CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

Certain statements contained in or incorporated by reference in this prospectus and accompanying prospectus supplements, if any, are forward-looking and thus reflect our current expectations and beliefs with respect to certain current and future events and financial performance. These forward-looking statements are and will be subject to many risks and uncertainties relating to our operations and business environment that may cause actual results to differ materially from any future results expressed or implied in such forward-looking statements. Words such as "expect," "will," "plan," "anticipate," "indicate," "believe," "forecast," "guidance," "outlook" and similar expressions are intended to identify forward-looking statements.

Additionally, forward-looking statements include statements that do not relate solely to historical facts, such as statements that identify uncertainties or trends, discuss the possible future effects of current known trends or uncertainties, or that indicate that the future effects of known trends or uncertainties cannot be predicted, guaranteed or assured. All forward-looking statements contained in or incorporated by reference in this prospectus and accompanying prospectus supplements, if any, are based upon information available to us on the date such statements are made. We undertake no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events, changed circumstances or otherwise.

Our actual results could differ materially from these forward-looking statements due to numerous factors, including, without limitation, the following:

loss of existing distribution channels or inability to access new distribution channels;

a reduction in assets under our management on short notice, through increased redemptions in our distribution channels or our Funds, particularly those Funds with a high concentration of assets, or investors terminating their relationship with us or shifting their funds to other types of accounts with different rate structures;

investors' failure to renew our investment management or subadvisory agreements, or the terms of any such renewals being on unfavorable terms;

a decline in the securities markets or in the relative investment performance of our Funds and other investment portfolios and products as compared to competing funds;

the unsuccessful implementation of new systems or business technology platforms, or such implementations not being timely or cost effective;

changes in, or non-compliance with, laws, regulations or legal, regulatory, accounting, tax or compliance requirements or governmental policies applicable to the investment management and broker/dealer industries; and

We derive our revenues primarily from providing investment advisory, distribution and administrative services to mutual funds and institutional and separately managed accounts. Investment management fees, our most substantial source of revenues, are based on the amount of average assets under management and are affected by sales levels, financial market conditions, redemptions and the composition of assets. Underwriting and distribution revenues, another substantial source of revenues, primarily consist of commissions derived from sales of investment products, insurance products and distribution fees on certain variable products, as well as advisory services. The products sold have various commission structures and the revenues received from sales of products vary based on the type and amount sold.

Our corporate headquarters are located at 6300 Lamar Avenue, Overland Park, Kansas 66202, and our phone number is 913-236-2000.

RISK FACTORS

Before investing in our securities, you should carefully consider the risk factors included in our most recent annual report on Form 10-K and our quarterly reports on Form 10-Q filed after such Form 10-K, together with the information included in this prospectus, any prospectus supplement and the documents we incorporate herein by reference.

If any of the risks discussed in the foregoing documents were to actually occur, our business, financial condition, results of operations and cash flow could be materially adversely affected. In that case, our ability to pay any dividends to our stockholders or pay interest on, or the principal of, any debt securities may be reduced or eliminated, the trading price of our securities could decline and you could lose all or part of your investment in our securities.

SELLING SECURITY HOLDERS

Information about selling security holders, where applicable, will be set forth in a prospectus supplement, in a post-effective amendment, or in filings we make with the SEC under the Securities Exchange Act of 1934, as amended, that are incorporated by reference herein.

Table of Contents

USE OF PROCEEDS

Unless we inform you otherwise in an applicable prospectus supplement, we will use the net proceeds from the sale of the offered securities for general corporate purposes. These purposes may include repayment and refinancing of debt, acquisitions, capital expenditures, repurchases and redemptions of our securities and working capital. Pending any specific application, we may initially invest funds in marketable securities or apply them to the reduction of short-term indebtedness.

Additionally, unless we inform you otherwise in an applicable prospectus supplement, we will not receive the proceeds of any sales of our securities by selling security holders.

RATIO OF EARNINGS TO FIXED CHARGES

The Company's unaudited consolidated ratios of earnings to fixed charges for the periods indicated are set forth below:

	Nine Months Ended September 30,		Year Ended December 31,			
	2008	2007	2006	2005	2004	2003
Ratio of Earnings to Fixed Charges	12.01	11.97	5.85	5.72	10.65	6.38

For purposes of the ratio of earnings to fixed charges, "earnings" represent pre-tax earnings plus fixed charges, and "fixed charges" represent interest expense plus that portion of rent expenses, that in our opinion, approximates the interest factor included in rent expense.

For the periods indicated above, the Company did not have any outstanding shares of preferred stock. Therefore, the ratio of combined fixed charges and preferred stock dividends to earnings are identical to the ratios presented in the above table.

DESCRIPTION OF SECURITIES THAT WE MAY OFFER

Under this prospectus, the Company may, from time to time, offer and sell the following types of securities in one or more offerings:

investment decision. Accordingly, before investing in our securities, you are advised to read the actual documents relating to such securities. To learn how you can obtain copies of these documents, please refer to the exhibits of the registration statement of which this prospectus forms a part, as well as to the information set forth under the heading "Where You Can Find More Information" in this prospectus and in any accompanying prospectus supplement.

Waddell & Reed Financial, Inc. is a legal entity separate and distinct from its subsidiaries and affiliates. Accordingly, the right of the Company, and thus the right of the Company's creditors and stockholders, to participate in any distribution of the assets or earnings of any of the Company's subsidiaries and affiliates is necessarily subject to the prior claims of creditors of such subsidiaries and affiliates, except to the extent that claims of the Company in its capacity as a creditor may be recognized. Accordingly, any Senior Debt Securities and Subordinated Debt Securities of the Company will be effectively subordinated to all existing and future liabilities of the Company's subsidiaries and affiliates, and the holders of the Company's Senior Debt Securities and Subordinated Debt Securities should look only to the assets of the Company for payments on such securities.

SENIOR DEBT SECURITIES

General

The following description applies to the senior debt securities offered by this prospectus, referred to herein as the "Senior Debt Securities." The Senior Debt Securities will be direct, unsecured obligations of the Company, will rank on parity with all outstanding unsecured senior indebtedness of the Company and may be issued in one or more series. The Senior Debt Securities will be issued under the Indenture, referred to herein as the Senior Indenture, dated as of January 18, 2001, by and between the Company and The Bank of New York Mellon Trust Company, National Association (successor in interest to JPMorgan Chase Bank, National Association and Chase Manhattan Trust Company, National Association), as Trustee. The Company may supplement the Senior Indenture by supplemental indentures in order to issue new Senior Debt Securities, change the provisions of the Senior Indenture or to alter previously issued Senior Debt Securities.

As of January 20, 2009, the Company had \$200 million of 5.60% senior notes authorized, of which \$200 million is outstanding and due January 2011.

