On or about April 15, 2011, we mailed to most of our stockholders a Notice of Internet Availability of Proxy Materials containing instructions on how to access our Proxy Statement and 2010 Annual Report to Stockholders and authorize their proxies online. All other stockholders will receive these materials by mail. If you only received a Notice of Internet Availability of Proxy Materials by mail, the Notice contains instructions on how you can receive a paper copy of the Proxy Statement and Annual Report.

We look forward to seeing you at our Annual Meeting and thank you for your continued support.

Your vote is important. Whether or not you plan to attend our Annual Meeting, we urge you to vote and submit your Proxy. If you attend our Annual Meeting, you may continue to have your shares voted as instructed on your Proxy or you may withdraw your Proxy at the

PROXY STATEMENT

FOR 2011 ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON MAY 26, 2011

We are sending you this Proxy Statement in connection with the solicitation of Proxies by our Board of Directors for exercise at our 2011 Annual Meeting of Stockholders and at any adjournment or postponement thereof. We are first providing this Proxy Statement and the accompanying Notice of Annual Meeting of Stockholders and Proxy to our stockholders on or about April 15, 2011. Our 2010 Annual Report, including financial statements for the fiscal year ended December 31, 2010, is being provided to stockholders concurrently with this Proxy Statement. Our Annual Report, however, is not part of the proxy solicitation material. We sometimes refer to The Macerich Company as our "Company," "we" or "us" and to our 2011 Annual Meeting, including any adjournment or postponement, as our "Annual Meeting."

Important Notice Regarding the Availability of Proxy Materials for the Stockholders' Meeting to be Held on May 26, 2011. This Proxy Statement and our 2010 Annual Report are available at www.proxyvote.com.

ABOUT OUR ANNUAL MEETING

Why did I receive a Notice of Internet Availability of Proxy Materials instead of paper copies of the Proxy materials?

This year we are again using the Securities and Exchange Commission or "SEC" notice and access rule that allows us to furnish our Proxy materials over the Internet to our stockholders instead of mailing paper copies of those materials to each stockholder. This allows us to provide our stockholders with the information they need, while lowering the costs of delivery and reducing the environmental impact of our Annual Meeting. Beginning on or about April 15, 2011, we sent to most of our stockholders by mail a Notice of Internet Availability of Proxy Materials or "Notice" containing instructions on how to access our Proxy materials over the Internet and authorize your proxy online. This Notice is not a Proxy and cannot be used to vote your shares. If you received only a Notice this year, you will not receive paper copies of the Proxy materials unless you request the materials by following the instructions on the Notice or on the website referred to on the Notice (www.proxyvote.com). We did provide some of our stockholders, including stockholders who have previously requested to receive paper copies of the Proxy materials and some of our stockholders who are participants in our benefit plans, with paper copies of the Proxy materials instead of a Notice.

If you own shares of our common stock, \$.01 par value per share, referred to as "Common Stock," in more than one account for example, in a joint account with your spouse and in your individual brokerage account you may have received more than one Notice or more than one set of paper Proxy materials. To vote all of your shares by Proxy, please follow each of the separate Proxy voting instructions that you received for your shares of Common Stock held in each of your different accounts.

When is our Annual Meeting?

Our Annual Meeting will be held on Thursday, May 26, 2011 at 10:00 a.m. local time at The Fairmont Miramar Hotel, 101 Wilshire Boulevard, Santa Monica, California.

Table of Contents

What is the purpose of our Annual Meeting?

At our Annual Meeting, our stockholders will consider and vote on the following matters:

- (1) the election of ten directors, each to serve until the next annual meeting of stockholders and until his or her successor is duly elected and qualifies;
- (2) the ratification of the appointment of KPMG LLP as our independent accountants for the year ending December 31, 2011;
- (3) an advisory vote on executive compensation; and
- (4) an advisory vote on the frequency of future advisory votes on executive compensation.

In addition, our stockholders will transact any other business that properly comes before our Annual Meeting. Management will also respond to appropriate questions from our stockholders.

Who is entitled to vote?

Only holders of record of our Common Stock at the close of business on the record date, March 15, 2011, are entitled to notice of and to vote at our Annual Meeting. Holders of Common Stock are entitled to cast one vote for each share held by them on each matter to be voted upon. Our Common Stock is our only class of securities authorized to vote. Under our charter and applicable law, a stockholder is not entitled to cumulative voting rights in the election of our directors.

Who is entitled to attend our Annual Meeting?

All of our stockholders of record as of the close of business on the record date, or their duly appointed Proxy holders, may attend our Annual Meeting.

What constitutes a quorum?

The presence, in person or by Proxy, of holders entitled to cast at least a majority of all the votes entitled to be cast at our Annual Meeting is necessary to constitute a quorum for the transaction of business at our Annual Meeting. As of the record date, 130,888,638 shares of Common Stock were outstanding and entitled to vote. Abstentions and broker non-votes will count toward the presence of a quorum. A "broker non-vote" occurs when a broker holding shares for a beneficial owner returns a properly executed Proxy but does not cast a vote with respect to a particular proposal because the broker does not have discretionary voting power with respect to that matter and has not received voting instructions from the beneficial owner.

How do I vote?

Voting in Person at our Annual Meeting. If you are a stockholder of record as of the close of business on the record date and attend our Annual Meeting, you may vote in person. If your shares of Common Stock are held in street name and you wish to vote in person at our Annual Meeting, you will need to obtain a "legal proxy" from the broker, bank or other nominee through which your shares of Common Stock are held of record.

Voting by Proxy for Shares Registered Directly in the Name of the Stockholder. If you hold your shares of Common Stock in your own name as a holder of record with our transfer agent, Computershare Trust Company, N.A., you may instruct the Proxy holders how to vote your shares of Common Stock in one of the following ways:

Edgar Filing: MACERICH CO - Form DEF 14A

Authorize your Proxy by Internet. You may authorize your Proxy over the Internet. The website for Internet authorization is provided in the Notice or on your Proxy if you received a printed set of the Proxy materials. Internet authorization is available 24 hours per day until 11:59 p.m., Eastern Time, the day before our Annual Meeting. In order to vote, you will need to have the control number that appears on the Notice or Proxy you received.

Table of Contents

Authorize your Proxy by Telephone. If you have received a printed set of the Proxy materials, you may authorize your Proxy by telephone by calling the toll-free number listed on your Proxy. Telephone authorization is available 24 hours per day until 11:59 p.m., Eastern Time, the day before our Annual Meeting. When you call, please have your Proxy in hand, and you will receive a series of voice instructions which will allow you to instruct your Proxy how to vote your shares of Common Stock. To vote by telephone, you will also need your control number referred to above.

Vote by Mail. If you have received a printed set of the Proxy materials and would like to vote by mail, then please mark, sign and date your Proxy and return it promptly to Broadridge Financial Solutions, Inc. in the postage-paid envelope provided.

Voting by Proxy for Shares Held through Street Name. If your shares of Common Stock are held through street name, you will receive instructions from your broker, bank or other nominee that you must follow in order to instruct how your shares of Common Stock are to be voted at our Annual Meeting.

What if I sign and return a Proxy by mail or authorize my proxy by telephone or the Internet but do not specify how I wish to vote my shares?

If you sign and return a Proxy but do not specify how your shares will be voted on one or more matters listed in the notice for our Annual Meeting, the shares will be voted with respect to such matters as follows:

FOR the election of each of the ten nominees for director named in this Proxy Statement;

FOR the ratification of the appointment of KPMG LLP as our independent accountants;

FOR the approval of the compensation of our named executive officers; and

THREE YEARS for the frequency of future advisory votes on executive compensation.

The holders of the Proxy will also have authority to vote in their discretion on other matters that may be properly brought before our Annual Meeting or that may be incidental to the conduct of the meeting.

Will other matters be voted on at our Annual Meeting?

It is not anticipated that any matter, other than those set forth in this Proxy Statement, will be presented at our Annual Meeting. If other matters are properly presented, Proxies will be voted by the Proxy holders in their discretion. Stockholder votes will be tabulated by the person appointed to act as inspector of election for our Annual Meeting.

May I change my vote or revoke my Proxy after I return my Proxy?

If you are a stockholder of record as of the record date, you may change your vote or revoke your Proxy before it has been voted at our Annual Meeting by:

filing a written revocation with the Secretary of The Macerich Company, 401 Wilshire Boulevard, Suite 700, Santa Monica, California 90401;

authorizing a new Proxy by Internet, telephone or mail after the time and date of the previously authorized Proxy in accordance with the applicable instructions; or

Edgar Filing: MACERICH CO - Form DEF 14A

appearing in person and voting by ballot at our Annual Meeting.

Any stockholder of record as of the record date attending our Annual Meeting may vote in person whether or not a Proxy has been previously given, but the presence (without further action) of a stockholder at our Annual Meeting will not constitute revocation of a previously given Proxy.

Table of Contents

For shares you hold in street name, you may change your vote by submitting new voting instructions to your broker, bank or other nominee or, if you have obtained a legal proxy from your broker, bank or other nominee giving you the right to vote your shares at our Annual Meeting, by appearing in person and voting at our Annual Meeting.

What are our Board of Directors' recommendations?

Unless you give other instructions on your Proxy, the persons named as Proxy holders on the Proxy will vote a properly given Proxy in accordance with the recommendations of our Board of Directors. Our Board's recommendations, together with the description of each matter, are set forth in this Proxy Statement. In summary, our Board recommends that you vote your shares:

FOR the election of each of the ten nominees for director named in this Proxy Statement;

FOR the ratification of the appointment of KPMG LLP as our independent accountants for the year ending December 31, 2011;

FOR the approval of the compensation of our named executive officers; and

THREE YEARS for the frequency of future advisory votes on executive compensation.

With respect to any other matter that properly comes before our Annual Meeting, the Proxy holders will vote in their discretion.

What vote is required to approve each matter?

Assuming the presence of a quorum, the affirmative vote of a majority of all of the votes cast on the matter at our Annual Meeting in person or by Proxy is required by our charter and/or bylaws for the election of each director nominee, ratification of the appointment of KPMG LLP to serve as our independent accountants, approval of the executive compensation of our named executive officers and determination of the frequency of future advisory votes on executive compensation. Abstentions and broker non-votes are not counted as votes cast and therefore will not be counted in determining the outcome of any of the proposals.

The advisory vote proposal on executive compensation and the advisory vote proposal on the frequency of future advisory votes on executive compensation are advisory only and are not binding on our Company or our Board. Our Board will consider the outcome of the vote on each of these proposals in considering what action, if any, should be taken in response to the advisory vote by stockholders and in determining the frequency of future advisory votes on executive compensation.

The proposal to ratify the appointment of KPMG LLP as our independent accountants is considered a routine item under the New York Stock Exchange rules or "NYSE Rules." Accordingly, if you hold your shares in street name and you do not submit voting instructions to your broker, your broker may exercise its discretion to vote your shares on this proposal. If your broker exercises this discretion, your shares will be counted as present for purposes of determining the presence of a quorum at our Annual Meeting and will be voted in the manner directed by your broker on the proposal to ratify KPMG LLP as our independent accountants, but your shares will constitute broker non-votes on each of the other proposals at our Annual Meeting.

PROPOSAL 1: ELECTION OF DIRECTORS

Our bylaws require that our Board of Directors consists of ten directors. The present term of all ten of our directors expires at our Annual Meeting. Our ten director nominees, if elected at our Annual Meeting, will hold office until our annual meeting of stockholders in 2012 and until their respective successors are duly elected and qualify.

Our Board of Directors, based on the recommendations of the Nominating and Corporate Governance Committee, has nominated the following to serve as directors of our Company:

Mr. Abbey was elected as a director by our Board on June 30, 2010 and was recommended to the Nominating and Corporate Governance Committee by one of our non-management directors, Mason Ross. Each of our other director nominees was previously elected to serve on our Board by our stockholders. Each of our director nominees is currently serving as a director and has consented to be nominated and to serve if elected. However, if any nominee is unavailable for election or unable to serve, the Proxy holders may vote for another person nominated by our Board of Directors or our Board may amend our bylaws to reduce the number of directors to be elected at our Annual Meeting.

Our Board of Directors will consider a nominee for election to our Board recommended by a stockholder of record if the stockholder submits a written notice regarding such recommendation to the Nominating and Corporate Governance Committee c/o our Secretary in the manner described under the heading "Information Regarding our Director Nominees Director Selection Process."

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE ELECTION OF EACH OF OUR DIRECTOR NOMINEES. PROXIES RECEIVED WILL BE VOTED "FOR" EACH OF OUR DIRECTOR NOMINEES UNLESS STOCKHOLDERS SPECIFY OTHERWISE IN THE PROXY.

The Board of Directors and its Committees

Board of Directors. Our Company is managed under the direction of a Board of Directors composed of ten members. Our Board of Directors met seven times in 2010. Each of our directors attended all Board meetings, except Messrs. Anderson, Cownie, Moore and Ross each missed one meeting. In addition, each director attended at least 75% of the aggregate number of meetings of our Board and of each committee on which he or she served during 2010.

Director Independence. For a director to be considered independent, our Board must determine that the director does not have any material relationship with our Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with our Company). Our Board has established Director Independence Standards to assist it in determining director independence. The Director Independence Standards establish exclusionary standards that conform to the independence requirements of the NYSE Rules and categorical standards that identify permissible immaterial relationships between our directors and our Company. These Director Independence Standards are included in our Guidelines on Corporate Governance which are available at www.macerich.com under "Investing-Corporate Governance." Our Board has determined that the following seven current non-employee directors do not have any material relationship with our Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with our Company) and each is an independent director under our Director Independence Standards: Messrs. Abbey, Cownie, Hubbell, Moore and Ross, Ms. Laing and Dr. Sexton. Messrs. A. Coppola, Anderson and E. Coppola are not independent directors because they are current executive-level employees of our Company.

