FORWARD-LOOKING STATEMENTS

This annual report on Form 40-F and the exhibits attached hereto contain forward-looking statements within the meaning of the United States Private Securities Litigation Reform Act of 1995 and applicable Canadian securities legislation. Except for statements of historical fact relating to Yamana Gold Inc. (the Company), information contained herein constitutes forward-looking statements, including any information as to the Company's strategy, plans or future financial or operating performance. Forward-looking statements are characterized by words such as plan, expect, budget, target, project, intend, believe, anticipate, estimate and other similar words, or statements that certain events or conditions will occur.

Forward-looking statements are based on the opinions, assumptions and estimates of management considered reasonable at the date the statements are made, and are inherently subject to a variety of risks and uncertainties and other known and unknown factors that could cause actual events or results to differ materially from those projected in the forward-looking statements. These factors include, without limitation:

- the impact of general business and economic conditions,
- global liquidity and credit availability on the timing of cash flows and the values of assets and liabilities based on projected future conditions,
- fluctuating metal prices (such as gold, copper, silver and zinc),
- currency exchange rates (such as the Brazilian Real and the Chilean Peso versus the United States Dollar),
- possible variations in ore grade or recovery rates,
- changes in the Company's hedging program,
- changes in accounting policies,
- changes in the Company's corporate resources,
- changes in project parameters as plans continue to be refined,
- changes in project development and production time frames,
- risk related to joint venture operations,
- the possibility of project cost overruns or unanticipated costs and expenses,
- higher prices for fuel, steel, power, labor and other consumables contributing to higher costs and general risks of the mining industry,
- failure of plant, equipment or processes to operate as anticipated,
- unexpected changes in mine life,

Edgar Filing: YAMANA GOLD INC - Form 40-F

- final pricing for concentrate sales,
- **unanticipated results of future studies,**
- seasonality and unanticipated weather changes,
- costs and timing of the development of new deposits,
- success of exploration activities,
- permitting time lines,
- government regulation of mining operations,
- environmental risks,

- unanticipated reclamation expenses,
 - title disputes or claims,
 - limitations on insurance coverage, and
 - timing and possible outcome of pending litigation and labor disputes
- as well as those risk factors discussed or referred to in the Company's annual Management's Discussion and Analysis and Annual Information Form for the year ended December 31, 2009 included as exhibits to this annual report on Form 40-F.

Although the Company has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking statements, there may be other factors that cause actions, events or results not to be anticipated, estimated or intended. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. The Company undertakes no obligation to update forward-looking statements if circumstances or management's estimates, assumptions or opinions should change, except as required by applicable law. Investors are cautioned not to place undue reliance on forward-looking statements. The forward-looking information contained herein is presented for the purpose of assisting investors in understanding the Company's expected financial and operational performance and results as at and for the periods ended on the dates presented in the Company's plans and objectives and may not be appropriate for other purposes.

CURRENCY

Unless otherwise indicated, all dollar amounts in this annual report on Form 40-F are in United States dollars. The exchange rate of Canadian dollars into United States dollars on December 31, 2009, based upon the noon spot rate as reported by the Bank of Canada, was U.S.\$1.00 = CDN\$1.0466.

RESOURCE AND RESERVE ESTIMATES

The Company's Annual Information Form, which is attached hereto as Exhibit 99.1, has been prepared in accordance with the requirements of the securities laws in effect in Canada as of December 31, 2009, which differ in certain material respects from the disclosure requirements of United States securities laws. The terms "mineral reserve", "proven mineral reserve" and "probable mineral reserve" are Canadian mining terms as defined in accordance with Canadian National Instrument 43-101 Standards of Disclosure for Mineral Projects (NI 43-101) and the Canadian Institute of Mining, Metallurgy and Petroleum (the "CIM") - *CIM Definition Standards on Mineral Resources and Mineral Reserves*, adopted by the CIM Council, as amended. These definitions differ from the definitions in the disclosure requirements promulgated by the Securities and Exchange Commission (the "Commission") and contained in Industry Guide 7 (Industry Guide 7). Under Industry Guide 7 standards, a "final" or "bankable" feasibility study is required to report reserves, the three-year historical average price is used in any reserve or cash flow analysis to designate reserves and the primary environmental analysis or report must be filed with the appropriate governmental authority.

