awards granted to each non-employee director in 2010, in accordance with FASB ASC Topic 718 (formerly SFAS 123R). On May 20, 2010, each non-employee director received 1,111 shares of our Common Stock, determined by dividing the current year's director compensation subject to payment in Common Stock, by the closing market price of our Common Stock on the date of grant, or \$20.25 per share.

## Narrative to Director Compensation

The Board of Directors, upon the recommendation of our Compensation Committee, establishes the form and amount of compensation paid to our directors who are not 10% shareholders or our officers or employees ("Outside Directors"). In 2010, our Outside Directors received annual compensation of \$45,000 payable 50% in cash and 50% in Common Stock. The number of shares issued on May 20, 2010, was determined by dividing the amount of the compensation subject to payment in Common Stock by the closing market price of our Common Stock on the date of the grant. The Common Stock was issued as stock grants under the Independent Director provision of our 2003 Equity Compensation Plan, which reserved 200,000 shares of our Common Stock for compensatory stock grants to Outside Directors.

No fees were paid for attendance at meetings during 2010; however, in addition to the \$45,000 payable to the Outside Directors, the Chair of the Audit Committee received an annual fee of \$5,000, the Chair of the Compensation Committee received an annual fee of \$3,000, and the Chair of the Nominating and Corporate Governance Committee received an annual fee of \$2,500.

Directors who are our officers or employees or 10% shareholders do not receive compensation for Board or committee service. During 2010, we did, however, reimburse all directors for travel and other related expenses.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Audit Committee has established policies and procedures relating to the review and approval or ratification of any transaction, or any proposed transaction, in which we were or are to be a participant and the amount involved exceeds \$120,000, and in which any "related person" (as that term is defined in Instruction 1 to Item 404(a) of Regulation S-K) had or will have a direct or indirect material interest, referred to as an "interested transaction." Upon review of the material facts of all interested transactions, the Audit Committee will either approve, ratify, or disapprove the interested transactions, subject to certain exceptions, by taking into account, among other factors it deems appropriate, whether the terms are arm's-length and the extent of the related person's interest in the transaction. No director may participate in any discussion or approval of an interested transaction for which he or she, or his or her relative, is a related party. If an interested transaction will be ongoing, the Audit Committee may establish guidelines for our management to follow in its ongoing dealings with the related party and then at least annually must review and assess ongoing relationships with the related party. During 2010, the following interested transactions were subject to such review and approval or ratification.

We provided general business loans to US West Agriculture Exporters, LLC, a transportation company that transacts business with our drayage operations, and in which Larry Knight is a 33% owner. Larry Knight is an employee of the Company and the brother of Kevin Knight, our Chief Executive Officer, and Keith Knight, our Chief Operating Officer. On April 29, 2010, we entered into an agreement with US West Agriculture Exporters, LLC to consolidate the business loan and interest into one single promissory note bearing interest at 5% per annum. The new agreement extends the repayment date to September 2012, with installments due quarterly. The largest aggregate amount of principal outstanding during 2010 was \$4,131,026. The amount of principal paid during 2010 was \$1,092,577 and the amount of interest paid during 2010 was \$107,423. The loan balance from US West Agriculture Exporters, LLC at December 31, 2010 was \$3,038,449. We also performed transportation services for US West Agriculture Exporters, LLC in the ordinary course of business and subject to usual trade terms. As of December 31, 2010, US West Agriculture Exporters, LLC has discontinued operations. The loan to US West Agriculture Exporters, LLC is secured by guaranties of the members of US West Agriculture Exporters, LLC. We are currently working with US West Agriculture Exporters, LLC regarding the repayment of the outstanding balance of the loan. Based on its knowledge of the facts, management believes it will recover the entire outstanding principal balance of the loan and accrued interest.

Table of Contents

The Knight family has been involved in the transportation business for a number of years, and family members of Kevin Knight, Gary Knight, Keith Knight, and Randy Knight have been employed by us since our inception. The Knight family members are employed on the same terms and conditions as non-related employees. During 2010, we employed two individuals who were compensated in excess of \$120,000 and are considered related persons under Item 404(a) of Regulation S-K. The aggregate total compensation paid to these two individuals in 2010 was \$337,728. Based on the fact that these two individuals are employed on the same terms and conditions as non-related employees, the Audit Committee ratified these transactions. We also employed nine other related persons during 2010, none of whom received compensation in excess of \$120,000.

See "Corporate Governance – The Board of Directors and Its Committees – Committees of the Board of Directors – The Compensation Committee – Compensation Committee Interlocks and Insider Participation" for a description of transactions between us and members of our Compensation Committee or their affiliates.