The statements under this section are brief summaries of certain provisions contained in the Senior Indenture, do not purport to be complete and are qualified in their entirety by reference to the Senior Indenture, a copy of which is filed as an exhibit to, and incorporated by reference in, the registration statement of which this prospectus forms a part. Whenever defined terms are used but not defined in this prospectus, those terms have the meanings given to them in the Senior Indenture.

When the Company offers to sell a particular series of the Senior Debt Securities, the Company will describe the specific terms of the series in a supplement to this prospectus. The Company will also indicate in the prospectus supplement whether the general terms and provisions described in this prospectus apply to that particular series of the Senior Debt Securities. To the extent the information contained in the prospectus supplement differs from this summary description, you should rely on the information in the prospectus supplement.

The Senior Indenture does not limit the aggregate principal amount of Senior Debt Securities that may be issued under it. Rather, the Senior Indenture provides that Senior Debt Securities of any series may be issued under it up to the aggregate principal amount that may be authorized from time to time by the Company. Senior Debt Securities may be denominated in any currency or currency unit designated by the Company. Except as otherwise specified in the applicable prospectus supplement, neither the Senior Indenture nor the Senior Debt Securities will limit or otherwise restrict the amount

Table of Contents

of other debt that may be incurred or the other securities that may be issued by the Company or any of its subsidiaries and affiliates.

Senior Debt Securities may be issued in registered form without coupons, referred to herein as "Registered Securities," in bearer form with or without coupons attached, referred to herein as "Bearer Securities," or in the form of one or more global securities in registered or bearer form, referred to herein as "Global Securities." Bearer Securities, if any, will be offered only to non-United States persons and to offices of certain United States financial institutions located outside the United States.

You should refer to the applicable prospectus supplement for the following terms of the Senior Debt Securities of the series for which that prospectus supplement is being delivered:

the title of the Senior Debt Securities;

the limit, if any, on the aggregate principal amount or aggregate initial public offering price of the Senior Debt Securities;

the priority of payment of the Senior Debt Securities;

the price or prices, which may be expressed as a percentage of the aggregate principal amount, at which the Senior Debt Securities will be issued;

the date or dates on which the principal of the Senior Debt Securities will be payable;

the interest rate or rates, which may be fixed or variable, for the Senior Debt Securities, if any, or the method of determining the same;

the date or dates from which interest, if any, on the Senior Debt Securities will accrue, the date or dates on which interest, if any, will commence and the regular record dates of the interest payment dates;

the extent to which any of the Senior Debt Securities will be issuable in temporary or permanent global form, or the manner in which any interest payable on a temporary or permanent global Senior Debt Security will be paid;

each office or agency where the Senior Debt Securities may be presented for registration of transfer or exchange;

the place or places where the principal of, premium, if any, and interest, if any, on the Senior Debt Securities will be payable;

the date or dates, if any, after which the Senior Debt Securities may be redeemed or purchased in whole or in part, (i) at the option of the Company, (ii) mandatorily pursuant to any sinking, purchase or similar fund, or (iii) at the option of the holder, and the redemption or repayment price or prices;

the terms, if any, upon which the Senior Debt Securities may be convertible into or exchanged for securities or indebtedness of any kind of the Company, or of any other issuer or obligor, and the terms and conditions upon which the conversion or exchange would be made, including the initial conversion or exchange price or rate, the conversion or exchange period and

any other additional provisions;

the authorized denomination or denominations for the Senior Debt Securities;

any index used to determine the amount of payments of principal of, premium, if any, and interest, if any, on the Senior Debt Securities;

whether any of the Senior Debt Securities are to be issuable as Bearer Securities and/or Registered Securities, and if issuable as Bearer Securities, any limitations on issuance of the Bearer Securities and any provisions regarding the transfer or exchange of the Bearer Securities, including exchange for registered Senior Debt Securities of the same series;

the payment of any additional amounts with respect to the Senior Debt Securities;

whether any of the Senior Debt Securities will be issued as Original Issue Discount Securities, as defined below;

information with respect to book-entry procedures, if any;

any additional covenants or events of default not currently included in the Senior Indenture; and

any other terms of the Senior Debt Securities not inconsistent with the provisions of the Senior Indenture.

If any of the Senior Debt Securities are sold for one or more foreign currencies or foreign currency units or if the principal of, premium, if any, or interest, if any, on any series of Senior Debt Securities is payable in one or more foreign currencies or foreign currency units, the restrictions, elections, tax consequences, specific terms and other information with respect to that issue of Senior Debt Securities and those currencies or currency units will be described in the applicable prospectus supplement.

Senior Debt Securities may be issued as original issue discount Senior Debt Securities which bear no interest or interest at a rate which at the time of issuance is below market rates, referred to herein as "Original Issue Discount Securities," to be sold at a substantial discount below the stated principal amount thereof due at the stated maturity of such Senior Debt Securities. There may be no periodic payments of interest on Original Issue Discount Securities. In the event of an acceleration of the maturity of any Original Issue Discount Security, the amount payable to the holder of the Original Issue Discount Security upon acceleration will be determined in accordance with the applicable prospectus supplement, the terms of the security and the Senior Indenture, but will be an amount less than the amount payable at the maturity of the principal of the Original Issue Discount Security. Federal income tax considerations with respect to Original Issue Discount Securities will be described in the applicable prospectus supplement.

Registration and Transfer

Unless otherwise indicated in the applicable prospectus supplement, Senior Debt Securities will be issued only as Registered Securities. If Bearer Securities are issued, the United States federal income tax consequences and other special considerations, procedures and limitations relating to the Bearer Securities will be described in the applicable prospectus supplement.

Senior Debt Securities issued as Registered Securities will not have interest coupons. Senior Debt Securities issued as Bearer Securities will have interest coupons attached, unless issued as zero coupon securities.

Registered Securities, other than a Global Security, may be presented for transfer, with the form of transfer endorsed thereon duly executed, or exchanged for other Senior Debt Securities of the same series at the office of the security registrar specified in the Senior Indenture. The Company has agreed in the Senior Indenture that, with respect to Registered Securities having New York City as a place of payment, the Company will appoint a security registrar or co-security registrar located in New York City for such transfer or exchange. Transfer or exchange will be made without service charge, but the

Table of Contents

Company may require payment of any taxes or other governmental charges. Provisions relating to the exchange of Bearer Securities for other Senior Debt Securities of the same series, including, if applicable, Registered Securities, will be described in the applicable prospectus supplement. However, in no event will Registered Securities be exchangeable for Bearer Securities.

Book-Entry Senior Debt Securities

Senior Debt Securities may be issued in whole or in part in the form of one or more Global Securities. Each Global Security will be deposited with, or on behalf of, a depository identified in the applicable prospectus supplement. Global Securities may be issued in either registered or bearer form and in either temporary or permanent form. Until exchanged in whole or in part for the individual securities which it represents, a Global Security may not be transferred except as a whole by the depository for the Global Security to a nominee of the depository or by a nominee of the depository to the depository or another nominee of the depository or by the depository or any nominee to a successor depository or any nominee of the successor.