Executive Committee. The Executive Committee of our Board of Directors consists of Messrs. Moore and A. Coppola and has such authority as is delegated by our Board and as permitted under applicable law, including authority to negotiate and implement acquisitions and to execute certain contracts and agreements with unaffiliated third parties. The primary purpose of the Executive Committee is to exercise the powers and duties of our Board between Board meetings and to implement the policy decisions of our Board on matters not delegated to other committees. Mr. A. Coppola is the chairperson of this Committee. The Executive Committee did not meet during 2010.

Audit Committee. The Audit Committee consists of Messrs. Cownie and Hubbell, Ms. Laing and Dr. Sexton, each of whom is financially literate, is an independent director and meets the independence requirements for audit committee members under the NYSE Rules and the Securities Exchange Act of 1934, as amended, or "Exchange Act." Ms. Laing is the chairperson of this Committee and has been designated by our Board as an audit committee financial expert. The Audit Committee met 11 times during 2010 with all members attending each meeting.

Under the Audit Committee charter, the purpose of this Committee is to assist our Board in overseeing the accounting and financial reporting processes and the audits of our financial statements, including the integrity of our financial statements, the compliance with legal and regulatory

requirements, our independent public accountants' qualifications and independence, and the performance of our independent public accountants and internal audit function. The Committee's duties include:

- (1) appointing, evaluating and, where appropriate, replacing our independent public accountants,
- (2) reviewing our financial statements with management and our independent public accountants,
- (3) reviewing and approving with our independent public accountants the scope and results of the audit engagement,
- (4) pre-approving audit and permissible non-audit services provided by our independent public accountants,
- (5) reviewing the independence of our independent public accountants,
- (6) reviewing the adequacy of our internal accounting controls, and
- (7) reviewing and approving related-party transactions in accordance with our Related Party Transaction Policies and Procedures as described below.

Compensation Committee. The Compensation Committee consists of Messrs. Abbey, Moore and Ross, Ms. Laing and Dr. Sexton, each of whom is an independent director. Mr. Moore is the chairperson of this Committee. The Compensation Committee met four times during 2010. Mr. Abbey was appointed to the Committee on July 29, 2010. All members attended each meeting that occurred during their respective time on the Committee in 2010. As outlined in its charter, the Compensation Committee has the following duties and responsibilities:

- (1) approving and evaluating our director and executive officer compensation plans, policies and programs,
- (2) reviewing annually our overall compensation structure and philosophy,
- (3) reviewing and approving compensation for our executive officers,
- (4) reviewing and recommending director compensation to our Board, and
- (5) administering certain of our employee benefit and stock plans.

The Compensation Committee charter provides that the Compensation Committee has the sole authority to retain and terminate any compensation consultant to be used to assist in the evaluation of director and executive officer compensation, including approving their fees and terms. The Compensation Committee has periodically engaged Towers Watson, a nationally recognized, independent compensation consulting firm, to provide reviews of the various elements of our director and executive officer compensation programs, including evolving compensation trends and market survey data. The Committee retained Towers Watson to conduct a competitive assessment of the compensation programs and practices for certain of our named executive officers and directors for 2010 as well as to identify current market practices. Towers Watson provides no other consulting services to our Company.

Mr. A. Coppola also generally attends the Compensation Committee meetings and provides his recommendations with respect to the compensation paid to the other executive officers. While Mr. A. Coppola's input is viewed by the Compensation Committee as an integral and vital part of the compensation process, the Compensation Committee is solely responsible for making the final decision regarding the form and

amount of compensation for our Company's executive officers. See "Compensation Discussion and Analysis." The Compensation Committee may also form and delegate authority to subcommittees, when appropriate, each subcommittee to consist only of independent directors. No subcommittee has been formed.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee consists of Messrs. Abbey, Cownie, Hubbell, Moore and Ross, each of whom is an independent director. Mr. Hubbell serves as chairperson. The Nominating and Corporate Governance Committee met two times in 2010. Mr. Abbey was appointed to the Committee on July 29, 2010. All members attended each meeting that occurred during their respective time on the Committee in 2010. The Nominating and Corporate Governance Committee operates under a charter which provides that the Committee will:

- (1) assist our Board by identifying individuals qualified to become Board members and recommend to our Board nominees for election as director by our stockholders or by our Board to fill a vacancy occurring between stockholder meetings,
- (2) recommend adoption of and changes to our Guidelines on Corporate Governance,
- (3) lead our Board in its annual review of the performance of our Board and our committees,
- (4) recommend to our Board director nominees for each Board committee, and
- (5) perform such other duties and responsibilities as are set forth in its charter or delegated by our Board, including developing a succession plan to ensure continuity in management.

Committee Charters. The charters for the Executive Committee, Audit Committee, Compensation Committee and the Nominating and Corporate Governance Committee are available at www.macerich.com under "Investing-Corporate Governance."

Related Party Transaction Policies and Procedures. The Audit Committee administers our written Related Party Transaction Policies and Procedures. These policies are designed to assist with the proper identification, review and disclosure of related party transactions and apply to any transaction or series of transactions in which our Company or an affiliate is a participant, the amount involved exceeds \$120,000 and a related party has a direct or indirect material interest. A related party generally includes any director, executive officer, stockholder of more than 5% of our Common Stock and any immediate family member thereof. Under the policies, transactions that fall within this definition will be referred to the Audit Committee for approval, ratification or other action. In determining whether to approve or ratify a transaction, the Audit Committee will consider all of the relevant facts and circumstances, including the related party's interest, the amount involved in the transaction, and whether the transaction has terms no less favorable than those generally available from an unrelated third party. The Audit Committee will approve or ratify such transaction if it determines, in good faith, that under all of the circumstances the transaction is fair to our Company.

Risk Oversight. One of the principal functions of our Board of Directors is to provide oversight concerning our Company's assessment and management of risk related to our business. Our Board of Directors is involved in risk oversight through direct decision-making authority with respect to fundamental financial and business strategies and major corporate activities as well as through its oversight of management and the committees of our Board. Management is responsible for identifying the material risks facing our Company, implementing appropriate risk management strategies and ensuring that information with respect to material risks is shared with our Board and/or the appropriate Board committee. In connection with this responsibility, members of management provide regular reports to our Board regarding business operations and strategic planning, financial planning and budgeting, material litigation and regulations, including any material risk to the Company relating to such matters. Our Board of Directors believes that the processes it has established to administer our Board's risk oversight function would be effective under a variety of leadership frameworks and therefore these processes do not have any material effect on our Company's leadership structure described under the heading "Board Leadership Structure" below.

Table of Contents

Our Board has delegated oversight for specific areas of risk exposure to our Board committees as follows:

Audit Committee. As required by the NYSE Rules, the Audit Committee is responsible for periodically discussing our Company's overall risk assessment and risk management policies with management, our Company's internal auditors and our independent accountants as well as our Company's plans to monitor, control and minimize such risk and exposure. The Audit Committee is also responsible for primary risk oversight related to our financial reporting, accounting and internal controls and oversees risk related to our compliance with legal and regulatory requirements.

Compensation Committee. The Compensation Committee is responsible for overseeing our Company's assessment and management of risk related to our Company's compensation plans, policies and overall philosophy as more fully described below under "Risk Considerations."

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee oversees the policies and procedures related to management succession, including both emergency CEO succession and CEO succession in the ordinary course of business.

At each regular meeting of our Board of Directors, the chairperson of each committee reports to the full Board regarding the matters reported and discussed at any committee meetings, including any risk exposure and risk management policies with respect to such matters. Our Chief Executive Officer, Chief Legal Officer and/or Chief Financial Officer regularly attend meetings of our committees when they are not in executive session. In addition, our directors are free to communicate directly with members of management and any outside advisors regarding any matter.

Risk Considerations. We believe that our compensation programs do not encourage unnecessary or excessive risk taking that could have a material adverse effect on our Company. The Compensation Committee considers, in establishing and reviewing our executive compensation program, whether the program encourages unnecessary or excessive risk taking and has concluded that it does not. Base salaries are fixed in amount and thus do not encourage risk taking. While our annual incentive compensation program focuses on short-term or annual performance, our executives' annual bonuses are determined in the Compensation Committee's discretion based on its consideration of a variety of corporate and individual performance factors as described below under "Compensation Discussion and Analysis." Therefore, the Compensation Committee believes that the annual bonus program appropriately balances risk and the desire to focus executives on short-term goals important to our success without putting undue emphasis on any particular performance measure, and that it does not encourage unnecessary or excessive risk taking.

A significant portion of the compensation provided to our named executive officers is in the form of equity awards that are important to help further align executives' interests with those of our stockholders. The Compensation Committee believes that these awards do not encourage unnecessary or excessive risk taking since the ultimate value of the awards is tied to our stock price, and since grants are subject to vesting or retention schedules to help ensure that executives always have significant value tied to our long-term stock price performance. As described in our Compensation Discussion and Analysis, our current practice is to grant executives LTIP Unit awards that vest based on the percentile ranking of our total stockholder return as compared to our peer REITs over the applicable performance period. The Compensation Committee believes these awards provide additional incentives for executives to create value for our stockholders and, together with the executives' equity ownership in our Company pursuant to our stock ownership guidelines as described below, help further link their interests with those of our stockholders.

Director Selection Process. The Nominating and Corporate Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Nominating and Corporate

Table of Contents

Governance Committee periodically assesses the appropriate size of our Board of Directors, and whether any vacancies are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee considers various potential candidates for director. Candidates may come to the attention of the Nominating and Corporate Governance Committee through current Board members, officers, professional search firms or other persons. These candidates are evaluated at regular or special meetings of the Nominating and Corporate Governance Committee and may be considered at any point during the year. The Nominating and Corporate Governance Committee also may review materials provided by professional search firms or other parties in connection with a nominee. In evaluating such nominations, the Nominating and Corporate Governance Committee seeks to achieve a balance of knowledge, experience and capability on our Board. This Committee will make the final recommendations of candidates to our Board for nomination.

Our Board of Directors has a policy that stockholders may recommend a director candidate for consideration by the Nominating and Corporate Governance Committee for election at an annual meeting of stockholders by submitting the names and qualifications of such persons in writing to the Nominating and Corporate Governance Committee, c/o our Secretary, no later than the December 1 prior to the next annual meeting of stockholders, together with information about the stockholder and the candidate otherwise required for director nominations by a stockholder pursuant to Section 1.11 of our bylaws, a copy of which will be made available upon request. The Nominating and Corporate Governance Committee may request additional information concerning such director candidate as it deems reasonably required to determine the eligibility and qualification of the director candidate to serve as a member of our Board. Stockholders who wish to nominate a person for election as a director in connection with an annual meeting of stockholders (as opposed to making a recommendation to the Nominating and Corporate Governance Committee as described above) must deliver written notice to our Secretary in the manner described in Section 1.11 of our bylaws and within the time periods set forth under the heading "Stockholder Proposals and Director Nominees."

Our Nominating and Corporate Governance Committee and our Board of Directors will consider all persons properly recommended as a nominee for election to the Board in the same manner regardless of the source of the recommendation. The Nominating and Corporate Governance Committee does not apply any specific, minimum qualifications in considering a director candidate and does not impose additional qualifications on stockholder-recommended potential nominees. Instead, the Committee reviews the candidates taking into account the current Board membership and considers a variety of factors, including the specific needs of our Company and our Board, the experience, skills, areas of expertise, independence, productivity, length of service, occupational and other responsibilities (including other public company board memberships and committee memberships) of the candidates, and such other factors as the Committee may determine is appropriate for review. This process is described in our Guidelines on Corporate Governance which is available at www.macerich.com under "Investing-Corporate Governance."

Diversity. Although our Company does not have a formal policy for the consideration of diversity in identifying nominees for director, our Nominating and Corporate Governance Committee recognizes the benefits associated with a diverse Board and strives to create diversity in the Board as a whole when identifying and selecting nominees. Our Nominating and Corporate Governance Committee utilizes a broad conception of diversity, including diversity of professional experience, background, skills, areas of expertise and perspective. These factors, the additional factors described above under "Director Selection Process" and others that are considered useful by our Nominating and Corporate Governance Committee are reviewed in terms of assessing the perceived needs of our Board at any particular point in time. Our Nominating and Corporate Governance Committee focuses on having a Board which collectively possesses a broad range of talent, skill, expertise and experience useful to the effective oversight of our Company's business and affairs. On an annual basis, as part of our Board's self-evaluation, our Board assesses whether the overall mix of our Board members is appropriate for our Company.

Board Leadership Structure. Our Company's Guidelines on Corporate Governance provide that our Board is free to make its choice for Chairman of the Board and CEO in any way that our Board considers is best for our Company. Our Board recognizes that no single leadership model is correct at all times and that, depending on the circumstances, another leadership model might be appropriate. Our Board therefore believes that it should have the flexibility to decide whether it is best for our Company at any point in time to combine or separate the roles of CEO and Chairman of the Board.

Our Board currently combines the role of Chairman of the Board and the role of CEO, but couples this with the Presiding Director position to further strengthen our governance structure. This structure was part of our Company's long-term succession planning following the retirement of our former Chairman in 2008. At that time, our Board determined that it was in the best interests of our Company and stockholders to have Mr. A. Coppola become Chairman as well as retain his CEO position. Our Board believes this structure provides an efficient and effective leadership model for our Company given Mr. A. Coppola's strong leadership and extensive knowledge of our Company. Combining the Chairman and CEO roles in the case of Mr. A. Coppola serves as a bridge between the Board and management and fosters clear accountability, effective decision making and alignment on corporate strategy.

