PART I

SUPPLEMENTARY INFORMATION TO THE LISTING PARTICULARS

This document is supplemental to, and should be read in conjunction with, the Listing Particulars. Any statement contained in the Listing Particulars shall be deemed to be modified or superseded to the extent that a statement contained in this document modifies or supersedes such statement. This document updates certain information set out in the Listing Particulars to reflect the revised cost savings in the Company. Unless the context otherwise requires, this document assumes that the Separation has been completed. This document contains certain forward-looking statements with respect to the financial condition, results of operations and business of the Group and certain of the plans and objectives of the Board with respect thereto. We refer you to page 4 of the Listing Particulars, [Cautionary note regarding forward-looking statements.]

Words and expressions defined in the Listing Particulars have the same meaning when used in this document, unless the context requires otherwise.

1. Cost savings at the Company to be at least \$100 million per annum

As explained in the Listing Particulars, the Management Team led by Richard North initiated a thorough review of the organisation in October 2002. At the time of publication of the Listing Particulars, Phase I had just been completed and based on findings from this phase a reduction of annual ongoing overheads (excluding costs in hotels) against the cost base for the financial year 2003 of at least \$50 million was announced. This sum was in addition to the elimination of the incremental overhead cost inherited by the Company as a result of the Separation (which is estimated to be \$15 million). The Management Team emphasised that this was a minimum savings number based on preliminary work.

Following further progress in Phase II, the Management Team have established that savings on a comparable basis will be at least \$100 million per annum (rather than \$65 million). An announcement of this increased savings number was made by Six Continents on 25 February 2003. Achievement of these savings will result in a significant reduction in headcount. Consultation with regard to the business' European employees commenced on 25 February 2003. The first steps have been initiated in the US. Plans for implementation of the actions necessary to achieve these savings by the end of 2004 are well under way and the Board will make a further announcement in due course.

2. Proposed Employee Share Plans

As explained in paragraph 7 of Part IX of the Listing Particulars, the Company is to have certain employee share plans (the [Employee Share Plans]). Each of the Employee Share Plans has a [plan limit] which is described in the Listing Particulars and specifies the maximum percentage of the ordinary share capital of the Company which may be issued under the Employee Share Plans. As announced by Six Continents on 3 March 2003, the method of calculating the plan limits is changed so that full account will be taken of Ordinary Shares issuable on the exercise of options granted in exchange for options under the Six Continents Executive Share Option Scheme 1985 and the Six Continents Executive Share Option Scheme 1995.

3. Executive and Non-Executive Directors

Paragraph 8.10 of Part II of the Listing Particulars details the appointment of David Webster as a Non-Executive Director of the Company. As announced by Six Continents on 3 March 2003, David Webster is to be appointed Deputy Chairman and Senior Non-Executive Director of the Company. David Webster will also be appointed chairman of the Audit Committee.

David Prosser will be chairman of the Remuneration Committee.

All such appointments will be effective upon Admission.