The specific terms of the depository arrangement for a series of Senior Debt Securities and certain limitations and restrictions relating to a series of Bearer Securities in the form of one or more Global Securities will be described in the applicable prospectus supplement.

Payment and Paying Agents

Unless otherwise indicated in the applicable prospectus supplement, payment of principal of, premium, if any, and interest, if any, on Registered Securities will be made at the office of such paying agent or paying agents as the Company may designate from time to time. In addition, at the option of the Company, payment of any interest may be made (i) by check mailed to the address of the person entitled to the payment at the address in the applicable security register, or (ii) by wire transfer to an account maintained by the person entitled to the payment as specified in the applicable security register. Unless otherwise indicated in the applicable prospectus supplement, payment of any installment of interest on Registered Securities will be made to the person in whose name such Senior Debt Security is registered at the close of business on the regular record date for such payment.

Unless otherwise indicated in the applicable prospectus supplement, payment of principal of, premium, if any, and interest, if any, on Bearer Securities will be payable, subject to any applicable laws and regulations, at the offices of such paying agents outside the United States as the Company may designate from time to time, at the option of the holder, by check or by transfer to an account maintained by the holder with a bank located outside the United States. Unless otherwise indicated in the applicable prospectus supplement, payment of interest on Bearer Securities will be made only against surrender of the coupon for such interest payment date. Payment on any Bearer Security will not be made at any office or agency of the Company in the United States or by check mailed to any address in the United States or by transfer to an account maintained with a bank located in the United States.

Consolidation, Merger or Sale of Assets

The Senior Indenture provides that the Company may, without the consent of the holders of any of the Senior Debt Securities outstanding under the Senior Indenture, consolidate with, merge into or transfer its assets substantially as an entirety to any person, provided that:

any successor assumes the Company's obligations on the Senior Debt Securities and under the Senior Indenture; and

after giving effect to the consolidation, merger or transfer, no "event of default," as defined below, will have happened and be continuing.

Table of Contents

Any consolidation, merger or transfer of assets substantially as an entirety, which meets the conditions described above, would not create any event of default that would entitle holders of the Senior Debt Securities, or the Trustee acting on their behalf, to take any of the actions described below under "Description of Senior Debt Securities Events of Default, Waivers, etc."

No Limitations on Leveraged and Other Transactions

The Senior Indenture and the Senior Debt Securities do not contain provisions that would protect holders of the Senior Debt Securities in the event of a highly leveraged or other transaction involving the Company that could adversely affect the holders of Senior Debt Securities.

Modification of the Senior Indenture; Waiver of Covenants

The Senior Indenture provides that, with the consent of the holders of not less than a majority of the aggregate principal amount of the outstanding Senior Debt Securities of each affected series, modifications and alterations of the Senior Indenture may be made that affect the rights of the holders of the Senior Debt Securities. However, no such modification or alteration may be made without the consent of the holder of each Senior Debt Security affected that would, among other things:

change the stated maturity of any Senior Debt Security;

reduce the principal amount of any Senior Debt Security;

reduce the amount of principal of an original issue discount Senior Debt Security;

reduce the rate of interest on, or any premium payable upon redemption of, any Senior Debt Security;

change the currency or currencies in which any Senior Debt Security is payable;

impair the right to institute suit for the enforcement of any payment on or after the stated maturity of any Senior Debt Security;

reduce the percentage of the aggregate principal amount of outstanding Senior Debt Securities of any series required to consent to any modification, amendment or any waiver under the Senior Indenture; or

change the provisions in the Senior Indenture that relate to its modification or amendment.

Satisfaction and Discharge

The Senior Indenture provides, among other things, that when all Senior Debt Securities of any series not previously delivered to the Trustee for cancellation (i) have become due and payable, or (ii) will become due and payable at their stated maturity within one year, the Company may deposit or cause to be deposited with the Trustee funds, in trust, for the purpose and in an amount sufficient to pay and discharge the entire indebtedness on the Senior Debt Securities of that series not previously delivered to the Trustee for cancellation, for the principal, premium, if any, and interest, if any, to the date of the deposit or to the stated maturity, as the case may be. Upon such deposit, the Senior Indenture and any applicable supplemental Senior Indenture will cease to be of further effect with respect to that series of Senior Debt Securities, except as to the Company's obligations to transfer or exchange the Senior Debt Securities of that series, pay all other sums due pursuant to the Senior Indenture and any applicable supplemental indenture and to provide the officers' certificates and opinions of counsel required under the Senior Indenture, and the Company will be deemed to have satisfied and discharged the Senior Indenture with respect to that series of Senior Debt Securities.

Table of Contents

Events of Default, Waivers, etc.

An event of default with respect to Senior Debt Securities of any series is defined in the Senior Indenture as:

default in the payment of principal of or premium, if any, on any of the outstanding Senior Debt Securities of that series when due;

default in the payment of interest on any of the outstanding Senior Debt Securities of that series when due and continuance of such default for 30 days;

default in the performance of any other covenant of the Company in the Senior Indenture with respect to Senior Debt Securities of such series and continuance of such default for 60 days after written notice;

certain events of bankruptcy, insolvency or reorganization of the Company; and

any other event that may be specified in a prospectus supplement with respect to any series of Senior Debt Securities.

If an event of default with respect to any series of outstanding Senior Debt Securities occurs and is continuing, either the Trustee or the holders of not less than 25% of the aggregate principal amount of the outstanding Senior Debt Securities of such series may declare the principal amount (or if such Senior Debt Securities are Original Issue Discount Securities, the portion of the principal amount as may be specified in the terms of that series) of all Senior Debt Securities of that series to be immediately due and payable. No such declaration is required upon certain events of bankruptcy, insolvency or reorganization of the Company. The holders of a majority of the aggregate principal amount of the outstanding Senior Debt Securities of any series may rescind and annul a declaration of acceleration of such Senior Debt Securities, but only if all events of default with respect to Senior Debt Securities of such series have been remedied and all payments due, other than those due as a result of acceleration, have been made.

If an event of default occurs and is continuing, the Trustee may, in its discretion, and at the written request of the holders of not less than a majority in aggregate principal amount of the outstanding Senior Debt Securities of any series and upon reasonable indemnity against the costs, expenses and liabilities to be incurred in compliance with such request and subject to certain other conditions set forth in the Senior Indenture will, proceed to protect the rights of the holders of all the Senior Debt Securities of such series. Prior to acceleration of maturity of the outstanding Senior Debt Securities of any series, the holders of a majority of the aggregate principal amount of such Senior Debt Securities may waive any past default under the Senior Indenture except a default in the payment of principal of, premium, if any, or interest, if any, on the Senior Debt Securities of that series.

The Senior Indenture provides that upon the occurrence of an event of default specified in the first and second bullet points of the first paragraph in this subsection, the Company will, upon demand of the Trustee, pay to it, for the benefit of the holder of any such Senior Debt Security, the whole amount then due and payable on the affected Senior Debt Securities for principal, premium, if any, and interest, if any. The Senior Indenture further provides that if the Company fails to pay such amount upon such demand, the Trustee may, among other things, institute a judicial proceeding for the collection of such amounts.