PROPOSAL NO. 2 –ADVISORY, NON-BINDING VOTE ON EXECUTIVE COMPENSATION

In accordance with the requirements of Section 14A of the Exchange Act (which was added by the Dodd-Frank Wall Street Reform and Consumer Protection Act and the related rules of the SEC), we are including in this Proxy Statement a separate resolution, subject to shareholder vote, to approve, in a non-binding vote, the compensation of our Named Executive Officers as disclosed on pages 15 to 26.

As described in more detail in the Compensation Discussion and Analysis section of this Proxy Statement, the Compensation Committee has structured our executive compensation program to achieve the following key objectives:

Objective	How Our Executive Compensation Program Achieves This Objective
Attract and retain talented executives and motivate those executives to achieve superior results.	· We link compensation to achievement of specified performance goals and continued employment with the Company. We also utilize multi-year vesting requirements for equity-based compensation to promote long-term ownership.
Align executives' interests with our corporate strategies, our business objectives, and the long-term interests of our shareholders.	· Annual cash bonuses for each of our Named Executive Officers are based on objective performance measurements that are important to our success (e.g., earnings growth, operating ratio, and revenue growth).
Enhance executives' incentives to increase our stock price and maximize shareholder value.	<ul style="list-style-type: none"> <li>· Annual cash incentives based on targets with objective, measurable criteria keep management focused on near-term results. Caps on cash awards are built into our plan design.</li> <li>· The equity compensation component, which includes awards such as stock options and restricted stock unit grants, provides balance to our other elements of our compensation program and creates incentive for executives to increase shareholder value over an extended period of time.</li> <li>· We attempt to keep base salaries relatively low and weight overall compensation toward incentive and equity-based compensation.</li> </ul>

Promote our culture of controlling costs.

- We provide reasonable perquisites to our Named Executive Officers and believe that such perquisites allow our Named Executive Officers to work more efficiently.
- We consider the tax consequences associated with each element of compensation, including whether the incentive compensation paid by us is deductible for tax purposes.
- Our Named Executive Officers have voluntarily reduced their salaries during periods of challenging economic environment.

Table of Contents

We urge shareholders to read the Compensation Discussion and Analysis beginning on page 15 of this Proxy Statement for more information on our executive compensation policies and procedures. The Compensation Committee and the Board believe that the policies and procedures articulated in the Compensation Discussion and Analysis are effective in achieving our goals.

Accordingly, we are asking our shareholders to approve, in a non-binding vote, the following resolution in respect of this Proposal No. 2:

"RESOLVED, that the shareholders approve, in an advisory, non-binding vote, the compensation of the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K in this Proxy Statement, including the Compensation Discussion and Analysis, compensation tables, and narrative discussion."

This advisory resolution, commonly referred to as a "say-on-pay" resolution, is non-binding on the Board of Directors. Although non-binding, the Board and the Compensation Committee will review and consider the voting results when making future decisions regarding our executive compensation program.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" ADVISORY APPROVAL OF THE RESOLUTION SET FORTH ABOVE.

**PROPOSAL NO. 3 – ADVISORY, NON-BINDING VOTE ON THE FREQUENCY OF HOLDING FUTURE  
ADVISORY, NON-BINDING VOTES ON EXECUTIVE COMPENSATION**

In accordance with the requirements of Section 14A of the Exchange Act, we also are including in this Proxy Statement a separate resolution to request our shareholders to recommend, in a non-binding vote, whether a non-binding shareholder vote to approve the compensation of our Named Executive Officers (that is, a vote similar to the non-binding vote in Proposal No. 2 on pages 30 and 31) should occur every one, two, or three years.

In considering their vote, shareholders may wish to carefully review the information presented in connection with Proposal No. 2 on pages 30 and 31 and the information regarding our compensation policies and decisions regarding our Named Executive Officers presented in the Compensation Discussion and Analysis beginning on page 15.

We believe a three-year frequency is most consistent with our approach to compensation based upon our beliefs that:

- a triennial advisory vote cycle is consistent with our long-term view with regard to executive compensation and would coincide with our triennial review of our overall compensation structure;
- the potential burdens and distractions of an annual vote are significant;
- a triennial advisory vote cycle gives the Board sufficient time to evaluate the results of the advisory vote regarding Named Executive Officer compensation and to implement any desired changes to our Named Executive Officer compensation policies and procedures; and
- a triennial advisory vote cycle will provide our shareholders more time to evaluate the effectiveness of our short- and long-term Named Executive Officer compensation strategies and our related performance.

