PROXY STATEMENT

Annual Meeting of Shareholders July 15, 2005

SOLICITATION AND REVOCABILITY OF PROXIES

This Proxy Statement is furnished in connection with the solicitation of Proxies by the Board of Directors of Rocky Mountain Chocolate Factory, Inc. (the Company) for use only at the Annual Meeting of the Company's shareholders to be held at the time and place, and for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders.

Each shareholder, even though he or she now plans to attend the meeting, is requested to promptly mark, sign, date and return the enclosed Proxy in the envelope provided. Any shareholder present at the meeting may withdraw his or her Proxy and vote personally on each matter brought before the meeting.

It is anticipated that the Proxy Statement, together with the Proxies and the Company's 2005 Annual Report on Form 10-K, will first be mailed to the Company's shareholders on or about June 20, 2005. A person giving the enclosed Proxy has the power to revoke it at any time before it is exercised by (1) delivering written notice of revocation to the Secretary of the Company, (2) duly executing and delivering a Proxy for the Annual Meeting bearing a later date or (3) voting in person at the Annual Meeting.

The Company will bear the cost of this solicitation of Proxies, including the charges and expenses of brokerage firms and others for forwarding solicitation materials to beneficial owners of the Company's Common Stock, par value \$0.03 per share (the Common Stock). In addition, the Company's officers, directors and other regular employees, without additional compensation, may solicit Proxies by mail, personal interview, telephone or telegraph.

VOTING SECURITIES

The close of business on May 31, 2005 has been fixed as the record date for the determination of holders of record of the Company's Common Stock entitled to notice of and to vote at the Annual Meeting. On the record date, approximately 4,640,000 shares of the Company's Common Stock were outstanding and eligible to be voted at the Annual Meeting.

For each share of Common Stock held on the record date, a shareholder is entitled to one vote on all matters to be voted on at the Annual Meeting, except the election of directors.

Shareholders have cumulative voting rights in the election of directors, and there is no condition precedent to the exercise of those rights. Under cumulative voting, each shareholder is entitled to as many votes as shall equal the number of his or her shares multiplied by six, the number of directors to be elected, and he or she may cast all of those votes for a single nominee or divide them among any two or more nominees as he or she sees fit. It is the intention of the Proxy holders to exercise voting rights in order to elect the maximum number of nominees named below. An instruction on the Proxy to withhold authority to vote for any nominee will be deemed an authorization to vote cumulatively for the remaining nominees, unless otherwise indicated.

VOTING PROCEDURES

The vote required for the election of directors is a plurality of the shares of Common Stock present or represented by proxy at the meeting and entitled to vote thereon, provided a quorum is present. The vote required for the approval of any other item to be acted upon at the Annual Meeting is the affirmative vote of a majority of the shares entitled to vote on the matter and present or represented by proxy at the meeting, provided a quorum is present. A quorum is established by the presence or representation at the Annual Meeting of the holders of a majority of the Company's voting shares. Brokers who hold shares in street name have discretionary authority to vote on certain routine items even if they have not received instructions from the persons entitled to vote such shares. However, brokers do not have authority to vote on nonroutine items without such instructions. Such broker non-votes (shares held by brokers or nominees as to which they have no discretionary power to vote on a particular matter and have received no instructions from the persons entitled to vote such shares) are counted as present and entitled to vote for purposes of determining whether a quorum is present but are not

Table of Contents

considered entitled to vote on any nonroutine matter to be acted upon. For matters requiring the affirmative vote of a plurality of the shares of Common Stock present or represented at the Meeting, such as Item No. 1, broker non-votes would have no effect on the outcome of the vote. For matters requiring the affirmative vote of a majority of the shares of Common Stock present or represented at the Meeting and entitled to vote, such as Items No. 2 and No. 3, broker non-votes would not be counted as among the shares entitled to vote with respect to such matters. Thus, the effect of any broker non-votes with respect to such matters would be to reduce the number of affirmative votes required to approve the proposals and the number of negative votes required to block such approval.

BENEFICIAL OWNERSHIP OF THE COMPANY S EQUITY SECURITIES

The following table sets forth information, as of May 31, 2005, with respect to the shares of Common Stock beneficially owned (i) by each person known to the Company to be the beneficial owner of more than 5% of the Company s Common Stock, (ii) by each director or nominee for election as a director and each executive officer named in the Summary Compensation Table, and (iii) by all current directors and executive officers of the Company as a group.