To ensure independent oversight, we have a strong Presiding Director role as well as executive sessions of the independent directors after every Board meeting. Our Presiding Director, Mr. Moore, has been designated by our independent directors and collaborates with our CEO on a regular basis. The role of the Presiding Director is to prepare with our CEO our Board agendas, chair the executive sessions of the non-management directors, call meetings of the independent directors and perform such other functions as our Board or non-management directors may direct. The non-management directors meet in separate executive sessions after each regularly scheduled quarterly Board meeting. The non-management directors met four times in 2010. Each non-management director is an independent director.

Attendance at Stockholders' Meetings. Our Board encourages directors in the Santa Monica area at the time of the stockholders' meeting to attend the meeting. Our Board does not require director attendance at our stockholders' meetings because our stock is predominately held by institutional stockholders and attendance is traditionally light. At our 2010 annual stockholders' meeting, one of our directors and two of our executive officers attended.

Contact Our Board. Individual stockholders or any other interested parties may contact our entire Board of Directors or individual members of our Board of Directors, our non-management directors as a group or the Presiding Director for our non-management directors, by sending an email as follows:

Compensation of Directors

Our non-employee directors are compensated for their services according to an arrangement authorized by our Board of Directors and recommended by the Compensation Committee. A Board member who is also an employee of our Company or a subsidiary does not receive compensation for service as a director. Messrs. A. Coppola, Anderson and E. Coppola are the only directors who are also employees of our Company or a subsidiary.

The Compensation Committee generally reviews director compensation annually. During 2009, the Compensation Committee retained Towers Watson to conduct an analysis with respect to the compensation structure for our non-employee directors and outline areas for our Board to consider in reviewing changes to this structure. This analysis included a summary of current director compensation trends as well as a compensation study of REIT peer companies and similarly sized companies across various industries. Effective January 1, 2010, our Board, based on the Compensation Committee's recommendation, revised the compensation structure for our non-employee directors as follows:

Annual Retainer for Service on our Board \$60,000, payable in quarterly installments, plus shares of restricted stock equal to \$75,000 based upon the closing price of our common stock on the date of the grant, are automatically granted in March of each year and vest over three years.

Annual Retainer for Chairman of the Audit Committee \$25,000.

Annual Retainer for Chairman of the Compensation Committee \$25,000.

Annual Retainer for Chairman of the Nominating and Corporate Governance Committee \$25,000.

Annual Retainer for Committee Membership \$12,500 per committee for non-chair members.

Expenses The reasonable expenses incurred by each director (including employee directors) in connection with the performance of the director's duties are also reimbursed by our Company.

Each grant of restricted stock to our non-employee directors in 2010 was made pursuant to our 2003 Incentive Plan. In addition, our Director Phantom Stock Plan offers our non-employee directors the opportunity to defer cash compensation otherwise payable and to receive that compensation (to the extent that it is actually earned by service during that period) in cash or in shares of Common Stock as elected by the director, after termination of the director's service or on a specified payment date. Such compensation includes the annual retainers payable to our non-employee directors. Every current non-employee director during his or her term of service has elected to receive all or a portion of such compensation in Common Stock. Deferred amounts are generally credited as stock units at the

Table of Contents

beginning of the applicable deferral period based on the present value of such deferred compensation divided by the average fair market value of our Common Stock for the preceding 10 trading days. Stock unit balances are credited with additional stock units as dividend equivalents and are ultimately paid out in shares of our Common Stock on a one-for-one basis. A maximum of 500,000 shares of our Common Stock may be issued in total under our Director Phantom Stock Plan, subject to certain customary adjustments for stock splits, stock dividends and similar events. The vesting of the stock units is accelerated in case of the death or disability of a director or, after a change of control event, the termination of his or her services as a director.

The following table summarizes the compensation paid, awarded or earned with respect to each of our non-employee directors during 2010.

Name	Fees Earned or Paid in Cash (\$)(1)	Stock Awards (\$)(2)	Option Award (\$)	Non-Equity Incentive Plan Compensation (\$)	Change in Pension Value and Deferred Earnings	All Other Compensation (\$)	Total (\$)

Pursuant to our Director Phantom Stock Plan, each director, except Messrs. Abbey and Ross, elected to defer fully their annual cash retainers for 2010 and to receive such compensation in Common Stock at a future date. Messrs. Abbey and Ross elected to defer 50% of their annual retainers for 2010. Therefore, for 2010 compensation, Messrs. Abbey, Cownie, Hubbell, Moore and Ross, Ms. Laing and Dr. Sexton were credited with 412, 2,287, 2,634, 2,982, 1,147, 2,583 and 2,282 stock units, respectively, which vested during 2010 as the service was provided. The amount shown for Mr. Abbey represents the prorated share of his director fees beginning June 30, 2010, the date he was elected as a director.

(2)

The amounts shown represent the aggregate grant date fair value computed in accordance with Statement of Financial Accounting Standards Bulletin ASC Topic 718 referred to as "FASB ASC Topic 718," of restricted stock awards granted under our 2003 Incentive Plan. Any estimated forfeitures were excluded from the determination of these amounts and there were no forfeitures of stock awards during 2010 by our directors. Assumptions used in the calculation of these amounts are set forth in footnote 20 to our audited financial statements for the fiscal year ended December 31, 2010 included in our Annual Report on Form 10-K filed with the SEC on February 25, 2011.

Except for Mr. Abbey, each of our non-employee directors received 1,944 shares of restricted stock on March 5, 2010 under our 2003 Incentive Plan. The closing price of our Common Stock on that date was \$38.58.

Compensation Discussion and Analysis

Executive Summary. Our objective is to tie executive compensation with the creation of stockholder value, with a balanced focus on both short-term and long-term performance and a substantial emphasis on total stockholder return. We believe our executive compensation policies and practices appropriately align the interests of our executives with those of our stockholders through a combination of base salary, annual incentive compensation awards and long-term incentive equity awards. Based on our 2010 fiscal year highlights, we believe that the compensation decisions made by the Compensation Committee or the "Committee" for our senior executive officers for 2010 demonstrate a close link between pay and performance.

A. The 2010 Fiscal Year in Review.

Our Company had a strong financial performance in 2010 and the Committee believes that our executive officers were instrumental in helping achieve those results. Key highlights of 2010 corporate performance include:

Total Stockholder Return. Our Company's total stockholder return for 2010 was 39% which continued the positive trend of 2009 when our total stockholder return was 129%. By comparison, the total stockholder return for the FTSE NAREIT Equity REITs Index for both years was 28%. Our Company's overall total stockholder return over the last 10 fiscal years was 382% compared to the return for the FTSE NAREIT Equity REITs Index of 178% for that period.

Equity Offering. Our Company successfully completed a stock offering of 31 million shares that raised net proceeds of \$1.2 billion, the largest secondary offering ever done by a REIT at the time. The offering represented the culmination of a two-year capital plan executed during the most challenging period in our Company's history. The Committee recognized the critical importance of this offering not only in terms of its successful execution but also in terms of how the offering significantly strengthened our balance sheet and increased our liquidity. Largely as a result of this offering, at year end, our Company had paid off our \$1.5 billion line of credit, reduced property indebtedness and had \$446 million of available cash.

Debt Refinancings. During 2010, more than \$900 million of debt secured by key properties was refinanced. As a result, our 2011 loan maturities are a manageable \$465 million (excluding loans with extension options) and we anticipate retiring certain high interest debt that matures in 2011 with our available cash. At December 31, 2010, as a result of our equity offering and refinancings, our net debt-to-market capitalization was 44.3%, our average interest rate was 5.65% and our unhedged floating rate debt was 7.6% of our total market capitalization.

Redevelopments. Santa Monica Place in Santa Monica, California, one of the premier shopping centers in the country, opened in August 2010. This \$265 million redevelopment is a 524,000 square foot, three-level open air retail and dining destination with anchors Bloomingdale's and Nordstrom as well as a very strong set of over 50 retailers and restaurants. The successful opening of Santa Monica Place was a notable achievement, especially in light of the difficult leasing environment over the past few years.

Operational Results. Mall occupancy increased 180 basis points to 93.1% at December 31, 2010 from 91.3% at December 31, 2009. Tenant sales productivity increased to \$433 per square foot, up 6.0% in 2010 compared to 2009.

Cash Dividends. As our executives increased our Company's liquidity through the series of transactions described above, we returned to an all cash dividend for our stockholders and OP Unit holders in June of 2010.

Table of Contents*B. Key Compensation Decisions for Fiscal Year 2010.*

The following provides a summary of the compensation decisions made by the Committee for Messrs. A. Coppola, O'Hern, E. Coppola and Bayer. (This is the first time Mr. Brant is a named executive officer in our proxy statement and he participates in a different compensation program than our senior executives which is described on page 33 of this Proxy Statement.) The center of our executive compensation philosophy is to pay for performance and therefore our compensation is heavily weighted toward "at risk" performance-based compensation.

Base Salary. In line with our philosophy that our executives' compensation should be primarily performance-based, there were no salary increases in 2010 for Messrs. A. Coppola, O'Hern, E. Coppola and Bayer, whose salaries have remained the same since March of 2008. Except for Mr. E. Coppola's raises in connection with his 2008 and 2004 promotions, there have only been two salary increases since 2002 for these executives.

Annual Incentive Compensation Award. As outlined above, the Committee believed 2010 was a strong and productive year for our Company. Based on an overall positive review of both corporate and individual performance as described in further detail below, the Committee approved the following annual incentive bonuses for 2010 performance:

Name	Cash Bonus Amount	Percentage of Base Salary	Percentage of Change of Bonus Amount from 2009
Arthur M. Coppola	\$ 2,850,000	300%	-25%
Thomas E. O'Hern	\$ 1,000,000	182%	-39%
Edward C. Coppola	\$ 2,000,000	250%	-38%
Richard A. Bayer	\$ 875,000	175%	-42%

Long-Term Incentive Equity Awards. The Committee continued the 100% performance-based LTIP program for 2010, which links the interests of our executives and our stockholders. LTIP Units were granted that vested based on the percentile ranking of our total stockholder return per share of Common Stock relative to our peer REITs (the equity REITs of the FTSE NAREIT Index), as measured at the end of the 12-month performance period from February 1, 2010 through January 31, 2011. (See pages 41-42 of this Proxy Statement for a more detailed description of the material terms of the LTIP Units.) Our Company's total stockholder return relative to our peer REITs' total stockholder return was greater than the 84th percentile, which resulted in the LTIP Units vesting at the "outperformance" level of 200% of the units covered by the award. Even though the LTIP Units have vested, they must be held by our executives until January 31, 2013, increasing our executives' stock ownership interest and further aligning our senior executives' interests with our stockholders' interests.

In line with our pay for performance philosophy, we have:

No employment contracts;

No guaranteed bonuses;

No executive perquisites such as club memberships, financial planning assistance or car allowances; and

No executive retirement or pension plans.

The Compensation Committee. The Compensation Committee reviews and approves the compensation for our executive officers, reviews our overall compensation structure and philosophy and administers certain of our employee benefit and stock plans, with authority to authorize awards under our incentive plans. The Committee currently consists of five independent directors, Messrs. Moore, Ross and Abbey, Ms. Laing and Dr. Sexton.

Role of Compensation Consultants. The Committee has at various times retained independent compensation consultants to assist in the development and review of our compensation programs for our executive officers and directors. Since 2005, the Committee has retained Towers Watson periodically to provide reviews of the various elements of our compensation programs, including evolving compensation trends and market survey data. Towers Watson may also provide general observations on the Company's compensation programs, but it does not determine or recommend the amount or form of compensation for our named executive officers or directors. The Committee retained Towers Watson to conduct a competitive assessment of the compensation programs and practices for certain of our named executive officers and directors for 2010 as well as to identify current market practices. Towers Watson provides no other consulting services to our Company.

Role of Data for Peer Companies. With the assistance of Towers Watson, the Committee identified a group of peer companies to refer to in reviewing executive compensation for 2010. The following 23 U.S. publicly traded REITs were used as a peer group:

AMB Property Corporation	Kimco Realty Corporation
AvalonBay Communities, Inc.	Nationwide Health Properties, Inc.
Boston Properties, Inc.	ProLogis
BRE Properties, Inc.	Public Storage
Douglas Emmett, Inc.	Regency Centers Corporation
Equity One, Inc.	Simon Property Group, Inc.
Equity Residential	SL Green Realty Corp.
Federal Realty Investment Trust	Taubman Centers, Inc.
General Growth Properties, Inc.	Ventas, Inc.
HCP, Inc.	Vornado Realty Trust
Host Hotels & Resorts, Inc.	Weingarten Realty Investors
Kilroy Realty Corporation	

The Committee reviews compensation practices at peer companies to inform the Committee's decision-making process so it can establish compensation programs that it believes are reasonably competitive. The Committee, however, does not set compensation components to meet specific benchmarks. Instead the Committee focuses on a balance of annual and long-term compensation, which is heavily weighted toward "at risk" performance-based compensation. While the Committee does review compensation relative to the peer group to help the Committee perform its subjective analysis, peer group data is not used as the determining factor in setting compensation because each officer's role and experience is unique, average actual compensation for comparable officers at the peer companies may be the result of a year of over performance or under performance and the Committee believes that ultimately the decision as to appropriate target compensation for a particular officer should be made based on a full review of that officer's and our Company's performance.

Role of CEO. Mr. A. Coppola generally attends the Committee meetings (excluding any executive sessions) and provides his analysis and recommendations with respect to our Company's executive compensation program, including the compensation for our other named executive officers. Given his knowledge of our executive officers and our business, the Committee believes that Mr. A. Coppola's input is an integral and vital part of the compensation process and therefore values his recommendations. The Committee, however, is responsible for approving the compensation for all of our named executive officers.