In addition, the terms mineral resource, measured mineral resource, indicated mineral resource and inferred mineral resource are defined in and required to be disclosed by NI 43-101. However, these terms are not defined terms under Industry Guide 7 and are not permitted to be used in reports and registration statements of United States companies filed with the Commission. Investors are cautioned not to assume that any part or all of the mineral deposits in these categories will ever be converted into reserves. Inferred mineral resources have a great amount of uncertainty as to their existence, and great uncertainty as to their economic and legal feasibility. It cannot be assumed that all or any part of an inferred mineral resource will ever be upgraded to a higher category. Under Canadian rules, estimates of inferred mineral resources may not form the basis of feasibility or pre-feasibility studies, except in rare cases. Investors are cautioned not to assume that all or any part of an inferred mineral resource exists or is economically or legally mineable. Disclosure of contained ounces in a resource is permitted disclosure under Canadian regulations. In contrast, the Commission only permits U.S. companies to report mineralization that does not constitute reserves by Commission standards as in place tonnage and grade without reference to unit measures.

Accordingly, information contained in this annual report on Form 40-F, the documents attached hereto and the documents incorporated by reference herein containing descriptions of our mineral deposits may not be comparable to similar information made public by U.S. companies subject to the reporting and disclosure requirements under the United States federal securities laws and the rules and regulations of the Commission thereunder.

DISCLOSURE CONTROLS AND PROCEDURES

A. Evaluation of disclosure controls and procedures. Disclosure controls and procedures are designed to ensure that (i) information required to be disclosed by Yamana Gold Inc. (the Company) in reports that it files or submits to the Commission under the Securities Exchange Act of 1934, as amended (the Exchange Act), is recorded, processed, summarized and reported within the time periods specified in applicable rules and forms and (ii) material information required to be disclosed in the Company's reports filed under the Exchange Act is accumulated and communicated to the Company's management, including its Chief Executive Officer (CEO) and Chief Financial Officer (CFO), as appropriate, to allow for timely decisions regarding required disclosure.

At the end of the period covered by this report, an evaluation was carried out under the supervision of and with the participation of the Company's management, including the CEO and CFO, of the effectiveness of the design and operations of the Company's disclosure controls and procedures (as defined in Rule 13a-15(e) and Rule 15d-15(e) under the Exchange Act). The evaluation included documentation review, enquiries and other procedures considered by management to be appropriate in the circumstances. Based on that evaluation, the Company's CEO and CFO have concluded that, as of the end of the period covered by this report, the Company's disclosure controls and procedures were effective.

B. Management's annual report on internal control over financial reporting. The Company's management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act. The

Company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of the Company's financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management assessed the effectiveness of the Company's internal control over financial reporting as of December 31, 2009, based on the criteria set forth in *Internal Control - Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. This evaluation included review of the documentation of controls, evaluation of the design effectiveness of controls, testing of the operating effectiveness of controls and a conclusion on this evaluation. Based on this evaluation, management has concluded that the Company's internal control over financial reporting was effective as of December 31, 2009.

The Company's independent registered chartered accountants, Deloitte & Touche LLP, have audited the consolidated financial statements included in this annual report and have issued a report dated March 2, 2010 on the Company's internal control over financial reporting under Auditing Standard No. 5 of the Public Company Accounting Oversight Board (United States).

C. Attestation report of the registered public accounting firm. Deloitte & Touche LLP's attestation report, Report of Independent Registered Chartered Accountants, accompanies the Company's Audited Consolidated Financial Statements for the fiscal year ended December 31, 2009, which are attached hereto as Exhibit 99.3.

D. Changes in internal control over financial reporting. During the period covered by this annual report on Form 40-F, no change occurred in the Company's internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

No changes in the Company's internal controls or in other factors that could significantly affect these controls subsequent to the date of the evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses, were made as a result of the evaluation.

The Company's management, including the CEO and CFO, does not expect that its disclosure controls and procedures or internal controls and procedures will prevent all error and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. These inherent

limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the control. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, control may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

NOTICES PURSUANT TO REGULATION BTR

The Company was not required by Rule 104 of Regulation BTR to send any notices to any of its directors or executive officers during the fiscal year ended December 31, 2009.

AUDIT COMMITTEE FINANCIAL EXPERT

The Company's board of directors (the Board) has determined that it has at least one audit committee financial expert serving on its audit committee. The Board has determined that Mr. Richard Graff is an audit committee financial expert and is independent, as that term is defined by the Exchange Act and the New York Stock Exchange's corporate governance standards applicable to the Company.

