To Plan Administrator

Simon Property Group and Adopting Entities Matching Savings Plan

We have audited the accompanying statements of net assets available for benefits of the Simon Property Group and Adopting Entities Matching Savings Plan (the Plan) as of December 31, 2007 and 2006, and the related statement of changes in net assets available for benefits for the year ended December 31, 2007. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2007 and 2006, and the changes in its net assets available for benefits for the year ended December 31, 2007, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2007, is presented for purposes of additional analysis and is not a required part of the 2007 financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audit of the 2007 financial statements and, in our opinion, is fairly stated in all material respects in relation to the 2007 financial statements taken as a whole.

Simon Property Group and Adopting Entities Matching Savings Plan

Notes to Financial Statements

December 31, 2007

**1. Description of the Plan**

The following brief description of the Simon Property Group and Adopting Entities Matching Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**General**

The Plan is a defined-contribution plan sponsored by Simon Property Group, L.P. and affiliated companies (the Employer or Company). Simon Property Group, Inc. is the parent and managing general partner of Simon Property Group, L.P. The Plan is administered by an Administrative Committee appointed by the Employer. The trustee and record-keeper of the Plan is Fidelity Management Trust Company (Fidelity or the Trustee).

**Plan Termination**

**Although the Employer has not expressed any intent to terminate the Plan, it may do so at any time by action of the Plan's Administrative Committee, subject to the provisions of ERISA. Upon termination of the Plan, participants become fully vested in their entire account balance.**

**Plan Eligibility**

For the purpose of making a before-tax contribution or a rollover contribution, an employee becomes a member of the Plan on the first day of the month coincident with or following the completion of 60 days of active employment and attainment of age 21. For the purpose of receiving the employer match and any discretionary employer contribution, an employee becomes a member of the Plan on the first day of the month coincident with or following completion of one year of eligible service (at least 1,000 hours of employment) and upon reaching age 21.

**Employee Contributions**

Participants are allowed to contribute from 1% to 50% of their before-tax compensation. Contributions are subject to maximum limitations as defined in the Internal Revenue Code (the Code).

## **1. Description of the Plan (continued)**

### **Employer Contributions**

The Employer currently matches 100% of the participants' first 3% elected salary deductions and 50% of the participants' next 2% elected salary deductions. In addition, the Employer made a discretionary profit-sharing contribution of 1.5% of participant compensation in 2007 and 2006. This contribution applied to all eligible employees as defined. As of December 31, 2007 and 2006, cumulative participant forfeitures totaled \$127,295 and \$7,377, respectively, and are used to reduce future employer contributions and administrative expenses. Forfeitures used to reduce employer contributions and administrative expenses during 2007 were \$103,513 and \$58,250, respectively.

### **Participant Accounts**

Each participant's account is credited for participant contributions and allocations of the Employer's contributions and the Plan's earnings. Investment earnings are allocated proportionately among all participants' accounts in an amount which bears the same ratio of their account balance to the total fund balance.

### **Participant Loans**

All employees that invest in the Plan can borrow from their accounts. Amounts borrowed by the participant are transferred from one or more of the investment funds. The participant pays interest on the loan based on market interest rates at the date of the loan. This interest is credited to the participant's account balance. Both the maximum amounts available and repayment terms for such borrowings are restricted under provisions of the Plan.

### **Vesting**

Participants' contributions and related investment income become vested at the time they are credited to the participants' accounts. The plan was amended effective January 1, 2007, to create two different vesting schedules: one for pre-2007 profit-sharing contributions, and one for post-2006 profit-sharing contributions.

# **1. Description of the Plan (continued)**

Pre-2007 profit-sharing contributions vest according to the following schedule:

<b>Years of Vesting Service</b>	<b>Percentage Vested and Nonforfeitable</b>
Less than 3	0%
3	30
4	40
5	60
6	80
7 or more	100

Post-2006 profit-sharing contributions vest according to the following schedule:

<b>Years of Vesting Service</b>	<b>Percentage Vested and Nonforfeitable</b>
Less than 2	0%
2	20
3	40
4	60
5	80
6 or more	100

Employees vest immediately in employer-matching contributions contributed on and after January 1, 2000.