Table of Contents

Objectives of the Executive Compensation Program. Our executive compensation program is designed to attract, retain and reward experienced, highly motivated executives who are capable of leading our Company effectively. The Committee believes strongly in linking compensation to performance, and has structured our compensation program to provide meaningful pay-for-performance components. Although the Committee has established an executive compensation program that is intended to deliver total pay primarily linked to overall business results, it also recognizes individual performance in making its executive compensation decisions. With this type of program, the Committee believes it can attract, motivate and retain highly skilled executives whose performance and contributions benefit our Company and our stockholders. The Committee utilizes a combination of cash and equity-based compensation to provide appropriate incentives for executives to achieve our business objectives as well as further align their interests with our stockholders and encourage their long-term commitment to our Company. The Committee does not have a strict policy to allocate a specific portion of compensation to our named executive officers between either cash and non-cash or short-term and long-term compensation. Instead, the Committee considers how each component promotes retention and/or motivates performance by the executive. In addition, our Company does not use specific ratios or formulas to set the relative total compensation among our executive officers.

Elements of the Program. Our executive compensation program includes the following three principal elements:

A. **Base Salary.** The executive's base salary is intended to create a minimum level of fixed compensation based on the experience, position and responsibilities of the executive. The base salary of each named executive officer is reviewed by the Committee on an annual basis and is subject to discretionary increases that generally are based on, in the subjective judgment of the Committee, competitive pay levels, general economic conditions and/or other factors deemed relevant by the Committee.

B. **Annual Incentive Compensation Plan.** Our Company has an annual incentive compensation program for executive officers, other senior officers and key employees under which bonuses, which may be paid in the form of cash and/or equity awards, are granted in the Committee's discretion to reflect corporate and individual performance during the prior calendar year. The objective of this annual incentive compensation plan is to motivate and reward executives for performance that benefits our Company and our stockholders and to recognize the contributions of our key employees.

Corporate Performance. In general, approximately 50-70% of the annual incentive compensation award is based on overall corporate performance which the Committee believes provides an appropriate link between executive compensation and our Company's performance. Measures of performance considered by the Committee in determining corporate performance may include funds from operations per share, total stockholder return, sales per square foot, occupancy and the successful completion of acquisitions, dispositions, joint ventures, developments, redevelopments, financings, offerings and other business initiatives. The Committee does not establish in advance specific corporate performance targets that must be achieved in order for a named executive officer to earn a specific level of annual incentive compensation. Rather, the Committee retains flexibility and discretion to evaluate the Company's corporate performance for the year and awards a level of annual incentive compensation that corresponds to the level of corporate performance that the Committee determines was achieved for the year.

Individual Performance. Generally, approximately 30%-50% of the annual incentive compensation award focuses upon the Committee's subjective evaluation of the individual executive's performance and therefore provides executives with an incentive for superior individual performance. The Committee evaluates the annual performance of our named executive officers after review of the general goal statements prepared by each executive which outline their goals

Table of Contents

with respect to their respective area of operations. The Committee examines these statements as part of its review process but does not base its compensation decisions on achievement of any specific individual goal. Rather, these goal statements provide the Committee with a general framework to assess individual performance. As part of this process, the Committee also discusses with Mr. A. Coppola his evaluation of the named executive officers' performance as well as his performance for the year.

Award Amounts. The actual bonus amounts awarded to each named executive officer are determined by the Committee in its discretion based on its assessment of corporate and individual performance as described above. The Committee awards annual bonuses for Messrs. A. Coppola and E. Coppola at a higher percentage level of base salary than the other executives because as the CEO and President, respectively, they are our strategic leaders and manage and direct our other named executive officers.

For a given year, the Committee makes annual incentive compensation decisions retrospectively after the end of the year, evaluating performance during that year. The Committee's determination has historically been made in February or March of the following year typically after the release of our year-end financial information so as to provide the Committee with sufficient time to evaluate the performance of our Company and our executives for the prior fiscal year. For the 2010 annual incentive bonus, consistent with the 2009 annual incentive bonus, the Committee determined it would be appropriate to pay an all cash award to provide more liquidity to our executives, including assisting them in paying the tax liability associated with the vesting of their equity holdings in our Company.

C. *LTIP.* Since 2006, our Company has had a long-term incentive program as an important means to align the interests of our senior executives and our stockholders, to encourage our senior executives to adopt a longer-term perspective and to reward them for creating stockholder value in a pay-for-performance structure. LTIP Units vest based on the percentile ranking of our total stockholder return per share of Common Stock relative to our peer REITs, as measured at the end of the performance period. (See pages 41-42 of this Proxy Statement for a more detailed description of the material terms of the LTIP Units as well as Appendix I for the list of our peer REITs, the equity REITs of the FTSE NAREIT Index.) The Committee also retains discretion to make other equity-based awards to our executive officers from time to time as it deems appropriate in the circumstances.

Other Benefits and Agreements.

A. *Employment Agreement.* There are no employment agreements with our named executive officers.

B. *Management Continuity Agreements.* On October 26, 2006, our Company entered into a management continuity agreement with Mr. A. Coppola and amended and restated management continuity agreements with Messrs. E. Coppola, O'Hern and Bayer.

The management continuity agreements provide change of control benefits for each executive officer and are designed to promote stability and continuity of management. Each management continuity agreement has a "double trigger" feature with respect to the payment of severance benefits, which means that both a change of control and an actual or constructive termination is required in order for severance benefits to become payable. A "single trigger" applies to the automatic vesting of outstanding unvested restricted stock, stock units, service-based LTIP Units, stock options and SARs, which means that upon a change of control the awards vest. We provide single trigger vesting because we believe that the purpose of awarding executives equity incentives is to align the interests of management with our stockholders and that those interests should be enhanced and not disturbed in the context of a change of control. The triggering events for payment of severance benefits and acceleration of outstanding unvested awards were established to reflect industry practice at the time these arrangements were adopted. For a detailed description of these management continuity agreements, see pages 49-50 of this Proxy Statement.

Table of Contents

We believe that the management continuity agreements help to aid us in attracting and retaining executives by reducing the personal uncertainty that arises from the possibility of a future business combination. Moreover, the agreements are designed to offset the uncertainty of executives as to their own future if a change of control actually occurs. We believe that the management continuity agreements help to increase stockholder value by making the executives neutral to change of control transactions that may be in the best interests of our Company and our stockholders.

C. *Other.* Certain of our named executive officers further participate in our deferred compensation plan available to all Vice Presidents and above who earn more than \$120,000 annually, and are also eligible to receive other benefits which are generally available to all salaried employees. See the "Nonqualified Deferred Compensation" table.

Compensation for 2010 Performance.

Our named executive officers include our senior executive officers, Messrs. A. Coppola, O'Hern, E. Coppola and Bayer, who all participate in the same executive compensation program as well as Mr. Brant who participates in a different compensation program described below. In addition, two former executives, Messrs. Grossi and Genovese also are considered named executive officers under the SEC rules. The following provides information with respect to the compensation of our senior executive officers for 2010 while Mr. Brant's compensation for 2010 is described on page 33 of this Proxy Statement. In connection with the resignation of Messrs. Grossi and Genovese, our Company entered into separation agreements which are described on pages 48-49 of this Proxy Statement.

A. *Base Salary.*

The base salaries of Messrs. A. Coppola, O'Hern, E. Coppola and Bayer of \$950,000, \$550,000, \$800,000 and \$500,000, respectively, remained unchanged for 2010 and have remained the same since March of 2008. Except for Mr. E. Coppola's raises in connection with his 2008 and 2004 promotions, there have only been two salary increases since 2002 for these executives.

B. *Annual Incentive Compensation Award.*

1. Awards for 2010 Performance.

a. *2010 Corporate Performance.* In reviewing 2010 performance, the Committee recognized that 2010 was a pivotal year not only for our Company but the U.S. economy and the retail industry as well. Although the U.S. economy began to recover from the severe recession that began in 2007, the economy continues to experience weakness, high levels of unemployment persist, and rental rates and valuations for retail space have not fully recovered to pre-recession levels. The Committee believes that our Company's performance in 2010 was critical in establishing the foundation for our Company's future growth and success. It was against this backdrop that the Committee conducted its review of 2010 performance.

In reviewing 2010 results, the Committee first reviewed our overall corporate performance focusing on a variety of measures. The Committee did not assign any particular weight to any single measure or require that any particular target be achieved in order for a named executive officer to earn incentive compensation for the year. In addition, no performance targets were established for determining the amount of the bonus.

The Committee believes 2010 was a strong year for our Company marked by the continued successful execution of the strategy set by our Board and executives to

Table of Contents

significantly strengthen our balance sheet and increase our liquidity. The following areas were highlighted by the Committee:

Total Stockholder Return. Our Company's total stockholder return for 2010 was 39% which continued the positive trend of 2009 when our total stockholder return was 129%. By comparison, the total stockholder return for the FTSE NAREIT Equity REITs Index for both years was 28%. Our Company's overall total stockholder return over the last 10 fiscal years was 382% compared to the return for the FTSE NAREIT Equity REITs Index of 178% for that period.

Equity Offering. Our Company successfully completed a stock offering of 31 million shares that raised net proceeds of \$1.2 billion, the largest secondary offering ever done by a REIT at the time. The offering represented the culmination of a two-year capital plan executed during the most challenging period in our Company's history. The Committee recognized the critical importance of this offering not only in terms of its successful execution but also in terms of how the offering significantly strengthened our balance sheet and increased our liquidity. Largely as a result of this offering, at year end, our Company had paid off our \$1.5 billion line of credit, reduced property indebtedness and had \$446 million of available cash. We believe our Company is well positioned to take advantage of attractive financing and business opportunities.

Debt Refinancings. During 2010, more than \$900 million of debt secured by key properties was refinanced, including Danbury Fair Mall and Freehold Raceway Mall. As a result, our 2011 loan maturities are a manageable \$465 million (excluding loans with extension options) and we anticipate retiring certain high interest debt that matures in 2011 with our available cash. The Committee believes that our excellent relationships with lenders as developed by our executive officers helped secure advantageous refinancings in 2010. At December 31, 2010, as a result of our equity offering and refinancings, our net debt-to-market capitalization was 44.3%, our average interest rate was 5.65% and our unhedged floating rate debt was 7.6% of our total market capitalization.

Redevelopments. Santa Monica Place in Santa Monica, California, one of the premier shopping centers in the country, opened in August 2010. This \$265 million redevelopment is a 524,000 square foot, three-level open air retail and dining destination with anchors Bloomingdale's and Nordstrom as well as a very strong set of over 50 retailers and restaurants, including Barneys Co-Op, Burberry, Louis Vuitton, Nike, Juicy Couture, Disney Store and Hugo Boss. Six chef-driven restaurants also opened on the rooftop dining deck which has views of the ocean. The opening of Santa Monica Place was the highest profile new retail opening in 2010 and a notable achievement, especially in light of the difficult leasing environment over the past few years.

Operational Results. The Committee also noted that our Company's operational results reflected a resilient organization. Mall occupancy increased 180 basis points to 93.1% at December 31, 2010 from 91.3% at December 31, 2009. Tenant sales productivity increased to \$433 per square foot, up 6.0% in 2010 compared to 2009.

Cash Dividends. As our executives increased our Company's liquidity through the series of transactions as described above, we returned to an all cash dividend for our stockholders and OP Unit holders in June of 2010.

In summary, the Committee believes 2010 was a productive year in light of the continuing challenging economic environment. The Committee especially noted our executives'

Table of Contents

success in significantly strengthening our balance sheet and increasing our liquidity which the Committee believes resulted in our Company being well-positioned to move forward as the economy recovers.

b. *2010 Individual Performance.* The Committee also focused on the 2010 individual performance of our named executive officers. Mr. A. Coppola advised the Committee with respect to the performance of the other executives. The Committee also discussed with Mr. A. Coppola his 2010 performance. As part of this process, the Committee reviewed the general goal statements prepared by each such executive for 2010 and beyond, as well as Mr. A. Coppola's evaluation of the progress made regarding their respective goals. In determining the level of individual performance, the Committee did not pre-establish any specific performance criteria to determine the individual performance level of the executive but instead subjectively weighed with Mr. A. Coppola the accomplishments and progress of each individual.

After this review and based on Mr. A. Coppola's recommendation, it was the Committee's view that Messrs. E. Coppola, O'Hern and Bayer all had quality 2010 performances based on the role each executive played in achieving our 2010 corporate accomplishments as described above. The Committee noted the leadership of Mr. E. Coppola, especially in the execution of our 2010 equity offering. His knowledge of the capital markets as well as his significant relationships with our investor community were critical to the success of our equity offering. The Committee also highlighted Mr. O'Hern's success in strengthening our balance sheet, including completing our equity offering and financing transactions as well as enhancing our investor relations and Mr. Bayer's important accomplishments with respect to the structure and negotiations of our various transactions and our ongoing legal and litigation matters. Based on this overall review of corporate and individual performance and Mr. A. Coppola's recommendation, the Committee approved a bonus for each of the above-named senior executive officers as indicated below.

Finally, the Committee reviewed the performance of Mr. A. Coppola in the same manner as the other senior executive officers and highlighted the following key accomplishments in what they viewed as an overall strong and productive year for Mr. A. Coppola. In one of the most difficult periods for our Company and companies worldwide, the Committee believes that Mr. A. Coppola excelled in his leadership of our Company. His management and direction of our executive team was critical to the performance of our Company in 2010 as he successfully oversaw the execution of our two-year capital plan. The Committee considered not only his overall responsibilities for overseeing our strategic direction and management, but also his increased responsibilities in overseeing the changes in our leasing and development departments. Mr. A. Coppola set a multi-pronged deleveraging strategy for our Company which began in 2009 and continued in 2010 with the largest secondary offering ever done by a REIT at the time. In particular, the Committee recognized Mr. A. Coppola's leadership and vision with respect to the successful execution of the 31 million share equity offering in terms of its timing, size and pricing. Mr. A. Coppola's strong and valuable relationships with our investing and real estate communities also contributed to our Company's successful achievements in 2010. In addition, Mr. A. Coppola was instrumental in the successful redevelopment and opening of Santa Monica Place.