Accordingly, we are asking our shareholders to approve, in a non-binding vote, the following resolution in respect of this Proposal No. 3:

"RESOLVED, that the shareholders be requested to recommend, in an advisory, non-binding vote, whether to approve the compensation of the Company's Named Executive Officers every one, two, or three years."

Table of Contents

The frequency option receiving the greatest number of votes cast will be considered the frequency recommended by our shareholders for holding future advisory votes on executive compensation. However, because the vote is advisory and non-binding on the Board or the Company, the Board may decide that it is in the best interests of our shareholders and the Company to hold an advisory vote on executive compensation more or less frequently than the frequency approved by our shareholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE "THREE YEARS" WITH RESPECT TO THE FREQUENCY OF HOLDING FUTURE ADVISORY, NON-BINDING SHAREHOLDER VOTES ON EXECUTIVE COMPENSATION.

PROPOSAL NO. 4 – RATIFICATION OF APPOINTMENT  
OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit Committee has appointed Grant Thornton LLP ("Grant Thornton") to serve as our principal independent registered public accounting firm for the fiscal year ending December 31, 2011. At the Annual Meeting, our shareholders are being asked to ratify the appointment of Grant Thornton as our independent registered public accounting firm for the fiscal year ending December 31, 2011. Deloitte & Touche LLP ("Deloitte") served as our principal independent public accounting firm for the fiscal year ended December 31, 2010. A representative of Grant Thornton is expected to be present at the Annual Meeting and to be available to respond to appropriate questions, and such representative will have an opportunity to make a statement at the Annual Meeting if he or she desires to do so. A representative of Deloitte is not expected to be present at the Annual Meeting.

Approval by our shareholders of the appointment of our independent registered public accounting firm is not required by law, any applicable NYSE rule, or by our organizational documents, but the Board of Directors is submitting this matter to our shareholders for ratification as a corporate governance practice. Ultimately, the Audit Committee retains full discretion and will make all determinations with respect to the appointment and retention of the independent registered public accounting firm.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF GRANT THORNTON LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

### Table of Contents

Our Audit Committee maintains a policy pursuant to which it pre-approves all audit, audit-related, tax, and other permissible non-audit services provided by our principal independent registered public accounting firm in order to assure that the provision of such services is compatible with maintaining the accounting firm's independence. Under this policy, the Audit Committee pre-approves, on an annual basis, specific types or categories of engagements constituting audit, audit-related, tax, or other permissible non-audit services to be provided by the principal independent registered public accounting firm. Pre-approval of an engagement for a specific type or category of services generally is provided for up to one year and typically is subject to a budget comprised of a range of anticipated fee amounts for the engagement. Management and the independent registered public accounting firm are required to periodically report to the Audit Committee regarding the extent of services provided by the accounting firm in accordance with the annual pre-approval and the fees for the services performed to date. If management believes that a new service, or the expansion of a current service, provided by the principal independent registered public accounting firm is necessary or desirable then such new or expanded services are presented to the Audit Committee for its review and approval prior to the engagement of the independent registered public accounting firm to render such services. No audit-related, tax, or other non-audit services were approved by the Audit Committee pursuant to the de minimus exception to the pre-approval requirement under Rule 2-01(c)(7)(i)(C) of Regulation S-X during the fiscal year ended December 31, 2010.

#### Change in Independent Registered Public Accounting Firm

On March 23, 2011, we dismissed Deloitte as our independent registered public accounting firm. The decision to dismiss Deloitte was approved by our Audit Committee. On March 29, 2011, we appointed Grant Thornton as our independent registered public accounting firm for the fiscal year ending December 31, 2011. The decision to retain Grant Thornton also was approved by our Audit Committee.

Deloitte's reports on the Company's consolidated financial statements for the years ended December 31, 2010 and December 31, 2009 did not contain an adverse opinion or a disclaimer of an opinion, and were not qualified or modified as to uncertainty, audit scope, or accounting principles.

During our two most recent fiscal years and through March 23, 2011, there have been no disagreements with Deloitte on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Deloitte, would have caused Deloitte to make reference to the subject matter of the disagreements in its reports on the Company's consolidated financial statements for such years; and there were no reportable events, as listed in Item 304(a)(1)(v) of Regulation S-K.

We provided Deloitte with a copy of the foregoing disclosures that were included in our current report on Form 8-K filed with the SEC on March 29, 2011 (the "Current Report"), and requested that Deloitte review such disclosures and provide a letter addressed to the SEC as specified by Item 304(a)(3) of Regulation S-K. A copy of Deloitte's letter to the SEC is attached as Exhibit 16.1 to the Current Report.

During our two most recent fiscal years and through March 29, 2011, we did not consult with Grant Thornton regarding any of the matters or events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K.