The Senior Indenture also provides that notwithstanding any of its other provisions, the holder of any Senior Debt Security of any series will have the right to institute suit for the enforcement of any payment of principal of, premium, if any, and interest, if any, on the Senior Debt Securities when due and that such right will not be impaired without the consent of such holder.

Table of Contents

The Company is required to file annually with the Trustee a written statement of officers as to the existence or non-existence of defaults under the Senior Indenture and the Senior Debt Securities.

Governing Law

The Senior Indenture and the Senior Debt Securities will be governed by, and construed in accordance with, the laws of the State of New York.

Information concerning the Trustee for a series of Senior Debt Securities is set forth in the Form T-1 of The Bank of New York Mellon Trust Company, National Association, as Trustee, under the Senior Indenture.

The terms of the Subordinated Debt Securities will include those stated in the Subordinated Indenture, any supplemental indentures and those made part of the Subordinated Indenture by reference to the Trust Indenture Act of 1939.

The Company will also indicate in the prospectus supplement whether the general terms and provisions described in this prospectus apply to a particular series of the Subordinated Debt Securities. To the extent the information contained in the prospectus supplement differs from this summary description, you should rely on the information in the prospectus supplement.

The Subordinated Indenture does not limit the aggregate principal amount of Subordinated Debt Securities that may be issued under it.

You should refer to the applicable prospectus supplement for the following terms of the Subordinated Debt Securities of the series for which that prospectus supplement is being delivered:

Form, Exchange, Registration, Transfer and Payment

Unless otherwise specified in the applicable prospectus supplement, the Subordinated Debt Securities will be issued in fully registered form without coupons and in denominations of \$1,000 and multiples of \$1,000. Book-Entry Subordinated Debt Securities

The Subordinated Debt Securities of a series may be issued in whole or in part in the form of one or more Global Securities that will be deposited with, or on behalf of, a depository, or its nominee, which will be identified in the applicable prospectus supplement relating to such series. In such a case, one or more Global Securities will be issued in a denomination or aggregate denomination equal to the portion of the aggregate principal amount of outstanding Subordinated Debt Securities of the series to be represented by such Global Security or Securities. Until it is exchanged in whole or in part for Subordinated Debt Securities in definitive registered form, a Global Security may not be registered for transfer or exchange except as a whole by the depository for the Global Security to a nominee for the depository and except in the circumstances described in the applicable prospectus supplement.

The specific terms of the depository arrangement for any portion of a series of Subordinated Debt Securities to be represented by a Global Security and a description of the depository will be provided in the applicable prospectus supplement.

Subordination

The Subordinated Debt Securities will be subordinated and junior in right of payment to certain other indebtedness of the Company, which may include senior indebtedness for money borrowed to the extent described in the applicable prospectus supplement.

Limitation on Mergers and Sales of Assets

The Company will not consolidate with, or merge into, any person or convey or transfer its properties and assets substantially as an entirety to any person unless:

the successor entity expressly assumes the obligations of the Company under the Subordinated Indenture; and

after giving effect thereto, no "event of default," as defined below, and no event which, after notice or lapse of time, or both, would become an event of default, will have occurred and be continuing under the Subordinated Indenture.

No Limitation on Leveraged and Other Transactions

The Subordinated Indenture will not contain provisions that protect holders of the Subordinated Debt Securities in the event of a highly leveraged transaction or other similar transaction involving the Company that may adversely affect such holders.

Events of Default, Waiver and Notice

An event of default with respect to Subordinated Debt Securities of any series is defined in the Subordinated Indenture as:

default for 30 days in payment of any interest on the Subordinated Debt Securities of that series, when due; provided, however, that a valid extension of the interest payment period by the Company will not constitute a default in the payment of interest for this purpose;

default in payment of principal and premium, if any, on the Subordinated Debt Securities of that series when due either at maturity, upon redemption, by declaration or otherwise; provided, however, that a valid extension of the maturity of such Subordinated Debt Securities will not constitute a default for this purpose;

Table of Contents

default by the Company in the performance, or breach, in any material respect of any other of the covenants or agreements in the Subordinated Indenture that have not been remedied for a period of 90 days after notice;

certain events of bankruptcy, insolvency or reorganization of the Company; or

any other event of default provided with respect to a particular series of the Subordinated Debt Securities as described in the related prospectus supplement.

The Subordinated Indenture provides that the Trustee may withhold notice to the holders of a series of Subordinated Debt Securities, except in payment of principal or of interest or premium on the Subordinated Debt Securities, if the Trustee considers it in the interest of such holders to do so.

The Subordinated Indenture provides that if an event of default with respect to any series of Subordinated Debt Securities has occurred and is continuing, either the Trustee or the holders of 25% of the principal amount of the outstanding Subordinated Debt Securities of such affected series may declare the principal amount (or if such Subordinated Debt Securities are original issue discount Subordinated Debt Securities, the portion of the principal amount as may be specified in the terms of that series) of all Subordinated Debt Securities of that series to be due and payable immediately. No such declaration is required upon certain events of bankruptcy, insolvency or reorganization of the Company. The holders of a majority of the aggregate principal amount of the outstanding Subordinated Debt Securities of any series may rescind and annul a declaration of acceleration of such Subordinated Debt Securities, but only if all events of default with respect to Subordinated Debt Securities of such series have been remedied and all payments due, other than those due as a result of acceleration, have been made.

The holders of a majority in principal amount of the outstanding Subordinated Debt Securities of any affected series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee under the Subordinated Indenture with respect to the series, provided that the holders of the Subordinated Debt Securities will have offered to the Trustee reasonable indemnity against expenses and liabilities.

The Subordinated Indenture also provides that, notwithstanding any of its other provisions, the holder of any Subordinated Debt Security of any series have the right to institute suit for the enforcement of any payment of principal of, premium, if any, and interest, if any, on the Subordinated Debt Security on the stated maturity or upon repayment or redemption of such Subordinated Debt Security and that this right will not be impaired without the consent of such holder.

The Subordinated Indenture requires the annual filing by the Company with the Trustee of a certificate as to the absence of certain defaults under the Subordinated Indenture.

Modification of the Subordinated Indenture

The Subordinated Indenture contains provisions permitting the Company and the Trustee, with the consent of the holders of not less than a majority of the principal amount of the Subordinated Debt Securities of all series affected by the modification at the time outstanding, to modify the Subordinated Indenture or the rights of the holders of the Subordinated Debt Securities. However, no such modification will:

change the stated maturity of any Subordinated Debt Security;

reduce the principal amount of any Subordinated Debt Security;

reduce the amount of principal of an original issue discount Subordinated Debt Security;

reduce the rate of interest on, or any premium payable upon redemption of, any Subordinated Debt Security;

Table of Contents

change the currency or currencies in which any Subordinated Debt Security is payable;

impair the right to institute suit for the enforcement of any payment on or after the stated maturity of any Subordinated Debt Security;

modify the provisions of the Subordinated Indenture with respect to the subordination of such series of Subordinated Debt Securities in a manner adverse to the holders of such series;

reduce the percentage in principal amount of outstanding Subordinated Debt Securities of any series required to consent to any modification, amendment or any waiver under the Subordinated Indenture; or

change the provisions in the Subordinated Indenture that relate to its modification or amendment.