The following table shows the annual incentive compensation paid in March 2011 to our senior executive officers for their 2010 performance based on the corporate and individual achievements outlined above.

Table of Contents**Annual Incentive Compensation for 2010 Performance**

Name	Cash Bonus Amount	Percentage of Base Salary	Percentage of Change of Bonus Amount from 2009
Arthur M. Coppola	\$ 2,850,000	300%	-25%
Thomas E. O'Hern	\$ 1,000,000	182%	-39%
Edward C. Coppola	\$ 2,000,000	250%	-38%
Richard A. Bayer	\$ 875,000	175%	-42%

C. Performance-Based LTIP Unit Awards.

The Committee continued the performance-based LTIP program for 2010 using LTIP Units that vest based on the percentile ranking of our total stockholder return per share of Common Stock relative to our peer REITs over a 12-month performance period. To further align our executives' interests with our stockholders' interests, all vested 2010 LTIP Units must be held by our executives for an additional two years after vesting. In deciding to use a 12-month performance period, the Committee noted that granting LTIP Units only once every three years makes this type of award unnecessarily dependent on the timing of adoption and market conditions over a particular period, as evidenced by our 2006 LTIP Unit awards covering the period from January 1, 2007 through December 31, 2009. As a result of the circumstances between late 2008 and 2009, the incentive value of these awards was significantly eroded as our stock price declined and, even though all of the LTIP Units vested based on our total stockholder return relative to our peer REITs, the awards never regained their original grant date value. Accordingly, the Committee decided to adopt a 12-month performance period for the 2010 LTIP Unit grants to provide more effective incentives for our executives, while at the same time mitigating potential timing issues associated with a grant every three years.

The peer group selected by the Committee for purposes of determining performance-based vesting of the 2010 LTIP Units was the equity REITs of the FTSE NAREIT Index which is one of the most comprehensive indexes of U.S. equity REITs. For each senior executive other than Mr. A. Coppola, the number of 2010 LTIP Units awarded by the Committee was determined so that, based on the stock price as of the grant date, approximately 50% of the executive's total direct compensation would be tied to our total stockholder return during the performance period (assuming vesting of the 2010 LTIP Units at the target level). For Mr. A. Coppola, the number of 2010 LTIP Units awarded reflected a higher percentage of his total direct compensation, which the Committee, after reviewing executive compensation at our peer companies, believed was more appropriate to his role as Chairman and CEO. The term "total direct compensation" as used herein means the executive's base salary, annual incentive compensation and long-term incentive equity award.

The Committee determined that the number of LTIP Units covered by the award that would vest based on our percentile ranking of our total stockholder return relative to our peer REITs for the performance period would be determined as follows:

Company Percentile Ranking Relative to our Peer REITs	Percentage of LTIP Units That Vest
Below 30 th	0%
At or Above 30 th and Less Than 40 th	50%
At or Above 40 th and Less Than 60 th	100%
At or Above 60 th and Less Than 80 th	150%
At or Above 80 th	200%

Table of Contents

In addition, the Committee determined that if our Company's total stockholder return on an absolute basis was less than 6%, then the Committee would have discretion to make equitable adjustments to the vesting criteria for the LTIP Units to decrease the percentage of LTIP Units that would vest, even if our Company's total stockholder return relative to our peer REITs' total stockholder return exceeded the above-established percentile rankings.

Our Company's total stockholder return relative to our peer REITs' total stockholder return for the 12-month performance period was greater than the 84th percentile (and was 67% on an absolute basis for the performance period), which resulted in the LTIP Units vesting at the "outperformance" level of 200% of the units covered by the award. Even though the LTIP Units have vested, they must be held by our executives until January 31, 2013 which further aligns the interests of our executives with our stockholders because the value of the LTIP Units is directly tied to our Common Stock price.

The Committee continued the LTIP program for 2011 and will continue to use the equity REITs of the FTSE NAREIT Index as the peer group for purposes of determining the vesting of the LTIP Units. The performance period will be from February 1, 2011 through January 31, 2012. These LTIP Units must be held until January 31, 2014 and the participants will not be entitled to distributions until the LTIP Units vest.

D. Randy Brant.

This is the first time Mr. Brant is a named executive officer in our proxy statement and he participates in a different compensation program than our senior executives. Mr. Brant's base salary was increased from \$400,000 to \$500,000 in July of 2010 in connection with his increased responsibilities in overseeing our leasing operations. The Committee awarded him a discretionary \$625,000 annual incentive bonus for his 2010 performance, representing 125% of his base salary and in determining the bonus amount, the Committee noted his key role in the redevelopment of Santa Monica Place as well as his leadership of our leasing operations. Since Mr. Brant participates in our Restricted Stock/Stock Unit/LTIP Unit Bonus Program (as described on page 36 of this Proxy Statement) and elected in advance to convert 50% of what would otherwise have been a cash bonus into additional stock units, his bonus was paid in the form of \$312,500 in cash and a stock unit award with a value on the grant date of \$468,750 that will vest over three years.

E. Separation Agreements.

On March 26, 2010, our Company entered into a negotiated separation agreement with Mr. Grossi whereby he resigned from all employment with our Company, effective April 30, 2010. Our Company also entered into a negotiated separation agreement with Mr. Genovese on September 14, 2010 whereby he resigned from all employment with our Company, effective September 17, 2010. Messrs. Grossi and Genovese received certain severance benefits under their respective separation agreements as more fully described below and on pages 48-49 of this Proxy Statement.

Mr. Grossi's separation agreement provides that all unvested service-based LTIP Units and unvested stock units will continue to vest in accordance with their original vesting schedules. Mr. Grossi also received a proportionate share of his annual income bonus for 2010 in the amount of \$300,000. In connection with his separation agreement, Mr. Grossi entered into a consulting agreement with our Company whereby he agreed to perform consulting services as requested by our Company through January 31, 2011 for a \$56,000 monthly consulting fee.

Mr. Genovese's separation agreement provided for the continued vesting of his unvested stock units and SARs in accordance with their original vesting schedules. Mr. Genovese also received a bonus for his 2010 performance in the amount of \$600,000. In addition, Mr. Genovese entered into a consulting agreement with our Company to perform consulting services as requested by our Company for a monthly consulting fee of \$33,333 through March 17, 2012.

Table of Contents

In approving these separation agreements for Messrs. Grossi and Genovese, the Committee believed it was appropriate to continue the vesting of these equity awards because they generally represented the annual incentive bonus earned by each individual for prior performance. The Committee also believed it was appropriate to grant them a bonus for their 2010 performance and specifically acknowledged Mr. Genovese's contributions to various redevelopment projects. Our Company entered into a consulting agreement with Messrs. Grossi and Genovese as well because the Committee believed that in light of their knowledge and experience, it would be advisable to have them available to consult for a period of time to enable a smooth transition of their responsibilities. Under their separation agreements, Messrs. Grossi and Genovese provided our Company with a general liability release and agreed to certain covenants, including confidentiality and non-disparagement.

Accounting and Tax Issues. The Committee considers both the accounting and tax issues raised by the various compensation elements for our Company and our executives.

LTIP Units. As described on page 41 of this Proxy Statement, LTIP Units of our Operating Partnership are intended to qualify as "profits interests" for federal income tax purposes and as such initially do not have full parity, on a per unit basis, with our Operating Partnership's common units of limited partnership with respect to liquidating distributions. Such parity can be achieved over time through priority allocations of "book-up gains" attributable to appreciation of the Operating Partnership's assets. LTIP Units, regardless of when they were issued, are eligible to share in allocable "book-up gains" since the most recent book-up or book-down of the limited partners' capital accounts.

Section 162(m). The Committee's policy with respect to Section 162(m) of the Internal Revenue Code of 1986, as amended or the "Code" has been to make reasonable efforts to design compensation arrangements such that compensation, in the ordinary course, is deductible while preserving the ability to pay incentive compensation that may not be deductible if such compensation in its view is appropriate to incentivize and reward our executives relative to their performance. As the Committee in recent years has increased the use of equity awards as a form of incentive compensation, an increasing proportion of the compensation paid to our named executive officers has exceeded the \$1,000,000 limitation imposed by Section 162(m). Generally, our equity awards have not been structured to meet the deductibility requirements of Section 162(m) of the Code; consequently, the regular and cumulative vesting, or any accelerated vesting, of one or more awards can result in non-deductible compensation. However, as long as we continue to qualify as a REIT under the Code, the payment of non-deductible compensation should not have material adverse consequences for our Company so long as we continue to distribute at least 90% of our taxable income.

Stock Ownership Policies. Our Board believes that our directors and executive officers should have a meaningful investment in our Common Stock in order to more closely align their interests with those of our stockholders. Accordingly, our Board has established (1) a policy that all non-employee directors own at least the lesser of (i) 10,000 shares or (ii) \$300,000 of Common Stock by the fourth anniversary of the director's election to our Board and (2) a policy that, within three years of becoming an executive officer, the Chairman of the Board, Vice Chairman of the Board and Chief Executive Officer own Common Stock with a value equal to five times their respective base salaries and that the other named executive officers own Common Stock with a value equal to three times their respective base salaries. These policies also set forth the forms of equity interests in our Company which will count toward stock ownership and allow the Board to approve exceptions from time to time. All of our directors and named executive officers met these stock ownership policies as of the measurement date of January 1, 2011.

Table of Contents**Executive Compensation**

The following table and accompanying notes show for our Chief Executive Officer, our Chief Financial Officer and our three next most highly compensated executive officers, as of December 31, 2010, the aggregate compensation paid, awarded or earned with respect to such persons in 2008, 2009 and 2010. In addition, pursuant to the SEC rules, information is provided about Tony Grossi, our former Chief Operating Officer who resigned from our Company on April 30, 2010 and John Genovese, a former Executive Vice President who resigned from our Company on September 17, 2010.

Includes any amount of salary deferred under our qualified and nonqualified deferred compensation plans. See "Nonqualified Deferred Compensation" table. Effective March 2, 2008, the base salaries for Messrs. A. Coppola, O'Hern, E. Coppola, Bayer, Brant, Grossi and Genovese were increased to \$950,000, \$550,000, \$675,000, \$500,000, \$400,000, \$600,000 and \$400,000, respectively. In connection with Mr. E. Coppola's promotion to President on September 4, 2008, his salary was raised to \$800,000. Mr. Brant's salary was increased to \$500,000 effective July 1, 2010 in connection with his increased responsibilities in overseeing our leasing operations.

Bonuses Reported in Year 2010

a. *Messrs. A. Coppola, O'Hern, E. Coppola and Bayer.* As described in the Compensation Discussion and Analysis above, the annual incentive compensation awards for Messrs. A. Coppola, O'Hern, E. Coppola and Bayer for their 2010 performance were paid in cash in March 2011. Under the SEC rules, cash awards are reported in the Summary Compensation Table for the year that they are earned regardless of when they are paid. Accordingly, the cash bonuses paid to these executive officers for 2010 performance are reported in the "Bonus" column for 2010.

b. *Mr. Brant.* The "Bonus" column for 2010 for Mr. Brant shows the amount of the cash bonus awarded for his 2010 performance even though he elected to participate in the Restricted Stock/Stock Unit/LTIP Unit Bonus Program as described below and therefore received additional equity in lieu of 50% of his cash bonus. His equity award was granted on March 4, 2011 for 2010 performance and was in the form of a stock unit award that vests over three years.

Bonuses and Stock Awards Reported in Year 2009

The year 2009 reflects the annual incentive compensation award for our named executive officers for 2009 under the "Bonus" column as well as part of the annual incentive compensation award for 2008 under the "Stock Awards" column because of the different treatment in reporting cash and equity awards under the SEC rules. The annual incentive compensation awards for our named executive officers for 2009 were paid in cash. Under the SEC rules, cash awards are reported in the Summary Compensation Table for the year that they are earned regardless of when they are paid, while equity awards are reported in the table for the year that they are awarded regardless of when they are earned. Accordingly, the cash bonuses paid to our named executive officers for 2009 performance are reported in the "Bonus" column for 2009. These cash bonuses were paid in 2010 and were the only incentive awards granted in cash or equity to each executive for their 2009 performance. As described below, the amount in the "Stock Awards" column for 2009 reflects the grant date fair value of a portion of the equity annual incentive award granted in March 2009 for each executive's performance in 2008.

Bonuses Reported in Year 2008

For 2008, the annual incentive compensation awards were to be paid 50% in cash and 50% in the form of an equity award. However, pursuant to our Restricted Stock/Stock Unit/LTIP Unit Bonus Program, participants were offered the opportunity to elect to receive all or a portion of the cash component in the form of an equity award that would vest over three years. Subject to certain conditions, if a participant timely elected to receive an equity award instead of cash, he received an equity award that had a market value (not considering the effect of vesting restrictions) as of the date of the award equal to 1.5 times the amount he would otherwise have received in cash. Each of the named executive officers elected in advance for 2008 to receive the cash portion of his annual incentive compensation award in the form of equity.

The "Bonus" column for 2008 shows the amount of the cash bonus awarded for 2008 performance even though the executives elected to participate in the Restricted Stock/Stock Unit/LTIP Unit Bonus Program and therefore received additional equity in lieu of their cash bonus. For this award, however, the Compensation Committee determined that a portion of the equity award would be paid in cash to preserve share capacity under our 2003 Incentive Plan. Accordingly, the amount reported in the "Bonus" column for 2008 includes both the amount paid in cash and the amount paid in equity in lieu of cash. The remainder of the annual incentive compensation award for 2008 performance was paid in the form of a stock unit award granted in March 2009 and that vests over three years. See the "Stock Awards" column for 2009 and footnote (3) below.