## **Payment of Benefits**

Upon termination of service or retirement, participants may elect to receive payments over a period provided in the Plan Document or in a lump-sum amount equal to the vested portion of their accounts as of the most recent valuation date before the distribution. Forfeitures of nonvested amounts for terminated employees are used to reduce the Employer's contributions in future years.

## **Administrative Expenses**

All administrative expenses, with the exception of legal expenses and audit fees, are paid by the Plan.

## 2. Summary of Significant Accounting Policies

### Investment Valuation and Income Recognition

The Plan's investments are stated at fair value which equals the quoted market price on the last business day of the Plan year. The shares of registered investment companies are valued at quoted market prices which represent the net asset values of shares held by the Plan at year-end.

Mutual funds are valued at quoted market prices that represent the net asset values of shares held by the Plan at year-end.

As described in Financial Accounting Standards Board Staff Position (FSP) AAG INV-1 and Statement of Financial Position (SOP) 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common collective trust (Fidelity Managed Income Portfolio). As required by the FSP, the statements of net assets available for benefits present the fair value of the common collective trust and the adjustment from fair value to contract value. The fair value of the Plan's interest in the common collective trust is based on information reported by the issuer of the common collective trust at year-end. The contract value of the common collective trust represents contributions plus earnings, less participant withdrawals and administrative expenses.

The participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**2. Summary of Significant Accounting Policies (continued)****New Accounting Pronouncement**

In September 2006, the FASB issued Statement of Financial Accounting Standards No. 157, Fair Value Measurements (SFAS 157). SFAS 157 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. SFAS 157 applies under other accounting pronouncements that require or permit fair value measurements. SFAS 157 is effective for accounting periods beginning after November 15, 2007. The Company is currently evaluating the impact, if any, that the adoption of SFAS 157 will have on the Plan's financial statements.

**Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**3. Investments**

The fair market values of individual assets that represent 5% or more of the Plan's assets held for investment purposes at December 31, 2007 and 2006, are as follows:

	2007	2006
Fidelity Growth and Income Fund**	\$ 32,727,858	\$ 33,095,155
Fidelity Spartan U.S. Equity Index Portfolio Fund**	23,420,508	22,322,175
Templeton Institutional Foreign Equity**	20,163,301	15,976,960
Fidelity Low Priced Stock Fund**	21,698,987	23,701,457

Fidelity Managed Income Portfolio Fund	22,626,395	21,912,786
MSI Balance Advanced Fund	20,458,619	19,157,997
Simon Property Group, Inc. Corporate Common Stock	10,458,639	11,661,619

---

\*\*Denotes a portion of the fund is nonparticipant directed.

**3. Investments (continued)**

During 2007, the Plan's investments (including investments purchased and sold, as well as held, during the year) appreciated in fair value as determined by quoted market prices as follows:

		<b>Net Realized and Unrealized Appreciation in Fair Value of Investments</b>
Mutual funds	\$	13,206,047
Collective trust		949,315
Common stock		(1,801,081)
	\$	12,354,281

**4. Nonparticipant-Directed Investments**

Discretionary profit-sharing contributions are not participant directed. Information about the net assets and significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

		<b>December 31</b>	
	<b>2007</b>		<b>2006</b>
Net assets:			
Mutual funds	\$	<b>40,062,878</b>	\$ 40,362,388
Money market funds		<b>900,130</b>	490,303
	\$	<b>40,963,008</b>	\$ 40,852,691

**4. Nonparticipant-Directed Investments (continued)**

	<b>Year Ended December 31 2007</b>
Changes in net assets:	
Contributions	\$ 2,602,911

Net change in outstanding trades payable	(142,658)
Benefits paid to participants	(5,252,066)
Administrative expenses	(53,831)
	\$ 110,317

**5. Income Tax Status**

The Plan has received a determination letter from the Internal Revenue Service dated September 28, 2006, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

**6. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**7. Related Party Transactions**

During 2007 and 2006, the Plan received \$339,097 and \$356,327, respectively, in dividends related to its investment in the Employer's common stock.

# **8. Reconciliation of Financial Statements to Form 5500**