Satisfaction and Discharge

The Subordinated Indenture provides, among other things, that when all Subordinated Debt Securities of any series not previously delivered to the Trustee for cancellation (i) have become due and payable, or (ii) will become due and payable at their stated maturity within one year, the Company may deposit or cause to be deposited with the Trustee funds, in trust, for the purpose and in an amount sufficient to pay and discharge the entire indebtedness on the Subordinated Debt Securities of that series not previously delivered to the Trustee for cancellation, for the principal, premium, if any, and interest, if any, to the date of the deposit or to the stated maturity, as the case may be. Upon such deposit, the Subordinated Indenture will cease to be of further effect with respect to that series of Subordinated Debt Securities, except as to the Company's obligations to transfer or exchange the Subordinated Debt Securities of that series, pay all other sums due pursuant to the Subordinated Indenture and to provide the officers' certificates and opinions of counsel required under the Subordinated Indenture, and the Company will be deemed to have satisfied and discharged the Subordinated Indenture with respect to that series of Subordinated Debt Securities.

Governing Law

The Subordinated Indenture and the Subordinated Debt Securities are governed by, and construed in accordance with, the laws of the State of New York.

Regarding the Trustee

Information concerning the Trustee for a series of Subordinated Debt Securities will be set forth in the applicable prospectus supplement.

Significant Provisions of the Warrant Agreements

The Company will issue warrants under one or more warrant agreements to be entered into between the Company and one or more banks or trust companies, as warrant agent, in one or more series, which will be described in the applicable prospectus supplement.

Modifications without Consent of Warrant Holders

The Company and the warrant agent may amend the terms of the warrants and the warrant certificates without the consent of the holders to:

cure any ambiguity;

cure, correct or supplement any defective or inconsistent provision; or

amend the terms in any other manner that the Company may deem necessary or desirable and which does not adversely affect the interests of the holders thereof in any material respect.

Enforceability of Rights of Warrant Holders

The warrant agents will act solely as the Company's agents in connection with the warrant certificates and will not assume any obligation or relationship of agency or trust for or with any holders of warrant certificates or beneficial owners of warrants. Any holder of warrant certificates and any beneficial owner of warrants may, without the consent of any other person, enforce by appropriate legal action, on its own behalf, its right to exercise the warrants evidenced by the warrant certificates in the manner provided for in that series of warrants or pursuant to the applicable warrant agreement.

Prior to the exercise of any warrants to purchase debt securities or equity securities, holders of such warrants will not have any of the rights of the holders of such debt securities or equity securities, as the case may be, including without limitation, (i) the right to receive payments of principal of, premium, if any, or interest, if any, on the debt securities purchasable upon exercise of the debt warrants or to enforce any covenants in the applicable indenture, or (ii) the right to receive any dividends on or vote the equity securities purchasable upon exercise of the equity warrants.

Registration and Transfer of Warrants

Subject to the terms of the applicable warrant agreement, warrants in registered, definitive form may be presented for exchange and for registration of transfer at the corporate trust office of the warrant agent for that series of warrants, or at any other office indicated in the applicable prospectus supplement relating to that series of warrants, without service charge. However, the holder will be required to pay any taxes and other governmental charges as described in the warrant agreement. The transfer or exchange will be effected only if the warrant agent for the series of warrants is satisfied with the documents of title and identity of the person making the request.

The summary set forth above regarding the terms and conditions of the warrants does not purport to be complete, and holders of warrants are advised to read the respective warrant agreements and warrant certificates in their entirety for a full description of the respective warrants.

CAPITAL STOCK

The following description applies to the Company's capital stock. The statements under this section are brief summaries of certain terms of our capital stock, do not purport to be complete, may not contain all the information you should consider before investing in our capital stock or securities convertible into our capital stock, and are qualified in their entirety by reference to the Company's Restated Certificate of Incorporation and Amended and Restated Bylaws, copies of which are filed as exhibits to, and incorporated by reference in, the registration statement of which this prospectus forms a part.

The authorized capital stock of the Company consists of 250,000,000 shares of Class A common stock, par value \$0.01 per share, and 5,000,000 shares of preferred stock, par value \$1.00 per share. The only equity securities currently outstanding are shares of common stock. As of January 20, 2009, there were approximately 84,928,629 shares of common stock issued and outstanding.

Class A Common Stock

The Company may issue its common stock from time to time upon such terms and for such consideration as may be determined by its Board of Directors. Generally, the issuance of common stock, up to the aggregate amounts authorized by the Company's Restated Certificate of Incorporation, will not require approval of the Company's stockholders.

Voting Rights

Each share of the Company's common stock is entitled to one vote on all matters submitted for a vote at a meeting of the stockholders of the Company. Generally, all matters to be voted on by stockholders must be approved by a majority (or, in the case of election of directors, by a plurality) of the votes cast, subject to any voting rights granted to holders of any preferred stock.

Dividends

Dividends may be paid on the common stock from legally available funds when and if declared by the Board of Directors, subject to any preferential rights of any outstanding shares of preferred stock.

Other Rights

Upon liquidation, dissolution or winding up of the Company, after payment in full of the amounts required to be paid to holders of preferred stock, if any, all holders of common stock are entitled to share ratably in any assets available for distribution. Except as provided in the Rights Agreement summarized below, the holders of the Company's common stock have no preemptive rights and no rights to convert their common stock into any other securities. Upon consummation of a sale or offering, all outstanding shares of common stock will be validly issued, fully paid and nonassessable. There are no redemption or sinking fund provisions applicable to the common stock.

The Company's common stock is listed on the New York Stock Exchange under the ticker symbol "WDR."

The transfer agent and registrar for the Company's common stock is Computershare Trust Company, N.A.