Stock Award Fluctuations

The amounts under "Stock Awards" for 2010 relate to the performance-based LTIP Units granted to Messrs. A. Coppola, O'Hern, E. Coppola and Bayer in March of 2010 under our LTIP. No performance-based LTIP Units were granted in 2009 or 2008 to these executives. As described below, the stock award amounts for 2009 and 2008 for each executive relate to annual incentive compensation awards and not long-term incentive awards. Accordingly, the stock award amounts reported for these named executive officers will be comparatively high for 2010 (the year in which our Company made its performance-based LTIP Unit grant to these executives) and comparatively low for the years in which our Company did not make a performance-based LTIP Unit grant (2009 and 2008). Our Company believes the fluctuations in the stock award amounts for Messrs. A. Coppola, O'Hern, E. Coppola and Bayer in the Summary Compensation Table should be viewed in light of the timing of these grants of performance-based LTIP Units.

Stock Awards Reported in Year 2010

For Messrs. A. Coppola, O'Hern, E. Coppola and Bayer, the amounts reflected in this column for 2010 relate to performance-based LTIP Units granted under our LTIP and 2003 Incentive Plan and represent the value at the grant date based upon the probable outcome of the performance conditions computed in accordance with FASB ASC Topic 718. The value of each performance-based LTIP Unit award at the grant date assuming that the highest level of performance conditions would be achieved was as follows:

Arthur M. Coppola	\$ 8,000,000
Thomas E. O'Hern	\$ 2,750,000
Edward C. Coppola	\$ 4,800,000
Richard A. Bayer	\$ 2,400,000

Assumptions used in the calculation of these amounts are set forth in footnote 20 to our audited financial statements for the fiscal year ended December 31, 2010 included in our Annual Report on Form 10-K filed with the SEC on February 25, 2011.

Stock Awards Reported in Years 2009 and 2008

As described above, the equity awards reflected in this column for 2009 and 2008 relate to the annual incentive compensation award granted to each executive for his performance during the prior year. The amounts under the "Stock Awards" column represent (i) the aggregate grant date fair value of equity awards granted to the executive during the year, computed in accordance with FASB ASC Topic 718 *less* (ii) the cash portion of the annual incentive compensation award each executive elected to convert into equity under the Restricted Stock/Stock Unit/LTIP Unit Bonus Program, which amount is otherwise reported under the "Bonus" column in the previous year (which corresponds to the year such amount was earned by the executive). These amounts reflect the following types of equity awards that generally vest over three years:

- (i) For 2009, stock unit awards granted for 2008 performance under our 2003 Incentive Plan, which include stock units that were received under the Restricted Stock/Stock Unit/LTIP Unit Bonus Program. Assumptions used in the calculation of these amounts are set forth in footnote 21 to our audited financial statements for the fiscal year ended December 31, 2009 included in our Annual Report on Form 10-K filed with the SEC on February 26, 2010;
- (ii) For 2008 for Messrs. A. Coppola, O'Hern, E. Coppola, Bayer and Grossi, service-based LTIP Units granted for 2007 performance under our LTIP and 2003 Incentive Plan, which include LTIP Units that were received under the Restricted Stock/Stock Unit/LTIP Unit Bonus Program. Assumptions used in the calculation of these amounts are set forth in

For 2008 for Messrs. Brant and Genovese, restricted stock awards granted for 2007 performance under our 2003 Incentive Plan, which include shares of restricted stock that were received under the Restricted Stock/Stock Unit/LTIP Unit Bonus Program. Any estimated forfeitures were excluded from the determination of these amounts and there were no forfeitures of awards during these years by our named executive officers.

Discussion of Summary Compensation and Grants of Plan-Based Awards Table

Our executive compensation policies and practices, pursuant to which the compensation set forth in the Summary Compensation Tables and the Grants of Plan-Based Awards Table was paid, awarded or earned are generally described under "Compensation Discussion and Analysis" and in the footnotes to the compensation tables. The material terms of our LTIP pursuant to which LTIP Units are granted are described below. There are no employment agreements with our named executive officers. Our Company entered into separation agreements with Messrs. Grossi and Genovese whereby each executive resigned from all employment with our Company effective April 30, 2010 and September 17, 2010, respectively, and received certain severance benefits. There are management continuity agreements with certain of our named executive officers. On October 26, 2006, our Company entered into a management continuity agreement with Mr. A. Coppola and amended and restated management continuity agreements with Messrs. E. Coppola, O'Hern and Bayer. The separation agreements which provide certain severance benefits to Messrs. Grossi and Genovese and the management continuity agreements which provide change of control benefits are more fully described under "Potential Payments Upon Termination or Change of Control."

LTIP Unit Awards.

LTIP Units of our Operating Partnership are structured to qualify as "profits interests" for federal income tax purposes. Accordingly, LTIP Units initially do not have full parity, on a per unit basis, with our Operating Partnership's common OP Units with respect to liquidating distributions. Upon the occurrence of specified events, the LTIP Units can over time achieve full parity with the common OP Units, at which time LTIP Units are convertible, subject to the satisfaction of applicable vesting conditions, on a one-for-one basis into common OP Units. LTIP Units that have been converted into common OP Units and have become vested are redeemable by the holder for shares of Common Stock on a one-for-one basis or the cash value of such shares, at our Company's election. LTIP Units may be subject to performance-based vesting or service-based vesting.

a. Performance-Based LTIP Units.

Messrs. A. Coppola, O'Hern, E. Coppola and Bayer were granted LTIP Units in March 2010 which were subject to performance-based vesting over the 12-month performance period of February 1, 2010 through January 31, 2011. These LTIP Units were issued prior to the determination of performance-based vesting, and remained subject to forfeiture to the extent that less than the full number of LTIP Units awarded vested over the performance period. These LTIP Units vested based on the percentile ranking of our total stockholder return per share of Common Stock relative to our peer REITs, as measured at the end of the performance period. Total stockholder return was measured by the compounded total annual return per share achieved by the common shares of our Company or such peer REIT and assumed reinvestment of all dividends and distributions. Our peer REITs consisted of the equity REITs of the FTSE NAREIT Index.

Following the end of the performance period, the Compensation Committee determined our performance and the performance of each of our peer REITs and, depending on our total stockholder return relative to the total stockholder return of our peer REITs, vesting of these LTIP Units occurred in accordance with the schedule below. However, if for the performance period our Company's total stockholder return on an absolute basis was less than 6%, then the Compensation Committee could have in its discretion made equitable adjustments to the vesting criteria for the LTIP Units to decrease the percentage of LTIP Units that would vest, regardless of the percentile rank of our Company's total stockholder return relative to our peer REITs' total stockholder return. Therefore, the Compensation

Table of Contents

Committee determined vesting of the LTIP Units both on an absolute and relative basis. Determination of the vesting of our performance-based LTIP Units would have occurred earlier in the event of a change of control or qualified termination of employment.

Company's Percentile Ranking	Vesting
Less than the 30 th percentile	0%
Equal to or greater than the 30 th percentile and less than the 40 th percentile	50%
Equal to or greater than the 40 th percentile and less than the 60 th percentile	100%
Equal to or greater than the 60 th percentile but less than the 80 th percentile	150%
Equal to or greater than the 80 th percentile	200%

The percentage of the performance-based LTIP Units that vested effective January 31, 2011 was 200% of the units covered by the award since (i) our Company's total stockholder return relative to our peer REITs' total stockholder return for the performance period was greater than the 84th percentile and (ii) our total stockholder return on an absolute basis for the performance period was 67%. Although the LTIP Units have vested, they must be held by the executives until January 31, 2013 which further aligns the interests of our executives with our stockholders because the value of the LTIP Units is directly tied to our Common Stock price.

Holders of the 2010 performance-based LTIP Units were not entitled to distributions during the performance period until the LTIP Units vested. Distributions are equal in amount to the regular distributions paid on an equal number of common OP Units, which are equal in amount to the dividends paid on an equal number of shares of Common Stock.

b.

Service-Based LTIP Units.

Service-based LTIP Units were granted in March of 2008 which vest in equal annual installments over a three-year period and were issued as part of our annual incentive compensation. Vesting is generally conditioned upon the award recipient remaining an employee of our Company through the applicable vesting dates, and subject to acceleration of vesting in the event of a change of control of our Company or termination of the award recipient's service relationship with our Company under specified circumstances, including death, disability and, as applicable, termination by our Company without cause.

Regular and other non-liquidating distributions are made with respect to the service-based LTIP Units from the date of their issuance to the award recipient. Distributions are in the same amount and at the same time as those made with respect to common OP Units, which are equal in amount to the regular dividends paid on an equal number of shares of Common Stock. At the end of the vesting period, distributions will continue to be made only to the extent that the LTIP Units have become vested.

This column represents SAR awards that vested on March 15, 2011 and the number and exercise price reflect certain anti-dilutive adjustments under our 2003 Incentive Plan. Mr. Grossi's SAR award terminated upon his resignation from employment on April 30, 2010.

The awards in this column consist of restricted stock, stock units and service-based LTIP Units. Although the LTIP Units reflected in this column had not vested as of December 31, 2010, for purposes of this table, it is assumed that one service-based LTIP Unit represents the economic equivalent of one share of Common Stock. These LTIP Units do not realize their full economic value until certain conditions are met as described on page 41 of this Proxy Statement and such conditions have been met. The market value for these awards is based upon the closing price of our Common Stock on the New York Stock Exchange on December 31, 2010 of \$47.37.

- (3) The Equity Incentive Plan Awards in this table relate to performance-based LTIP Units granted on March 5, 2010 and the number reported in this column represents the number of LTIP Units that would have been awarded if the threshold performance goals were achieved under our LTIP (i.e. 50% vesting).
- (4) These LTIP Units were subject to performance-based vesting over the performance period that ended on January 31, 2011 and they do not realize their full economic value until certain conditions are met as more fully described on page 41 of this Proxy Statement and such conditions have been met. - (1) This number includes the vesting during 2010 of (i) except for Mr. Grossi, shares of restricted stock, (ii) stock units and (iii) except for Messrs. Brant and Genovese, service-based LTIP Units. An individual, upon the vesting of restricted stock, stock units or LTIP Units, does not receive cash equal to the amount contained in the Value Realized column of this table. Instead, the amounts contained in the Value Realized column reflect the market value of our Common Stock on the applicable vesting date. For purposes of this table, it is assumed one LTIP Unit represents the economic equivalent of one share of Common Stock. The LTIP Units do not realize their full economic value until certain conditions are met as described on page 41 of this Proxy Statement and such conditions have been met for all service-based LTIP Units.
- (2) This number represents the vesting of 6,767 shares of restricted stock, 88,449 stock units and 20,435 service-based LTIP Units.
- (3) This number represents the vesting of 3,045 shares of restricted stock, 38,406 stock units and 4,598 service-based LTIP Units.

- (7) This number represents the vesting of 41,897 stock units and 5,109 service-based LTIP Units.
- (8) This number represents the vesting of 3,280 shares of restricted stock and 18,621 stock units.

Description of Our Deferred Compensation Plan.

As of December 31, 2010, Messrs. O'Hern, E. Coppola, Bayer, Brant and Genovese had account balances under our Deferred Compensation Plan. Under the Deferred Compensation Plan, our key executives who satisfy certain eligibility requirements may make annual irrevocable elections to defer a specified portion of their base salary (up to 50%) and bonus (up to 100%) to be earned during the following calendar year. Our Company will credit an amount equal to the compensation deferred by a participant to that participant's deferral account under the Deferred Compensation Plan. In addition, our Company may credit matching amounts to an account established for each participant in an amount equal to a percentage, established by our Company in its sole discretion prior to the beginning of the plan year, of the amount of compensation deferred by each participant under the plan. For 2010, our Company matched 25% of the amount of salary and bonus deferred by a participant up to a limit of 5% of the participant's total salary and bonus.

Account balances under the Deferred Compensation Plan will be credited with income, gains and losses based on the performance of investment funds selected by the participant from a list of funds designated by our Company. The amounts credited to participants' deferred accounts and Company matching accounts are at all times 100% vested. Participants will be eligible to receive distributions of the amounts credited to their accounts before, at or after their termination of employment in a lump sum or installments pursuant to elections made under the rules of the Deferred Compensation Plan.

Table of Contents

Changes to these elections under the plan may be made under limited circumstances. Under the Deferred Compensation Plan, key employees who have elected a lump sum payment at termination of employment must generally wait six months after termination, other than as a result of death, to receive a distribution. Employees who are eligible to participate in the Deferred Compensation Plan may also be eligible for life insurance coverage in an amount equal to two times their annual salaries.

Potential Payments Upon Termination or Change of Control

The following section describes potential payments and benefits to our named executive officers under our compensation and benefit plans and arrangements upon termination of employment or a change of control of our Company as of December 31, 2010. In addition, certain of our compensatory plans contain provisions regarding the acceleration of vesting of equity awards. The Compensation Committee under certain circumstances is authorized to accelerate the vesting of stock options and SARs and to modify outstanding stock options and SARs. The Compensation Committee also has the authority to accelerate vesting of restricted stock, stock units and LTIP Units as well as authorize discretionary severance payments to our named executive officers upon termination.

As of December 31, 2010, none of our named executive officers had an employment agreement with our Company. Messrs. A. Coppola, O'Hern, E. Coppola and Bayer each have a management continuity agreement which provides for change of control benefits as described below. Our Company entered into separation agreements with Messrs. Grossi and Genovese whereby they each resigned from all employment with our Company, effective April 30, 2010 and September 17, 2010, respectively, and received the severance benefits outlined below.

Regardless of the manner in which a named executive officer's employment terminates, he is entitled to receive all accrued, vested or earned but deferred compensation and benefits during his term of employment. The information below sets forth the additional payments and/or benefits to our named executive officers under the specified circumstances.

Payments Made/Benefits Received Upon Termination

If a named executive officer's employment is terminated with cause, he will forfeit all unvested options, SARs, restricted stock, stock units and LTIP Units as of the termination date.