A person is also deemed to be the beneficial owner of a security if that person has the right to acquire beneficial ownership of that security within 60 days through the exercise of an option or through the conversion of another security. Except as noted, each beneficial owner has sole investment and voting power with respect to the Common Stock.

Common Stock not outstanding that is subject to options or conversion privileges is deemed to be outstanding for the purpose of computing the percentage of Common Stock beneficially owned by the person holding such options or conversion privileges, but is not deemed to be outstanding for the purpose of computing the percentage of Common Stock beneficially owned by any other person.

AUDIT COMMITTEE REPORT

The audit committee of the Company's Board of Directors (the "Audit Committee") consists of three non-employee directors, Lee N. Mortenson, Gerald A. Kien and Fred M. Trainor, each of whom has been determined to be independent as that term is defined in Nasdaq Rule 4200. The Board of Directors has determined that Lee N. Mortenson is a financial expert as defined in Item 401(h) of Regulation SK promulgated under the Securities Exchange Act of 1934, as amended, and thus possesses financial sophistication as that term is defined by Nasdaq Rule 4350(d). The Audit Committee operates under a written charter adopted by the Board of Directors. A copy of the Audit Committee Charter was included in the 2004 Proxy Statement as Appendix A.

Management is responsible for the Company's internal controls and the financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue a report thereon. The Audit committee's responsibility is to monitor and oversee these processes. It is not our duty or our responsibility to conduct auditing or accounting reviews or procedures. We are not employees of the Company and we may not be, and we may not represent ourselves to be or to serve as, accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, we have relied, without independent verification, on management's representation that the financial statements have

Table of Contents

been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America, and on the representations of the independent auditors included in the report on the Company's financial statements. Our oversight does not provide us with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, our considerations and discussions with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles, that the audit of the Company's financial statements has been carried out in accordance with the standards of the Public Company Oversight Board (United States) or that the Company's independent accountants are in fact independent.

In this context, the Audit Committee has met and held discussions separately with management and the independent registered public accounting firm. Management represented to the Audit Committee that the Company's financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, and the Audit Committee has reviewed and discussed the financial statements with management and the independent accountants. The Audit Committee discussed with the independent accountants matters required to be discussed by the Statement on Auditing Standards No. 61, *Communications with Audit Committees*, as currently in effect.

The Company's independent accountants also provided to the Audit Committee the written disclosure required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*. The Committee discussed with the independent accountants that firm's independence and considered whether the non-audit services provided by the independent accountants are compatible with maintaining its independence.

Based on the Audit Committee's discussion with management and the independent accountants, and the Audit Committee's review of the representation of management and the report of the independent accounts to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited financial statements in the Company's Annual Report on Form 10-K for the year ended February 28, 2005 filed with the Securities and Exchange Commission.

NOMINATING COMMITTEE REPORT

The nominating committee of the Company's Board of Directors (the Nominating Committee) consists of three non-employee directors, Lee N. Mortenson, Gerald A. Kien and Fred M. Trainor, each of whom has been determined to be independent as that term is defined in Nasdaq Rule 4200. The Nominating Committee operates under a written charter adopted by the Board of Directors. A copy of the Nominating Committee Charter was included in the 2004 Proxy Statement as Appendix B.

The purpose of the Nominating Committee is: (i) to assist the Board of Directors in identifying individuals qualified to become members of the Board of Directors; and (ii) to approve and recommend to the Board of Directors qualified director candidates.

The Nominating Committee will consider director candidates recommended by shareholders when such recommendation is made in writing (i) delivered pursuant to the Company's Policy on Shareholder Communications with the Board of Directors; (ii) received by a date no later than the 120th calendar day before the date of the Company's proxy statement released to shareholders in connection with the previous year's annual meeting; and (iii) signed by one or more shareholders that beneficially owned five percent (5%) or more of the Company's voting common stock for a at least one (1) year as of the date the recommendation is made.

In determining whether an individual is qualified to serve on the Company's Board of Directors, whether recommended by the by the Nominating Committee or by the shareholders, the Nominating Committee considers relevant factors, including, but not limited to, an individual's independence, knowledge, skill, training, experience, and willingness to serve on the Board of Directors.

Each nominee for director identified above is a director standing for re-election.