Preferred Stock

As of the date of this prospectus, no shares of preferred stock are outstanding, although certain shares of preferred stock have been reserved for issuance as described below under the subsection "Rights Agreement." The Board of Directors may authorize the issuance of preferred stock in one or

Table of Contents

more series and may determine, with respect to any such series, the designations, powers, preferences, privileges and rights of such series, and its qualifications, limitations and restrictions, including, without limitation:

the designation of the series;

the number of shares of the series, which number the Board of Directors may thereafter (except where otherwise provided in the designations for such series) increase or decrease (but not below the number of shares of such series then outstanding);

whether dividends, if any, will be cumulative or noncumulative and the dividend rate of the series;

the conditions upon which and the dates at which dividends, if any, will be payable, and the relation that such dividends, if any, will bear to the dividends payable on any other class or classes of stock;

the repurchase and redemption rights and price or prices, if any, for shares of the series;

the terms and amounts of any sinking fund provided for the purchase or redemption of shares of the series;

the amounts payable on and the preferences, if any, of shares of the series, in the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the Company;

whether the shares of the series will be convertible into shares of any other class or series, or any other security, of the Company or any other corporation, and if so, the specification of such other class or series or such other security, the conversion price or prices or rate or rates, any adjustments thereof, the date or dates as of which such shares will be convertible and all other terms and conditions upon which such conversion may be made; and

the voting rights, if any, of such series.

The Company believes that the ability of the Board of Directors to authorize the issuance of one or more series of preferred stock will provide the Company with flexibility in structuring possible future financings and acquisitions and in meeting other corporate needs that might arise. The authorized shares of preferred stock will be available for issuance without further action by the Company's stockholders, unless such action is required by applicable law or the rules of any stock exchange or automated quotation system on which the Company's securities may be listed or traded.

The issuance of shares of preferred stock may adversely affect the holders of the Company's common stock, including, without limitation, (i) restricting dividends on common stock, (ii) diluting the voting power of common stock, and (iii) impairing the liquidation rights of common stock. Furthermore, the Board of Directors could authorize the issuance of a series of preferred stock that could, depending on the terms of such series, impede the completion of a merger, tender offer or other takeover attempt. The Board of Directors will make any determination to authorize the issuance of such shares based on its judgment as to the best interests of the Company and its stockholders. The Board of Directors, in so acting, could issue preferred stock having terms that could discourage a potential acquirer from proposing or making, without first negotiating with the Board of Directors, an acquisition through which such acquirer may be able to change the composition of the Board of Directors, including a tender offer or other transaction that some, or a majority, of the Company's stockholders might believe to be in their best interests or in which stockholders might receive a premium for their stock over the then-current market price of such stock.

As further described below under the subsection "Rights Agreement," as of January 20, 2009, the Company has reserved and designated 1,125,000 shares of preferred stock as Series A Junior Participating Preferred Stock, none of which are issued and outstanding.

Rights Agreement

The following summary of the Company's Rights Agreement does not purport to be complete and is qualified in its entirety by reference to the Rights Agreement, a copy of which is filed as an exhibit to, and incorporated by reference in, the registration statement of which this prospectus forms a part.

On April 28, 1999, the Company adopted a Rights Agreement. As part of the Rights Agreement, the Board of Directors declared a dividend of one Series A Junior Participating Preferred Stock purchase right for each share of the Company's outstanding common stock, referred to herein as a "Right." Each Right entitles the registered holder of a share of the Company's common stock to purchase from the Company one one-hundredth of a share of the Series A Junior Participating Preferred Stock at a price of \$85.00, subject to adjustment.

The Rights will not be transferable apart from the Company's common stock and a distribution date will not occur until the earlier of (i) 10 business days following the first public announcement that a person or group, referred to herein as an "Acquiring Person," has become the beneficial owner of 15% or more of the voting power of the Company's common stock, such date of the first public announcement being referred to herein as the "Stock Acquisition Date," other than (A) as a result of repurchases of such common stock by the Company or through certain inadvertent actions by such person or group, and (B) pursuant to a Qualified Offer as described below, or (ii) 10 business days, or such later date as the Board of Directors shall determine, following the commencement of a tender offer or exchange offer that would result in a person or group beneficially owning 15% or more of the voting power of the Company's common stock.

The Rights are not exercisable until the distribution date has occurred. The Rights expire at 5:00 p.m., New York City Time, on April 28, 2009, unless such date is extended or the Rights are earlier redeemed or exchanged by the Company.

In the event that a person or group becomes an Acquiring Person, except pursuant to a tender offer or exchange offer for all outstanding shares of the Company's common stock which a majority of the Company's independent directors determines to be at a price that is fair and not inadequate and to otherwise be in the best interests of the Company and its stockholders, after receiving advice from one or more investment banking firms, referred to herein as a "Qualified Offer," each holder of a Right will thereafter have the right to receive, upon exercise, common stock (or, in certain circumstances, cash, property or other securities of the Company) having a value equal to two times the exercise price of the Right. Notwithstanding any of the foregoing, following the occurrence of such event, all Rights that are, or (under certain circumstances specified in the Rights Agreement) were, beneficially owned by any Acquiring Person will be null and void.

In the event that, on or at any time after a Stock Acquisition Date, (i) the Company engages in a merger or other business combination transaction in which the Company is not the surviving corporation (other than with an entity that acquired the shares pursuant to a Qualified Offer), (ii) the Company engages in a merger or other business combination transaction in which the Company is the surviving corporation and the Company's common stock is changed or exchanged, or (iii) 50% or more of the Company's assets, cash flow or earning power is sold or transferred, each holder of a Right (except Rights that have previously been voided) shall thereafter have the right to receive, upon the exercise, common stock of the acquiring company having a value equal to two times the exercise price of the Right.

The Board of Directors may redeem the Rights at \$.01 per Right at any time prior to the 10th business day following the Stock Acquisition Date. Immediately upon the Board of Directors ordering redemption of the Rights, the Rights will terminate and the holders of the Rights will have the right to receive a redemption price of \$.01 per Right.

Table of Contents

At any time after a person becomes an Acquiring Person and prior to the acquisition by such person or group of 50% or more of the voting power of the Company's common stock, the Board of Directors may exchange the Rights (other than Rights owned by such person or group which have become void), in whole or in part, for the Company's common stock at an exchange ratio of one share of common stock, or one one-hundredth of a share of the Company's Series A preferred stock, or of a share of a class or series of the Company's preferred stock having equivalent rights, preferences and privileges, per Right, subject to adjustment.

The terms of the Rights may be amended by the Board of Directors in any manner prior to the time the Rights are distributed. Thereafter, the Rights Agreement may only be amended by the Board of Directors in order to cure any ambiguity, to make changes that do not adversely affect the holders of the Rights, or to shorten or lengthen any time period under the Rights Agreement. Notwithstanding the foregoing, no amendment may be made at such time as the Rights are not redeemable.

The Rights currently trade with the Company's common stock and have no voting or dividend rights.

Anti-Takeover Effects of Delaware Law

The Company is subject to the provisions of Section 203 of the Delaware General Corporation Law. Under Section 203, the Company is generally prohibited from engaging in any business combination with any interested stockholder for a period of three years following the time that the stockholder became an interested stockholder unless:

prior to this time, the Board of Directors approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;

upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the Company outstanding at the time the transaction commenced, excluding shares owned by persons who are directors and also officers, and by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or

at or subsequent to such time, the business combination is approved by the Board of Directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66²/₃% of the outstanding voting stock that is not owned by the interested stockholder.