(1)

his stock options, SARs, restricted stock, stock units and service-based LTIP Units that have not vested as of such termination date will be forfeited,

(2)

he will have three months (or such other period in the Compensation Committee's discretion) from the termination date to exercise vested options and SARs, subject to specified limitations, and

(3)

his performance-based LTIP Units will be subject to an accelerated vesting determination. (This will also occur if the executive terminates his employment for good reason.)

Payments Made/Benefits Received Upon Retirement

In the event of the retirement of a named executive officer,

under our current retirement policy, all outstanding options, SARs, restricted stock, stock units and service-based LTIP Units will continue to vest in accordance with the vesting schedule originally set forth in his award agreement provided the named executive officer retires at 55 or older, has at least ten years of service with our Company and has not been directly or indirectly employed by a competitor at any time after his retirement.

he will forfeit all unvested performance-based LTIP Units unless the Compensation Committee determines in its sole discretion to provide for partial or complete vesting of his performance-based LTIP Units.

if a named executive officer does not meet the requirements for retirement under our current retirement policy and the Compensation Committee does not otherwise provide:

his stock options, SARs, restricted stock, stock units and service-based LTIP Units that have not vested as of his retirement date will be forfeited, and

he will have 12 months from his retirement date to exercise vested options and SARs, subject to specified limitations.

his benefits under our long-term disability plan or payments under our life insurance plan(s), as appropriate, will be distributed,

his vested stock options or SARs may be exercised for twelve months after the date of his disability or death,

his unvested restricted stock, stock units, or service-based LTIP Units will immediately vest, and

his unvested performance-based LTIP Units will be subject to an accelerated vesting determination.

Separation Agreement of Mr. Grossi

On his separation date, Mr. Grossi received his final regular paycheck as well as payment for any accrued but unused vacation and personal days. All unvested service-based LTIP Units and unvested stock units were modified to permit their continued vesting in accordance with their original vesting schedules. Mr. Grossi also received a proportionate share (based on his period of employment during 2010) of his bonus for 2010 performance in the amount of \$300,000. Under his separation agreement, Mr. Grossi provided the Company with a general liability release and agreed to certain covenants, including confidentiality, non-disparagement and non-solicitation of employees for one year.

Table of Contents

As part of his separation agreement, Mr. Grossi entered into a consulting agreement with our Company effective as of May 15, 2010. The consulting agreement provided that Mr. Grossi perform consulting services as requested by the Company through January 31, 2011 and receive a \$56,000 monthly consulting fee.

Separation Agreement of Mr. Genovese

Our Company and Mr. Genovese entered into a separation agreement whereby Mr. Genovese resigned from all employment with our Company effective as of September 17, 2010. On his separation date, Mr. Genovese received his final regular paycheck as well as payment for any accrued but unused vacation and personal days. All unvested restricted stock, stock units and SARs were modified to permit their continued vesting in accordance with their original vesting schedules. Mr. Genovese also received a bonus for 2010 performance in the amount of \$600,000. Under the separation agreement, Mr. Genovese provided the Company with a general liability release and agreed to certain covenants, including confidentiality and non-disparagement.

As part of the separation agreement, Mr. Genovese entered into a consulting agreement with our Company effective as of September 18, 2010. The consulting agreement provides that Mr. Genovese will perform consulting services as requested by the Company through March 17, 2012 or such earlier date specified by Mr. Genovese and will receive a \$33,333 monthly consulting fee.

Payments Made/Benefits Received Upon Change of Control

Management Continuity Agreements

The management continuity agreements provide that if, within two years following a change of control, the executive officer's employment is terminated by us (i) for no reason or any reason other than for cause or by reason of death or disability or (ii) by the executive for good reason, such executive officer will be entitled to receive an amount equal to three times the sum of:

- (1) the executive's base salary; and
- (2) the amount of the highest cash and stock/unit portion of the executive's annual incentive bonus (which shall include any supplemental or special cash and/or stock/unit bonus) awarded for performance for each of the three preceding fiscal years, referred to as the "Bonus Amount."

In addition, the executive will receive all accrued obligations, including a pro rata share of the Bonus Amount for the applicable bonus year. The Bonus Amount shall also include,

- (1) any cash portion of an incentive bonus which the executive has elected to convert into restricted stock, stock units or service-based LTIP Units under the Restricted Stock/Stock Unit/LTIP Unit Bonus Program or other comparable, optional stock-in-lieu of cash benefit programs; and
- (2) the value of any outstanding performance-based LTIP Units that vest during the applicable year as provided in any LTIP Unit award agreement.

Our Company will also generally continue welfare benefits for the executive officer and his family at least equal to, and at the same after-tax cost to the executive officer and/or his family, as those that would have been provided to them in accordance with the plans, programs, practices and policies as in effect immediately prior to the change of control, generally until up to the third anniversary of the termination date.

Upon a change of control, any shares of restricted stock, stock units or service-based LTIP Units held by the executive that remain unvested shall immediately vest, any unvested stock options or SARs

Table of Contents

held by the executive shall vest in full and be immediately exercisable and any outstanding performance-based LTIP Units shall vest as provided in the applicable award agreement. See "Discussion of Summary Compensation and Grants of Plan-Based Awards Table Performance-Based LTIP Units." Any such stock options or SARs shall remain exercisable for a period at least until the first to occur of (1) the expiration of the full term of the option or SAR and (2) one year after the date on which the change of control occurs.

"Good reason" means an action taken by our Company resulting in a material negative change in the employment relationship and generally includes the assignment to the executive of any duties materially inconsistent in any respect with the executive's position, authority, duties or responsibilities or any other material diminution in such position, authority, duties or responsibilities, one or more reductions in base salary that, individually or in the aggregate, exceed 10%, a change in his principal office location, material modification of bonus, benefit plans or fringe benefits or material breach of the management continuity agreement or any employment agreement by our Company or its successors or assigns.

"Change of control" generally requires a corporate transaction involving a 40% or greater change in ownership, certain majority changes in our Board of Directors or with limited exceptions the acquisition of 33% or more of our outstanding shares of Common Stock or voting securities by any person.

"Cause" generally includes for each executive (1) a failure to perform in a material respect without proper cause his obligations under the management continuity agreement or any written employment agreement, (2) a felony conviction or a plea of guilty or nolo contendere to a felony, or (3) an act of fraud, dishonesty or gross misconduct materially injurious to our Company.

In addition, the management continuity agreements provide that if any payment by our Company to or for the benefit of the executive (whether pursuant to the terms of the management continuity agreement or otherwise) would be subject to an excise tax imposed under certain provisions of the Code or any interest or penalties with respect thereto, referred to as the "Excise Tax," then the executive shall be entitled to receive a gross-up payment in an amount so that the executive is in the same after-tax position as if there were no Excise Tax. The executive will not receive this gross-up payment if the parachute value of all such payments does not exceed 110% of an amount equal to 2.99 times the executive's "base amount" referred to as the "Safe Harbor Amount." In such event, the amounts payable under the management continuity agreement shall be reduced so that the parachute value of all payments to the executive, in the aggregate, equals the Safe Harbor Amount.

Under the management continuity agreements, each executive has agreed to certain covenants, including confidentiality in perpetuity and non-solicitation of employees for two years after the later of termination of his employment or the expiration of the management continuity agreement.

Termination/Change of Control Payments Table

The following table provides the potential payments and benefits to the named executive officers, except Messrs. Grossi and Genovese, upon termination of employment or a change of control, assuming such event occurred on December 31, 2010. These numbers do not reflect the actual amounts that may be paid to such persons, which will only be known at the time that they become eligible for payment and will only be payable if the specified event occurs.

Items Not Reflected in Table.

The following items are not reflected in the table set forth below:

Accrued salary, bonus, personal time and vacation.

Table of Contents

Costs of COBRA or any other mandated governmental assistance program to former employees.

Welfare benefits, including life insurance, provided to all salaried employees.

Amounts outstanding under our 401(k) plan or any deferred compensation plan. There are no special or enhanced benefits under these plans for our named executive officers, and all of such participating officers are fully vested in these plans. See "Nonqualified Deferred Compensation" table.

Change of Control Payments Code Section 280G valuation.

For purposes of the table below, our Company engaged PricewaterhouseCoopers, LLP to estimate the Excise Tax gross-up payment to be paid by our Company arising under Code Section 280G in connection with the management continuity agreements. Code Section 280G imposes tax sanctions for payments made by our Company that are contingent upon a change of control and equal to or greater than three times an executive's most recent five-year average annual taxable compensation referred to as the "base amount." If tax sanctions apply, all payments above the base amount become subject to a 20% excise tax. Key assumptions of the analysis include:

Change of control and termination of employment occurs as of December 31, 2010 and the base amount is based on amounts for the fiscal years ended December 31, 2007, 2008 and 2009; and

The only applicable payments or benefits are cash severance (3x salary plus Bonus Amount), a pro rata Bonus Amount based on amount of time employed during 2010, welfare benefits, the accelerated vesting of restricted stock, stock units and/or service-based LTIP Units and the accelerated vesting determination of performance-based LTIP Units.

Other Notes Applicable to the Table

For the accelerated vesting of restricted stock, stock units and/or service-based LTIP Units, the table reflects the intrinsic value of such acceleration, which for each unvested share or unit is \$47.37, which represents the closing price of our Common Stock on the New York Stock Exchange on December 31, 2010.

No stock options were outstanding as of December 31, 2010. None of the outstanding SARs were vested as of December 31, 2010 and in each case the base price of the SAR was greater than the closing price of our Common Stock on that date.

Upon retirement, if certain conditions are met as described on page 48 of this Proxy Statement, unvested restricted stock, stock units, service-based LTIP Units and SARs will continue to vest in accordance with the vesting schedule in the award agreement. As of December 31, 2010, Messrs. A. Coppola, O'Hern, E. Coppola, Bayer and Brant met the conditions for retirement under our retirement policy.

The award agreements for all outstanding performance-based LTIP Units provide for an accelerated vesting determination upon a change of control. For this accelerated determination of vesting of performance-based LTIP Units, the table reflects the vesting of 200% of the unvested performance-based LTIP Units since our total stockholder return for the period from February 1, 2010 through December 31, 2010 was above the 80th percentile of the total stockholder return of our peer REITs. The table also reflects the intrinsic value of such acceleration, which for each LTIP Unit is \$47.37, which represents the closing price of our Common Stock on the New York Stock Exchange on December 31, 2010. It should be noted that these LTIP Units do not have full parity on a per unit basis with our common OP Units until the occurrence of certain events and those events have occurred.

Table of Contents

Life insurance amounts only reflect policies paid for by our Company and in effect on December 31, 2010.

The table assumes that a "disability" is of a long-term nature, which triggers vesting of unvested equity awards and the accelerated vesting determination of any unvested performance-based LTIP Units.

Messrs. A. Coppola and E. Coppola also have death benefit coverage under a split-dollar life insurance policy. No premiums have been paid by our Company under this policy since July 30, 2002. At the time of their death, the total premiums our Company previously paid for the policies will be recovered and the remaining death benefits will be paid to their designated beneficiaries.

Table of Contents**Equity Compensation Plan Information**

Our Company currently maintains two equity compensation plans for the granting of equity awards to directors, officers and employees: our 2003 Incentive Plan and our Director Phantom Stock Plan. Certain of our Company's outstanding stock awards were granted under other equity compensation plans which are no longer available for stock awards: our Director Plan, our 1994 Incentive Plan and our 2000 Incentive Plan. Our Company also maintains our ESPP. With the exception of our 2000 Incentive Plan, these plans have each been approved by our Company's stockholders.

The following table sets forth, for each of our Company's equity compensation plans, the number of shares of Common Stock subject to outstanding awards, the weighted-average exercise price of outstanding options, and the number of shares remaining available for future award grants as of December 31, 2010.

Plan category	Number of shares of Common Stock to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights(1)	Number of shares of Common Stock remaining available for future issuance under equity compensation plans (excluding shares reflected in the first column)
Equity compensation plans approved by stockholders	659,991(2)	\$ 70.60	9,582,706(3)
Equity compensation plans not approved by stockholders	10,800(4)	\$ 28.47	250,000(5)
Total	670,791	\$ 67.16	9,832,706

- (1) These weighted-average exercise prices do not reflect the shares that will be issued upon the payment of outstanding stock units or limited partnership units.
- (2) Of these shares, 110,711 were subject to options then outstanding under our 2003 Incentive Plan, 9,720 were subject to options then outstanding under our 1994 Incentive Plan, 1,080 were subject to options then outstanding under our Director Plan, 332,733 may be issued upon redemption of LTIP Units or OP Units under our 2003 Incentive Plan, and 205,747 were subject to stock units, payable in shares of our Common Stock on a one-for-one basis, then credited under our Director Phantom Stock Plan. As noted above, our Company's authority to grant new awards under our 1994 Incentive Plan and our Director Plan has terminated. This number of shares is presented after giving effect to the 124,906 shares purchased under our ESPP for the purchase period that ended December 31, 2010.
- (3) Of these shares, 8,931,222 were available for options, SARs, restricted stock, stock units, stock bonuses, performance-based awards, dividend equivalent rights and OP Units or other units convertible into or exchangeable for Common Stock under our 2003 Incentive Plan, 26,390 were available for the issuance of stock units under our Director Phantom Stock Plan (see also footnote 5), and 625,094 were available for issuance under our ESPP.
- (4) These shares were subject to outstanding options under our 2000 Plan. Our 2000 Plan did not require approval of, and has not been approved by, our Company's stockholders. No additional awards will be made under our 2000 Plan and none have been made since our 2003 Incentive Plan was adopted. Our 2000 Plan generally provided for the grant of options, SARs, restricted stock awards, stock units, stock bonuses and dividend equivalent rights to employees, directors and consultants of our Company or its subsidiaries. The only awards that were granted under our 2000 Plan were stock options and restricted stock. The stock options granted generally expire not more than 10 years after the date of grant and vest in three equal annual installments, commencing on the first anniversary of the grant date. The restricted stock grants generally vested in equal installments over three years.