COMPENSATION COMMITTEE REPORT

The following is a report of the Compensation Committee of the Board of Directors (the Committee) on executive compensation policies for the fiscal year ended February 28, 2005. The Committee is composed entirely of non-employee directors and is responsible for administering the compensation program for executive officers of the Company and making all related decisions.

The principal elements of the compensation program for executive officers are base salary, performance-based annual bonuses and options granted under the Company's 1995 Stock Option Plan and 2004 Stock Option Plan. The goals of the program are to ensure that a strong relationship exists between executive compensation and the creation of shareholder value, and that executive officers are strongly motivated and retained. The Company's compensation philosophy is to create a direct relationship between the level of total executive officer compensation and the Company's success in meeting its annual performance goals as represented by its annual business plan. An additional element of this philosophy is to reward equitably relative contribution and job performance of individual executive officers.

Base Salary

Annual salaries for the Company's executive officers, including the Chairman of the Board and President, are generally reviewed in March of each year based on a number of objective and subjective factors, with any change to be generally effective on March 1 of that year. Objective factors considered include the Company's financial performance relative to business plan profit objectives in the immediately preceding fiscal year, although no specific formulas based on such factors are used to determine salaries. Salary decisions are based primarily on the Committee's subjective analysis of the factors contributing to the Company's success and of the executive's individual contributions to that success.

Performance-based Annual Bonuses

Cash bonuses based on the Company's performance are awarded to the executive officers under an incentive compensation plan. Under the plan which served as the basis for bonuses paid for fiscal year 2005, executive officers received a percentage of their base pay based on the overall performance of the Company. Additional bonuses may be awarded at the discretion of the Committee in recognition of special accomplishments. Thus, whether the executive officers' total pay is comparable to the compensation of executives with similar responsibilities at comparable companies may vary from year to year depending upon the Company's performance.

CEO Compensation

At the beginning of fiscal year 2005 the Compensation Committee and Mr. Crail determined that Mr. Crail's base compensation would increase 3% at the beginning of the year. Additionally, a performance incentive was implemented so that Mr. Crail's base salary would be increased if a certain target was met during the year. Specifically, the Compensation Committee determined that in the event the Company achieved 100% of budgeted net income (which budgeted number was substantially higher than the prior year's net income), Mr. Crail would receive an

additional 7% salary increase which would be applied retroactively and paid at the end of fiscal 2005. The net income target was achieved; therefore, Mr. Crail's compensation was increased.

Stock Options

Awards of stock options strengthen the ability of the Company to attract, motivate and retain executives of superior capability and more closely align the interests of management with those of its shareholders. The Committee considers on an annual basis the grant of options to executive officers and key managers under the Company's 1995 Stock Option Plan and 2004 Stock Option Plan. The number of options granted is generally based upon the position held by a participant and the Committee's subjective evaluation of such participant's contribution to the Company's future growth and profitability. The grant of options is an annual determination, but the Committee may consider the size of past awards and the total amounts outstanding in making such a determination.

Table of Contents

Unlike cash, the value of a stock option will not immediately be realized and does not result in a current expense to the Company. Stock options are granted with an exercise price equal to the current market price of the Company's stock and will have value only if the Company's stock price increases, resulting in a commensurate benefit for the Company's shareholders. Although the plan does not provide for a required vesting period, the Committee's current practice is to generally require that options granted to employees vest pro rata 20% per year over five years.

There were 225,540 stock options awarded to executive officers or others in fiscal 2005. Options presently held by current executive officers and directors under the Company's option plans cover a total of 455,596 shares.

Other Compensation

An additional element of the executive officer's compensation, which is not performance-based, is the matching of contributions by the Company under the Company's 401(k) plan.

The Compensation Committee believes that linking executive compensation to corporate performance results in a better alignment of compensation with corporate goals and shareholder interests. As performance goals are met or exceeded, resulting in increased value to shareholders, executives are rewarded commensurately. The Committee believes that compensation levels during 2005 adequately reflect the Company's compensation goals and policies.

The 1990 Director's Plan provides that, during the term of the 1990 Director's Plan, options will be granted automatically to new nonemployee directors upon their election. Each such option permits the nonemployee director to purchase 22,000 shares of Common Stock at an exercise price equal to the fair market value of the Common Stock on the date of grant of the option. Each year following adoption of the 2000 Director's Plan, on a date established by the Compensation Committee, during the term of the 2000 Director's Plan, options to purchase 2,200 shares of common stock shall be granted automatically to each nonemployee director, if any, who is serving the Company as a director on such date. Each nonemployee director's option may be exercised in full beginning on the Vesting Date as determined by the Compensation Committee and ending five years after such vesting date, unless the option expires sooner due to termination of service or death.

