SUMMARY

On May 30, 2006, Comet Technologies, Inc. ("Comet" or the "Company") consummated the terms of a Stock Exchange Agreement (the "Exchange Agreement") with American California Pharmaceutical Group, Inc., a California corporation ("ACPG"), and the shareholders of ACPG. The effective date of the closing of the transaction is May 30, 2006. As a result of the transaction, Comet has issued a total of 10,193,377 shares of its common voting stock to the stockholders of ACPG, in exchange for 100% of the capital stock of ACPG. The common shares were issued in reliance on the exemption from registration set forth in Section 4(2) of the Securities Act of 1933 as amended and Regulation D thereunder.

As a result of the transaction, ACPG is now a wholly-owned subsidiary of Comet, and Comet, which previously had no material operations, will be a holding company for the business of ACPG and its subsidiaries, described below. ACPG is a California holding corporation, which owns all of the issued and outstanding shares of registered capital of Harbin Tian Di Ren Medical Science and Technology Company ("TDR"), a limited liability company organized in Heilongjiang Province in the People's Republic of China ("PRC" or "China"). TDR is engaged in the manufacture, marketing and sale of over-the-counter nutraceutical and medicinal products, primarily in China. A detailed description of the business of ACPG and subsidiaries is included as part of an initial Form 8-K dated May 15, 2006, reporting this transaction, which is incorporated herein by reference.

The Exchange Agreement was determined through negotiations between Comet and ACPG representatives. Prior to the transaction, there were no material relationships between the Company and ACPG or any of their respective affiliates, directors or officers or any associates of such officers or directors.

The Exchange Agreement was filed as an exhibit to the initial Form 8-K dated May 11, 2006, and is incorporated herein by reference.

As a result of the closing of the Exchange Agreement ("Closing"), there has been a change in voting control of Comet. The former shareholders of ACPG now hold a total of 10,193,377 shares of common stock of ACPG, or approximately 93% of the outstanding common stock of Comet, and the original Comet shareholders now hold a total of 735,993 shares of common stock, or 7% of the outstanding common stock, including stock granted under a consulting agreement to Comet's two current officers, who resigned as officers and directors at the closing. In addition, Comet has a total of 31,250 shares issuable under outstanding options and warrants.

Comet is a public company whose securities are quoted on the over-the-counter Bulletin Board under the symbol "COMT."
