Notes to the Consolidated Financial Statements

September 30, 2008

(unaudited)

NOTE 1 - ORGANIZATION AND DESCRIPTION OF BUSINESS

On August 3, 1994, PCS Edventures!.com, Inc., was incorporated under the laws of Idaho to engage in web-based and site-licensable educational products.

In October 1994, an agreement was authorized allowing the Company to exchange, on a one-for-one basis, common stock for stock of PCS Schools, Inc. As a result of this agreement, PCS Schools, Inc. became a wholly-owned subsidiary of the Company. In the late 1990 s, the Company divested the stand-alone learning labs to focus more on a hands-on module coupled with web-based technology for use in the classroom.

On March 27, 2000, the Company changed its name from PCS Education Systems, Inc. to PCS Edventures!.com, Inc.

On November 30, 2005, the Company entered into an agreement with 511092 N.B. LTD. dba LabMentors to exchange PCS stock for stock of 511092 N.B. LTD. as disclosed in the 8-K as filed with the Securities and Exchange Commission (SEC) on December 9, 2005, and amended on February 15, 2006. As a result of the Share Exchange Agreement, 511092 N.B. LTD. became a wholly owned subsidiary of the Company. In December 2005, the name of this subsidiary was formally changed to PCS LabMentors, LTD. It remained a Canadian corporation.

NOTE 2 - UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

The September 30, 2008, consolidated financial statements presented herein are unaudited, and in the opinion of management, include all adjustments (consisting of only normal recurring accruals) necessary for a fair presentation of financial position, results of operations and cash flows. Such financial statements do not include all of the information and footnote disclosures normally included in financial statements prepared in accordance with accounting principals generally accepted in the United States of America. This Quarterly Report on Form 10-Q should be read in conjunction with the Annual Report on Form 10-KSB for PCS Edventures!.com (PCS or the Company) for the year ended March 31, 2008. The March 31, 2008, consolidated balance sheet is derived from the audited balance sheet

included therein.

The operating results for the six-month period ended September 30, 2008, are not necessarily indicative of the results that may be expected for the year ending March 31, 2009.

NOTE 3 - GOING CONCERN

The Company's consolidated financial statements are prepared using Generally Accepted Accounting Principles applicable to a going concern that contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company has a strong cash position as well as other material assets. This position was enhanced through the conversion of debt. The established source of revenues is not sufficient to cover its operating cost. Although the Company has positive working capital, it has accumulated significant losses. The combination of these items raises substantial doubt about its ability to continue as a going concern. Management's plans with respect to alleviating this adverse position are as follows:

During the fiscal quarter ended September 30, 2008, the Company continued discussion with several target companies for possible merger and acquisition activities. The Company continued to strengthen its strategic alliances with K NEX, Science Demo, fischertechnik, MR Block, Integrating Technology, Minds-i, Follette, Whole School, Trudy Corporation and Eduwise for further product development and enhancement. The Company has also introduced the PCS Digital Media Labs, which saw strong sales of approximately \$327,600 in fiscal year ended March 31, 2008. The Company is continuing its efforts to strengthen its market positioning and product development focus. To date, the Company has continued to develop marketplace strategy for the US market, as well as the international market. Further, the Company is still pursuing merger and acquisition candidates and looking at various strategies to realign products and develop new market channels.

NOTE 3 - GOING CONCERN (continued)

The ability of the Company to continue as a going concern is dependent upon its ability to successfully accomplish the plans described in the preceding paragraphs and eventually attain profitable operations. The accompanying consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

NOTE 4 - FIXED ASSETS

Assets and depreciation for the periods are as follows:

	September 30, 2008	March 31, 2008
Computer/office equipment	\$ 21,625	\$21,116
Server equipment	123,067	115,962
Software	85,000	-
Accumulated depreciation	(135,764)	(103,561)
Total Fixed Assets	\$93,928	\$33,517

NOTE 5 - EDUCATIONAL SOFTWARE

The Company's inventory consists of internally developed educational computer programs and exercises to be accessed on the Internet. In accordance with Statement of Financial Accounting Standards (FAS) No. 86, Accounting for the Costs of Computer Software to Be Sold, Leased, or Otherwise Marketed, the costs associated with research and initial feasibility of the programs and exercises are expensed as incurred. Once economic feasibility has been determined, the costs to develop the programs and exercises are capitalized until they are ready for sale and access and are reported at the lower of unamortized cost or net realizable value. Capitalized program and exercise inventory are amortized on a straight-line basis over the estimated useful life of the program or exercise, generally 36 to 48 months.

NOTE 6 - INTELLECTUAL PROPERTY

The Company's intellectual property consists of capitalized costs associated with the development of the Internet software and delivery platform developed by the Company to enable access to the various educational programs and exercises developed by the Company. In accordance with FAS 86 as discussed previously regarding inventory, the initial costs associated with researching the delivery platform and methods were expensed until economic feasibility

and acceptance were determined. Thereafter, costs incurred to develop the Internet delivery platform and related environments were capitalized until ready for use and able to deliver and access the Company's educational programs and exercises. Costs incurred thereafter to maintain the delivery and access platform are expensed as incurred. These capitalized costs are being amortized on a straight-line basis over the estimated useful life of the delivery and access platform, which has been determined to be 36 to 60 months.