Table of Contents**Employment Agreements**

The Company has entered into employment agreements with certain executives of the Company which contain, among other things, change in control severance provisions. Specifically, the Company has entered into employment agreements with Franklin E. Crail, Edward L. Dudley, Jay B. Haws and Bryan J. Merryman. The employment agreements generally provide that, if the Company terminates the executive's employment under circumstances constituting a Triggering Termination (as defined in the employment agreements) during a specified period preceding a Change in Control (as defined in the employment agreements) of the Company, or if the executive or the Company terminates the executive's employment under circumstances constituting a Triggering Termination during a specified period after a Change in Control, the executive will be entitled to receive, among other benefits, 2.99 times the sum of (i) the executive's annual salary and (ii) two times the bonus that would be payable to the executive for the bonus period in which the Change in Control occurred. A Triggering Termination also includes a voluntary termination by the executive within five business days before an anticipated Change in Control with the concurrence of two

Concurring Persons (as defined in the employment agreements) that the Change in Control is likely to occur during such five-business day period. In such event, the executive must agree to continue to work on an at-will basis, without compensation, until the Change in Control occurs. If the Change in Control does not occur within 10 business days, the executive must refund the severance payment to the Company. The foregoing description of the employment agreements does not purport to be complete and is qualified in its entirety by reference to the form of employment agreement, which is filed as Exhibit 99.2 to Schedule on Form 14D9 of the Company filed on May 21, 1999.

ITEM 2.

PROPOSAL TO AMEND ARTICLES OF INCORPORATION TO INCREASE AUTHORIZED COMMON STOCK

On May 3, 2005, the Company's Board of Directors unanimously approved a resolution to place before the shareholders a vote to amend the Company's Articles of Incorporation to increase the number of authorized shares of the Company's Common Stock from 7,250,000, the number of shares currently authorized, to 100,000,000. If the proposed amendment is adopted, the total number of shares of all classes of stock which the Corporation is authorized to issue would be 100,000,000.

REASON FOR PROPOSAL

On June 13, 2005, the Corporation will effect a four-for-three stock split, the third stock split in just over three years. The most recent split is in addition to two stock dividends effected in fiscal 2005. Since March of 2002 when the first split took effect, outstanding shares have increased to, as of May 31, 2005, 4,646,383 shares of the Company's \$0.03 par value Common Stock outstanding and 644,337 shares have been reserved for issuance upon exercise of options. An additional approximate 1,764,000 shares are expected to be issued or issuable upon the fulfillment of the Company's current 4-for-3 stock split, which is payable on June 13, 2005 to shareholders of record as of May 31, 2005. Upon fulfillment of the most recent split, there will remain a balance of only approximately 195,300 authorized but unissued shares of Common Stock available for issuance without further action by the shareholders. 250,000 shares of Preferred Stock have been authorized but are unissued.

The Board of Directors believes that it is in the Corporation's best interests to have additional authorized shares of Common Stock available for possible stock splits, stock dividends, future financings, acquisitions and other general corporate purposes. The Board considers it desirable to increase the authorized number of shares of Common Stock to provide the Corporation greater flexibility and enable it to take advantage of favorable opportunities in which an issuance of Common Stock might be appropriate without the expense and delay of a special shareholders' meeting. At the date of this Proxy Statement, the Corporation has no agreements, commitments or plans with respect to the sale or issuance of the additional shares of Common Stock which would be authorized by the proposed amendment.

The additional shares of Common Stock authorized under the proposed amendment would be part of the existing class of Common Stock and, if and when issued, would have the same rights and privileges as the shares of Common Stock presently outstanding. The shareholders have no preemptive rights to subscribe for or purchase any additional shares of Common Stock.

Although the Corporation has no present intention of taking the following actions, shares of authorized but unissued Common Stock could be used by the Board to discourage or make more difficult a change in control of the Corporation. For example, the issuance of new voting shares could be used to dilute the stock ownership of a person seeking control of the Corporation. The Corporation is not currently aware of any specific efforts to obtain control of the Corporation.