Under Section 203, a "business combination" includes:

any merger or consolidation involving the Company and the interested stockholder;

any sale, transfer, pledge or other disposition of 10% or more of the assets of the Company involving the interested stockholder;

any transaction that results in the issuance or transfer by the Company of any stock of the Company to the interested stockholder, subject to limited exceptions;

any transaction involving the Company that has the effect of increasing the proportionate share of the stock of any class or series of the Company beneficially owned by the interested stockholder; or

the receipt by the interested stockholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through the Company.

In general, Section 203 defines an "interested stockholder" as an entity or person beneficially owning 15% or more of the outstanding voting stock of the Company and any entity or person

affiliated with or controlling or controlled by such entity or person. The provisions of Section 203 may have the effect of delaying, deferring or preventing a change in control of the Company.

Restated Certificate of Incorporation and Bylaw Provisions

Certain provisions contained in the Company's Restated Certificate of Incorporation and Amended and Restated Bylaws could result in the delay or otherwise discourage transactions involving an actual or potential change in control of the Company or its management and may limit the ability of the Company's stockholders to remove current management or approve transactions that the Company's stockholders may deem to be in their best interests. These provisions include, among others:

Authorizing the Board of Directors to establish one or more series of undesignated preferred stock, the terms of which can be determined by the Board of Directors at the time of issuance;

Dividing the Board of Directors into three classes of directors, with each class serving a staggered three-year term;

Requiring that any action required or permitted to be taken by the Company's stockholders must be effected at a duly called annual or special meeting of stockholders and may not be effected by written consent;

Providing an advanced written notice procedure with respect to stockholder proposals and the nomination of candidates for election as directors, other than nominations made by or at the direction of the Board of Directors;

Requiring that special meetings of stockholders be called only by the Board of Directors or the Chairman of the Board of Directors; and

Allowing the directors, and not the Company's stockholders, to fill vacancies on the Board of Directors, including vacancies resulting from removal or enlargement of the Board of Directors.

DEPOSITARY SHARES

Set forth below is a description of the general terms and conditions of the depositary shares that may be offered under this prospectus. The specific terms and conditions of the depositary shares will be described in a supplement to this prospectus. Any prospectus supplement may add, update or change the terms and conditions of the depositary shares as described in this prospectus. To the extent the information contained in the applicable prospectus supplement differs from the description set forth below, you should rely on the information in the applicable prospectus supplement.

General

The Company may elect to offer fractional shares or some multiple of shares of preferred stock, rather than offer whole shares of preferred stock. If the Company chooses to do this, it will issue receipts for depositary shares. Each depositary share will represent a fraction or some multiple of a share of a particular series of preferred stock.

The shares of any series of preferred stock underlying the depositary shares will be deposited under a separate deposit agreement between the Company and a bank or trust company, which the Company will select. The bank or trust company must have its principal office in the United States and a combined capital and surplus of at least \$500,000,000. The prospectus supplement relating to a series of depositary shares will state the name and address of the depositary. Unless otherwise provided by the deposit agreement, each owner of depositary shares will be entitled, in proportion to the applicable fraction or multiple of a share of preferred stock underlying the depositary shares, to all the rights and preferences of the preferred stock underlying the depositary shares including dividend, voting, redemption, conversion and liquidation rights.

Table of Contents

The depositary shares will be evidenced by depositary receipts issued under the deposit agreement. Depositary receipts will be distributed to those persons purchasing the fractional interest in or multiple of shares of the related series of preferred stock in accordance with the terms of the offering described in the related prospectus supplement.

Dividends and other Distributions

The depositary will distribute all cash dividends or other cash distributions received with respect to preferred stock to the record holders of depositary shares relating to the preferred stock in proportion to the numbers of the depositary shares owned by the holders on the relevant record date. However, the depositary will distribute only an amount that can be distributed without attributing to any holder of depositary shares a fraction of one cent, and any balance not so distributed will be added to and treated as part of the next sum received by the depositary for distribution to record holders of depositary shares.

If there is a non-cash distribution, the depositary will distribute property received by it to the record holders of depositary shares entitled to it, unless the depositary determines that it is not feasible to make the distribution. If this happens, the depositary may, with the Company's approval, sell the property and distribute the net sale proceeds to the holders. The deposit agreement will also contain provisions relating to the manner in which any subscription or similar rights that the Company offers to holders of the preferred stock will be made available to the holders of depositary shares.

Redemption of Depositary Shares

If a series of the preferred stock underlying the depositary shares is redeemed in whole or in part, the depositary shares will be redeemed from the redemption proceeds received by the depositary. The depositary will mail notice of redemption not less than 30, and not more than 60, days before the date fixed for redemption to the record holders of depositary shares to be redeemed at their addresses appearing in the depositary's books. The redemption price for each depositary share will be equal to the applicable fraction or multiple of the redemption price for each share payable with respect to the series of the preferred stock. Whenever the Company redeems shares of preferred stock held by the depositary, the depositary will redeem on the same redemption date the number of depositary shares relating to the shares of preferred stock so redeemed. If less than all of the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot or proportionally as may be determined by the depositary.

After the date fixed for redemption, the depositary shares called for redemption will no longer be considered outstanding and all rights of the holders of depositary shares will cease, except the right to receive the money, securities or other property payable upon the redemption and any money, securities or other property to which the holders of the redeemed depositary shares were entitled upon surrender to the depositary of the depositary receipts evidencing the depositary shares.

Voting the Preferred Stock

Upon receipt of notice of any meeting at which the holders of the preferred stock are entitled to vote, the depositary will mail the information contained in the notice of meeting to the record holders of depositary shares relating to the preferred stock. Each record holder of depositary shares on the record date, which will be the same date as the record date for the preferred stock, will be entitled to instruct the depositary how to exercise the voting rights pertaining to the number of shares of preferred stock underlying the holder's depositary shares. The depositary will endeavor, to the extent practicable, to vote the number of shares of preferred stock underlying the depositary shares in accordance with these instructions, and the Company will agree to take all action that the depositary may consider necessary in order to enable the depositary to vote the shares.

Amendment and Termination of Deposit Agreement

The Company may enter into an agreement with the depository at any time to amend the form of depository receipt evidencing the depository shares and any provision of the deposit agreement. However, the holders of a majority of the depository shares must approve any amendment that materially and adversely alters the rights of the existing holders of depository shares. The Company or the depository may terminate the deposit agreement only if (i) all outstanding depository shares issued under the agreement have been redeemed, or (ii) a final distribution in connection with any liquidation, dissolution or winding up has been made to the holders of depository shares.

Charges of Depository

The Company will pay all transfer and other taxes and governmental charges arising solely from the existence of the deposit arrangements. The Company will also pay charges of the depository in connection with the initial deposit of the preferred stock and any redemption of the preferred stock. Holders of depository shares will pay transfer and other taxes and governmental charges and such other charges as are expressly provided in the deposit agreement to be for their accounts.