No member of the Compensation Committee is a past or present officer or employee of our Company or had any relationship with us requiring disclosure under the SEC rules requiring disclosure of certain transactions with related persons. In addition, none of our executive officers served as a director or a member of a compensation committee (or other committee serving an equivalent function) of any other entity, the executive officer of which served as a director or member of the Compensation Committee during 2010.

Certain Transactions

The following provides a description of certain relationships and related transactions between various executive officers of our Company or members of their immediate families and our Company or our subsidiaries and affiliates.

Macerich Management Company employs Mr. A. The Committee reviews and reassesses the adequacy of its charter annually. Our securities are listed on the New York Stock Exchange and are governed by its listing standards. All members of the Audit Committee are independent directors and meet the independence requirements for audit committees under the NYSE Rules and the Exchange Act. (See "The Board of Directors and its Committees Director Independence, Committee Charters and Audit Committee.")

The following Report of the Audit Committee shall not be deemed filed under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent our Company specifically incorporates this Report by reference into a filing under either of such Acts. Report of the Audit Committee

The Audit Committee of our Board of Directors assists our Board in performing its oversight responsibilities for our financial reporting process, audit process and internal controls as more fully described in the Audit Committee's charter. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. Our independent accountants are responsible for auditing our financial statements and expressing an opinion as to their conformity to accounting principles generally accepted in the United States.

In the performance of its oversight function, the Audit Committee reviewed and discussed our audited financial statements for the year ended December 31, 2010 with management and with our independent accountants. In addition, the Committee discussed with our independent accountants the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended, (AICPA, *Professional Standards*, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T, which includes, among other items, matters related to the conduct of the audit of our financial statements. The Committee has also received and reviewed the written disclosures and the letter from our independent accountants required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence and has discussed with the independent accountants their independence from our Company.

Based on the review and discussions with management and our independent accountants described above, the Audit Committee recommended to our Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2010 for filing with the SEC.

Change in Principal Accountants

On June 11, 2010, the Audit Committee of the Board of Directors of our Company dismissed Deloitte & Touche LLP as its independent registered public accounting firm and approved KPMG LLP as its independent accountants for the fiscal year ending December 31, 2010.

The reports of Deloitte & Touche LLP on our Company's consolidated financial statements for each of the fiscal years 2009 and 2008 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principle.

During the fiscal years 2009 and 2008 and the subsequent interim period through June 11, 2010, there were no disagreements with Deloitte & Touche LLP on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to the satisfaction of Deloitte & Touche LLP, would have caused Deloitte & Touche LLP to make reference to the matter in their reports on the financial statements for such years.

Table of Contents

During the fiscal years 2009 and 2008 and the subsequent interim period through June 11, 2010, there were no reportable events (as the term is defined in Item 304(a)(1)(v) of Regulation S-K of the Exchange Act ("Regulation S-K")).

During the fiscal years 2009 and 2008 and the subsequent interim period through June 11, 2010, our Company did not consult with KPMG LLP regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed; (ii) the type of audit opinion that might be rendered on our Company's financial statements; or (iii) any matter that was either the subject of disagreement (as defined in Item 304(a)(1)(iv) of Regulation S-K) or a reportable event (as defined in Item 304(a)(1)(v) of Regulation S-K).

Deloitte & Touche LLP furnished a letter addressed to the SEC stating it agreed with the statements made in paragraphs one, two, three and four above, and had no basis on which to agree or disagree with the statements made in paragraph five above. A copy of such letter dated June 15, 2010 was filed with our Company's Current Report on Form 8-K filed with the SEC on June 17, 2010.

Audit Committee Pre-Approval Policy

Consistent with the SEC policies regarding independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of our independent accountants. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by our independent accountants. The Audit Committee approves a list of services and related fees expected to be rendered during any year period within each of four categories of service:

- (1) *Audit Services* include audit work performed on the financial statements, as well as work that generally only our independent accountants can reasonably be expected to provide, including work associated with registration statements under the Securities Act of 1933, as amended, periodic reports and other SEC documents, statutory or other financial audit work for subsidiaries and consultations surrounding the proper application of financial accounting and/or reporting standards.
- (2) *Audit-Related Services* include assurance and related services that are reasonably related to performance of an audit or traditionally performed by our independent accountants, including due diligence or agreed-upon procedures related to mergers, acquisitions, dispositions or refinancings, internal control reviews and assistance with internal control reporting requirements, special procedures required to meet certain financial, accounting or regulatory requirements and accounting, regulatory or disclosure consultations.
- (3) *Tax Services* include tax return preparation, tax planning and related tax services, tax advice, tax compliance, tax reporting, year-end estimated taxable income and distribution projections and tax due diligence for REIT compliance and other tax issues.
- (4) *Other Services* include those permissible non-audit services that do not fall within the above categories and are routine and recurring services that would not impair the independence of our accountants.

The Audit Committee pre-approves our independent accountants' services within each category. In 2010, the Audit Committee pre-approved the retention of Deloitte & Touche LLP through June 11, 2010 and thereafter, KPMG LLP, to perform various audit and permitted non-audit services for our Company as described above. For each proposed service, our independent accountant is generally required to provide documentation at the time of approval to permit the Audit Committee to make a determination whether the provision of such services would impair our independent accountants'

Table of Contents

independence. The fees are budgeted and the Audit Committee requires our independent accountants and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage our independent accountants for additional services not contemplated in the original pre-approval categories. In those instances, the Audit Committee requires specific pre-approval before engaging our independent accountants. The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting. None of the non-audit services described above were approved by the Audit Committee pursuant to the de minimis exceptions provided in the Exchange Act.

**PROPOSAL 2: RATIFICATION OF THE APPOINTMENT OF KPMG LLP
AS OUR COMPANY'S INDEPENDENT ACCOUNTANTS**

Independent Accountants

The Audit Committee has appointed KPMG LLP as our independent accountants to audit our financial statements for the year ending December 31, 2011.

Although ratification by stockholders is not required by law, our Board has determined that it is desirable to request approval of this appointment by our stockholders. If our stockholders do not ratify the appointment, the Audit Committee will reconsider whether to retain KPMG LLP, and may decide to retain the firm notwithstanding the vote. Even if the appointment is ratified, the Audit Committee in its discretion may change the appointment at any time during the year if it determines that such a change would be in the best interests of our Company. In addition, if KPMG LLP should decline to act or otherwise become incapable of acting, or if the appointment should be discontinued, the Audit Committee will appoint substitute independent public accountants. A representative of KPMG LLP will be present at our Annual Meeting, will be given the opportunity to make a statement if he or she so desires and will be available to respond to appropriate questions.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE PROPOSAL TO RATIFY THE APPOINTMENT OF KPMG LLP AS OUR INDEPENDENT ACCOUNTANTS FOR THE YEAR ENDING DECEMBER 31, 2011. PROXIES RECEIVED WILL BE VOTED "FOR" RATIFICATION UNLESS STOCKHOLDERS SPECIFY OTHERWISE IN THE PROXY.

**PROPOSAL 3: ADVISORY VOTE REGARDING THE COMPENSATION
OF OUR COMPANY'S NAMED EXECUTIVE OFFICERS**

We are providing our stockholders with the opportunity to cast a non-binding, advisory vote on the compensation of our named executive officers as disclosed pursuant to the SEC's executive compensation disclosure rules and set forth in this Proxy Statement (including in the compensation tables and the narrative discussion accompanying those tables as well as in the Compensation Discussion and Analysis).

As described more fully under the Compensation Discussion and Analysis section beginning on page 24 of this Proxy Statement, our executive compensation program is guided by the following philosophy and objectives:

Our objective is to tie executive compensation with the creation of stockholder value, with a balanced focus on both short-term and long-term performance and a substantial emphasis on total stockholder return. We believe our executive compensation policies and practices appropriately align the interests of our executives with those of our stockholders through a

Table of Contents

combination of base salary, annual incentive compensation awards and long-term incentive equity awards.

Our executive compensation program is designed to attract, retain and reward experienced, highly motivated executives who are capable of leading our Company effectively. The Compensation Committee believes strongly in linking compensation to performance, and has designed our program to deliver total pay that is primarily linked to overall business results while also recognizing individual performance. The Compensation Committee utilizes a combination of cash and equity-based compensation to provide appropriate incentives for executives to achieve our business objectives as well as further align their interests with our stockholders and encourage their long-term commitment to our Company.

We urge our stockholders to read the Compensation Discussion and Analysis section of this Proxy Statement, which describes in more detail how our executive compensation policies and practices are designed to achieve our compensation objectives, as well as the Summary Compensation Table and related compensation tables and narrative discussion that accompanies the compensation tables which provide detailed information on the compensation of our named executive officers. The Compensation Committee and our Board of Directors believe that the policies and procedures described in the Compensation Discussion and Analysis have enabled our Company to attract, motivate and retain highly skilled executives whose performance and contributions have contributed to our Company's success.

In accordance with the requirements of Section 14A of the Exchange Act (which was added by the Dodd-Frank Wall Street Reform and Consumer Protection Act, referred to as the "Dodd-Frank Act") and the related rules of the SEC, our Board will request your non-binding, advisory vote on the following resolution at our Annual Meeting:

RESOLVED, that the compensation paid to our named executive officers, as disclosed in this Proxy Statement pursuant to the SEC's executive compensation disclosure rules (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and the narrative discussion that accompanies the compensation tables), is hereby approved.

This proposal on the compensation paid to our named executive officers is advisory in nature and therefore not binding on our Company, our Board of Directors or our Compensation Committee and will not be construed as overruling a decision by, or creating or implying any additional fiduciary duty for, our Company, our Board or our Compensation Committee. However, the Compensation Committee, which is responsible for reviewing and approving the compensation for our executive officers and reviewing our overall compensation structure and philosophy, values the opinions expressed by our stockholders in their vote on this proposal and will consider the result of the vote when making future compensation decisions for our named executive officers.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT PURSUANT TO THE SEC'S EXECUTIVE COMPENSATION DISCLOSURE RULES. PROXIES RECEIVED WILL BE VOTED "FOR" APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS UNLESS STOCKHOLDERS SPECIFY OTHERWISE IN THE PROXY.

Table of Contents

**PROPOSAL 4: ADVISORY VOTE ON THE FREQUENCY OF FUTURE
ADVISORY VOTES ON EXECUTIVE COMPENSATION**

The Dodd-Frank Act also provides that stockholders are entitled to vote, on a non-binding, advisory basis, for their preference as to how frequently we should seek future advisory votes on the compensation of our named executive officers. By voting with respect to this Proposal 4, stockholders may indicate whether they would prefer that we conduct future advisory votes on executive compensation once every one, two, or three years. Stockholders also may, if they wish, abstain from casting a vote on this proposal.

Our Board has determined that a non-binding, advisory vote on executive compensation every three years is the best approach for our Company based on various considerations, including the following:

Our executive compensation program is designed to support long-term value and a triennial vote will allow our stockholders to evaluate our executive compensation program in relationship to our long-term performance. As described in the Compensation Discussion and Analysis section above, one of the core principles of our executive compensation program is to closely align the interests of our executive officers with the interests of our stockholders by encouraging our executives to create long-term stockholder value. Our Board believes that a triennial vote on executive compensation complements this principle because it will allow our stockholders to evaluate our Company's executive compensation program in relation to our long-term performance and avoid an over-emphasis on short-term fluctuations in compensation and business results. Furthermore, the elements of our executive compensation are not expected to significantly change from year to year.

A triennial vote will provide us with the time to thoughtfully evaluate and respond to our stockholders' input and effectively implement any desired changes to our executive compensation program. Our Board believes a triennial vote on executive compensation will provide the most effective timeframe for the Compensation Committee to thoughtfully evaluate the results of a prior advisory vote on executive compensation, including providing our Company with sufficient time to engage with our stockholders to understand their vote results and receive their feedback regarding our Company's compensation program, before implementing any changes. A triennial vote on executive compensation will also permit our Company to continue to focus on developing compensation practices that are in the best long-term interests of our stockholders while simultaneously giving our stockholders the time they need to fully evaluate the design and effectiveness of those practices and any changes made to those practices since the last advisory vote on executive compensation, including changes made in response to the outcome of a prior advisory vote on executive compensation.

While we intend to carefully consider the voting results of this proposal, the final vote is advisory in nature and therefore not binding on us, our Board of Directors or our Compensation Committee. Our Board and Compensation Committee value the opinions of our stockholders and will carefully consider the result of this vote when making future decisions on the frequency with which we will hold future advisory votes on executive compensation.

In voting on this proposal, our stockholders will have the opportunity to choose among four options (holding the vote every one, two or three years, or abstaining) and, therefore, our stockholders will not be voting to approve or disapprove the recommendation of our Board of Directors.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE OPTION OF ONCE EVERY "THREE YEARS" AS THE PREFERRED FREQUENCY FOR ADVISORY VOTES ON EXECUTIVE COMPENSATION. PROXIES RECEIVED WILL BE VOTED IN FAVOR OF THIS THREE YEAR OPTION UNLESS STOCKHOLDERS SPECIFY OTHERWISE IN THE PROXY.

Officers, directors and greater than 10% stockholders are required by the SEC's regulations to furnish our Company with copies of all Section 16(a) forms they file. To our knowledge, based solely on our review of the copies of such reports furnished to our Company during and with respect to the fiscal year ended December 31, 2010, all Section 16(a) filing requirements applicable to our executive officers, directors and greater than 10% beneficial owners were satisfied, except Mr. Anderson did not timely report a gift of 126 shares received by his wife.

Other Matters

Our Board of Directors does not know of any matter other than those described in this Proxy Statement which will be presented for action at our Annual Meeting. If other matters are presented, Proxies will be voted in accordance with the discretion of the Proxy holders.