If this amendment is approved, no further action or authorization by the Corporation's shareholders would be necessary prior to issuance of additional shares of Common Stock, except as may be required for a particular transaction or issuance by applicable law or by the rules of any stock exchange on which the Corporation's securities may then be listed.

Table of Contents

For the purposes described above, the Board of Directors of the Company has determined that it is appropriate to increase the number of authorized shares of \$0.03 par value Common Stock from 7,250,000 to 100,000,000.

The proposed amendment to our Articles of Incorporation necessary to increase the number of authorized shares of the Company's Common Stock from 7,250,000 to 100,000,000 is described above. A copy of Article IV of our Amended Articles of Incorporation which will accomplish this change is attached as Appendix A.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE APPROVAL OF THE AMENDMENT OF THE COMPANY'S ARTICLES OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK FROM 7,250,000 TO 100,000,000.

ITEM 3.

PROPOSAL TO APPROVE AN AMENDMENT OF THE 1990 NONQUALIFIED STOCK OPTION PLAN FOR NONEMPLOYEE DIRECTORS

At the Annual Meeting, holders of Common Stock will also be asked to consider and approve the adoption of an amendment to increase from 138,600 to 199,800 the number of shares of Common Stock reserved for issuance under the Company's 2000 Stock Option Plan for Nonemployee Directors (the 2000 Directors Plan). This amendment was adopted, subject to shareholder approval, by the Board of Directors on May 3, 2005.

REASONS FOR THE AMENDMENTS TO THE 2000 DIRECTORS PLAN

As of May 31, 2005, there were outstanding stock options covering 27,720 shares of Common Stock and zero shares remained available for future awards under the 2000 Directors Plan. The purpose of the proposal is to continue the 2000 Directors Plan by increasing by 61,200 shares the aggregate number of shares of Common Stock that may be issued under the 2000 Directors Plan, which will allow, if necessary, the award of options of up to two new directors elected to the Board of Directors and the continued annual issuance of options to current or new directors for 5 years.

DESCRIPTION OF THE 2000 DIRECTORS PLAN AS CURRENTLY IN EFFECT

The 2000 Directors Plan provides for automatic grants of nonqualified stock options covering a maximum of 138,600 shares of Common Stock of the Company (199,800 shares, as proposed to be amended) to directors of the Company who are not also employees or officers of the Company and who have not made an irrevocable, one-time election to decline to participate in the plan. The 2000 Directors Plan provides that during the term of the 2000 Directors Plan, options will be granted automatically to new nonemployee directors upon their election. Each such option permits the nonemployee director to purchase 10,000 shares of Common Stock at an exercise price equal to the fair market value of the Common Stock on the date of grant of the option. Each nonemployee director's option may be exercised in full during the period beginning upon the grant date of such option and ending five years after such grant date, unless the option expires sooner due to termination of service or death. A total of 9,240 and 65,257 options were granted or exercised, respectively, under the 2000 Directors Plan during fiscal 2005.

If the amendment adopted by the Board of Directors is not approved by the shareholders, such amendment will become null and void. In such event, there will be no further option grants under the 2000 Director's Plan.

FEDERAL INCOME TAX CONSEQUENCES

All options granted under the 2000 Directors Plan are non-statutory options not entitled to special tax treatment under Section 422 of the Code. The 2000 Directors Plan is not qualified under Section 401(a) of the Code and is not subject to the provisions of ERISA.

No income will be recognized by an optionee for federal income tax purposes upon the grant of an option. Upon exercise of an option, the optionee will recognize ordinary income in an amount equal to the excess of the fair market value of the shares on the date of exercise over the option price of such shares.

The Company will be allowed a deduction equal to the amount of ordinary income recognized by the optionee due to the exercise of an option at the time of such recognition by the optionee.

Table of Contents

The basis of shares transferred to an optionee pursuant to the exercise of an option is the price paid for such shares plus an amount equal to any income recognized by the optionee as a result of the exercise. If an optionee sells shares acquired upon exercise of an option, any amount realized over the basis of such shares will constitute capital gain to such optionee for federal income tax purposes.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS BELIEVES THAT THE PROPOSED AMENDMENT TO THE 2000 DIRECTORS PLAN IS IN THE BEST INTERESTS OF THE COMPANY AND ITS SHAREHOLDERS AND UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE PROPOSAL TO APPROVE THE ADOPTION OF SUCH AMENDMENT.