Resignation and Removal of Depository

The depository may resign at any time by delivering to the Company notice of its election to resign, and the Company may at any time remove the depository. Any resignation or removal will take effect when a successor depository has been appointed and has accepted the appointment. Appointment must occur within 60 days after delivery of the notice of resignation or removal. The successor depository must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$500,000,000.

Miscellaneous

The depository will forward to the holders of depository shares all reports and communications that the Company deliver to the depository and that the Company are required to furnish to the holders of the preferred stock.

Neither the depository nor the Company will be liable if it is prevented or delayed by law or any circumstance beyond its control in performing its obligations under the deposit agreement. The obligations of the Company and the depository under the deposit agreement will be limited to performance in good faith of their duties under the agreement, and they will not be obligated to prosecute or defend any legal proceeding with respect to any depository shares or preferred stock unless the holders provide them with satisfactory indemnity. They may rely upon written advice of counsel or accountants, upon information provided by persons presenting preferred stock for deposit, holders of depository shares or other persons believed to be competent and upon documents they believe to be genuine.

STOCK PURCHASE CONTRACTS AND STOCK PURCHASE UNITS

Set forth below is a description of the general terms and conditions of the stock purchase contracts and stock purchase units that may be offered under this prospectus. The specific terms and conditions of the stock purchase contracts and stock purchase units will be described in a supplement to this prospectus. Any prospectus supplement may add, update or change the terms and conditions of the stock purchase contracts and stock purchase units as described in this prospectus. To the extent the information contained in the applicable prospectus supplement differs from the description set forth below, you should rely on the information in the applicable prospectus supplement.

Table of Contents

The Company may issue stock purchase contracts, including contracts obligating holders to purchase from the Company, and the Company to sell to the holders, a specified number of shares of common stock at a future date or dates. The price per share of common stock and the number of shares of common stock may be fixed at the time the stock purchase contracts are issued or may be determined by reference to a specific formula stated in the stock purchase contracts.

The stock purchase contracts may be issued separately or as part of units that we call "stock purchase units." Stock purchase units consist of a stock purchase contract and either the Company's debt securities or debt obligations of third parties, including United States treasury securities, securing the holders' obligations to purchase the common stock under the stock purchase contracts.

The stock purchase contracts may require the Company to make periodic payments to the holders of the stock purchase units or vice versa, and these payments may be unsecured or refunded on some basis. The stock purchase contracts may require holders to secure their obligations in a specified manner.

The Company may enter into derivative transactions or forward sale agreements on shares of securities with third parties. In such event, the Company may pledge the shares underlying such transactions to the counterparties under such agreements, to secure the Company's delivery obligation. The counterparties or third parties may borrow shares of securities from the Company or third parties and sell such shares in a public offering. This prospectus may be delivered in conjunction with such sales. Upon settlement of such transactions, the Company may deliver shares of securities to the counterparties that, in turn, the counterparties may deliver to the Company or third parties, as the case may be, to close out the open borrowings of securities. The counterparty in such transactions will be an underwriter and will be identified in the applicable prospectus supplement.

The applicable prospectus supplement will describe the specific terms of the stock purchase contracts or stock purchase units. The descriptions in the applicable prospectus supplement will only be summaries, and you should read the stock purchase contracts and, if applicable, the collateral or depository arrangements relating to the stock purchase contracts and stock purchase units. Material United States federal income tax considerations applicable to the stock purchase contracts and the stock purchase units will also be discussed in the applicable prospectus supplement.

PLAN OF DISTRIBUTION

The Company may sell the offered securities from time to time as follows:

directly to purchasers;

through agents;

through underwriters or dealers;

through a combination of these methods; and

through any other method permitted by applicable law.

The Company will identify the specific plan of distribution, including any underwriters, dealers, agents or direct purchasers and their compensation in the applicable prospectus supplement.

LEGAL MATTERS

The validity of the securities being offered by this prospectus will be passed upon for the Company by Fulbright & Jaworski L.L.P., Dallas, Texas. Any underwriters will be advised about other issues relating to any offering of securities by their own legal counsel.

Item 15. Indemnification of Directors and Officers.

Subsection (a) of Section 145 of the General Corporation Law of the State of Delaware empowers a corporation to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interest of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the person's conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that the person's conduct was unlawful.

Subsection (b) of Section 145 empowers a corporation to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by the person in connection with the defense or settlement of such action or suit if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation and except that no indemnification shall be made with respect to any claim,

issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

Section 145 further provides that to the extent that a present or former director or officer of a corporation has been successful on the merits or otherwise in the defense of any action, suit or proceeding referred to in subsections (a) and (b) of Section 145, or in defense of any claim, issue or matter therein, such person shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection therewith; that the indemnification and advancement of expenses provided for shall not be deemed exclusive of any other rights to which the indemnified party may be entitled; and the indemnification provided for by Section 145 shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of such person's heirs, executors and administrators. Section 145 also empowers the corporation to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against such person and incurred by such person in any such capacity, or arising out of such person's status as such, whether or not the corporation would have the power to indemnify such person against such liabilities under Section 145.

Section 8.1 of the Company's Restated Certificate of Incorporation and Amended and Restated Bylaws provide that directors of the Company will not be personally liable to the Company or its stockholders for monetary damages for breach of their fiduciary duties as directors, subject to certain exceptions provided therein.

Section 8.2 of the Company's Restated Certificate of Incorporation and Amended and Restated Bylaws provide that each person who was or is threatened to be made a party to or is involved in any action, suit or proceeding, referred to herein collectively as a "Proceeding," by reason of the fact that he or she, or a person of whom he or she is the legal representative, is or was a director or officer of the Company or is or was serving at the request of the Company as a director or officer of another company, partnership, joint venture, trust, or other enterprise, will be indemnified and held harmless by the Company to the fullest extent authorized by the Delaware General Corporation Law as the same exists or may be amended after the date of this prospectus (but, in the case of any amendment, only to the extent that such amendment permits the Company to provide broader indemnification rights than the Delaware General Corporation Law permitted the Company to provide prior to that amendment), against all expense, liability, and loss reasonably incurred or suffered by such person in connection therewith and such indemnification will continue as to a person who has ceased to be a director or officer and will inure to the benefit of his or her heirs, executors, and administrators; provided, however, the Company will indemnify any such person seeking indemnification in connection with a Proceeding (or part thereof) initiated by such person only if the Proceeding (or part thereof) was authorized by the Board of Directors. Such persons are also entitled under this section to be paid by the Company his or her expenses incurred in defending any such Proceeding in advance of its final disposition.

The Company maintains directors and officers liability insurance for the benefit of its directors and officers.

Item 17. Undertakings.

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, that subparagraphs (1)(i), (1)(ii), and (1)(iii) above do not apply if information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus related, and the offering of such securities at that time shall

Table of Contents

be deemed to be the initial bona fide offering thereof. *Provided, however,* that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

(7) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Trust Indenture Act.