The Commission has indicated that the designation of a person as an audit committee financial expert does not make Mr. Graff an expert for any purpose, impose on such person any duties, obligations or liability that are greater than those imposed on such person as a member of the audit committee and the Board in the absence of such designation and does not affect the duties, obligations or liability of any other member of the audit committee or Board.

CODE OF ETHICS

The Board has adopted a written code of ethics entitled, Code of Business Conduct and Ethics (the Code), by which it and all officers and employees of the Company, including the Company's principal executive officer, principal financial officer, principal accounting officer or controller, abide. There were no amendments, or waivers granted in respect of, the Code during the fiscal year ended December 31, 2009. The Code is posted on the Company's website at www.yamana.com. A copy of the Code may also be obtained by contacting the Corporate Secretary of the Company at the address or telephone number indicated on the cover page of this annual report on Form 40-F. If there is an amendment to the Code, or if a waiver of the Code is granted to any of Company's principal executive officer, principal financial officer, principal accounting officer or controller, the Company intends to disclose any such amendment or waiver by posting such information on the Company's website. Unless and to the extent specifically referred to herein, the information on the Company's website shall not be deemed to be incorporated by reference in this annual report on Form 40-F.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

Deloitte & Touche LLP, independent registered chartered accountants, acted as the Company's independent auditor for the fiscal year ended December 31, 2009. See page 84 of the Company's Annual Information Form, which is attached hereto as Exhibit 99.1, for the total amount billed to the Company by Deloitte & Touche LLP for services performed in the last two fiscal years by category of service (for audit fees, audit-related fees, tax fees and all other fees) in Canadian dollars.

AUDIT COMMITTEE PRE-APPROVAL POLICIES AND PROCEDURES

See page 83 of the Company's Annual Information Form, which is attached hereto as Exhibit 99.1. No audit-related fees, tax fees or other non-audit fees were approved by the Audit Committee pursuant to paragraph (c)(7)(i)(C) of Regulation S-X.

OFF-BALANCE SHEET ARRANGEMENTS

The information provided under Section 17, Off-Balance Sheet Arrangements, on page 46 of Exhibit 99.2, Management's Discussion and Analysis, is incorporated by reference herein. The Company does not have any relationships with unconsolidated special purpose entities.

TABULAR DISCLOSURE OF CONTRACTUAL OBLIGATIONS

The disclosure provided under Section 15, Contractual Commitments, on page 46 of Exhibit 99.2, Management's Discussion and Analysis, is incorporated by reference herein.

IDENTIFICATION OF THE AUDIT COMMITTEE

The Company's Board of Directors has a separately designated standing Audit Committee established in accordance with section 3(a)(58)(A) of the Exchange Act and satisfies the requirements of Exchange Act Rule 10A-3. The Company's Audit Committee is comprised of Richard Graff, Nigel Lees, Patrick Mars and Carl Renzoni, all of whom, in the opinion of the Company's Board of Directors, are independent (as determined under Rule 10A-3 of the Exchange Act and the New York Stock Exchange Listed Company Manual) and are financially literate.

CORPORATE GOVERNANCE PRACTICES

Edgar Filing: YAMANA GOLD INC - Form 40-F

There are certain differences between the corporate governance practices applicable to the Company and those applicable to U.S. companies under NYSE listing standards. A summary of the significant differences can be found on the Company's website at www.yamana.com.

INCORPORATION BY REFERENCE

The Company's annual report on Form 40-F for the Year Ended December 31, 2009 is incorporated by reference into the Registration Statement on Form F-10 (Commission File No. 333-158343) and the Registration Statement on Form S-8 (Commission File No. 333-159047) of the Company.

**UNDERTAKING AND CONSENT TO
SERVICE OF PROCESS**

A. Undertaking

Yamana Gold Inc. undertakes to make available, in person or by telephone, representatives to respond to inquiries made by the Commission staff, and to furnish promptly, when requested to do so by the Commission staff, information relating to: the securities in relation to which the obligation to file an annual report on Form 40-F arises; or transactions in said securities.

B. Consent to Service of Process

The Company has filed an Appointment of Agent for Service of Process and Undertaking on Form F-X with respect to the class of securities in relation to which the obligation to file this Form 40-F arises.

SIGNATURES

Pursuant to the requirements of the Exchange Act, Yamana Gold Inc. certifies that it meets all of the requirements for filing on Form 40-F and has duly caused this annual report to be signed on its behalf by the undersigned, thereto duly authorized.

Date: March 31, 2010