NOTE 7 - GOODWILL

The goodwill balance of \$485,238 at September 30, 2008, is related to the Company's acquisition of PCS LabMentors in December 2005. Included within this amount of goodwill is \$135,658 of costs associated with the acquisition. The capitalized costs are for accounting, consulting, and legal fees associated with the transaction. With the acquisition of PCS LabMentors, the Company gained LabMentors' significant interest in the technical college market and increased the products available to educational outlets. The Company also obtained the information technology and programming expertise of LabMentors' workforce, additional cost optimization, and greater market flexibility in optimizing market information and access to collegiate level sales.

The provisions of Statement of Financial Accounting Standards (FAS) No. 142, Goodwill and Other Intangible Assets, require that a two-step impairment test be performed annually or whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. The first step of the test for impairment compares the book value of the Company to its estimated fair value.

NOTE 7 GOODWILL (continued)

We undertook an impairment review at the end of the fiscal year ended March 31, 2008. After reviewing current operating losses and future growth potential of the subsidiary, the Company determined that no impairment was created. The basis for this determination included the growth of existing clients since the end of the fiscal year, conversations with potential customers for the upcoming year, the proven record since a bank account was established for the company to sustain operations for the foreseeable future, as well as the added economies of scale the subsidiary has added to the Company as a whole, including several technical performance enhancements supplied by LabMentors to supplement the core capabilities of PCS, such as creation of added internet service bandwidth and associated signal routing capabilities not known to the technical people at PCS; locating and managing a demonstration server on their system for a wide variety of PCS products; and assisting technical people from PCS and E2S in the creation and management of a server to host the PCS STEPS® product. In conclusion, the Company felt and still feels that LabMentors brought a cutting edge product to PCS, as well as vertical integration and technology not previously known by PCS.

NOTE 8 - ACCRUED EXPENSES

Accrued expenses for the periods are as follows:

	September 30, 2008	March 31, 2008
Credit card debt	\$12,542	\$43,758
Workers' compensation	-	500
CG-VAK	-	4,227
Director fees	62,207	-
Telephone expenses	792	-
Sales tax payable	35	-
Total Accrued Expenses	\$75,576	\$48,485

NOTE 9 COMMITMENTS AND CONTINGENCIES

The Company is currently in a lawsuit that is pending in the United States District Court of Idaho, Case No. CV08-00089. This lawsuit has been brought about by a former employee who is asserting breach of contract and breach of implied covenant of good faith and fair dealings with respect to an agreement entered into on or about April 1, 2004. The plaintiff is seeking specific performance on the issuance of an additional 146,858 shares of common

stock or damages in excess of \$75,000. The Company has retained the services of Hawley Troxell Ennis & Hawley, LLP Attorneys at Law. As of this filing, the Company believes we have a meritorious defense and will prevail in all litigations surrounding this matter.

NOTE 10 - STOCKHOLDERS EQUITY

During the six-month period ended September 30, 2008, the Company issued 560,000 shares of common stock for the exercise of warrants, valued at \$372,800.

During the six-month period ended September 30, 2008, the Company issued 35,000 shares of common stock for the exercise of employee stock options, valued at \$18,500.

During the six-month period ended September 30, 2008, the Company issued 41 shares of common stock for services, valued at \$48.

During the six-month ended September 30, 2008, the Company expensed amounts related to stock options in accordance with Statement of Financial Accounting Standards (FAS) 123(R), Share Based Payment, valued at \$264,683.

The Company accounts for stock-based employee compensation in accordance with FAS 123(R). FAS 123(R) requires employee stock-based compensation to be measured based on the fair value as of the grant-date of the awards and the cost to be recognized over the period during which an employee is required to provide services in exchange for the award. Historically, the company used the intrinsic method of valuation as specified in Accounting Principles Board (APB) Opinion No. 25, Accounting for Stock Issued to Employees, and related interpretations,

NOTE 10 - STOCKHOLDERS EQUITY (continued)

and, accordingly, no compensation cost had been recognized for stock options in prior years. FAS 123(R) eliminates the alternative use of APB 25. As a result of adopting the fair value method for stock compensation, all future awards and current awards vesting in future periods will be expensed over the stock options' vesting period as defined in its contract award. The Company adopted this provision during the fiscal year ended March 31, 2007.

NOTE 11-BASIC AND DILUTED NET LOSS PER COMMON SHARE

Basic and diluted net loss per common share for the six-month periods ended September 30, 2008 and 2007, are based on 37,565,780 and 31,433,385, respectively, of weighted average common shares outstanding. The same figures for the three-month periods then ended are based on 37,404,875 and 28,124,311, respectively, of weighted average common shares outstanding. No adjustment has been made for any common stock equivalents outstanding because their effects would be antidilutive.

NOTE 12 - SUBSEQUENT EVENTS

The following occurred subsequent to September 30, 2008:

In October, 2008, the Company issued 4,882 shares of common stock for services, valued at \$5,445.

In October, 2008, the Company issued 19,684 shares of common stock to an employee as a bonus, valued at \$18,700.

In October, 2008, the Company issued 10,000 shares of common stock for the conversion of warrants, valued at \$6,000.

Item 2. Management's Discussions and Analysis of Financial Condition and Results of Operations.

Cautionary Statements for Purposes of Safe Harbor Provisions of the Private Securities Litigation Reform Act of 1995:

Except for historical facts, all matters discussed in this report, which are forward-looking, involve a high degree of risk and uncertainty. Certain statements in this report set forth management's intentions, plans, beliefs, expectations, or predictions of the future based on current facts and analyses. When we use the words believe, expect, anticipate, estimate, intend, or similar expressions, we intend to identify forward-looking statements. You should not place undue reliance on these forward-looking statements. Actual results may differ materially from those indicated in such statement, due to a variety of factors, risks and uncertainties. Potential risks and uncertainties include, but are not limited to, competitive pressures from other companies within the Educational Industries, economic conditions in the Company's primary markets, exchange rate fluctuation, reduced product demand, increased competition, inability to produce required capacity, unavailability of financing, government action, weather conditions and other uncertainties, including those detailed in the Company's Securities and Exchange Commission filings. The company assumes no duty to update forward-looking statements to reflect events or circumstances after the date of such statements.

The following discussion should be read in conjunction with our unaudited consolidated interim financial statements and related notes thereto included in this quarterly report and in our audited consolidated financial statements and Management's Discussion and Analysis of Financial Condition and Results of Operations (MD&A) contained in our Form 10-KSB for the year ended March 31, 2008.

Plan of Operation

PCS intends to continue to operate in the same manner as prior years, including continuing to look for viable acquisition candidates to further enhance the product lines and enhance marketing efforts to more effectively penetrate the world market. PCS LabMentors will continue to expand into the collegiate market, as well as undertake new projects with existing customers for an increased revenue base. Fiscal year 2008 ended with a strong cash in hand position of \$1,082,622. PCS as a whole intends to continue to fund operations based on lab sales to existing and new customers to provide cash for operations throughout the coming fiscal year. There are not expected to be any significant changes in the number of employees.

Results of Operations

Liquidity

As of September 30, 2008, we had \$1,507,414 in Cash, with total current assets of \$2,072,487 and total current liabilities of \$427,627. We have an accumulated deficit of (\$28,971,452) and stockholders' equity of \$2,856,291.

The Company has a current ratio of 4.85. The ratio indicates that we have effectively managed debt and have available resources to help continue company growth through internal and external means. We have utilized the current ratio over a quick ratio due to the fact that most items in inventory are easily saleable should the need to liquidate arise.

The Company has working capital of \$1,644,860 at September 30, 2008. The working capital indicates that our ability to pay current debt obligations through our current assets is favorable.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

The Company is a smaller reporting company as defined by Rule 12b-2 of the Securities Exchange Act of 1934, as amended (the Exchange Act) and is not required to provide the information required under this item.

Item 4T. Controls and Procedures.

Our management, with the participation of our chief executive officer, evaluated the effectiveness of our disclosure controls and procedures as defined in Rule 13a-15(e) and 15d-15(e) under the Exchange Act as of the end of the period covered by this Quarterly Report on Form 10-Q. In designing and evaluating the disclosure controls and procedures, our management recognized that any controls and procedures, no matter how well designed and

operated, can provide only reasonable assurance of achieving the desired control objectives. In addition, the design of disclosure controls and procedures must reflect the fact that there are resource constraints and that management is required to apply its judgment in evaluating the benefits of possible controls and procedures relative to their costs. The design of any disclosure controls and procedures also is based in part upon certain assumptions about the

likelihood of future events and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions.

Based on that evaluation, Tony Maher, the chief executive officer and acting CFO, concluded that, as of September 30, 2008, our disclosure controls and procedures were, subject to the limitations noted above, effective to provide reasonable assurance that information we are required to disclose in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules, regulations and forms, and that such information is accumulated and communicated to our management, including our chief executive officer, as appropriate, to allow timely decisions regarding required disclosure.

Changes in internal control over financial reporting

Our management, with the participation of the chief executive officer, has concluded there were no significant changes in our internal control over financial reporting that occurred during our most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings.

The Company is currently in a lawsuit that is pending in the United States District Court of Idaho, Case No. CV08-00089. This lawsuit has been brought about by a former employee who is asserting breach of contract and breach of implied covenant of good faith and fair dealings with respect to an agreement entered into on or about April 1, 2004. The plaintiff is seeking specific performance on the issuance of an additional 146,858 shares of common stock or damages in excess of \$75,000. The Company has retained the services of Hawley Troxell Ennis & Hawley, LLP Attorneys at Law. As of this filing, The Company believes we have a meritorious defense and will prevail in all litigations surrounding this matter.
